

NIH Director in the Middle of China Virus Scandal

Most of the media were too busy covering the phony Russia-gate story to notice how China has been directly involved in controversial coronavirus research funded by the National Institutes of Health (NIH). Since the media ignored the threat, they are now charging President Trump with ignoring the threat and peddling “conspiracy theories” about it.

Who Will Redress My Grievances?

What good is a Constitution if the Government doesn't obey it? Where do they get the authority to violate the inalienable rights of an individual American? Well, from us of course, for blindly voting them into office and then keep reelecting them over and over and NOT standing up to them when they screw us.

The Year Civilization Collapsed: 1177 B.C.

If you honestly believe a perfect world can be achieved by the likes of Bill Gates, the Chinese Communist Party, John Kerry,

Greta Thunberg, Michael Moore, and the whole transgender movement—You're crazy.

What Kind of Civilization Are Bequeathing to Our Children?

Of course, once we create a vaccine to neutralize the virus, the human race will re-engage its methodical rampage on the Natural World. We'll jump back to burning 100 million barrels of oil 24/7. We'll ramp up the electrical plants by burning billions of tons of coal. Our cities will return to gridlocked congestion while the Brown Cloud over them increases in its lethal toxicity.

Operation Lift Lockdown May 1st: Make or Break Be There

This has to end. Protests are scheduled for this Friday, May 1st. America needs MILLIONS of patriots at their state capitols. Politicians fear We the People and the people had better peacefully shout down the roof or this insanity will just continue and could turn violent. Desperate people do desperate things and we don't want that.

Bill Gates' Father Was Head of Planned Parenthood – Inspired His Population Control Views

It is should be of interest to every American concerning the conspiracies that are taking place by our said representatives and agencies today. These are working hand in glove with the mainstream media in undermining our God-given rights and have been allowed to do so now for decades.

How Easily We Allow Government To Suspend Our Rights

If government can abrogate the Constitution and suspend your rights, it then follows that they can take away your guns, prohibit you from speaking, stop you from peaceably assembling, interfere with the free expression of religion, outlaw the redress of grievances and take over the free press.

The Virus Agenda is Worse That The Virus

While the state of Pennsylvania was forced to remove hundreds of deaths from its official coronavirus death count after glaring errors in the state's counting methodology were discovered, many across America are growing more skeptical of information regarding the virus agenda.

Protesters Protesting Anti-Lockdown Protesters: Dangerous Ignorance

Donald Trump has inspired people around the world. Do take the time to watch and listen to this 3:45 second video that WILL lift your spirits and make you proud to be an American. The cry for freedom is being heard around the world. America leads. We must not allow Satan's Pimps destroy this wonderful revolution.

New Study Demolishes Fauci, Birx and Bill Gates' Lies

Personally, I rebel against government orders that take my God given freedoms from me. So, do we really have those God-given

freedoms or are they only on loan from the feds? I fear the latter because most Americans no longer know the Almighty, nor do they know or cherish our Constitution.

Obama/Biden Financed China's Virus Experiments

President Trump is not a doctor and has never claimed to be one. He defers to the doctors and scientists. But has that been a mistake? It turns out that one of the country's most prominent medical and scientific organizations, the federally-funded National Institutes of Health (NIH), has been funding investigations in China's most controversial and insecure lab of dangerous viruses in China.

Was the Coronavirus Created to Destroy the U.S. Economy and Create a New Nation State?

Noted and well-respected financial and geopolitical analyst, Lyle Martin Armstrong contends that the Coronavirus is a deliberate attempt to destabilize and destroy the entire world economy. So then, what is the point of all of this? The point is to further the socialist/One World government agenda, while

wiping out the opposition – like We the People

Chasing a Black Cat In The Dark

Only idiots, or ill intentioned people, can suggest taking measures to fight a virus we don't know anything about, what it truly is, how it propagates, how as if by magic it has contaminated people who had no contact whatsoever with infected people.[3] As of today nobody has a good explanation why it has infected Northern Italy but not the South.

Endless Legal Immigration: Equates to America's Suicide

In the end, what do you think about adding another 100 million immigrants to America? Do you think it will benefit your children? Will doubling the size of our 35 most populated cities because of the immigrants' onslaught make those cities more viable, sustainable, livable, enjoyable, brimming with fresh air, un-congested highways, and quality of life overflowing?

Shocker: Democrats “Excited Over This Pandemic”

Gavin Newsom, the Governor of California recently made a \$1 Billion deal with a Communist Chinese Company. We do not have the details since Newsom is tight-lipped even though he is, according to confidential reports, cutting deals behind the (iron) curtain with the Communist Chinese government and their companies to aid in the overthrow of America by the coming Communist New World Order.

The Real Joe Biden, Part 3

Joe Biden has been around in Senate since 1973. He is part of the elite. Not that that makes you any smarter or talented. Some people feel privileged when they reached a certain level of tenure. Joe is no exception. There are some disturbing accusations coming out against him of things that happened in the early 1990s that may prove problematic for him.

The Real Religious Jihad On America, Part 2

The enemies of America such as the Obamas, Bidens, Pelosi, Schumer, numerous Hollywood stars, the CIA controlled media, and many so-called Christians who are in full-blown apostasy,

believe that might makes right.

Dad-Deprived World

The people of the world, Westerners especially, inhabit a dad-deprived culture. The world's response to the Chinese Communist Party Virus is no different than Wortman's unhinged version of justice. Neither is God's, or any other religion's, version of justice. Both are extreme boyish playground examples of bullying.

Trump Immigration Order Falls A Little Short Of Expectations

By "Invisible Enemy" the President means the COVID-19 Coronavirus. The point is, with all the Americans not working as a result of the Coronavirus Crisis, we shouldn't bring more people into the country. And that makes perfect sense to me.

Leftist Nonsense—Like Shooting Fish in a Barrel

But the reaction to the Trump presidency, they told me, was so extreme, the hysteria so sustained, the venom so poisonous, the rationality so nonexistent, that they can't even go to a happy affair like a birthday party or wedding or dinner at a restaurant without World War III breaking out.

Plagues, Pestilences and Epidemics

Consider a detox fast. There are some very, very good ones available from a variety of sources. They usually take three to five days, and include fresh juices, some herbs, and a lot of water. The rule of thumb is to do a detox fast at the change of the seasons, so roughly four times a year.

Zombies Among Us, Does Anybody care?

I had watched car after car drive-by people looking at the sign, not comprehending it's significance. People not even turning their heads being aware of their environment, or people looking at their cell phones oblivious to their

surroundings. This is why I feel that our population is nothing but a bunch of hypnotized sheeple mesmerized by their cell phone totally out of touch with reality.

Schumer Facing Ethics Complaints Due to His Threats Against SCOTUS Judges

Thanks to the news media and the lazy, lackadaisical GOP RINO contingent, very few if any Democratic Party leaders are held up to the same standards of conduct that the leftist, corrupt news purveyors demand from Republicans. There are numerous examples of this double-standard.

Globalism's United Front

Nothing speaks more forcibly of the push towards a New World Order than the coordination and pre-planning of an upcoming "crisis" to be used to further the police state. Two significant events happened, one in 2010 and the other in the Fall of 2019, that predict the coronavirus "pandemic" and the reactions to it that stretch "coincidence" beyond the breaking point.

Time to Join the Rebellion

They plan to keep filling Americans with bogus fear about the corona virus to keep the country shutdown all the way to the November election. They do not give a rat's derriere about the shutdown causing 22 million people and climbing to lose their jobs. Suicides are skyrocketing, lives are destroyed and fortunes are being lost.

Hip Hop Diplomacy

Multinational corporations, globalists, and the US State Department are using "hip hop" music and other Afro-American and Latino "sub-cultural" expressions to promote and incite disaffection and revolt among alienated youth, especially Muslims, in parts of Africa, Asia, the Middle East and even Europe.

President Trump, Please Pardon Roger Stone Now!

While all of us in this twilight zone of totalitarianism wonder if and when things will ever get back to normal, Roger Stone is facing 40 months in prison starting May 1st, 2020. Literally, this would be a death sentence for the 67-year-old with respiratory problems. Here is the nightmare of the entire prosecution up until his conviction by a leftist jury.

What Do We Do When the Government is Lawless?

My entire life I have been told that we are a nation of laws and that no one is above the law. Both of those statements no longer ring true with the introduction of a soft martial law quietly imposed on law-abiding American citizens.

Baloney Against Homeschooling From Harvard

Harvard Magazine's latest load of baloney is an article on "The Risks of Homeschooling". The primary source is a Harvard law professor who sounds like she was raised by insects. The article calls for a government ban of homeschooling.

An Even Greater Tragedy Looming Beyond Coronavirus Pandemic

I visited China in 1984. What I witnessed changed my world view. They eat 'anything that moves' and their sanitation

equals the lowest of third world countries. Their cruelty to animals sets the benchmark for inhumane, God-awful horrors and lack of morality. On top of that, their 1.4 billion people crawl and smother the landscape.

Saving the Planet as People Perish

This time they mean it – the New World Order can finally be implemented. Or so they think. They can use two global crises at one – the virus and so-called climate change. “Earth Day,” on Wednesday April 22, is a great opportunity for them. Expect the same kind of propaganda that was broadcast on Saturday night, in support of the U.N.’s World Health Organization.

Americans Are Overwhelmed, Angry, Frustrated, Distracted and Divided

Why have we succumbed to a corrupt system of government where our representatives no longer represent us, but are willing participants in a diabolical one-world scheme, orchestrated by the highest bidder?

Since When Did Bill Gates Become the President of The United States?

Somehow or another people seem to believe that what is taking place is not life-threatening, it is. As a matter of fact, outside of these corrupt individuals, both politicians and special interest groups, it is what is in the vaccinations that is life threatening

There Is A Virus And There Is A Virus Agenda

Despite what you hear from “constitution experts” on the TV, no president or governor or health department official has the authority to suspend the Constitution by ordering people not to congregate, or by closing businesses, or by falsely imprisoning people in their homes.

They Haven't Proven Covid19

is Contagious

We may indeed “flatten the curve” for this season, but as they continue to implement 5G there will be new waves of “infection” as the human body struggles to rid itself of an increase of toxins and a lack of oxygen simultaneously. Wearing masks, gloves and social distancing is propaganda or ignorance or both.

Living and Dying in Bill Gates' Fish Bowl

Indeed, another global elitist, Mark Zuckerberg of Facebook, has announced that Americans who use the social media platform to organize protests in favor of reopening their businesses, thereby violating government guidelines, will be banned. Our rights and our lives are at stake.

Vice President Pence's Hand-Picked Globalists Destroyed Our Economy

President Trump keeps giving Pence top jobs, and Pence keeps failing. Pence took over the transition team when his friend, Chris Christie was ousted from that position. Everyone Pence

brought in were friends from the Indiana and DC establishment and the only one left is Betsy DeVos, all the rest have been fired or resigned.

Understanding Coronavirus on April 15, 2020

Forget masks, gloves, and eye shields, unless you are a health care worker, and then the only thing that can protect you is full body covering, sealed with no access to room air. This will not be practical in most cases. Good nutrition with plenty of water, vit C. and zinc supplement and good rest will help tremendously. Do not go around known positive cases of COVID-19 unless you absolutely must and at that time maintain adequate distancing and have minimal contact.

China Goes GaGa Over Pro-U.N. “One World” Program

As congressional investigations into China’s role get underway, let’s hope that Obama’s “efforts” are scrutinized, along with the activities of U.S. agencies such as the National Institutes of Health, still listed as a partner with the WIV. At the same time, Dr. Anthony Fauci’s “memorandum of understanding” with the WHO must be disclosed and examined as well. We also need all the details surrounding the Chinese nationals who were caught by the FBI smuggling biological

materials into China.

COVID-19: What You Should Be Doing and Not Doing Now

President Trump put this COVID-19 task force in the hands of Mike Pence. Who did Pence bring in for his team? Fauci and Birx. We've seen the destruction from them and all the thoroughly discredited models used to shut down the country. If Fauci had his way, America would stay locked down for a year.

Blue Bloods Gone Oprah

Of course, the goal of the real wusses who are writing this junk is to convince the viewing public that they've been wrong all along about Blue Bloods, that what we should really believe is that the police are the problem, prayer is the problem, Jesus is the problem, and we should vote for all the left wing candidates who believe this tripe.

Our National Calamity: Yet, We Need to Get Back to Work

Out 330 million people in America, Covid 19 may be tragic for that two percent, but we must come to terms with its minor death rate. In other words, if we fail to get back to work, we could see this entire civilization and its economy drop out from under us and millions would die from lack of food—once the food growing and distribution chain breaks down.

The Real Religious Jihad On America

We are living in a time of revealing. Christians, Conservatives, Libertarians, Patriots, and other freedom and liberty minded people, should take the time to rejoice. There are many reasons to rejoice today but here is one that some may be missing – we should rejoice because the God-haters, the America-haters, the freedom-haters, the liberty-haters, in short, the satanic, demonic, Leftists among us are finally being exposed on a scale and at a depth never before seen in American history.

The Real Joe Biden, Part 2

Joe Biden is on his third run at the presidency. His first was derailed because of plagiarism. His second, in 2008, was stopped because of the popularity in the Democrat Party of the muslim Barack Obama. This is his last chance at the office mostly because of his age and mental capabilities or lack thereof however you want to look at it.

American Christianity's Ventilator

American Christianity is on life support. Franklin Graham's organization, Samaritan's Purse, is that ventilator. It is clear now that even that isn't going to be enough to save the ancient faith in the good ole USA. As Godless hospitals the world over power up to respond to the Communist Chinese Party's Corona Virus Graham rallied enough evangelical Christian doctors and nurses to set up sixty eight beds in Central Park, New York.

Freedom is Essential

This is insane, people. How much longer are we going to tolerate this? I understand that the end-goal of the UN, the WHO, the CDC, Bill Gates, Anthony Fauci, George Soros and other members of the "deep state" is to use this so-called

“pandemic” to bring about a One-World government...

Quantum Tattoo and a Digital Scannable Vaccine

So will the flu vaccine have a tracking and scannable tattoo and code called a Quantum Tattoo? Will immunizations serve as a platform for digital identity? Will there be “forced vaccinations” or “forced to shelter at home” if you refuse?

Americans Revolt Against Outlaw Socialist Governors

In another major development, local sheriffs are joining the resistance to tyranny. In a release from Michigan, they stated, “As Sheriffs of Michigan’s 101st House district, comprised of Leelanau, Benzie, Manistee, and Mason Counties, we write today to inform the public of our respective counties of our opposition to some of Governor Whitmer’s executive orders.”

Death or Freedom are the Only Alternatives

Many people have very little knowledge of the Unconstitutional “Administrative State,” which represents almost the totality of our faux unlawful government. Its very existence is a threat to the Constitution and every American.

The Wildlands Project and The Biodiversity Treaty – Agenda 21

The Treaty was withdrawn from the Senate calendar and has not yet been rescheduled for a vote. It is not dead. It can be rescheduled whenever the Senate Majority Leader wishes to reschedule it. Perhaps this account of activities will help prepare others for the next appearance of the Convention on Biological Diversity.

Former NYPD Commissioner Condemns Officials Using

COVID-19 to Trample Americans' Freedoms

Kerik, by the way, isn't exactly a wild-eyed libertarian. This was the top cop in New York City under Rudy Giuliani and during 9/11. That's not the kind of resume that leads one to flights of anarchist fancy. He's bringing up a very real concern that our rights have taken a backseat to trying to beat this disease.

All Fake News Isn't Political

No worries. Cuomo makes \$6 million a year under his contract with CNN. (I doubt his pay is being docked while being confined to home.) He can always move on without financial worries. I'm sure George Soros has work for him as well.

Behind the Curtain of Corona-madness

Trump has done a remarkable job for We the People despite 92% negative lie-filled reporting, deep staters', Democrats' and never Trumpers' efforts to stop him. Trump could keep America on the winning track for at least a decade if Republicans win a majority in the house and senate.

Why Does Samaritan's Purse Get Attacked for Helping People?

Samaritan's Purse organization, in partnership with Mount Sinai Hospital, recently set up a field hospital in New York City's Central Park, to treat COVID-19 patients. The field hospital consisted of 14 tents and 68 beds, including 10 ICU beds with ventilators.

Getting Back to Work and Back to Church

Trump declared a national emergency on March 13, under the National Emergencies Act, relating to the coronavirus. The Brennan Center found 123 statutory powers that are available to the president when he declares a national emergency. The problem in America is not Trump but outlaw governors and mayors who have, in the case of Greenville, Mississippi, banned drive-in church services.

Kudos and Black Eyes

The communist government of China is, of course, the ultimate villain here. Messing around in a biowarfare lab, they let the virus out, covered up the story (with help from the World Health Organization, thank you so much) for several weeks, tried to blame it on America, and played an exceedingly dirty trick on the whole world.

A Ball of Confusion

It is a look at today's issue from a Biblical perspective where we try to cover all of the topics that our Pastors refuse to discuss. Christians should be the best informed, most enlightened citizens on the planet. Instead, they are some of the dumbest, least interested, most poorly equipped people in the country.

Pandemics and Population: Correlation To Further Disasters For America

Dear fellow American, all great social movements began at the ground level, with "We the people, in order to form a more perfect union..." Since those jokers in Washington DC refuse to act on the connection and consequences of endless

immigration, it's up to you to force this issue onto the front pages of America.

Not Everyone in Government is Going Along With this Nazi-Like or Soviet-Style Propaganda

Today, with all that is going on with a new "crisis," of which they are now taking advantage, that is merely being played out to see how far they can go with the American people, we see on the other hand those in American government that are continuously standing with the US Constitution, and I praise God that they are doing so for then I can stand with them rather than against them

How Close Are We To Living Like The Chinese?

Americans may not be living like the Chinese are today, but how long will it be before the American government sets a Chinese style social order system for the virus? How long will it be before all Americans must have a government-issued card that says they are virus free, or an RFID chip planted in a person's earlobe containing all of their personal

information?

Trump Knows Starvation is Not an Option for America

With food shortages looming, President Trump is moving to reopen the U.S. economy. This has to be done, and anybody who wants America to survive as a superpower, rather than a banana republic, knows it.

Do Governors Have The Authority to Shut Down State Economies and Commerce?

The key to answering my title question is reading your own state constitution and/or county charters and identifying the powers given to the executive branches of your respective state; they will be listed. If their actions go beyond their delegated authorities, then you will know your executive is acting unconstitutionally and illegally.

Dr. Fauci and Dr. Birx Have a Record of Medical Failure

The Washington Post has been a joke for a long time, at least since the days when it won a Pulitzer Prize in 1981 for a story about a child heroin addict who turned out not to exist. The paper is now filled, on a daily basis, with poison pen “analysis,” backed by phony “fact-checkers,” criticizing almost anything President Trump says or does.

Lockdown Lunacy: “Experts” Promote Panic and Pandemonium

Today the fear of contagion gives government cover for its assaults on freedom and poses a question the government does not want to answer: If liberty can be taken away in times of crisis, then is it really liberty; or is it just a license, via a temporary government permission slip, subject to the whims of politicians in power.

666 Is Here As Bible Predicted!—For Real!

While the democrat-Communist party was keeping us all distracted by such things as that idiotic ‘impeachment’

charade against the best president in modern history, a Bible Prophecy was quietly fulfilled that no one expected. The Book of Revelation tells us of a leader who will come quietly on the scene

The Numbers Don't Add Up

I guess what I'm saying is that there is a high probability we may not be getting the truth about what is actually taking place. The numbers don't add up people. The news reports are often not true. Can I be the only one who does not believe the official story? I pray that I am not.

COVID-19: Could, Maybe, Possibly, Might, Worthless Models, Greed

In my several columns I could not say if the virus accidentally escaped that lab in Wuhan or was deliberately let loose. At this time, I now believe WITHOUT ANY DOUBT that virus was weaponized and deliberately released by the China Communist Party in an effort to cripple the U.S.

Truthful Answers to a Lost Soul's Questions

Folks, this is another article written on an open letter to Wanda K. This will possibly be one of my longest articles because of the many comments and questions Ms. K. made to me in her letter.

Making the Most of House Arrest

During the corona-madness lock-down, I watched my favorite movie, "The Natural" for the ga-zillionth time. Insanely, that movie still makes me tear up. Due to my late preacher dad's DNA, I see numerous life lessons and sermons in that movie.

A National Moment To Pause In Our Journey

Today, in this Covid 19 world, we need not fear what's happening, but instead, use our brains, our sanitary practices and our knowledge to defeat this viral enemy. It's a mindless adversary with only one talent: to transmit itself through human proximity.

The Power of the Resurrection

So even at this point, Christ's own disciples did not understand the Resurrection. When did they really comprehend it? There are fifty days from the Passover until Pentecost. In those fifty days, Christ appeared to His disciples and others, and instructed them to wait for a baptism of the Holy Spirit.

Churches Are Empty... So Is The Tomb

A lot of people believe that the release of 5G is the electromagnetic field (EMF) that is attacking our bodies. Because I've studied 5G extensively for the past year, I can say with certainty that the symptoms of cell poisoning and COVID-19 are very, very similar. Some experts say it means that the coronavirus is not killing people. The radio frequencies being produced by 5G EMFs is killing people.

What in the World is

Happening?

It's been said that a lie can travel half-way around the world while the TRUTH is still putting on it's shoes. We live in a time of great deception, like no other. Some are now coming to understand that, but others are still blind.

The Real Joe Biden

Joe Biden is one of the establishment elite in Washington. He's a typical politician who has made himself very wealthy being a millionaire many times over. That's pretty good seeing that his salary since 1973 has been from \$42,500 and increasing to \$174,000 in 2008. I think it was Harry Truman that said you have to be a crook to get rich being a politician.

Report: the Solution to the Mental Disorder Known as Liberalism Has Been Found

Libfornia will likely become the Mecca of political correctness and the world bastion of liberal thought. It is also anticipated that medical care will be free for everyone, and a college education will cost zero. Residents of Libfornia will almost assuredly be able to apply for and receive

a Universal Basic Income in the very near future.

Serious Questions About Attorney General Bill Barr

But the highly acclaimed AG Barr wasn't looking for evidence of injustice. For he was put into position to cover-up any evidence that was unfavorable to the forces he represented; which were the same forces represented by Robert Mueller. His stock-in trade, like that of Barr, was the cover-up and exoneration of villains, and where possible, punishment and prison for the victims.

Investigating the Sources of Evil in the World

Mueller was the "errand boy for the New World Order," in the words of author and former Louisiana state Senator John Milkovich. From 9/11 to organized crime figure Whitey Bulger to the crooked bank BCCI, the Milkovich book examines a series of FBI cover-ups and scandals. Unfortunately, FBI Director Christopher Wray has not cleaned out the rot.

After Four Years of Democrat Treachery, I Smell a Corona Virus Rat

Is it a coincidence that the model Dr. Birx uses to assess the progress of the virus—the IHME, Institute for Health Metrics and Evaluation—is funded by the Bill & Melinda Gates Foundation and that she, Dr. Birx, sits on the board of that foundation and has received mountains of money from that foundation?

George Soros – The Face of the ‘New World Order’ – Targets Trump2020 Campaign

Multi-billionaire, America hater George Soros – the public face of the New World Order – has issued fresh instructions to his minions that underscore Soros’ growing fear of President Trump. “If things keep going this way, Trump is going to get re-elected. So we’ve decided to take emergency action,” MoveOn wrote to their deep state disciples.

Government Charity: More Loss, Debt and Inflation

No society can safeguard public health for long at the cost of economic health. Whenever massive government interventions have been tried, they have always ended in poverty, scarcity, and too often, mass death and genocide. The further government takes its power, the harder it will be to wrest it back. And it has already gone way too far.

Bill Gates Worships at the Altar of China

Gates was on Fox News Sunday and CNBC, and writing for the Post, because money talks. He buys influence and advisers. For that reason, we also have to pay attention to him. He doesn't mind his own business and concentrate on ways to improve software products. Instead, he makes our lives and business his business.

Eugenics, Dr. Fauci And Coronavirus

Unfortunately, Democrats have been politically in league with those ranging from Eugenicist Margaret Sanger to according to

some sources, fellow Eugenicist, Dr. Anthony Fauci: Globalist snake oil salesman. He has been working with Wellcome Trust & the Pilbright Institute (UK) Coronavirus Patent holder.

Dr. Fauci's Plandemic: Coronavirus Fear Campaign

The American people elected Donald J. Trump as their president, not Dr. Fauci of the CDC. It is time for President Trump to step up and say, "You're fired!" to Dr. Fauci. The American people elected President Trump to drain the swamp, not work with the dark forces of the Deep State.

Developing a Vaccine for Media Bias

At one time, I thought the media would eventually correct their mistakes, in order to avoid embarrassment. Yet, they get worse, day by day, and even continue to claim that they provide "All the News That's Fit to Print." A newspaper with the slogan "Democracy Dies in Darkness" wants to censor President Trump's daily press briefings.

Is America's Current Crisis In All Areas The Fault of Baby Boomers?

When you look at the vacancies in their skulls-brains like House Speaker Nancy Pelosi, Senator Charles Schumer, House member Maxine Waters, House members Ilhan Omar and Alexandria Cortez, Senator Feinstein and dozens of others—you see them refusing to secure America's borders, but in fact, they do everything they can to encourage endless illegal immigration.

Three Lessons That Must Be Learned

If we learn nothing else from our steel cage match with the Chinese Wuhan Communist Death Virus, let us at least learn these three lessons. These are easy lessons. A ten-year-old could learn them. All right, I haven't tested to see whether Alexandria Ocasio-Cortez could learn them. But all the same we'd better learn them. The next time, presuming we come out of this bout alive, might be fatal.

US Attorney Durham Zeroes In

On Former CIA Chief John Brennan

United States Attorney for Connecticut John Durham, who was chosen by U.S. Attorney General William Barr to investigate the origins of the FBI's investigation against President Donald Trump in 2016, is reportedly increasing his probe of former CIA Director John Brennan for his alleged corrupt politicization of intelligence gathering and analysis.

Tyrants and the Mainstream Media Don't Want You to Hear That Gun Sales Are Up 309%

There is no doubt that the tyrants and the mainstream media in this country are working hand in glove to continue their conquest of America. Now, even going so far as to use the coronavirus as their new crisis, of course as an excuse to overreach and to further restrict and strip Americans of their God-given right to bear arms.

Don't Blame Trump For The

Virus, Blame Big Cities

Most of us know by now that the Coronavirus erupted in Wujan, China, a VERY LARGE city of 11 million people, sometime in November of 2019. Allegedly, the outbreak was supposed to have occurred in the Wujan Huanan Seafood Wholesale Market. However, there has been much debate as to whether the virus was accidentally released from a bio lab in the vicinity. We may never know the true origin of the virus.

After Another Week of COVID, Do You Still Feel Free?

While men like House Majority Whip Jim Clyburn are telling their Democratic colleagues that the current COVID crisis is “a tremendous opportunity to restructure things to fit our vision.”

‘Fear’ – The Greatest Manipulating Emotion on The Planet

Through the fear of losing a job, the fear of losing their material belongings, the fear of alienation of friends and family, and the fear of death to name a few. This fact is

easily seen all throughout history and is surely present with us today.

Transference + Hegelian Dialectic = Mind Control

In conclusion, hopefully the information above will from this point forward help you to clearly identify how both media and governments cleverly erode our innate sense of truth and our ability to recognize the actual right and wrong as objectively understood. You must resist anger toward these change agents and liars who assault our common sense, our president and patriotism.

November 2020 “Mail-In” Theft of the United States

The Government and news media have the country fixated on COVID19 24/7 and that is unlikely to change anytime soon. They have the priority backwards! FEAR, not money, is the greatest human control mechanism on earth. The American people must be smart enough to put the right priorities in order, or they will very rapidly lose everything America has ever been.

In the Midst of Apocalyptic Pandemic Pelosi-Schiff Cabal Seek The Demise of Trump

While thousands of Americans are dying from a deadly virus originating in China and the nation's Commander in Chief is working with his team of experts from the healthcare industry, the military especially the medical and engineering units, law enforcement and security agencies, Democratic Party leaders are attempting to continue their pursuit of overthrowing the Trump White House.

Overkill: The Purposeful Destruction of America's Economy

Many experts now estimate that more than half of Covid-19 infected individuals show mild or no symptoms, although it could be higher, which means they will have developed antibodies to it. As many as three-quarters of Americans infected with seasonal flu viruses show little or no symptoms, and they develop antibodies.

Coronavirus: Is it Time to Release Americans From Bondage?

Millions of words have now been written about CORVID-19 and likely millions more in the future. The disgraceful, lying “mainstream” media and too many in the alternative media have been hyping death and disaster since mid-January. The herds reacted exactly as the shadow government knew they would with panic buying and hysteria.

The End of America As We Knew Her

Coronavirus will be solved at some point, but unless we change course, nothing will solve the “immigration virus” that will permanently cripple the United States of America and all Western Civilizations. Would you like a reasonable national discussion-debate on what kind of a civilization you’re handing over to your kids?

The Ultimate ‘How To’

Instructions For Viruses

China's vision is to control the World economy by buying up stocks now from countries facing the brink of severe ECONOMIC COLLAPSE. Later China will announce that their Medical Researchers have found a cure to destroy the virus. Now China have other countries stocks in their arsenal and these countries will soon be slave to their master...CHINA.

The Real Bernie Sanders, Part 4

Obama was the worst president we've ever had, Carter was nowhere near the experienced person he was portrayed to be, FDR was nothing but a socialist, Wilson was a racist and incompetent. H.W. Bush was a globalist as was George W. Bush.

Welcome to the New 'Normal'

We don't know what the future holds. We never know what a day may bring. But we do know our Lord is returning one day, and perhaps one day very soon now. We see the signs of the times and know that even amidst the delusion, lies and wickedness in high places, our Creator, GOD is still in control.

The Red Chinese Lied, Americans Died, and Americans Prayed

President Trump faces an assortment of enemies, here and abroad. These include China, source of the virus; Russia, which is driving American oil producers out of business through overproduction of cheap oil; a toxic anti-American media culture; and a Democratic Party that wants to undermine Trump through investigations and make him (and the country) fail.

BREXIT, COVID-19 and Life in Britain

All the same, echo's of the past and of history and of hardships are also a warning too. Faith, at the expense of not warning others, or not learning from history, damages others. Reliable watchmen are needed.

Maybe the Ships Are For the Children

There's this crazy conspiracy theory going around about sinister and wicked deeds being done underground. Have you heard it? Apparently America has a pretty vast underground tunnel system, but not just for some sewer and utility purposes. And not just for DUMBS (Deep Underground Military Bases). The conspiracy is they may have whole cities underground.

Let's Practice Socialist Distancing NOW

Because of the Covid-19 Chinese pandemic distancing has been proven to work just by staying away from people in our communities. Now, based on proof of concept its time for TOTAL Socialist Distancing! Just imagine how our great country will rebound from decades of social engineering and ideological demoralization.

Trump DOJ Indicts Dictator Nicolas Maduro and His

Minions for Narco-Terrorism and Other Serious Crimes

Venezuela at one time was considered a tourist attraction and one of the most successful nations in South America. However, in 1999, Hugo Chavez won the election as President of the oil rich and industrious country and began his reign as predicted: a hardcore socialist country.

Corona Virus Causing a Right Turn

Our courageous president has announced plans to cautiously begin re-opening America in various sectors ASAP. Optimism is contagious. Trump believes our economy will bounce back stronger than ever. I agree.

Perhaps It Is Time To Declare Independence Again

We all know the great story of how and why those who resided in the original thirteen colonies first proclaimed and then mightily fought for independence from Great Britain. They tried until they tried out to live peacefully under the authority of the British crown.

Red China: How Much Longer?

And just this month it has been reported that 21 million Chinese cellphone users have dropped out of the picture. Gone missing. The immediate speculation was that the communist government, as is its invariable custom, had lied gigantically about the coronavirus death toll in their country.

Non-Essential Churches and the Failure of America's Pulpits

I am sure that is alarmingly to some of my less "awake" fellow American Christians who are convinced that the job of the government is to regulate the church. Some of the responses that I have read on Facebook regarding his arrest are striking evidence of the failure of America's pulpits.

I Cry For Our Country: A Baby Boomer's Lament

We need a national-discussion-debate on what kind of a civilization we're handing over to our children. What are

your ideas? If we don't change course, do you think your kids stand a chance?

Hitler Never Pulled the Trigger: His Subordinates Said That They Were Just Doing Their Job

On Nov. 20, 1945, the Nuremberg Trials began, bringing Hitler's Nazi criminals to justice. By this time, several countries were destroyed, and 50 million people, 2.5 percent of the world's population, lost their lives – including 12 million Jews, German dissidents, Gypsies, political opposition, intellectuals and others who were exterminated in Nazi concentration camps.

Are Humans In The Throes Of A Mass Extinction?

Whether the human species goes extinct in the near future is up for grabs. What is not up for grabs is the eventual and permanent loss of national sovereignty and individual freedom. We're well on our way. Government virus control through mandatory quarantine is just another example of rising central government interference in our lives in the name of public

health and safety.

Do We Really Want Government to Be God?

I implore you, Mr. President, Congress, State Legislatures and Governors that have gone rogue. Do not be deceived, the powers you shamefully usurp will be placed in the arsenal of future Governments to be used once again when they feel it convenient to alter the Constitutional landscape of the United States.
