

Speaker Johnson's Treasonous Betrayal

Sorry President Trump, but Mike Johnson is being controlled by the very people stabbing you in the back. Giving Biden's political gestapo a brand-new FBI building bigger than the Pentagon, while not providing a dime to protect the southern border from the swarms of people entering the country illegally, is doing a "good job?"

States Embrace Climate Action Plans Under the United Nations 2030 Agenda for Sustainable Development

On September 20, 2023, the Biden administration met at the Sustainable Development Summit in New York with the goal of recommitting to the [United Nations] 2030 Agenda for Sustainable Development and the Sustainable Development Goals—SDGs. A White House fact sheet stated, "The United States is committed to the full implementation of 2030 Agenda and the SDGs, at home and abroad..."

What Made America Great

During the hearings on that monster, GATT/WTO*, French billionaire financier, the late Sir James Goldsmith, testified in front of Ernest Hollings committee. He demonstrated that GATT would gut the American textile market. The following are some quotes from the Washington Times, Dec. 6, 1993, which accurately reflect Sir Goldsmith's statements during the hearings

Earth Day 2050: You Ain't Going To Like What's Coming

Growing up on a farm in LeRoy, Michigan, population 500 farmers, I got close to the Earth. I helped my parents plant a quarter-acre garden every spring. Nothing like getting your hands dirty in the dark riches of organic soil!

Dying to Your Flesh – Session 2

Are we brethren? Did God say in His Word to resist Satan or ignore him? If God says be on the alert and be serious, should we be serious about resisting this spirit world of darkness? It has been very convenient for Satan and his forces of darkness to remain in the shadows and darkness,

ignored by Christians, and not talking about what Satan is doing. In America, we have become a habitation of demons while pastors and church members remain silent and ignore the evil overtaking our nation!!

Freedom of Speech and the Offense of Political Correctness

That freedom applies to all men and women of every race. Martin Luther King, Jr. did not preach hatred toward whites or blacks or any other race, but instead timelessly affirmed that the value of every human being was based on their individual spirit and character. In Dr. King's acceptance speech for the Nobel Peace Prize in 1964, he stated...

Lighting A Candle

Friends, as goes the church, so goes the family. Sadly, our churches have failed to build solid God-honoring families. But also, as goes the family, so goes the nation. And we can all easily see how desperately our nation needs strong families again – free of the shackles of mindless TikTok videos and gaming and soul-sucking electronic “entertainment” and social media.

Christian Nationalism

Now you are probably asking, what in the world is a Christian Nationalist? Let's start by looking at what a leftist humanistic reporter by the name of Heidi Przybyla says it is. Here's one of her comments from an interview in part that she did on MSNBC recently. "They (Christian Nationalists) believe that our rights as Americans and as all human beings do not come from any earthly authority."

Is the Constitution a Threat to National Security?

And here we have the Biden Administration, telling us we need to give up our essential liberty, our rights to due process, and to be secure against unreasonable searches and seizures, all with the promise of protecting our national security. Are you willing to give up your essential liberties for what has shown to be the false promise of temporary safety?

A Formal Invitation To Steal

Our Country

I put this out again, now that Tucker Carlson has picked up on it, because it is more possible that we move on it. Tucker has the followers few others in the country have. Between now and the November general election what WE do – what WE THE LITTLE PEOPLE do – may well be the difference between hanging onto freedom, or falling into the death pits of totalitarian rule.

Let's Celebrate the Natural Family

Despise not the days of small beginnings! Get involved. Go to [HERE](#) to order some signs to put in your yard!! Let us start a groundswell of support for the NATURAL FAMILY and begin the restoration of sanity in this land. This will not happen overnight but you can make a difference RIGHT NOW

Single Female Voters are Destroying America

You can shoot the messenger here if you want, but it won't change these facts! Single female voters are the single largest problem in the USA electorate as 70% of them are single issue voters, seeking a protected right to kill their own children in the womb...abortion!

What Happens If We Don't Change Course: Earth Day 2050?

Dozens of emails poured into my computer after the publication of "Irony, Pain, and Hope for Earth Day 2024." (March 22, 2024) Some quite negative! Some gave up years ago. Some felt distressed over the 1.0 million vertebrate creatures killed on America's highways every single day of the year.

Saving Kamala

Democrat operatives are growing increasingly frantic about Vice President Kamala Harris' popularity. Polls consistently show her mired somewhere in the 30s–34 percent here, 35 percent there, etc. They will not admit to any lower numbers.

Why the Cultural Marxists Are Winning

Christopher F. Rufo is the winner of the 2024 Conservative Book of the Year Award for his work, *America's Cultural Revolution: How the Radical Left Conquered Everything*. This

talented young writer has discovered, belatedly, that communism has come to America through infiltration of our culture and institutions. However...

Why Do the American People Let the Corrupt Media & Politicians Set the Propaganda Narrative?

Instead of uniting under the Lord and condemning the criminal efforts that are being committed in hopes of undermining who we are as a people (confusion, distraction – Order out of created chaos), the people are simply following in close pursuit of what they say that they do not believe.

With the Old Guard Gone, Will Birchers Still Fight the Commie Menace?

There isn't a day that some horrible news doesn't come into our home via newspapers, magazines or email. Today is no different. Yesterday's headline was that the Republican held House reauthorized a two-year government surveillance power in the FISA bill, and Speaker Mike Johnson cast the winning vote.

What Bill of Rights?

Unfortunately, by the time the people have had enough, they will have already lost everything, including the means to right their own ship. Everything they tried to protect by keeping their head down and mouth shut, they will lose. Freedom once lost, has never been regained in the history of mankind.

The Vibe Shift We Need

No one ever proved, for example, that Donald Trump sexually assaulted E. Jean Carroll. She couldn't even remember the year of the supposed assault. An honest judge and jury would have thrown that case out in embarrassment. Come to think of it, there's no evidence of a tryst between Trump and Stormy Daniels; at one point, she denied it!

Why is Everyone Complaining About Communist China?

1972 Richard Nixon met with Chou En-Lai in Shanghai to "cement a new world order". America crawled into bed with the commies. The same communists who were holding our POW/MIAs from the

Korean and Viet Nam “conflicts.” Only God knows how many were still alive, but those butchers of Beijing had them at the same time Nixon was over there kissing En-Lai’s backside and toasting champagne.

A Case of Advice or State Intimidation?

If there’s a boogie man in the anti-gun community, it’s probably the National Rifle Association. Accused of complicity in almost every gun crime from gang violence to mass murder, the NRA has become the lightning rod for the vitriol of those whose fear of firearms has grown to an irrational state.

Irony, Pain, and Hope of Earth Day 2024

In the final equation, what does Earth Day mean? It means YOU must be the “change agent” in your community, your state and your country. You must elect those who will act. If they won’t act, you may run for office. When it comes to a free society, it’s up to “we the people” to make change toward a viable future.

Dying To Your Flesh – Session 1

I shall concentrate on teaching those in the Remnant of God who are totally committed to the obedience of Jesus Christ and who need help with spiritual things the Bible teaches such as dying to the flesh, renewing the mind, and taking thoughts captive to the obedience of Christ.

Romantic Lies

We die fondling romantic lies that re-arouse the sensuous nature, and we milk those old love-hate feelings and thoughts for all they are worth in order to forget what old and miserable failures we have become.

Take Care Who You Hear and Follow

One day, Jesus will return to earth as King of kings and Lord of lords, eliminate government corruption with His rod of iron (Revelation 19:11-21), and establish His righteous rule on earth that will never end. Believe in Him and enter His kingdom. Jesus will never betray or abandon you, and all those who trust in Him are forever blessed (Psalm 2:12).

The University of Tennessee Uses Our Taxes to Advocate Radical Energy Agenda. I Took Them to Court

Why would I want to see these documents? What business is it of mine? As a candidate for president once said, "I paid for this microphone." The emails would inform the taxpayer 1) how and why the engineering school sought to use taxpayer resources to promote an ideological plaintiffs' and media campaign in a breathless write-up pitched to outlets worldwide.

April 13th, 2024: Iran's Shocking Dress Rehearsal

Israel is now between the proverbial rock and hard place. If she doesn't retaliate, the surrounding Arab Muslim states that are hostile to the Jewish state will view that as weakness, which encourages aggression on their part.

Beyond the Headlines: Iranians vs. the Islamic Republic

It is time for the Iranians to strike, gather forces, organize, and especially demonstrate in the streets in increasing numbers, even in the face of massive, gruesome, bloody repression by the Islamic rulers, who still have a powerful armed apparatus at their disposal. It is time to unleash the wrath of the Iranian people on the Islamic zealots.

Anti-Federalists vs. Federalists circa 2024

And don't kid yourself...if the Federal Government has even one penny in your school, by any means, it's public education with a curriculum controlled by the US Department of Education. The government doesn't fund anything it doesn't control.

Cyber Sabotage and the Key Bridge Collapse

As a long-time media critic who has witnessed the paper's increasingly strange behavior under current owner Jeff Bezos,

I believe the Post story about a “criminal investigation” was designed to divert the attention of the public away from a state of war with Iran that now exists and which threatens to escalate dramatically and sink Biden’s re-election effort.

Spiritual Dementia

I’ve recently begun to ask myself what in the heck is wrong with the church? Jesus told us that we were supposed to be “the salt of the earth and the light of the world” but the impact of Christianity on the American culture and the American way of life is almost non-existent.

“Death To America” Chanted Muslims in America This Week

Dear fellow American, we need a responsible Congress, head of DHS and president to serve our interests. NOT 10 MILLION ILLEGAL ALIENS. We need to vote for the next president to deport every last illegal alien and every Muslim who chants, ““Death to America.” We don’t need them bringing their barbaric religion, their barbaric savagery like 9/11, or any of their 6th century barbaric rituals.

'I Identify As...'

Suppose I say, "I identify as President Joe Biden." Must that be affirmed? Does that mean I get to live in the White House and issue executive orders? ("From now on, all motor vehicles must be powered by wind-up rubber bands!") And what if I'm not the only one? What if we could fill a whole ballroom with persons claiming to be Joe Biden?

The Mullahs Ruling Iran Are Not Iranians

I have repeatedly said that the mullahs ruling Iran are not Iranians. They truly despise Iran and its glorious past. Genetically, they are mostly Arabs. They even hate its name. There were never any questions about the Islamists denigrating Iran and exalting Muhammad.

Bradlee's Short Educational Video Library, More Than 225 To Choose From

Though I find myself having given the answers to the people during my presentations, I merely want to take it another step and give you a whole library of short videos that we, as a

ministry, have compiled for you in order to educate and reaffirm you in putting your feet upon the Rock.

Remembering the Battles of Lexington and Concord

There's another battle that few Americans seem to know about. A battle where Americans stood up against corrupt government with force of arms in order to protect their rights and those of their neighbors. I wrote about it in my article [The Battle of Athens, TN](#). Perhaps we should remember this day as well.

Winning or Losing Two Wars at Once

Former President Trump is correct that the wars would not have occurred had he been in the White House. That is just a matter of fact. Unfortunately, that currently leaves Ukraine and Israel involved in quagmires that amount to no-win wars. The only thing these countries can do is attempt to hold on until Trump wins a second term and comes to power.

How Elections Are Stolen 101

Approval of Congress and the press are in the single digits today, and rightfully so. Neither does anything to deserve the trust of the people, and they in fact, do so many things to deserve the utter distrust and disdain they currently enjoy. The vast majority of Americans know that we are being lied to and manipulated 24/7 by everyone in a position of power.

Trump's Campaign Promises, Congress & the States, Part 3

Then president Trump signed an extension for the Export-Import Bank which was twisted up in the "Further Consolidated Appropriations Act in 2020 which allows that "independent" agency to operate until 31 Dec. 2026. Trump should have said no. Supposedly that bank was created to help small businesses. It's not the function of the U.S. government to help small businesses.

American Food Producers: Americans as Collateral Damage

What can you do for yourself and your kids? Answer: Educate

yourself. There are plenty of YouTube seminars on healthy eating. Shop only “Organic” foods. Avoid just about everything in a package, glass, or can. Everything in packages, glass and cans have additives, unless it really tells you that it’s a healthy food. Check the labels.

A Corrupted and Divided Religion

I don’t know about you but most of the religious systems in America that are falsely representing Jesus Christ are corrupt and have divided the Body of Christ. As a result, many people are leaving these religious systems. The worst are the mega churches and the denominational religious systems along with their pastors.

God’s Lifeboat Is More Than Half Empty

Throughout the Bible are accounts of proud men who refused to humble themselves and acknowledge God, who built monuments to themselves and their achievements, trusting in their own abilities, possessions and self-efforts, rather than acknowledging the Lord. All inevitably came to a tragic end.

Mene Mene Tekel Upharsin

That eclipse crossed seven US cities named 'Salem.' Those cities are not, as some have attested, named for Jerusalem. No; both the root of the name Jerusalem and each of the aforementioned cities are transliterated "shalom," meaning the Lord Almighty's perfect, abiding, total peace. Jehovah Shalom, the Lord of Peace.

The Gun Grabber Glossary

The misuse of "gun grabber" terms is not to be glossed over. The gun grabbers and media blabbers twist language in hopes of creating panic amongst the populace while producing rallying-cry rhetoric for gun grabbing and attitude altering emotional evocations to shape perceptions about guns themselves.

Make Sodom and Gomorrah Great Again?

Years ago I wrote a major report on the homosexual infiltration of the Republican Party, driven in large part by financial hedge funds. It got no attention from Fox News, which has been part of the homosexual lobby for decades,

having poured tens of thousands of dollars into the Association of LGBTQ+ Journalists.

Terrorist Billionaires & The Future of Food

Bill Gates's agenda-driven interest in sustainable food solutions is not limited to insects. He has also invested in cultured meat, a lab-grown alternative to traditional beef, which has received \$50 million in funding. Gates's investments and advocacy for his so-called sustainable food solutions are part of a sinister effort disguised as global challenges, including climate change and food security.

America: The Last, Best Hope of Earth

The Chinese Communist Party is committed to its growth of power at any cost, even if hundreds of millions die. The Epoch Times reported that sometime before 2003, then-Defense Minister Chi Haotian gave a speech to CCP leaders in which he stated:

The Cultural Left's Cold War on Christianity

Today we have solid data on declining religious observances and belief, especially among younger generations, illustrating the success of the cold war on the Christian worldview. According to a Pew Research Center survey, more than three quarters of Americans agree that the role of this worldview in American public life is shrinking, whether they support this change or not.

So Much for Our Civilization

How many children can be irreversibly neutered before you crash the population? Why would we want to even risk that? How deranged does our very language have to get, before we lose the ability to communicate? How many preposterous lies do we have to pretend to believe, before we have to find some way to live without truth?

Twelve Ways Biden's Handlers Are Hellbent On Destroying America, Part 2

When he imports another 10 million illegal aliens including

hundreds of thousands of Muslims, Chinese and Africans with chain-migration along with “asylum seekers”, we won’t know who we are or what the hell to do to save ourselves. Biden’s handlers are effectively destroying our culture, our language, our identity and our way of life.

Double-dealing Shenanigans

In the midst of this Primary season, attempting to enumerate the multitude of failures and bankrupt ideas emanating from the Democrat Party proves daunting. The sheer scale of exorbitant taxes, incessant spending, and superfluous regulations emanating from Salem (and Washington, DC), along with their lasting costs and ultimate burdens, defies measurement.

“Judge Them by Their Fruits.”

Friends, nothing could be further from the truth. You know a tree by its fruit. As a matter of fact, Jesus said in Matthew 7:16-20 that we are to judge men by their fruit, not by what the revisionists say or by what the propagandists have to say.

“No Va Resources for Illegal Aliens Act”—Now!

There are an estimated 16-million living American veterans. Many, many, of them need VA care and have earned that care by their service in defense of America—and of Americans. We, each one of us, including each veteran, should stand with those veterans for whom VA was created and demand that VA resources go exclusively to and for those who have earned it—the veterans.

Trump Bails on Protecting the Right to Life?

President Trump’s “state’s rights” approach to abortion is the same recipe for disaster that brought us the Civil War. The nation must be free, and that begins with human beings from the moment of conception. His new position solves nothing, and makes his attempt to get back into the White House much harder.

Theological Butchers: Constantine, the Church and

the Jews, Part 6

The relationship between Gentiles and Jews thrived in the early Church and they viewed one another as brothers and sisters. Gentiles adopted Jewish traditions as Sabbath rest, Biblical feasts, Holy Days, et al. As Christianity spread and more Gentiles were converted, the Church began to estrange itself from its Jewish Roots.

The Problems With The TikTok Bill

If Congress were competent, and truly concerned about applications spying on the American people, they would draft legislation that actually protected us. Instead, we see a bipartisan stand to screw up this situation even more. I cannot read minds, but my guess is this political grandstanding is more about votes this November than the title of the bill suggests.

The April 8, 2024 Solar Eclipse Across America

This 2024 solar eclipse, in conjunction with the 2023 and 2017 solar eclipses, along with the steep moral decline of the United States, is poised to be the biggest heavenly sign from

God in our lifetimes. Corrupt, incompetent, usurper President Joe Biden just used a pagan holiday, Easter, to promote an abomination, transgenderism, saying, Trans people are the fabric of our nation in his “Trans Day of Visibility Proclamation.

FACTS Regarding Contested Presidential Elections

Now democrats Biden and Hillary Clinton are openly claiming that “republicans have a plot to steal the 2024 elections” – once again, accusing their opponents of the actions that the democrat party has been using almost since the Constitution and Bill of Rights were signed.

Twelve Ways Biden’s Handlers Are Hellbent On Destroying America, Part 1

Today, you’re seeing California’s ugly situation of being unable to function as a first world state. It features 200,000 homeless, shoplifting killing major stores and chains, regular murders on a grand scale, welfare off the charts for illegal aliens, hospitals and prisons overrun, and the Mexican flag flown more than Old Glory.

Biden's Open Border Policy Is Compromising our National Security

In short: active cells could attack critical electric-grid substations, the failure of which could compromise or cripple our entire electric infrastructure. Other obvious threats are car bombs, improvised explosive devices (IEDs) placed on busy highways or train tracks, and other devastating attacks. We must close our borders now.

Asleep, Living in Deception, and Blinded by our Religious Systems

When are we American Christians going to recognize our spiritual mess and see ourselves as the world sees us – pitiful and spiritually dysfunctional? When are we going to repent of our arrogance, pride, and being the world's greatest hypocrites? We spend millions upon millions on television to spread “our brand” all over this world while evil spirits & demonic forces are overtaking our nation...

Kneeling Before Tyrants

On June 4th of 1963, President John F. Kennedy signed Executive Order 11110, which returned to the US Government the power to issue currency and did away with the so-called "Federal Reserve System." Kennedy was killed on November 22 of that year, just five months later, and on that same day, Lyndon Johnson rescinded that order...keeping Americans enslaved to the Rothschild banking system, and ensuring the eventual bankruptcy of our nation.

The Love of Many Has Grown Cold

When the Bible is permitted to speak for itself, and people seek the leading of the Holy Spirit, they will be able to clear away all of the mis and disinformation that clouds their judgment.

Wiped Clean

With God, there is nothing hidden from His sight. He knows who we are, where we have been, what we have done, and everything else about us. It is before the Lord Jesus that we must give an account for our lives (Hebrews 4:13), for He is seated at the right hand of God far above all rule, authority, power, and dominion forever (Ephesians 1:20-21).

LIB-otomy: The Political Procedure Which Removes Rational Thought

This Mad Bovine Fecal Disease (MBFD), otherwise known as insane BS, is political in nature, much like the Scamdemic. It is grown in a Luciferian laboratory of the minds of madmen who want to rule the world.

A Look Behind the Anti-Trump Lawfare

Being as charismatic as Trump was (maybe more), he'll do just as well at attracting a following of the like-minded. He'll have a knack for channeling much greater frustration than existed in 2016, or 2020, or 2024 – because his supporters will be poorer, more damaged, more desperate, and just as angry. While the political and corporate superelite classes will be that much richer.

The Blasphemer President Joe Biden – Forget Easter-It is Transgender Visibility Day

The great news about this drama queen blasphemy by Joe Biden is that he has only awakened millions more Americans and believers in Jesus to get off any fence they may be sitting on. Millions more now will run with 'nascar' speed to vote for Donald Trump this next election and never again vote for a democrat.

I Am Grateful Today

Last night another set of storms ripped through Central Ohio. That is where I have lived my entire life. Columbus, our Capital City, sits in the middle of the state. Although Cleveland and Cincinnati are more likely to come to mind when you think of the Buckeye State, Columbus is the largest city in the state.

The Keystone Cops Are Running America

There is a "humanitarian catastrophe" in Gaza is the scream heard around the world from those trying to create a second

Holocaust for the people of Israel. This “humanitarian catastrophe” could have been avoided if Hamas had not launched terrorist attacks on Israel on October 7 and if the terrorist group had surrendered in the face of Israeli retaliation. The terrorists want civilians to suffer.

A Question of Choice

Only if the American people recognize that those who work in government serve us, not the other way around, and are willing to pay the price so that the following generations can live free, do I believe we will be brave enough to ensure that the land our children live in will be free.

SDG Trifecta? Education, Healthcare & Vaccinations

Lastly, consider this fact: The U.S. Dept of Health and Human Services took a definition from the WHO (vaccine hesitancy) which meant one thing and inserted it where the most damage could be done to our children (vaccine counseling)! Remember, this is being done to influence YOU into conformity to fit a narrative you may not support.

Proper Single-Issue Voting

Understand, no matter what you think of Trump, he made his fortune building things, producing things, profiting from the work he spent a lifetime doing. His political opponents have all become wealthy and powerful on the backs of American taxpayers, while working around the clock to destroy the very foundations of freedom and drive every Citizen into bankruptcy.

We Need to Engage the: McCarran-Walter Act of 1952

It's known as the McCarran-Walter Act, the Immigration and Nationality Act of 1952 allows for the – “suspension of entry or imposition of restrictions by the president, whenever the president finds that the entry of aliens or of any class of aliens into the United States would be detrimental to the interests of the United States.”

How Crazy Is This Going to Get?

Meanwhile, Thailand national TV has launched a news program anchored by someone who isn't real: “she” (if we can apply the pronoun to such a travesty) is a phantom generated by

“Artificial Intelligence”. Soon she will be joined by a “male” phantom, and together they will present the news.

Making Food from People is the Next Phase of Revolution

In addition to the marijuana business, a modern-day version of “Soma” from Huxley’s Brave New World, a new industry is emerging that is dedicated to “ecological death care,” complete with green funeral homes. Solve climate change by making Mom and Dad into mulch.

Gun Sales Skyrocket In The Face Of Invasion

Most know that Americans have long been made a prey to the invasion of the illegals that are bringing in their crimes along with them. Of course, this is being committed by the treasonous individuals that are tolerated by the American people both within the federal and state governments (Article III, Section 3 U.S. Constitution).

DOJ Ignores 2nd Amendment

Less than a week ago, I published an article titled “When Your Red State Governor Dresses in Blue” about Tennessee’s governor trying to sneak in a RED FLAG law now. Today, March 23, 2024, the Department of Justice (DOJ) “launched” an Extreme Risk Protection Order (ERPO) Resource Center.

Understanding the Democrats’ Immigration Strategy

The Democrats’ unrelenting focus on immigration, particularly the issue of uncontrolled immigration, is cause for concern that goes beyond mere debate and speculation. Beneath the surface, posturing lies a deception that extends beyond the mere games of representation and power in the United States.

The Toxic Fruit of Reformed Theology, Part 5: Theological Butchers, John Calvin

With this history, is it any wonder that our Jewish brethren would mistrust and detest Christians, and the Christ we call our Savior? Many Crusaders left in their wake the bodies of hundreds of Jews as they made their way to the Holy Land. Jews

lost their homes, families, property, and lives in a frenzy of anti-Jewish feeling among many European Christians.

Lockdown-Leaning Lefty Loons Need to be Locked Up

As the Covidiocy conspiracy lengthened, the online vitriol expressed through the lunacy of leftist statements and positions both increased and intensified. Government directed lockdowns exacerbated the anti-social effects caused by increased isolation, and as leftists participated the most in these lockdowns, they were the most and the worst afflicted.

Can Trump Deliver on His Campaign Promises? Part 2

No April Fool's joke. The shadow government's plans are being shredded between deliberate, malicious prosecutions falling apart to Americans, regardless of skin color or ethnic background becoming more educated on critical issues while they struggle to put food on the table and gas in the tank to go to work.

Democrat Party in Freefall 2024

Modern Christians do not live their claimed faith in every day life, certainly not in the election booth. Until they do, evil will consume this nation. "Faith without works is dead." We either save this Republic in this election, or we will not be able to save it at all. Evil will win, so long as your silence and inaction remains your consent.

If You're Beating a Dead Horse: Can It be Revived?

Now, we're seeing our changing climate burn-up our summers. We're seeing it in 100,000-to-200,000-acre wildfires. We're seeing it scorch our landscape. We're seeing it in 100 species a day suffering extinction, worldwide. We'll see more of it as our electrical grids overload their capacity.
