Mr. Mamdani declares himself to be a Democrat Socialist...and what the unwashed masses with their pink and purple hair, lip piercings and moon boots around this country don't understand, is that there is no such thing. It's nothing more than smoke and mirrors. It's a very dangerous delusion, but we'll get to that in a moment.

## **Property: The Forgotten 'Right' We Celebrate on July 4th**

Confused about "property" and the founding documents of our country? According to Lion Calandra, a Jennings Fellow with The National Constitution Center in Philadelphia, we're all a bit confused about a lot that appears, and especially what doesn't appear, in the Declaration of Independence and the Constitution.

## **Can't Sit Still Pop a Pill,**

# Part 1

Our society today is geared towards the quick fix. With the barrage of drug commercials there is a pill for every symptom. If you can't sit still pop a pill. Big Pharma's partnership with government agencies including public education is responsible for the drastic increase of children being put on dangerous drugs.

## The Turning Point

Time Magazine's cover for Sept 11, 2025 is blood red with the word "ENOUGH" emblazoned in white, with the subtitle "The killing of Charlie Kirk and the Epidemic of American Political Violence" underneath. It hauntingly has the scene of Charlie Kirk sitting under the usual canopy his organization used for those rally's, students and attendee's choking around the front of Mr. Kirk.

## Youth Sports and Character Development, Part I

At my first practice as Head Varsity Basketball Coach, I explain to the kids that it is a privilege, not a right to play on the basketball team, and that part of this privilege means they have to do the right thing on the court, in the classroom, and at home. As basketball players they are now

leaders at the school and are expected to act that way. I explain that the type of leaders I expect are Servant Leaders.

## **What Is Our Future**

The original system was meant to give states a direct role in federal governance, but it resulted in federal overreach by reducing states' ability to check the national government. Then, the Supreme Court expanded its role by asserting its power to declare acts of Congress unconstitutional.

---

## **America's Turncoat Courts**

Corruption in our courts by unwise and careless judges and lawyers has overtaken our lawful constitutional system. The system has been hijacked and morphed into something sinister. These treasonous 'insiders' are ignoring our foundational principles, rules, laws, due process, and unalienable rights. American Citizens are shown bias and contempt by elected officials if they try defend their rights.

## **Resolve to Know the Truth**

The New Year is upon us. Many have made resolutions that they will fail at and toss aside in about 10 minutes from now. I

made a resolution too, but I doubt I will fail at it. I'm going to think differently and not succumb to the world's ignorant, destructive, perverse ways.

## **Observations on the 2024 Election**

In conclusion, the Constitutional Alliance has taken the position for almost two decades, there must be an exemption from mandatory biometric enrollment for those who choose not to be in a global system that will at some point be able to identify people and control the ability of people to buy, sell, travel, and work. Such a system is nearly complete.

## **America Received A Second Chance**

We failed to become that nation because we would not keep God's commandments. We have never turned to God; we have always turned away from God. But God loves His people and is still waiting for us to come to repentance. 2 Peter 3:9. How long will God wait until His wrath comes?

Biden's further deterioration was a minor set back for them, but as “insurance” they knew to install their newest Manchurian in the Veep slot, anticipating the demise or otherwise incapacitation of the figurehead (Biden). Biden didn't pick her, Jill hates her, but Maestro “O'Bama” and his Daddy Warbucks (Soros) and perhaps Schwab himself, demanded she be placed there.

## **Welcome To Your Worst Nightmare: Transparency**

I woke up to find out the nightmare had become reality. The Progressives, Socialists and Marxists that have purposefully infected and now permeate throughout The US gov'mint, and I include the highly mischievous RINO's who collaborate seamlessly with them. They have preached and PREACHED about how “They” are going to make their behaviors and policies transparent! It is my firm conviction that “They” have finally achieved their lofty goal.

# What's Next?

I think we're being given the bread and circuses version of the latest ploy of the NWO, to distract us with the glittery, shiny object of an abysmally failed Biden performance of the most RIDICULOUS debate I have ever had the great misfortune to suffer through, while the more venomous snake slithers into the room and opens its mouth to devour, once and for all, the Republic of the United States.

## Left Wing Lunacy on Full Display on College Campuses

It has become crystal clear that the Marxist wing of the Democrat party (and even some on the right side of the aisle) has completely overshadowed the moderates (?) in our national house. ## **We The People or We The Problem?**

Do you suspect a 'trojan horse' in our midst here in America? I most certainly do. We partake of its grip daily, totally unaware that it is our foe. It comes to us as a matter of convenience and appears to make our lives better, easier, and convenient. To better understand why this element is a 'foe' and not our friend, let's take a stroll back in time for a moment for a historical perspective.

# Bluffing Their Way to an Art. V Convention, Part 2

Posthumous Endorsements. Meckler apparently conjured up Justice Antonin Scalia's support after Scalia's death. Scalia's opposition to a constitutional convention was a matter of public record from a 2014 interview. But Justice Scalia's body had scarcely gone cold when Meckler broadcast that Scalia supported an Article V Convention, based on law professor Scalia's published comments from 1979.

# Bluffing Their Way to an Art. V Convention, Part 1

In George Orwell's 1984, the Inner Party inquisitor demands that protagonist Winston Smith prove his allegiance to Inner Party doctrine by demanding that Winston acknowledge seeing five fingers, instead of the four being held up. ## **What Are You Thinking?**

But on the other side of that coin is the curse and we have no excuse for bringing the curse on ourselves and on our nation. It is all about stupid pride and stubbornness. That is why the children of Israel went into captivity and lost their identity. Just because they did not want God telling them what to do!

## **Repent Back to the Simplicity and Purity of Devotion to Christ**

We are in the dangerous perilous times the Apostle Paul warned us about but as Christians we are not discerning the times in which we live? ## **The Federal Government v. The American People – Injunction Opinion**

---

# **The Federal Government v. The American People – Oral Arguments**

What is life like when bureaucrats, Congressmen, lawyers, and judges alike, all ignore their oaths to support the Constitution and their duty to protect our rights? What do we do when a government formed to protect our rights, which gets its power from our consent, instead ignores our consent and destroys our rights?

---

## **Sick of The Lies**

I'm just so sick of all the Lies. Lying seeks to covet and steal. In order for the lies to work they must separate you from the truth. Truth is the natural enemy of the lie, and therefore must be removed from any reasoning process. They have taught the world that everyone has a right to their own opinion making opinion equal to truth. Lies hide behind opinion.

---

## **Consequences of a Government Run Amok**

I believe all Americas should learn a very important lesson

from this. When you use government to do what it is not authorized to, you open a Pandora's box of tyranny and subjugation. Before we allow our employees in government to approve legislation, we should first imagine it being used by our most hated enemies against us.

---

## **Advanced Managing of the American People**

The argument of Congress that this must be done to keep people safe, is just another tyrannical attempt to punishing the innocent for the crimes of the guilty. And while I believe the drunk driver should be punished for the harm they do, I am not willing to enslave myself to government simply because they say so.

## **Christian Resistance in This Dark Hour**

Over the last month, I have heard from so many whose jobs are threatened if they do not get the covid shot. I have written countless religious exemption letters for people. # **Controlling a Constitutionally Protected Right**

The most unique aspect of the Texas Pro Life law is that it authorizes private parties to sue, rather than making abortion a criminal offense. Now I have my issues with this part of the Texas law, mostly on its vagary in who is allowed to sue. So I guess Governor Newsom is planning to allow private parties to sue California citizens for owning a legal firearm?

---

## **Political Medicine 101**

We now know, as a certainty, that the numbers of “cases” alleged in the Great Covid Pandemic were vastly and intentionally exaggerated. The test that was yielding “positives” was amplified to such a degree as to be meaningless, as the person who designed the test has stated, categorically.

## **Dobbs v. Jackson Women's**

# Health – Oral Arguments

The Supreme Court opinions in Roe v Wade (Roe) and Planned Parenthood vs Casey (Casey) have been political footballs since the day they were decided. A recent Mississippi law placed restrictions on abortions within the state that contradict the standards set by Roe and Casey. Not surprisingly, a lawsuit was filed challenging the Mississippi law.

## 294 – Congressional Term Limits

For those of you who are still convinced that term limits are the answer, a quick look at Mr. Burchett's proposed amendment reveals that someone can still serve 18 or more years in Congress, six years in the House, and twelve in the Senate. If we want more churn in Congress, then We the People need to start voting that way, not sit back and wait for a constitutional amendment to tell us to do so.

## USA, Inc.?

One concept that I often see or hear people express is that the United States is now a private corporation. Those who make these claims often cite The District of Columbia Act of 1871 as proof. This "fact" is then used to support various

positions or explain why or how certain acts of government take place. So let's look at The District of Columbia...

---

## **The Supremacy Clause & Tenth Amendment v. Mandates**

The problem with the Texas executive order is not that it's superseded by federal law, but that it violates the constitutions of both Texas and the United States. It is perfectly legal for Texas to tell Washington, D.C. that their mandate violates the agreement the states have, and therefore cannot be enforced within the state.

# None Dare Call It Genocide

Do we have the courage to even dare to approach the issue of genocide? It's like trying to consider the actual existence of the Devil. Perish the thought! ## Let's Go Brandon Or Better Yet "Time To Go Brandon"

We all know that voter fraud has been around as long as voting. This allowed parasites and secret societies to infiltrate the common-wealth looking for power and the common's wealth. Where societies are agreements to better live our lives, the parasites create divisions, all to divert the eye to their crimes against the commons, being done in secret.

---

## Qualified Tyranny

These two cases are more proof that the government in Washington, D.C. is now filled with criminals. Going to federal court for a redress of grievance today seems more like going to the Corleone house than a court of law. Your fate is no longer decided by the laws of the nation, but the the opinions of oligarchs in black robes.

## Privacy                      vs                      Government Interest

Most Americans believe they have a right to privacy. Many Americans also want governments to protect them from “bad actors”. So what happens when our right to privacy collides

Then why didn't the citizens of these counties fire these officials?

# What IF Everything You Hear Is Nothing More Than Complete Garbage?

George Orwell is credited with the quote, "In a time of universal deceit, telling the Truth is a revolutionary act", but the consensus is, it is unknown who actually said it. It really doesn't matter; the fact is, it's true. We are now experiencing that Truth, in it's absolute fullness. First, some of my observations and opinions, then, some incredibly unsettling information.

## American Bolsheviks and Social Media Lynch Mobs

The original goal of our Democratic Republic was more about providing a reasonably equitable environment for citizens to live, work, and raise their families in, as opposed to an arbitrary communistic system of dictatorship. Our Founders promoted equality of opportunity, but not equality of results; this fact is apparently lost on many of our modern day social prognosticators!

---

# **The Ends Justify the Means**

The Deep State's satanic control is the result of a very well-organized long-term conspiracy with the purpose to establish the New World Order, based on the Luciferian revolution against God and Nature's good and common laws. They are identified as the Global Elite or Deep State-cabal, who see us as their slaves and property, to do with us as they please.

---

## **We Are Currently Facing Political, Economic, Ideological Corruption on a Global Scale**

We are currently facing political, economic, ideological corruption on a GLOBAL scale. Perhaps even beyond our globe; perhaps it's become interstellar. The Imperial Fascists of the NW0 aren't even hiding it anymore. They have announced their NW0 is coming to YOU in mere moments. (Oops, my bad...it's already here and kicking the door down. Sorry.)

---

## **Transference + Hegelian**

# **Dialectic = Mind Control**

In conclusion, hopefully the information above will from this point forward help you to clearly identify how both media and governments cleverly erode our innate sense of truth and our ability to recognize the actual right and wrong as objectively understood. You must resist anger toward these change agents and liars who assault our common sense, our president and patriotism.

## **Let's Practice Socialist Distancing NOW**

Because of the Covid-19 Chinese pandemic distancing has been proven to work just by staying away from people in our communities. Now, based on proof of concept its time for TOTAL Socialist Distancing! Just imagine how our great country will rebound from decades of social engineering and ideological demoralization.

## **Another Crisis to Survive or Just the Greatest Manipulation?**

I had plans for my vacation. This was not one of them.

However, here I am, stuck at home, because of this manufactured panic and aggressively promoted hysteria affecting the globe by means of the relentless, explicit regurgitation and droning on and on and on from every “news” media agency and outlet on the earth. Well, I have had enough. ENOUGH, I tell you!

---

## **Why Government fears Christianity and not you**

Christianity in America is quite pathetic and most everyone knows it. We will explore why and how the lukewarm assembly of believers have been divided, weakened and pushed aside. No one likes to support a losing team and team Christian has been getting bad press since the founding of this Nation.

## **Russian Hypersonic Nukes In America's Back Yard – Venezuela and Nicaragua**

John W Spring at 22, in 1960, was the US Intel analyst who mailed JFK with logical intel that Russia placed in Cuba intermediate range nuclear missiles. One year later with a U2 Flight and CIA FBI NSA intel agency corroboration, JFK contacted Russian President to remove this imminent back door threat to America, Canada and our allies.

## **Conservative To The Core**

Being conservative is not always popular. When I called for slowing down to think about costs at our local Belmont County Farm Bureau meetings, I found the friendliness changed a little. I was never again placed on the ballot for Farm Bureau director.

---

## **Ever-Expanding Definitions of Child Abuse Promote False Allegations, Enable Political Agendas**

Child abuse is a problem in our country. But engaging in definitional gymnastics and subordinating the issue to advance political agendas will only serve to discredit the important work of legitimate abuse reduction programs, weaken families, and harm children.

---

## **Senate Violence-Reduction**

# **Bills Push the Progressive Agenda, Ignore Conservative Principles**

The Violence Against Women Act is one of those laws with an innocent sounding name, but in practice toes a hard-left agenda. First passed in 1994 thanks to the efforts of then-Senator Joe Biden, VAWA is now up for its five-year reauthorization.

---

## **Qasem Soleimani, Iran, and the Rule of Law**

Considering that government derives its just power from the consent of the governed (as stated in the Declaration of Independence), then government can have no power except that which the people first possess in themselves, then delegate to government.

---

## **Angry People Have No Hope**

But, what if you not only don't believe in God but actually fear and hate God! That is why liberals and democrats live with dread, anger and worry about things they believe they have no control over. Angry people have no hope... and there are

thousands of legitimate reasons for everyone to be angry, and even more reasons why the anger is inside of us.

---

## **Don't Look at Things From a Group Think Perspective**

Voter fraud is a lot bigger problem than one may think. Voter Fraud is taking a torch to a people's constitution and usurping governmental power. The people's choices have been taken from them along with the way of our protection against the tyranny of Marxism. This is a world-wide problem and will take many courageous individuals to fix.

## **Some Nasty Anti-President Quotes to Offer Perspective**

So keep fighting, President Trump. While your opponents try everything they can to demean, demoralize, and depose you, the decent people of this country appreciate your tireless efforts in giving us this great economy, a stronger military, better trade deals, and a restored sense of America's true greatness.

# Science Warns Us Not to Rely on Witness Accounts

Being convincing isn't the same as being accurate. Witness testimony is more fallible than many people assume. The claim that witness testimony is reliable and accurate is testable, and the research is clear that eyewitness identification is vulnerable to distortion without the witness's awareness.

## A View From The Street: What Are We Willing To Allow And For How Long?

A very smart lady I know, awakened me to this TRUTH way back in 1997...she produced an incredibly astute video tape, that has worn out due to YEARS of repeated viewings, citing the insidious evil within our midst, devouring our national treasure: our Citizens' hard earned incomes, their blood, sweat and human toil. Amazing woman! It set my feet on a journey of discovery and knowledge to which I am now an insatiable captive.

## The View From The Street:

# **Utopian Delusions And Absolute Power**

I beg to differ. The Puppets and Puppeteers squatting in Congress have become intoxicated beyond redemption with their self-delusion of omniscience, so as to never be able to refrain from the further contamination of even greater immoral licentiousness. Yes, Dorothy, absolute power corrupts absolutely.

## **Roger Stone Is Innocent – Caught In The Path Of A Runaway Corrupt Special Prosecutor**

Mueller and his band of pro-Democrat Prosecutors wanted to take down President Trump in the worst way. To get to President Trump, they were willing to mow down anyone who wouldn't cooperate with their agenda. Stone has been unwilling to turn on the President and he's currently paying a heavy price for it.

# The First Woman President Will Be. . .

The first woman American president is inaugurated. She is a deeply patriotic woman of the people who got her start in government as a small-town mayor. She became governor of her state, where her approval rating exceeded 80%. She was nominated for vice president. In her first national campaign she demonstrated rare political acumen, even though her RINO handlers muzzled her message.

## What's Wrong With Being Transgender?

By Robert W. Peck

If, as we're told, being transgender *sets a person free to be who they really are*, then why does it make them so distraught that [35 percent of transgender youth attempt suicide](#)? That statistic makes encouraging children to experiment with transgenderism the equivalent of handing them a revolver with two loaded chambers and encouraging them to experiment with Russian roulette.

Believing oneself to be something other than what one's own

body clearly reveals him to be is indeed correctly diagnosed as a mental disorder. Whether it's a matter of a male believing he is female, or a human believing they are a horse, it's an equally psychotic break with physical reality.

While some mental disorders can be the result of damage to the brain, or a chemical imbalance in the body, the source of a person with an otherwise sound mind and body believing something that clearly defies reality is found outside of one's self.

True, or full transgender identity – as opposed to a young child merely being sexually confused – is the product of demonic deception in which satanic spiritual agency administers unnatural, and false, thoughts and impulses to a person's psyche, then leads the victim to believe that the impulses are his own actual thoughts and feelings and that to be true to himself he must accept, or "take" the thought, thus making it his own and acting upon those feelings. In believing the lie and acting on the impulses in an endeavor to be true to one's perceived *real-self*, the victim is deceived into attempting to be something that he is not, and which he can never become.

Believing we are something that we are not, separates us from the reality of who we actually are and what we were created to be. This separates us from the God-ordained purpose of our existence and thereby separates our existence from meaning. A person without a sense of purpose attempting to live a life without meaning will obviously be much more susceptible to confusion and depression.

In the case of the American youth who have been deceived into believing they are a gender that they are not, it has opened the door to such mental distress that five times more than the national average are attempting suicide in search of relief. Of course, this too is the work of demonic agency that preys upon the now mentally distraught, selling them the lie that

death is the only cure for the life they've been deceived into living.

The good news is that only 2 percent of America's youth have succumbed to this lie and accepted a transgender identity. This is a reminder that Satan's power is limited to the ability to deceive and that even his ability to deceive is quite limited. Deception of this sort generally requires catching the right person, at the right time, in the right circumstance, to be able to sell them on the right lie.

Things like a child being sexually molested, verbally abused, or subjected to the psychological trauma of divorce, to name just a few, can help create favorable conditions for such deception by placing the child into a circumstance that their psyche is not equipped to handle. It leaves a gap of understanding in the child's mind that the devil will all too gladly help them fill with thoughts like "your father left because you're unlovable," or "that adult did sexual things to you because there's something wrong with you," and a thousand more.

No, Satan doesn't play fair. His minions will prey upon the weak, the innocent, and the traumatized. He's the original child abuser and will sow twisted thoughts and deceitful lies into the mind of a child whenever he gets the chance. Whether it be transgender thoughts or using grades in school to help convince a child they are inferior and setting them up for a life-long complex, the mind is indeed a battlefield. This is why children need to be protected spiritually, mentally, and emotionally even more than physically.

I'm not condemning anyone who has been victimized by the transgender deception. In fact, if that's you, I have compassion for you and want you to know [there is hope](#). The God who created you still loves you, has a plan for you, and wants to restore you to his purpose for your life. If you're ready to find God's plan for your life, you can [get started here](#).

However, who I have considerably less tolerance for are the adults, some in the media, some in schools, and some even masquerading as clergy, who make themselves a mouthpiece for the devil, spreading the doctrine of demons by telling innocent children that they might not be what their Creator made them to be, their body shows them to be, and their very genetic encoding proves them to be. (Gender is genetically encoded from birth and cannot be changed through medical treatment. Transgenderism is psychological only and has no physical basis. [Listen to this interview with Dr. Michelle Cretella](#) to learn more.)

While justly disapproving of those who assist in spreading the transgender lie, we need to remember that what we're really wrestling with is not flesh and blood. It's not as though the purveyors of transgenderism thought this up on their own and just woke up one morning saying "hey, I've got an idea, let's go lie to some kids and see if we can really screw up their sexual psyche."

Like the youth who have been taken in this trap, the proponents of transgenderism have also been deceived by lies administered to the inhabitants of this planet by satanic *principalities, powers, rulers of the darkness of this age, and spiritual hosts of wickedness in the heavenly places* ([Ephesians 6:12](#)). The degree to which each of us is susceptible to believing those lies, and falling prey to those powers, will be in proportion to our knowledge of, love for, and devotion to truth, remembering that God's word is truth ([John 17:17](#)). Rejection of truth will leave us doomed to delusion as there is nothing left to believe but a lie ([2 Thessalonians 2:10-11](#)).

While transgender propaganda alone does not force a child to believe they are of the opposite sex, it certainly opens the door to gender confusion which creates the atmosphere in which hard-core deception can prosper at convincing children to imitate the opposite sex; adolescents to take puberty-blocking

drugs; adults to have their bodies surgically mutilated; and 35 percent of youth to attempt suicide. Those in our society who are telling children that transgenderism is normal are effectively acting as the accomplice to a molester, convincing unwary children that it's safe to get into a car with a stranger who is going to use and abuse them until their minds become so twisted and tormented that many will wish they were dead.

Even on a purely natural level, not considering the spiritual nature of the matter, for adults to "support" children engaging in something known to make them far more likely to use drugs, and which puts them at five times greater risk of attempting suicide, is reckless child endangerment. Certainly, anyone who chose to "support" children who were intrigued with Russian roulette by assuring them "it's okay," and that "it's a natural curiosity," then buying them a box of live ammo to play with, would be prosecuted and imprisoned.

[Bio: Robert Peck began his political activism in the 1990s, first with the Ross Perot independent Presidential campaign, followed by the Republican revolution of 1994, then the Pat Buchanan Presidential primary bid of 1996, which lead to his acquaintance with former Nixon administration official and Constitution Party founder, Howard Phillips. It was through Phillips, and involvement in the Constitution Party, that Bob was introduced to the principles of Christian Constitutionalism that have come to shape his political views.]

# View From Street Level: Shining Light On A Hill Is Being Snuffed Out

By Alice Byrd

Nasty Legosi, more commonly known as Nancy Pelosi, recently declared that a wall of security at our southern border was/is/would be “immoral.” Personally, I find 98% of our “CONgress” and it’s extended institutions, immoral...and getting worse every single second.

There is no MORALITY, nor any accountability, *anywhere*, for the Cretans who live and work in Washington, District of Corruption currently, or have, within the past 30 years; I can count on one hand the good people who have tried to reign in this manically out of control Faustian circus act and the sociopath actors engaged therein; yet I won’t want to name them for fear the federal gestapo will show up at their doors with guns drawn and brown bags for their computer hard drives.

Without any scent or whiff of hyperbole whatsoever, I declare the very worst example of what I am trying to convey, in the entire history of America, to be Barry Soetoro’s diabolically heinous Marxist objectives, with his “hope and change” mantra of death and destruction to our national heritage, to our virtue-seeking rule of law and the very firm foundation our nation was constructed upon, our United States Constitution.

Every chance he and his hedonist worshipers got, they proudly flew their middle fingers at our long held traditions and our historical national fabric. The intent of the vile Socialists and Communists who are now breeding neophytes and acolytes in the halls of our national capitol (as well as our state houses and public schools/colleges and universities) is to completely dismantle the Constitution and the US as a sovereign nation. There is a concept that everyone who still has a functioning brain in their cranial expanses should get intimately familiar with:

The not so privately stated intention of the globalist elites who now have their hands FIRMLY around the throat of the country we live in, is to strangle her freedom to death...and their grip is getting so tight, that our states are turning "blue". The infection is killing the patient and the "doctor's" are all standing around with Appletini's in one hand and coke spoons in the other... as the blood drips from their fingers. It is beyond malevolent, malignant and wildly pernicious; it has become an incomprehensible moral cataclysm.

NO ONE in the Washington *hierarchy* is innocent; they are ALL heretics and evil doers. I include the pantyhose wearing progressive Republicans along with the toxic waste infused brains of the Communists in the DSA who are actively participating in the decimation of our Constitutional protections: life, liberty and the pursuit of property, ie 'happiness'. The most recent example of this is the state sanctioning of infanticide. Living children born of the most horrific procedure imaginable, late term abortion, can now be left to die an unconscionable death...they suffocate on their own fluids, as the doctor watches from his/her elevated view, hands tied willingly behind their backs. The people who endorse such a demonic act should be made to witness the live birth of a failed abortion, and watch as the infant dies it's unwanted death. Who protects the CHILDREN?????? Certainly not the abomination of desolation called the US Government!!! They

now sanction outright murder of living children. I am waiting for the wrath of God to descend from on high and sink us like Atlantis. BOOM!

This might end up being the straw that broke the public's comatose condition of complacency. MAYBE, but I know better than to hold my breath when it comes to the public's inability to recognize the death of morality, even when it smacks them square in the kisser!

We, who cherish life and righteous law, who have made long, loud efforts to awaken the public to the protection of our freedoms, liberties and rights as they are institutionally enshrined in our Constitution, WE who have warned constantly of the dangers the infiltration of The ENEMY into our government institutions and extended bureaucracies presents, including the insidious vampire institution which gleefully facilitates all this madness with it's insatiable financial witchcraft, the international wizards of Wall Street and the **utterly** immoral Federal Reserve (with it's revolving door of gov't manipulating puppeteers)...WE THE PEOPLE who weep for the loss of our safety and security from the invading international marauders coming through our southern border, are FED THE HELL UP!

The WALL is immoral? I'll tell you what is IMMORAL!! : Infanticide and abortion at will is IMMORAL!!

Stealing the hard earned income from American workers to feed, water, house, medicate and sanitize half the planet, while there are homeless military veterans sleeping in tents on feces lined streets in San Francisco is **IMMORAL**; (send all your thank you memos to Nancy, Jerry Moonbeam and that other cow, Maxipad Waters)

**"Immoral"** is supporting and protecting drug barons, so the wicked wizards of Wall Street can party like rock stars (which they do on a VERY regular basis, according to sworn testimony

from one of the most notorious madam's in NY who facilitated "beautiful escorts" and uber-luxury modes of transportation for these tycoons of financial terror...not to mention the myriads of debauched politicians who frequently enjoy the services of such purveyors of licentiousness)

**"Immoral"** is when politicians protect their own incomes and assets in and behind off shore accounts, conglomerate/corporation stock portfolios, municipal/federal bonds, foreign investments (like Slithery's facilitation of Russian control of US uranium), and dozens of other creative financial hocus-pocus activities their extremely well paid CPA's, tax attorneys and corporate counselors provide, while the American middle class carries the burden of the earth's voracious appetite for "equality" on it's back:

**"Immorality"** is sending thousands of billions of American workers' dollars to dictators who do NOTHING for their oppressed, starving masses, but instead, watch their bank accounts expand off the creamy fat of American "humanitarian (or) foreign aid" provided from "US Tax Dollars"...what it REALLY is, is an international financial laundromat for corrupt criminal enterprise junkies, usually called US politicians and their fat cat funders/bundlers, corporate lobbyists, their uber wealthy owners/controllers...and of course, their friendly foreign luminaries. The magic money machine prints \$\$\$, the politicians send it overseas, it ends up in fat foreign bank accounts and We The People pay the piper his due...in this case, the Fed, through the IRS. It's a really slick set-up!!

Taking a bunny trail here, I almost puked when I heard the latest silicone covered poison from that noxious juvenile twit, Alexandria Ocacio-Cortez, when she put out her satin covered speech about taxing the highest earners to the tune of 70% or more percent. If that donkey's backside fell and cracked her head open, nothing would flow out except fortune cookie slogans and losing lottery numbers. "AOC" is the new

glorified "Obama" (not his real name) produced by the ever more hideous Open Society operation of destroyers and hyper inflated media flatulence. THIS time, they have a plastic savior who *sits down* to pee...the Feminazi's and morally bankrupt, toxified, emasculated pretenders, who shamefully, must still stand when they take a leak, must be rejoicing like the inhabitants of Animal House at homecoming. I wonder if some of those toxic males have taken up sitting down to eliminate, just to feel like they have atoned for their "maleness".

But, one of the MOST immoral, unaccountable, uncontrolled, completely corrupted entities in the entire universe is the MEDIA, who spews the non-stop, regurgitated BS straight from hell itself: THE PROPAGANDA of the Communist Leftists in our own damn government!

When Paul wrote to the Corinthians, he said, "Be not deceived: evil communications corrupt good manners." (1 Cor 15:33) In studying the chapter, I found that he had paraphrased Menander, a heathen poet. There was some consternation by the citizenry about quoting a corrupt writer, but Paul's intention was to show how dangerous the conversation of evil people has on the lives and practices of those who listen, and the influence of bad principles thus communicated are when such ideas are absorbed by the populace. Paul was reminding the Corinthians (who weren't all that enlightened or principled) that wicked communications and writings would lead people into the pits of hell if they weren't warned of the dangers of such writers.

Attached to Gill's commentary was a nod to Titus 1:10-12, which says, "For there are many unruly and vain talkers and deceivers... Whose mouths must be stopped, who subvert whole houses, teaching things which they ought not, for filthy lucre's sake. One of themselves, even a prophet of their own, said, the Cretians are always liars, evil beasts, slow bellies." The "prophet" spoken of here was Epimenides, who was

a Cretan by birth, from Gnossus; as a 'fortune teller' and soothsayer, he was considered a prophet of sorts. The Grecians would say that to lie was to "cretize"... nothing makes a man more like the devil, or more infamous among men, or more abominable to God.

So next time you speak or write to Nancy or almost ANYONE else in our abysmal morally bankrupt government, federal or state, remind them that WE THE PEOPLE voted for the person we believed would provide for our safety and security, BECAUSE HE SAID HE WOULD, and we KNEW he wasn't "one of them". Hillary Clinton would have turned us over to the Communist UN in less time than it takes to write her another check for that OTHER criminal enterprise, the fake humanitarian Clinton Foundation. (I'm gonna barf)

We The People voted for a wall, be it cement, steel or electrified concertina (which I favor) with technological surveillance and deterrence wherever necessary because of terrain. So when those mush head politico's who lollygag and loiter around Washington do NOTHING but soak up The People's money for themselves, their evil kiss-up sycophants and their innumerable misanthropic foreign dependents, say the "wall" is immoral, what they are REALLY saying is that WE THE PEOPLE are INMORAL...The "people" running our "government", fighting OUR duly elected president every inch of the way, kicking and screaming at the top of their lungs, through the mouthpieces they have anointed in the "Preferred Media" to do their bidding, **hate us**, our freedom and mostly our audacity, to elect someone THEY didn't approve of...We The People must be punished for going against "The Global Directive"...the Enemy within.

Well, we're sick of them and their dreams of turning our country in a Socialist/Communist nightmare. We declared independence from the last dictatorship which enslaved us to their aristocratic whimsies, 242 years, 6 months and 24 days ago. We will NOT be cowed or shamed into surrendering our

virtuous Constitution and Bill of Rights because “they” are having a crisis of identity...

The ENEMY WITHIN is the *definition of immorality* and we reject him and his operatives of misery completely. He was a liar in the beginning and he is still a liar today.

Lies = deception=delusion=death. God is watching and He is taking notes. As a Christian I am not called to violence, but to prayer. People say prayer is a weakling's way out of taking action. Believe me, I AM taking action...with every breath I can, when a door is opened for me to bear witness to the consummate Evil killing our country. A bad tree cannot bear good fruit, but it seems that it's parasitic worms have infected our Good Tree with the intention of murder...like they do to unborn human babies in New York.

May God forgive our poor use of His blessings and gifts in this nation of plenty. But may He also, provide for our protection from the Adversary who slinks about, stalking the weak and downtrodden, seeking whom he may devour...Make no mistake: Satan has stood up and shown his face in America.

# Convention Of States Project, Mark Meckler And The Great Deception

By Judi Caler

## Playing the victim

Mark Meckler, president of Convention of States Project (COSP), sidesteps the [arguments](#) of his conservative opposition. That's most likely because Meckler's responses aren't logical, and his adversaries' arguments ring true to Republican state legislators whose votes Meckler needs on his Article V convention applications.

Instead, Meckler deceives Republicans by playing the victim to leftist, globalist billionaire George Soros. Since April

2017, COSP operatives have spread the false narrative that Soros has declared war on them. But in fact, [backers of COSP are on the same side as Soros](#) in their quest to rewrite our Constitution at an Article V convention AKA “constitutional convention,” “con-con,” or “[convention of states](#).”[2]

What seems to have triggered the “George Soros is against us” fabrication was [a letter](#) signed by over 200 national, state and local leftist organizations released by Common Cause on Good Friday 2017. The letter urged state legislators to oppose efforts by convention proponents asking Congress to call an Article V convention, and to rescind all previously passed Article V convention applications from their states.

After the Good Friday letter was released, Meckler sprang into action. He accused Soros of being behind the effort against him, implying the left-leaning groups were receiving Soros money for the purpose of defeating COSP. No one pushed back. So convention operatives became more and more brazen with their false claim. By July 2017, former US Senator Jim DeMint, who is on [Meckler's payroll](#), declared with conviction on [Red-eye Radio](#)[3] that “George Soros and all of the liberal groups” had signed the Good Friday letter. Not true, but COSP's purpose was served. Who would bother to verify it?

In fact, in addition to Soros, there are hundreds of progressive groups that didn't sign the letter. The Left, as well as the Right, is split on this issue; and Soros money is widely distributed among leftist organizations. Conspicuously missing as a cosigner of the Good Friday letter is Wolf-PAC, the radical group that is leading the national charge from the Left in ***promoting an Article V convention***. Move to Amend (MTA) is [a coalition of hundreds of radical leftist groups](#) formed to promote an amendment to the US Constitution to overturn the *Citizens United* decision. Most MTA-affiliated groups don't oppose the ***convention method***[4] of amending the Constitution and, therefore, didn't sign the Good Friday letter.

Like [Meckler's globalist backers](#) from the phony Right, Soros is linked to ***promoting*** Article V convention applications all over the country from the radical Left, with his money on Wolf-PAC and its media arm, Young Turks. [HERE](#) Soros is given credit for Wolf-PAC's 2014 success in Vermont, the first state to ask Congress to call an Article V convention, ostensibly to overturn the Supreme Court's *Citizens United* decision and to limit political speech. And that effort continues today.[5] Wolf-PAC and Young Turks were both founded by Cenk Uygur; Young Turks has been identified as part of [Soros's Media Consortium](#).

At times COSP adds other progressive bugaboos to the mix, including Hillary Clinton, former Attorney General Eric Holder, and anyone else that might elicit a knee-jerk reaction of revulsion in diehard Republicans. [HERE](#) COSP ally and talk show host, Mark Levin, dissects a Hillary Clinton recording. First, Levin announces that Clinton is worried about a "convention of states." He then cuts to 20 seconds of Clinton alluding to a "constitutional convention." Ironically, COSP operatives also claim to be opposed to a "constitutional convention" which they falsely claim is different than a "[convention of states](#)." Levin had to put words in Clinton's mouth and defy his own twisted logic in order to set up Clinton as an archenemy of COSP to "prove" to Hillary-loathing Republicans that Levin is on the side of goodness and truth.

Meckler has added the "Soros-is-against-us" mantra to his repertoire, appearing to believe it himself. Meckler often invokes George Soros rather than answering hard-hitting objections to an Article V convention. For example, when cornered on [Fox News' Steve Hilton show](#) by conservative pundits Jason Chaffetz and Tomi Lahren on July 29, 2018 (at 5:24), Meckler goes for the jugular with an emotional, albeit false assertion: "*I would ask Jason and Tomi if they understand who they're standing with. Every single radical leftist Marxist communist group in America has stood against*

*us. Soros, Hillary Clinton personally has spoken out against us...*” Meanwhile COSP claims they have a “[non-partisan solution to a bi-partisan problem](#).” Go figure.

In this [deceptive video](#), amid ominous background music, COSP contends that Soros-funded organizations have been “caught on camera” lobbying legislators to oppose Article V convention applications. Laughably, COSP’s “proof” of a supposed conspiracy against them is two individual presenters from two liberal organizations in two states; each of whom used similar language testifying against COSP legislation. That’s likely because COSP has been introducing largely identically-worded applications[6] in almost every state for the past five years! You can be sure that in those states where hearings were held, testimony **supporting** COSP applications would sound like an echo chamber if spliced together as well.

Committee hearings are often recorded and archived online by legislatures. This promotes public access and transparency in government. It is ludicrous to associate public testimony with the phrase “caught on camera,” which is reminiscent of treachery and [hot mics](#).

### **Misrepresenting support**

At the same time, COSP claims that all conservatives **support** an Article V convention. On the same Fox/Hilton show ([at 6:04](#)), Meckler falsely stated, “every major conservative figure in America – scholar or television personality–has spoken out [for an Article V convention].” But Meckler fails to mention his impressive conservative **opposition**: [Campaign for Liberty](#), [Eagle Forum](#), [Freedom First Society](#), [John Birch Society](#), [Gun Owners of America](#), [National Association of Gun Rights](#), [Oath Keepers](#), [Phyllis Schlafly Eagles](#), and more. He also fails to mention [eminent jurists and scholars](#) and the [brilliant men](#) who framed our Constitution, including four U.S. Supreme Court Justices.

## A word about endorsers

COSP hasn't been able to win their arguments with truth and logic. But they've managed to convince dozens of well-known politicians, pundits, and public figures to endorse their cause. The endorsements are then used to induce the rest of us to jump on the bandwagon. The endorsers generally know little to nothing about our Constitution. And we don't know if their endorsements are a result of the [bandwagon effect](#), paid advertising, money in their pocket, or something else. COSP bankrolled former US Senator Tom Coburn [for \\$240,000 in 2016 alone](#). Tens of millions of dollars from undisclosed sources have flowed into the coffers of the convention lobby from globalists pushing a convention where our Constitution is at risk. We need to educate ourselves on the issue so as not to be fooled by paid endorsers echoing the party line. Their views don't hold a candle to those of our [Framers](#).

## Phony petitions

In order to give the impression of widespread citizen support, COSP has been collecting signatures on petitions for years through its pricey computer software. Two Idaho legislators have called attention to petitions they've received, digitally "signed" by some constituents who, when contacted, said they never signed. Representative Priscilla Giddings called this practice "[hi-tech fraud](#)." Representative Dorothy Moon called it "[dirty tricks](#)." COSP apparently accumulates signatures for life (or longer): in 2016, a South Dakota state senator received a petition from his dead neighbor! Meckler claims to have an "army of 3.7 million." By way of comparison, [China's army](#) is 2.7 million, and China has four times our population! Where are all the dedicated COSP soldiers? It isn't difficult to join Meckler's army, as some grassroots opponents have found after being inadvertently added to COSP's mailing list; their email addresses may have been harvested as they explored the COSP website doing opposition research.

## Misleading polls

With great fanfare, COSP rolled out the results of Moore Information's 2018 "public opinion" polls to "prove" that an overwhelming majority of statewide voters[7] favor COSP's application.

Two-thirds-plus respondents, depending upon the state polled, said they favored a "convention of states," a term the poll failed to define. In Iowa, the result jumped 36.7% in favor of a convention in just the few minutes between the first and fourth questions! COSP wasn't shy about disseminating survey results in speeches, interviews, and [well-placed articles](#) disguised as news items in states debating COSP legislation.

Published polls, paid for by clients with agendas, generally yield the results the client wants. Otherwise, the polls, owned by the client, wouldn't see the light of day. Poll results are determined by the questions asked, among other factors. Garbage in, garbage out.

Respondents to the [COSP-commissioned poll](#) were first asked their opinion (favor/oppose) on whether their state should join other states in calling for a "convention to propose constitutional amendments that **limit federal power.**" Next, they were asked their opinion of a "constitutional amendment to **limit federal spending.**" Then they were asked their opinion about "placing **term limits** on members of Congress and/or federal judges." Finally, respondents were asked their opinion of their state "calling for a convention of states to propose **constitutional amendments that limit federal spending, limit federal power, and establish term limits for members of Congress and/or federal judges.**"[8] (Emphasis mine).

***But these are trick questions!***

The poll questions conceal the fact that Delegates to an Article V convention can't be limited or bound **by subject**. Delegates to a convention will have more power than state

legislatures, Congress or the President.[9] They can write their own rules. And they'll be able to propose (or not propose) any amendments they like; or rewrite or replace our Constitution, if they so choose. So, respondents were surveyed using *irrelevant* questions akin to a [magician's trick](#) of drawing audience attention to one thing (the subject of the amendments) while distracting it from another (the dangers of a convention). In addition to omitting the risks of a convention, the questions omit that our problems arise from long-standing *violations* of our Constitution—and that [we can't fix violations of our Constitution by amending our Constitution](#). Poll results most certainly would have been flipped had these caveats been incorporated into the questions.

How can a few short, flawed multiple-choice questions fed to random voters measure informed opinion and ardent support for a complicated, relatively unknown issue like an Article V convention? Are those who responded favorably part of Meckler's "army" too?

Clearly COSP's poll was intended to *influence* public policy [by swaying legislators' votes and public opinion](#), rather than to measure where voters stand on this important issue. COSP's treating the results as authentic is misleading at best.

## Smear Tactics

Those who can't defend their stance on its merits resort to smear tactics when desperate. On April 26, 2016, at a California legislative hearing, Meckler vilified the John Birch Society (JBS): *"...decades ago [JBS] was chased from reasonable discourse for issues of racism and antisemitism. So, I think (their) arguments are long discredited."*[10]

Meckler said on [Mark Levin's show](#) and archived [here](#) during March, 2018, that the conservative Iowa Faith and Freedom Coalition, which opposes a convention, has *"...lost their way.*

*They're sending out these horrible, dishonest emails slandering the movement, repeating the lies of the left."*[11]

Until 2014, Meckler attempted to disparage Eagle Forum's Phyllis Schlafly in her later years by [implying she was senile](#); he also claimed that Schlafly had no support from "legitimate scholars" for her opposition to an Article V convention. [Meckler, whose credentials are no match for Schlafly's](#), later changed his tune, apparently after conservative pushback. Today Meckler showers Schlafly with praise and claims her view on the con-con was her only mistake.

Meckler and his operatives repeatedly pressure those hosting conservative events to cancel national speaker and Article V convention expert Joanna Martin J.D.,[12] possibly COSP's most formidable living conservative opponent. COSP defames Martin's character by falsely claiming she is a white supremacist affiliated with the Aryan Nation. On Sept. 29, 2018, three Texas Convention of States co-directors emailed an urgent call to action for COSP lemmings to bombard the First Baptist Church in Dallas with calls demanding that Martin's next-day event be cancelled.[13] In another instance, Ms. Martin, who had been invited to debate COSP at the prestigious [South Carolina Tea Party Coalition Conference](#) held January 20, 2018, was cancelled after Meckler ***refused*** to debate her, ***demanding*** that Martin not be allowed to speak, and ***insisted that he be allowed to appear on the stage alone, without Martin.***

COSP engages in "[Ritual Defamation](#)" of their opponents in order to prevent the public from hearing the truth about COSP's false claims. The purpose of ritual defamation is to bully opponents into silence, intimate others from associating with opponents, and to shut down open public discussion of issues. ***If they can stop the debate, they won't have to win the debate.***

**Birds of a feather**

All the while, Meckler has befriended progressive activist and Harvard professor Lawrence Lessig since 2011 when they co-chaired the [Conference on the Constitutional Convention](#) (ConConCon) at Harvard. The intended purpose of the two-day event was to bring the Right and Left together in asking Congress to call a constitutional convention. Lessig was identified by [Breitbart](#) as having served on Soros-financed boards.

## Ulterior motives

It is worth noting that George Soros is bankrolling the [Constitution 2020](#) movement,[14] and that Eric Holder is associated with pushing for the same “progressive” Constitution. Holder sat on the board of the American Constitution Society, a Soros-funded group and the main organization behind the movement to ensure a more progressive constitution.[15] Soros needs a convention to propose a Marxist Constitution with a “new and improved” Bill of Rights. Convention of States Project, on the other hand, is backed by globalist billionaires Charles and David Koch whose aim may be to get a convention in order to propose a new Constitution compatible with moving the United States into the [North American Union](#). Short of a takeover by a foreign power, the easiest way to impose a new Constitution is through an Article V convention.

## Four Pinocchios

If critical thinking and the Constitution were still taught in our public schools and colleges, COSP would have been awarded “[four Pinocchios](#)” for the past several years for their whoppers[16] and stopped in their tracks long ago.

A “convention of states,” AKA “constitutional convention,”

poses a very real threat to our Republic. Sadly, it's an obscure, complicated issue that few ordinary citizens understand. And too many state legislators, who should know better, have accepted COSP's myths at face value, sponsored their legislation, and voted accordingly.

Just about every political issue conservative Americans care about depends upon our keeping the Constitution we have and not risking it at a convention. Instead of sponsoring COSP applications, state legislators need to reject all Article V convention applications from their states and rescind those that have passed previously. Given COSP's trail of deception, how can we possibly trust them with our Constitution?

There is enough documentation linked to this article and endnotes to educate you and your state legislator on the dangers of an Article V convention. The more people learn about it, the more they oppose it. All they need is an open mind. Read, learn, and share. [Fool me once!](#)

1. When 2/3 of the States (34) pass applications (resolutions) asking Congress to call an Article V convention, Congress is to call a convention.
2. Since nothing in the Constitution places subject limitations on a convention or its Delegates, any convention called by Congress would be **one convention for all**.

The second method has never been used.
5. Wolf-PAC applications for a convention were pending and rejected in at least 17 states in 2018 alone: CO, HI, IA, LA, MA, MD, ME, MO, NE, NM, NY, OK, PA, SC, WA, WI, & WV.

## Making Sense Of The 2018 Mid-Term Elections

By Lloyd G. Percy

*(The Outcome is Better Than You Think!)*

I have been a political junkie for 70 years, beginning with the Truman-Dewey election of 1948. The recent mid-term election was the second most disappointing and, also, the second most surprising of my life! The *most* disappointing and surprising was the election of 2012.

Early in the evening on election night I told my wife, "In my gut this election feels exactly like the 2012 election". Upon further reflection, I realized the 2012 and 2018 elections have several things in common:

- Both elections occurred two years following historic conservative movements: The Tea Party emergence of 2010 and the Trump miracle of 2016;
- In both campaigns, attendance at Republican campaign events was massive whereas Democratic crowds were sparse;
- In both campaigns Republican rallies were characterized by spontaneous enthusiasm whereas Democrat events were rehearsed and mechanistic. (the "enthusiasm gaps");
- In both elections the polls indicated Democrat victories at the federal level;
- In both elections there was massive voter turnout;
- In both elections a significant Democrat "victory" was apparent almost from the time the polls closed.

As it turns out, these two elections were darkly similar in one other attribute, which I will explain later!

On a personal level there was one other eerie similarity: Heading into both elections I was supremely confident of a Republican tsunami; and I fell into crushing despair with both outcomes. And, on both occasions I briefly suspected God of abandoning the patriotic movements He had providentially started two years earlier! In 2018, three prophets that I respect (Mark Taylor, Hank Kunneman and Charlie Shamp) had strongly prophesied an unprecedented Republican victory.

*So, how **do** we make sense of the 2018 mid-terms and **why** is the outcome better than we think?*

**1. President Trump gained power and leverage via the 2018 election.**

This election tilted the balance of power in Trump's favor! Here's why:

At Trump's inauguration on January 20, 2017, the House of Representatives was composed of 246 Republicans and 194 Democrats. The Senate was composed of 52 Republicans and 48 Democrats. (I include the two independents (Bernie Sanders and Angus King) as functional Democrats). But, only 19 days after Trump's inauguration, there were only 51 Republican Senators. And at least 6 GOP Senators were RINOs at best!

So, from 2017 onward, the GOP had a strong majority in the House and a de facto minority in the Senate. Trump presciently routed all the Congressional investigations of the deep state through the House of Representatives. But, knowing the GOP would likely suffer losses in the House in 2018, Trump began in early 2017 to re-constitute the Senate. John McCain died. Lindsey Graham had a born-again political epiphany. RINOs Bob Corker and Jeff Flake were persuaded to retire.

After the dust settles from last week's election, Republicans should end up with a 53-47 advantage in the Senate, depending on the outcome of the brazen Democrat attempt in Florida to ethereally materialize thousands of votes several days after the election. This calculation also assumes Republican Senator Cindy Hyde-Smith will win the runoff election in Mississippi later this month. And of course, Republicans always have the safety net of Vice President Pence's tie-breaker vote.

*Going forward the Congressional investigations and exposures of deep-state tyranny will simply shift from the House to the Senate! Meanwhile, Senate confirmation of judges and cabinet members is now assured! That is why the recent election*

shifted power in Trump's favor.

## **2. The 2018 election was a red tsunami and the Democrat "majority" in the House may be short-lived!**

Earlier, I noted that the 2012 and 2018 elections "were darkly similar in one other attribute. . ." *In both elections Republican victories were negated by massive election fraud!* But there is a watershed difference between 2012 and 2018. This time Republicans have a leader who will fight election corruption.

*Neither God nor the Christian prophets failed us!* God still works in mysterious ways. And the prophets accurately forecasted the real, not the fraudulent, election results.

It appears that President Trump anticipated the Democrat predilection for fraud and embedded a brilliantly camouflaged entrapment in the 2018 election. The day after the election, Q-Anon, Trump's unofficial mouthpiece that bypasses media censorship, hinted that "honeytraps" were embedded in the 2018 election procedures and mechanisms. Q also hinted the newly elected Democrat majority in the House may be *short-lived*. As Lenny Kravitz famously said, "It aint over til it's over."

On April 17, 2017 Trump appointed a Presidential Commission on voting fraud. Later he abolished the Commission due to lack of cooperation on the part of various Secretaries of State. He then assigned the investigation of election fraud to the Department of Homeland Security. Throughout the 2018 campaign he repeatedly promised his audiences, *"If you will vote we will make sure your votes count."* Maybe he used the 2018 election to entrap the vote cheaters and later use the proof to nullify the election and/or prosecute criminally.

Over the past year Q-Anon has posted several thousand cryptic messages to the American people. One recurring phrase in recent posts says, *"FISA will bring down the House."* FISA is an acronym for Foreign Intelligence Surveillance Act. A secret

FISA court authorizes warrants. This was the process used by the FBI and Justice Department to spy on Trump both before his election and after his inauguration. It is the disclosure of these FISA applications and warrants that the FBI, Justice Department and deep state have been fighting. It is widely expected that when the American people learn all the FISA secrets the Democrat Party and even deep state itself may collapse.

I follow several savvy people who interpret Q Anon postings. Several have commented on the phrase "*FISA will bring down the House*", I assumed that Q-Anon was using the phrase in its generic sense, i.e., to defeat the enemy. But several patriots interpret the phrase to mean that the FISA information will be released and, along with proof of voter fraud in 2018, the apparent Democrat control of the *House* will be set aside! Again, "It aint over til it's over."

Election fraud comes in many forms, including voting by dead people, multiple-voting cheats, busloads of paid phony voters, etc. Sometimes voting machines are pre-programed to record votes for Democrats even if the Republican lever is pulled. Other times corrupt election officials brazenly fabricate ballots! Sometimes mail-in ballots are sent to Democrat operatives rather than the registered Republican voter. When the real voter appears at the polls on election day, they are told they have already voted by mail. They are allowed to cast a "provisional ballot." However, it is the fraudulent, mail-in ballot that is counted and given priority in the event of a recount.

Election mischief also takes the form of *fraudulent voting by illegal aliens*. The Department of Homeland Security estimates that the number of illegal aliens in the U.S. between 2012 and 2018 hovered between 11 and 13.5 million persons. Multiple studies estimate the number to be two to three times higher. A survey in California indicated that 13% of illegal aliens *admitted* to voting. Another study indicated the actual

percentage may be double that.

Election fraud starts long before election day! Corrupt election officials tenaciously resist all mechanisms designed to insure the integrity of elections, such as voter identification. There is little or no oversight of the voter registration process! About half the states outsource the updating of voter-registration lists to native workers foreign countries.

### **3. Trump can accomplish his full agenda even with a Democrat majority in the House.**

It is no coincidence that the day following the election AG Sessions submitted an undated letter of resignation at the request of President Trump. Recall that Sessions recused himself from the Mueller investigation on the flimsy theory that a conflict-of-interest had arisen because he had talked with a Russian diplomat while a member of the Senate Armed Services Committee. The recusal allowed Rod Rosenstein, a career-long Clinton lackey, to oversee the investigation led by Mueller, another career-long Clinton lackey. By Sessions' resignation the conflict of interest becomes moot and his successor replaces Rosenstein as Mueller's boss.

*The Sessions recusal was strategic!* It gave the deep state a sense of security because two of their most trusted operatives oversaw the Trump investigation. And the President embellished the ruse by publicly criticizing Sessions to the point that the Democrats and media rushed to the defense of Sessions. I believe Jeff Sessions is a hero! Yes, it appears that Trump effectively fired him by "requesting" his resignation. But it was part of the plan from the beginning! And Trump's parting message to Sessions was that the country will never forget the sacrifice he made for America!

The timing of the Sessions resignation indicates that Trump was waiting for the mid-term election before launching the

final take-down of the deep state. Keep in mind that Trump has **all** the evidence.

All telephone calls, texts, wires and other communications by every person on the planet since the inception of the Patriot Act in 2001! They are all stored in the NSA Data Center in Utah.

All those computer records that Hillary erased from her servers;

All the information on Anthony Weiner's computer that reportedly includes graphic video of Hillary torturing and killing a young girl in a ritual sacrifice to Satan;

All the phone calls and transmissions concerning Benghazi;

All the information on Obama's phony birth certificate, his identity, and his multiple Social Security numbers;

All electronic communications pertaining to the transfer of uranium to Russia;

All the data on the criminal machinations of the Clinton Foundation!

All these months during which the media was obsessing over the Mueller investigation and Sessions was "doing nothing", U.S. Attorney Huber and his army of investigators and lawyers have been busy processing more than 60,000 indictments. They have no doubt been aided in their work by their "stone's throw" proximity to the NSA Data Center in Utah.

I love the political-activist sisters who call themselves "Diamond and Silk." They said it best: "All Trump's enemy's think this is a game of checkers. But Trump is playing chess!"
