

Schools: A Beacon of Hate

Let me first say that my prayers and thoughts for healing are sent to all families who have lost family members due to a horrific killing. Losing a family member unexpectedly is something we should never have to experience. It is a sad time in America

Trump's Personal Assistant Fired, Caught Leaking Info On Trump Family To The Press

President Trump and his family live in the DC swamp and have endured and suffered so many vitriolic and uncivil attacks by people who should have been charged with sedition. Yet he fights on for us, for our country, and for every American citizen. Pray for him and his family, and pray that his future choices are men and women who love and appreciate what he's doing to save our country.

Jailed Child Molester Sues For State Funded Sex Surgery

There is now some crime in Idaho since they have taken in refugees. One apartment building was dedicated tor Muslims to

Heads Up, America: North Carolina Special Election Matters

Though I love her dearly, my wife Mary interrupts my peaceful morning cup of coffee by reading me disturbing headlines on her phone. Court rules Idaho must give transgender inmate gender surgery.” Thank God the Republican governor, in essence, said it will be a cold day in hell before his state pays for the convicted sex offender’s reassignment surgery

The Life And Death Struggle For America

Yes there is the deep state and the swamp, but there is literally no choice but the find ways to defeat the deep state and drain the swamp. The process can begin by refusing to participate with the deep state.

Conspiracies and Conspiracy Theories

What is a conspiracy? A conspiracy is a legal term designating an association of two or more people who secretly carry out an illegal or criminal activity. Granted, not all secret activities can be termed conspiracies. A group of people planning in secret a surprise party for a friend's birthday cannot be termed a conspiracy.

America's Double Standard Justice System

We no longer have a Justice System. We have a legal system. You may be shocked to find out that those two are not the same. Currently, we have a multi-tied legal system where those at the top are protected by rich and powerful friends.

They're Not Pretending Anymore

Facebook censored me again this week, and that little quote above was all the explanation I received—which is, of course, no explanation. I received it literally within seconds of composing my blog post and attempting to share it on Facebook.

The Administration that Promised to “Make America Great Again” Is Stripping Away Your Rights

Is anyone paying attention to the fact that what big tech companies are illegally doing through censorship today (A clear violation of the 1st Amendment of the Bill of Rights), is the same thing that red flag laws will do to gun owners if passed? It will aim at disarming any opposition that stands in the way of their global initiative

Stare Deep Into The Crystal Ball And You’ll See Civil War

Make no mistake. America is headed for a civil war or revolution. It will take just the slightest whisper of conflict to set it off, unless the widening gap between the two sides is somehow bridged by cooler heads.

Title X Noose Removed From the Hands of Planned Parenthood

Planned Parenthood announced Monday that it is pulling out of the Title X federal family planning program (for low-income Americans) rather than abide by a new Trump administration rule prohibiting participants from referring patients for abortions.

Report: If Trump Declassifies These Documents – the Democrats Are Finished

I hope Trump soon plays the “Trump” card. We the People have been held hostage long enough – it is high time America sees the Clintons, the Obamas, Comey, Brennan, Page, Strzok, and so many others for exactly what they are: evil.

When Will We See The Light?

I am neither theologian nor Biblical scholar. I routinely read the Holy Bible. Not near as often as I should, but I read. It is fascinating to me when an ancient message resonates with me and applies to today's much broader, much more divided, much more dangerous world.

ATF vs the Constitution

In the United States, under a republican form of government, power is divided between the states and the central government. Within the central government, as is within the states, that power is further sub-divided between branches of the government.

Trump Jabs Fed Chairman While Central Banks Have No Where Left to Go

While presidential candidates for the Democratic/Communist Party USA continue their clown show and their media pushing everyone who supports Trump is a racist because their Russiagate hoax blew up in their faces, Americans are not paying attention to the financial neutron bomb getting ready to explode.

Are You Living a Life Worth Remembering?

From that single event in my life, I have never complained once since 1984. I take each day as a gift. I love each second on my touring bike, road bike and mountain bike. I promised myself to live a life worth remembering.

Why Did Iran's Revolution Succeed?

The question that everyone wants to know is why the West decided to remove the man who was perhaps the greatest ally of the United States and was busy modernizing Iran.

Apostasy is Destroying the Church, Part 3

If you haven't figured it out yet, the apostasy that is in the church starts in the pulpit and works its way down into the pews. Not to be rude but most people in the pews don't really practice their religion like people did in the time of our Founding.

The Politics of Church

A friend forwarded an email to me yesterday. It concerned a controversy that erupted. The pastor announced last week by email that petitioners would be available in the church at a future worship service. The petitions were related to peoples veto paperwork circulating in churches as a result of formal Roman Catholic and Evangelical support.

This is Our Last Chance

I have a deep feeling of foreboding – and serious impending doom, as the full wrath of God's judgment is unleashed upon the world – and AMERICA – very soon now. UNLESS America and the WORLD repents (and quickly), I see no way of avoiding it, and no reason God would put up with all this much longer.

The Decline of the Church of England And The Rise of Babel

My own impressions were that the helter-skelter reminded me of the image of the Tower of Babel, and the foolishness of a materialistic attempt to reach God.

Trump's Promises Not Kept

The USMCA would completely jeopardize our border security and sovereignty negotiated by Robert Lighthizer. Among the many land mines in this 2,325-page treaty are provisions protecting migrant rights and prohibiting numerical quotas on certain foreign workers.

ICE Captures Honduran Fugitive Alien Released In North Caroline Despite Child Rape And Sex Crimes

The arrest came nearly two months after the Mecklenburg County Sheriff's Office refused to honor an ICE detainer, or even notify ICE of the release, and instead released Pacheco from local criminal custody following his arrest on first-degree rape and indecent liberties with a minor charges, according to a report submitted to the National Association of Chiefs of Police.

What “Right To Keep And Bear Arms” Is That?

It should be obvious, too, that the absolute “right of the people to keep and bear Arms” in order to facilitate their service in the Militia is perfectly compatible with—indeed, is the very best way to effectuate—“the individual right” “to keep and bear Arms” for personal self-defense.

Double Standards Can Lead To Double Trouble

When growing up in Cleveland during my first twelve years, life was mostly very good. As parents go, my Dad was simply the best. He was a great teacher about life, our republic and good solid principles. Dad was a firm believer in God almighty and how life is not fair, but thank God America is the land of the godly principle of equal opportunity.

How We Reelect Trump in 2020

Trump Did NOT Participate in Jeffrey Epstein's Child Sex Ring+Suicide

Bill Clinton who never saw an empty dress he didn't like, has a strange track record with both documented sexual assaults and vanishing acts of former associates who are later found dead.

Dems' Plan B: 'You're All Racists'

The false doctrine of salvation by works of the flesh—that is, if you're "good enough," and have done a certain number of good works, God has to let you into Heaven—well, that was bad enough, even in its mildest forms.

Baby Killers

Guess who objected to these eminently reasonable and humane guidelines in February of this year? None other than 44 out of 47 Senate Democrats who blocked the Senate from voting on this bill, including presidential wannabes Kamala Harris, Bernie

Sucked In By Technology – Brainwashed By Education

Added to this toxic soup of Progressivism is the deadly whirlpool of technological seduction. Sadly, a powerful but flawed ideology and an incurable addiction have become the norm in the general population of America and if that ideology and addiction are not defeated, America has no future as a free nation.

Controlled Opposition: Is the Very Reason that America is in Trouble Today

Being in ministry and traveling as much as we do, we have the opportunity to see and meet a lot of people and in the process, we notice what it is that people feed upon. And let me tell you, this explains why this country is in the condition that it is in today.

Who Made the Rules for the Struggle of Liberty?

Are you distressed that many in America are rapidly digressing from the principled, honorable standard of morality we once held? This standard produced an example of biblical morality that constructed one of the greatest civil documents of liberty the world has ever seen: the Declaration of Independence.

Socialists Chip Away At The Second Amendment

We've all heard it before: the second amendment never meant for citizens to have the sort of guns available today – it was just for hunting! Bull hockey, it was written to protect the right to shoot at tyrants and their agents when they have stolen liberty or property from the people.

Live life On Your Own Terms

You will find the tyranny of resistance fades as you walk or gallop toward your happiness in work, play and friends. You won't wish for what you see in the poster on your cubicle wall, you will live it for real.

Apostasy is Destroying the Church, Part 2

I know another pastor that felt convicted that he needed to get political from the pulpit and did. He too lost a lot of people but believed God would bring in the people that would listen and He did. His church is now almost twice what it was.

The Hell of Feminist Possession

I have grandchildren. I want the best future possible for them. And I know that this future will not be good if Christianity disappears from the world, and is replaced by the feminist hell that is now forcefully possessing all the institutions of the West – especially the Church.

Popular, But False

Just because a speaker sounds good to you does not mean he is speaking the truth. Do not trust your heart. God's Word tells us the heart is deceitful above all things, and desperately

Pocahontas' Presidential Run Should be Over

Logic Of The Left And Gun Control

Politicians who support gun control, and gun control advocates, are either ignorant, power hungry control freaks, or delusional idealists. Ignorance would mean simply lacking in knowledge of the subject, but because of their positions, and touted "research," they should know the subject.

America Becoming an Outcome Based Socialist Society

Socialism demands that the outcome of plans and policies are determined in advance. The narrative must fit the outcome. Why you ask? Because it is easier to control billions of people when you have determined where they will wind up.

The FBI's Pattern of Deception

Louisiana State Senator John Milkovich recently published a book, "Robert Muller, Errand Boy for the New World Order" which chronicles the actions of the FBI under Mueller's leadership from Whitey Bulger, Ruby Ridge, Pan Am 103, 9-11 and much more, all of which reveals a 30-year pattern by the FBI to cover-up actions of the guilty and punish the innocent.

“Conspiracy Theory” – The Third Most Weaponized Phrase in Corporate Media

Epstein, whose status as a known pedophile had been known for over 10 years, is arrested (July 6) and, denied bail, ends up in Metropolitan Correctional Center. Many folks predicted that he'd be “suicided” because he'd become a threat to wealthy and powerful elites, some of whom are pedophiles. He could therefore not allowed to be brought to trial.

In many school districts, "teachers" earn much higher salaries than the taxpayers who pay the school tax—to say nothing of fabulous pensions which the rest of us can only fantasize about. Islam and Dogs

In short, for the past 1400 years, every misery upon humanity and animals originated from the source of Islam: The prophet Muhammad and his fictional God, Allah. Humanity has suffered too much, yet, the civilized world caters to these savages and

ignores their actions.

Understanding the Second Amendment

As has been born out in the writings of the founders and authors of the Constitution, their debates, and indeed the US Supreme court, the “Bill of Rights” are not now nor ever envisioned to be a grant of right to the American people.

Latest Mass Shootings: What You Need to Know

The latest heartbreaking mass shootings brought the usual and immediate vomit from the fake “news” media, political whores from the Democratic/Communist Party USA (candidates and incumbents) and of course, those knowledgeable bastions of the U.S. Constitution, the Hollywood crowd who all hate Trump.

[Democrats call for Pelosi to cut recess short to address white nationalism](#) – Oh, yes. It’s the ‘rise of violent white nationalism’ overtaking the country!

“Behind two freshman lawmakers – Reps. [Veronica Escobar](#) (Texas) and [Tom Malinowski](#) (N.J.) – the Democrats maintain that “urgent attention” is needed to tackle “the threats posed by white supremacist terrorism” after Saturday’s deadly mass shooting in El Paso, Texas, where the suspect appeared to be

driven by anti-immigrant sentiment.”

So, all serial killers and mass shooters are white supremacist terrorists. Let me direct you to this: PHOTOS: [Every US Mass Shooter in 2019 Who Shot Four or More People](#). You will see those killers are black, brown, white. It would appear 13 of the 98 are Caucasian.

And, [if you go here](#), you’ll see 15 pages breaking down mass shooters (4, 5, 7, 11 or more victims, some children) by number of victims; perpetrator’s name and race so far in 2019 put together by Wiki. Killers: 82 black, 1 Native American, 2 Asian, 1 Turkish, 16 Latino, 1 unknown (bunch of gang members) and 21 white; couple of ? marks next to name and race as those are unsolved.

The collective screeching has been scripted to make these latest killings all about Trump being a racist and therefore responsible for two individuals and their heinous actions and gun control. EXCLUSIVE: ‘Their screams music, their pain my pleasure.’ Dayton shooter’s demonic notebook scrawls reveal he fantasized about massacres, ‘hunting’ for humans, craved marijuana and speed, called himself a sociopath and hailed Lucifer

Dayton mass shooter made ‘hit lists’ of classmates he wanted to torture and kill: “The Dayton mass shooting suspect was reportedly kicked out of high school for making “hit lists” of students whom he wanted to rape, kill and skin. Connor Betts, 24, allegedly wrote the lists on a bathroom wall and in a notebook, which was recovered by school officials.

“He was suspended, but eventually was allowed back at Bellbrook High after writing a letter of apology to his proposed victims, according to Dayton 24/7.”

The article goes on to say Betts seemed to be better after he got some help. Red flag. Was he on one of those deadly psychotropic drugs and if so, did he go off his meds? Have you ever read the side effects of Ritalin or Luvox?

Only the autopsies will show what was in both shooter’s systems. From what we know at this point in time, both of these young males appear to have mental problems; one was allegedly bullied throughout high school and perhaps – just speculation – issues with social skills. As in dating and popularity.

22 percent of millennials say they have “no friends” – “A recent poll from YouGov, a polling firm and market research company, found that 30 percent of millennials say they feel lonely. This is the highest percentage of all the generations surveyed.

“Furthermore, 22 percent of millennials in the poll said they had zero friends. Twenty-seven percent said they had “no close friends,” 30 percent said they have “no best friends,” and 25

percent said they have no acquaintances.”

Depression, anxiety, loneliness – pump them full of psychotropic drugs with side effects like suicide and violence.

The babbling idiots on the left want to blame the carnage on an inanimate object, that being an assault rifle which can't kill anyone until someone pulls the trigger.

Conspiracy theories

I am one who treads very carefully when we have an ‘event’ like those horrible shootings. Yes, I’ve read a considerable number of articles about sightings of multiple shooters but there is zero proof at this time other than a few individuals at the locations caught in the middle of a hail of bullets and fear.

However, there’s something bothering me on this because the timing is just too coincidental. I know this column is long, but we need to be fully informed.

NBC Universal intended to release a movie next month titled The Hunt. Trailers for a sneak peak have been all over the Internet for weeks. [‘Elites’ Kill ‘Deplorables’ In New Horror Film ‘The Hunt’](#)

“Did anyone see what our ratfucker-in-chief just did?” one

character asks early in the screenplay for *The Hunt*, a Universal Pictures thriller set to open Sept. 27. Another responds: "At least The Hunt's coming up. Nothing better than going out to the Manor and slaughtering a dozen deplorables."

[ESPN Pulls Trailer for Movie Where Liberals Hunt 'Deplorables' for Sport](#) "The hunters are fueled by their hatred of the "MAGA-type" characters and their right-leaning positions. While the term "deplorables" may not be explicitly stated in the trailer, *Daily Mail* notes that the "hunted" were, in fact, described as "deplorables" in the screenplay."

Due to the substantial backlash, [NBC announced](#) the movie is shelved for now.

A lot of Americans are familiar with the original Manchurian Candidate movie but I don't believe the majority of adults in this country have any idea about secret government programs like MK-Ultra mind control experiments conducted by the CIA on Americans who had no idea they were being used as guinea pigs; the same as when the CIA dosed Americans in bars with LSD.

Mockingbird? Never heard of it. Operation Northwoods? 99% of the American people know nothing about any of this, but I do. One has to understand mind control techniques and protocol; the use of 'trigger' words.

I've been at this full time for 30 years and have spent a great deal of time on these operations on US soil against Americans. It was supposed to stop.

This column, [What Are The Odds? El Paso Shooter Was Only 3 Degrees Removed From The Mastermind Of The CIA's MKUltra Assassination Program!](#) was a shocker for me. So much so I read it twice and then spent some time researching.

While I am familiar with much of the background, I did not know about this big red flag:

“And as this Aangirfan story points out, Gottlieb, the father of trauma based mind control programs for the CIA and the ‘deep state’, had a long working relationship before he died with one Colin A. Ross, a so-called ‘mental health expert’, who later worked at the Timberlawn Mental Health System with none other than John Bryan Crusius, the father of alleged El Paso shooter Patrick Crusius. Anyone else seeing the pattern here?”

At the same time these horrible mass slaughters are happening, *NBC* decides to release a violent movie about liberals hunting down and killing Americans for sport who disagree with their warped agendas.

Trump and others politicians have said “we” – meaning Congress – have to “do something”. The left says guns, the right says mental illness. Just like my column last week on the [Baltimore rat feud](#), Congress has ZERO authority to legislate treatment regarding mental illness in this country.

Certainly, they can talk about it which is a positive thing. But Congress *cannot* legislate it or *spend another borrowed dollar on more unconstitutional laws* that never work. President Trump can encourage governors to work with their state legislatures to enact any new laws or funding for individuals suffering from mental health issues because **it is an internal problem under the Tenth Amendment.**

THAT is the message You need to convey to your Congress critter right now. **Call their district offices and tell them:** You have no authority under the Constitution so stop with the politics because I will work to see you defeated in the upcoming primaries. If YOU do nothing, YOUR silence is taken as support for his/her actions.

The Second Amendment

Before families and friends of the victims of both El Paso and Dayton even had time to cry – just like all the other mass

shootings – politicians began shouting gun control and ban assault rifles. [Ohio GOP rep announces support of military-style weapon ban](#)

Gun control is nothing but people control. **He who has the guns has the power to enslave a whole nation through violence and brute force.** I've got news for people: The Second Amendment mandates citizens be armed because they are the 'well-regulated militia.'

Dr. Edwin Vieira [has written a million words](#) on the true meaning of the Second Amendment. Besides the mountain of columns and only one of his numerous books, THIS one is short and to the point. It needs to be read by everyone and that includes these wimpy, gutless GOP wonders in Congress and the state legislatures. [Thirteen Words](#)

Quit backing down to the howls from the left. Your critters are in their district offices during the joke called August Recess. Burn up the phone lines. As for President Trump, he will make a huge mistake if he caves on this because of the latest shootings. Here's something he should have heard. Last week on the early morning radio show out of Lubbock which is hugely popular, one of the two hosts commented about the [Heller gun decision](#) by the Supreme Court and the right to bear arms.

His co-anchor immediately jumped in and *forcefully* said the Supreme Court got it wrong. The Second Amendment was NOT put in the Bill of Rights for hunters. It was to stop tyranny by our government and we have the right to have the same fire power as they do. I almost fell out of my chair. He was referring to the latest effort to ban assault rifles. Nice to know someone is on the right page.

Your life: One Step At A Time

The energy of life on this planet strives to organize into relationships. As with water, you watch it thrive in many forms such as snow, rain, ice and vapor. It gathers as clouds in the sky, which eventually, falls as rain or snow.

There was a time when the church would stand for what is right, defend the principles of God and the pastor was the leader in the community. They quite often wrote the charter for the city, were the school teachers, spiritual leaders and were outright hated by the British because they kept the people informed and encouraged concerning their right to freedom from the crown.

Joe Biden Sez Trump Promotes White Supremacy in Code

The demoncrats are constantly putting words in President Trump's mouth as they "quote" something he supposedly said, which he didn't. This a good example of residue of a bull.

Judge Not?

We must proclaim the Word of God, preach the full Gospel – including sin, judgment, repentance, faith and restoration – and we must do all these things with the love of Christ. We

must NEVER condone sin or get cozy with it.

They have passed a resolution—the Constitution forbids them making it a law—blaming “religious people” for the high rate of suicide among persons who practice homosexuality. If we take the Bible at all seriously, we know that such practices are sin. Therefore it’s our fault that the “gays” aren’t happy.

It is Time to Legalize Jesus

American is awash with darkened hearts. It used to be the job of our schools, in conjunction with our churches, to teach our children right from wrong. The Bible tells us clearly that at this time, Satan is given one last chance to corrupt as many as he can. This is that last chance of Satan that we are now witnessing. He is desperate to corrupt everyone he can before his time runs out.

Rashida Tlaib, the Pro-Hezbollah, Pro-Hamas Jihadi Jane

Fool Me Once...

As a believer, my first loyalty is to God. Everything else is secondary, including patriotism. We have to stop worshipping the person that seems to be fighting for us, and we have to stop blindly worshipping the product of our adulation. There's a dangerous risk of being deceived if we don't weigh our judgments with discernment and wisdom.
