

First Lady Dissed by Wimpy Snowflakes

First Lady Melania Trump was booed by students when she spoke at an opioid awareness summit in Baltimore. Snowflake adults said the students were justified because Melania's husband hurt their feelings by saying bad things about their city.

Science Warns Us Not to Rely on Witness Accounts

Being convincing isn't the same as being accurate. Witness testimony is more fallible than many people assume. The claim that witness testimony is reliable and accurate is testable, and the research is clear that eyewitness identification is vulnerable to distortion without the witness's awareness.

Prince Andrew's Disastrous Epstein Interview: The Icing on an Already Poisoned Cake

Vanity Fair is reporting that there are "rumors" that Prince Andrew wants to do another interview. Well, in this author's opinion, that could only add fuel to an already blazing fire the royals are having no luck putting out.

Macy's Thanksgiving Parade Received the Memo

This columnist wrote a few stories over the years of the outrage of this "family" store and their desire to pervert the world. However, the critical columns about them betraying the public, especially children, seemed to have reached the right department, the memo was sent out, and this year, the event did indeed resemble a family Christmas Parade.

Dumber by the Day

I'm ashamed I ever went to college. It wasn't as bad, back then, as it is now; but it was bad enough. It took me a long time to grow out of it. The chief additions to the looniversity menu, since those days, are all conspicuously present in the latest carryings-on at Notre Dame—which is supposed to be a Catholic university, but who would ever guess it?

Attorney General Bill Barr

Goes on Offense Against Deep State with Special Prosecutor

President Donald Trump's newly appointed Attorney General, while keeping a relatively low profile in his first days on the job, now appears to have hit the ground running in his investigation of what many are now calling The Trump-Russia Hoax.

Celebrity Conversions That Just Don't Line Up With Scripture

Friends, the key word in these alleged conversions is found in patience. When it comes to the false converts in comparison to the real converts, patience is the weapon that forces deception to reveal itself, and in many cases, if you are paying attention, it already has (Matthew 7:21-23).

Is The American Spirit Alive and Well This Thanksgiving?

Thanksgiving should kindle that great good within us and make us proud of being Americans. We should be forever grateful for our families, our freedom and our prosperity and for the

sacrifices of those brave souls that gave their lives, limbs and minds to preserve what we hold so dear.

Americans Celebrate Thanksgiving to God

This Thanksgiving let us give thanks to the God of our Lord and Savior Jesus Christ for America's incredible founding and pray that our government would never relinquish its God-given duty to preserve our rights.

Whiskey Is For Drinking And Water Is For Fighting

In the mid-90s, before the Internet, the U.S. government held a meeting via satellite link between Washington, D.C., and cities and towns across western Montana, Idaho, eastern Washington, and Oregon. The subject was the Columbia River Basin.

Adam Schiff's Ukrainian Corruption And Impeachment Failures

The destruction of Donald Trump must be accomplished by the globalist establishment elitists who know that Hillary's loss hung an albatross around the necks of those who want to destroy this nation's liberties. They continue their fight against the man who won and the people who supported him, those people who, with our President, love freedom.

The Fishy Death of Jeffrey Epstein

The late billionaire Jeffrey Epstein's pedophilia is what has interested the media. But his own blog, which is still active even after his death, suggests what he and his fellow elites were really interested in. He called it "cutting edge science." It is how the global elites intend to manage our lives. They already claim credit for "rewriting our global culture."

Will Christopher Wray Protect

Joe Biden?

Many have wondered why Joe Biden decided to run for president in 2020. He certainly doesn't need the money. It's obvious to anyone with eyes that see and ears that hear, Joe's 77-year old mind is seriously impaired. A presidential race also requires a tremendous amount of energy and stamina. So why?

What's It Like To Be A Baby Boomer?

In our 120-year-old farm house, I grew up with four siblings. My younger years saw me using an outhouse until age seven. We took baths in a tub until I turned seven when we finally installed a toilet and shower. Wow, hot water, a sink in the kitchen and a Maytag stove that still works today.

In This You Greatly Rejoice

Rejoicing does not come natural to many people. Being full of joy such that your countenance is visibly changed is difficult for some. The Bible informs us in many places that we are to rejoice and let our rejoicing shape our thoughts and behaviors. Consider these examples

Islam Is Not Compatible With Civilized Society, Part 2

Taking a closer look at islam we have to question any sane person that converts from Christianity to islam. We hear that it is a 'religion of peace' but in reality, it is an ideology of hate and debauchery and blood. In the book, Tears of Jihad, it is estimated that islam has massacred about 270 million people in its demand that all peoples follow their so-called prophet.

Republicans: Get Some Spine And Support Your President

Hillary Clinton won 232 electoral votes and President Trump won 306. That's called a political victory for Donald Trump. You remember the Electoral College, right? It's that bothersome part of the Constitution that prevents New York, Pennsylvania, Florida, New Jersey and California from being able to ignore citizen opinions of the remaining states by preventing them from determining election results based only on popular vote.

Tyrannical Rise of Google: Information Theft, Search Engine Manipulation, and the Complete Destruction of Free Thought

This writer will say this – if there is to be an Orwellian 1984 society in America, and I believe it is already happening – Google will be at the forefront of those leading the way and cashing in on it. You can take that to the bank

The Day America Lost Its Soul

It seems that the conspirators' success in assassinating President Kennedy pushed them into a frenzy of assassination, abuse, theft, corruption and war. Apparently guided by the principle that the end justifies the means, they felt no constraints on their way to reach their cherished goal: a New World Order.

Former Federal Prosecutor

Takes Democrats' 'Extortion' Ploy Apart

U.S. House of Representatives Democratic leaders Speaker Nancy Pelosi and Chairman of the Intelligence Committee Adam Schiff are counting on Americans being as dishonest as Congress' leftist lawmakers or of being too stupid or ignorant to understand the Democrats' and news media's use of Kafkaesque tactics

America Must Not Lose Her Roots

We all know that the United States of America came into being because of the brutal British monarchy of King George that provoked the colonists to rebel and seek liberty. The Founding Fathers were influenced by such great thinkers as William Blackstone who wrote the Magna Carta, the English Bill of Rights and led the Glorious Revolution.

Now It's Getting Dangerous

Somewhere along the way, despite the best and wisest efforts of our country's founders, our public servants have become our masters. They come to Capitol Hill poor and go home rich. It's a perpetual party up there, banquet time on Mount Olympus—all

at our expense. If Donald Trump has done nothing else, he has at least proved that the Deep State, unspeakably corrupt and lawless

Donald Trump, Impeachment and Bait and Switch

President Trump is getting very little support from his own party because both parties are not designed to serve the people. The ever-increasing advancement of government is their job and their PERSONAL wealth and power is their main focus. Government produces nothing. They are fearful that President Trump is going to break up their club.

Old Age With Onset Dementia and Alzheimer's: Losing Your Memory

The last time I visited my mother before she passed away, I walked into her room with my wife, and sat for 30 minutes telling my mom how much I appreciated her being a super mother during my childhood. I thanked her for a litany of events that stood out in my mind. I covered everything from birthdays to sporting events to camping to helping take my first bicycle ride.

Time to Hold Government, Individuals and Agencies Accountable For Those Killed and Injured In “Gun Free Zones”

When you look at the darkness that has been advocated and implemented upon Americans by corruption in our government, there is no question who the responsible party is and why they must be held responsible for their crimes against “We the People!”

Out of the Mouth of a Bernie Babe

Every socialist policy created by Democrats for votes dismisses, demeans and outright ignores the fundamental, natural, God-given rights of American citizens under our Constitutional Republic. They ignore free choice and replace it with government mandates, government control and a crushing tax load on the American people.

Jesus Christ is King of America, Her Constitution, and the Billboard Charts

As our culture cultivates more hostility to the Bible and the virtue that Christ promotes in the Gospel, I thought I would take a minute to speak about the frenzy surrounding rapper Kanye West's first faith-based album, *Jesus is King*.

FBI Study on 'Lone Wolf' Terrorism Released

An FBI study of lone offender terrorist attacks in the U.S. takes an unprecedented look at the backgrounds, behavioral characteristics, and circumstances surrounding 52 attacks since 1972, as well as the singular perpetrators and the bystanders who often see clues but rarely act on them.

Coup Plotters Risk War With Russia

For their part, the coup plotters know that a war with Russia will cost many lives and damage the U.S. and world economies. It is a cynical and dangerous ploy that is unfolding before our eyes. But they are prepared to risk war with Russia for

the chance to deny Trump a second term.

Brennan And Clapper's Secret Surveillance System

Invented lies and corrupt actions of high officials who have abused the power of their positions for political gain must be exposed and punished. They have sought to subvert our rules of law and undermine the Republic. They have damaged and are still damaging the institutions of American government, all the while squandering the nation's trust.

Next Impeachment Star Witness: Sgt. Schultz

Yovanovitch no doubt wished she could go back to her current cushy job as a Senior State Department Fellow at Georgetown University's Study of Diplomacy. Despite the endless fawning from every Democrat on that committee for Yovanovitch's stellar career, it appears there might be more to her image.

Defending Ourselves Against Poison Foods At Grocery Chains

What have my wife and I done to save and preserve our health? We eat all natural, non-GMO, certified organic fruits, vegetables and food products. We READ the contents of everything we buy. We shop at Natural Grocers. We used to shop at Whole Foods...

Crying Over An Obituary of a Beautiful Female I Didn't Know

Bella first became known personally by an organization called, Wildlife SOS in India two weeks ago. They rescue animals who have been exploited, mistreated and were subject to unspeakable cruelties by the humans who had managed to take possession of them.

Islam Is Not Compatible With

Civilized Society

When looking at the principles of islam there is no one that is sane that can state that this ideology, I cannot call it a religion, is in any way compatible with any civilized society. They have never assimilated into any society that they have migrated to.

While We Sleep

Friends, it is time to awaken from the slumbers that American materialism has utilized to mesmerize the body of Christ. We are not serving our heavenly Father by showing up for a weekly meeting with other believers, dropping a few dollars in an offering plate, or saying bedtime prayers with our children.

Count Your Blessings

We have so much to be thankful for. Yes, the world around us may be dark and growing darker every day. We may very well be at the closing end of days here on this earth, and we may be precariously perched on the precipice of the Great Tribulation, when the wrath of God is unleashed on all those who hate Him.

Leaked Ukrainian Documents Show Millions of Dollars Funneled to Hunter Biden and John Kerry's Family

Despite all this, Trump perseveres and has accomplished much including the removal of China as the controller of our second largest seaport. Few reported on this important accomplishment because reporting on the impending impeachment of Trump was and is more important.

Why Trump is Black Voters' Clear Choice in 2020

Unlike the Democratic party, the Republican party does not treat me like a poor inferior child in need of constant government intervention. Folks, the bottom line is America is the greatest land of opportunity on the planet for all who choose to go for their dreams! This inspiring truth is as repulsive to Democrats as showing Dracula the cross.

Article 5 of the US

Constitution: What “Convention of States Project” (COS) Isn’t Telling You

But today, various well-funded factions are lobbying State Legislators to ask Congress to call an Article V convention. One faction, the “Convention of States Project” (COS), claims to be for limited government and is marketing the convention to appeal to conservatives. COS claims (falsely) that our Framers told us to amend the Constitution when the federal government violates the Constitution.

Congressional Republicans Should Think Twice Before Turning On Donald Trump

Democrats and minions of the Deep Establishment have been colluding since November of 2016 trying to reverse the outcome of that election. For a long while, it was Russia-gate. That failed miserably, at a cost of billions of taxpayer dollars. Now it’s Ukraine-gate. House Democrats and their corporate media prostitutes are in overdrive. Their favorite polls have responded.

OK What Are Aliobama And Friends Up To Now

Recently Barry Obama conducted a very underhanded meeting at the United Nations. The “former” commander in chief held a meeting with the heads of numerous countries at the United Nations.

Lessons Not Learned From WW2

Wow. What’s that? Well, you have scads of followers on social media: people who look up to you, and take you for some kind of oracle. If you tell them something’s cool, they’ll think it’s cool (maybe “think” is the wrong word here; but let it stand). They watch you on TV and breathlessly await your next utterance.

Do You Have a Plan For Your Family When Things Get Worse?

Take your eyes off of the government for a minute. Do YOU have a plan? Do you have a network of people with whom you can hunker down if things turn dark? Do you expect the government to come flying in and rescue you or are you making plans with friends and neighbors to coalesce around a community plan?

Confessions Of A Litter Picker-Upper: Trashing Our Planet Home

Since I've bicycled across America 15 times and across six continents in the past 44 years, I witnessed the land being trashed at 12 miles per hour. Farmers toss their tractors, combines and farm equipment into fields to rot and rust for the next 10 million years. I've seen motor homes and trailers abandoned all over the USA.

Minnesota Attorney General Keith Ellison: Accuser of The Innocent, Defender of The Guilty

The resolve is that Keith Ellison must be called out, be impeached and indicted for his crimes (treason) against the United States (Article 2, Section 4, United States Constitution). There is no other option.

One Day You May Have To Pick Up A Sword

Come on folks! The handwriting is on the wall. The tealeaves have all been read. There is no way to peacefully and amicably heal the irreconcilable differences between the left and the right and the liberal and the conservative. We are hopelessly divided...

Happy Veterans Month, Here is to Patriotism

God Bless every American soldier, veteran, and citizen who exercises this Patriotism. As President Trump reflected, "Each warrior who fights for our Nation, along with their families, has earned our eternal gratitude, and I ask that all Americans thank and support them."

Sanctuary Rejecting Immigration	Cities	Start Democrat's Enforcement
--	---------------	---

Policies

Following the massacre of American Mormon women and children by alleged drug cartel members in Mexico – which the news media attempted to downplay – a growing number of Americans are revisiting their city's, county's or state's sanctuary policies to protect illegal aliens from federal law enforcement officers.

Trump Vs. Schiff, Soros and Socialism

In leading the effort to impeach and remove Trump from office, Schiff is focusing on Trump's alleged improper call to Ukraine's president about investigating corruption charges against potential rival Joe Biden's son. Trump had also wanted to know if Ukraine had a role in devising the phony "Trump Dossier" used to justify surveillance of the president and his aides.

Republicans Must Grow A Backbone and Counter the Radical Socialist Democrats

Republicans must get involved in the state elections. The

Democrats are keeping them occupied with their unconstitutional impeachment inquiry against the President. Holder and his gang intend to flip one chamber in each state, deadlocking Republicans and Democrats and throwing questions to the courts.

The State of Today's Church is Very Dark Spiritually

“What has happened to America? What sort of “inheritance” are we leaving to our children and grandchildren? As I’ve said before, “As go the pulpits, so goes the nation.” Even so-called “good” Bible-believing, Bible-preaching pastors and churches avoid all this like the plague.

New Liberal Insanity: Math Is Now Racist

I got up this morning and discovered that math, my favorite subject in school, the course I taught for 20+ years is now racist. Yes folks, the one subject that is the constant, the absolute, the universal language throughout the world is determined to be the root of all evil and promotes racism.

America: YOU Are Keeping Drug Cartels in Business

The fate of this nation rests on those primaries because if worthless, corrupt incumbents are not defeated we end up with the same options as we have for the past 50 years: Hold your nose and vote for the incumbent with an R next to his or her name because the only other choice is a Democrat socialist communist on the ticket.

Immigration: Americans Are Losing This War At Our Borders

MS-13 gangs thrive with their drug distribution networks because your Senators and House member fail to do anything to secure the borders. Result: drug addiction deaths accelerate dramatically annually.

Queen Elizabeth Abolishes Animal Fur For Fashion

Last week it was announced that Queen Elizabeth was going fur free, meaning that she will no longer wear any clothing or outerwear for warmth made from actual animal fur. CHEERS!

Great And Marvelous Things

Over the years I have come to realize that God is always at work around us, but we often fail to see Him at work. Perhaps we are too busy to notice, too caught up in our daily routines, too involved in managing our lives for what we believe are important purposes.

Harvesting Baby Organs, Part 3

We have allowed it to happen. By 'we' I'm speaking of the church. God will hold the sinner to task for their actions, but He will hold the church accountable for stand aside and letting the heathens run the world.

Leaving the Matrix

Simply put, the system America operates in is corrupt. To borrow from a Josh Garrel's song, we've been "born into a system constructed for failure." We are slaves to a corporate entity run by thieves and criminals of both sophisticated and carnal natures. The U.S. Constitution has been hijacked for the purposes of greed, control and idolatry.

National Day of Action Strategies

The possible actions that can be taken to blunt the immigration invasion are limited only by one's imagination. However, a National Day of Action with focused demonstrations in coordination with all the other possible activist activities related to E-Verify will significantly raise the visibility of the issue and foster increased attention to other possible modalities that can be utilized for true immigration reform.

Drudge Sells Out Trump, Helps Democrats

President Trump's supporters are wondering why seemingly out of nowhere Matt Drudge has taken a sharp anti-Trump stance on his website, the Drudge Report. They no longer trust him or anything he says.

Largest U.S. Police Union

Says Congress Is Violating Trump's Right to Due Process

The Fraternal Order of Police says Congress is violating "one of the most basic rights afford to American citizens" as they attempt a coup by using impeachment to remove President Trump. If you're a sane American you can clearly see that Democrats are trying to railroad President Trump.

Rot at the Top: The Epstein Affair

If Epstein was murdered, the question becomes what did he know and when did he know it. At the CFR he would have had the opportunity to learn some deep dark secrets about foreign policy matters and the military-intelligence establishment. ABC newswoman Amy Robach said in the video uncovered by Project Veritas,

Great Britain Is Nice But It Represents A Host Of Warnings

For the first few days we stayed at Treloyhan Manor in Cornwall, a pleasant community of some of the nicest and most hospitable people anywhere. I must admit that watching BBC

News was more boring and just as politically biased as the dragon media helping the democrats trying to ruin the United States.

The March of Lunacy

And out on Long Island, a high school football coach has been suspended—for winning. It seems the government in Nassau County has a rule against your football team winning by more than 42 points, and has set up a special panel to “investigate” and punish such mischief. No job is too trivial, too small, or too inane for government to thrust itself into.

We May Never Get Another Chance to Save America

Perhaps it is old age, or maybe it is just crankiness, but I find that the older I get the less I care about what others think about me. Oh, I want others to like me. I want to be invited to all the right gatherings. But I have reached the point in my life where I would rather speak the truth and be hated than speak a lie just to be loved.

What Happens When We Lose Our Core Identity in America

Once you lose your core identity as a country; your country cannot survive. And, you can't get your successful ethos back. A country like India lurches into each day as a mass of overpopulated, illiterate, unhealthy, conflicted citizens who don't know their identity, what culture or where they stand.

Gun Grabbers: Trick & Lure – “Trump Wants To Make A Deal”

Recently, I received in the mail a letter from a gun advocate group stating that Trump is getting bad advice and says he wants to “make a deal” with gun grabbers. It would do well for this president to remember the promises that he has made concerning the right to bear arms which is found in the 2nd Amendment of the Bill of Rights...

The 5-Year Ultimatum

Americans have witnessed the slow, insidious, systematic destruction of almost every American value of individual liberty enshrined in the U. S. Constitution, by those who subscribe to the Progressive, socialist, liberal, left, or Democratic Party ideology.

What is American Law?

As we define the source of American Law, we can understand why the Ten Commandments were placed in our courthouses and schools. They serve as a memorial and reminder of the foundation of our laws. Failing to uphold the foundational Laws of the Creator is to say that liberty no longer matters.

Young Adults Fed Up With SJW And LGBTQ Tyranny

Hollywood's laser-focus on promoting SJW has created a huge void for quality entertainment. We have a golden opportunity to fill that void. Perhaps, this is why well-crafted Christian movies are doing so well at the box office.

America's Democrats Bow to Chinese and Soviet Marxism

There is no doubt that social media is censoring everything conservative, and everything that pertains to our once proud Judeo-Christian heritage. Christianity was long ago tossed from our government schools; it's not allowed in much of

anything anymore. Society is purposefully devoid of God. Marxist doctrine is atheistic and hates the Creator. Voluntary Christian prayers are not allowed in schools, but mandatory Islamic prayers are okay.

Newly Elected Police Union Official Slams Democrats for Using Cops to Violate Gun Owner Rights

Shortly after the election results came in Thursday, Joe Gamaldi stepped up to a podium at a New Orleans convention center to thank the sea of cops who tapped him as the Fraternal Order of Police's next vice president.

How to Deep Six the Deep State

But Trump has decided, in more cases than not, to challenge the power of the Deep State. He has gone against their advice in many ways, including his decision to withdraw U.S. forces from northern Syria. That irritated the Obama holdovers in the CIA because their Marxist Kurdish soldiers in Syria, deployed for a time against ISIS, were left alone to face the Turkish Armed Forces.

Our Unethical, Duplicitous, Corrupt Congressional Critters

We, the American people, pay our House and Senate members huge salaries to make our country work. Starting pay runs \$174,000.00 for a bartender voted into the House of Representatives with virtually no qualifications, whatsoever. We pay an anti-American Somalian refugee voted into the House, with no qualifications, a whopping \$174,000.00 to disparage our country

Pres. Trump Talking Points 'Fireside Chat' – Baseless Impeachment

It's been reported President Trump is considering a televised 'fireside chat' to counter the provable lies gushing from DemocRats who hate him. That would be Adam 'Shifty' Schiff, Nancy Pelosi, Gerald Nadler, AOC and her human waste squad along with the trash from Hollywood.

Christianity Not LGBTQity

American liberty has nothing to do with the freedom to sin. American liberty is political. We are not governed by a monarch who holds power by virtue of their blood. We are governed by elected public servants who swear their oath on the Holy Bible of Christianity. They swear allegiance to Christianity, not LGBTQity.

You Are Not Alone

These are the true remnant believers in Christ, and yes, they live all over the country – all over the world. And I have no doubt that I could call on any one of them for ANYTHING and they would always be there for me; and I for them. THAT is true brotherly love. What a joy when you find such intimacy, together in Christ.

Harvesting Baby Organs, Part 2

People don't think about what is happening here. They say that a fetus is not a human. If it isn't, then what is it? If it is a human when it's born, then it is a human when it's conceived. It can be nothing else. We have laws that protect an eagle that is still in the egg because an eagle laid the egg, therefore it has to be an eagle.

Nationals Elites vs Astros Americans

Counselor to the president, Kellyanne Conway, appeared on Fox and Friends wearing a Washington National's baseball cap in honor of them winning the World Series. Kellyanne excitedly said, "Since president Trump came to office the Capitals, the hockey team, the Mystics and the Nationals have won their first championships."

The Real Confrontation

Daily demonstrations continue, some involving over a million people. There continue to be disruptions. Fires continue to be started and acts of vandalism continue to be aimed at corporate-owned markets and public facilities. These have done millions of dollars worth of damage. A Metro station had to be closed again a couple of days ago.

Watching Our Words—Caution!

This is to weaken people (which makes them easier to manipulate)...weakening families which is the real strength of our country and the church (what they have managed to do with

the church is sickening) and our country itself which puts it on the auction block for the Communist Democrats to squabble over.

October 1962: How Close to the Brink?

On several occasions, President Kennedy had asked the intelligence community for an evaluation of the Soviet military buildup in Cuba, but apparently no official within the government, probably with the exception of John McCone, had anticipated the Russian move.

If the Average American Only Knew

I can't help but wonder if the average American knew how many innocent people have been sacrificed at the altar of drug and human trafficking, weapons trafficking, and fabricated wars, at the hands of American agencies would they wake up? Would they forcibly remove the wicked rulers in high places?
