

Attempts To Impeach Trump Residue Of A Bull

In closing, this writer would caution the enemies of America, identified above, against trying to remove our Commander in Chief from his rightful office. Remember, over 68 million people voted him into that office. You can be assured that efforts to overthrow our government by attempting to impeach our president will be met with millions who are ready to lock and load.

Mr. President: No Deals With Iran, Only Regime Change

My advice to the current administration is don't let down your guard and make sure that no one lulls you into the deadly trap of complacency.

The Government Handbook

No liberty oriented government can be sustained if they refuse to properly instruct their offspring about that form of government they hope to sustain it. Our Constitutionally limited form of government has been in danger of sliding into oblivion since 1913. That is when world leaders convened a meeting on Jekyll Island off the coast of Georgia.

Making Humanity Redundant

The new generation of sex-bots is on its way; and they're gonna have Wi-Fi, so you won't even have to plug 'em in. But best of all, scientists—sorry, I mean Scientists with a capital “S”—say these new sex-bots will be “indistinguishable from human beings.”

Special Counsel Mueller Gives Final Back Stabbing To Trump In Press Briefing To Help Democrats

Special Counsel Robert Mueller held a special news conference on Wednesday saying he couldn't reach a conclusion on whether Donald Trump obstructed justice, as he stopped short of delivering a full exoneration of the president. Mueller, using the craftiness of a career lawyer and political operative chose his words to allow Democrats in Congress to continue their deranged pursuit of destroying the President using the criminal justice system and the impeachment process.

Weaponizing Seems To Be The Name Of The Game

But for right now, we'll concentrate on the evil doers in Congress and the intelligent community which have been in control for too long and could become the most radical in American history, says Trevor Loudon in the April Schwarz Report. He says the once-marginalized "progressives," socialists, and even Communist Party supporters are taking the reins of several strategic Congressional committees and the Democratic Party leadership is bending to accommodate the fired-up young radicals.

The Muslim Invasion Is Not Something That You Are Able To Run From

There is a true story of three young people who thought it would be funny to cover up a stop sign at a four-way stop just to see what might happen. Soon enough, they found out because one driver drove straight through and broadsided another car carrying three other innocent teenagers who were instantly killed.

Fight Back With The American People's Citizen Grand Jury

The American People's Citizen Grand Jury has three goals, investigation of the crime or crimes of illegal entry into the United States by illegal aliens (the crime is self-evident), documenting the evidence of the crime or crimes (affidavit of the evidence is drafted), and finally, a presentment of the evidence in an indictment (indictment drafted). The investigation has already been conducted and is public knowledge, as is the evidence of the crime or crimes perpetrated by foreign nationals.

Illegal Health Care Worker Murders 12 Patients

Did you know that Democrat-Communists accuse anyone as being a racist who inquires about someone's legal status? Yes, this is the latest, despite the fact that intruders from Central America are mostly connected with the cruel murderous gang, MS-13. Gang-style murders committed by illegal aliens have become common both on the Maryland and Virginia sides of Washington, D.C.

Want To Be Empowered? Let Me Show You

People ask me all the time how I know all this 'stuff'. I don't work 12-hour days on the farm, ranch or 9-5 for a company. I work at home. I do a lot of research on a thousand different things. It occurred to me recently as I only write a weekly column, I could make an even bigger contribution. Time is an issue for everyone but if you read tweets, you can read a short post.

A Wake-Up Call For Every Family And Church In The United States

This is deadly to the Republic. Your child is a commodity to fit into the New World Order and you are agreeing to the insult. Time will tell as I grieve for their freedom and the future of my country. Will the U.N. succeed while our country slumbers? Will no American parent claim their rights? Will churches watch as the hearts and souls of our children are devoured by the metallic beast? There's a hush all over the world.

Trump Should Push For “Islamic Reformation”

If a reform should ever occur within Islam, the Islamic religious high authorities can play a critical role in steering the masses toward or away from hatred and violence. This is the only solution. The late Pope’s public pronouncement, for instance, absolving the Jews as the Christ killers has reduced anti-Semitism among rank and file Christians. Fatwas—religious decrees—by Islamic Muftis and Ayatollahs carry considerable weight with their respective followers.

Choosing High Self-Esteem: Carrying The Mental Equivalent For Success

First, change your view of yourself. Are you a victim or a product or a tragedy? You decide. You choose your relationship with any of your challenges or situations. In the end, the universe doesn’t bequeath you a positive or negative thought pattern. You choose it and you live it. Either way, you evolve your life by your choices. If you run from something, it consumes you. When you face it, you devour it.

Decoration Day, A Day Of Remembrance

I grieve because we've thrown God out of every facet of American society. I grieve because we think nothing of murdering 60 million babies in their mothers' wombs. I grieve because I see the losses. I grieve because I know too much, and I grieve because so few are fighting to save her...our once great America and her God-given freedoms. I grieve, I mourn, and I weep and I'm still fighting to save her. Unless more Americans stand up for truth, righteousness, liberty and freedom, I'm afraid all is lost. Dear God in heaven, I grieve, and I keep working and praying.

It Is Time To Engage The Enemy

We are at war. No I'm not talking about the Military Industrial Complex's insatiable hunger for profiteering at the expense of American men and women's lives. I'm not talking about the escalating conflict between the various political factions and their comic stooges played out in the news cycle day after day.

A Constitutional Crisis, Part 2

Our nation has operated under the most successful government document devised by man in the history of the world and has made us the most successful, prosperous and powerful nation the world has ever seen yet Democrats hate it. For example, Justice Ruth Bader Ginsberg, speaking to Egypt's new government in 2012 stated that the US Constitution was not one that should be used as a guide: Just last week, for example, Supreme Court Justice Ruth Bader Ginsburg told an Egyptian TV station that she would not recommend the U.S. Constitution as model for Egypt's new government.

The problem, you see, is that the U.S. Constitution is "a rather old constitution." Ginsburg suggested that Egyptians should look instead to the Constitution of South Africa or perhaps the European Convention on Human Rights. All these are "much more recent than the U.S. Constitution."

Ginsburg's comments echo those by Washington University

professor David Law, who published a study with Mila Versteeg on the U.S. Constitution's declining influence worldwide. In an interview, Law unfavorably compared the Constitution to "Windows 3.1"—outdated and unattractive in a world of sleek and sexy modern constitutions. Such obsession with the age of the Constitution is both absurd and irrelevant.[1] Keep in mind that she has sworn to uphold this Constitution, yet this modern court has used international law to adjudicate cases before it. In the *Lawrence vs Texas*, Texas' sodomy law, they used an international treaty the United States had not agreed to yet to decide the case. Keep in mind the liberal jurists on the Supreme Court favor homosexual marriage and since they could not find anything in our Constitution to overturn Texas' law, they went outside the United States to do so. In her own words: In terms of her own views, Justice Ginsberg did not mince words:

On judicial review for constitutionality, my own view is simply this: If U.S. experience and decisions may be instructive to systems that have more recently instituted or invigorated judicial review for constitutionality, so too can we learn from others now engaged in measuring ordinary laws and executive actions against fundamental instruments of government and charters securing basic rights. . . . The U.S. judicial system will be the poorer, I have urged, if we do not both share our experience with, and learn from, legal systems with values and a commitment to democracy similar to our own.

And the rest of the speech continues in a similar vein, with Justice Ginsberg raising and then contesting the views of foreign/international law opponents (including Justice Scalia, Judge Richard Posner, and Professors Eric Posner and Adrian Vermeule) while citing a series of "examples" of recent cases where the Court reached a decision with the aid of foreign and international law sources (e.g., *Atkins v. Virginia*, *Lawrence v. Texas*, *Boumediene v. Bush*, *Hamdan v. Rumsfeld*, and, of course, *Roper v. Simmons*).[2] So much for upholding the US

Constitution. Four other Supreme Court jurists joined with her on this vote. All five should have been removed from the bench but nothing was done to uphold the integrity of the Supreme Court.

The Democrats are constantly ignoring our rights and passing laws that violate those rights. In Colorado this year our Democrat controlled legislature and homosexual governor have passed laws that give our votes in a national elect to people other than who we might vote for. If Colorado votes to elect a Republican president but the popular vote is won by a Democrat our Electoral College votes go to the Democrat. That violates the Constitutional process and violates the will of the people. They have also taken parental rights from parents in public school by not allowing them to pull their child out of the forced teaching of the homosexual lifestyle. They passed what is called a Red Flag bill that allows an anti-gun citizen to declare that a pro-gun citizen could be a threat to himself or someone else and without due process, the pro-gun citizens firearms can be confiscated with out being charged with anything.

Nancy Pelosi is pushing through the House a bill called the Equality Act that takes the religious rights of a person and subjugates them to a person's sexual orientation. The Equality Act, a sweeping new piece of legislation that elevates sexual orientation and gender identity above religious freedoms, passed the House Judiciary Committee last week and could face a floor vote as early as next week.

"Essentially, the Equality Act gives people of faith an ultimatum: Change your faith-based practices or face government punishment," ADF's Sarah Kramer of Alliance Defending Freedom, wrote on the organization's website.

The bill would amend the 1964 Civil Rights Act and the Fair Housing Act to prohibit discrimination on the basis of sexual orientation and gender identity in employment, housing, public

accommodations, public education, federal funding, credit and the jury system. One congressional aide said the Equality Act is scheduled for a vote next week, according to a gay publication covering the bill.

ADF and other prominent Christian and conservative groups, including Judicial Watch, James Dobson Family Institute, Liberty Counsel and the Heritage Foundation, are warning of widespread repercussions for believers since it eliminates Christians from relying on the Religious Freedom Restoration Act to uphold their religious rights, according to World Net Daily.

“Religion is no excuse for discrimination when it comes to sexual orientation or gender identity,” Nadler declared. 2 I’m sorry but this fool, Representative Nadler, is confusing discrimination with morality. Democrats do not want to allow even the opinion of a moral person to be heard. In Colorado a few years back they passed SB100 which makes it illegal to put anything in print that offends a homosexual which makes it effectively illegal to print a bible in Colorado.

FaceBook and Twitter constantly ban conservative postings and accounts like James Woods but defend accounts by Hamas and other real hate groups. Has no one ever informed FaceBook and Twitter that this is America and we have the First Amendment that guarantees us free speech. If you notice it is the conservative voice that is silenced on college campuses, it’s the conservative voice that is silenced on the social media platforms, it’s the conservative voice that is silenced in print media. Justice William O. Douglas stated “A people who extend civil liberties only to preferred groups start down the path either to dictatorship of the right or the left.” This is what the Democrats are doing. They demand that only their voice be heard. They have gone as far as to demand that Trump’s MAGA hats be made illegal because the left hates them so much. Notice that conservatives NEVER attacked the idiots that wore Hillary’s pins and tee shirts. We let them look

stupid in front of everybody. We allowed them their free speech.

Dark To Light – By Way Of True Detective

For whatever reason, a percentage of the population just isn't going to sit down and read books, testimonies, or even court transcripts of real events like the Franklin Scandal, Epstein Island, or even the NXIVM case – even though these are real cases that involve real people and corruption all the way to the highest office in the land.

“A National Day of Action”

We can and must find ways to resist the destruction of Western man, his nations and institutions, and our strategies must involve more than writing essays, manning petition tables, and lobbying unresponsive politicians. We are no longer involved in the process of creating the language of our side of the

debate; we have spent half a century doing this and educating others, and we are now quickly running out of time in which to save ourselves.

A Case for Adultery

So the Democrat controlled House passes their so called Equality Act last week. As usual the name of the piece of legislation rarely if ever has anything to do with what it's actually forcing on the citizenry or taking away from us. They always have to hide what they're trying to accomplish. You could also call it the Anti-Religious Freedom Act couldn't you? But that would be too obvious.

Why Is Islam Growing In The US?

In short: America has been heavily infiltrated by radical Muslims and is under Saudi Arabia’s spell. Islam is growing and no one can stop it because our elected officials seem to be in bed with the Saudis and perhaps other Arab Persian Gulf countries as well.

The Government Handbook

When it comes to our republic, the Founding Fathers left us a beautiful instruction manual. It is called the United States Constitution and Bill of Rights. It was inspired by the sound irrefutable principles enumerated in the Holy Bible as well some other influences including Blacks Law and Aristotle's Law of Identity.

New Investigators Examine The Origins Of The Mueller Investigation

Democrats and their complicit media are far worse than sore losers. They have done everything in their power to destroy President Trump from the day he declared his candidacy. They hate him, they hate his supporters and they hate anyone who righteously campaigned for him.

It's War, All Right

It would be an America in which a tax rate of 70 percent and up would shatter the economy. An America of unlimited abortion, even of babies born alive. An America of "open borders," with millions of illegal aliens swarming in unchecked, importing crime, poverty, and societal chaos.

While The Good People Pray And Talk, The Doers Are Changing The Country

Hundreds of us are getting in our cars and driving to Chappaqua. We are going to meet up and caravan together into town and demand that the government do its job and INDICT HILLARY CLINTON. An Open Letter To Rep. Steve Cohen: Your Denial of God In The Oath Disqualifies You From Office

This feeble display of intellect shows your shallowness, Mr. Cohen. You are an inch deep regarding the constitutional and theological underpinnings of America. Overwhelmed By A Clear And Present Danger

One of the main goals of the Rockefeller's Standard Oil was destroying competitors by all means necessary, including threats, arson, dynamite and even assassination. In order to hide his fortunes, JDR created a legal aberration called the trust. The current trade dispute with Communist China has filled a lot of headlines. A great deal of the coverage is inaccurate and claims made have been destroyed over time. A Constitutional Crisis, Part 1

The Democrats have been screaming that President Trump is creating a constitutional crisis. Just like everything else the Democrats complain about it is they who have created the constitutional crisis. You know they blamed Trump of 'colluding' with Russia when in reality it was Hillary and the DNC who paid for the dossier and Hillary who sold Russia 20% of our uranium to Russia.

Done In By Our Own Irrational Compassion

There is no question! By simple logic, illegal immigration has been and continues to be a deadly invasion of guns, drugs, humans carrying diseases, taking American jobs, soaking up “free” welfare, housing, education and health care benefits and adding to America’s crime rate.

Although we have had many liberties enshrined in the US Bill of Rights since colonial days, the right to bear arms is likely the oldest recognized God-given right of them all.

Why Muslims Refuse To Assimilate

It is not that they refuse to assimilate, it is that they can't. Muslims, irrespective of the country of their origin, (except Iran or Turkey) were raised in such way that they can never assimilate into Western culture.

Why Are They Bashing Chick-Fil-A Now?

To summarize, Dan Cathy of Chick-fil-A opposed same-sex marriage, stood up for traditional marriage and was attacked. Grassroots supporters turned out to support the company, and Chick-fil-A profited. Rather than follow up on that victory, Chick-fil-A chickened out and surrendered to the Same-Sex Marriage Agenda.

Judgment Day Coming For Democrats

Democrats are insidiously bearing false witness; lying to the American people, in total contradiction of the Mueller report which did not find Trump guilty of collusion or obstruction. And yet, Democrats with the help of their minions in fake news media persist in keeping their Trump colluded and obstructed lie going.

John E. Fetzer And Constance

Cumbey – Fighting Either For Or Against The “New Age Movement”

Maybe there was far too much emphasis in the Seventh Day Adventist Church on the writings and “visions” of Ellen G. White and too little on the plain wording of Scripture. I am thinking that I remember little emphasis on Deuteronomy 18 that contained an explicit list of spiritual practices forbidden to the Israelites as they entered the land that the Lord took from others for pursuing those practices.

The Democrats And Stealth Jihad

The relationship between the Muslim community in America and the Marxist Democrats is commonly described as a marriage of convenience, where Muslims will ally with leftist politicians, who will joyfully yield some of their authority to this group of enforcers so principled conservative politicians and Christians who advocate sane social policies are kept out of office. To acquire power has always been the goal of the Democrat party.

Leftist Losers Deny God The Great Shamelessly Revere Him

Leftists throughout America are working feverishly to systematically wipe out the existence of the God of Abraham, Isaac and Jacob. They seek to place themselves in the position of a twisted government God of ignorance, oppression, tyranny, trauma and economic despair. The self anointed leftists do not want you to understand your inalienable rights which come from God.

Christians Must Stop The Spreading Sewage Of Jew Hatred

Satan hates both Jews and Christians because he hates God. As Christians, we have a moral responsibility to commit ourselves to the survival of the Jewish people because they are beloved of God.

A Festival Of Culture Rot

After Alexis DeToqueville toured America in the early 19th century, he predicted that the United States would be a great, successful nation. America will be great, he said, because

America is good; and the thing that made it good, he said, was the nation's strong attachment to the Christian religion.

The Left Stole This Nation By Force

You see, violence is what they accuse US of when we choose to push back against the FORCE that they have applied. Like the trained monkeys we all parrot the mantra "don't get violent." The LEFT uses FORCE while they accuse us of VIOLENCE. The two words really aren't that different.

Muslim Representative Ilhan Omar "Warmly Welcomed" Into An American Public School

It is almost surreal what is happening in America today in so many different ways. I think that if much of what is happening in this country today was happening in a third world country, Americans would ask their government to intervene on their behalf.

Lest We Forget The Heroes Of America's Silent Revolution

Deep in your heart and mind are the roots of freedom and the courage to defend it. Like a tree that gains sustenance for survival through its roots, we too can gain sustenance and courage from our roots in which resides the indelible memory of our hard-won freedom over two centuries ago.

Is The Electoral College Worth Keeping?

The Electoral College was to be a wholly separate body for choosing the president. Developed at the Constitutional Convention of 1787, it was a compromise among plans for a national popular vote and to have Congress choose the president. It also acts as a State check on Federal power, thus protecting smaller States.

Pray for our 45th President of the United States, Donald J. Trump! May God bless him, keep him safe, and guide him with

the wisdom he needs to keep America great and to overcome the leftist wolves who relentlessly attack him and want to turn America into a communist hellhole

It's Like Deja-Vu All Over Again

One thing is for certain, you can't accuse Alinsky of knowing what the Bible teaches. Satan didn't win a kingdom. He was thrown out of heaven for his foolish pride, thinking that he, a created being, could somehow overthrow his Creator. He was cast down to the earth and seized control of what is not his through lies and deceit.

We Are Now Living In The "Bizzaro World"

Keep in mind it was us Deplorables who showed up in the millions, overturning the rigged system that was in place and preventing the criminal Clinton cabal from driving a final stake through the heart of our wounded nation and we'll show up again in 2020. So take courage.

Is Islam Inherently Violent?

To some people perhaps, the title of this article sounds Islamophobic. And as is the case, Muslims always rush to defend their religion by stating there is violence in “All religions.”

Impeach Trump And Barr, Nadler's Attacks Are To Get This Done

As regular readers know, I have been registered no party since 1996 when I left the GOP; never voted for a candidate in the Democratic/Communist Party USA. I was less than enthusiastic about Barr's nomination and confirmation due to his decades long friendship with dirty traitor, Robert Mueller.

New California School Books Slam-Dump Trump

Lies Of The Left, Part 3

Ignorance, Fear And LGBTQ

The surprising intensity of the LGBTQ attacks, reporters chasing me down and sticking microphones in my face, scared me. I could not give a rat's derriere about what leftists think of me. I had to fight off feelings of guilt as I witnessed LGBTQ enforcers attacking everyone associated with me.

The Democratic Agenda: The Nothing Burger Of The Century

The Democratic agenda is the nothing burger of the century. There is no agenda, unless you call Trump Derangement Syndrome an agenda. The Politicrats have one thing on the table, and one thing only – a vendetta of biblical proportions against President Donald Trump.

Nellie Ohr's Work On The 'Trump Dirty Dossier' Referred To Attorney General For Prosecution

Mrs. Ohr was hired by Glenn Simpson (Fusion GPS) to conduct opposition research of Donald Trump in late 2015.
