

The Real Joe Biden, Part 4

Are we surprised that we see corruption in American politics? Probably not. Disgusted maybe but not surprised. We the People have to put a stop to it. We see politicians get elected to office and proceed to gain wealth only a few have access to.

Righteously Angry

The title of this article undoubtedly will surprise and shock many church goers who have been taught all their lives that Christians should never get angry! and stand up! for truth and righteousness. And all because most “church goers” have bought into this hellish lie and deception that Christians should always be soft, gentle and kind.

New Virus Pandemic in U.S. - Hundreds Infected

Just when governors are ready to cancel the quarantine, with all citizens staying home and distancing themselves from one another during the Coronavirus emergency, a new virus has formed and is running loose in the United States, and this happened just when we were able to get rid of the face masks.

Martial Law: The Trial Balloon Abolishing Civil Liberties

In California, drones are watching the people, and some of them have voice control and will tell people they are not properly socially distanced. Oh yes, big brother is watching! So, is all this a trial balloon? Big brother is telling us to fall in line and it's working because of the fear promoted by mainstream media.

How Trump is Taming the Bureaucracy and Saving Lives

From the start of the crisis, President Trump has been trying to figure out – and cut through – the bureaucracy. His latest victory is the decision by the U.S. Department of Health and Human Services (HHS) to accept 30 million doses of hydroxychloroquine sulfate and one million doses of chloroquine phosphate for possible use...

Cesar Chavez Holiday—Honoring An American Hero

There are also malicious myths tainting the life and the memory of Cesar Chavez that need to be repudiated, most particularly the lies that he was not an American but a Mexican national, and that he was a “Communist,” both of which were first promulgated by the John Birch Society. They are utterly false.

Another Crisis to Survive or Just the Greatest Manipulation?

I had plans for my vacation. This was not one of them. However, here I am, stuck at home, because of this manufactured panic and aggressively promoted hysteria affecting the globe by means of the relentless, explicit regurgitation and droning on and on and on from every “news” media agency and outlet on the earth. Well, I have had enough. ENOUGH, I tell you!

What Is Wrong With Biden—Jill

Biden, That Is?

Again, I suspect that the powers-that-be—among them brainiacs like David Axelrod, Valerie Jarrett, and especially George Soros, who appears, through his massive contributions, to own the Democrat Party, the Democratic National Committee, and most if not all Democrat fund-raising committees...

What's Coming Won't Be Pretty: Covid 19's Exponential Growth

This morning, I walked into my local Natural Grocers food store in Golden, Colorado to buy our weekly stock of food. Inside, virtually everyone wore face masks. No happy chatter by anyone with anyone! Big sheets of plexiglass separated cashiers from customers.

0 Foolish Mankind

This article is actually an open letter to Robert B. But the information in it, and questions and issues are of “eternal soul” importance, so it needs to be published for all to read and heed. I am certain that there are skeptics and unbelievers who will read this, who have the same questions Robert asked me.

The Real Bernie Sanders, Part 3

From what is developing with the Sanders supporters I don't see a peaceful end to his campaign whether it be at the convention or the general election. I believe that we must be prepared for violence on a large scale. The fire has been lit and will not be put out easily.

A 'Planned-Demic'

I would also advise you to prepare yourselves spiritually, because while the EFFECTS of all this are seen in the physical realm, never forget this is a SPIRITUAL battle as the enemy's forces attack God and His angels and saints. And finally, as we see things get worse and grow darker in this world around us, remember this is not our home, but we ARE to occupy until our Lord returns...

Orwell's Nursery Rhyme

Lately I've been hearing a big word thrown around alot – Zenophobia. I googled it and discovered the first citation is in 1880 from the Daily News in England. If you take time to

click on the twitter link above you'll hear the "journalist" throw it at the Foreign Minister of Hungary as if it were an insult.

A Little Blue Bird Confirmed That God Is With Us

Folks, this is too amazing to believe, but it is totally true. My wife Mary was transferring her 6 cockatiels and 3 parakeets to a new cage. After working in my backyard studio, I went back into the house. I opened the door just as Blue bird parakeet got away from Mary.

Is Coronavirus Deadly? Yes, Just Not In The Way You Might Think

CNN is not only staffed by incompetent liars that would not know journalism if it walked up and slapped them, they are also clearly out to destroy President Trump. The basic problem is that the Coronavirus, or COVID-19 is being blown way out of proportion.

Scorched Earth – Socialists Going All Out For Broke

No matter what it takes to defeat CoVid19, America will survive it. But America cannot survive a total economic collapse or a total Marxist takeover of the USA by “democratic socialists” currently running the Democrat Party. Democrats and global Marxists are going for broke!

Criminal Referrals Against Mueller Collaborators Are Coming, Claims GOP Leader

Republican Rep. Devin Nunes of California, the ranking member of the House Intelligence Committee, said in a GOP podcast that criminal referrals could be sent to the Attorney General Bill Barr for some of those on Mueller’s team.

The Offensiveness of Taking Political Offense

Nevertheless, in charity one should not conclusively presume that any Members of Virginia’s present General Assembly who propose or support “gun control” are being subjectively “treasonous”, in the sense that they are fully aware of the

true nature of “gun control” and intend to impose it on their constituents nonetheless.

One-Worlders Exploit Pandemic for Global Government

With a pandemic sweeping the globe, they think this is their time to strike. A draft of their declaration urges mechanisms such as an “Independent Commission on Global Governance” or a “United Nations Parliamentary Assembly” to be pushed by sympathetic governments.

Boy Oh Boy These Are Tough Times

Yes, again my fellow Americans, we are living in tough times. Many democrat office holders have expressed concern about possible civil unrest, riots and a general breakdown of society. But it is their policies are what makes such predictions very likely to come true, which again will continue the worsening impact of leftist democrats.

Will We Allow The 'Main Stream Media' To Win?

Mainstream media. That would be ABC, CBS, NBC, MSNBC, CNN, assorted others on the boob tube, electronic and print newspapers and web sites that for many decades have shown their glaring bias against everything America, constitutionalists, conservatives, people of faith and the U.S. Constitution.

President Trump: Rethinking The Virus Shutdown

And how blessed we are to have a president who loves America and her people. He is young by today's standards, but he knows our history and the glory of our nation. He needs the strength of Samson, the wisdom of Solomon, the patience of Job and the counsel and guidance of the Lord God Almighty. Pray for him as he does battle to save the nation.

May Your Chains Set Loosely

Heck, even local politics are rigged. The power brokers in small towns are no different than the boys in Washington...they simply swim in a smaller swamp. Local government is the minor leagues for those who aspire to "serve the people."

Yeah right. Public servants. Give me a freakin' break.

Forks In The Road, Stop Signs, Cul de Sacs And Dead Ends on The Highway of Life

Again last night on the national and international news, we humans face some rough gravel on the road ahead. It's disconcerting for our families, friends and communities. For the first time in 50 years, I'm not sure how to deal with this virus affecting countless Americans and certainly all people around the world.

Lessons To Be Learned

And if it turns out you don't like perpetual shortages at the supermarket and huge, swollen government meddling in your life and in your business—well, folks, socialism is like that all the time. Talk to anyone who risked his life to paddle over here from Cuba.

Trump vs the Terrible Reporter

Trump is truly enduring false accusations and unfair persecution for protecting religious liberty, innocent unborn life, everyday Americans and wisely dealing with a national crisis. I am grateful that Trump continues to trust his God-given instincts. Roll on Mr President. We the People are with you.

93% of Muslims in American Government Do Not and Will Not Express Support for the US Constitution

Fifty years ago, I could have, and probably would have been called a conspiracy theorist for warning Americans of the coming judgments upon this country through the people that the Lord is using to do so (Deuteronomy 28:15-68). I'm talking about subversive Muslims that are not here to assimilate but to conquer, just ask them.

The Extreme Pain Of Government-Mandated Quarantine

Once the people bow down to government's authority to rob them of their freedom and do nothing to hold government accountable, or change government's behavior, or stop them in their tracks, the people's freedom is lost forever. That is what is at stake in the debate over government-mandated quarantine.

Socialism is the Greater Crisis

I think we can all agree that this has happened very quickly and reactively, and the attitude of government officials is that they must take whatever actions necessary to intervene in the economy, as well as to dictate our comings and goings.

A Frankenstein Monster Devouring the World

If there is anything to be learned from this disaster, it is that America must become self-sufficient in terms of medicine and medical production capabilities and avoid entanglements

with China. President Trump was moving in the direction of America-first policies before the Chinese unleashed their virus on the world.

Chinese Biowarfare Causes Economic Destruction

Tedros was promoted by the Bill and Melinda Gates Foundation who financed many of the phony large-scale health operations in Ethiopia that Tedros had facilitated. The Director and Bill Gates should be tried for crimes against humanity.

“Fear Not” Coronavirus

I believe, based on my personal investigation, that this virus is not a natural occurring, wild Corona virus and could have been made as a bioweapon. Vaccine manufactures have been creating combination vaccine viruses for decades so I initially was suspect. My concerns that it was lab made were validated the end of January.

The Myth of War on Terror

Islam is a theocratic political ideology that hides behind the mask of religion to accomplish its mission of a worldwide caliphate. What most Americans don't understand is that it is a totalitarian "theo-political" belief system and a social dogma based on the Quran, Sirah and Hadith that encompasses the life of a Muslim from the moment he is born until the day he dies.

Kung Flu – The Left's Desperate Attempt to Take Down President Donald J. Trump

The fact that Coronavirus-19 is a highly contagious pandemic disease is not in question, but what is in question is the world's mass hysteria reaction to it, fueled by the Western liberal media and the globalist elites who control them.

National Cattlemen's Beef Association in Bed With

Torturers

The National Cattlemen's Beef Association (NCBA) has said they need a seat at the table with the World Wildlife Fund (WWF) in order to protect beef's interest. You have to ask yourself, why would the NCBA, a meat producing organization, want to be aligned with an organization which has stated that "to save the Earth it is demanded that we change human consumption habits away from beef."

Coronavirus Juggernaut Unleashed With More to Come

The lying despicable MSM who are directly responsible for creating panic and hysteria really went off their rockers when Trump used the words China or Chinese coronavirus screeching it's racist even though they used Wuhan, China or Chinese too many times to count.

This Is No Ordinary Time In History

"Chinese are buying up port cities in Italy and taking over the textile industry. Those businesses that didn't sell to Chinese are being put out of business by the Chinese. There are some neighborhoods in Italy that are only Chinese now.

There was an outcry from the US but Italy ignored the concerns.”

Part 5 (of PoP)–Words and Names Matter

I’m not here to recruit anyone to a church, a doctrine, or a belief system. I’m not selling anything or trying to convert anyone. I’m simply breaking down what I’ve learned about prophecy for anyone who’s looking for other ways and information. I don’t expect anyone to just believe what I say. My prayer is that people will do their own studies, search, seek and verify.

The Real Bernie Sanders, Part 2

I don't believe that America is ready to vote a socialist/communist in as President. If our places of so-called higher education would teach the truth about socialism, we would not have this situation. Economist Friedrich A. Hayek stated: "If socialists understood economics, they wouldn't be socialists."

Is This a Pandemic Or a DemPanic?

Now that we're in a de facto Martial Law mode—a shutdown of entire industries and small businesses, night time curfews, social isolation, a run on goods, huge sports events cancelled, a "shelter-in-place" mandate in California, releasing prisoners in New York (God forbid these miscreants get a flu!), Broadway gone dark, and a craven media inciting and delighting in the panic they're causing, it is relevant to ask

How Long Will Americans

Tolerate Corona-Madness

Folks, the light I see at the end of the Corona-madness tunnel is the strong will, spirit and instincts of the American people. Without analyzing their feelings through a lens of political ideology, Americans will begin demanding to have their lives back; working, weddings, kid's birthday parties, restaurants and so on. We are Americans!

What We Ought to Learn From the Coronavirus

Today, America has millions of people whose service sector jobs fail to pay living wages, and whose standard of living has dropped. They are up to their eyeballs in debt. Most could not come up with \$500 in an emergency situation without borrowing. Those working cannot afford decent health care because their wages have stagnated relative to a rising cost of living

Coronavirus Event: Pandemic Pandemonium

The medical-industrial complex is rife with corruption, incompetence, and a lack of morality. There are no reasons for the public to believe or trust our political leaders, so-

called scientists, or mainstream journalists anymore. Sources offering unorthodox or alternative ideas and solutions should be given a fair hearing.

Coronavirus Pandemic: Gun Sales Going Through the Roof in U.S.

Gun sales are going through the roof in the states of Washington, California, and New York, which have been hit hardest by the Coronavirus. Many of the purchasers were new buyers with little if any experience.

Why Government fears Christianity and not you

Christianity in America is quite pathetic and most everyone knows it. We will explore why and how the lukewarm assembly of believers have been divided, weakened and pushed aside. No one likes to support a losing team and team Christian has been getting bad press since the founding of this Nation.

How Ocasio Cortez's Socialist Green New Deal is Creeping Across America

The Green New Deal is being enforced in every single community in the nation, led by an army of private non-governmental organizations (NGOs) promoting their private agenda as they fund it through federal tax-payer grants. It is not a joke, rather a complete transformation of our entire society.

An Interview with Western Civilization

HOST: Whew! That was really something, wasn't it? Well, folks, that's it for "Eternity Today" today. Tune in to "Eternity Today" tomorrow for another special guest who wishes it was... yesterday!

Corona is Not 'The Big One'

Barely able to contain their excitement, Democrats/fake news media believe they have finally found their kryptonite to take down this superman president. They are confident that their insidious evil manufactured hysteria over the Corona virus is The Big One that will end Trump's presidency.

The Invisible Enemy Has a Name

After having unleashed the Chinese coronavirus on the United States and the world, China is now attempting to demonstrate that it has a superior system to deal with the crisis – communism. The elites running the Council on Foreign Relations (CFR) seem to be impressed.

The Politicization of the Corona Virus

Everything indicates that the Corona virus is the product of a biowarfare lab. There are two biowarfare labs in Wuhan, China.[2] The fact that the virus sits in an HIV envelope indicates it was engineered. Recombination events cannot to be produced just by chance in nature.

Covid 19 Virus To Change The Way Humanity Lives and

Travels

This year, 2020, our U.S. Congress will dump another 1,000,000 (million) legal third world immigrants onto our shores. We need Congress to rescind the 1965 Immigration Reform Act. Bring all immigration down to zero. We need to stop the chain migration with bill HR 891 and stop the Visa Lottery at 50,000 annually by voting in HR 479.

US Military Members in Turbans, Beards And Hijabs

We also know that administration after administration has, in fact, been funding and aiding and abetting the enemies within and without in handing this country over to them that mean to conquer.

The Coronavirus May Not Get You But Socialism Could

Remember! The Coronavirus' impact on humanity will be fleeting and short lived like most of these viruses. America will bounce back, probably stronger than ever. However, socialism and its savage effects will infect the entire world, including America, if we let it.

An American Answer to the Coronavirus

While this global pandemic of COVID-19 is new only in name, the solution remains the same: employ biblical sanitary practices, and pray to our Creator that He would stay this plague and bless His Church so we may help the world through this daunting time.

Coronavirus, China's Lies, and Bioweapons Research

Americans are trying to stay safe, as government attempts to contain the spread of the coronavirus. As this unfolds, let's hope that our "intelligence agencies" are taking an objective and honest look at where this virus came from – and whether other diseases are being planned for America and the world.

If It Bleeds, It Leads: The Morbidity Of The News

The democrat socialists don't care about deaths of our elderly, or the murders of our unborn innocent young...but if

there is one politician in America today who actually does care about the American people, it's Donald Trump.

Post-America

The fools and traitors and cowards that lead us will have merely ushered us into dark and dangerous byways, under the pretense of illuminating those places. Instead, rather than creating light, they will simply herd us toward the terminus of the road that ends in extinction.

Is This Backstory The Truth About COVID-19's Origin?

HEB, the largest grocery chain Texas has a store here. I was SHOCKED when I started to shop. Half the shelves were empty. No cereal (which I don't eat), no eggs (even the more expensive free range ones I buy), very little meat or poultry, no toilet paper, not a cleaning product in sight; forget hand sanitizers or even dish soap.

The Fix Is In: Hillary To Replace Biden

The Republicans need to realize a united Democratic Party behind a Hillary Clinton candidacy will be a formidable one. It would be one that could beat Trump because the unusual circumstances of her candidacy will not matter to an invigorated Democratic Party, who will do anything, whether legal or illegal, to beat him.

See You On The Other Side: Covid 19 Virus

Annually, over six million car accidents occur in America resulting in 33,000 deaths. Worse, over 11,000 accidents result from texting while driving and another 15,000 deaths stem from drinking while driving. Nobody bats an eyelash at those deaths.

The Real Bernie Sanders, Part 1

The leading Democrat candidate for president is none other than Bernie Sanders. A Senator that came out of nowhere in 2016 and gave Hillary a surprising run for her money. He

would have won the nomination if the DNC hadn't rigged the election for Hillary.

Demrats Almost Caused Preacher to Cuss

I suppose we should understand why the demoncrats would want all Trump Supporters to die. That way they could turn the entire continent into a democrat-Communist paradise. By that time NASA should have its passenger space ships completed for those of us who would book a trip to Mars...count me in.

Don't Bury Your Talents

You know, it's been said that after the terror attacks on 9/11 the churches in America were packed with people from coast to coast, all looking for answers. But a month later, those same churches were emptier than they were before. Because the people went there to find God, but He wasn't there.

Former Acting Inspector

General for Obama's Department of Homeland Security Indicted

In what should have been a huge news story regarding the U.S. capital's Swamp, especially during the previous administration, another Obama appointee to the Homeland Security Department was indicted on Friday in criminal case involving theft of equipment and documents.

This Week In The UK – Truth Is Still Being Crucified

For some reason, despite this re-assurance, and my not even knowing this particular advocate, I unfortunately still don't trust the process which may possibly be giving me the illusion that anyone may be interested in my own particular concerns which span the course of 50 plus years.

G-d Is A Political Necessity

Trump is but a mediocre beginning. Be Warned! Unless we have 20 years of successful Trump-like confrontation with The Swamp, your grandchildren will be growing up behind barbed wire and what will you say when they ask, "Grandpa, how did

this happen and why didn't you do anything to stop it?"

American Guinea Pigs in a Chinese Lab

The European Socialists, who have implemented open borders and hate the concept of national sovereignty, were caught off-guard. They are irate that Trump is closing America to their infected people and travelers. The Chinese, meanwhile, are angry that they are being blamed for a virus that emerged from their country – and perhaps from their lab.

Perils of Prophecy – Days, Idioms and Covenants, Part 4

This is a caveat article on prophecy, from a different angle. There are things I've learned along the way that if I could help someone else learn in shortcut fashion, I'm happy to reveal my own journey's lessons.

Barbarians American Style

Barbarians of today are opportunists who take full advantage of leftist political decisions in places like New York city. For example, if a barbarian commits a crime in the Big Rotting Apple, they can walk right out of prison and be free, if they cannot afford to pay for their bail out of jail.

Never Give In – Never Give Up

Winston Churchill said, “Never give in, never give in, never, never, never in nothing, great or small, large or petty, never give in except to convictions of honour and good sense. Never yield to force; never yield to the apparently overwhelming might of the enemy.”

The Death of Globalism

Globalism is dead but we must fight to remove the rotting corpse. It won't be easy. The financial reset had to come. It is upon us. How we handle the next 12 months will determine the future of this nation.

More Wonder, Please

We enjoy a beautiful country; I've seen all of it in its glory; I want to preserve it for future generations. We must take action for the preservation of America. What are you doing for the future of America and your children?

Americans Allowing Church and the Government to Create a World Without God

Finally, when it comes to the Church and the government in this country creating a world without God, do remember that the Church is responsible for the government and the government in this country is "We the People." So, who, I ask, is to blame for the Hell that this country is becoming?

If Just One Man Defies Tyranny, Freedom Still Lives

Many times we have written that men without honor are incapable of defending, much less preserving, freedom. As John Milton says, "For indeed none can love freedom heartily, but good men. " Good men with honor.

To Honor Women is American

Today, more than ever, we are in need of fiercely committed Christian women like Abigail to support our communities, strengthen our country, and preserve the blessings of Almighty God for every American.

ICE and Border Patrol Warn: Illegal Aliens Are Dangerous in More Ways Than One

Border Patrol officials and Immigration and Customs Enforcement special agents have been doing their best to handle what appears to be a tsunami of illegal migrants at the U.S. borders especially its southern border.

AG Bill Barr Wants FISA Reauthorized Without Reforms

There was an abuse of the powerful tools of intelligence used to spy on people. FISA is supposed to be used on terrorists, business records and wiretaps on targets who frequently change their phone numbers, but was used against an opposition

candidate, and a president-elect, and his entire team.

Cultural Apathy and Atrophy Through Conformity

The Government in our democracy can avoid the appearance of being heavy handed and dictatorial by letting the conformist, brainwashed, fear driven masses themselves enforce the latest far left “standards” of acceptable behavior upon any non-conformists, recalcitrant upstarts, or anyone thinking outside the box...

Nothing New in the Sick World of Jew Hate

That’s right, the very people presidential candidate Joe Biden (D-DE) cannot bring himself to condemn! No surprise here, as former VP Biden presided over the illegal and unconstitutional Iran Deal, which gave the virulently anti-American, anti-Semitic mullahs in Iran \$150 billion dollars in cash to create nuclear weapons with Tel Aviv’s address on them

Watching America Becoming Balkanized, But Doing Nothing to Stop It

Dear fellow American, I have traveled through Dearborn, Detroit, Minneapolis, NYC, and Miami. Those Muslims are entering every political race in this country from the lowest to the highest, and they are imbedding into our political infrastructure with a sole purpose of installing Sharia Law.

Trump Has Been Sabotaged by the Medical Deep State

It seems strange that the Chinese have developed a vaccine so quickly, after our own “public health professionals” have been telling President Trump that it will take many months, even a year, to get a reliable vaccine approved. China has also patented an anti-viral drug created by an American firm that is being used experimentally to treat the disease.

How Much \$\$ Will the CDC Profit From a CORVID-19

Vaccine?

It's obvious the prostitute media in America (boob tube as well as print and Internet) have been using this outbreak to create hysteria attacking Trump at every turn. It's all his fault. Yes, there has been incompetence by the CDC. But more than anything, just like 9/11, for all the information out there, Americans are still unprepared for disasters.

Homosexuality, Worse Than Murder

Wake up church! Wake up pastors! If you truly are a part of the Christ's called-out ones or one truly called by God to be a pastor, you must speak out, stand up and oppose this damnable evil! Unfortunately we see many "pastors" who are neutered in God's Word, who are serving their god, Satan!

Democrats' Attempt To Remove Trump Is Not Over, Part 4

As I stated at the beginning of this series, the Democrats are going to do anything they can to remove Trump. They won't stop. Be looking for any off the wall reason. This is why we need to keep him held up in prayer. The 2020 election is a choice between socialism and freedom. Don't forget that in

November.

Why Can't We Be 'One?'

I do believe a great revival is coming to our land in these last days, as the Remnant believers begin assembling themselves together as Jesus intended, truly UNIFIED as ONE Body of Christ. They're tired of biblical illiteracy and they're doing something about it.

They Hate Americans – They Hate Christians

The great Russian author Aleksandr Solzhenitsyn could be describing American media today when he wrote, "The fact that most of the world is ignorant and uncaring about this enormous crime is proof that the global media is in the hands of the perpetrators." The ruling class of America is in the hands of those who want Christianity to disappear from the world.

Not So Super Tuesday –

Democrats Unite Behind the Worst Candidate Ever: Joe ‘the Gaffer’ Biden

Why would anyone in his or her right mind vote for any of these people? Mark my words; if you vote Democrat, you are voting destruction upon yourself. Lest anyone think I’m kidding or being overly dramatic here – simply check out the cities and states run by Democrats, and look at what kind of shape they are in. I will even give you a head start, look at California.

Could You Live Under United Nations Control?

First, learn everything possible about this issue, and the forces behind it. All of it has been on the back-burner for many years. It came into being soon after the inception of the United Nations which was conceived by the Council on Foreign Relations (CFR) for the purpose of incrementally changing America so that it could be comfortably merged with the Soviet Union.

Perils of Prophecy – Days, Idioms and Covenants, Part 3

In ancient Israel, they kept their times by the lunar cycles. Rosh Hashanah was the start of the new year on the civil calendar. This particular holy day was announced differently than all the others. There were watchmen scattered in Israel, and they were to look for the sign of the new moon.

Anti-Trump Conspiracy: Judge and Legal Scholar Claims the FBI Has Lost Its Luster and Job Description

Newly released documents obtained by Fox News reveal that then-FBI Director James Comey's draft statement on the Hillary Clinton email probe was edited numerous times before his public announcement, in ways that seemed to water down the bureau's findings considerably.

Conversations with Everyday

Patriots at CPAC

CPAC was really encouraging folks; tons of young people, college students and millennial conservatives. It was surprising to learn that for many of them, their conservative values are an outgrowth of their Christian faith. The big message of CPAC was "Trump 2020!"

In these riveting volumes, Sharpe describes in painful detail the annihilating attacks upon the ancient Jewish homeland by the immensely powerful Assyrian, Babylonian, Greek and Roman empires, which, significantly, no longer exist.

Is the Coronavirus China's Revenge on Trump?

Looking at the economic damage being inflicted on the United States and the world, one cannot dismiss the possibility that the rapidly-spreading coronavirus is China's revenge on America for President Trump's trade war. The virus has the potential impact to cause a major economic recession and sabotage President Trump's reelection effort.

Fear God and Keep His Commandments

I look around at all of the wicked things that are going on in America and I find myself nearly apoplectic at how disinterested most Christians are in regards to the unrestrained evil advancing in every area of this once-moral nation. For the most part, the church has lost its saltiness and wicked folks are driving the bus.

The All-Time Dirty Deal

Meanwhile, up in Wisconsin, the Madison Metro School District

teachers' union has demanded—yes, demanded—the right of “transgender educators” to share bathrooms with the kiddies. Uh, does anybody still think teachers' unions ought to be allowed? In Chicago the teachers' union sends members on junkets to Venezuela so they can learn first-hand how to trash a country.

Balkanization of America Accelerating Faster Than Expected

The Council on American Islamic Relations works 24/7 to bring Sharia Law to America. The Muslim Brotherhood works to incorporate black minorities into that religion with the intent of overthrowing the U.S. Constitution. The greater their numbers the greater their power.

Don't Blame Bernie. Blame The Stupid, Naive' Bernie Voters

Man on earth is indeed at the top of the food chain on this third rock from the Sun. He has no natural enemies or predators that prey upon him except himself. His only real threatening enemies are the earth, deadly viruses and bacterium and Socialist Democrats like Bernie Sanders and the voters that vote for him

The Conditioning of Americans: Politicians Allure Illegals In, ICE Rounds Them Up

What we see happening here is that the states are forfeiting themselves, or opening themselves up, to the federal government by alluring these illegals coming into their states and then making it a federal issue by not enforcing their state law.

Truth is the Glue: Biden and Bloomberg Lies are the Hoax

Statements by both presidential hopefuls are both outrageous and insulting on their face. It is interesting to note their attitudes and the apparent attitudes of their followers about the lies they continue to conflate.

Democrats Using Lenin's Playbook to Move the U.S. to Socialism Enslavement

The Marxist-Leninist revolutionaries' playbook is still in use today by the Democratic-Socialist Party and its weaponized use should sound the alarm and instill fear in all clear-thinking, patriotic American citizens, according to former U.S. intelligence analyst and ex-police officer Gerald Brookhaven.

A Thumbnail Sketch of President Trump's Performance as POTUS

It cannot be denied that President Trump has derailed or at least delayed the socialist/communist makeover/takeover of the US. He has successfully branded the corporate/mainstream media as the "fake news media" and "the enemy of the American people". He is the first leader or conservative of note with the temerity to do so.

Virus Deepens Selloff,

Threatens Trump Economy and Re-Election

Weeks ago, my husband said to me, "This virus is an attack on President Trump's economy." Trump's trade demands and tariffs literally brought Red China's economy to its knees. Perhaps the Covid-19 virus was turned loose to bring the rest of the world's economies to the same level.

Coronavirus Hysteria, The Patent – Don't Ignore This

Americans are resilient and We the People have made it through many health scares as well as 9/11. Panic only makes things worse. Make a plan whether as an individual or if you are a business owner. Be sure to monitor elderly parents or grandparents. And above all, pray to our Heavenly Father for strength, guidance and mercy.

Politicians Say And Do The Darnedest Things

Then, you see Mayor Pete. He makes sense. He served in the military. He's the mayor of a large city. He's slim, trim and fit. But then, you see him kissing his husband in public,

and, oh my God, exactly how will that go over with maleness in America?

Democrats' Attempt To Remove Trump Not Over, Part 3

The attack is real and will not stop. Trump needs our prayers daily to protect him. So far everything they've tried to nail him on it has been proven that they themselves are guilty of. He is a strong man and I believe that God put him there for such a time as this. He's a street fighter and that's just what we need, that's just what we got.

Franklin Graham Prohibited From Preaching In U.K.

Franklin Graham was scheduled to preach the Gospel of Jesus Christ in the United Kingdom. What a treat this would have been for the U.K. What a gift this would have been for everyone fortunate enough to be at his meetings. Rev. Graham is the founder of, Samaritan's Purse.
