

Understanding Coronavirus

Forget masks, gloves, and eye shields, unless you are a health care worker, and then the only thing that can protect you is full body covering, sealed with no access to room air. This will not be practical in most cases. Good nutrition with plenty of water, vit C. and zinc supplement and good rest will help tremendously.

I Will Not Take A Covid-19 Vaccine

What needs to be done all across this country is thousands of mothers and fathers outside your state capitol for rallies demanding mandatory vaccine laws be rescinded. No, that's not irresponsible. If a parent wants to vaccinate their child, fine. Hopefully they will have taken the time to educate themselves about vaccines. He who yells the loudest gets heard.

Biden's Backers Planning Another Middle East War

Some say Trump's RNC speech was too long. In fact, we need a speech from the president just as long or longer on the subject of the enemies within. It should be televised, in the

same way President Eisenhower gave the nation that dramatic warning about the military-industrial complex.

Will America Survive Another 100 Million Immigrants by 2050: Roadkill and Traffic Congestion?

What makes me sick stems from the fact that some intellectual 'giants' send me information that the human race could be stuck in the middle of Texas with a couple acres extra for each family. They think we could add another 10-20 billion humans without any problems.

Christians Should be Prepared for the Return of the King

Planet earth is actually wrapping up, if you've been paying attention. God's timeline for humanity has an actual expiration date. God, in His great mercy, has been gracious to let us in on His purposes and plans. We only need to seek Him. Paul said we don't need the times and epochs written to us, why? Because we already know them.

Qui Bono?

The Global Cabal of One Worlders are closer than ever to getting what they want. I will again post the link to "Shadowgate", the video I highly recommend you watch. It will answer a lot of questions or cause you ask some important questions that I pray you are ready to ask.

The Fight For America

I do not believe that America is ready for the lefts socialist agenda and I would pray that our education system would return to education rather than the indoctrination they have been doing for the last four to five decades. This is too great a nation to just let it slip away to the pages of history.

Perishing For Lack of Knowledge

In Chicago this past weekend, there was more looting, violence and devastation. This time on Michigan Avenue, along the Magnificent Mile, State Street and parts of the Gold Coast neighborhood, South Loop and Near North sides of the city. Thousands of people were involved in breaking windows, looting

stores and causing widespread devastation.

Our President and the Constitution Share the Same Enemies

I make it a point to weekly pray for my President (along with congress, the supreme court, and all subsequent governing bodies on my state and local levels). I know of no better way to assist our President and work for the healing of our land. I am hoping you will do the same.

We are Democrats: the Most Truthful Democrat ad You Will Ever See

The unvarnished truth about the Democrats and what they actually stand for (value). It ain't pretty, but it's true. This kind of stuff just can't be made up. The Democrats and their lamestream allies are absolute masters of deception, spin, dishonesty, misdirection, and outright lies couched as truth.

The Mask is Falling Off Joe Biden

Appearing desperate, House Speaker Nancy Pelosi said on Thursday that she doesn't want Biden to debate President Trump. She knows something many people suspect.

Killing Them Softly, With A Mask

A friend texted me this morning this morning, telling me she just saw a mother with her two children waiting for the school bus. They were all wearing masks. Outside. Near no other people. My first response was 'killing them softly, with a mask'.

It Is Live Or Die Time America

My fellow Americans, it is all hands on deck in the effort to save our republic from the Democrats and to restore the principles that made the United States the envy of the world. It would also be wise for believers to seek God's forgiveness

for how our republic was allowed to devolve morally, intellectually and spiritually, which opened the door to all the madness and evil so prevalent today.

The “Virus” of Revolutionism

Historically, what results from revolutions is always tyranny, since the old “irrational” order must be purged. Everything that would threaten the new order must be gotten rid of. This means all independent thought and writing must be crushed. Those unwilling to get with the program may be guillotined as in France

America’s Insanity and Mistake Trap

And now the same kind of people want to repeat the same mistake again and elect Joe Biden who suffers from dementia as another Obama. I wish the American people would have learned the lessons of both Jimmy Carter and Barack Hussein Obama and they would never elect a Democrat into the office again.

‘Moral Enhancements’—in Your Drinking Water

Defund the universities. Throw out, as garbage, the whole inane idea that everybody has to go to college. It's only the absurd expansion of our higher education system that has created jobs for fools like this twaddler at Western Michigan. You could buy a nice house for the money that you blew on college.

The Stench of Death

I've noticed this week that the RNC convention has been far more Christ-centered than anytime in my adult life. They are serving up more Gospel than most churches. The Republican Party of the past with its Fake Christianity and Fake Pro-life stance has gone by the wayside. No more fake conservatives like McCain's or McConnells, Boehners or Bushes, no Romney's or Ryan's.

Anarchy, Looters, Killings, Arson, Shooting Cops: BLM & Antifa Must Be Stopped

If BLM anarchists wanted to improve America, they might start

by rebuilding, refurbishing and improving their citizens in Baltimore, Detroit and Chicago. Blacks dominate those towns, but thus far this year more Blacks suffer deaths from other Blacks than any police shootings X's into the hundreds.

San Francisco's Scott Wiener Introduces Bill to Decriminalize Men With Boys Sex

Just this last week, I had taken the time to reveal to the American people that those they call representatives in this country that are, in fact, advocating for sodomy, pedophilia and pornography are also guilty, in many cases, of committing crimes against children (Jude 1:7).

An Open Letter To The Biden-Harris Campaign and Democrats

You support Black Lives Matter (BLM) but BLM is a Marxist organization intent on tearing down by force, America's institutions and system of government. BLM is no better than violent ANTIFA, or the old Weather Underground, or Students For A Democratic Society.

Once Upon A Time – 1960

The year 1960 marked the end of the sleepy 1950s when Eisenhower was president and America was still innocent. I was 14 and many people lived in GI houses built right after WW II. They were small but functional and cozy. It was a wholesome time reflected in TV shows like The Andy Griffith Show, Leave it to Beaver, and Ozzie and Harriett, as well as Westerns where heroes triumphed over evil.

No Troops Required, Just, The People, and The Law

I am advocating two courses of action that would stop the terror and burning of our cities, and the ongoing efforts at insurrections. I have no confidence that our politicians in either party will do anything unless they are pushed. Here are the two courses of action that will end the Communist Burning and Insurrection.

The Chinese Communist Party

is Setting up Cells at Universities Across America

Yes, professors just like Bill Ayers...there are thousands of them, and now the high schools and grammar schools are inundated with them. Teachers have said they don't want the children being taught via virtual learning because the parents might find out what their children are being fed. It's not academic education, but communist propaganda.

The Story of the Liberty Gene

Time and again, the Lord remained faithful to his part of the covenant and ignored the people's insistence for violating the original compact in their favor so that they could make all the stupid decisions that they wanted and let God clean up the mess in their individual and collective lives.

Purging the Evil Legacy of Karl Marx

The shocking new Paul Kengor book, *The Devil and Karl Marx*, doesn't carry the same nerve-wracking impact as the much-shorter book with the provocative title, *Was Karl Marx a Satanist?*, but the message is still the same. The "progressive" ideas let loose on the world by the father of

communism are based in the other worldly powers of darkness that Karl Marx personally embraced.

Democrats Offer a Rancid Smorgasbord

Why? Because as you can see by the behavior of the mayors who run those cities, it's perfectly okay with them as long as they serve the "big picture" goal of the Democrat Party, i.e., to have things get so bad that there is no choice but to turn to Big Government to intervene, take over, and run all of our lives from cradle to grave.

COVID-19: We Must Stamp Out the Fear

The only way to bring back America is through truth and reject propaganda like 'the new normal'. By getting this truth out there, the outrage will grow. States that have recall will see more elected officials thrown out of office who've been absolute tyrants.

Racism Solution: Would This Work in America?

Can Black people be forced not to be racist against White people in our free society? Can White people be forced not to be racist toward Black people? Can racism be halted by laws? Thus far, no amount of education, laws or mandates has stopped racism in any country around the world.

Chaos in America

Cities that defund the police are asking for bloodshed. If citizens can't depend on the police for protection we will revert to vigilantes and that won't be pretty but it will stop the stupidity. Criminals in these cities that have burned and looted are being freed by prosecutors that are funded by George Soros.

What's Coming Next?

I think we all knew that 2020 was going to be a very tumultuous year for our country. But I don't think any of us were prepared for just how dramatic the tyranny and violence would be – not just here in America, but worldwide. I certainly had no idea that things would change so rapidly and so drastically in just a few months. Today, we have...

Are Local Gathering and Mask Mandates Constitutional?

We are calling upon our sheriffs, police forces, courts, juries, state and federal representatives to identify these violations of justice and stop the mask mandates and prohibition on local gatherings.

America: Islam's Next Prey

Just a reminder that Islam's invasion is currently in progress under our nose via stealth or soft jihad and subversion. The sad part of it is that most Americans have no idea what this subversion means and our elected officials are utterly useless to defend the land from the invaders. We are our own.

The Spirit of WWII Generation Needs to Stop This Misguided Generation

The reality must be recognized: What is happening is the real, revolutionary, thing: Black Lives Matter, its allied domestic terrorists of Antifa, their affiliated racial or Marxist

allies, are not “reformist organizations” and individuals attempting to make America better. They are revolutionary organizations and individuals seeking to overthrow America

Cashill's Unmasking Obama Book is a Warning

While much of the book is a straight forward historical account of the effort to tell the truth about Obama, Cashill emphasizes the ongoing nature of the American samizdat, the forces which fought bravely to expose the Marxist revolutionary forces behind Obama's “fundamental transformation” of America.

Kalamity Kamala a Calamity for America

But let's not fool ourselves,” Diaz continues, Kamala won't be Biden's VP. Biden will be Kamala's president only if she gets up in a good enough mood to give him permission. She has two big things going for her: that she is a woman and that she is black—a truly extraordinary feat that has never been accomplished by anyone before.

Restoring The Original Purpose Of Schools

Schools as originally established here in our republic were for the expressed purpose of both advancing the Christian Faith and through the high moral principles of Christianity offer the highest quality education possible for all students.

Pentagon Anti-Bias Training Materials Filled with Anti-American Propaganda

The leader of one of the nation's most successful public interest law firms announced in the middle of U.S. urban strife and violence that he and his legal team obtained 1,483 pages of training materials and 26 pages of budget records from the Department of Defense (DOD) that are used by DOD's "equal opportunity advisors" to train service members about the importance of "diversity within the branches of the U.S. Armed Forces.

It Happened To Elvis Presley:

Infidelity & Betrayal

But last week, my friend informed me that one of his boys continually cheats on his wife over the past five years to a point that his wife set in motion divorce proceedings. My friend felt deep embarrassment that his son betrayed the mother of his grandchildren.

College: Poisoning America

Our colleges and universities are poisoning our country. Look at the riots: multitudes of white middle-class college students, useful idiots. But let's look at two examples of what the colleges are...uh, "teaching" them

Goodyear Training Aligns with Black Lives Matters and Rebukes Police Support

A picture was leaked of a training session at a Goodyear plant in Topeka, KS on Thursday, August 18, 2020. It shows a slide from the presentation outlining their "zero tolerance" policy. On it you'll find references to BLM and LGBTQ are acceptable, but references to Blue Lives Matter or All Lives Matter or MAGA are unacceptable.

While You Were Distracted By The Mainstream Media, 87 Politicians Are Being Exposed For Their “Horrific” Crimes Against Children

No matter how many different ways or methods these people try to put themselves up as the righteous, Friends, for the record, a corrupt tree is not going to bring forth good fruit. It is, without a doubt, going to bring forth corrupt fruit. Scripture is clear.

Americans Have Been Had And Don't Even Know It

Why have we allowed ourselves to be had (taken in) by a radical, un-American, unconstitutional ideology? How could we not know it? Are we that stupid? If we know it, why aren't we doing something about it?

I'm As Mad as Hell

Now, correct me if I am wrong, but I think that, before being inaugurated, Mr. Pence took an oath of office by which he swore with his hand on a Bible that he was going to protect and defend the Constitution against all enemies, foreign and domestic. There was nothing in that oath about protecting you and me from allegedly deadly viruses.

The Mask Nazis Have Blood on Their Hands

The Coronavirus, which includes the common cold, will come and go, but the government found out how easily the American people were manipulated and how easily they controlled your life. Remember what they took from us, every “non-essential” job, every sporting event, every school, every restaurant, and most importantly every church. And we allowed it.

Kamala Harris Covered-Up Sex Crimes by Pedophile Priests

Harris for years claimed to be a fighter for “justice for survivors of sexual assault, sex abuse, and rape.” But as district attorney in San Francisco and California Attorney General, Harris never prosecuted any pedophile priest, despite

hundreds of potential cases and demands for justice from victims.

Biden: What Was His End-Game Goal?

When Joe Biden announced in late April 2019 he was going to run for president, I thought, why? Surely, he doesn't need the money. He had already run for president twice with both efforts ending in disaster. First for plagiarism and the second time up against Hildebeast Clinton who usurped the office of Secretary of State [1][2] and criminal imposter "president" Hussein Obama who committed several felonies to steal the WH.

Bottled Lightning: Skin Your Knees On Eternity

First, your 80 years on this planet constitute your personal eternity. That means you choose what happens, how it happens and for how long. You choose to learn as much as you can during your schooling. You choose to care for your body-temple by your actions or inactions.

Perishing For Lack of Knowledge

Chicago Police superintendent David Brown said, "Criminals took to the streets with the confidence that there would be no consequences for their actions." But while more than 400 officers were deployed, only about 100 of these thugs were arrested.

Waking To A Different America

Ronald Reagan once said: "Keep voting Democrat and one day they will restrict your freedoms, restrict your history, and restrict your safety. All in the name of professional victims that don't understand the consequences of their ignorance." Today's Democrat Party want to limit your free speech, your ability to worship our God...

Dylan Wheeler, Kamala Harris, and Other Tools in God's Cache

I moderately follow Q and I support POTUS. But I don't require that you do to know me or talk with me. You don't have to believe like I do. America is still free for a little

longer.

Biden – Unfit for the Presidency

Joe Biden is perhaps the most unfit individual ever to run for the presidency in United States history. Not only are his principles taken from the socialist playbook, but his mental incompetency and physical unfitness are so glaring as to make him thoroughly unqualified for any office, let alone the highest office in the land.

Rioters Threatening Words: “This Isn’t Your World Anymore”

Rather than invoking special emergency powers when their cities are on fire, they invoked power where there is no emergency in order to suspend the constitutional rights of law-abiding citizens.

US Falling Victim to Bullies of Political Correctness and Progressive/Repressive Socialism

There is even subtle elimination of people built-into the present day bully game plan; coupled with destruction of property, wealth, health, business, dreams, family. Will Mr. Trump be the one who finally stands up to the bully, or is it a ground swell movement collecting strength...

FL. Gov. DeSantis, Allowing Denial of Florida Constitutional Rights

Governor DeSantis, you have been a good governor, but you can't overlook, or dodge this responsibility. You will be harshly judged, if you fail to make it possible for citizens to exercise their rights, without fear, under the Florida Constitution, and a Civil War results. If you dodge your responsibility, like most weak politicians, odds are that you will turn over your state to new Communist Rulers.

Are Americans Being Punished For Believing In American Greatness?

Mr. Trump's upbeat message of Make America great Again ignited a resurgence of optimism many thought was gone forever. The Trump Train hit the political tracks and made it all the way to 1600 Pennsylvania Avenue. Immediately, the enemies of our republic, both foreign and domestic were put on notice, that for the first time in decades they would be challenged.

Congressional Candidate Takes on Soros

President Trump understands what's going on, even if McCarthy doesn't. With his presidency on the line, he has to know he can't back down now. His opponent isn't Joe Biden or Kamala Harris. It's Soros.

The Left Hates the Truth

Everything they are telling us about Kamala Harris is a lie. It is the way the Left operates. Cheating, lying and fooling the voters it's their only means of victory. If they were to ever admit their REAL agenda, they know that it would be

rejected. The Left does not value TRUTH. Truth is not an important value to the Left.

Your Destiny Sings In Your Ears At the Darndest Times

In this current, high-speed world, loaded with cell phones, glitz and glamour movie stars, along with obnoxious amounts of wealth—it's easy to look at your own life in comparison.

Origin Of Covid-19?

I had been researching the origin of Covid-19 for some time, and had forwarded the information I found to a number of people including THE WASHINGTON POST's intelligence specialist covering the story. He emailed me delay after delay, so I thought I may as well write about what I had found.

Since When Did Bill and Melinda Gates Become Licensed

Doctors?

First off, I would like to remind people that Bill Gates is the one calling for depopulation of the global population. He said, "The world has 6.8 billion people... that's headed up to about 9 billion. Now if we do a really great job on vaccines, healthcare, reproductive health services, we could lower that by perhaps 10 to 15 percent."

The Scary Similarities Between FDR's New Deal and the Coronavirus

During the Great Depression, that many believe was caused by the Federal Reserve, millions of Americans lost their jobs, their life's savings, their homes and some their lives. Something had to be done to save the country but did that something go beyond government's enumerated powers? The answer is a resounding yes!

No Iranian Dog in Muslim Fight

Islam, with its barbaric exclusionary and primitive Bedouin Arab dogma, overtook Iran in the 7th century and brutally

strove to replace the traditional lofty Iranian beliefs in human rights and diversity. Regrettably, the forced subjugation of the Iranian people succeeded to some degree in transmitting the Islamic psychosocial virus to many Iranians

The Democrats' Abandonment of the Jews

Jewish Democrats, it is long overdue for you to wake up and smell the now-contaminated coffee. A vote for Joe Biden is a full-on endorsement of the poisonous Jew hatred that has commandeered the Democrat Party and told you—meaning all Jews including left-wingers

Is Wearing Face Masks A Pre-Cursor To A Cashless Society?

Together with various members of the Conservative Party, who have publicly ripped up their membership cards in disagreement with the ruling, many other people across the country have seriously questioned the decision on why this requirement would be enforced now, in the middle of summer, and four months after the initial lockdown?

Trump Thwarts Pelosi's Pot Pushers

Using emergency authority granted to him by Congress, President Trump on Saturday issued four China virus relief executive orders to benefit taxpayers, students, renters and homeowners. House Speaker Nancy Pelosi got in the way of this assistance because her "Heroes" bill that she insisted on passing through the Senate would have made heroes out of dope dealers and stoners and other clients of the marijuana industry.

Why The Globalist Establishment Hates Our Historic President

It's Trump's greatness that makes them tremble. It's Trump's ability to speak to the people in their terms and their words that makes them hate him even more. It's his energy, his drive, his thousands of followers who make his enemies work to destroy him. We've never seen a president who sleeps so little, works so hard, gives so much, and doesn't even take a salary.

Mountains for Breakfast, Sunsets for Dessert, Camping for Your Dreams

Last year, a new friend asked me to go on a bicycle journey with him down the West Coast from Canada to Mexico. The journey encompassed 2,000 miles of the Pacific Ocean, mountains, beaches, seabirds, whales, seals, otters, dolphins and endless beauty.

Christmas (Or Martial Law) In August?

Can you imagine the confusion and chaos that will surround an election where so many ballots have been sent to non-legitimate voters (as the Democrats plan to do... have begun doing)? The nutcase Governor of California has already announced he is sending ballots to all residents of the state... a large number of which are illegal aliens.

Unmasking the Lies; Unleashing the Truth

I believe it's way past time to UNmask the lies and unleash the TRUTH. First of all, there are a lot of contradictory

recommendations being put forth by the so-called “experts” in charge of all this. Recently, in one of my news feeds, I received one story reporting Anthony Fauci’s statement that mask-wearing was just “largely symbolic” and that masks were ineffective and unnecessary.

The New Political Agenda

The year 2020 has brought America to a new era of politics something like we have never seen before. The Democrat Party has seen an opportunity to take complete control of the country in a manner where they will never have to relinquish that power. At that point the America we grew up in will no longer exist.

Islam and World Domination

Warning: Islam is not a religion, but a political ideology which incites hate, violence, intolerance, and terror. Islamists are terminators. “You cannot bargain with them. You cannot reason with them. They do not feel pity or remorse or fear.” And they absolutely will not stop, ever, until all the infidels are dead or have submitted to Islam.

Who Really Controls the Church?

The Church created Caesar, why does the Church answer to Caesar? What is it the Church possesses that belongs to Caesar? What should the Church render unto Caesar? Nothing. Caesar is simply an abusive ex-spouse. Christ is the Head of the Church and the Church is the Head of Government. The Government answers to Christ, Christ's body does answer to the Government.

Guess Who Wants to Count Illegal Immigrants in the Census?

Recently one of our long-standing Institute on the Constitution students and supporters had a family member unload on her in a Facebook rant about President Trump's executive order preventing illegal immigrants from being counted in the 2020 census.

Cancelling Western Culture

Without Guns

Western Culture is being taken down without a shot being fired. It is being canceled. And most of us don't even see or understand what is happening. By the time we can comprehend it, it will be far too late.

2020 End of the USA?

Do we still have this kind of Americans? If we do, we're running out of time to do what only they can do. We have to organize and mobilize very quickly, with only one common goal, to reopen America and put all governmental bodies back into constitutional check.

The Otherworldly Powers of Darkness, Cults, and Sexual Deviancy in Politics

Citizens for Free Speech is drawing attention to Big Tech censorship of a group of medical experts called America's Frontline Doctors. But it's really not the advocacy of hydroxychloroquine by Dr. Stella Immanuel that is the big controversy. She is under attack by the Washington Post and other papers for stating her belief that there are demonic anti-Christian forces in the world today.

We Have Not Yet Begun To Fight

I will never forget my mostly happy childhood during the first twelve years of my life. The neighborhood was idyllic, with wonderful God fearing, kind and mostly successful neighbors. When I say successful, I do not mean that our great neighborhood was an economic rival of the upper west side of Manhattan, but all the neighbors worked.

A Biden Presidency Would be A Disaster – His VP ‘Picks’ as President Would be Worse

If you haven't heard of Bass's pet "bill," the New Way Forward Act, let me be the first one to acquaint you with it, this is some epically bad legislation. This "bill" would require the U.S. government to reimport hundreds of thousands of illegal aliens that were deported for – now get this, committing crimes!

When 'Smart' is Stupid

I grew up believing in Evolution, because that's what I was exposed to and I never heard anybody question it. But now a lot of people question it, including me—because it just doesn't make sense.

Will America Survive Another 100 Million Immigrants: Poisoning Our World?

What happens to the soil when you must feed an added 100 million more people to America? What happens to irrigation systems? What happens to ground water when you spray poisons or inject them into the fields? What happens to your health when you eat those poisoned foods from those fields? What happens when you eat genetically modified foods?

President Trump Meets with the National Association of Police Organizations

Leadership at White House

In the midst of the Democratic Party's verbal war on American law enforcement officers and their support of radical groups creating havoc in Democrat-run cities and states. On Friday President Donald Trump hosted a meeting with some of the nation's top cops.

Good News: You No Longer Have To Choose Between The Lesser Of Two Evils

If Americans are as sick and tired of the same rhetorical cycle of insanity, receiving the same broken promises from the same corrupt politicians that have been puffed up by the MSM, then simply take the time to know the real options that have been given where it is you will not have to choose from the lesser of two evils.

The Only Way To Confront Violence Is With Force

Now there may be another way to confront the anarchists, with a show of force. The good people of Coeur d'Alene, Idaho came out in full force carrying guns when they heard that ANTIFA

was on their way to protest in Coeur d'Alene. When ANTIFA showed up, heavily armed civilians escorted them out of town. Not a shot was fired. The PEOPLE spoke!

Convict And Jail Communist Leaders For Treason

I can only vote for President Donald Trump, because he is the only man who has demonstrated his ability to help us survive the Chinese Virus, Rebuild our country, protect the people, and defeat the Communist insurgency. There is no other choice, except slavery.

Psychotic Judge Refuses to Dismiss Flynn Case

General Flynn never lied to anyone, and that includes VP Mike Pence who actually lied to the media. The General fell on his sword for the new administration, and has been persecuted ever since. Why you ask? Because the Deep State knows exactly what Michael Flynn is capable of and they hate him and are they're scared to death of him.

Obama, China and The Great Reset

The China virus now provides the springboard for what Obama and now Joe Biden are calling the “transformation” of the United States. Fear of the virus is driving many to accept this version of socialism in America. Trump has not been able to dispel the fear and has 90 days to turn around the perception that he has lost control of events.

The Politicization of Healthcare

An accurate COVID-19 death count of people who have died from COVID-19 alone will not be forthcoming from the CDC, but it is nowhere near the 157K people they claim to have died from the disease. It seems most people know this, yet people keep repeating the CDC narrative of contributing as many deaths as possible to COVID-19.

Could Mail-in Ballots Help Trump Win?

One must have a game plan and this goes for national as well as local elections. It's a shame less than 1% of challengers

ever bother to challenge the outcome of an election because if they did conduct a forensic analysis, massive vote fraud via machines would have blown up that whole scam decades ago.

Why No Autopsy for Supreme Court Justice Scalia?

A scion of the Supreme Court, a man very much larger than life, amusing, very close friends with the most liberal member of the court, a man who cherished the Constitution and loved to teach, a fair-minded Supreme Court icon is found dead in bed and there is no need for the judge to come out?

Will America Survive Another 100 Million Immigrants? Let's Talk About National Parks Congestion

With Antifa and BLM burning and looting with no constructive plans other than anarchy—we all face cultural suicide at an accelerating speed. A Constitutional Republic must maintain a majority of morally, ethically based, and responsible citizens in order to thrive.

Aversion to Tyranny

In fact, freedom of speech is under fierce attack in America today. You'd think we were living in Russia or China, the way people are being fired for their personal opinions not even expressed on their job. Voices that contradict a mainstream narrative are being silenced by the hundreds or even thousands. That is not freedom of speech or expression.

The New Political Agenda, Part 2

In recent days we have seen the Big Tech companies being drug before Congress to explain why conservatives are being banned from posting. They all claim that it is a 'glitch' in their algorithm. If you believe that there is some beachfront property, I would like to sell you just outside Bozeman, Montana.

On A Quest For 'Normal'

A few weeks ago, my wife and I took some time off. It was way overdue and a greatly needed break from our hectic work life. Because while many others have been out of work, or staying at

home under “quarantine,” we have both been working harder than ever, longer hours than ever, with days that begin before sunrise and rarely ending before midnight.

Philip Haney's Mysterious Death

Philip was an extraordinary individual. He had dedicated his entire life to keep America safe. He was brilliant in his own area of expertise. He never seemed to get tired of what he passionately loved to do: protecting our American mainland from the threat of Islamic terrorism.

Face Mask Tyranny is Here

In conclusion, any business enforcing these mask requirements claiming them to be law is improperly restricting the freedoms of the citizens of their state with no lawful basis to do so.
