

Regretfully, DEI Isn't as Useless as Tits on a Boar Hog

Raunchy title, do you think? It's got nothing on DEI – Diversity, Equity, and Inclusion. At least those appendages on the boar hog affect nothing; the dedicated Marxists – useful idiots for the globalists and Deep State – are using DEI to destroy the greatest culture that graced God's Earth.

Should Rahimi Be the Poster Child For the Second Amendment?

Federal limitations on gun possession have been a sticking point among the Second Amendment community for decades. I know several groups and law firms that have been looking for the perfect case to challenge these laws. Instead, Zackey Rahimi got his case to the Supreme Court first.

The Assassins of the FBI

In the video game, Assassin's Creed, the gamer can play the role of a legendary samurai and a shinobi assassin in feudal Japan. In real life, President Trump's alleged would-be assassin in current-day America was facilitated in his mission

by the FBI and then, after he was terminated, the FBI sanitized the crime scene, burned his body, and has failed to tell us what was in his encrypted overseas accounts.

Illusion of Being Right: High Level Fear Wearing A Mask

We humans make judgments on just about everything that comes into our eyesight. We judge ourselves when we look into the mirror in the morning. We judge our friends by the cars they drive. We judge strangers by the clothes they wear. We judge incessantly beyond the borders of our minds.

The Hellish Nightmare of DMV Bureaucracy

I sent my Congressman, Tim Burchett, the original article on this nightmare debacle, and he was kind enough to call me at home. I told him the whole story and asked him if he couldn't please do something to make life less difficult in attaining the desired ID.

Why Don't ALL Americans Want Honest Elections?

I don't know about you, but I would like to return to the good old days of paper ballots and same-day in-person voting, with some non-government accounting business actually doing the counting. Sadly, our "government" has become too political to trust either side and I sure as hell don't want the FBI investigating anybody or anything!

Sinking Into Tyranny

To me it looks like our Western civilization sinking into tyranny. Violence in the streets, as our namby-pamby leadership tries in vain to appease Muslims with a screw loose; the government reveling in unlawful censorship; and a trip to the cop shop for anyone who has a beef with a public employee—is this what passes for the Free World, nowadays?

Here We Go Again... Denying What The Lord Confirms! The Gifts Are Still In Operation!

Well, lo and behold this week, Paul Washer came out and talked of how the gifts of tongues are no longer in operation. What

is it that this named preacher (Though I respect a lot of things he does say) does not understand? The Lord has NOT changed (Malachi 3:6; Hebrews 13:8).

Fools Are Promoting a New Constitutional Convention

I would guess that not one of the politicians promoting a Constitutional Convention (Con-Con) has actually studied the document or the history of how it came about. All of them should take the Hillsdale College course on our Constitution. If they had, they certainly would be more cautious of opening another convention.

I Will Be A Watchdog – Not a Lapdog

I am running for the office of Oregon's Secretary of State because our state is at a crossroads. My wife, Diane, and I have had the privilege of living in Klamath County for over 3 decades. As we celebrate 44 years of marriage, our roots in Oregon run deep, with our children building their lives and families here in the Pacific Northwest, as well.

How the States Can Suppress Illegal Immigration

In addition, it would not be amiss for “the people” to make crystal clear that public officials’ failure, neglect, or refusal to act immediately and effectively to obviate these “grievances” in exact accordance with the proposals for “redress” presented by the citizenry will constitute further “grievances”, leading inexorably to “redress” in the form of those officials’ removals from office—to be followed in due course by appropriate punishments for their derelictions of duty.

The Bill of Rights and the States

When I sat down and read the Constitution for the first time, I was struck by two things. First, how much I had not been taught in school. Second, how much of what I had been taught was absolutely wrong. This idea that the Bill of Rights did not apply to the states until 1868 and the ratification of the Fourteenth Amendment is one of those things we’re taught that’s absolutely false.

Activities In the Last Days

The Body of Christ in America, with obedience to the Holy Spirit, is going to clean up this spiritual mess we have allowed and tolerated in this nation or God is going to judge us and our punishment will be swift and very painful as no other in this world. We have allowed Satan to steal our “paradise” just like he did with Adam and Eve and God will not hold us guiltless! “Silence in the face of evil is itself evil; not to speak is to speak; not to act is to act.” (Pastor Dietrick Bonhoffer, Germany 1933).

The Left Is Energizing Their Base

What we do, as Christians, makes a difference, whether we want to accept that responsibility or not. Perhaps more importantly, what we fail to do, as Christians, has a profound impact in the nation and world we live in – and the nation and world our children and grandchildren will inherit from our watch.

The Entire Democrat Party is

Built on Lies

The made-for-TV con-job masquerading as a party convention may be the final straw that breaks the back of the Democratic Party for the next hundred years. For at least the past seventy-years, the party has been built upon two failing ideas that have left the party painted into a corner they may not be able to escape in the 2024 elections.

The Digital Minefield of Nigerian Scams

In the digital age, scams have evolved from simple deceptions to sophisticated operations, often targeting vulnerable individuals and communities across the globe. These scams, particularly those originating from specific regions like Nigeria, have become notorious for their effectiveness in deceiving people out of their hard-earned money.

An Open Letter to Mr. Donald J. Trump

This messaging strategy should go further than just implanting in voters' minds the fear of what could happen if a lifelong, bona fide DEI appointee and cultural Marxist gets into the White House. It would be, as I said last week, presidency-by-

committee. By a committee of committed cultural Marxists!

The Door To Your Emotions

“Every emotion that is turned on by the outside makes you into a beast, subject to the control and the mood of the outside, with less and less control within your own self. “

Get In On the Joy!

And across the water, Britain's new Labour government (that's "Off-the-Wall Far Left Crazy" in American English) has threatened a government crackdown on "harmful beliefs". They've vowed to go all-out, no quarter asked or given, against "extremism." If your beliefs ain't right, the cops will bite.

Your Invitation to a Great Life

In recent weeks, my son Trevor quit his well-paying pharmacy tech job in Denver, Colorado for a "room and board" position in a quiet village in the Austrian Alps. He sickened of his role in filling drug prescriptions for people addicted to poor

health, synthetic solutions and no personal accountability for their own wellness.

Is God Protecting Trump?

Our media are concerned about the hurt feelings of Kamala Harris. She doesn't like the "personal attacks" on her intelligence. Even the "conservative" channels focus on this, suggesting that President Trump take a different tack. This is a man targeted by "personal attacks" that included an attempted assassination and yet he is the one who has supposedly gone too far by questioning the intelligence of the Democratic nominee.

When the Government Creates Agencies to Harass and Stalk it's People

Today, Americans have become so ignorant of their purposes and foundations that they believe the federal government is the head and the state is the tail. In other words, Americans are watching the tail wag the dog. They have it backward (Psalm 94:20; Isaiah 59). For the record, the states created the federal government.

The Coming Calamity of the Cackling Candidate

I will not be surprised if, at the Democrat National Convention in Chicago, Walz is waltzed out of the picture—perhaps by an unfortunate health emergency—and Kalamity with him, all orchestrated by the real brains behind the circus we've been looking at for the past four years.

Glaring Secret Service Incompetence Or An Inside Job?

Assange had been given information that Samsung TVs were able to listen in to private conversations in homes when the TV was allegedly off. CIA agents then listened to recordings. Vault 7: CIA Hacking Tools Revealed was published by Wikileaks on March 7, 2017. Not a good thing for the CIA. Years back, a gal at our church whose son worked for Samsung told her this was true.

Detective Michelle Horridge is a Beacon of Hope

Stories of compassion and courage serve as a much-needed balm in a world often marked by headlines of tragedy and division. Such a narrative unfolds in the heart of Flower Mound, Texas, where Detective Michelle Horridge has emerged as an extraordinary champion for mental health and community well-being.

Is a Political Earthquake Coming for the Democrats in October?

Watching Ho Harris lie through her teeth and doesn't have a single original thought in her empty head is akin to seeing a proctologist. In a fair election the dirty traitors behind the curtain know damn well Trump would win by a major landslide.

Our Government is a Reflection of YOU

Baseball used to be the national pastime in the USA. But that's back when a single income was enough to raise a family.

It's back before online pornography, and kids who have been raised in their bedrooms playing video games with their doped up virtual friends, desensitized by killing, rioting and looting for points of no value whatsoever.

Your Inner Life Elevates Your Outer Life

It's crazy out there in America today. My own State of Colorado's unelected supreme court justices just took candidate Donald Trump off the ballot. They are SO political that they will do anything to stop him. They haven't read the U.S. Constitution because what they did is unconstitutional.

'Cornerstone' One Mega Church Waking Up and Hopefully Many More!!!

Now for the church in Texas that is waking up. The name of the church is CORNERSTONE CHURCH in San Antonio, Texas. The pastors are John Hagee and his son Matt Hagee. The church address is P. O. Box 1400, San Antonio, Texas 78295, Email: jhm.org and their phone number is 1-800-854-9899 The church is on You Tube Sunday at 8:30 am CST.

We Can't Do It Without You

Wisconsin Christian News is now in its 25th year of publication. Prior to starting the newspaper, I owned and operated a photography studio in my hometown, which I started from scratch. We built up a great business there, with over 300 regular clients.

Heed the Urgent Warning

Out of His love for sinners separated from God and headed toward a catastrophic judgment day worse than a nuclear holocaust, Jesus did not send angels to rescue us. He came Himself to pay in full our sin debt by dying on the cross and rising from the dead. Jesus urgently bids us to heed His warning and flee the wrath of God to come by trusting in Him (1 Thessalonians 1:10; Revelation 19:11-21).

What Would a Kamala's and Tampon Tim's Presidency Look Like?...

Many of us, back in the day – for me it was the early 1990s –

underestimated the cultural power the hard left had even then. This power is based on emotion, not reason. It is also based on the Platonist idea that some are most fit to rule others.

America's Invasion from Within

With global IT outages, stock market crashes, open borders, attacks on Jews worldwide, and assassination plots against President Trump unfolding on a regular basis, many people know instinctively that something very bad is happening to America and the world. But retired Army Lieutenant Colonel Ralph Siegrist is warning that the worst is yet to come

Florida's New Red Majority Comes From Its Citizen Activists

Tallahassee should be thanking their lucky stars for these people, not prosecuting and persecuting them. Certainly, DeGov and his RPOF should NOT be taking credit for something that has benefited Florida, and the cause of freedom – ESPECIALLY when it was done by the very people the RPOF is trying to remove from having a voice in their state.

Driving a Parked Car

Most of what passes as Christianity today is nothing more than self-help therapy masquerading as Bible preaching. Maga Churches are the worst. The larger the crowd, the softer the message. Soft preaching draws a crowd while hard preaching thins out the crowd.

Luxury, Foppery or Truth

Our constitutionally federated Republic is facing difficult days. It seems there is a lack of faith in government and the very people involved in representing us, as their so-called constituencies. This is understandable.

Creating Solitude for Your Spiritual Bliss

The point of solitude means to be luxuriously immersed in the quiet moments of your own choices. You become fully aware of being alive without being ushered into the scurry of daily living.

Kamala Harris' Connection to the Largest Elections Tech Firm

In 2014, Smartmatic's CEO, Antonio Mugica and British Lord Mark Malloch-Brown announced the launching of the SGO Corporation Limited, a holding company based in London whose primary asset is the election technology and voting machine manufacturer. Malloch-Brown became the chairman of the board of directors of SGO since its foundation.

We Need More Personal Attacks

Fox News is the milquetoast network, sometimes offering good conservative news items but coupled with its own misguided opinions from various anchors and paid commentators about how President Trump should be conducting his campaign. Their latest advice: avoid the "personal attacks" and campaign on the "issues."

'A Campaign of Joy'???

Meanwhile, the Cackle Queen has held no press conferences, sat

for no interviews, and labored to give the impression that there's really nothing that she has to do to win this. Instead, what we get is a ton of media drivel about her "campaign of joy."

When a Faithful Witness is Found Within the Ranks of the Un-Godly – The Lord is Glorified!

In a world full of treachery (unfaithfulness in covenant to God) and betrayal to the God who gave so much (John 3:16), how few there are who understand how to bear their cross that the Lord may be truly glorified (1 Corinthians 2:8; Romans 1:16; 2 Timothy 4:16-17).

Forcing A Flower

"It is lust for power, greed, selfishness, and impatience that will destroy all of you. We must change our approach to one another. We must discover the true meaning of grace and love."

Never-Ending Assassination Plots Against Trump

I repeat my request to President Trump: He should pause his campaign and deliver a national address to the American people explaining that not only is his life in danger but that the American system of government is being subverted by powerful domestic and global forces that want to install Kamala Harris in the White House.

January 6th Over Charging

What can we conclude from this decision? First and foremost, that everyone deserves due process, regardless of how despicable we may think them to be. Remember, no matter how badly you may want someone to pay for their actions, there's probably someone out there who feels the same way about you.

Democrat Voters Want a Communist America

Progressives are full blown Marxists. Oh, they might huff and puff and say that's not true but well-crafted Soviet style brain washing indoctrination methods were slowly inculcated using America's schools even before I was born. By the time impressionable (and sometimes rebellious) young Americans got

out of high school or colleges, they believe America is a democracy which it is not.

The Journey Back: I Choose Me

A writer-alcoholic Dina Kucera said, "I felt empty and sad for years, and for a long, long time, alcohol worked. I'd drink, and all the sadness would go away. Not only did the sadness go away, but I was fantastic. I was beautiful, funny and I could do math. But at some point, the booze stopped working. Every time I drank, I could feel pieces of me leaving."

The Iranian Assassination Campaign Against Trump and America

As a more than 40-year veteran observer of the American political scene, I have never seen anything like this presidential campaign, where one political party, the Democrats, have eliminated their own candidate from the race and tried to kill the opposition candidate. But this is the situation America finds itself in.

What is Wrong With America?

The second restrainer we have lost in America is the home. God's definition of the home is the place where dad, mom, and the children – called the family – live and function together. A home is a place of love, a place of instruction, and a place of discipline. Great families make a nation great. America once had a great family structure. When the family structure is destroyed in a nation, then that nation quickly falls into disarray and decay.

That's What Christians Do Now

God's "Church" is meant to be a restraining force against evil, darkness and wickedness in this world. God gives His Holy Spirit and the very power of God that raised Christ from the dead lives within those who are truly, soundly saved. I have to wonder how many are truly, soundly saved in our American churches today – and how many think they are, because they've been deceived by cowardly false teachers...

Who Do Elected Officials You Voted For Actually Represent?

Change the debate, openly oppose anti-freedom policies, expose non-governmental (NGO) carpetbaggers hiding in the shadows dictating policy, force elected officials to be personally

accountable for their actions. This is how we will drain the swamp – with dedicated activists that understand who the mosquitos are and stand ready at a moment's notice to take action with a big can of Raid!

Collapsing Oregon Absurdities

The media likes to tell us that the Harris team has it all wrapped up. But this too is puffery. Unfortunately, the majority party here in Oregon always falls for fake media news and think the same way. But they are all struggling against reality; they can't defeat truth.

Of Childless Cat Ladies and Healthy Civilizations

Think of the almost-20 percent increase in the cost of living during the era of Biden-Harris. Or think of the disaster on the Southern border, in which Harris had a direct hand whether again through malfeasance or simple incompetence. Now she's the Democrat Party's presidential candidate.

Communism, Jews, and the Fate of Israel and America

Rather than attend Israeli Prime Minister Benjamin Netanyahu's address to Congress, Kamala Harris went to a black college sorority event. Then, after Jewish Pennsylvania Governor Josh Shapiro was passed over for the vice-presidential pick, CNN's Van Jones, a leftist himself, admitted, "You also have anti-Semitism that has gotten marbled into this party."

The Media Still Turn Tricks for The Democrat Party

Once hired, these wannabe journalists are thrilled to be on their way until they learn that their bosses don't give a damn about anything they think, believe, want to convey to a hungry public. For most media employees, it soon becomes clear that they are expected—indeed, mandated—to reflect and convey the belief systems of their employers.

Administrative Law Goes to Court

The beauty of our system, especially the due process protections, is that everyone gets them. Rich or poor, popular

or not, the Constitution protects all of our rights. If we allow them to be trampled because of tradition, we lose more than just the right to a trial by jury, we lose the most basic protections of justice.

‘Educators’ Ban... the Bible

Local “educators” and the state teachers’ union in Oklahoma have vowed to defy a move by the state superintendent of schools to install Bibles in every classroom, grades 5-12, to help children study “the core values and historical context of our country”.

Life: Your Highest Performance of Function

He shows you how to identify your strengths, focus on your dreams and manifest your highest function and performance. Yes, other writers give you similar ideas on maximizing your life—and, they might resonate more with you.

Scary Fairy Tales Have Replaced Sound Science; It's Time for an Accounting

When the Globalists realized that a New Ice Age wasn't going to fly, that it was too obvious that we weren't going to be wiped out by glaciers, even in the long-distant future, they knew they would have to come up with a somewhat-believable bogeyman.

It Is Time For A Niemolleresque Redux

The enemies of God will not stop at Israel, and that includes American enemies and even some Americans who claim Christ. The United Kingdom is within the Islamic grasp. America could be in the grip of foreign control soon. Some say it already is. If we do not stand up for the Jews today, who will there be to stand when they come for us?

The RNC's New Homosexual & Abortion Platform?

At the Republican National Convention this last week, the platform decided to usurp God's Law and do its best to lower

the Law that condemns both sodomy and abortion (Amos 2:4). The two abominable sins that dare and assure the justice of God. Read Amos 4:11.

It's Mid-2024: You Have Entered The Twilight Zone

Did Biden's handlers, and perhaps their handlers, see that he'd fallen behind Trump in all the polls in swing states? Did they decide to pull the plug on their figurehead in the hopes that they could replace him with someone who wouldn't lose the upcoming election in a landslide?

Trump Must Challenge Harris Eligibility

The insanity rapidly destroying the USA has gone on long enough and if it's not properly addressed in the 2024 election cycle, this country will never be of, by, or for, legal U.S. Citizens ever again.

Mandela's Communist White Hatred Flourishes on American Soil With the Influx of Third World Aliens

In 1962 Bible reading and prayer were eliminated from government schools. The 10 commandments were removed in 1980, but they're back in Louisiana and similar bills are proposed in several other states. Racism is being used by Congressional democrats to divide and conquer our country for Marxism.

Why Countries and Some Cities Ban or Restrict 5G

"On July 14, the FCC voted to unleash 5G in the United States, approving sweeping Spectrum Frontiers rules to make spectrum bands above 24 GHz available for 5G. Even though serious health risks are associated with the proliferation of cell phone technology, the attitude of the FCC seems to be 'full speed ahead and damn the torpedoes.'

Welcome To Your Worst

Nightmare: Transparency

I woke up to find out the nightmare had become reality. The Progressives, Socialists and Marxists that have purposefully infected and now permeate throughout The US gov'mint, and I include the highly mischievous RINO's who collaborate seamlessly with them. They have preached and PREACHED about how "They" are going to make their behaviors and policies transparent! It is my firm conviction that "They" have finally achieved their lofty goal.

Diagonally Parked in a Parallel Universe: Confusion to Clarity

Understand that you live with the exact creative energy of the universe as every human that ever lived on this planet. That "universal vibration, frequency and pulsation" charges through your body 24/7. Engage that living energy into your thought processes. Think, grow and act on your own behalf.

If I'd Known Then What I Know Now

And the official nation-wide hospital protocol – and the ONLY

drug allowed for use in American hospitals for COVID – was Remdesivir. I didn't learn of this until two years after Bob died, when multiple doctors and scientists came out and blew the whistle on it. Remdesivir, they said, was actually a bio-weapon. It had been tested in Africa, but so many people died during the tests, that testing was halted.

America, Pastors, and Churches Living the Lies of the Ages

America is no longer a Republic!!!! We have been captured and are being ruled by the New World Order demonic occult Marxists elites. In reality, we are being ruled by the Kingdom of Satan and not by the Kingdom of God!!! These Marxists elites have been in a spiritual war against this nation since our founding.

God's Love in Christ Brings Us Together

This gospel message destroys systems of partiality and division and brings unity under God to all who embrace it (Galatians 3:26-28). In the end, for those redeemed by Christ, there will be a grand family reunion and celebration in heaven.

The Mullahs and The Nukes

Yet, if the mullahs get their hands on the bomb, they will make use of it in numerous ways. They will use it for blackmail, they will use it in small packages through untraceable proxies, and they might even launch it with their missiles in a homicide-suicide fashion, which is their trademark.

The Times They Are Changing

Renaming, re-defining, re-imagining is how the left succeeds. So we can look for a re-imagined Kamala who will now be for peace and freedom. To Kamala peace is war and freedom means you can say anything you want that agrees with the regime. We must be on to their lies and expose them as soon as we hear the lie. She lied about Joe's condition for 3 years. She lied about the border.

When Useful Idiots Are No Longer...

Kamala, in charge of the border, has been the kind of failure that is in blindingly bright focus around the world. The flood

of drugs is on her padded shoulders. She babbles and giggles at the most inappropriate times. Her “word salads” are served up wherever she opens her mouth; too much fiber in the national diet has caused much cramping and nausea.

The Left’s Apparent Coup D’état Against Trump, Version 2.0

Kimberly did finally resign—only when pushed hard— after what The Hill called her “disastrous appearance before Congress,” only to leave us with another stonewaller, Acting Director Ronald Rowe. At least we did get the satisfaction of watching several Senators rake him over the coals.

The American Church has Developed Laryngitis

Jesus was not a Roman. He was a Jew. The religious leaders took him to Pilate because only Pilate could sentence HIM to death. The Jewish leaders were mad because Christ was usurping THEIR power by declaring Himself KING of the Jews. He challenged THEIR authority.

‘ Let ‘ Em Eat Bugs! ’

Bill Gates and his playmates at the United Nations (let the error stand) have recently ramped up their campaign to get The Common People to eat insects. It'll Save The Planet—see? And it's Sustainable! Science says so! And Science is always right—at least, for as long as scientists can tell which way the wind blows.

Live Happily Ever After—Day to Day

Stress may be the greatest cause of countless diseases afflicting millions of Americans. Heart attacks, anxiety, suicides, obesity and other afflictions find their origins in some kind of stressful situation manifesting in countless numbers of people.
