

You Guessed It, Its Getting Worse

Seattle's public schools, and the unionized communists who "teach" there, have proposed to bring in "Social Justice Math". That's math "infused" with leftist blather. "If Johnny has two apples but his great-great-grandfather fought for the South in the Civil War, how many apples should Johnny be *allowed* to have?"

Importing Middle East Terrorism

Obama bureaucrats in the CIA are still stinging over President Trump's dramatic decision to both withdraw U.S. forces from northern Syria and take down the leader of ISIS.

Cell Phones and Texting at 70 Miles Per Hour: Killing People

This summer, on my 40-state journey around the United States, I witnessed women, men and teens texting by the thousands. They texted racing down the highway, in gridlock traffic, and at stop lights. I saw a school bus driver texting driving

down the road, I-70 in Denver, Colorado.

NewsWithViews Exclusive: Dem. Prez Wannabe Kamala Harris Connected to Deep State and Clinton Organized Crime

Although many Americans are aware that Harris' climb up the political ladder allegedly began the "old fashion way:" on a motel bed with former San Francisco Mayor Willie Brown, who remains a powerful political figure in California. There are other stories about Sen. Harris such as her propensity for exaggerating her past and her self-congratulating description of her education and her legal training.

Because Our Forefathers Didn't Submit to Tyranny Americans Still Have the Freedom to Right Wrongs

John Hancock, first signer of the Declaration of Independence said, "Resistance to tyranny becomes the Christian and social duty of each individual... Continue steadfast and, with a proper

sense of your dependence on God, nobly defend those rights which Heaven gave, and no man ought to take from us.”

You Can Hide From Government But Not For Long

However, the days of the silent majority being silent, must be over. Once we realize that, if the silent majority suddenly united as one in defiance of more laws and more of our money and our children's money being stolen by the government, at the point of a gun, (just try not paying your taxes) to buy off banks, businesses and irresponsible individuals, we could turn America around in months.

Why Are We Still in Syria, Mr. President?

Last week President Donald Trump made the unequivocal statement that the United States was pulling its troops out of Syria. “Bring soldiers home,” he said. “Let someone else fight over this long-bloodstained sand.”

A View From The Street: What Are We Willing To Allow And For How Long?

A very smart lady I know, awakened me to this TRUTH way back in 1997...she produced an incredibly astute video tape, that has worn out due to YEARS of repeated viewings, citing the insidious evil within our midst, devouring our national treasure: our Citizens' hard earned incomes, their blood, sweat and human toil. Amazing woman! It set my feet on a journey of discovery and knowledge to which I am now an insatiable captive.

The Times That Try Men's Souls

The President doesn't speak the language of the chattering classes. Condescending intellectualism using lots of uhs and ums or let me be clear. He talks in language not familiar to them or the Washington ruling classes. It's plain language rather than political double talk. Common. It's how we talk out here in Washington's would be serfdom.

The Revolutionary And Anti-Constitutional 1941 Lend Lease Act

FDR's ideology of building a democratic world via Lend Lease is coming to an end through Donald Trump. For nearly 80 years, America has sent taxpayer dollars and our soldiers to foreign lands. Trump promised to get us out of this nation-building business and he's doing it. The globalist elite of both parties are enraged.

The Leftist Cabal's Most Outrageous Crime Yet

Democrats through controlling the narrative, or more properly, verbacide – have convinced many a person of deep and serious untruths. School indoctrination has convinced many “educated” people of truths that are no truths at all.

None Is So Blind As He Who Will Not See

Perhaps a few words from the past will shake some of the dust out of people's brain cavities long enough to think about the words below. And for those who think communism and fascism are

dead, I'm sorry to inform you that they are alive and well, they're just being sold under a different name with "new and improved" packaging.

When Minorities Become Majorities: The Tyranny of Minorities

Dear Fellow American: our Congress remains on schedule to import another 110 million minorities from over 100 third world countries. If they succeed within the next 30 years, do you think our country, and/or your children stand a chance at survival?

Marine Gunnery Sergeant on Trial For Jesus

It has become so bad that almost nobody is taking time to listen to them anymore. Americans who vote for them are simply voting their covetous view of the world. They don't take time to think about what these "leaders" are promoting. They just believe that they will give them a new cellphone, more food stamps or a paycheck without work.

Democrat Congressman's Final Double-Cross On Death Bed

Democrat Congressman Elijah Cummings who was House Oversight Committee Chairman, died last Thursday (10/16), but not before he could commit one last double-cross from his hospital bed side. That was his nature. During his years in Congress, there were allegations that he abused his power to enrich his wife and her business.

Harvesting Baby Organs

This is a subject that I never thought we would have to deal with in America. Our society has devolved so far and has allowed the vilest and disgusting practices to proliferate. Our so-called medical field has become anything but what medical doctors are supposed to practice which is saving lives.

To Save the Planet We Must Eat the Babies?

Recently I traveled to central Florida to speak about the

condition of education in Florida. We discussed what can be done to help support Gov Ron Desantis and Commissioner Corcoran in their mission to rid Florida of Common Core and its various identities.

If Troops are Needed in Syria, Then Congress Should Act

Our Founding Fathers made it very difficult for Americans to be sent to war. They had witnessed centuries of tyranny strengthening itself in countries where kings and parliaments used their own people as pawns and slaves in self-serving wars for more power and self-aggrandizements.

Protests in Chile – October 2019: End of the Neoliberal “Experiment”?

I do believe we can outline where the most basic fault line is. It is not between “left” and “right,” as I’ve noted previously. Those in the upper echelons of wealth and power do not care about “left” and “right” except as tools they can use to keep us all divided and fighting one another. So we won’t look at them.

The Deep State Wants Trump Impeached Over Syria

Trump has been firm, and his supporters in the American heartland have strongly applauded his stance. "I campaigned on the fact that I was going to bring our soldiers home and bring them home as quickly as possible," Trump said. "I held off this fight for almost 3 years, but it is time for us to get out of these ridiculous endless wars."

The Worse Situations Become More Leftists Keep Preach Tolerance

Today during the first quarter of the twenty first century, we constantly hear the clarion call from legions of political and religious leftists for more tolerance. Tolerate grown adults having sex with children, tolerate our borders being overrun by illegal border crossers, tolerate illegal border crossers costing United States taxpayers well over \$250.000.000.000 billion dollars annually.

Does Our Ruling Class Despise Us?

In Britain local police have launched an “anti-hate” campaign that depicts white people as “haters” and declares, as it were, open season on them. Victims of hate [barf bag, please] are exhorted to report any and all “hateful behavior” to police—“even if it isn’t a crime”, and don’t worry about proving your complaint because “you don’t even need evidence.”

Stop Appeasing And Sleeping With The enemy

Abortion. Same-sex marriage. Child trafficking. Educational indoctrination. Government corruption. God’s people could end them all within a year if they had the faith to do it. Silence is not only consent and deafening its also cowardly. Wake up. Stand up. Speak up. Surrender and capitulation to sin is an affront to Christ.

Negative Impacts On Earth From Advanced Technology

So, as you can see, technology may have given us a washer-dryer, kitchen stove and air conditioning—but today, it’s

giving us more consequences than anything that ever popped out of Pandora's Box.

Hillary Clinton--The Human Spittoon

Writer's note: I wrote the following article last year, but it now appears that Hillary's mental condition and pathological desperation have devolved. Just this week, she accused the leftist presidential candidate, Rep. Tulsi Gabbard (D-HI)—a combat veteran and Major in the Hawaii Army National Guard—of being a “Russian asset” groomed to ensure President Trump's reelection.

George Washington Warned of The Party Spirit: Democrats vs. Republicans is A Political Language Devised to Divide The American People

George Washington said, in his 1796 Farewell Address, that political parties “are likely, in the course of time and things, to become potent engines, by which cunning, ambitious, and unprincipled men will be enabled to subvert the power of

the people and to usurp for themselves the reins of government, destroying afterwards the very engines which have lifted them to unjust dominion.”

Environmentalists Have Every American In A Chokehold

People will believe anything if it is told to them often enough. Hitler knew that and used it to get the entire German population believing that they were the chosen race and superior to all other races and therefore they must conquer the rest of the world by force and become rulers of the world.

Deep State Hate For Rep. Tulsi Gabbard

Trying to fulfill his campaign promise of getting American soldiers out of illegal and undeclared wars, President Trump encounters opposition from Democrats and Republicans in Congress. This is a body which passed the NATO Support Act (H.R. 676) by a vote of 357 to 22 in January but has now condemned President Trump for standing by NATO member Turkey.

Freedom at Stake – America's Ignorance Pandemic

Generations of Americans neither know our history nor world history. They've learned a revisionist history. A false, fraudulent history. A history that judges people of another time using the norms of today. A history that puts some classes of people on trial for ancient atrocities. A history that does not permit anyone to live in the present.

Third World Countries Develop New Export Item

Most countries south of the U.S. border have developed a very lucrative export product much better than cocaine, coffee, mangoes or pineapple. This product does not require capital investment, land, fertilizer, refrigeration or packaging.

Anti-Trump Media Bias Evident At Fox Network

The news is no longer about investigative reporting. It's about protecting some folks and destroying others and shoving a socialist agenda down the collective throats of Americans. Wonder what happened to our country? Thomas Paine made it

clear when he said, “Those who expect to reap the blessings of freedom, must, like men, undergo the fatigue of supporting it.” Too many Americans have abdicated that duty.

Depraved Schiff and Lackeys Hold Anti-Trump Hearings in Secret; Pelosi Pulls Plug on Floor Vote

House Intelligence Committee Chairman Rep. Adam Schiff, another left-wing Californian, said he and the Democrats on the committee have agreed to continue their investigation and there would be open sessions which include input from the Republican members.

Democrats Want Trump Dead – And You

Not one corrupt politician in the Democratic/Communist Party USA has stepped forward to hold a press conference and say, enough is enough. Stop all this talk of physically harming or killing the president of the United States. While we might strongly disagree on issues, this must stop. This isn't who we are and it's wrong. Not one.

Support Our Troops: Bring Them Back Home To America

Every time I see a bumper sticker reading, "Support Our Troops", I want to puke. After 18 years fighting two wars in Iraq and Afghanistan, what do we have to show for it? Answer: nothing but human misery!

Investigate Obama's CIA For Syria Fiasco

Rather than bash President Trump over Syria or attack long-time NATO ally Turkey, the Congress ought to open investigations into the activities of the Deep State under Obama. The inquiry would and should examine CIA support under pro-communist CIA Director John Brennan for the PKK/YPG. That investigation would take real guts. Let's see if Senator Lindsey Graham has the courage to launch it.

Are You 'Fed Up' Yet?

The wrath of God is coming to those who harm little children and use them for unspeakable, filthy purposes. DO NOT BELIEVE

the lies that this is all about teaching “diversity” or “love.” It’s about adult perverts getting the “legal right” to sexually abuse kids with impunity. And just like the “homosexual marriage” thing, we never thought it would come to this.

Can America be Saved to the Uttermost

America has a long tradition of days of prayer. Imagine if we really meant it. Imagine if our days of prayer weren’t just political theatre. What would things be like if we’d maintained the respect for Jesus Christ that carried us through the nineteenth century, and brought us into the twentieth.

With Joy We Lay Them At His Feet

Our joy is Jesus Christ and that will become clearer the longer we walk in humble obedience to Him and most certainly when we see Him face to face in eternity. Whatever our reward might be for a life lived for His glory here on earth, it pales in comparison to the glory and majesty that is our God.

The Impeachment That Wasn't

I believe that they have gone too far already. I've seen many Democrats state that this is not the right way to proceed. It is all one-sided and secret. Without a full vote, they cannot impeach. It is a show for their base which is decreasing on a daily basis because of their actions. Trump is playing them like a fiddle, and they can't even see it.

National Cattlemen's Beef Association's Betrayal of Its Own Industry

If you intend to survive, you must all become modern day Paul Reveres. That means taking direct, creative action. The very future of our nation and its ability to feed itself, while remaining free and strong, depends on the choices you make today. As martyred rancher LaVoy Finicum said, it matters how you stand!

How to Obtain Personal

Justice in a Corrupt American System of Injustice

I started out to understand how the judicial system in America has been failing to uphold the Constitutional liberties of Americans. How have we acquired a “justice” system that releases criminals, and penalizes responsible citizens for non-violent policy conflicts?

The Kurds and Way...of Trump

In terms of ethnicity, the Kurds are considered the fourth largest group in the Middle East. Arabs, Turks and Persians are larger. The Kurds live in a roughly contiguous region spanning Iraq, Iran, Turkey and Syria. Though their language – related to modern Persian – and culture are distinctive, they are mostly Sunni Muslims.

LGBTQ Wrongly Assumes Authority To Dictate Our Words

The LGBTQ community began inventing words to correspond with their perceived sex...now get that...this resulted in 51 different sexual identifications. Now the squeeze begins. We

have all been ordered to call each person we encounter with their proper pronoun.

It Is Time For The Government School Cabal To Pay The Piper

Dewey and his friends wanted to rid America of the God inspired concept of rugged individualism. It emphasized you and I being free to reach our greatest potential through personal achievement. Because of the original underpinnings of such Godly principles as charity, thrift, diligence and faith America became the number one place on earth

The Next Ilhan Omar Could Be a Kurd

In response to one of the predictable and common “Trump Betrays the Kurds” pro-impeachment stories, a reader of the libertarian Reason magazine noted, “They are Marxist guerrillas who want to establish an independent socialist state in their ancestral lands. They’ve been fighting for that goal for half a century and they can and will continue doing so without US support just as they always have.”

The Frightened Old Woman with Her Trump 2020 Flag

After our awesome recording session which felt like a family reunion, the owner of the recording studio emailed me. He raved about how much fun he had and how it was a pleasure working with such a great group of nice people. Clearly, we Trump supporters were not the deplorable racist haters characterized by fake news media and Democrats.

I Stood Eyeball to Eyeball With the CNN Trump Hater Jeff Zucker at the Democratic Debate

I stood face to face with the CNN traitor Jeff Zucker...eyeball to eyeball. He is a midget. Shorter than me. I'm 5'7" on a tall day. On the scene doing his best to overthrow an election. He'll soon be looking for a job but needs to call in some favors to stay out of jail.

Using Children as Political

Props

Teachers' unions have known that for years. Study the nooze reporting, if you can find any, of any teachers' strike. As if tenure, almost ironclad job security, pensions, and, in many school districts, salaries higher than those of the defenseless taxpayers whose labors support them, teachers' unions sometimes go on strike for higher pay. Heated public meetings follow.

Do We Need or Want 110 Million More American Immigrant-Consumers?

We desperately need a national conversation on what kind of a civilization we expect to bequeath to our children. If we keep on this path, it will be an unbreathable nightmare of too many cars, smokestacks and carbon exhaust for anyone to breathe.

Former CIA Chief Says Brennan Is Fearful of Being

Indicted for Staging a Coup

Brennan has discovered that at some point in the investigation of the alleged attempt to oust President Donald Trump he will be interviewed by Attorney General Bill Barr's de facto special prosecutor, U.S. Attorney John Durham

Hirelings In The Pulpits Of American Churches Are Teaching Sheep To Submit To Wolves

The hierarchies in the American Church are the problem. They have forfeited our possession (To the other evil team) through false doctrine and through their inactions over and over again. They are the reason that corruption prevails within the walls of government and why, because they don't preach out against the sins that they themselves are guilty of

What Do Socialists and Environmentalists Really

Want?

Nevertheless, rural landowners still have rights, even though socialist Democrats are trying to take those rights away almost every day by Congressional legislation and bureaucratic rule making. The Clean Water Act and the Endangered Species Act are two of the more egregious pieces of legislation (law) that eat away at property rights, or eliminate those rights altogether.

Chicken Little is Telling Us, “We Need to Eat the Babies”

It was like a Saturday Night Live skit. Chicken Little is telling us we need to “eat the babies,” taking this ridiculous climate change jargon to the next level. It had every earmark of being a spoof, but no one openly condemned her statements, leaving us unsure about whether proponents of climate change think this insane philosophy is agreeable.

The Important Trump Victory for America That You Have Not Even Heard About

Communist China has no business being in charge of anything in

the U.S. What fool would consider handing over control of a sensitive port of entry to China? Answer: the same fool that handed over billions to attempt to bribe the Iranians via the disastrous Iran Nuke Deal.

Impeach The Enemy Within, For Treason

President Trump has the moral high ground and he has always been a fighter. He will not sit idly by and allow a socialist-communist coup d'etat overthrow of his presidency to occur. As President Trump has said, "They're not really after me, they're after you. I'm just in their way."

America's Marxist "Allies" in Syria

In this media age, when the phrase "Trump Betrays the Kurds" is easy to repeat for purposes of impeachment, it's important to take a moment and look at the facts. Once again, we find Trump is the victim of "fake news" from the Deep State and its media allies.

For the Soul of America, “Shifty” Schiff Must Go

Trump will be reelected in 2020. However, we must remain engaged, each of you doing your part to insure victory in 2020. It can be as simple as sharing with your neighbor a few of the long list of great things Trump has achieved for America. It is crucial that we counter fake news media and Democrats' lies and non reporting of Trump's unprecedented achievements.

Politicians And Their Families Are Playing in The Corrupt Ukrainian Sandbox

What is so diabolical with the entire House impeachment promotion is that the Ukraine actually re-opened the Biden-Burisma probe before President Trump called Zelensky. But the corrupt dysfunctional CIA coup to take out a President is typical of the intelligence community; one need only look at what was done to General Michael Flynn.

Presidential Candidate

Marianne Williamson: Enlightened Voice In The Crowd

If we keep electing the same old, entrenched and corrupt politicians, we face monumental continued malfeasance in a government that refuses to solve our country's myriad problems and move forward. We MUST change course.

Passions of Former Ignorance

A man with the influence of Franklin Graham could rally the American people to demand a Christian justice system. As Coach likes to say the Christian Church could end abortion in one day. All they would have to do is choose one Sunday and hold their worship service at the local abortion mill.

Why Democrats Are Crying Wolf

The Democrat Party's corruption is massive and encompasses the FBI, CIA, NSA, and DOJ just to name a few of the alphabet agencies. Mostly the top tier of these organizations, not the rank and file. Expect the cry of wolf for the next five years.

Britain Get Talking

The horror of how mankind is encouraged to destroy itself and how we are subjected to silence about that injustice through social manipulation, is perhaps our greatest shame of all; but all is not lost. Urgent action is needed. Our hope is a reconnection from the place where we fell. Restoration is possible.

Al Gore's Climate Change Disaster Nothing But Hot Air

Al Gore wanted us all to believe that the universe was heating up due to climate change, blaming it on our use of fossil fuels, and in general, polluting the air. He was paid handsomely to front this scam.

DOJ Corruption Remains: Feds Work to Help Muslims Fight Michigan Zoning Ordinances

When President Donald Trump was inaugurated in 2017, many Americans were overjoyed at the prospect of having an

administration that would sweep out the White House, drain the Washington, D.C. Swamp, and recognize that American citizens should be given preferential treatment over illegal aliens and so-called refugees.

The Purge of Conservatism from America

Oozing with obnoxious superiority and arrogance, Schiff insidiously deceived viewers to assume he was reciting Trump's actual words from the phone call. Schiff was lying. Not a single word of what Schiff told the American people that Trump said was in the transcript.

‘Prayerful’ Democrats, Really?

How do you pray to any god who has neither the power nor the authority to determine good or evil, right or wrong—those standards being revised day to day by Nancy Pelosi and her merry band of moral imbeciles?

Injustice in Small Town America

Can you imagine the assault being caught on tape and the evidence being presented to the police? Can you imagine the publicity and outrage that such an assault would illicit? Can you imagine the screams of outrage from the always-the-victim race baiters among the ambulance chasing legal predators?

Nancy Pelosi and Congress Promote the Immigration-Invasion of America

Let's publish this knowledge in every media center in America. Let's deal with our future before it becomes our ugly present. In fact, by reading this commentary, what kind of a world would you like to hand over to your kids? Because if you fail to act, fail to speak up—your kids face an extremely unpleasant “Tragedy of the Commons” in their future.

Americans Say They Love Their Freedoms, But What Do They

Love More?

Why do Americans, of which 86% profess to be Christians (1 John 2:4), say that they love their country, but go no further than to tolerate, by their inaction and idolatry, corrupt politicians, lawlessness, the indoctrination of their own children and more.

Democrats Have and Are Tearing the Nuclear Family Asunder

The glue that binds us all together is the bond forged in families – husband, wife and children. It is a powerful bond, held together by love, mutual respect and a large dose of pre-programmed genetics. The saying that “blood is thicker than water” gets its roots from the bond of family.

NFL Quarterback Drew Brees Promotes Our Founders Approach to Education

Tragically, the deluded Supreme Court of 1963 believed the Bible and prayer should be banned from schools indefinitely. What fruit has this netted? Academically, America is near the

bottom of science and math scores in developed countries.

I Don't Think You Like Me Very Much

The Democrats you sent to Congress on a promise of utopia and social justice don't give a rat's hindleg about you other than as a useful idiot.

Busted: The Ukraine Whistle Blower Fiasco is a Last Ditch Desperate Democratic Setup to Stop Trump

This latest attack on Trump and the specifics surrounding it should be all the evidence anyone needs that the Democrats are engaged in a battle to destroy Trump and all who support him – in order to return to the status quo of the Washington DC perpetual swamp. And the swamp is not We the People friendly, rather it is we the criminals, friendly.

Will The Queen of Corruption Make A Third Run For The Presidential Crown?

As it stands now, there is not one Democratic presidential candidate who could best Mr. Trump. Hillary still believes the 2016 election was stolen from her; she can't accept the loss. In nearly three years after the votes were counted and the states were called, and months after Robert Mueller found no collusion with Russia, she still has the nerve to insist that Trump is an "illegitimate president."

How Far We've Fallen....

The other day I found myself perusing Federalist Papers 51 and 10. James Madison penned both. An entire course in political philosophy could be built around the core passage in Federalist 51. The problem: something every civilization where freedom is valued must face: how do its people, or their leaders, or both, design and maintain institutions limiting those in their midst who are drawn to power.

What's Bad In America Today:

Will Become Worse In the Years Ahead

During my 40-state bike journey around America this summer, I witnessed, up close and personal, exactly what's happening to our country. More than 90 percent of Americans don't possess a clue as to what's happening to them and the rest of us, and our major cities. Most of our big cities, welfare magnets, no longer can be called "American cities" because immigrants dominate them.

Why I Vehemently Disagree With Rush Limbaugh On This

As I said in a recent column, We the People must keep the heat on the House and Senate: This impeachment is a set up. A politically driven and sickening effort to remove a legally elected president. Keep flooding your House rep and Senator, DemoRAT or Republican

America's Satanic Lullaby

The greatest thing that ever happened to me was being condemned unanimously by the Senate of Maine in 2004. I poked the political fornicating bear a little too hard. I am still integrating that particular surrender into my soul. That was

a kind of martyrdom. It was a spiritual blessing.

The Political Landscape In America, Part 2

We cannot forget that God was behind the founding of America. This is His nation and in 2016 He took it back. He will not be defeated, and His will shall be accomplished, and no political party will stop or hinder Him.

Where Is Your Citizenship?

We are God's ambassadors (2 Corinthians 5:20) to a lost world. The foundation we have in Christ (1 Corinthians 3:11) provides a steady and firm position from which we can offer exhortations and admonishments to all people to come to Christ in faith for the forgiveness of their sins.

ANTIFA Radicals Support LGBT Exploitation of Kids in Child

Drag Show

Despite the Deep State/Democratic Party's lip service regarding child welfare and protection, they are quick to abandon their rhetoric on protecting children from bodily and mental abuse by members of the Lesbian, Gay, Bisexual, Transsexual and Queer Community

Woman Patriot Taking On Pelosi For California Seat

Los Angeles is one big skid row. There are 42,828 homeless people on the streets. That number swells to 50,000 during the day when they leave their shelters.

So You Think Trump Wants To Get Rid Of The Fed?

Once the statutory promise to back Federal Reserve Notes with gold was rescinded, the sky was the limit on how much fiat "money" the Fed could create, lend to the US Treasury (and be added to the national debt), in order to fund still more massive, grotesquely unconstitutional, and out of control spending

Systems and Constructs

Last article I referenced the notion that our judicial system has been hijacked by another system and has been operating under a different set of rules than one would expect with the U.S. Constitution.

America's Melting Pot Becoming Parallel Societies With Too Much Immigration

America cannot continue to exist with endless and exponential immigration growth. Everything faces limits: Number of people in a pool. Number of people on a dance floor. Number of people in restaurant. Number of people on an airplane

Special Report: The Biggest Russia-Gate Scandal of All

Consider that former President Barack Hussein Obama in November 2017 had rushed over to Beijing to clink glasses with Chinese dictator Xi Jinping, General Secretary of the Communist Party of China.

Ukrainian Corruption is Socially Acceptable Democratic Privilege

Biden's presidential campaign made an extraordinary request to executives of top news channels on Sunday, September 29th, asking them to no longer book Donald Trump's personal lawyer, Rudy Giuliani, on their programs.

Military, Intelligence, Law Enforcement Officers Predict an American Civil War

We have to differentiate "civil war" which is an armed conflict between ORGANIZED groups over control over a government, and "low intensity conflict" which is a war among people or the state.

Impeach the Pope

God Himself put the kibosh on the first globalist enterprise, the building of the Tower of Babel, when he confounded the

builders' universal language, divided them into nations, and spread them out all over the world.

Why Won't Millennials Have Babies?

American Christians need to start having children and they need to start now. It is obvious that inflation and over taxation by our government has forced both parents into the workforce. Sadly, many young married couples can't live on one income.

Firearms Are The People's Liberty Teeth – It Is For Americans to Grin (Resist) In The Face Of Tyranny

Americans must come to terms that corrupt politicians are not the type that you can help or rehabilitate. They are the type that you must lawfully remove, or you will lose your God-given right!

Mable, I Don't Get It. What Happened To America?

Mable: "Now George, don't get yourself all upset about things you can't change. You have high blood pressure and you're taking medicine for your heart. The last time you got all worked up, you started getting chest pains and we had to call the doctor."

Some Say Impeachment, What Does the Constitution Require?

I must explain that the government of America is not a democracy, but a Republic; "an empire of Laws, and not of men," as Founding Father John Adams put it. Despite the fact that the authority of law does not come from the majority of unelected people, I do believe that all Americans should rightly understand that no public servant is above the law.

Growing Government Tyranny – Democrats Empower it.

Republicans Are Clueless

Where is the Republican Party? As insanity spews out of the Democrat Party, the long-time overseer of limited government, free enterprise and individual liberty has no response, no unified plan to counter the Democrats, and, indeed, seems confused by the Socialist antics.

Hollywood's Trump Derangement Syndrome is Off the Charts

News that Nancy Pelosi initiated a formal impeachment inquiry was to Hollywood libs like being invited to the ultimate drug and alcohol fueled party where everything is free. Liberals everywhere are beside themselves with rapturous joy at the thought of President Trump being impeached.
