

Deprivation of Rights Under Color of Law

This means that by some method, health threat, threat of war, or real war, economic collapse, the list is endless now, the powers who did these things intend to create another “emergency” ahead of the 2024 elections. The plan is to stop the 2024 election from even taking place...

Public Recording

Do you have a right to record people in public? A recent case out of Oregon asked that very question. Can states restrict who and when people can record conversations in public? An Oregon law prohibiting recording public conversations except in certain limited circumstances, was challenged by Project Veritas.

Eat Meat and You Will Kill the Planet

Scientists need grants to survive so they publish articles that leave out facts in order to tow the line of the Globalists narrative. The media then carries the false narrative. Lying about meat is one of those lies. Once farmers are restricted enough, their land becomes useless and the

Globalists get to buy the land for pennies on the dollar.
Control the food, control the people.

Australia: Green, Powerless and Defenseless

The next war may be very short with simultaneous attacks on US military installations from South Korea and Guam to Pine Gap. And imagine when our power, radar, internet, social media and electric engines are suddenly disabled with an EMP from a well-placed neutron bomb. And the tankers carrying our fuel supplies from Asian refineries meet a guided torpedo or an armed drone.

Pfizer, Moderna, J & J: Will Grand Juries Recommend Criminal Charges?

Do you think Trump was told that by prolific liar, Dr. Death Anthony Fauci? He was suckered using the big fear stick. Trump wasn't even told about COVID-19 until on or about January 27, 2020.

Balkanizing America to a Point of No Return

Let all Americans bow their heads in prayer at the loss of actor/comedian Mathew Perry this past weekend. He created laughter, joy and smiles throughout his ten years on the sitcom, "Friends." He battled alcohol and drug addiction throughout his life. We suffer millions of Americans in our country battling alcohol addiction as well as hundreds of thousands of drug addiction deaths.

Is America On Life Support?

In short, liberty is our most prized possession, and democracy is the shield that protects it. Yet, this shield of democracy is vulnerable and needs to be repaired and strengthened regularly. I am calling on you, the individual freedom-loving person, to play your part in the defense of freedom, not only for your own sake but also for mine and all others who cherish this precious blessing of life and generations to come.

The Bible aka The Christian Buffet

My, oh my, who doesn't like a well stocked buffet with all the different varieties of delicious foods? You get to choose

what you like and you can skip over anything you don't like! Wow! What a deal! All you can eat of your favorite foods! Unfortunately, that's how most Christians treat The Holy Word of God!

This Is Your Brain On Drugs – Any Questions?

As I go about my business around town and to various parts of the state and the country, everything looks so very different from the America I knew as a kid and young adult. Everywhere I go, people look weird. Girls in their early 20s with bright pink, green, purple or blue hair, have half their heads shaved, or their bangs cut straight across in a “bowl” cut that would have been embarrassingly ugly for even boys to have to wear when I was a kid.

Has Israel Already Lost the War?

If this Axios story about Biden's “post-war” plan for the Middle East is true, Israel has already lost the war – and its very existence is now in jeopardy. Biden financed the war by financing Iran, wants to finance Israel's limited counter-attack, and now wants Israel to agree to a Moscow-backed “Palestinian state,” which will be a surrogate for Iran.

Police Can't Protect You! Citizens Must Secure 'You Loot, We Shoot' Legislation

Remember that we live in a Republic, and we need to get it back. We don't live in a Democracy which always fails and is nothing but mob rule. Democracy in America only means the right to vote in a Republic.

The Age of Mediocrity Supremacy

Our political-economic ruling elites are not motivated to think in such terms. They are well on the way to having the power they crave. They hate Trump because he can't be controlled. They have their trained foot soldiers in the legal system. The ruling elites are terrified that next year he'll manage to claw his way back into the White House.

Communists Behind "Free

“Palestine” Movement

The Congress once investigated communist groups supporting foreign enemies. But that is now considered “McCarthyism” and unacceptable. Instead, former President Donald J. Trump and his supporters are investigated. Special Counsel Jack Smith, who was trained at the United Nations’ International Criminal Court, targets Donald Trump personally.

Your Right to Remain Silent

By knowing your rights, including your right against self witness, you will be better prepared should you one day encounter law enforcement. When I told the FBI agent that I did not get chatty with law enforcement, he told me he understood and both agents returned to their vehicle and left. Thankfully, that’s as far as it went, but I was prepared if the FBI tried to push for more.

We Have a Speaker: Rep. Mike Johnson of Louisiana

Rep. Mike Johnson’s unyielding support for Trump, his grassroots funding, and the ripple effects of his election as Speaker of the House underscores his significant role in current American politics. His actions and policies have shown that he is a firm conservative, committed to upholding the

principles he believes in.

Government: The Problem, Not the Solution

When the state honors God's laws, it secures—as Thomas Jefferson said—domestic tranquility and the blessings of liberty “to ourselves and our posterity.” There are righteous laws that the civil government dare not break. In return, the people give their obedience to the state. It's only when the state succumbs to lust for power that the people lose their liberty; and with it, justice.

The Hi-Jacking of Christianity

The modern-American Church has been blown off course. Focusing on the end-times rather than the present times has caused the Body of Christ to go limp. Our once-Christian nation...land of the free and home of the brave...is gasping for air. Only a Holy Spirit revival in the heart of the American Christian male can resuscitate the rotting corpse of the Body of Christ. Most Pastors are afraid of manly men.

A Journey Through Cancer: Our Poisoned Food Supply

The one thing I wish is that every American learn to avoid poisoned foods such as the GMO's or Monsanto's poison Roundup sprayed on crops. I loathe all the chemical additives in foods. I forever am angry that supermarket "foods" are filled with sugars, high fructose corn syrup, and another dozen forms of sugars. I hate the MSG's in fast foods that cause people to be "forever hungry", so they buy that second Big Mac, Fries and that poison liquid of Coke, Dr. Pepper, Mt. Dew, or Pepsi.

Did the 14th Amendment Alter Natural Born Citizen?

There is no statute of limitation on treason and sedition. If the American People don't stand together to enforce the Natural Born Citizen requirement today, and prosecute all who have violated it to date, no matter which political party, there is no way to save our Constitutional Republic from certain ruin.

Why Are Over 80% of Retired

Generals Employed by the Industrial Military Complex?

Regardless of knowing all of this, the people continuously clamor behind every emergency given to them by the government that is profiting from many contrived wars. Even in the face of President Eisenhower's warning speech that was given to Americans on January 17th, 1961.

SDG 1 (Zero Poverty) Buying Out Flint, MI?

The UN pitch that's meant to be covered is "No one will be poor." What the UN really means is that EVERYONE will be in poverty! Economies across the globe are set for utter and complete failure with the cyber currency and blockchain existence tied to UBIs, GBIs, ESAs (Education Savings Accounts) and more!

Unhinged: Control the Food, Control the People

Powerful men and women have long used their money and influence to engineer their own success while seeking the demise of others through indoctrination, propaganda and

corruption. In Oregon we face an onslaught of pre-ordained policy decisions coming from these players as they influence municipal leaders, county commissioners, state legislators and citizens, alike.

The Great Taking

Well (some of you might be thinking), that didn't take long. My "silence" lasted less than a month. Intended to last until the end of the year, it was predicated on nothing major happening during the interval. Major things have happened. I'm not referring to the deadly Hamas-Israeli clash, though I'll have a few words to say about that at the end here, and doubtless more later.

TX: Property Tax Reduction – Must Vote Nov. 7, 2023

Property taxes have been killing the middle class in Texas for years. Our legislature only meets every other odd year for 140 days. Because the House has a RINO turn coat for Speaker who's in bed with the Democrat/Communist Party USA, important bills (border security, no forced COVID injections by employers, school choice) never made it to a vote.

House Republicans Surrender to Democrats

But this time, there won't be 15 rounds of voting like McCarthy had before becoming Speaker at the beginning of the new congress. Instead, after three losses, Jordan received the boot in a so-called "SECRET VOTE" by his fellow fake republicans, who apparently but unofficially removed Jordan as a candidate for speaker in a reported 86-122 vote behind closed doors.

It's Crazy Out There in America Today: It's the Little Things Killing Our Country

If you think it's "crazy" in Israel or Ukraine right now, just wait a few years as we keep importing "crazy" into America. The Islamic imams in Sweden have already bragged that Sweden will become the first Islamic State in Europe. They will outnumber the Swedes within a few decades because of their screaming birth rates.

Deception and the Police State

I warn you if your pastor is having happy church and preaching smooth words rather than preparing you for war to resist this evil overtaking our nation that you have a talk with him and if he will not listen, flee from him and that demonic place of deception immediately!

Non-Stop World-Wide Chaos

I fear too. For my children and grandchildren. So precious. I'm sure there are many parents and grandparents around the world, in war-torn countries, who feel the same. So friends, don't think it can't happen here. It's already here. All it's going to take is for the signal to go out on all those free cell phones the illegals have been given and then we'll be living a real-life "Red Dawn."

One Person Can Make a Great Difference

Edward Kimball (July 29, 1823 – June 5, 1901) was born in Rowley, Massachusetts, and in 1846 moved to Boston, where he became head of a carpet supplier firm called Kimball, Felt, & Wentworth. While there, he joined the Mount Vernon

Congregational Church, where he served as a Sunday School teacher.

Proper and Justified Reparations Have Yet to be Acknowledged and/or Discussed

It is important to recognize that until the eve of the "Civil War," slaves were viewed as chattel (property) and thus legally held in the states where slavery existed including some Northern states. That being the case, the Lincoln administration recognized the federal government's constitutional and moral obligation to compensate owners for the emancipation of their slaves by that government.

Where Have All the Good Men and Women Gone?

What this says is that we are almost down to the bottom line. Even though many of us have been explaining what is coming – rushing – down the pike at us since 1992's Rio Earth Summit, few have listened, and fewer have cared enough to do something. Now, we must tackle this at the local level. I hope you will be one of us now.

Failure to Use Constitutional Tariffs to Protect Wages, Jobs and Industry is Criminal

A return to tariffs and the Constitution would reduce government expenditures by at least 50%, and double the living standard of the people bringing peace to the world. Of course, this would not apply to those who could work but who refuse; they would starve or be in prison.

General Flynn, An American Hero

General Flynn's advocacy for Christian nationalism and his efforts to energize local conservative activists resonate with those who value the influence of Christian values in the public sphere. Flynn often speaks about the importance of traditional values in America, which resonates with many right-leaning Americans who embrace these values.

Democrats in Republican Seats

The Obama 3.0 administration has set the entire world on fire in just the past 2 $\frac{1}{2}$ years, using mental midgets and moral misfits Biden and Harris as his human shields to protect the person actually running the Federal regime...Barack Hussein Obama. They are already responsible for millions of deaths around the globe, and an America on the brink of total collapse and Civil War, in just 2 $\frac{1}{2}$ years.

The Isolation and Destruction of Israel

More funding for Ukraine and Israel, without a clear strategy for victory, only delays the inevitable. Perhaps we ought to conclude that Biden does not want Ukraine or Israel to win. After all, he abandoned Afghanistan to the terrorists. He has also abandoned America to the terrorists through the open-borders policy.

The Road to Marxism is Paved with Lies, Deception, Suffering and Death

What better way to eliminate people by blaming the very thing

necessary to sustain their lives CO2. Wars, famine, disease, nature, lies of man all help to reach the goal. The climate hoax blaming fossil fuel, CO2, and now nitrogen, all necessary to improve human existence, became the focus for elimination. No CO2 = No plants or oxygen. No plants or oxygen no food. No Food no people. No people no problems.

Down From the Top, Up From the Bottom

Among Labour's pet projects is a "law" that would make "misgendering" punishable by up to two years in prison. Oh, those Wrong Pronouns! If a deluded man declares himself a woman, and you still refer to him as "he" or "him," it'll be an "aggravated offense" and you'll be packed off to prison.

It's Crazy Out There in America Today: And Around the World

Now, we have President Joe "Alzheimer's" Biden telling us to stop global warming by cutting off gas stoves and buying electric cars. At the same time, he just imported 8,000,000 illegal aliens who will be burning millions of gallons of gas by warming their homes, cooking their food, transporting themselves, and consuming our limited resources.

The Hidden Hand Behind World Events

The Muslims, though massive in numbers, are not capable of organizing the thousands of anti-Israel protests we see around the world. Communists are behind these protests, as evident in the notations on many of the signs, such as “Party for Socialism & Liberation,” an openly communist group.

Primary Control

Since the election process would be less under the thumb of the political parties, each state would be able to try different variations of these or other methods of running their elections. If the people we hire to represent us are smart, they can learn from what others are doing and compete to make their election process the best in the land.

Another Propagandist Activist Puts Out HIT Piece On

Bradlee's Ministry

Floyd Corkins, a homosexual activist, walked into the lobby of the Family Research Council in August 2012 with a semi-automatic pistol and a backpack filled with 100 rounds of ammunition and 15 Chick-fil-A sandwiches. Corkins shot the Family Research Council's security guard, Leo Johnson, who then successfully subdued him before he was taken into custody.

There Is No Political Solution With Terrorists

Communists have come to America since 1825, and a flood of them immigrated from Germany in 1848. By 1950, Sen. Joseph McCarthy had seen the evidence of infiltration throughout the federal government and their agencies. It is quite obvious to those of us who were taught the evils of communism in our public schools years ago, that what we're seeing is another communist revolution, only this time in America.

War is the Dumbest Thing We Humans Do, But It's Coming to

America

Muslims have built a new \$50 million complex, 150,000 square feet in America. The largest mosque currently is in Dearborn, Michigan (92,000 square feet) wherein Islam has infiltrated all levels of government and society, taking over businesses and out numbering citizens through higher birth rates. Muslims have taken over Dearborn, Michigan. This is Silent Jihad.

To American Pro-Hamas Terrorism Supporters

You vote overwhelmingly democrat because you're told to, despite seeing every democrat run city in the USA turned into 3rd world toilets by those democrats. You believe in socialism despite knowing that socialism and communism are just forms of fascism and totalitarianism, which have failed every time they have been tried in the world.

Why Haven't They Been Arrested and Indicted?

'Sanctuary Church' Helped Illegal Alien Evade Deportation Before He Allegedly Killed Father of Five, Aug. 9, 2019 – "As Breitbart News reported, 40-year-old illegal alien Miguel Ramirez Valiente from El Salvador is accused of hitting and

killing Sean Buchanan, a father of five children, on August 2. Valiente has a criminal record dating back to 2011, including a drunk driving charge in 2017.”

Israel's Swift Response to the Hamas Attack: A Closer Look

The capture of Israeli civilians and soldiers, including festival goers, children, women, the elderly, and people with disabilities, raised grave concerns and heightened the urgency of securing their release. Hamas's claim of capturing senior Israeli officers, including Maj Gen Nimrod Aloni, added complexity to the situation. The hostages' safety and well-being were paramount, making their release a top priority for Israel.

Be Prepared for Sudden Unexpected Changes

An invasion force may be coming into the United States, and like Hamas and the infiltrators in Red Dawn, one day without warning, many of the military-aged men who have entered and been scattered throughout the country may receive their own activation signal to attack and cause chaos, making us vulnerable to sudden destruction from hostile nations.

I Smell a Great Reset Coming

I smell a “Great Reset” coming – America’s been bankrupt for a long time, so Central Bank Digital Currencies will be necessary, resetting our entire economy, and moreover, our entire way of life. When that happens, the last of our few remaining freedoms will be stolen from us once and for all, and we will truly, as Klaus Schwab has told us, own nothing.

The Dark Power of Doubt

If there was indeed a first being, Adam, who began to live backwards by responding, it must have been because he doubted God and believed Satan. Only doubt could have separated him from his maker. Our response to demands and pressures is all the evidence we need that the doubt principle is still alive and well in us today.

Jim Jordan Is the Best Conservative Choice as Speaker of the House

It is now clear where the hearts of true conservatives lie.

They lie with Jim Jordan, a man they perceive as representing their values and ideals. Their support for Jordan is his political stance and their desire for transparency, accountability, and a government that genuinely represents the people it serves.

Definition of Congress: Venal Traitors, Second only to Judas Iscariot

You really have no choice, if you have a brain and like to eat and live. I do a lot of reading, and I have learned that every major Economist that I know believes that, unless changes are made soon, the government and all their programs will collapse. This would cause a Civil War.

The Cost of Not Supporting Ukraine

It is time for the opponents of aid to Ukraine to reverse course, admit the error of their ways, and urge the House under new leadership to pass a budget with higher defense spending, more aid to Israel and Ukraine, and a plan to secure our southern border based on the identification and deportation of all suspected terrorists immediately.

Civil Asset Forfeiture, Policing for Profit

The more things change, the more they stay the same. Several years ago I wrote an article about the Battle of Athens, TN. In the article I showed the corruption in the McMinn County Sheriff's Department, where the Sheriff and his deputies did not receive a salary, but were paid for everyone they booked, incarcerated, and released.

The Moral Voter: Calling All Judaeo-Christian Soldiers

The enemy today isn't "Biden" or "Obama", or "Globalists", or "RINOS"; it is Lucifer, the patron saint of the Left, as always. This battle to save our nation and our God-given freedom is between good and evil. America is being purposely destroyed, our Constitution, shredded, and we all know it. In order to win this battle, we need every moral human being in this once-glorious nation to help.

Italian Mafia vs. Hamas

Before anyone gets upset, my mom's parents came over on the boat to Ellis Island from Palermo (Sicily), Italy. My grandparents waited three years and entered this country legally. My father's parents came from Munich, Germany; they waited one year and came here legally. The Italian Mafia in Italy was greatly feared and my Sicilian grandparents did not want their future children raised living in fear.

If There's Violence on the World Stage: It's From Followers of Islam

"Islam isn't in America to be equal to any faith, but to become dominant. The Qur'an should be the highest authority in America, and Islam the only accepted religion on Earth." Omar Ahmed, director of Council on American Islamic Relations. Let that quote sink into your mind, emotions and feelings for a minute.

"Whoa! You Missed a Step!"

The scientific study of our remote past began in Europe and for a long time stayed there. Not surprisingly, European and American artists depicted prehistoric people as having white

skins like themselves. Again, there was no evidence for it or against it. To that extent, the illustrations in the books were art, not science.

The October 7 Hamas Attack Upon Israel

Hitler did not die in the bunker at the end of WWII as everyone has been told. Hitler's supposed skull fragments were actually those of a woman in her 30s according to DNA samples taken by Connecticut archeologist and bone specialist Nick Ballantoni in 2009—see *The Guardian*, September 27, 2009.

Palestinians: Victims of Islamic Delusion

Israel's die-hard enemy, Islam, has been hard at work for over 1,400 years to complete the work of finishing off the Jews that the Prophet Muhammad himself had started. Waves of Muslim ill-wishers have, over the centuries, unleashed their unjustified wrath upon the Jews. Despite suffering huge losses at the hands of their enemies, the Jewish people remained resilient and outlived their tormentors.

Elected Democrats Openly and Unafraid Usurping Parental Rights

San Francisco's Scott Wiener Introduces Bill To Decriminalize Men With Boys Sex! Pedophile In New Jersey Says He Wants His Right To Sexual Contact With Children, Appeal Granted!

Is Dr. Robert Malone Friend or Foe of the Health Freedom Movement?

I'd go so far as to say that if Malone were to win his \$25 million defamation suit against the Breggins—heaven forbid—that would signal the end the freedom movement. None of its leaders would likely feel safe from such ruinous lawsuits. The Deep State and globalist cabal would have triumphed, and one must then assume that was the plan all along.

Knowledge of the Truth is Essential

Those on the Left seem to be so concerned about the welfare of children, that they're willing to pump opposite-sex hormones

into 12-year-old girls and expose preschoolers to filthy pornography. Yet they turn a blind eye to the epidemic of missing children. On September 26, it was reported that in Cleveland, Ohio fifty children have mysteriously gone missing in one month alone – and over a thousand are missing from that one city alone, this year alone.

First Ukraine, Now Israel, and Then America

Israeli Prime Minister Benjamin Netanyahu was someone who was supposed to understand all of this. Yet, just last month, in New York, Ukraine President Volodymyr Zelensky, the Jewish president of Ukraine, was forced to plead in person for Netanyahu to provide “more assistance and a more coordinated front against Iranian weapons transfers to Russian forces in Ukraine,” as Time magazine noted.

Russia and Iran are the Real Enemies

President Trump had a different approach. He ordered the assassination of Iranian general and top terrorist leader Qassem Suleimani. Suleimani headed the Islamic Revolutionary Guard Corps-Quds (IRGC) Force, a U.S.-designated Foreign Terrorist Organization responsible for producing many of our wounded warriors from Middle East conflicts. More than 600

American soldiers died at his direction.

Russia, China, WEF: New World Order Chaos

Putin is no choir boy and I'm not defending him. But, his justification for going after Ukraine has everything to do with NATO expansion encroaching too close to his country's border. The divide in this country over Putin vs Ukraine is unbelievable. The American people have been sold nothing but lies.

Lawlessness In America

How then has the Body of Christ in America allowed a defeated Satan to capture this nation, we are ruled by Satan and not God, and we have become a dwelling place of demons and you ignore what Satan is doing as he is stealing this nation, corrupting our culture and destroying our seed and you are silent and do not stand against this evil?

Hannah Nixon Raised the President Who Saved Israel

In October of 1973, President Nixon was awakened in the middle of the night by a call on his private line from Israel's Prime Minister Golda Meir. She made an anguished plea for American support in the form of armaments. But Nixon knew acceding to this request would be ignoring the request of the cabinet and the Secretary of State, Henry Kissinger.

Good News Delivers Hope

The organized system of transporting and delivering postcards, letters, and packages has been a cornerstone of civilization going back to ancient times. It is generally one of the few government services people appreciate and on which they greatly depend. It is sorely missed when delays in service take place due to inclement weather or natural or man-made disasters, and people usually welcome the return to a feeling of normalcy when service is resumed.

The Fall of Ukraine and the Coming Refugee Disaster

The open borders of the United States have created a "man-made disaster" of millions flowing in. In rectifying this problem,

the House Republicans should avoid creating another flow of refugees in Europe, many of whom will want to escape to the United States.

Politicians that Take Big Donor Money Will Not Get Our Vote, It's A Matter of Loyalty

We must all stand up to be counted and vociferously demand that Congress follow the Constitution. If you don't effectively and vehemently convince Congress to do right, you will be supporting a dictatorship and/or a Civil War, similar to the French Reign of Terror, and it will be your fault, simple as that.

Have the Entrepreneurial and Cooperative Spirits Been Spirited Away by the "Newcomers?"

The buck\$ are passing to the non-white migrants and newcomers. Why? Because either we whites are passing the buck – that is,

losing the initiative and letting it happen – or the powers-that-be are destroying small mostly-white businesses using faux crises such as pandemics and exaggerated claims that climate changes are about to do us in.

Bind Legislators Not the People

Our representative system was designed around maximum liberty, where you are supposed to be concerned about your own life and your own choices. It's supposed to be about you minding your own business and caring for yourself. It protects your life, liberty, and your life's just pursuits by preventing unwarranted interference from others.

The China Threat

The international community must remain vigilant and address these issues collectively. Nations must hold China accountable for its actions, demand transparency, and uphold human rights, environmental preservation, fair trade practices, and territorial integrity. Cooperation among nations is vital to counterbalance China's influence.

Science (with Government!) Marches On

You knew it all along, didn't you? What is the answer to every woe that flesh is heir to? Put 'em together, Science and Government, and what have you got? You've got Policy! Mandates! Rules and regulations, new ones every day. And this is such an easy one—abolish, through cunningly crafted Policy, all forms of Discrimination against excessive corpulence.

What's Happening to America is NOT Fun to Watch

We've lost our youth to "hating" America more than loving our country. We find they respond to their cell phones rather than sit down to dinner with their families. If they have a family! Fact: 7 out of 10 black kids lack a father in the home, live with a single mother and leach off your welfare tax dollars. Total irresponsible behavior by the millions!

Is Mark Levin a Big Phony?

Whether you like him or not, Trump is the candidate who temporarily derailed Barack Hussein's Obama's "Permanent Revolution," which was supposed to go forward under "President" Hillary Clinton. He is clearly seen as the one

candidate in the future who can stop the Democrats from consolidating their power.

We Must Fight Back at the Local Level

Recently I addressed the Stop 30x30 Summit in Dallas, Texas, sponsored by the American Stewards of Liberty and CFACT. Here is what I had to say to help encourage local activists to fight the seemingly endless number of attacks on our freedoms now coming from the powerful global forces and the Federal Biden Cabal.

The CIA-Controlled Mockingbird Media Is At It Again: Why Are Other Presidential Candidates Being Ignored

The Mockingbird media kept people eager to watch the propaganda outlets which continued to promote the fight by filling the seats between two illegitimate candidates! Why were the other presidential contenders ignored, censored and or suppressed? These are questions that you are going to have

to answer, and the answers are as plain as the nose on your face.

Deniers of Undeniable Truths

Since no one can do anything alone, we have no choice but to work together. To work together, we must join, and support groups heading in the right direction and fully engage in the correct doable things. Together, there is nothing we cannot do. Alone, a house divided against itself will fall.

Fearless Courage

I love the Golden Age of Hollywood and the actors and actresses of that era. Those were the days where the entire family could enjoy the film. Yet, this year I found myself weeping as I watched films representing America and her people. I longed for the past to replace the malevolence of today, and my heart breaks for what we've allowed our nation to become.

Is Your State Committing

Fraud in Presidential Elections?

I was having a discussion with someone online about how we elect the President and Vice President of the United States. I was doing some research to reinforce my point when I discovered something interesting: A state which had a fraudulent ballot in 2020. Thinking this was probably an individual mistake, I started looking at the sample ballots from each state in the 2020 election.

Making Russia Great Again

In effect, Biden is making Russia, an oil-rich country, even more powerful. That policy, combined with his “green energy” approach to cars and trucks, makes the United States weaker by comparison. All of this makes sense when you consider the fact that it has been documented that the Bidens received millions of dollars from oligarchs in Russia, Kazakhstan, and Ukraine.

TX AG Ken Paxton: PLYLER v. DOE, 457 U.S. 202 Must be Overturned

AG Ken Paxton is very intelligent. He's also a fearless

fighter. I believe he would be on solid legal ground. That obscene 1982 SCOTUS decision needs to be overturned. Illegal aliens (K-college) have no right to get a free education while sticking the bill on the backs of hard-working Texans.

Texas Republicans Call for Speaker Dade Phelan's Resignation

The Republican Party of Texas has spoken with a resounding voice! Voting 52-2 in favor of a resolution that calls for the resignation of Texas House Speaker Dade Phelan is genuinely massive. The resolution itself has a robust set of reasons. One of the primary concerns voiced is Speaker Phelan's controversial appointment of Democrats to chair crucial legislative committees.

Climate Change: Our Absolute Stupidity and Absurdity of Trying to Save Ourselves

At some point, we Americans will not be able to dodge, deny or escape reality. This "climate thing" will be the final curtain for our civilization. If not the "climate thing", it will be the "water thing" or "resource thing" or "energy

thing.” What’s ridiculous about it? We could have changed course.

Either You’re Serious, Or You’re Not

Then they spend 40 hours a week in the public schools, where all the “fairy tale” stories they’ve heard in Childrens’ Church are dispelled as nonsense and superstition and what little they heard about God is replaced with things like evolution, sex education, “social justice” and atheism.

The Light Of Reality

A drink often has a clearing effect on the mind, but the person who is dependent on a drink for this effect is not able to handle what he sees, so he only becomes more upset than he was before.

Doctrine of Imminence

The Coming Storm, The Digital Currency, the Great Reset, the Mark of the Beast Is coming AFTER the Rapture of the Church. These coming events are clouds on horizon we are seeing just

before the storm breaks. We do not need to be fearful of the imminently coming time where no man can access his digital dollar bank account without the chip in his right hand or forehead.
