

Seismic Political Shift 2024

The global Marxist democrats in the USA are reeling from the seismic political shift underway in the 2024 elections, lashing out in all directions looking for who to blame for their massive loss, taking crazy to a new level, as they wrestle with a clear and compelling message from American electors that they just refuse to comprehend.

Did “The Federalists” Create our DC Monster?

In 1776, 8 American men initiated what became the Declaration of Independence from British rule. It took until 1787 to adopt a constitution and until 1789 to adopt the Bill of Rights. But before the calendar ticked over to 1800, the federal government was already busy destroying the republican form of government they created.

Unembraceable You

New York City has just made it a crime (!) to “discriminate” against anyone too fat, too tall, or too short. This is not surprising. All over the doddering Western world, liberals are embracing corpulence as something to “celebrate.”

Has America Become TOO Big to Solve Its Problems?

As a math-Science teacher back in the 1970's, three months off each summer allowed me to travel a great deal. Because I was so poorly paid, \$5,400.00 annually, I traveled on a bicycle, of course! Every night, a tent under the stars! Those thousands of miles across America, and then, Europe, then South America, then Australia--really taught me more than all my years in college.

Corruption Of Congress: UAW Forces Us Into Stack and Pack Housing Without Autos

Congress, UAW Leadership and Auto Companies have proven by their actions to be Enemies of the people and a Criminal Enterprise. They are demanding that Americans buy expensive electric vehicles (EV) that most can't afford (even with the government subsidies). If the people could afford them we lack the capacity to produce and deliver the electricity required.

Censoring Freedom Of Speech Is The First Thing A Dictatorial Government Does!

While Americans are being continuously barraged by the lies of the mainstream media's propaganda machine (Ephesians 4:14) that is conveying to you how other countries are under chaotic attack, we are here warning that you are the very ones that are under attack here in America by your own government (Ezekiel 33:3).

Israel In The Crosshairs: Part 1 – A Soviet Psy-Op Second to None

There are three groups currently vying for world control. They are: the Chinese Communists, Muslim fundamentalists, and the Luciferian globalist elites with their plan for a New World Order/One World Government/Great Reset.

The Looking Glass

You are comfortable with your life now, not realizing you are like the frog in the increasingly heated water, being boiled until it is too late and the secret Nazi and Communist plans

come to fulfillment. When you then ask yourself who is to blame, look in the mirror (looking glass) and respond as Pogo did to Albert (the alligator) in the cartoon strip about saving the environment.

WHAT “Lack of Standing?”

After decades of dumbing-down and drugging-up Americans, the vast majority of Americans know nothing about what I just explained in this piece. Yet, it is the reason why our country is not our country today, and it's the foundation for any honest effort to save this republic from certain ruin.

He, Should Be Trump's VP Running Mate

We must remember the purpose of a VP is clear cut: Should something happen to a lawfully elected president (assassination, crippling health issues, natural passing away), the VP must be someone who can immediately step into the job of being America's president. Nothing personal, but Tucker Carlson is not that person. You may not agree and that's okay.

The Palestinian Removal Act

Anybody who thinks a “two-state solution” will solve the Arab/Muslim conflict with Israel is not paying attention. Neither Hamas nor the Palestinian Authority will co-exist with Israel. The only solution is a Palestinian Removal Act, modeled after the Indian Removal Act in the United States, which stopped the Indians from murdering the American settlers and allowed the new nation to develop.

The Rotting Underbelly of America in 2023: You Can Smell It

Do you know what’s happening in Spain or Ireland? Over the weekend in Spain, 1,000,000 citizens in 42 cities marched against massive and unending illegal immigration. In Dublin, Ireland, more riots and burning of the city! Just look it up on YouTube. My brother reports to me from Europe...so I know what’s going on over there.

The Systematic Killing of America, Part 4 of 5

What most people miss, especially people who say they are

following Jesus Christ, is the exact procedure or process in which we receive the truth. The Spirit of Jesus Christ, will guide you into all truth. Therefore, if you are spending all your time working or watching endless television, playing video games; whatever way you waste your time, you will not receive His truth.

Count Your Blessings

When the enemy of our souls has you discouraged and depressed – again, simply begin to count your blessings and name them, one by one. Thank the Lord for all He's given you, and then with a grateful heart for the privilege of serving your King, pick yourself up, dust yourself off and get back to work.

Discerning Truth in a Sea of Lies

The government, using artificial intelligence (AI) video generation technology, created footage of the event showing Richards callously disobeying orders not to fire on the rioters. It appeared so real that only someone who witnessed the actual events would know it was false.

The Next Phase of Communist Revolution in America

An honest rendition of American history shows that Indians hostile to the revolution raided white settlements, murdering men, women, and children. The barbaric practice of scalping was so common by the Indians that some forts had people who specialized in treating scalped heads. One of the scalping treatments was called "pegging."

It's Not Our Government in DC

Americans haven't just been missing in action in terms of being forever vigilant in protection of their own freedom, many have been missing in action when it comes to raising their own children as well. That's why we see thousands of young students so easily manipulated into our streets in support of the most blood-thirsty brutal terrorists to ever roam the earth.

Demand Change Now Before Government Collapses and You Starve in a Civil War

I pray for the people who live in Democrat/Communist cities.

These people are underfed, under-employed, under-educated, dependent, victims and perpetrators of crime, brainwashed, and self-inflicted casualties of a corrupt and incompetent Marxist government that is unconstitutionally financed by taxes from the Red (free) states. They are Lenin's "Useful Idiots"

Heads-Up Jewish Americans: Democrats Are Your Enemies! – Don't Vote For Them

Don't be fooled by the boilerplate, politically correct press releases written by their aides. Once these statements are made public, these cowards go back to cowering before the radical leftists who now call the shots in the Democrat Party, most prominently the racists who continue to vent their anti-Semitic bile to this day.

We Still Have a 14th Amendment, but Do We Have a First?

Douglas Mackey, an ordinary guy with a degree from Middlebury College in his native Vermont, might be on his way to prison. His "crime": making fun of Hillary Clinton and Clinton voters on Twitter back in 2016. He was taken into custody by the FBI

exactly seven days after Joe Biden's inauguration in 2021...

Hard Cases Make Bad Precedent

Let's step back and look at the big picture. Should people who are under a credible threat of serious physical harm or death be granted a restraining order? Absolutely, but we need to remember that those orders are nothing but ink on paper. The order cannot protect you, but it can help law enforcement restrain a person if they violate the order.

America's "Collective Responsibility"

We operate in a dollar economy, still the world's reserve currency, but the rating for our outlook has shifted from stable to negative, and the day may come when Treasury securities may not find buyers because of inflation, national debt and deficits.

Thanksgiving: Forks In The

Road, Stop Signs, And Dead Ends On The Highway Of Life

“Some memories will be filled with regret and some will be joyous. You will have both in your life. You get to choose the number of each by the way you live. And, one final thought from my days of meditation on hay bales and sitting beside a quiet pond with dragon flies, turtles, snakes and muskrats: everything you become, you chose. And, everything you chose, you wanted.”

Free Speech—Sayonara?

Meanwhile, the governor of New York has announced what amounts to a regular jihad against non-leftist speech. Gov. Kathy Hochul says she wants a Domestic Terrorism Prevention Unit Threat Assessment Management team on every single college campus in New York.

Climate Justice, Nonsense on Steroids

This is just another tool in the arsenal of Cancel Culture. What we are facing is a raft of programs that are attacking our proven successful system of private property, free markets, and personal life choices. It must all be

“transitioned” into social justice – the doublespeak of sustainable/socialism.

Scroll Through All Of The Criminals That Have Been Caught Committing Voter Fraud

You can rest assured that nine times out of ten when the mainstream media and their useful idiots are telling you that something is not true, after digging into it, you will find that it is true and vice-versa. There is no truth in them (John 8:44).

Pope Francis Embraces Global Islam and Mother Earth

The FBI was caught with a memo authorizing surveillance of traditional Catholics but FBI director Christopher Wray disavowed the memo. We now understand that the assignment was subcontracted to Pope Francis, who just sacked a conservative Bishop in Texas. This does far more damage to the Catholic Church than anything the FBI could do.

Want to Make a Difference? Read On

Americans are very worried about the economy. Millions more have been added to poverty level since President-Elect Donald Trump was cheated out of his second term. Not going to get into the finer intricacies of the root of that problem and why Congress refuses to implement the only solution in this column. What millions of us do know is inflation has been killing the middle class by design for decades.

The Jew Haters in Power Were Very Carefully Taught

Strangely, it is liberal Jews, and there are many of them—read my article: Suicidal Jews—who vote for the Jew-hating Democrats and raise not one objection when these floridly racist politicians are thunderously silent as their colleagues spew their anti-Semitic bile and then proceed to enact policies that are viciously antagonistic to Israel...

Your Responses to America Adding 20 Million Muslims

Dear fellow American, I could copy another 20 comments, but

have run out of space. Our country stands eyeball-deep in trouble. I don't think our feckless politicians have the guts to stop it. At some point, it will boil down to what's happening to Sweden. They did it to themselves and our politicians are doing it to us.

The Systematic Killing of America Part 3 of 5

The church is asleep, is not listening, and ignores the evil before us. We learned the hard way that if pastors and churchgoers cannot see something, you cannot make them see it. Be faithful in giving the message but only God can ultimately open eyes. We learned most pastors and churchgoers do not know the God they worship or the Bible that helps one to get to know Him. Pastors and churchgoers will not only ignore the message but they will attempt to destroy the messenger.

All the World's A Stage

Over the past three or four years, the "acts" in this macabre theater production have sped up exponentially, to where we now find ourselves moving from one horrendous, tragic event to another on a daily basis. It's a race toward Agenda 2030 – now, I'm told, moved up to Agenda 2025 – with a goal of absolute, total control over all humanity by tyrants we can't see; are never allowed to see.

What You Need When You Need It

During this terrible time, God protected Elijah and provided him with what he needed at the proper time (1 Kings 17). He told him to hide east of the Jordan River by a small brook called Cherith, where he would have water to drink. The Lord also sent ravens in the morning and evening to bring him bread and meat.

A Look Behind the Latest Republican Rout

There was an off-year election last week. So-called abortion rights were on the ballot in Ohio; a legal right to abortion got added to Ohio's state constitution. There were governors' races in Kentucky (the Democrat won) and Mississippi (the Republican won). The General Assembly in Virginia was up for grabs and Democrats won out.

We are Turkeys Waiting for

Thanksgiving!

These are vicious blood-thirsty people who are responsible for killing millions and destroying entire countries for profits and power. They will kill you if required to remain in power unless you find your balls and get off your ass.

Islam: A Political Party of Death, Violence & Oppression

As I wrote in my previous column, Rashida Tlaib – What People Are Ignoring, Islam is not a religion although it's been sold as one for well over a thousand years. Their goal is a world caliphate and death to all infidels. You will find this booklet in mosques all over the world – including the U.S.

Systemic Voter Fraud in America

The issue of voter fraud and election integrity dominated much of Trump's presidency, with many of his supporters raising concerns about the credibility of the electoral system. Well, voter fraud appears to have metastasized and is now out of control. We saw that in Arizona's gubernatorial race, and we see it all across America.

America's Dangerous Future: 20 Million Muslims

Have you noticed all the pro-Hamas marches in America since October 7, 2023? Have you noticed who leads them? Have you noticed their chants of death to all Jews? Have you noticed that they carry Palestinian flags along with Islamic black flags? Who leads those marches?

Decent Democrats (Holy Cow!)

This township was famous for its cut-throat politics, mostly within the Democrat Party itself: it had too few Republicans to make any kind of impact. Two Democrat factions slugged it out, day after day. It was great sport. But Hyman had no politics to speak of, and somehow succeeded in remaining aloof from the blood-bath.

Climate Justice, Nonsense on Steroids

Yep, the climate is different for different people – even if they live in proximity. The rich, and even the middle class,

have decent to great weather, while the poor are inflicted by smog and other man-made evils. Basically, smog is the only man-made evil mentioned on the CCJ site, so the other climate problems – hurricanes, drought, and floods – that are impacting those communities that are the targets of CCJ's benevolence are the focus of Climate Justice.

Dr. Calls Forth Destruction Of Criminal Organization WHO

Well, Americans, we have seen those who believe that they are above the law in crisis after crisis that they are responsible for creating, and will continue to create (Order out of Chaos), that is until the victims stand up for themselves and demand that justice be done though the heavens may fall (Isaiah 51:4).

Have the Entrepreneurial and Cooperative Spirits Been Spirited Away by the “Newcomers?”

The buck\$ are passing to the non-white migrants and newcomers. Why? Because either we whites are passing the buck – that is, losing the initiative and letting it happen – or the powers-

that-be are destroying small mostly-white businesses using faux crises such as pandemics and exaggerated claims that climate changes are about to do us in.

Does Israeli PM Netanyahu Trust The Prophetic Hebrew Scriptures?

This prophecy is close to being fulfilled in Israel today, as the modern Palestinians are the “House of Esau”. The current Prime Minister should read the Hebrew scriptures, that God has everything under control, and that His prophetic word of 2,600 years ago will be precisely fulfilled.

Social Media and Government Communications

Social media has become so much a part of our everyday lives that we often don't think about how we use it. This has led to what appears to be a large percentage of Americans developing what can at best be described as some “interesting ideas” about the relationship between government and the various social media platforms.

Remembering the Fallen: UK – November 2023

Remembering the Fallen, might be an invitation to not only be silent in remembrance of others, past and present, but to silently look inward to our own fallen selves. An opportunity to see what it is that others use to trigger our resentment with the injustice that we see all around us and to see how we are being used again to fight each other. A return back to the place where we all fell.

Rashida Talib – What People Are Ignoring

Never in all my adult life (I'm 74) could I imagine so-called Americans in the year 2023 would be screaming, yelling and rioting on college campuses and other public locations supporting the most grizzly, grotesque massacre the terrorist group known as Hamas pulled off, Oct. 7, 2023.

The War Comes Home

We remember the sacrifices of our veterans as wars are

continuing in Europe and the Middle East and a new war has broken out here at home. Communists and their Arab and Muslim allies have proclaimed “From Atlanta to Gaza” as a major “protest” against “Cop City” in Atlanta is now underway. “Bring the war home” says one of their fliers.

USA Survival – A Matter of Priorities

This country is what the people make it or allow it to be. Either politicians work for us, or we work for them. The government either operates within Constitutional confines, or it has no right to exist at all. These truths are so fundamental and obvious that if you don't get it, it's because you don't want to get it. It's because you choose to put yourself ahead of the country and everyone else in it.

What About the Corruption-Incompetence in Washington DC?

Not to mention, we endure our president of the United States who shakes hands with the air, must be led off stage by his wife, who doesn't know where he is or what day of the week it is, let alone the location of Israel on a map. He doesn't write his speeches. He can't remember what he's talking about

as he mumbles along with the aid of a teleprompter. Whomever writes his speeches is the one running our country.

The Systematic Killing of America Part 2 of 4

Remnant of God, this is our shining hour but we must get off our ass, stop doing these endless seminars after seminars for the entertainment of the Remnant. Those who are leaders must step up and get us organized, formulate a national plan, and start effectively resisting these evil men and politicians embedded in our government and nation!!! God will meet us on the battlefield but we must first show up!!!

Is the MAGA Movement Doomed?

Referring to the votes in Ohio, in favor of abortion and dope, Cheryl Chumley writes, "If Ohio is a bellwether, then as America's once traditionally and biblically minded heartland goes – America's headed for even more moral degradation. And that means Democrats have the political advantage." So let the "MAGA movement" beware of what they think will happen in 2024.

What Should Christians Be Doing?

The big news today is the war in Israel, the middle East, Ukraine, and Russia. We have foreign armies on American soil, just waiting for their call to arms when they will attack in full force. Christians are being persecuted and prosecuted. Lies flow out of the mainstream media 24/7 as they broadcast deceptions and delusions. Madness and fear are thriving in the atmosphere.

Repercussions of “Helping” God

God, in His perfect way and time, will bring about end time events leading to the return of Jesus and the establishment of His global rule from Jerusalem without our help. Not waiting on Him and taking things into our own hands to “help” make prophesied events come to pass leads to widespread dire consequences.

Honoring Captain Allen Clark: A Wounded America War Hero

It is a distinct honor to recognize my dear friend, a West

Point graduate who received a Silver Star for Gallantry and heroism in Action, a Purple Heart for his wounds, an Air Medal, and a Combat Infantryman's Badge, the Honorable Captain Allen Clark. His service as a Special Forces officer in the heart of Vietnam marked the beginning of an intense transformation.

Deprogramming American Children

The shocking realization is that our country is at the tipping point that will change the future of America forever. Deprogramming our kids is in full assault as Hillary's suggestion implies while wide-scale adoption of PBIS is being implemented in American classrooms...and the Medicaid money keeps flowing.

There Is NO Moral Equivalence Between Hamas/Orthodox Islam and Israel and the Jews

I'm not referring to "good-hearted Muslims." I'm talking about the Muslims who ran the slave trade in Africa, who invaded country after country, turning Christian countries into Muslim ones—by the brutal power of the sword. Check the webpage "The Tears of Jihad," which documents that Islam has killed over

270 million civilians in the last 1,400 years.

Veterans Day 2023—Will We “Keep Faith” To Our Veterans?

On Veterans Day 2023, may God bless all the veterans who have served in defense of our freedom in all the wars. And may the country whose freedom they preserved honor them on Veterans Day and on every day. They kept the faith with us; and, as expressed in the haunting words of “Flanders Field,” we must not “break faith” with them.

Obama Defeats the Republicans in Virginia

Similarly, America has been in decline because of the perverted elites in both major political parties. These are the people who refused to call Barack Hussein Obama a Marxist. These are the people who believe you can compromise with the cultural Marxists on issues like abortion, homosexuality, and drugs.

The Ballot Box is Broken

I had the opportunity to hear Dr Douglas Frank explain how rampant voter fraud is in America. Lots of good info here. Dr. Frank explains that the biggest fraud occurs not in ELECTRONIC voting machines...but in fraudulent voter ROLLS. False registrations, especially in the large cities, are used to increase the number of voters in the precincts. With mail-in ballots, the verification of registered voters is almost non-existent.

Muslim Rashida Tlaib in Our House of Representatives: A Jihadist

Thankfully, The U.S. House of Representatives censured Jihadist and Palestinian Rashida Tlaib, (D-MI) for her obscene support of Hamas' brutal slaughter of children, mothers and the elderly in Israel on October 7, 2023.

Hippos and Trannies

The North American Grappling Assn. created a women's division, and women liked it. But this year there was an invasive species in it: "trans women," aka "men." The matches weren't fair, and women quit the sport in droves.

Who are “They”? By Their Fruits You Shall Know Them

In general, “they” are those opposed to Liberty. They are deep-state malcontents amassing power by stripping authority and wealth from the citizenry. They are typically elites and the super wealthy using their enormous influence to steer public policy toward their own enrichment. They sway public leaders and legislators to do their bidding by using emotional stories.

Kinsey: Instigator of the Sexual Revolution and Its Crazy and Criminal Evolution

An early adherent of masturbation, his brutal masochistic methods led to his early demise. Kinsey’s admiring biographers all admit that Kinsey was a sadistic bi/homosexual who seduced his male students and coerced his wife and staff (and their wives) to perform for him and with him in pornographic films made in the family attic.

Home of MI Governor Gretchen Whitmer Displays Adolph Hitler – They Are Sorry Though

If you were paying attention, George Soros admitted that when he was just 14 years old that he had helped the Nazis pillage the displaced persons that were hauled off to concentration camps, and this with a smile on his face.

The Systematic Killing of America, Part 1 of 4

On Christmas Eve, 1912, with a minimum forum present, the bill passed and on December 23, 1913, the Federal Reserve Act became law and Woodrow Wilson signed the bill. Shares in the Federal Reserve were purchased by American bankers but the fact that foreign bankers purchased substantial shares in the Federal Reserve ensured that the economic course of the United States no longer would be controlled and directed solely by representatives of the American people...

Placing Politics Above Children?

Studies show that the best outcomes for children is when they live in a home with their married parents. If the world were perfect, then all children would have that chance. The world isn't perfect though, and either by accident or as the consequences of the actions of adults, children will be in need of people to step in for their parents.

Election Fraud Investigations in Connecticut, Massachusetts, and New Jersey

Election fraud is making headlines in three Democratic states – Connecticut, Massachusetts, and New Jersey. In Connecticut, the situation took a dramatic turn as allegations of fraud led to a court-ordered new primary election. Bridgeport Superior Court Judge William Clark decided to overturn the results of a Democratic mayoral primary due to claims of absentee ballot abuse.

Grassroots Activists Are

Winning Battles Against Powerful Green Forces

We have just won a major victory in Iowa as the Navigator Heartland Greenway has announced they are pulling their request from the Iowa Utilities Board to build the carbon capture pipeline. This is a direct result of dedicated grassroots activists standing up and fighting back, demanding the protection of their private property from an arrogant and powerful private corporation that didn't think mere peasant citizens could stop them.

Islamophobia: Why We Need It In America

The Koran and Sunna states that Sharia supersedes all nations laws, including our constitution. When she swore in on the Koran, she is saying that the Koran is above our constitution. No true Muslim can swear to defend our constitution from all enemies foreign or domestic because they don't believe it's worth saving, but Sharia Law is.

How Do You Eat a RINO

Everything is connected. Nothing is random, Everything has a plan. All plans are lies. All Globalists want is MONEY, POWER,

CONTROL. Don't give them yours. Challenge them with the Truth. Is America worth saving? Doing Nothing is affirmation.

Jesus Gives You a Name, Not a Number

In the letter to the church at Pergamum, Jesus commended the Christians there for not denying His name and remaining faithful to Him in spite of suffering severe persecution in this stronghold of satanic power. He called on them to cease tolerating false teachers among them.

The Moscow-Washington Axis of Evil

Netanyahu watches as Vice President Kamala Harris announces a task force investigating "Islamophobia" while attacks on Jews and Christians accelerate.

Time to Defund ALEC

Instead of ALEC and other think tanks driving our legislatures, it's supposed to be us, "We the People" from

whom all political power is derived. We simply cannot afford to allow so-called “experts” to continue running our country into the ground. They have driven the USA to the brink of collapse.

To Hell On a Mortar Board

Over a quarter-century ago when I was an assistant professor, I wrote a paper for Florida Trend titled “To Hell On A Mortar Board.” I pointed out many of the shortcomings in higher education, to which my faculty associates took serious exception. This sequel will point out much more serious problems with higher education, of a different nature.

Trump and the 14th Amendment: Reiterating

This will be short. I promise. Those claiming that Trump is disqualified from running for the presidency next year because the 14th Amendment, Section 3, bars anyone having engaged in an “insurrection” from running for (or holding) public office, haven’t read the entire Amendment.

Trump Civil Fraud Trial is A Sham

New York Attorney General Letitia James accuses Trump, his sons, and Trump Organization executives of engaging in a decade-long scheme to defraud lenders by inflating Trump's net worth. However, upon closer examination, it becomes evident that these charges are baseless and appear politically motivated.

United States of America: Unraveling at the Seams

Our president and U.S. Congress have allowed over 8,000,000 illegal aliens, along with terrorists to enter our country in the past 34 months. The president of our country "really" doesn't know what day of the week it is...and because of his dementia, he cannot pass a mental competency test to save his life. Instead, he's killing America. Or, at least his wife and/or his handlers are killing our country.

We Need More Victories

Should the state force a Christian school to embrace and promote heathen garbage in order to receive state funds available to all the other schools? A case like that has come

up in Colorado.

A Macro View of Growth, Corruption, Subjugation, and Renewal of the Republic

President Trump was using tariffs to return jobs to the United States and to end wars. No other President in my lifetime had the balls to attack the these major income sources for the PSRRC. This is why the PSRRC, who owns the media and government, has been doing everything to destroy him.

Is Mental Illness Celebrated on Fox News?

In a brilliant move, Johnson has decided to introduce the Israel Security Supplemental Appropriations Act of 2024 so that U.S. ally Israel can get \$14.3 billion in needed funds in its war on Hamas from IRS funding in the so-called "Inflation Reduction" Act passed by Democrats.

How Is That Working Out For You, Americans?

Why do Americans allow their representative government to rehabilitate criminals inside the walls of prison, but outside the walls of prison, they are allowed to instruct and direct them on how to commit crimes?
