

# Call Me a Patriotic American Because I Love America

Born out of the 6th century in the desert sands of the Middle East: a violent, illiterate, deadly, and rapist tribesman named Muhammed created the cruelest religion on planet Earth. It has ravaged men, women, children and animals ever since.

If you read the Quran, you see that it commands its followers to “Convert or kill all non-believers.” It commands its male followers to martyr themselves in the name of Allah in order to enjoy 72 virgins in the afterlife. Its violence toward animals via torture is profoundly sickening.

Its violence to its women, as reported by the United Nations, equates to 20,000 honor killings annually...right up into the 21st century. If you breathe the wrong thought or action, a father or husband will kill his wife or daughter. Its violence to female babies with female genital mutilation must be the cruelest of its many cruelties.

“The Quran has 123 verses that call for fighting and killing anyone who does not agree with the statement, “There is no God but Allah and Mohammed is his prophet.” Jews and Christians are specifically included among such “infidels.” The Quran’s Sura 5:33 says about infidels, “They shall be slain or crucified, or have their hands and feet cut off.” Sura 9:5 says, “Slay the infidels wherever you find them ... and lie in wait for them ... and establish every stratagem (of war against

them).” Sura 47:4-9 promises paradise to whoever cuts off the head of an infidel.”

Over the weekend, President Trump bombed three major nuclear enrichment sites in Iran in order to take out their ability to produce a nuclear bomb. Why did he do it?

If you look back at 1983 with 241 U.S. Marines, Navy and French peace keepers that got bombed to death in Beirut, Lebanon—you understand that Muslims will do anything to kill the infidels. That’s you and that’s me.

If you look at their deadly attacks at the 1972 Olympics as they executed 11 Jews, you understand that Muslims are as sick and single-minded as the Nazi’s under Hitler. They kill without emotional or mental or rational thought. That guy who shot and killed the Jewish couple only weeks ago in Washington DC illustrates their lust for death to a point of being psychopathic. That one Muslim U.S. Army major shot up our soldiers in Texas. Another father killed his two daughters for wearing jeans in South Carolina. One Muslim father shot his daughter in her sleep in Ohio. Another Muslim-American ran over his wife and daughter in Arizona for being “too Westernized.” They followed the deadly dictates of the Quran.

Therefore, Islam is a psychopathic religion: “Psychopathy is a personality disorder characterized by a specific set of dysfunctional traits, including a lack of empathy and remorse, impulsivity, manipulateness, and deceitfulness.”

What does that reality mean when it comes to the WORST terror-sponsoring country in the world--IRAN?

What do they chant by the tens of thousands in the streets of Tehran? They scream, “Death to America...Death to Israel.” We are The Great Satan to them.

If given the chance and/or the ability, they would kill every last Jewish person on this planet. They would exterminate

every last American. That's how Islam works. That word means: submission. In other words, once you accept Islam, you submit to everything it dictates. You may kill your daughter or wife because it's mandated by the Quran if that female should cross you. Your wife submits to being 1/2 the value of a man. Women do not possess any rights in Islam. Their sickening treatment of animals for "Halal" meats turns a First World person's stomach. Their cruelty to animals exceeds anything you can imagine. If you ever leave that religion, they put out a "fatwa" on you--to have their henchmen kill you.

"Islamist terrorist attacks (1979-2024): According to one source, at least 249,941 people have died in Islamist terrorist attacks worldwide during this period. Fondapol recorded 66,872 attacks during this time. Post-9/11 wars (including indirect deaths): Research from Brown University's Costs of War project estimates 4.5-4.7 million direct and indirect deaths related to post-9/11 wars in Afghanistan, Pakistan, Iraq, Syria, Yemen, and other areas."

So, what is my point?

It's this: if Iran ever obtained a nuclear bomb or bombs, they would absolutely use them to exterminate Israel. They would try to exterminate America. They would try to exterminate Canada and Europe. That's how deadly that religion remains in the 21st century.

Do you see anyone immigrating to the Middle East? Do you see peace in Europe with its millions of Muslims? Douglas Murray wrote about Islam conquering Europe with his book: The Strange Death of Europe. Islam has degraded, degenerated and completely ruined Western Society in Europe. They won't stop until they turn Europe into Sharia Law...which in reality is horrendous barbarism.

So, when you've got dingbats like AOC, Ilhan Omar, Rashida Tlaib, Maxine Waters, and others that want to impeach

Trump—you must understand they remain clueless in the face of reality.

If they lived in Muslim dominated countries, they would remain illiterate because they would not be allowed to be educated. They could not leave the house without a male family member. They could not drive car or ride a bicycle. They could not dance. They could not paint a picture. They could not swim in a pool with a swim suit or with other males. They would not be able to choose their own dress or spouse.

Would any of those four women accept such male dominance? Would you as an American female accept this kind of nightmare in your life?

Would you accept this dictate?

As stated by Omar Ahmad, director of C.A.I.R. (Council on American Islamic Relations), “Islam isn’t in America to be equal to any other faith, but to become dominant. The Quran should be the highest authority in America and Islam the only religion on Earth.”

Now you understand why Trump took action. He took it for all of Western Humanity. He took it for every Israeli. He took it for every American citizens. In the final analysis, we live in dangerous times with a dangerous religion. If Islam’s leaders could, they would behead or cut the throats off anyone who would disobey them.

This is why I am an American Patriot. We either stand up for freedom, equality, integrity of thought, choices and freedom of religion—or we let ourselves devolve into the insanity of Islam. (Caveat: If I was in power, I would deport every Muslim out of America because it’s too deadly to keep them here. They simply cannot accept our way of life and our religious freedoms. Their Quran demands they spread Sharia Law. They would bring us down just like they are bringing down Europe.)

God bless our U.S. Constitution. God bless Donald Trump. God bless those men and women who carried out the raid on Iran. God bless every loyal American. God bless America.
