Don't Believe The Mainstream Media, Who Told You Michelle Obama Is The Most Admired Woman?

Look at how Time Magazine has in the past put up the unthinkableables to push forward their agenda, and learn this time around that prevention is far better than the cure.

Jack, They Want To Take My Baby

All over America, government agents and law enforcement, supported by very restrictive laws passed by your representatives in local, state and the federal government, are invading the lives of American citizens on issues that

would have caused a revolution, if in-acted 100 years ago.

This Leftist Gave Me A Piece Of His Mind

In response to my column, I received a long, exhaustive email in support of The Squad while excoriating my supposed hateful, narrow-mindedness. This week I want to take you into the mind of a leftist as I share his Un-American view.

Islam: Faith vs. Facts

In general, if those peaceful and non-violent Muslims make a herculean decision not to toe the line with active jihadists and come out of their comfortable shelters by spreading love and peace without ever resorting to violence while they condemn it whenever or wherever they see it, the world will welcome them with open arms.

American Beef Industry, World

Wildlife Fund And The Green New Deal

If none of that convinced you that the American beef industry shouldn't be in bed with the World Wildlife Fund, how about this: "Anti-poaching guards backed by the World Wide Fund for Nature have gang-raped women and tortured villagers by tying their penises with fishing lines, according to the charity's own investigators."

Trump Joins the Socialist Revolution

President Trump asks, "Why is so much money sent to the Elijah Cummings district [Baltimore] when it is considered the worst run and most dangerous anywhere in the United States?" Perhaps it's because of bad budget deals financing failed liberal policies like the one he just made with House Speaker Nancy Pelosi.

The Jihad Squad Now Runs The Democrat Party

These jihadi Janes are committed communists. They willingly have abrogated their oaths of office in an ideology rooted not

in Philadelphia, but in Moscow. Political jihad is their game, obvious in their hatred of our culture, our nation, our Constitution, and ultimately the white European founders of our magnificent country.

The Clown Show Ends With ‘I Know Nothing’

Mueller said he didn't want to testify but for some inexplicable reason changed his mind. In hindsight, I have no doubt he now deeply regrets it. And for you, dear readers, I forced myself to sit through the hearings listening to the highest quality horse sh*t ever produced for political theater.

How To Handle Discouragement

Thirdly, in all discouragements, you must release the “feelings” and embrace your heart. Whether you can do this by talking to a friend or loved one, in the end, you must come to terms with yourself and love yourself.

The Double Standard Liberals Ignore

I believe that most Americans have been aware of the double standard that is rampant in Washington, D.C. The Democrat Party constantly holds the Republicans to a tougher as well as a higher standard than they hold their own Party members. In fact, they almost never hold their own party to any standards at all.

This writer who loves animals would always be disturbed if anyone charged with animal cruelty walked out of a courtroom without even a slap on the wrist.

Truth Sounds Like Hate

Television and pop culture did a lot of damage to my mind and soul. I went to church with my parents, but the gospel of Jesus Christ was a distant and uninteresting idea. The mundane ruled the day then. The mundane has been weaponized in our day.

300,000 Pulpits Across America Remain Politically Correct And Silent

If Christianity is dying in America – and make no mistake, the REAL THING IS on life support now – it is only because of the cowardice of those charged with leading, teaching, training and discipling God's people.

Death to America Squad and The New Face of Politics in America

I'm no political prophet or prognosticator, but it may turn out this way. With establishment Republicrats drop-kicked through the goal post of life and many members of the Democratic party following the progressive, socialist, communist wing we may see the shattering of both parties and something good for the country come of it.

John E. Fetzer, the Fetzer Institute, and the New Age Movement, Part 2

My first feelings towards John E. Fetzer were of anger. However, the more I have listened to the Fetzer archive tapes of conversations between him and Jim Gordon, I am realizing I was listening to a thoroughly hypnotized or brain-washed gullible man...

Our Racist, Sexist Moon Landing

I refuse to be ashamed of the moon landing. I refuse to be ashamed of George Washington. If anything, this latest tantrum by the Far Left Crazy makes me all the prouder of these men's achievements.

What if Christians Thought We

Since choosing to leave public school teaching and coaching in 2000 the sole focus of our work has been to awaken Christians to the urgency of the moment and our need to get personally and actively involved in what others love to call “the Culture War.”

“The Squad” – Pelosi’s Frankenstein Monster

For years, Pelosi has pushed an agenda that is very far to the left of most of America. The San Francisco district she represents is a microcosm of anti-Christian, anti-conservative and anti-America-as-founded radicals. Since the halcyon counter culture days of the 60s, San Francisco has been home to nearly every whack-o notion to emerge from the radical left.

Coach Dave Daubenmire on Racism

That is what the race baiters do. They point out differences. They divide and conquer. They impugn the content of one's character simply by association with the color of one's skin. They make white children ashamed to be white. In America every skin color is honored except for white and every religion except Christian.

Has The Definition of Racism Been Changed?

ICE Raids: Arrest These Elected Officials Obstructing Lawful Enforcement

Break Away ... Learn the News

I had recently radically dedicated my life to Jesus Christ. Randy gave me a bible and took time on a regular basis to meet with me and answer my questions about it. I still have that Bible somewhere. World Religion, The Last Piece Needed To Establish A World Order

As the New Age movement has spread around much of the globe, the easing of social mores, and a 'let it all hang out' attitude in movies and songs, a melding stew pot of churches seems to be a natural outcome. Yet it is unfolding, not by any symbiotic interaction, but by great scheming, planning, and seduction.

The Final Nail in the DNC's Coffin: 'Rejoicing in the Queerness of God'

Beto O'Rourke is one such Democrat; there are many others such as – Bernie Sanders, Elizabeth Warren, AOC, and Kirsten Gillibrand among others.

America Must Not Lose Her Roots

We all know that the United States of America came into being because of the brutal British monarchy of King George that provoked the colonists to rebel and seek liberty. The Founding Fathers were influenced by such great thinkers as William Blackstone who wrote the Magna Carta, the English Bill of Rights and led the Glorious Revolution. Blackstone also created a record of common law. Thus the Founders had a good political foundation of which to build upon. But Men such as John Adams, George Washington and even Benjamin Franklin just to name a few understood the need for a higher moral standard. They knew that to realize the lofty goal of a good moral society, they must maintain connected to the source of good morality.

The founders believed that if the people remained moral and self governing, there would be no need for a cradle to grave domineering government. The Founders knew that a moral and free people would be more inclined to work, be creative, innovative and thus produce a better society. In fact, liberty which is a combination of freedom with responsibility can only exist so long as the people freely maintain it. First via an unyielding faith in our creator. Second, the teaching of his word and principles to every succeeding generation must never be stopped.

Though the fight for liberty changed the course of history, there were those who did not want liberty, seeking Providential guidance or teachings from the Bible to the young. I guess you could call them the ancestors of the democrats of today. John Marshall (1755-1835), the Chief

justice of the United States supreme Court, was appointed by President John Adams and held that position for 34 years. He had been a captain in the Revolutionary War and had served with General George Washington during the freezing winter at Valley Forge in 1777-78. Marshall was a member of the Virginia ratification of the constitution. He was also a strong advocate for the teachings of Jesus Christ.

In the book America's God and country, written by historian William Federer is chronicled an encounter where John Marshall addressed those who spent five hours raging against the teaching of Jesus Christ. The Winchester Republican newspaper published the following occurrence involving Chief Justice John Marshall at McGuire's Hotel in Winchester, after he had encountered trouble with his carriage along the road. In the tavern a heated discussion arose among some young men regarding the merits of the Christian religion. The debate lasted from six o' clock until eleven. No one knew Marshall who sat there listening.

Finally, one of the youthful combatants turned to him and said: Well, my old gentleman, what think you of these things?" Marshall responded with a most eloquent and unanswerable appeal. "He talked for about an hour. He answered every 'every argument urged against" the teachings of Jesus. "In the whole lecture, there was so much simplicity and energy, pathos and sublimity, that not another word was uttered." The listeners wondered who the old man could be. Some thought him a preacher; and a great was their surprise when they learned afterwards that he was the Chief Justice of the United States. Without making ostentatious professions of religion, he was a sincere believer in the Christian faith, and a truly devout man.

Marshall, as well as most of the Founding Fathers understood that for America to be great, her people must remain morally good. They also understood, as do I that the good we seek comes through Christ who strengthens us through his word and sterling example of how to live. Unfortunately, throughout history and in our republic today, there is a sizeable number of those seeking to literally destroy our republic by calling those things that are good as though they are bad. Just as energetically they call those things that are evil good. Today's educators, democrats and activist judges are trying to replace good with evil in every aspect of society. America's founding and formation were both bathed in prayers to God almighty for his blessings, guidance, grace and mercy. Her Judeo/Christian roots cannot be denied nor allowed to be squandered away by those who prefer the evils of government tyranny, bad behaviors and evil murderous cruelties to unborn and newborn babies.

The secret to America's greatness is embedded in the beliefs and actions of We the People who are relied upon to maintain our exceptional Constitutionally limited government way of life. To do that, again we must be good and not need government over lording our lives. Freedom with personal responsibility equals true liberty, thus maintaining our republic if we are willing to maintain the faith and exercise the moral principles rooted in the one continues to bless us even now.

God bless you, God bless America and may America bless God through faith in him because he is the bottom line roots of her greatness. Still-Born Christians

Most of the Christians that you run into today really aren't Christians, that is. They really aren't Christians. They have been tricked by phony political correct preachers into believing that salvation of one's soul is as simple as walking an aisle and repeating a prayer.

C.S. Lewis Nailed It

In his science-fiction/fantasy novel, "That Hideous Strength," C.S.
