

The Attack on the Port of Baltimore

The evidence is overwhelming that Iran, with the help of Russia and China, disabled the ship. My report documents another attack on a U.S. port, the Port of Houston, in 2021, in which hackers were said to have breached a computer network and a “foreign-state actor” was involved but never identified.

The Simplicity and Purity of Devotion to Christ

In America today, most of the people who attend our denominational and mega church religious systems are being led astray from the ways of Jesus Christ by deceitful spirits and doctrines of demons. In addition, our religious systems are still being defined by Constantine in the Third Century. He corrupted Christianity with his changes and we are still practicing many of his traditions today.

March 31: Cesar Chavez Day: Honoring an American Hero

The story has been told now in many articles, books, documentaries, and a relatively recent movie of how Cesar

Chavez, while working as an organizer in Los Angeles, became convinced a union for farmworkers had to be created if working conditions were to be improved. He quit his job.

Obama Judge Approves Illegals' Carrying Guns

On March 19, a judge in the Northern District of Illinois ruled that an illegal alien with a criminal record had the right to carry a weapon for self defense. "The court finds that (the immigrant)'s criminal record, containing no improper use of a weapon, as well as the non-violent circumstances of his arrest do NOT support a finding that he poses a risk to public safety. . .

When Your Red State Governor Dresses in Blue

This underhandedness that I am writing about today is in Tennessee, but that is just today. If it hasn't come up in your state, don't relax – it's coming, no matter how Red your state is, no matter that you have Democrats who believe in our 2nd Amendment rights and the government's responsibility to protect our God-given right to own firearms and protect ourselves and our families.

Is America Cracking Up, One Horrific Incident at a Time?

My sources for this story don't state whether these people were in the U.S. legally or not – no corporate media outlet (not even Fox!) touched that one – but we know that NYC has filled up with illegal aliens during the three-plus Bidenista years we've suffered through. We also know that the "Bidenomics" of the New Normal has been a complete disaster unless you're comfortably in the one percent.

The Toxic Fruit of Reformed Theology, Part 4: Theological Butchers, Martin Luther

For centuries, the Church, in conceit, arrogance and ignorance, has claimed that she alone was the true Israel, that she had replaced the ancient covenant people. (They certainly didn't claim to be Jewish during the Holocaust!) The Church taught emphatically that the physical people of Israel were eternally rejected. This belief is still in effect and is even growing, and it's a lie from the very pit of hell.

Trump, the Truth and America Will Prevail in Spite of Leftist Evil Plans

Freedom of speech is quickly becoming a tainted fossil for conservatives, patriots and Christians. We are regularly called criminals, racists, terrorists, falsely accused and arrested by liberals who invent charges as they roll. Who cares about law and our Constitution. They don't and never have.

March 29: National Welcome Home Vietnam Veterans Day

There will be many observances, especially by veterans, at posts of the American Legion, VFW, and other veterans organizations, which welcome the participation of non-veterans in honoring all who honorably served. Go, welcome the Vietnam Veterans home, and be welcomed by them.

I Am A Proud Conspiracy Analyst

I cannot believe how gullible the average American is. Especially the Christians. That is hard for me to say and probably a hard pill for you to swallow. But Christians, who should be the greatest promoters of Truth, are some of the least informed, brainwashed folks I ever come across.

We're Gonna Need a Bigger Hell

The World Economic Forum calls us "useless eaters." They recommend keeping us anesthetized with drugs and video games until they can figure out what to do with us. Meanwhile, keep that border open, keep those puberty blockers flowing. They'll get rid of our nations and set up their cherished world government.

Common Sense in America: We Can't Keep Up With Growth

The container ship crashing into the Francis Scott Key Bridge in Baltimore offers a cautionary tale concerning America's future. What kind of future might we speak about? Answer: a

complete lack of common sense, logical thinking and proactive plans in order to remain a viable, functioning and successful civilization.

Can Trump Deliver on His Campaign Promises? Part 1

We're all tired. I know Americans work full time or even part time, raising a family – we're all pressed for time every day. But, there's plenty of retired Americans who do care and need to step up to the plate. Sure, it requires we all sacrifice our time but our country is imploding from within right now and it's only going to get worse and dirtier.

Terrorist Attack in Baltimore

After an attack like we saw in Baltimore, which we have to assume to be terrorism, government officials typically are quick to rule out terrorism and then congratulate themselves on their “quick” response and express regrets for the loss of life.

Historical Points Have Their Place, But That Is Not Where Your Faith Is To Stand!

Men need Christ, and Scripture is very clear in this matter. Those who have the Son have life, and those that have not the Son, have not life (1 John 5:12). This Scripture was given so that they might know what sort of men were among them.

The Toxic Fruit of Reformed Theology, Part 3 – Theological Butchers, Ambrose, Chrysostom and Augustine

The church has been led into error time and time again by letting the doctrines of men become the final authority of Scripture rather than allowing the Scripture to be the final authority of man's doctrine.

Islam is a Grand Delusion

Islam is rooted in the primitive tribal mentality of "We against Them," "We the righteous against the heathens," and "We the servants submissive of the Great Allah against the

rebellious enemies of Allah.” Islam is a polarizer. Islam is an enemy-maker. To Islam, a non-Muslim is a combatant against Allah, and he is fair game to be subjugated and killed.

Why NOT Ballot Harvesting?

“Ballot Harvesting” is the collection and submission of voted paper ballots by a third party. Proponents say that the practice enables more people to vote. Critics rightfully point out the broken chain of custody (between the voter and the actual casting of his vote), without which NO true verification of vote is possible. Combined with Early Voting, it is the recipe for disaster.

“The World Out There” Grows Crazier by the Day

So, you sit here wondering how did our country spiral SO FAR INTO THE TOILET? Answer: we’ve elected power elites who have completely abandoned the American people for power and money. We’ve elected governors and mayors who created “Sanctuary Cities” which are totally in violation of our laws. We elected Joe Biden...

Spiritual Warfare, Part 3

We must get organized and in one accord and say NO to Satan and YES to our LORD Jesus Christ. We must put ourselves and our own agendas to the side and get ourselves back together, and stop Satan from dividing us with names, titles, and positions so we can be united as one in Jesus Christ.

It Needs To Stop

It Needs To Stop

Rob Pue

Good is now called “evil” and evil is now called “good” and there can be no discussion or debate. That’s not allowed. Truth is censored and scrubbed from public view. News of Government-orchestrated disasters is put through the “spin cycle” of the mainstream media and then dispatched down the “memory hole” as if it never happened.

You Are Mistaken

American political rhetoric has never been more vitriolic. There has never been a more clearly defined divide between political perspectives than there is right now. The Republican Party has become the party of compromise, acquiescence, and feigned allegiance to the rule of law, that is to say, the Constitution.

Disarming The Militia Act

I can see only one logical reason for this type of legislation. Similar to the orders to destroy the firearms and ammunition of the colonists, this legislation is meant to leave the American people unarmed, untrained, and unprepared to act as a free people. This leaves them dependent on government for their own safety, and makes them subject to the government's will.

YIMBYs, Workforce Housing, and Community Land Trusts: All Means to an End to Private Property

There is a drive on to invade the sanctity of your home by forcing you to share it with illegal aliens. For decades our housing rules and regulations have been thrust on us via federal grants from Housing and Urban Development (HUD), Department of Transportation, (DOT, and other departments – all set up to reinvent government.

The Battle for Oregon Begins Now

The failures of our state's executive offices have dominated the headlines, amplifying the urgency for comprehensive accountability, transparency, and ethics reform.

Cheap Labor and Tax Subsidies?

You will not hear this on MSM. More illegals have gotten jobs under the OBiden regime than at any other time. Those "great" job numbers you hear are jobs for illegals. Free speech is having its lights turned off. Although the Globalists yell constantly they are for free speech, they are only for the free speech that agrees with their vision.

The Enormous Amount of Poverty in America While Biden Keeps Importing More of It

You cannot help but ask yourself, "How did America get so screwed up?" "How did we let our politicians' endemic

corruption continue to be re-elected?” “Why do we allow incompetent/corrupt politicians to be re-elected for decades when they’ve proven they are useless and corrupt?”

What If You Lost Everything?

As many of you know, Pass The Salt Ministries is always on the front lines in disaster relief. Hurricane Katrina was the first relief effort that we were active in where we kept a boots-on-the-ground team for 6 weeks. Since then, our efforts have taken us to Texas, Fla, Louisiana, Alabama, and Mississippi.

America 2.0

We have a chance, in this election, to put things right. For that to happen, the Democrat Party must suffer a defeat of biblical proportions—and a lot of deep state plotters and schemers will have to be fired, never to return to public office. Naturally, they’ll do everything they can to steer the vote their way; and no considerations of right or wrong, lawful or unlawful, will inhibit them.

“And So, It Begins....”

Globalism has advanced on multiple wars that didn't need to happen, often driven by false flag events and false narratives that drove nations apart. The financial titans were bankrolling both sides!

Child Trafficking Documentary Some In Congress Did Not Want You to See

Yes, it is the unthinkable! Why would the modern American Church stand down concerning the homosexual agenda? Why are politicians in Washington D.C. voting in favor of what God calls an abomination?

The Toxic Fruit of Reformed Theology, Part 2: Theological Butchers Origen and Tertullian

The Lord is gathering the Jews to their ancient homeland; He is watching over their flourishing land; He sees Israel's enemies rising on every side; He hears the Christian

Palestinian lies; and He bears witness to the injustice of the anti-Israel boycotts. The stage is being set for the end of this era, and when it comes, there will be hard times, but our Lord God will set everything righteous for His people.

Artificial Intelligence in Political Campaigns: Benefits, Risks, and Ethical Considerations

So, the next time you follow a political campaign, remember that behind the scenes, AI might be at work, shaping the discourse, analyzing voter sentiment, and, in some cases, creating an illusion of reality. How AI and politics interact is a complex and evolving story, and it's up to all of us to stay informed, vigilant, and engaged in this digital age of politics.

How the 16th Amendment Destroyed the Republic

In 1913 our states began the process of reducing us from free citizens to the miserable state of tributary slaves. I hope now you see why I am so in favor of the repeal of this amendment of tyranny we call the Sixteenth Amendment.

He Should Be Trump's #1 Choice for U.S. Attorney General

President-elect Donald Trump is the presumptive GOP nominee. I use President-elect because contrary to the conspiracy theories by the prostitute media, Trump won the 2020 election. No question the massive and documented fraud cheated him out of his second term.

American Governors and Mayors Need to Recalibrate Their Priorities

In 2024, we need to get back to the basics that made this country function at the highest level for everyone: personal responsibility, personal accountability, personal educational excellence, personal work excellence, loyalty to our flag, honesty, ethics, critical thinking, our communities, our states, our nation and our way of life.

The New Intense Gambling Addiction

Studies show that 16% of gambling addicts attempt suicide, which is over 20 times the rate in the general population, and the highest of any addiction. Having the necessary apps on their phones makes it easy for those hooked on hi-tech to place bets at any time at any place.

Preserved for Us

No other book in history has been so attacked or attempts made to extinguish it as the Bible, yet like a mighty anvil, it has worn out the many hammers wielded against it by devils and men, despotic rulers and governments, false prophets and religions, natural and manmade cataclysms, and civilizational collapse.

The International Court of Justice – A Perversion of True Justice

In the current climate of identity politics, gender dysphoria, and Marxian and Critical Theories run amok, these requirements for justice appear to be out of reach. That leaves us with a

bare-naked power grab by certain people, or cast in Darwinian terms, a fight for the survival of the strongest, where might makes right.

There's No Excuse For Being Clueless

Given the work that I do, it grieves me to see so many professing Christians who are so ignorant of the days and times we're living in. Most don't know and don't want to know what's really going on in this world – or how Christ-followers are to respond to it all.

Spiritual Warfare, Part 2

The greatest trick the devil ever pulled was to convince the world he didn't exist. This philosophy has worked so well among pastors and churchgoers in America!!! The first thing you need to know about the spiritual being called Satan, or the devil, is that you won't find him running around in a red suit, with horns and a pitchfork.

Eligible vs. Ineligible Voters

According to long-standing US Election Laws under the US Constitution, voting rights are not based upon ones presence in the USA at election time. There's a distinct and critical difference between those who are eligible to vote in US elections, and those who are not.

Weathering the Coming Storm(s)

On April 8, a solar eclipse will make its way across America six years, six months, six weeks and six days from the date of the last solar eclipse that swathed a path across America. The place the eclipses' paths intersect is called "Little Egypt" in southern Illinois.

A Tale of Two Texas Senators

Moreover, Cruz's approach resonates with a broader base of Texans, as evidenced by his higher approval ratings and continued support. In a political landscape where leadership and integrity are paramount, Senator Ted Cruz stands out over John Cornyn for representing the values and interests of Texas. Texans overwhelmingly favor Cornyn to retire.

Nikki Haley Had a Chance at Greatness

Nikki could have been important to the future of the USA. But she chose to hate and to do the bidding of democrats instead, and unless Biden wins and throws her a bone for her help, her political future just ended.

Biden's Bloody Revolution for America

Netanyahu wants to win the war. But Biden wants Israel to fail, in part because the Muslims that are members of the base of the Democratic Party base are upset at Israel's success and realize that a nuclear-capable Iran is the next logical target for Israeli leaders anxious to save the Jewish state.

Higher Education: The Case for New, Parallel

Institutions

Higher education in Western civilization is broken. As the saying goes, it has lost its way. This happened gradually, but now the process is pretty much complete. Based on my own experiences as well as those of others, I am skeptical that anything can be salvaged.

What if You Are Wrong?

The Bible says a lot of things which, when taken out of context, can be made to sound true. But sounding like Truth and BEING the Truth are not the same thing. Context is everything.

How Would You Sell the USA?

Political Corruption. As reported by The Federalist, our current administration has been laundering tax dollars, paid by everyone regardless of party, to recruit college students for a massive “get out the vote” project—in reality, a scheme to get out the vote for Democrats, Republicans need not apply.

Weaponized Immigration as a Form of Asymmetrical Warfare Against America

As Biden 2.0 continues on his current path, all of us are at risk whether our tax dollars or our lives--as these illegal aliens overwhelm and destroy the foundation of our country. Can't you see it coming? Do you understand if you are a democrat, independent or republican--you and your kids are in the cross hairs of Balkanization of America?

Sovereign Immunity

Saddest of all, neither the judges, justices, attorneys, nor parties to this case, seem aware of the fundamental coup d'etat this represents. It's the destruction of our Constitution and a fundamental alteration of our form of government.

The Hunters Have Now Become The Hunted: Their Cruelties Are Swelling the Ranks of The

People Worldwide

Anyone and everyone that paid attention to the repeat criminals such as Anthony Fauci, Bill Gates, CEO of CDC Rochelle P. Walensky, etc. already knew what the whole plandemic was all about, a planned crisis (Jeremiah 11:9).

The Toxic Fruit of Reformed Theology, Part 1: Replacement Theology

As a youngster, I was raised in a Jewish neighborhood, grew up with Jewish friends, dated Jewish men, and always had an affinity for both Israel and her people. It was no surprise then, that a Jewish man led me to the doctrinal truth of scripture so many decades ago. Yes, Jewish folks can lead gentiles to truth.

Let's Shout the Truth for a Change

But Biden was clearly in command of his faculties when he was caught after the speech in an anti-Semitic outburst on a "hot mic," saying the Jewish Prime Minister of Israel, Benjamin Netanyahu, needed a "come to Jesus moment" because of the war

against terrorism in Gaza. This was Biden's effort to pander to the pro-Hamas wing of his party.

The 2020 Steal: Part of God's Plan?

Yellow journalism rules big newspaper conglomerates either for their fat paychecks or because of blind loyalty to the Democrat/Communist Party USA and for which it stands: The total destruction of these united States of America; nullifying the Bill of Rights through unconstitutional bills signed into "law" upheld by partisan black robes who think they're gods on the bench.

Two Visions, Two Agendas, No Middle Ground

For the next eight months, we will be flooded with an endless stream of outright lies, half-truths, and globalist propaganda. Mainstream Media, Social Media, Hollywood elites, talk shows, friends, family, education, lecture halls, you name it...we will be bombarded by the worst political garbage slinging we have ever seen in this country.

How Much More Damage To America Can Joe Biden Do? Answer: Much More!

Biden will go down in history as the most inept, corrupt or totally incompetent president in United States history. Just like that University of Georgia coed Laken Riley, our country faces a deadly future. This invasion will not end well for any of us whether we're Independents, Democrats or Republicans.

It's Our Turn Now

Friends, I'm afraid the "professional" Christians, the pastors and religious leaders have become a lost cause now. And thus, the point of this message. It's our turn now. It's time for the least of us, it's time for God's remnant people, His chosen ones, those who are true humble servants, saved by grace, to step up and take their position as courageous shepherds.

Spiritual Warfare From the Bible

There is a spiritual war going on in America and everywhere else on this earth and in the heavenlies!!! YOU are in a

spiritual war whether you know it or acknowledge it. Many Christians and non-Christians are being destroyed today because they are not engaged or know of this spiritual war.

Is Critical Theory Now Driving US Foreign Policy?

When the entire world aligns itself against Israel, Bible believing Christians know the time is drawing near to the return of Jesus. But that doesn't mean that we are to sit around and do nothing. Now more than ever, it is time for the true church of Jesus Christ to speak boldly for Israel and against the raging Antisemitism, hatred, and violence being perpetrated and cheered by Israel's enemies.

Implementation of Oregon's Measure 110's Failed Policies

It hasn't taken long for death, addiction and cultural destruction to hit our streets after the implementation of Measure 110's failed policies. The writing has been on the wall and everyone has realized that the policies aimed at decriminalizing drugs and defunding police, parole and probation are disastrous ideas.

Organized Theft in the Name of Government

Most Americans today tend to think of private property simply as a home – the place where the family resides, stores their belongings, and finds shelter and safety from the elements. It's where you live. It's yours because you pay the mortgage and the taxes. Most people don't give property ownership much more thought than that.

The Scattered Forces of Freedom and the Monolithic Left

The forces of freedom are scattered and disorganized. They are attacked across the globe by a foe that seems unstoppable. For more than a hundred years, the Marxist Left has planned and schemed for the downfall of Western civilization and has created armies of devotees that move in lockstep, fueled by the passions of anti-love.

Electing a U.S. President

While many people say “Knowledge is Power”, that is not actually true. Knowledge only has power if it’s used for some action. Now that you have the knowledge and a better understanding of how the United States elects a President, I hope you will use it to exercise your power as a United States citizen.

The Eagle is Provoking the Bear

Russia invaded Ukraine on February 24, 2022, and since that time the United States, through NATO, has been funding Ukraine’s war against Russia, having given Ukraine a reported 75 billion dollars in foreign aid since the war began. American politicians say that they need to fund the war against Russia to prevent Russian foreign aggression and expansion.

“Days of Rage” Planned for Democratic Convention

Protests that are sure to turn violent are being planned by communist factions in the Democratic Party and worldwide to replace Joe Biden at the top of the ticket. Vice President

Kamala Harris's demand for a "ceasefire" between Israel and Hamas was clearly designed to save Biden from the gathering storm. In the speech, she condemned Israel for allowing a "humanitarian catastrophe" in Gaza.

Weaponized Immigration and the Cult of Diversity, Inclusion and Equity

Do you understand that over 11 million illegal aliens under Biden in the past 38 months constitute a "Weaponization" against the American people? Do you see them organizing in our big cities? Do you realize that you're paying for them to create terror in your city and/or our country?

Whatever Happened to Justice?

But there is no EQUAL justice in America today. Sadly, our JUST-US system is being used to "get even" with political opponents. "Justice" has come to mean "punishment." It has created a system called LAWfare...a tactic of WARfare. The courts are now being used as weapons of war against those who hold different political views.

Have We Dodged a Bullet?

The first thing that happens is that various Blue states hop on board to erase Trump from the ballot. With each state that does so, pressure mounts on other states to do the same. Sooner or later the Red states retaliate by kicking Jobyidin off their presidential ballots—say, for refusing to enforce our immigration laws and using his office for his family’s corrupt financial gain.

Illegal Aliens: Can Trump’s Deportation Plan Work? – Part 1

The plan to flood America with millions of freeloaders, terrorists and criminals has worked perfectly. Crime is soaring and those “newcomers” are bleeding taxpayers dry thanks to rotten, corrupt politicians and gutless cowards in Congress and state legislatures.

Remember the Alamo

Do kids have heroes today? If so, are they real people or are they animated fictitious action figures of some sort? Who were your heroes growing up? As a youngster growing up in the late fifties and early sixties in Detroit I vividly remember

cowboy singer Marty Robbins singing “Ballad of the Alamo” in 1960.

The Safest Place To Be Regardless Of The Circumstances Is Where The Lord Will Have Us To Be

So, in understanding the lesson here, all of the wicked and their counsels and devices that are aimed at the Lord and His children merely ends in self destruction. In life, or in death.

Illegal Aliens: Can Trump’s Deportation Plan Work? – Part 2

If only Republicans had passed Dirty Harry Reid’s bill in 2017, this on-going invasion would NOT be happening. No doubt open border cockroaches like the ACLU and others would have sued but I believe the bill will be declared constitutional.

Who is Speaker Mike Johnson Really?

My intuition aside, Mike Johnson is only one man. He has to deal with the Stalinist Party and the neo-con Trotskyites in his own party. With the Senate and the White House in the hands of the Democrats, his opportunities are few. However, he can and should completely terminate corrupt and unconstitutional legislation that would be catastrophic to America.

Now Is the Time for Texas to Seek a Writ of Prohibition

Whatever the Supreme Court might or might not do, it would behoove Texas to follow this course of action in order to bring to the public's attention, in the sharpest focus possible, exactly how extremely serious constitutionally (as well as politically, economically, and socially) the invasion of this country by illegal aliens actually is.

Free Will and the Symphony of Being

Free will is a gift, and it is a responsibility, too. It demands courage, resilience, and an unwavering commitment to shaping our individual lives and the collective song of humanity. It is a journey, not a destination, a continuous pursuit of becoming, not merely being.

The Transportation Highway to Dystopia

But this plan is not just for Tennessee, it is for every state. Multiple departments of the federal government have put this plan together, and they certainly aren't about to write a different one for other states. Look into your local general plan, and you might just see these edicts spelled out there.

The Tragic Silence From Our Pulpits

Examples abound, from Catholicism (with their Marxist Pope), to Episcopalian, Methodist, and even Southern Baptist, as they have turned and bowed toward darkness. Here's one from 2019 and the Southern Baptist Conference annual meeting, the

“fundamentalists” whom folks often suspect least/trust the most.

The Storm Is Here – Don't Panic, Get Involved

You cannot sit it out. It is here and it will touch every community large or small. There will be no standing on the sidelines observing this war. If America is to survive every man and woman who loves America in spite of its blemishes, must invest themselves in this struggle. I hope one day I will be able to say to my grandchildren, I did all I could and left everything on the field of battle so that you might enjoy the freedom and liberty you now have.

We Must Change Our Ways!!!

There is a war going on against the Body of Christ and God whose absolute goal is to destroy our faith in Jesus Christ and America. These demonic globalists elites started out using the Frankfurt School to systemically change America but in these last days, it is being carried out by Klaus Schwab and the World Economic Forum and various demonic New World Order Occult Elites.

We Won't Back Down

But the miracle took place on their way home, which is what she wrote to tell me about. The six-hour drive home was completely different from the drive there. Instead of the kids immersed in their phones and tablets, the family talked together in a way they had never done before. In fact, they talked all the way home.

Diligence in the Little Things Leads to Big Results

An investor is a person who allocates financial capital with the expectation of a future return or profit. In the Parable of the Talents, Jesus tells the story of a man who, before leaving his house for a distant country, entrusts his servants with varying sums of money with which to do business until he returns (Matthew 25:14-30; Luke 19:11-27).

Could April 8 Be a Day of Terror and the Start of Financial Endgame?

What are we sure of? That the Bidenistas want open borders. They threw open the southern border after ousting Trump back

in 2020-21. Migrants began massing on our southern border not by the thousands but by the hundreds of thousands. Discovering they could cross the border without consequence, they came in even larger numbers.

Travail Will Tail the Chemtrail Assail

These are strange days with strange skies and this situation is leading to Florida's losing its allure as the Sunshine State. All across that state Florida's "winter people" are noticing that their skies have been unusually cloudy and overcast, the cloudiest in 84 years in fact. Florida is in the subtropical zone where you usually have either bright blue skies or stormy, showery weather with little or nothing in-between.

Cards To Start The War

Do whatever you can to stop their legislative attempts to control you, your health, your children, your possessions, your relationship with your God. Guess this is another of my "off the couch and out the door" pleas, with a different more urgent slant. Fend them off, and keep your powder dry. For now.

It's My Own Damn Fault

Life is about choices. Some good. Some bad. But at the end of the day, WE are all responsible for the choices we make. Until you accept the fact that it is your own damn fault nothing will ever change. Sorry Flip Wilson, the Devil didn't make you do it.
