

Systemic Racism Inherent in Democrats' DNA

If the upcoming presidential election on November 3, 2020, were not so serious, it would be downright hilarious just watching the Democrats twist themselves into pretzels in their efforts to project onto President Trump their own lengthy and shameful record of racism.

Anarchists and Trump's Reelection

My stomach turns every time I hear conservatives, Republicans and Christians say we must create meaningful dialog with the protesters to discuss their grievances. The problem is their grievances are purposely rooted in the lie that my beloved country is a racist hellhole. I refuse to pander to that concept.

The Tulsa Rally And The Trump 2020 Campaign – Getting Things Right

Trump needs to dismiss or transfer a number of his officials, who are sabotaging his policies. But the time is short, with

the election only months away. The big priority now is to get control of the rioting and speak clearly to the public about it, showing them why he, and not Biden, is the Law and Order candidate.

Lockdowns Causing Second Wave COVID-19?

This saga of tragedy, politics and conditioning the American people to be subservient while destroying their lives has to stop. Please keep getting the truth out there to your mayor, city council members, county commissioners and your governor. I have although I'd rather use my time for something else. Our voices must be heard because silence will only allow it to continue.

Trump Needs a Woman's Touch to Win

Some are saying there are only two scenarios under which President Trump is reelected this fall: Joe Biden's complete collapse, mentally and physically, which is possible, or Trump replaces his Vice President Mike Pence with an exciting female conservative candidate, in order to attract the women turned off by Trump's abrasive and sometimes obnoxious manner.

Anyone Sick of Riots, Burnings, Lootings and Monument Destruction?

Have you called your mayor's office in your city to encourage him or her to maintain your police department? Have you called your governor's office with support of the police to stop all violent rioters and arrest them? Have you written a letter to the editor demanding that your elected officials honor their oaths of office to preserve the laws of your state and community? If you haven't, why haven't you?

Donald's Economy: Where It Is Now And Where It Is Heading, Part 2

But it goes deeper than the U.S. Presidential election in November. War has been declared by Marxists against those whose greatest life need is the freedom to control our own destinies. That includes the three founders of Black Lives Matter who openly admit their Marxist backgrounds. It is the Chinese communists who finance BLM.

Statues of Jesus Next

Democrat Communists who are attempting a coupe d'etat against the United States, have boldly announced that their next assignment is to tear down all statues of Jesus, both in and out of the churches, since Jesus is depicted as a 'white European' (?) which, say they, is a form of 'white supremacy'. This means they plan to enter the churches to cause this unheard of havoc and destruction of images of our Lord and Savior Jesus Christ.

Time To Take A Stand

We have come to a point in time in America that I thought I would never see. We are seeing some of the worst lowlifes our nation has produced an attempt to take over our country and turn it into a third world banana republic.

Wearing Muzzles Out of Fear

Virtue is a swear word. Only kneeling and licking the boots of black rappers for the ubiquitous scream world will allow us to survive into the next day. In case you hadn't heard, the leader of Chick-Fil-A did that last week. He thinks all Christians should do it.

Moorish Spain: An Islamic Or Multicultural Paradise?

Christians were usually not permitted to build new churches, and were required to obtain permission to repair existing churches. The muezzin loudly called Muslims to prayer, but churches were forbidden to ring their bells. Displays of crosses were not permitted on persons or in churches and buildings.

White, Black, Yellow, Tan: We Are All People of Color And We Must See The Real Enemy

We know that the narrative of the George Floyd murder has been high jacked and this has been proven a hundred times since his death. The realization that the American people need to come to is that the powers that are tolerated; and it's the corrupt politicians and the CIA-controlled mainstream media who are the ones that are fueling this narrative.

Stop Pandering to Leftists' Systemic Racism "Big Lie"

My fellow Americans, we are so blessed to have president Donald J. Trump. Remarkably, Trump has been able to defeat Democrats' long list of schemes to transform our country away from the divinely inspired vision of our Founding Fathers.

Jeffrey Epstein Celebrates Gay Pride from the Grave

Jeffrey Epstein's deep and dark secret is out. He was a gay deceiver. Let's remember this fact on Stonewall Day, June 26, as Barack Hussein Obama emerges from the shadows to celebrate the anti-police riots at the Mafia-run Stonewall Inn back in 1969.

Tech Censorship: Vdare.com Today, NewsWithViews Tomorrow?

The big tech companies support leftism and globalism. They don't like dissidents reaching Americans with their views. And so they are moving to shut down dissent. It doesn't all happen at once. But by brandishing the banners of tolerance,

multiculturalism, “anti-racism”, “hate speech”, etc. they can squeeze us out eventually.

Antifa Offers Perfect Cover for Jihad

While American people go about their daily business, Muslims and Muslim organizations across the United States are busy and work “stealthily” to change and alter America from within in what is called “Soft Jihad,” or “Cultural Jihad where the sword of jihad is not advisable, where Muslims are not powerful enough to unsheathe their sword.

I’m Proud to Be White

I write this today because I know this is how most Americans feel. The thought of white Americans being racist is bunk. Our government is corrupt. Our churches are sheepish and divided. Our nation is morally bankrupt.

Is The Trump Campaign Burning

Down Faster Than America's Cities?

Faced with this hope, perhaps a false hope, one person told me that she is "exhausted from fighting," noting that the Marxists "have total control of media, Hollywood, the Judiciary, and the educational system...They have more people, organizations, and resources than our side."

What Is God About to Do?

This is the age of panic. The wise and prudent, turned into fools, and our entire ruling class—politicians, banks, big corporations, professional sports leagues, social media platforms, Hollywood, teachers' unions, college professors—is stampeding to grovel at the feet of Only Far Left Black Lives Matter. They're wiping out our culture.

Deep State's Collusion with Iran and Other Enemies of U.S.

When all of the media's attention focused on the Trump-impeachment-obsessed Democrats and the majority of their news media minions were focused on the House and Senate testimony

given by the fired FBI director James Comey, no one seemed to pay attention to the credible evidence of former President Barack Obama's propensity for rewarding America's enemies.

Democrats Exposed as the Racists They've Always Been

As I said, good comes out of bad. A black vote of 20 percent, and quite possibly 30 percent for President Trump, will teach the Democrats that even their most cherished "value"—abortion—is not enough to keep the black population loyal to their historically empty promises and innate racism.

If Black Lives Matter, Then Why Are They Burning Down Their Own Businesses?

Most, if not all blacks have never seen Africa. Most of them were born and bred right here in America and have had the opportunity to participate in the American dream but instead have decided, with the Democrat's help, that they are victims of a racist society and must be pampered and given special privileges that they seem to be too weak to get on their own.

Black Lives do Matter; Read the Constitution's Three-Fifths Clause

I believe adhering to our founding documents and especially to the Word God, who created all men equal, will continue to provide solutions for the evil sickness of inequality and skin-based hatred that continues to plague the human race.

The American Public Is Being Played – What's It All About?

The American public is being played. Played, not by virtuosos, but by those who want to bring, not just America down, but the whole of Western Culture. Now that there has been enough time for people to dig deeper into the Wuhan flu, the shutdown of the economy to 'protect lives', the protests/riots, and the corruption in the Swamp and Deep State, bright minds and conscientious people are exposing the lies – lies that are meant to bring down a nation.

America Under Siege By Rabid Communist BLM Revolutionaries

Black Lives Matter (BLM) and Antifa are only two of over 20 communist organizations who are looting and destroying private property throughout America on the pretense of protests against police for the murder of a career criminal black man. Corporations, food outlets, beauty supply houses, politicians, Hollywood elites, sports figures and others are caving to the totalitarian Marxists.

The Ends Justify the Means

The Deep State's satanic control is the result of a very well-organized long-term conspiracy with the purpose to establish the New World Order, based on the Luciferian revolution against God and Nature's good and common laws. They are identified as the Global Elite or Deep State-cabal, who see us as their slaves and property, to do with us as they please.

BLM at War with America

Another thing causing my head to explode is all of the pandering to BLM, an evil and demonic hate group. In compliance to BLM, pastors are telling their white congregations to own-up to their white privilege. My response is, "Stop it! Stop falling for leftists' bogus guilt-trip."

For crying out loud! America is the greatest land of opportunity on the planet for all who choose to pursue their dreams. Anything else is a lie!

The Black Dilemma in America: Culture, Conflict, No Solutions

One unknown writer said, "You can't legislate the poor into freedom by legislating the wealthy out of freedom. What one person receives without working for, another person must work for without receiving. The government can't give to anybody anything that the government doesn't first take from somebody else."

Business Photos of Black Owners Yanked

Plus a society that has regards for the animals. They have feelings the same as us along with the same nervous system. Like us they feel pain, anxiety, fear and disappointment the very same as us. Let us never mistreat any creature, two legged or four legged. If we live this way we will discover many delightful adventures.

Desolate, Burned and Overthrown

Today in America, many of our cities are burning. Many of our cities look like third-world war zones following riots by Leftist groups like ANTIFA and "Black Lives Matter." One of the saddest things about these riots is that so many Americans feel they're justified, reasonable and to be expected.

The Truth About Black Lives Matters

What is worse is Democrats are letting them get their way. Pelosi and company with their African scarfs did a photo op in the Emancipation Hall in Congress. That does not erase the 75 hours the Democrat Party filibustered the Civil Rights Bill in 1964. They wanted to control blacks then and still do today and by pandering to them they are keeping the chaos alive they need to try to hurt Trump.

The Destructive Coronavirus

Agenda

Look at all the people wearing masks even after scientific reports have said that masks are completely useless and of no benefit whatever. The sheeple have complied. It is part of the scenario to establish the national mind-set that we are in crises that all people must be involved in for us to survive, despite the fact that fewer people have perished from Covid than perish from seasonal flu.

Betrayal and Programming behind Covid 19 – A UK Perspective, Part 3

Those who believe in culling the nation and who think they are superior and do not really value human life, no longer have to make their intentions more widely known. World wars do not have to be created to get rid of men, although civil wars can be useful. Psychological warfare and race relation wars can be created from afar so that men can destroy each other instead. This is currently being played out now.

The Traitors, Dopes, Dupes,

and Globalists Around Trump

These judges wearing black robes are a major part of the cultural revolution still in progress and threatening our way of life. Indeed, to demonstrate the serious nature of this crisis, the reaction of Trump and conservatives in Congress should be to file articles of impeachment against Roberts and Gorsuch, to serve as a lesson to other judges considering betraying America from the bench.

Bill Gates Accuses Those Who Refuse His Vaccines As Endangering The Lives of Others

One has to only ask themselves as to how it is that the Gates have been put into a position of telling anyone what is good and/or bad for them when it comes to their health? Did you vote for them? It is a perfect example of who it is, with masks off, who call the shots behind these Judases (Luke 22:48) that Americans believe to be their representatives, which are merely special interest groups.

Democrats Prepare for One-Party State

Karl Rove, the de facto head of the Trump 2020 Campaign, has apparently arranged for his old boss, George W. Bush, to campaign for four Republican Senators in danger of losing their seats this November. All four are either out-of-touch with conservatives or outright liberals. They are Senators Susan Collins (Maine), Cory Gardner (Colo.), Martha McSally (Ariz.) and Thom Tillis (N.C.).

Finding Hope In Suffering

When moral depravity is the norm, followed by dwindling wisdom, then the will to confront evil evaporates. Before you know it, far too many Americans would rather watch their cities burn and businesses lost along with opportunities than to witness against and defeat evil doers pretending to care about justice.

Voodoo Science and Voodoo Courts

America is rapidly descending into chaos. Truth has fallen in the streets. The American church won't even help Truth get back on its feet. The pulpits preach the Voodoo social

gospel. Stop giving them money! Pray at home and get involved, church leaders won't!

Don't Wait For Your Religious Leaders – Stick Up for Our Country, Now!

Why do we Americans just lie on our backs and take it when the Far Left and their pet nooze media dump their toxic “narrative” all over us? “Narrative,” by the way, doesn't mean what the dictionary says it means. It has morphed into a euphemism for an endless stream of slimy lies spewed out by left-wing noozies.

Why You Can't Recognize America These Days

Why haven't Americans figured this immigration invasion out? What clouds the majority of Americans' minds? Doesn't anyone put two and two together to discover the obvious answer? How many more riots, flag burnings, Antifa thugs, looting, Black Lives Matter terrorists and cop cars burning will it take?

Three “C”s of Tyranny and Damnation

Some fruits of the three “C’s” are, tolerance of unjust wars, tolerance of a police state, the destruction of children’s minds and souls in the public “fool” system, the slaughter of nearly 100 million children in their mother’s wombs and allowing the supreme court to decree that sexual deviant and perverts have a Constitutional right to seduce, rape and pervert our children

Let The Cops Do It. Oops! The Cops Are Gone

If you let the bully win, whether it is ANTIFA, Black Lives Matter, or the government, you will be forever stuck with the outcome. Take away the cops and the street bullies will have even greater power. Let politicians take away your individual liberty and “NO LIVES WILL MATTER.” Right now, the bully is winning in places like Seattle, Washington DC, Los Angeles, San Francisco...

A Message to the Fathers of

America

Fathers of America, have you noticed how much attention has been given to shameful current events? Brutal force and murder by corrupt police officers, racism, and riots have been a firestorm throughout America.

Islam: The Iranian Version

Before the Islamic invasion of 1979, Iranian people had a different view of Islam. The kind of Islamic version people believed did not exist beyond their own imagination. To them, that was the real Islam. Kind, perfect and peaceful. With the return of the Ayatollah Khomeini in 1979, 'real' Islam was reintroduced to the populace and it turned Iran and Iranians' fictitious beliefs into a nightmare.

The President's Authority To Suppress Insurrections

IN SUM, those people who vociferously contend that the President has no authority to suppress the kinds of riots, looting, arson, and killings going on within the States these days know not whereof they speak. And if plain ignorance is not the explanation for their behavior, what is?

Trump Campaign Hires Karl Rove aka “Bush’s Brain” to Lose to Biden

A former George W. Bush strategist, Rove should have retired into oblivion after the Bush presidency exploded into America’s financial meltdown in 2008, ushering in the presidency of Barack Hussein Obama. But after the disaster of the Bush presidency, the famous GOP strategist lost \$300 million betting on a Mitt Romney victory in 2012.

Seattle’s ‘Autonomous Zone’ is Setting an Extremely Dangerous Precedent While State and Seattle Encourage Domestic Terrorism

Black Lives Matter and Antifa burned down Minneapolis – if they didn’t burn it, they defaced it or stole it. The Useless mayor watched it happen, and now this Leftist mayor (Jacob Frey) wants Trump to bail his city out after these lawless hoodlums used George Floyd as an excuse to loot and burn. Protests yes – looting, burning, defacing, and attacking police, etc. no.

Black Lives Matter Just a Slogan While Americans Miss the Bigger Picture

“By “defund the police,” the left means replacing the police with Sharia patrol, Black Panthers, La Raza and other anti-Christian, anti-white social justice enforcers...The police reform bill introduced by Democrat lawmakers this week empowers radical left-wing groups such as La Raza (The Race), a Communist brown supremacist group, to monitor police officers across the country.”

Danger Coming, Know Your Rights and Know Your Sheriff

I have five grown children, their spouses and now nine grandchildren. As a Christian, I cherish our country and my religious freedom. It grieves me to see what has happened to the last two generations of children and now I see the huge divide in society. We are running out of time to make something happen in an effort to regain some sanity.

Ruminations of a Baby Boomer: Why Not Separate the Races in America?

Two weeks ago, Muslim students at San Francisco State University charged a student-run Republican voting table. They knocked it over and threatened to blow up the place. One Muslim woman vowed to become a bomber martyr. They did not respect our Republican form of government where each of us is afforded our rights to free speech.

Floyd's Death Based on Empty-Headed Stereotyping

The reason given by police for taking down and choking George Floyd to death was that he tried to pay for something [with] what turned out to be a counterfeit 20 dollar bill. What? He could have gotten that bill in another transaction and had no idea it was bogus. This writer knows this since it once happened to me....only I was not tackled to the ground by a cop and strangled to death.

Donald's Economy: Where It Is

Now And Where It Is Heading

It didn't take long for the President to figure out what was going on and the day Trump said "hydroxychloroquine" and Dr. Fauci said "Oh, no... untrustworthy drug" and the rest of the medical community disagreed with Fauci, that story began its downhill slide. Then we found out about the patents Fauci owned involving HIV (which is part of coronavirus) and the old rule about "follow the money" was proved true once again.

Bill Gates' Hand In COVID-19, Part 6

Our culture needs to be protected with everything we have. If we don't protect it, we will never see this America again. "The side effect of treason is lead poisoning or rope burn, but not usually both," joked one Big League Politics commenter in reference to Bill Gates. John the Baptist paved the way for Jesus," wrote another. "Bill Gates is paving the way for the antichrist."

Don't Just Blindly Trust! Verify!

Don't just blindly swallow what the media is feeding you; because they're experts at deception. That's their job.

Learn to discern – take the time to stop and think, ask questions, pay attention to the “man behind the curtain,” and dig for the truth on your own. My advice: DON'T just TRUST. Verify.

Oprah is a Ultra Leftist Trojan Horse

Oprah is exploiting George Floyd to further her fellow progressives' far-left-radical agenda. If she really cares about blacks, Oprah would focus on addressing out-of-control black-on-black homicides in cities controlled by Democrats. As a true advocate for blacks, Oprah would focus on ending generational poverty, gangs, drugs and incarcerations due to fatherless households.

Seattle's 'Autonomous Zone' is really a 'Terrorist Zone'

Shockingly, Mayor Jenny Durkin and Governor Jay Inslee have done nothing and seemingly support the criminal protestors as they threaten, burn and take over their city. In fact, our compromised Governor said he didn't even know about it. Boy, isn't that comforting, what leadership?

A Conversation with Allah

Hard as I tried, I had a terrible time being a Muslim right at the entry level. I, therefore, decided to write this open letter in the hope of receiving some satisfactory answers to the many questions that trouble humanity greatly.

Is The Law and Order President Failing America?

I saw one story about whether Trump would benefit from the riots. Is this the political calculation in the White House? I'm told he thinks his political rallies will turn things around. It's true that a backlash is underway. But waiting for a backlash doesn't justify inaction by federal authorities as lives are lost and property is destroyed.

HB0 Bans Margaret Mitchell's Gone With The Wind

Did you know that the Nazis banned *Gone With The Wind*, claiming it inspired the French Resistance? Debra Freer, Mitchell historian said, "Most likely, they were afraid GWTW

would give people hope, and the will to survive under occupation and tyranny.” The Russians later banned GWTW throughout the Soviet Empire.

Black Lives Matter Is Not About Making Lives Matter

I find it ironic and retarded, that democrats, RINOs and assorted other leftists forced many states to get rid of the death penalty for murderers. Yet they go off the deep end and want to murder our entire republic for the wrongful death of one man. May God forgive America for allowing such travesty. But who are they going to call?

When Will “Enough Is Enough” Become “This Is Too Much”?

The “covid-19” panic has emphasized in an unique manner the necessity for Americans to ask themselves the perennially relevant question: “Quis custodiet ipsos custodes?”—“Who is to watch the watchmen?”—or, more colloquially descriptive of this country’s present dilemma, “Who is to govern the governors?”

12 Unpleasant Truths, Part 2

Third: the U.S. Treasury Dept. / Federal Reserve axis is addicted to printing money. The level of money printing we are seeing now is utterly unprecedented, and will eventually cause a dollar collapse. This will enable the globalists to transition to a global digital currency and eliminate cash transactions.

US Citizens Urged to Arm Themselves, Stockpile Ammo, Food and Prepare for Attacks by Antifa, Jihadists and Radical Illegals

Once the election was over, these same groups, their leaders, the news media and the entertainment industry continued their hateful verbal attacks, physical attacks on anyone opposing them, and expansion of the once independent, broadcast and print news outlets that is now recognized as being the propaganda machine for the Democratic Party.

‘Science’ Disgraces Itself

We are looking at a serious, well-funded, and thoroughly ruthless campaign to overturn America and replace it with a “new world” bearing more than a passing resemblance to the late Soviet Union. We are looking at a push for global Stalinism—with a self-anointed scientific elite perched on tyranny’s shoulder like a parrot.

Faithism is Worse Than Racism

I’ve about had it up to my once water-breathing gills with this whole whitey hates blackie thing. Coming on the heels of a made-up pandemic the idea that the greatest evil facing America is racism is more than my once-monkey evolved brain can handle.

Ruminations of a Baby Boomer: Do Black Lives Matter To Their Own?

Finally, who will stand up among the races and take responsibility for personal behavior? Who will stop the killing spree in Chicago and other big cities? Doesn’t it sound better to say that “All Lives Matter”? Doesn’t it sound better that the United States of America matters to all of us?

Any Questions Left Concerning The Coronavirus as Being a Manufactured Crisis

This is what this all comes to, these propagandists tee up this manufactured crisis in order to desensitize and to condition the population in order to force them into compliance, only to then accept what it is they bring in as the solution to whatever the crisis is that they have manufactured.

If There Is No Consequence There Is Only Anarchy

This is what you get when government jurisdictions pass no-bail laws for criminals and lets them back into society after committing a crime. This is what you get when prosecutors will not prosecute low-level crimes. This is what you get when shop-lifting, looting and arson are non-punishable crimes.

Black Lives Matter Means More Moolah and More Race Hatred

Black billionaire and New Age thinker Oprah Winfrey is hosting a show on her own network on Tuesday and Wednesday to demand more money for blacks. "What do we want?" the promotional ad says. "What are our demands?" Tune in to find out.

Property and Liberty are Burning

They have proven themselves "unfit" to govern. They have "un-governored" themselves. And although a few of these executive officials may be well-intended, we must heed the words of Daniel Webster: "The Constitution was made to guard the people against the dangers of good intentions."

Obama's NOT so Subtle Marching Orders to George Floyd Protestors

Obama in his "town hall" and more specifically in the article he penned for Medium makes it clear where his priorities are – that the aftermath of Mr. Floyd's death needs to be used for gain, to affect changes Obama deems necessary, and the troops

need to be front and center; keep up the pressure to “make people in power uncomfortable.”

Law-Abiding Americans Have Much to Learn From the George Floyd Police Brutality Protestors

Everyday law-abiding Americans need to remember their history and learn from the George Floyd protestors. The government fears the George Floyd protestors, because they are willing to fight violently for what they believe in. Are Americans going to only peaceably protest, or will Americans rise up to fight for their rights.

They Just Want Us to Comply

I for one will resist this to the best of my ability. I will not comply with a lie. It is not going to end until courageous, enlightened people take a stand and say, enough is enough. And when asked, “Where is your face mask?” We must look them in the eye and say, “haven’t you heard?...the face mask has been proven to be completely ineffective and is actually dangerous to you.

The Deep Dark Secrets of the Rich, Famous, and Powerful

Trump was never a member of this club, the CFR, but he may have incriminating information about various members, stemming from the time when he knew Epstein and had commented publicly about Epstein's attraction to young girls. He has a megaphone, Twitter, now reaching over 81.9 million people.

Black Cops Killing Whites: Should We Riot?

"If you think the Black Lives Matter movement is just or even primarily about 'Black Lives,' then you don't understand the movement. A new research report, based on detailed interviews with those active in the movement, demonstrates that the organized movement is a vehicle for a radical leftist anti-Capitalist agenda, using 'Black Lives' as the hook."

Mao's Red Guard Conservatives

Jump on the Revolutionary Bandwagon

Indeed, the China Daily article noted how black leaders in the 1960s and '70s were inspired by Mao and created “many Maoist organizations” on American soil. They still exist and are heavily represented in the protests. The brilliant analyst Trevor Loudon has written extensively about them.

12 Unpleasant Truths, Part 1

Regarding health care, the matter is really quite simple. People—corporate elites as well as masses—respond to incentives. In a materialist society and for moneyed interests, profit is the strongest incentive. Consumer spending generates profits. Saving does not. Hence the manufacture of incentives to spend (and the means), and penalties visited upon savers: inflation, low interest rates, etc., destroying the value of savings.

Ruminations of a Baby Boomer: Savagely Fragmenting America

Do you think we will survive an added 100 million immigrants?

Do you think Black Lives Matter really care about White Lives Mattering? What solutions would you offer to neutralize 'racism'? What do you see in the future as to our country's ability to remain successful? How would you change it for the better?

ANTIFA: The Network of Violent Criminal Revolutionaries

Professional criminal anarchists have hijacked legitimate protests against the death of George Floyd which is a result of approved Minneapolis police training. We're now dealing with the virus of Antifa and anarchy...far more dangerous than Covid-19. The World Health Organization's overblown death rates were promoted by Pence, Fauci and Birx, and cost American's dearly.

Police Closing Churches - Communism Wins?

While everyone slept, the Communist Party slipped in and took control of America. The action was and is subtle at the moment, but this is now a reality, something I've warned readers about for years. How this was accomplished was somewhat ingenious.

Bill Gates' Hand In COVID-19, Part 5

There is reason to be concerned about what is developing around this fake pandemic. We have seen the CDC claim that the actual mortality rate is .28%. Sorry but that does not mandate a pandemic with those numbers. H1N1 had a mortality rate of 39.5% and we did nothing. This is a test to see how far people can be pushed and Gates, Fauci, and WHO are the instigators.

Majesty of Government

I'd like to think that the Church is still capable of serving as a "healing force for the benefit of all society." I am forced to wonder. The Pope hates borders, walls and nations while his priests and bishops crawl over them to grope altar boys, and one another. The laity, and integrity of the Church, has never been more vulnerable to Satan's attacks.

Clean Up the Drug Crazy

Communist Street Rabble

Such notables as Drew Brees and General Mad Dog Mattis sold out to the mob this week. Meanwhile, a 16-year-old girl, Ala'junaye Davis, was killed in Baltimore, shot in the throat in a Democrat-run city whose previous mayor pleaded guilty to federal conspiracy and tax evasion charges in the "Healthy Holly" book fraud scandal.

Disciples of the Gospel of Democrats and The Fake News Media

At our annual family Christmas gathering a few years before he died, my dad, Dr. Rev Lloyd E. Marcus, instructed them to follow me as the new leader. I heard through the grapevine that most of them disapprove of my politics. At family events, I am pleasant and keep conversations non-political. Still, they read my articles posted on social media and the internet.

Coronavirus Created To Overpower America

The Communist Party had their working plans to put America under their power back in the 1960's when they created and

provoked the “Question Authority” agitation, which later spun into the Hippie movement with ‘free love’ (sex) everywhere, amplified rock music, and overall sloppiness in the appearance of all.

While Anarchists Fail, Americans Prevail

On Christmas Eve in 2009, 60 Senate Democrats cast their final votes to approve Obamacare, which was finally voted on again by the House and enacted into law on March 23, 2010. It was only two months into Barack Obama’s first term when they magically produced the exhaustively detailed, 2,300-page bill. But it turns out it wasn’t magic.

Exploiting George Floyd’s Death

And yet, rather than bringing our nation together, fake news media and Democrats are excitedly throwing gasoline on the flames of racial hate and division. Their message is America is still a hellhole of racism in which blacks are routinely murdered by whites and police.

Is Free Speech Devolving Into A Relic Of Prior Days?

My Dad and I used to have wonderful conversations about America being the land of the free and home of the brave. Because of his desire for me to reap the full benefits of being an American He would often give me little pop quizzes on the Constitution and Bill of Rights. Dad did not just leave it to teachers to instruct me about our nations sacred documents.

Heinz 57 Brand of Christianity In America Today

Look, I don't know whether Donald Trump's name is written in the Lambs Book of Life or not, but I PERSONALLY trust him more than any other president in my lifetime. We have the deep state today because Mssrs. Obama, Bush, Clinton, Carter, and Bush Sr. didn't do a damn thing to stop the onslaught of evil in this nation.

My New Book is Out

We're still locked down, we're being told "the masks are here to stay," and this past weekend we had coast-to-coast riots. The Left snapped up the murder of George Floyd as if it were a gift-wrapped birthday present with their name on it. Didn't

take long to bring this country to its knees, did it? Of course, certain people did work very hard to make it happen.

Ruminations of a Baby Boomer: Sheer Anarchy of This Moment in US History

How about you? Do you have any answers to solving “white privilege” in America? Is that term a legitimate branding to blame White people for all Black peoples’ problems? Is it White peoples’ faults that 7 out of 10 Black babies are born out of wedlock and into welfare for life? What about Black high school 50 percent dropout rates?

Why No Protests or Riots Over the Death of Jeffrey Epstein?

None of this seems to matter much anymore, as the Party of Socialism and Liberation is predicting a long hot summer of racial unrest. This communist group is playing into Biden’s hands by changing the subject away from Biden’s sexual behavior and that of Epstein’s close friend Bill Clinton.

The Bible Won't Save Us, Only Brute Force Will

President Trump emerged from his White House bunker on Monday night to give a short speech and then travel to a burned-out church just a block away. He made sure that the police and the military cleared a path for him. Then he held up a Bible. He should have held up a copy of the Constitution, with the Second Amendment highlighted in red.

Corrupt Government, Corrupt Media and Corrupt Academia Are Your Enemies

What we have in America today is what we have, whose ever fault it is. If individual, God-given rights are ever to be re-established, as was the vision of its Founders, the American people have three choices, either re-claim freedom by peaceful means, or by force, or be content to be government slaves.

How Many Politicians Have

Been Arrested Over The Last 6 Weeks FOR Violating The US Constitution?

People in this country need come to terms with the fact that these people, many of them have forgotten where they came from (1 Timothy 3:6), do not understand you and me.
