

An Orwellian Switcheroo: Charging Israel with Genocide

That diabolical orgy of sex-and-bloodlust cannot be forgotten when one considers the current Israel-Hamas war. As the world now knows, Hamas poses an existential threat to Israel. Therefore those who support Hamas are supporting the eradication of Israel, i.e. genocide against the Jews. And in its genocidal resolve, Hamas is joined by likeminded Arab Islamists who continually plot, plan and attack Israel, directly or through proxies, e.g. Iran.

Your Freedoms Are Under Attack: Yes, It's Important!

In case you haven't noticed, your federal government is on a course that is doing its very best, with the help of the state governments, to undo what it is that our Forefathers have painstakingly and sacrificially established (John 15:13).

Speaking Truth to Satanic Lies

The reality is, Israel's IDF is the most moral army in the world. How do I know? Because the Lord told them "Choose

Life!” They have. Chai stands as one of the most widely recognized symbols of Judaism. It is Hebrew for “life.” The term “chai,” emphasizes the significance of life in Judaism. Israel’s medical teams have saved many Palestinians, including youngsters, but the world fails to see the truth.

War Fever in Washington

House Republicans released their articles of impeachment against Homeland Security Secretary Alejandro Mayorkas on Sunday, the same day Biden’s war with Iran escalated. It appears the Republicans should be targeting the “Commander-in-Chief” in name only for the immediate impeachment. Tell Mayorkas to wait his turn.

Finally: RNC Files Bombshell Election Lawsuit

Like tens of millions of Americans, watching the 2020 presidential race stolen from Donald Trump, I was sickened. As someone whose been writing about election fraud since 1993, I knew the lying, cheating Democrat/Communist Party USA would use every dirty trick in the book. Only this time around, the Big Steal was made possible not just by rigged machines and cheating human vote counters but by ignorant or partisan judges.

Marxist Murder of the American Dream

From day one, July 4, 1776, when a handful of real American patriots declared our independence from England and British rule, they also established our independence from any form of government tyranny, foreign or domestic. The basis of the American Dream is self-determination and self-governance.

Joe Biden's Deliberate Invasion of America

Gosh darn! After three years of Biden's open borders and 9.6 million illegal aliens now living off our tax dollars, as well as destroying our laws, the House GOP wants to bring impeachment proceedings against the director of the Department of Homeland Security Alejandro Mayorkas. Note that Mayorkas has broken every law on the books.

Claudine Gay and the Collapse

of DIE Ideology, Part 1

The recent exposés on Claudine Gay, Harvard's former president and current embarrassment, illustrate what we critics were saying about affirmative action decades ago: it promotes unqualified people into positions of responsibility, hurting their institutions. Claudine Gay is such an obvious case of a Diversity, Inclusion, and Equity...

Babylon the Great Is Fallen

I have good news, and bad news. First the good news, from Psalm 33: "Blessed is the nation whose God is the LORD." Now the bad news: God is not pleased with the United States of America. Almighty God is no longer Lord of our nation.

Another Impeachable Offense from Biden

President Biden's war with Iran is illegal and unconstitutional, under the terms set by Biden for President Trump. "Let's be clear," said Biden in 2020. "Donald Trump does not have the authority to take us into war with Iran without Congressional approval. A president should never take this nation to war without the informed consent of the American people."

It's the Six Moves Between That are Worrisome

So now is the time to return to God, to descend to a place of rest and trust in Him instead of a puffed up place of self-sufficiency, or a panicked state of distrust and fear. As I sought God at the end of 2023 for wisdom for the coming year, He was faithful to give it. He showed me there will be trials and turbulence and even disaster ahead.

Arms Rights Roundup

America has lost its oldest factory – a gun manufacturing facility. Two-hundred year old Remington Arms, one of America's major arms producers, has shuttered its doors at its iconic and venerable main manufacturing plant in the tiny town of Ilion, New York where 230 workers were employed. As recently as 2013, about 1,400 workers were producing 4,900 guns per day at this site. Over the last 10 years, most of the production has been farmed out to other manufacturing sites around the country.

Who Do Elected Representatives Think They're Representing?

Today's freedom activists must organize effectively. That specifically requires action at the local level. The further government gets from the people, the more corrupt it becomes. Let's organize to change that. Now is the time to prepare for this year's vital election. Do not accept 'the defeatist attitude' that we can't win.

Why Was Davos Important?

Is America worth saving? There is only one way to save America that is – with hard work. Are you up to it? Can you share this article with 5 people and ask them to share with 5 and so on? Sharing the truth and applying knowledge is power. This is the only way to save America. You can do it. I know you can.

Illegal Alien Invasion of America: I Am SO D*** Angry at Joe Biden and Congress**

Last night, Colorado Public Radio reported that my City of Denver now houses 37,500 illegal aliens. They interviewed

women of “do-gooder” groups who were trying to find food, shelter and care for people who knowingly broke into our country against our laws.

Biden’s Forever Wars

In the latest example of deepening involvement in another war, U.S. Central Command announced that the two “missing” U.S. Navy SEALs died “during the boarding of an illicit dhow [a small sailing vessel] carrying Iranian advanced conventional weapons...” but there was no explanation or constitutional justification for this military operation.

Liberty Counsel Warns “The Next Shot May Be Mandatory”

That profit-building marketing scheme led to the distribution of a new and dangerous shot that led to hundreds of millions of injuries. Four years into the COVID “crisis,” people are now aware of the danger and are refusing to take the mRNA “booster” shots. So Big Pharma has found another way to increase profits – by getting the World Health Organization (WHO) to compel people to take the shots.

German Farmers Revolt Against Policies Enhancing Globalism and Climate Hysteria

For much of this first month of the new year, protesting farmers have practically shut down Germany. They've used trucks and tractors to block major highways in and out of Berlin and several other major German cities. They've received massive popular support and been joined by others in "low tech" professions (electricians, rail workers, etc.). Additional support has come from their counterparts in The Netherlands who have been fighting this same battle for over a year now, and from Poland and the Czech Republic.

What's Wrong With this Picture 2008-2020

In 2024, we will either have free, fair, lawful, and transparent elections, or we will be off to the races. 2024 is the breaking point. Trust me on this... I follow growing public sentiments very closely.

New Push for Amnesty MUST Be

Crushed

The border INVASION has back fired for the evil doers. Oh, it's worked as far as allowing more than 8 MILLION unvetted illegal aliens to be distributed around the country, but now even The UnReachables are starting to realize the "compassionate" theme has brought crime, chaos and in some way is now touching their lives.

We Have Become a Nation That Has Lost Its Collective Mind

If you possess a rational mind, you cannot justify what's going on in America in 2024. Up is down; down is up. Crime is celebrated; law-abiding citizens are fools. Shoplifting is cool; paying for your groceries is for suckers. When a male pretends to be a woman, you are required to pretend with him.

A Way Of Life That Leads To Death

But if you meet life with anger, jealousy, hate, hostility and hurt feelings, your guilt will grow through the years. Worsening, you become angry with yourself and your sickness.

Safe Navigation Through Dark Places

Those who trust in Jesus Christ not only receive forgiveness of all their sins and reconciliation with God, but they are also transferred from a dark domain into His kingdom of light (Colossians 1:9-14). No matter what challenging uncertainties or situations we may face, the Lord's faithfulness never changes, and He promises never to leave us lost in the dark (Hebrews 13:5-8).

Seven Moves from Checkmate

They are few and we are many. They need the many in fear of the few. They've deceived themselves (and others) that they will obtain their victory. But it's really not up to them. They're the pawns of God's adversary, and while they think they're calling the shots, they really aren't. I want to expound on the cosmic battle in the coming weeks, but it will take me some time to lay it all out.

Immigration or Invasion? Cancelling the Greatest Culture in the World

What is happening today is not new. It has been going on in many places in the world for decades. When I was in Cologne, Germany, in the early '70s, I had a conversation with a local couple who were very unhappy with the Turks that had been brought in for much-needed labor. The gist was that the Turks did not have the same values as the natives and were not impelled to comply with German laws and mores, but weren't about to leave when their work was finished.

The Communist Plot Against Trump

You have probably heard about the scandal involving anti-Trump prosecutor Fani Willis and her well-paid lawyer lover/boyfriend. Their bizarre romantic and financial relationship may sink her case against Trump. If so, she will be replaced, and the case will go on.

How the Republican Party

became the RINO Party

To turn the Republican Party back into a conservative party, leave independent status and rejoin the party. Not to go-along to get-along, but to flood the party with real conservative republican voters and take back control.

High-Test Marxism Is The Revenge For Our Having Won In 2016 (And 2020)

Everybody knows that the 2020 election was an even bigger win for America, than was 2016. Of course, 2020 wasn't allowed to happen. Since then, the speed of our country's destruction has been turned up, by those who had to cheat to get power. We know that, as well. We are NOT frogs who will be boiled alive, however, because the water started out uncomfortably hot. Look at what happened in Trump's first term. Turning up the heat has only energized us, and broadened our base.

**Extraction Migration:
Screwing the American Worker**

with Foreign Labor

Our own companies across America would rather cut our throats than hire American workers for a fair and living wage. For certain, minorities with low educational skills face planned poverty by the big wigs in those Washington DC offices. In many ways, capitalism must be the cruelest of systems when it comes to cut-throat competition.

Off to a Busy Start in Jan 2024

The decade of the 2020's has been nothing like the American people have ever experienced. In fact, it has overwhelmed the sleepy church as the assault upon Christianity in American has reached a fever pitch. 2024 is going to be a season where more evil is going to be exposed. That is what we have been doing on the front lines in America since the birthing of PASS THE SALT.

Things Aren't Working As They Should

I hiked back home. We lit candles. My wife has an oxygen generator; it doesn't work without electricity: something to worry about. She fell asleep on the couch. I thought I'd

better stay up, but by 3 a.m. I was nodding over the candles and it struck me as a dangerous position. I had to go to bed.

Hatred At My Door

Satan knows the Bible better than most Christians and from the beginning of his fall, he knew that if he could kill the Jews, he could live and rule and reign on earth forever, but we know he will not succeed. From the beginning, he has tried to kill them, and he loves it when people believe the anti-Semitic tripe because they play into his plans.

The Jesus Of The Bible In Contrast To The Jesus Of Today's American Church

The pulpits in America have portrayed Jesus as somehow or another walking around with pink booties on spanking sheep on the back side, all the while telling the world that everything is alright. Nothing could be further from scriptural truth. It's offensive to say the least. This is a created image of the modern-day heretical church.

Blaming the Jews: An International Pastime

So before you “blame the Jews” for ancient and modern tropes that demonize the Lord’s chosen people, remember you’re simultaneously scourging them for their divinely appointed role of introducing God and the Bible to the world, fulfilling prophecy, and, as Christians and Messianic Jews believe, providing the world with the Messiah, whose birth we once again celebrated a mere three weeks ago.

Lawsuits for Revenge and Profit?

By both mooting the case and vacating the First Circuit’s decision that Ms. Laufer had standing, the court does restore some sense of justice by restricting the use of malicious prosecution. However, by not deciding the question of Ms. Laufer’s standing, the court also allows her, and others like her, to act as federal vigilantes.

Will Fulton County DA Trump Persecutor Fani Willis Be

Indicted?

Last week new blasting headlines featuring low intelligence diva, Big Fani Willis, Fulton County, GA DA persecuting Trump burned up the Internet. A grand jury returned a RICO indictment against Trump and 18 others in her county. That grand jury either has zero ability to process and fully understand the charges or they were all Democrat Unreachables.

The Deliberate Dismantling of America: What We Face If We Don't Stop the Invasion

If we fail to stop Joe Biden's invited refugee invasion of America, most Americans are not prepared for what's coming. In 2024, most Americans take for granted MOST of their freedoms. They enjoy education from kindergarten through 12th grades. At least 20 percent enjoy college educations. Millions more enjoy vocational training schools.

Free, Fair, Lawful, Transparent Elections 2024

The USA is very unique in the world in that all political authority exists at the pleasure of the governed, the People.

Our government has a right to exist only so long as the People say so, and only so long as governments perform within the limited powers they are granted. Taxation without representation is prohibited in the USA, no matter which party you're loyal to, or how you might feel about it.

Honoring Our Husbands and Wives

Today, we live in a world of confusion and delusion, like I never could have dreamed we'd see in my lifetime. Or ever, for that matter. The "goats" on the Left have done their job well, putting forth lies and deception, so much so, that if it were possible, even the "elect" would be deceived.

Why Suzanne Harp For Congress?

Why Suzanne Harp? Because she will be a loyal congressional representative for her constituents. Because she is a fighter and believer in American exceptionalism. Because she stands tall and strong to preserve, protect, and defend the Constitution of the United States for you, me, and all Americans.

Oval Office Immunity?

The US Federal Government exists solely by way of the US Constitution. If the Constitution and Bill of Rights are dead and gone, then the Federal government has no legal basis to even exist at all.

The Deliberate Dismantling of America: How You Can Stop It

What did our Founding Fathers George Washington, Thomas Jefferson, Abigail Adams, John Hancock, Paul Revere, and Ben Franklin possess in common? Answer: they took action. They changed the course of history by their efforts on the battlefield. As they sat at Constitution Hall, they hammered out the U.S. Constitution. Each man and woman took action to form the greatest country ever created on the face of the Earth.

The Dinosaurs That We Deserve

The Jurassic Park movies, starting in the 1990s, gave us a Tyrannosaurus that really scared us. Balanced fore and aft at the hip, the new T. rex ran like the wind, turned on a dime,

and could only be challenged, eventually, by imaginary dinosaurs cooked up in movie studios. But that was not the end of it.

Military Men: Stand Up & Demand Justice Over Forced Job

Last week, we found the Supreme Court injustices decided to give a pass to those who are illegally forcing on the public lethal, experimental jobs. Namely, I'm talking about Big Pharma and its corporate fascist alliances (Isaiah 28:18).

Who I Am, What I'm About, 2024 Edition

Who am I? A guy with too much formal education who left academia over ten years ago, went overseas, but has returned periodically to his homeland and stays in close touch. I thank God daily for the Internet, which makes this arrangement possible. I'm married to a foreign national. No children. Two cats. We live in a place that would be very difficult to find if you didn't know exactly where you are going.

What is Income?

Why should you pay very close attention to this case? Because, as a direct tax on something other than income, a wrong opinion from the court could open up a deluge of new direct federal taxes on everything from your home, investments, even your childhood Baseball Card collection.

Are Children Really Our Future?

As a retired teacher, I was really pleased when I read the article in the Jackson Times about how well our students are doing in the Jackson County Schools. Several schools moved up a grade. That was wonderful but did not make sense according to the statistics from US News and World Report, NAEP, or Axios that say 47% of our kids can't read write or do simple math.

Terrorists Coming Across the Border Will Strike at Some

Point

Congress after Congress has refused to tighten current asylum laws so now, we have free-loaders by the MILLIONS applying for asylum for spousal abuse or a hang nail. Court dates are being set for five to as long as 10 YEARS from now because the system is past overloaded. Under Trump, not under the illegitimate Biden open border policy...

The Deliberate Dismantling and Ultimately, The Destruction of America

You are about to learn what's happening to America as to its being dismantled. You are about to see how, ultimately, this current invasion will end in the destruction of America. This report comes from the vantage point of an American journalist who has traveled the entire world on his own dime. You're not learning this information from a paid journalist of the New York Times or the Washington Post or The Atlantic Magazine.

Celebrating January 6, 2021

On the 3rd anniversary of J6 2021, events of that day are celebrated by all sane Americans as the day when the once silent majority, stopped being silent. Before going any

further, there's a few basic facts about J6 that some foolish Americans must come to grips with...

Be Connected to the Source of True Life Rather Than AI

Over centuries of interacting with successive descendants of the Fabrini, the Oracle concluded that the success of the mission would be better served by fostering the belief among the people that it was a god and Yonada was a planet instead of a spaceship. Later generations eventually became unaware of the true nature of their "world" as that knowledge was suppressed through the implanted microchip.

2023 Year In Review

The Minnesota legislature announced their first order of business would be to enshrine a "right" to completely unrestricted abortion up to the time of birth in that state. Governor Tim Walz signed the bill into law on January 31st, making Minnesota the first state to formally "legalize" such atrocities.

Moving Forward into 2024

The Obamas collaborated to produce a trending movie on Netflix called "Leave the World Behind." It's basically an Armageddon type movie where America is under attack from various angles and the implication is it will be destroyed or fundamentally altered. I won't get into the details, but you can read a great synopsis of the symbolism in it here.

Corralling the Callow, the Shallow and the Clods

UN Poster Child Greta "How Dare You!" Thunberg, the screechy, preachy, snotty, sneering, sanctimonious global superstar is back once again to lead a global mob of young climate zealots in a campaign to "End Fossil Fuels." The Swedish sensation is now 20 years old but remains an idol to juvenile activists the world over.

Stop U.N. Lawyer Jack Smith

To their credit, House Republican congressional committees are examining the China threat and the "weaponization" of government and have launched an impeachment inquiry into Joe Biden and his administration. But the more immediate problem is Jack Smith's frivolous legal actions against Trump that threaten to lay the groundwork for United Nations legal action

against our country as a whole.

Freedom or Slavery in 2024?

Thus, if it violates our personal morality when someone tries to enslave us, it must then follow that it is immoral for us to enslave anyone else. Can we each admit that this is true? It should seem so, but the reality of enslavement reveals a great divide in the human race. Slavery takes many forms but all of them exist because of an emotional and spiritual deficit in the hearts of the perpetrators and their supporters.

Why James Madison Trembled at the Prospect of An Article V Convention

Everyone ignores it. The federal government was able to usurp hundreds of powers not granted by our Constitution because state & local governments, hospitals, businesses, universities, farmers, individual citizens, & everybody else collaborated with the usurpations by taking federal funds to participate in unconstitutional federal programs.

The 2024 Presidential Frauds

Now, I'm well aware of all the folks who have been trying to sell their "three-legged stool" theory since McCain in 2008...Father, Mother and Born on Soil. I'm well aware of the fact that some women think that the Natural Law focus on the father alone, is some kind of slight to the mothers.

A Scent of Pushback in the Air

They've been sitting on that nice high perch for going on four years—and it's a long way down from there. They might not be able to recover from such a fall. Say goodbye to global government. Give up hope of creating a new electorate who will obey them in return for free stuff.

First Week of 2024: D.I.E., Affirmative Action, & Claudine Gay at Harvard

We need to stop incentivizing them with cell phones, \$5,000.00 gift cards, free schooling, health care, hotels, and tickets to any city they wish to invade. We need our Congress and president to deport every last illegal alien from our shores.

Yes, all 20 to 30 plus million of them.

Adding “One plus One” It ISN’T That Hard!

Eric Adams, mayor of NYC, has been complaining for months as 130,000+ migrants have arrived in his “sanctuary city” since his President ripped open our borders. Small businesses are closing; historic hotels have been ruined; and the elderly and veterans are being thrown out of their homes to accommodate the motley flow. Crime is over the top and literally uncontrollable.

Why Is John Schneider “Bo – Dukes Of Hazard” Being Investigated By The Secret Service?

In that Old America, presidents would walk up and down the streets shaking the hands of their constituents without the fear of being assailed. Then again, that was a time when presidents, for the most part, were serving the people, not betraying them with that which constitutes treason such as those who do so today.

You Might Be A Democrat or Liberal If...

Comedian Jeff Foxworthy has become famous by doing a routine that begins with "You might be a redneck if..." Below is a similar routine regarding Democrats or Liberals.

The Horrordumbor

Watching TV and absorbing endless propaganda and drug ads 24/7 drive people to hasten to their medical appointments where they are driven to shorten their lives with Big Pharma's prescriptions and pills and stop at Taco Bell or fast food dispensary on the way home so they can imbibe some comfort food to feel better.

The Power of Love

Love, the sacred fire, warms the coldest corners, turning dwellings into havens, and is a foundation for homes and the mortar binding families in unbreakable bonds. Lit by love's flames, hearths bring hope, dispelling shadows and illuminating unity's path.

To Be or Not To Be...American

The Constitution and all its terms and conditions are the legal mechanisms by which the Federal government has any right to exist at all. When that government refuses to abide by the terms and conditions of the Constitution, and has become destructive of its sole purpose, it has no right to exist, much less rule over the people. The contract is null and void the moment the government breaches that contract and refuses to self-correct.

The Spirit of God Dances with All of US in 2024

May 2024 bring the world closer to peace across all of humanity. May we respect and treat our planet as we would like to be treated: with care. May we show our families and communities our very best in citizenship. May we uplift America to a higher level of integrity, health, and happiness. Vaya con Dios! Happy New Year 2024 from Sandi and Frosty Wooldridge
