

The Face of Communism in America

Closer to home, my group, America's Survival, Inc., examined how the Obama regime played a major role in the "success" of Canada's Liberal Party leader Prime Minister Justin Trudeau, who is corrupting Canada through drugs, sexual perversion, and a Muslim invasion.

Fascism: It's All in Who Defines It

It has become custom in American politics to misuse words to define, label and target Citizens and political opponents in order to divide and conquer the electorate by pitting American against American on the basis of false propaganda. The false propaganda includes the intentional false rewriting of history...

Marjorie Taylor Greene Busted Again

If you remember, Marjorie Taylor Green, the one who decried the "Vaccine Nazis" and who boasted about not being vaccinated, was found to be guilty of investing into the very

companies that she was publicly condemning (Proverbs 17:15).

God Has the Plan And the Pattern

In 1905, wealthy John D. Rockefeller, Sr. established the General Education Board (GEB). In no time at all, the GEB was working in tandem with the CFAT to develop standardized curricula with standardized text books for all American children. It was at this time that the Rockefeller Foundation was formed. The demonic occults rule America; not the people. Church is silent!

Gender Conundrum, Front and Center

Woke professionals at Boston Children's Hospital accept the notion that sexuality is how you feel about others; gender is how you feel about yourself. Astonishingly, they recognize "trans" in toddlers (even babies), thus begging the question, "Are all toddlers 'trans' for refusing a haircut and playing with opposite-gender toys?"

A Morning to Remember: Magic of Glacier National Park

Canada to Mexico, Continental Divide, waking up to a sunrise over St. Mary's Lake, Glacier National Park. With such energy in the air and such visual transformation, we felt blessed to see the sky, the long white cloud wafting over the valley, two grizzly bears, eagles, deer and wildflowers.

Understanding Sovereignty Doctrine Dual

Most of us are aware of Double Jeopardy, the right to not be tried for the same crime twice, but the courts have adopted a "dual sovereign" doctrine to get around this pesky little problem. Two Supreme Court cases out of Oklahoma show how good intentions often lead to problems, and how the court makes up the rules as they go along.

Mass Media Mind Control

For many years, I made fun of the "chem-trail" conspiracy theorists because as a fixed wing pilot for years myself, I'm quite familiar with vapor trails. But the recent display of utter mass-insanity in our country made me wonder if we were not being poisoned by our own government, be it via chem-

trails or our food and water supply.

A Prayer To Save Us From A Global Health Crisis

Please hear our prayers now. Drive Satan and all the demons of hell away from our nation and away from all Christians around the world that are being persecuted for their Faith. Free us from the tyrannical control they are seeking to impose upon us. May you get all the honor and the glory for the victory.

Words Have Power

V for Vendetta, a dystopian political action film that debuted in 2005, portrays an England of the near future ruled by a fascist and authoritarian regime which maintains control over the people through constant propaganda, and imprisonment or execution of dissidents.

If 'They' Take Control, Will

The Republicans Do What Needs To Be Done

There is a very good chance that the Republicans will take control of the House and possibly the Senate in the 2022 Mid-term elections. As they should because what the Democrats have done to this country is a crime. Literally. But there needs to be a lot of concern from the voters about what they will do with that power.

Report from Hades on the Covid Plan for World Domination

You might wonder where Hades is, or what it is. It's a classical term for what some of you clods call Hell, but we don't like that term. It's very bothering and offensive and Hell-phobic, so we've decided that you must use the term Hades. We think it might confuse you just a bit, which is always good.

A Commentary on Power vis a

vis Social Order

In George Orwell's 1984, the Inner Party inquisitor demands that protagonist Winston Smith prove his allegiance to Inner Party doctrine by demanding that Winston acknowledge seeing five fingers, instead of the four being held up. The parallelism with the Transgender movement is obvious: absolute denial of facts coupled with the demand to affirm blatant fictions.

Selling Your Freedom for a Pittance

Like easily predictable clock work, the O'Biden regime is in pre-election rapid fire attempts to buy votes from unsuspecting young YOLO (you only live once) voters only thinking about today, with no foresight into the hellish future they are creating for themselves and everyone else.

Blue Ovals and Infrastructure Boondoggles Are Targeting Tennessee

Earlier this year, local activists in Tennessee, along with Mississippi and Arkansas, fought off the Global Public/Private

Partnership (GPPP) of “RegionSmart Development District that would cast a net of control over portions of all three states. Now we are looking at another big GPPP incursion into the Volunteer state.

It’s Getting Confusing

While “teachers” are feeding children roasted crickets in the classroom, we have two alleged law professors in the New York Times calling for the abolition of the U.S. Constitution. And if that weren’t enough, suddenly we have these weird polls claiming a great “surge” for SloJo Biden and his handlers and a big win for Democrats in the midterms.

Invasion or Surrender?

It is into this SPIRITUAL war that we have all been birthed. There is no demilitarized zone in this war. It is all encompassing. It is a battle for rightful ownership of the WORLD. The natural world. The one into which each and every human has been birthed. That is the first Truth that one must grasp before a deeper understanding of this war can be understood.

Is Anyone Taking Climate Change Seriously? Apparently Not!

My challenge to Time Magazine editors: get off your complacent rear-ends and start reporting the down and dirty facts of what we face: massive human die-off, endless animal extinction rates, accelerating water scarcity, growing loss of energy, exhaustion of natural resources, toxic biosphere from 10 billion people burning fuel to eat, keep warm and transport.

9/11 Demolitions, Diversions, & Deceit – Devilish Driver of the NW0

The whole thing comes off as one gigantic gaslighting operation on a population too naïve, dumb or scared to understand what happened or to respond if they did suspect the truth.

The Department of Homeland

Security Whistleblower Confirms the Unthinkable

Well, now knowing this, and this is just the tip of the iceberg, it should come as no surprise that this is the same unconstitutional agency illegally trafficking young children (Luke 17:2).

The World of the Left is Like a Well-Used Litter Box

Anyone who has ever had pet cats will understand this reference immediately. If you have not, try to extrapolate, and take my word for a few things. The box can contain some pretty ugly “surprises”. It may look only slightly used on the surface, but when you dig...well, you know.

The American Gestapo

Are Americans so weak that they will keep their heads down and hope the evil passes? Are they so propagandized by the Democrat’s media comrades that they believe what is happening is righteous? Or are they oblivious to the very threats of evil occurring in our nation and around the world?

How and Why Republicans Lose Elections

Bombarded with messages from the Obama campaign and the Soros-funded propaganda machine, including the Super PACs he funded, voters found Romney's private sector experience on Wall Street and wealth more objectionable than Obama's record as a Marxist president.

Can Congress Create Term Limits for the Supreme Court?

Whether you think there should be term limits for justices on the Supreme Court, or federal judges in general, it cannot legally be done by simple legislation. What these Congressmen want to do requires an amendment to the Constitution.

Protectionism vs Isolationism

Selling NAFTA by Congress and the biggest mouth being Newt Gingrich was America wants cheaper goods! Yep. NAFTA and the GATT/WTO gutted cities and towns across the country and there has been nothing cheap about it. Ask me because I've driven

through hundreds from Sacramento to DC and back; north and southern routes several times.

Part 2: Will America Survive Our Multicultural Future? The Rest Of The Plan!

If you've ever heard Victor Davis Hanson interviews with Tucker Carlson, Hanson's probably the smartest and wisest historian in America. His book predates Murray's book by 20 years. Southern California has been devolved into El Norte Mexico of America.

The World Economic Forum and the Great Reset, Part 4

These are just a few of the people that are behind this WEF Great Reset. I do believe that there is a Great Reset coming but Schwab and Harari will have nothing to do with it. The men I listen to are saying that God is going to initiate the Great Reset and it will decimate those pushing the WEF.

When the Credit Card Comes Due

How do we rescue ourselves from such despotism? The answer is, we don't. God can, and maybe He will, if we will sincerely repent of our national hedonism and apathy and the lukewarmness among professing Christians. But I believe we're too stiff-necked as a people to ever bow the knee to the Almighty...

Will Republicans Stop the 2022 Election Fraud?

If Democrats were accusing Republicans of fraud, the media would be trumpeting headlines that declared that the 2020 election was an act of treason and insurrection. They wouldn't have needed to instigate a January 6th so-called "insurrection" so that they could block Trump and other Republicans from running based on the 14th Amendment.

Republican, Democrat, or Independent

Every issue presents either truth or lie, and an opportunity to choose either right or wrong, not just for ourselves, but

for our town, county, state and country, and all posterity. Like any other team sport, if you are not part of a competitive team, you're not even on the field of play and cannot possibly affect the outcome of the game.

Is the Narrative War About to Explode?

But let them prove the hypocrisy of A.G. Merrick Garland's "No one is above the law," when Trump is publicly accused of doing something Hillary Clinton was able to skate away from. Let the Bidenistas prove their hypocrisy by continuing to protect Hunter Biden and his now-infamous laptop.

Why Obama Is Out to Get Trump

Professor Jonathan Turley was on Fox saying he had supported the confirmation of Merrick Garland as Attorney General but now says he is disappointed in Garland's political pursuit of Trump. Turley still doesn't get it. Garland is an agent of Barack Hussein Obama, who approved Hillary's plan to launch the FBI's "Crossfire Hurricane" investigation of Trump.

Will America Survive Our Multicultural, Diverse And Divided Future?

CNN's Joy Reid makes bold statements that ours is a racist, white supremacist and systematically "white privileged" society by European Americans. The author of Critical Race Theory states that "white privilege" dominates America.

Teachers' Unions... vs. America

After a two-week teachers' strike some months ago, the Minneapolis School District and the city's teachers' union have signed and just ratified a new contract... which is outstanding for its blatantly racist provisions.

The USA is Totally Insane

The vast majority of Americans trust no one now, and largely for very good reason. Americans have been openly betrayed by politicians in all political parties, every news outlet, the social media CEOs, church leaders, "patriot" group leaders, Hollywood, and due to COVID, even their...

Fractured Bedrock, Part 1

In closing, free speech, a free press and the free expression of ideas shows itself most powerfully, not on Twitter, Facebook, or Google but at the polling place. This is why ensuring the voice of the citizen through Election Integrity must be our highest universal goal.

Radio Show Censored for Exposing the Media's Conspiracy Theories That Turned Out Be True!

How telling can this be? Saturday's The Sons of Liberty radio show was censored for exposing the mainstream media's conspiracy theories that turned out to be true (Jeremiah 11:9). This happened all in the face of the viewers' responses stating: "The Sons Of Liberty ought to be required listening."

Thoughts on the Alex Jones Saga: “Conspiracy Theories” the Good, the Bad, and the Bogus

That said, we must acknowledge that he was in the forefront of those exposing globalism. He drew attention to unanswered questions raised by the Oklahoma City Bombing and, six years later, 9/11. Mainstream corporate media hated his guts from the get-go, especially when his audience began to rival theirs in size.

We Can't Impeach Our Way Out of This

Pinochet saved Chile from communism, and presided over a transition to a free-market economy and democratic system that produced the greatest prosperity in Chilean history. He led a revolution in Chile that by communist standards was virtually bloodless. Some 3,000 people were killed by the military when they overthrew Salvador Allende.

Maine's Tuition Assistance

Those who have stoked the fears of America becoming a theocracy have used the misinterpretation of Jefferson's "separation of church and state" to effectively do what they claim to be avoiding: Establishing a national religion of secularism. This case is one small step for religious freedom in America.

87,000 New IRS Agents to Enforce the Big Lie

Nothing new for those not familiar with the IRS and their special agents armed to the teeth. And, make no mistake about this: Just as what happened a decade ago, these newly minted "public servants" will go after constitutional groups and non-profits fighting back against this in-your-face tyranny we are living in every day.

Trying To Wrap Your Arms Around Our Criminal Society

For what this society once was after WWII, it's almost beyond frightening as to what's coming once the baby boomers die out. There won't be any moral, ethical or spiritual foundation left to carry on our way of life. Why? Because the

Constitution needs a responsible, educated, moral and ethical citizenry to continue.

One Blood, One Family in Jesus Christ

During the opening ceremonies of the Olympic games, it is customary for the athletes of the many participating nations to march into the stadium under their own nations' flags. This is in preparation for the national teams to compete against each other to gain glory for their respective countries.

The World Economic Forum and the Great Reset, Part 3

Also, keep in mind that Klaus Schwab is a student of Nixon's dirtbag Secretary of State, Henry Kissinger. Kissinger is a major proponent of the New World Order. He believes that the elites need to control everything. He has stated...

Our Country, Apart From God

Meanwhile, Klaus Schwab of the World Economic Forum recently stated that people should not be allowed to own their own cars any longer – cars should be shared with others or “rotated” between groups of people – but people should not be allowed to own their own cars.

Public Utility Commission's Smoke and Mirror Tactics

Here in Oregon, we can see the same large-scale charade taking place. Oregon's Democrat legislators are simply keeping the con alive. They have amassed expansive power while keeping the game rolling along like a roulette wheel or magic show. However, their act is fast losing its “Prestige”.

Totalitarians Caused and Committed the Three Mass Murders of Covid

Whatever the genesis of the “pandemic,” the guilty parties are the totalitarians at every level of society who acted against the principles of freedom.

Lost White Migrations and Civilizations – Part 3

The pyramid-like structure was discovered 60 feet at the bottom of Rock Lake in Southern Wisconsin in 1991. Three thousand years ago, that same structure stood at the edge of the lake. Sea levels had risen since the end of the Ice Age, hiding the now submerged remnants of extinct civilizations in various locations around the globe.

The Presidency from ‘Beyond’ Hell

Forget the talk about “The Biden White House.” The Biden Administration is the spawn of Barack Hussein Obama. You can’t understand what’s happening now without an appreciation of Obama’s communist mentor and Obama’s relationship with China, Russia, and radical Islam.

Carbon Capture Pipelines =

Environmental Idiocracy!

I must tell you, the response from my audiences was powerful. As I write this, they are now working to build the effective organization I called for. The citizens must do the work to convince their County Board of Supervisors to take these actions. I am now getting reports from the leaders I've been working with that this is starting to happen. Opposition is building.

Caution! — 'Educators' at Work

An "academic dean" in the Boston Public School system has pleaded guilty to racketeering. One Shaun Harrison, 63 years old, shot a student. It turns out that Mr. Harrison belonged to the Latin Kings street gang and was using his position in the schools to recruit more members to the gang.

Ask Not What Your Country Can Do For You

Because Americans have been asleep at the wheel for so long and still not ready to make a united stand against tyranny, I suspect we will find out what they can do before November, when democrats are poised to lose political power from sea to

sea and border to border.

Honor Killings In America and Female Genital Mutilation in 2022

Muslims call it “Sharia Law” and for them, it supersedes America’s Constitutional Law. They have no intention of ever becoming citizens of America, but in fact, expect to continue their conquest until we submit to their Sharia Law. It’s creeping across America with every Muslim immigrant added.

Let’s Give the Gendericists a Taste of their Own Medicine

Traditionally, humor have been the weapon of the underdog to fight tyranny. Why? Because tyrants hate humor, particularly when they are the butt of the jokes. Satire is the second best tool for fighting tyranny. Tyrants and heir sycophants lack a sense of humor.

Bradlee Dean Taking the Time to Confront Antifa to Their Face! (Video)

You are not to be afraid of these advocates of crime. You are to confront them and to give them the knowledge of their sin both before God and our laws in hopes that they will repent (Psalm 94:16).

The Origin of Covid-19—Updated, Part 16

In June of this year, Dr. Anthony Fauci tested positive for Covid-19, and on July 22, White House Covid-19 response coordinator Dr. Ashish Jha said, “This virus is going to be with us forever.” Can you imagine the population control elitists’ response to this?

The Great Reset’s Luciferian Minions

The latest so-called leader of this nightmare from hell is Klaus Schwab, but we know he is just another puppet, another player along the road of turning America into a communist nation. Collectivism, regionalism, governance, public/private

partnerships, the New World Order, the Great Reset, and ultimately United Nations Agenda 21/30 are all the same.

FLASHBACK: Letter to 1100 State Legislators

Knowing the truth will allow people to plan and go for solutions instead of more Band Aids. There's been a few hick ups with the market but as I said in my Global Depression column, what's underway will rock the world.

Betrayed By Our Own President: Drugs Pouring Into America

Last week, I listened to NPR's Terry Gross interview Scott Higham, the author of American Cartel, the opioid death crisis overwhelming America in 2021 with 107,000 overdose deaths.

Please note that authorities expect another 100,000 deaths in 2022.

Seek the Old Paths

Just about every week, I'm contacted by folks who are desperately searching for a church body in their area to be a part of, with a pastor who is unafraid and unashamed of preaching the whole counsel of God, regardless of who it may offend. Unfortunately, I can offer little hope to them. Churches like this seem to have gone the way of the horse and buggy.

Part 1 – ELECTION FRAUD – A Solutions Series

Like all political policy writers, we get a lot of reader mail, and almost all of it in recent times says the following – “I agree with everything you said and God Bless you for saying it! BUT...WHAT ARE THE SOLUTIONS?”

The World Economic Forum and the Great Reset, Part 2

The WEF seems to be concerned about saving democracy but thinks that the only way to preserve democracy is to battle against climate change. First, we should let democracy die. It is a horrible governing system that has always ended in death and poverty for the people. We have a constitutional

republic that has been the most successful governing system in the world.

Synopses, Snippets, and Short Takes of/on News You May Have Missed

The US military no longer exemplifies the peak of physical fitness and culture that once was a special attraction for joining. In addition to lowering educational requirements, the Army has boosted bonuses, offering more flexible contracts and duty stations of choice – all to no avail. It is well to remember that no nation remained free when its own troops were replaced by mercenaries.

Democratic Party – The Party of Warmongering, Cowardice and Racism

Then along came Joe Biden and his crime family. I won't waste time on the events leading up to Biden's cowardly retreat from Afghanistan resulting in the deaths of 13 US service men and women and the loss of unknown numbers of American and Afghan Visa holders that were left behind at the mercy of the Taliban, many of whom were subsequently executed.

Learn How To Dribble A Football: Life Calls You

High thinking creates high vibrations in your mind and body. Such “thinking” loads the body with “oxytocin” that creates love bonding, higher purpose and more energy. While thinking “love” thoughts, the body floods with “serotonin” that turns every consideration to the positive side of living.

Cash to Crash as Orwellian Future Wells Up

The other option to survive in the coming cashless society will be to create local currencies enabled by a local trading system a/k/a: LETS – as in let’s do it! This type of system was used and was very popular in Canada at one time. LETS allows members to obtain goods and services through their local currency which is accepted by local retailers who are enrolled in the system.

Jesus Was The One That Told

You To Buy That Sword

Shortly they must go into every part of the land, and will need weapons to defend themselves against wild beasts, and to intimidate wicked men, who, if they found them totally defenseless, would not hesitate to make them their prey, or take away their life.

Taiwan Is the Real China

The Chinese Communist Party (CCP), as is typical of all dictatorships, excels at the destruction of the human soul and freedom. The CCP has done its best to make the world afraid of its power, but one tiny country recently said “no.”

Incredulous: “Indisposed to admit or accept that which is related as true”

The venom of Evil – which is everywhere today – paralyzes the moral mind. Lucifer and his gang know this, and hope you will become so tangled in the web of utter disbelief, and terrified of the dark shadows you see everywhere, that you will become powerless to act. Don't let yourself become their victim. Stand strong for what you know is right. Get off the couch and out the door. We have a country to save.

The Bill of Rights Shall Not be “Infringed”

In response to this ruling, the Democrat controlled House just passed a new “infringement” bill in “Assault Weapons Ban of 2022, H.R. 1808,” by a narrow 217-213 four vote margin. Seven House democrats broke ranks with Pelosi, but two House Republicans broke ranks to vote with Pelosi, against the Constitution and Bill of Rights.

Turning a Lemon into Lemonade

Since 2014 the court replaced the flawed “Lemon Test” with a more constitutionally sound methodology. While, the District and Circuit Courts didn’t recognize this fact, the Supreme Court did. Will this new opinion help the lower courts recognize that a person’s right to freedom of religion isn’t subject to the government’s fear that someone may see it and think it’s an endorsement?

Global Depression is Already

Underway

Joe Manchin was the news last week when he reached a deal to further RAPE the American people with more debt in cahoots with career crook, Chuckie Schumer [D-NY] regarding the globalist robber baron's bill. Biden is in the first stages of Alzheimer's disease so you can forget anything coming out of his mouth as coming from any original thought.

How Do We Make The World A Better Place? Gossip—The Devil's Radio

When confronting or dealing with small mindedness or a toxic environment, whether at the office or at home, the key remains openness, hearing all sides and an appreciation of all perspectives. Once you move issues into the open, many people step to the positive side of the equation. In the end, you vanquish the “devil's radio” while you open lines of communication for better understanding...
