

Ever-Expanding Definitions of Child Abuse Promote False Allegations, Enable Political Agendas

Child abuse is a problem in our country. But engaging in definitional gymnastics and subordinating the issue to advance political agendas will only serve to discredit the important work of legitimate abuse reduction programs, weaken families, and harm children.

I Believe America will Soon Experience Another Great Awakening

I believe America is now in the beginning of not only a revival, but a refounding of our beloved republic land of liberty. Yes there is a push from those on the leftist dark side to derail America...

The Great Displacement of

Americans: Devolving Western Civilization

In an interview with my longtime friend, top immigration specialist Fred Elbel, he gave a frightening look at America's future. He said, "In the United States, the culture war can loosely be defined as the battle between those who adhere to conservative, traditional, and constitutional views and leftists who espouse political correctness, diversity identity group politics, and belief in more than two biological sexes."

More Climate Change Hypocrisy

Last week this guy used three private jets, and a helicopter, to fly 16,000 miles before finally coming to earth at Davos for the World Economic Forum and some photo ops with teenage climate scold Greta Thunberg.

Protestants: The Power of Protest – Obedience to God is Found in Resisting Tyrants

The victory for medical freedom was an emotional and dramatic one as thousands of pro-freedom protesters showed up at the Statehouse to voice their concern over the government removing

their right to informed consent. Naturally, those who want to remove your freedom of choice and sovereignty over your own body and force you to take an injection even if it goes against everything you believe in, were furious.

Slow Moving Socialist Avalanche Is Headed Right For You

You are skiing in the back country when all of a sudden you hear an ominous cracking and then a rushing sound like a hurricane. You look up slope to the mountain above you and realize that half a mountain of snow is headed right at you at 80 to 100 miles per hour. In an instant of horror and panic, your life flashes in front of you.

The Pretended Articles of Impeachment Against a President

The president has every right and privilege to disagree with Congress and owes them no duty that supersedes his duty to keep his Oath to the Constitution. And, of course, he has no legal obligation to participate, encourage, or aid and abet the mischief of Congress.

Wildfire Jihadis and the Genocide of Cultural and Ancient Sites

The Islamic worldwide destruction of cultural and historic monuments is much like destroying America's Civil War history by eliminating the statues of veterans of both sides of that war...they eliminate the historic truth. The Muslim goal is to instill fear and pain by burning their enemy's countries, their homes, their churches, and destroying their landmarks and their culture.

Goodbye Sammy, Our Patriot Greyhound

Sadly, my wife Mary and I had to euthanize Sammy, our beloved 15 and a half year old greyhound. Due to his unusually large size, his former owner named him Samson. We called him Sammy.

How to End House Impeachment

Games: Senate Impeachment Trial Rules – the ‘Kill Switch,’ Spicer:

Nancy Pelosi shamelessly played partisan political games in the House with an extremely serious matter, impeachment. Impeachment is a serious step in attempting to remove a president, and should be treated as such. In the Senate trial, the games are over.

The Stunning Sham Impeachment of Donald Trump

They wanted to impeach him even before he took the oath of office. They’ve called for impeachment every day he’s been on the job. Democrats have asserted they can impeach him multiple times. Hard to believe we live in America! Democrats are desperate and at their wits’ end.

Will They Ban My Assault Frying Pan?

The disgraced media and ‘alternative’ media alike blathered on about militias being there. Those would be false militias under the Second Amendment. Now, I know that many of them do

really good things around their communities and are a God-send during natural disasters.

Donald Trump's America

Our responsibility as Americans to Keep America Great, is to reelect President Trump who selflessly has sacrificed his comfortable life for the sake of America and American people.

Depraved Men Now Raping Animals

Animals have the same nervous system as we have. They experience pain, anxiety, fear, joy, love just the same as we do. Please think about that and become an advocate for animals. It will cost you nothing but a little time.

Democrats – The Party of No Values

As we have begun the impeachment process in the Senate it would behoove Americans to understand just how partisan, as well as corrupt, the Democrat Party has become.

America is 'Going to Pot'

In many areas where pot has been legalized, we're seeing "tent cities" pop up now – communities of homeless people. Some flock to these states and towns from other parts of the country simply BECAUSE they can purchase pot legally there. So they hang out with others in these "tent cities," and the tent cities grow.

Globalists Panic as Trump Survives and Virus Spreads

In the span of just one week, at the Davos World Economic Forum, two globalists sounded the alarm about President Trump's America, declaring we are living in "revolutionary" times. This means another panic has set in, as Bolshevik Bernie is positioned to capture the Democratic presidential nomination and go down to another defeat

Biden Throws Blacks Another Racist Dog Biscuit

How many stupid blacks will stay on the Democrats' plantation,

believing Biden's outrageous lie that Trump is a n*****-hating white supremacist? My fellow black Americans, please stop scarfing up Democrats' racist dog biscuits.

Senate Violence-Reduction Bills Push the Progressive Agenda, Ignore Conservative Principles

The Violence Against Women Act is one of those laws with an innocent sounding name, but in practice toes a hard-left agenda. First passed in 1994 thanks to the efforts of then-Senator Joe Biden, VAWA is now up for its five-year reauthorization.

Trump on Trial: Democrats Playing Games With People's Lives

Schiff, a California Democrat, is heading a team of impeachment managers made up of the most of Trump hating Democrats serving in the House of Representatives. He kicked off the trial by making his case before 100 senators seated at their desks with the Chief Justice John Roberts of the U.S

Supreme Court officiating.

Reading, Writing, Arithmetic or SEX, What's in Your school?

Recently Planned Parenthood teamed up with the Center for Disease Control to produce a program designed to sexualize children from grades 4 and up. Forget about learning ABC's or math, students having sex as early as possible is their goal.

The Rage of the Democrats

For decades, the Democrat Party has shown by both words and deeds that they despise the U.S. Constitution while they bend over backwards to embrace Islamists, illegal aliens, and anyone who hates America and feels entitled. The left is interested only in power and nothing else – even if it means sacrificing our safety and security.

Yet Another Reason Among Many To Love Texas

Texas governor Abbot has in my opinion set the Lone Star State up for tremendous blessings in the years and decades to come. Not long ago, the Texas governor signed into law an anti boycott Israel bill that would limit those whose focus is to unjustly sanction and divest from Israel.

Voting for Trump is... Illegal?

Meanwhile, CNN, an even more hysterical purveyor of left-wing rants disguised as news, plus a goodly portion of outright falsehoods, is now partnering with HBO to craft a documentary on "the rise of fake news". Oh, please! Our nooze media are so dishonest, even with themselves, that they don't know they're fake.

Fake Politicians, Fake Media and Fake Laws Have Destroyed America

After having spent most of their careers ignoring it, and getting away with regularly violating it, their love of our historical founding documents is almost comical. Except, it is

no laughing matter. Their willingness to ignore the law is exactly what has gotten this country in the mess that we now find ourselves in.

Ten Times A Month, I Interview On National Radio Shows

Do you think America and Americans will survive the next 140 million immigrants? Do you think America will remain viable, sustainable or intact as a culture, language and a quality of life country? Me? On the radio shows, I tell it like it is...I think our country is doomed if we continue importing immigrants until they outnumber us.

President Accuses Obama Of Funding Iran, DOJ "Finds Nothing" On Hillary Clinton

As we all know, the President of the United States this week accused Barack Hussein Obama of funding the missiles that attacked Americans in Iran. This is true and the American people knew of it when he did what he did.

Is Today's American Really Capable of Self-Government?

During this interim period as more and more individual freedoms are lost, the people can only hunker down and use what is left of their rights to keep the government at bay. Nevertheless, the end of this perilous journey can only end in final subjugation and enslavement of the people of the United States, unless and until the people decide for themselves that they are capable of self-government

A Lesson About Law From a Birmingham Jail – Rev. Martin Luther King Jr.

Immorality, theft, vandalism, Second Amendment violations, and so-called civil rights were not the basis of this Baptist minister's philosophies. His mission was to proclaim the Gospel and his basis was God-given rights, and liberty under Law, which in his case was eloquent enough to land him behind bars.

Rabid Democrats Accuse Trump of Yet Another Crime, But Ignore Obama's Lawlessness

News outlets such as MSNBC, New York Times and CNN breathlessly reported that Trump had committed a crime when he failed to tell the House of Representatives that he was withholding the billion taxpayer dollars.

The 'Historic' Sham Impeachment of President Donald J. Trump

The word 'historic' is emphasized in this article, not because President Trump's impeachment should be considered historic, (it should actually be considered a sham and an embarrassment for the nation), but to illustrate how utterly absurd it is that the Democrats and their lapdog media puppets continue to refer to President Trump's impeachment as 'historic.'

Sidney Powell Files Motion

Withdrawing General Flynn's Guilty Plea

Those corrupt prosecutors were not fired or disbarred, they were promoted, just like Lon Horiuchi who shot and killed Randy Weaver's wife, and wounded both Randy and his friend Kevin Harris. Randy's 14-year-old son, Sam and his dog were killed the previous day after an encounter with federal marshals.

The Impeachment Trial: Getting Trump (and the Clintons) Off the Hook

It's mighty suspicious that Trump has been maneuvered into hiring people who either voted for Hillary or failed to hold her and her husband responsible for serious misdeeds. It not only looks bad but suggests that defending Trump may be useful to some in preventing the president from getting to the bottom of the Clinton scandals.

Greta Thunberg's Climate

Change Hoax Damaging America's Children

Greta Thunberg burst on to the world scene last year at age 16 similar to the unleashing of the most ignorant, stupid buffoon to ever serve in the U.S. Congress, Alexandria Ocasio Cortez (AOC). Thunberg is a Swedish citizen and referred to as a climate change activist. Her job is to spread fear in humans around the world while pushing one of the biggest hoaxes ever shoved upon the world.

Why the States Must Nullify the National Voter Registration Act Now!

From the earliest days of our Republic, some years before our federal Constitution of 1787 was ratified; the Citizens of the States determined the qualifications for voting, and memorialized these qualifications in their State Constitutions.

Blip: Humanity's 300 Year

Self-Terminating Experiment With Industrialism

Finally, do you think humans will try to save themselves? Will we make any effort to change course? As for me having observed humanity around the world for the past 50 years, my bet? We will continue the Faustian Bargain with a grand finale of Hobson's Choice. Some call it the "Darwinian Solution", but it's coming.

Richmond, Virginia: A Time for Blood?

I learned at the cancer clinic where my wife was treated yesterday, from a nurse, that the North Carolina county in which we live – Surry – has declared itself a sanctuary county for gun owners. Political leaders just north of us here are calling for the secession of the western counties of Virginia. They want to become part of West Virginia.

Let the Impeachment Circus Begin

For the last several months, three years to be exact, we have seen the Democrat Party attack president Trump in a wild

attempt to impeach him. The plans to impeach began as early as the evening he was elected. Mad Maxine Waters began calling for impeachment the day after he was elected.

Abolition of Abortion and 'Church Repent'

Again: abortion in America will end when the CHURCH in America decides it will end, and not before. Until then, our nation stands under blood guiltiness and under the wrath and judgment of God, because AS A NATION, we have legalized and celebrated this horror – and those who take His name in vain, calling themselves “Christians” stand idly by and do virtually nothing.

A Narco-Nation of Potheads, Courtesy of George Soros

In the United States, he is best known for almost single-handedly creating a narco-nation through legalization of marijuana, causing human suffering and environmental devastation on a scale most people do not yet comprehend.

Qasem Soleimani, Iran, and the Rule of Law

Considering that government derives its just power from the consent of the governed (as stated in the Declaration of Independence), then government can have no power except that which the people first possess in themselves, then delegate to government.

A Glorious Weekend Filming with Fellow Deplorables in California

Robert treated me to a sneak-peek of his hilarious new short film titled, "Nightmare in Paradise." It's about an emigre from Kansas who has a nightmare about trying to run a business in California.

The Rape of Men – Sinaga, Jezebel and the Feminists

The emphasis on the rape of men in all its many forms, without the mention of the rape of women, will reveal an annoyance in many people's minds, but it shouldn't. Equality needs revising. It should be a catalyst to show that hatred is

really at the root cause of all of our problems.

Over 90% of Illegal Aliens Nabbed Had Criminal Convictions or Pending Charges

The Dallas ICE field office, which covers north Texas and Oklahoma, led the way with 16,900 arrests in fiscal year 2019. The overwhelming majority, 12,578, were convicted of crimes and 3,499 had pending criminal charges.

Karl Marx's Vision Prepares American School Children as Future Labor, Part 2

Most people only recognize the last sentence in Marx's popularized slogan. It is not very difficult to foresee the near future of our country as this movement in behavioral psychology in our schools is thrust on our kids in the guise of "productive forces" as Marx defined them. As teachers posing as therapists continue the pseudo-non-clinical treatment called interventions at school, our children are in danger.

Can Hedge Funds Topple Trump?

With the “progressives” taking advantage of every opportunity to broaden their anti-Trump coalition, including through an orchestrated impeachment campaign, the Trump Administration has some golden opportunities to reassemble powerful elements of the old Reagan Coalition.

Yes, It's True, They're Crazy

Anointed by the Far Left Crazy as Scold 0' The World, Swedish teenager Greta Thunberg has issued a set of “demands” to the elite globalists who are getting ready to board their private jets and head to Davos for the World Economic Forum.

It's Time For Christians to Get Off Their Knees and Fight Back

It is not the evil that troubles my sleep. It is the apathy. It reminds me of the old saw about the high school social studies teacher who asked his students what was the most pressing need facing the nation. To his despair, the most

common response was, “I don’t know and I don’t care.”

Mockery of Impeachment, the Voters and of Trump by Nancy Pelosi

May the U.S. Senate get this stupid impeachment mockery of the Constitution finished and acquit Trump, and then, all those “asses” in the House and in the criminals in the Senate—get back to serving we, the people. Gees, I’m pissed!

18 Republican Governors Ask For More Muslim Refugees As “Christian Charity”

It was reported by Fox News’ Tucker Carlson that 18 Republican governors have explicitly requested that more refugees be sent to their states. They said that it was “compassion” and “Christian charity” to do so.

The Vicious Domestic Enemy of Rural America

That's right, environmentalists and even those that live in urban areas, have been so brainwashed by the government through education and outright propaganda, that they actually believe that it is OK for government to regulate rural lands with draconian environmental protection ordinances...

The Constitutionality of Long Distance Air Strikes, Part 2

With regard to Soleimani, my conclusion is that Trump did nothing outside of what Congress has authorized in 1973 and has stood by for decades until this present day. However, just because it was passed by Congress does not make it Constitutional.

Cell Phones, Bullying, the Age of Reason, and Typical Democrat Stupidity

While the author of a new bill submitted in the Vermont state Senate says the bill is only to make a "point," this bill exemplifies the Democratic mindset – ignorance and stupidity.

So what is this new bill about you ask? Cellphones – more specifically, taking them away from those under the age of 21. Yup, you read that right.

The Coming Collapse

Make no mistake, we are living in the midst of an epoch moment. We have to anticipate and prepare for the outcome of the collapse. This is the task of the aware and responsible individuals who can take drastic and effective action now.

Barr's DOJ Seeks Six Months In Prison For General Flynn

Lt. General Michael T. Flynn (retired) has been railroaded into a plea of guilt that never occurred. This honorable patriotic intelligence soldier would never purposely lie to anyone. He is faithful to God, family and country, and always has been. The attack on this brilliant veteran has been purposeful because he knows the corruption in the intelligence community.

Housing Shortage Crisis in California – Blame Yourselves

I was born and raised in California and didn't leave the state until I married my late husband who was military. My beautiful state is now in ruins and the people who live there have no one to blame but themselves.

Betsy DeVos's Socialist Dreams Push Charter Schools, Part 1

As you read these subjective and arbitrary emotional learning objectives, think about the artificial stress hoisted on our kids proving psychological behavior change is rampant and forced on our children at school. The idea of the individual must be banished from society. Parents have looked the other way.

At The Appointed Hour Of 2020: These Things Need

Attention

In the end, hopefully, reason prevails. If not, we become another Communist China or Saudi Arabia or any other dictatorial construct. Prager and Corolla point it out that we must guard, treasure and fight for free speech. I stand with both men and every woman who stands for free speech in America.

The Church of Tolerating Everything

I am helping my good friend Coach Dave Daubenmire prepare for the big gun rally planned for Richmond, Virginia on January 20th. In twenty days armed men from all fifty states in America are planning to descend on New Virginia.

Is Alternative Energy That Effective?, Part 3

Even though we have alternative energy it is not that effective and creates worse problems than it solves. Things like that usually don't bother Democrats because they rarely have to pay for their mistakes. It is you and I that have to pay. Remember the last economic crisis we had in 2008?

“Fear” The Devil’s Tool To Silence Critics

It is time for judgment to begin with the house of God. As Christians, it’s time for us to “man up.” Do we BELIEVE GOD’s Word or not? “The fear of man lays a snare, but whoever trusts in the Lord is safe!”

Fascist, And Other Redefined Words

Being a writer, words matter. Words convey ideas, and if the word choice changes, the meaning can change. I strive to find the precise words I need to convey my ideas. I try to leave no room for ambiguity on what I’m saying. Ambiguity fosters misunderstanding and misinterpretation – a whole other set of problems. It is two different things to disagree and to misunderstand.

Sheep Dog Saves Herd From

Aussie Fires

A little black and white sheepdog has a job as sheep herder that she takes seriously. Day by day she guided the sheep to various locations. The sheep seemed to know they were in good paws with that little dog as she led them to various grazing spots and at the end of the day she guided them back home to their barn in Corryong, Victoria, near the South Wales border.

Pelosi, Biden, Clinton's Money And Wheeling And Dealing

Even with the members of the nation's elite news media covering up – or making excuses – for Democratic Party presidential hopeful Joe Biden, who served as Vice President for Obama's two-terms, the story regarding Biden's son's history is a sore point as more and more Americans learn about Hunter Biden's money-trail.

Thanks Mr President for Placing American Lives Above

Politics

So rather than celebrating President Trump for immediately stepping up to protect American lives in our U.S. Embassy in Baghdad, fake news media rushed to spread the lie that Trump behaved irresponsibly.

So You Think The Atrocities In The Middle East Are Bad Huh?

The recent stupid atrocities perpetrated primarily by Iran are horrendous. In fact, since 1979, the Iranians who stupidly gave up a great standard of living and relative freedom have been guilty of atrocities of the lowest order. Particularly, the religious nazis at the top.

What Are We Teaching Our Sons?

Christian men must rise up and model Biblical manhood for their children. The culture is feeding our young men tolerance. What they need more than anything is testosterone. Testosterone is a good thing. The righteous are as bold as lions...it's time to man up.

Now They Want to Abolish Police

In London, where it's just about impossible to lawfully own a gun for self-defense, the murder rate for 2019 was the highest it's been for the whole decade—149 people killed. It wasn't at its highest for the new century, though: in 2008, the body count was 154.

Great Quotes by Our Leaders in the White House and Congress

Our national leaders tell us the truth, nothing but the truth, so help them God! As you look around America, you see U.S. Senators pontificating about our country—the one they serve with such integrity for decades of their careers in Congress. Of course, they prove themselves honorable and proper.

Iranians Want Regime Change

The Islamic revolution happened because the Shah trusted his immediate cabinet members and generals to tell him the truth.

But they did not. They left him in the dark about the situation inside Iran.

Vigilante Justice: When The Law Fails To Serve Us, Then We Must Serve As The Law

The message is clear: Folks are not going to put up with what these criminals are guilty of doing nor are people going to put up with those who mean to advocate crimes against children.

Your Children Are Listening and Imitating What You Do

Parents send their children to government-run schools but don't constantly check and measure the quality of that education. They don't peek into the process and determine if the process is a learning experience in truth, or one filled with propaganda and indoctrination.

The Constitutionality of Long Distance Air Strikes

Now, don't get me wrong. Along with many Americans, I am disposed to applaud Mr. Trump's boldness and decisiveness, along with his desire to protect the American people.

Trump Denigrated for Embassy Attack Response: Dems Call Iranian Attack 'Trump's Benghazi'

Presidential candidate, Senator Elizabeth Warren, D-MA, wrote on social media web sites: "Trump's reckless decisions to walk away from the Iran Deal and now to launch airstrikes in Iraq without Iraqi government consent have brought us closer to war and endangered U.S. troops and diplomats."

**Democratic Socialists
Denounce Trump For Killing**

Iranian Terrorist

The Democratic Socialists and neo-con Trotskyite Republicans (they are Marxists as well) hate President Trump for disrupting their goal of the globalization of America, and the neutralization of her world leadership.

Another CIA Face for Anti-Trump Resistance

Now that Trump has acted, authorizing the killing of this terror master, the Pelosi argument is that Trump must be stopped and Iran's other top terrorist leaders must be saved, so they can scheme against America in comfort and security.

Warning About the "Best Economy in Fifty Years"

The primaries are coming up soon. Sure as I'm sitting at my desk, uninformed, ignorant Americans are going to vote for the same incumbent who has brought this Hell right to their doorstep and then expect things to change. Hopefully, I'll be wrong, but as Patrick Henry said, "I have but one lamp by which my feet are guided, and that is the lamp of experience."

Israel Should Get Ready to Obliterate Tehran

Whatever the future holds, a dangerous terrorist kingpin has been eliminated from the face of the earth, and justice has been served. The world is a better place. It will be even better when Suleimani is joined in hell by his revolutionary comrades.

At The Appointed Hour 2020: What Is America Doing To Itself?

First of all, we need to withdraw ALL our troops and bases out of Afghanistan, Iraq, Syria and all other places in Africa and the Middle East. They don't want us there. Iraq passed a resolution for us to vacate their country. We've wasted tens of thousands of our young men's and women's lives in the past 19 years.

Billy Graham, Mark Galli And Christianity Today

After four attacks on me published on and by the magazine, Christianity Today (CT), I called Editor Mark Galli and asked, "What would Billy Graham think of you using the magazine he founded to trash ministers? The reply? "Billy Graham had nothing to do with the founding of Christianity Today." How's that again?

Is Alternative Energy That Effective?, Part 2

The worst part about all this 'alternative energy' is the liberals actually believe that they are better forms of energy than the predominate fossil fuels that we are now using. The problem is there are not as efficient in any way.

Stepping Into The New 'Roaring '20s'

As we step into the new "Roaring '20s," I wonder how far we've come in the past 100 years? What was life like – in America and the world – in 1920? Let's take a walk back in time and take a look. I love to study history and some of the things I

learned about 1920 surprised me. You may be astounded too – and see a few similarities between THEN and NOW.

A Sad Baltimore Tale

Democrat controlled cities are insanely obsessed with pandering to criminals and illegals against the safety, best interest and rights of law abiding citizens. NYC Mayor de Blasio's latest soft-on-crime initiative includes giving freed inmates gift cards and cell phones.

The Elite Hidden Goal: Depopulation

America will not be saved if we the silent majority do not find our voice and courage. We must act. We must recognize that the goal of progressive school programs are designed to pervert and destroy. Remember in order to transform, you must destroy first. The globalist/communists have a target. America's youth.

President Trump Ordered Military Hits on Islamic Terrorists to Deter Further Aggression

Trump has learned to tell the Democratic controlled house absolutely nothing. They leak like sieves to the enemy, their colleagues and allies in mainstream media. Their desire is the destruction of this President who longs to return America to her greatness and to protect her citizens from both foreign and domestic enemies, many of whom are in our Congress.

What “White Privilege” Means in Small-Town West Virginia

It turns my stomach the way despicable evil Democrat presidential candidates say white men like Pop Kern are responsible for everything wrong in the world. Democrats boldly proclaim that if elected president, they will punish Pop Kern; tax the heck out of him and force him to pay reparations to minorities and even illegal aliens.

Kenyan Illegal Alien Serial Killer in Texas Suspected of Killing 20

In what many conservatives see as a colossal failure, the Republican Congress, led by former Speaker Paul Ryan, current Minority Leader Kevin McCarthy and Senate Majority Leader Mitch McConnell, failed to deliver wall funding to the president's desk during all of 2017 and 2018, when Republicans held the House, the Senate, and the White House.

Let's Win the War at Home in 2020

The year 2020 opens with a booming economy and a culture still in rapid decline. One of the leading associates of dead pedophile Jeffrey Epstein says she is being protected from arrest and prosecution because she has dirt on powerful people.

Democrats Are Communists Waging War On Our Republic

I could list all the insane actions and lies of the traitors in government and their Fellow Travelers, but it would be a

waste of time because you know the truth. If you don't know the truth, I must loathe you as a Communist, or a hopeless, and ignorant tool of those who intend to be our Marxist rulers, taking the food out of your mouths.

Teacher Unions vs. Teachers

All of this mischief, which we still call "public education," is the work of the Democrat Party. What a low opinion they must have of minorities! But then for liberals no one is a person in his or her own right. "You" are not you, but only a member of this or that identity group, to be treated accordingly.

Time's Person of the Year: 16 Year Old Greta Thunberg

As 2019 slips into the rear-view mirror faster than a firefly flashes its tail-lights, 2020 rolls into view like a wildfire across Australia. Or, like a forest fire in California. This new year faces jam-ups like Los Angeles, Denver or New York's gridlocked traffic.

Militia Standing Against Tyrant In Virginia Who Failed To Learn His History

Oh, how many times I have preached that the Lord is going to get our attention one way or another and, boy oh boy, is He doing just that. His message is clear: If you want to remain free then you are going to have to fight for your freedoms (1 Timothy 6:12). After all, the history of the Church is that the Lord is willing to give the Church what it is willing to fight for, no doubt.

The 13 Colonies Started Freedom. Now They're Destroying It

The 13 colonies gave birth to freedom and they are now killing it because of big cities. What has happened to the 13 colonies is now happening to other states like California, Oregon, Washington and Illinois. Big cities are and will be the death knell of freedom in America.

Guns Save Lives

This week as we pray for the families and friends of the deceased at West Freeway Church of Christ, please take an additional moment to give thanks for the law-abiding heroes that saved so many lives. May it challenge us all to follow their example of love.
