

Solar Flares, Blowing Out Satellites, Massive Infrastructure Damage

Not just from a terrorist attack which a lot of people are very concerned about right now. Top of the list would be a false flag event to blame MAGA supporters and all of us conservative constitutionalists working to stop the forces of evil. At this point in time, nothing is off the table for these madmen determined to destroy this country and all she's stood for since the Revolutionary War.

The Church, Inc. Has Become a Business

Here is a suggestion. Find a ministry that is fighting in the culture war. Support them financially. Street fighters need our support. They have no congregation and they certainly are not getting rich. Stop funding million-dollar ministries.

DeGovernor vs. The Mouse: Mickey Seems to be Winning in

a TKO!

Most Floridians are familiar with the ongoing sparring match between Ron DeSantis and Disney. What most don't know is where it stands and how it got there. As has been publicized with much fanfare, DeSantis introduced what became known as the...

Millenials: 'Misgendering' Is a Crime

Getting back to the poll, we cannot help but wonder whom they polled, and where. I'm guessing the faculty lounge at Che Guevara Community College. It would be distressing to believe our education establishment has succeeded so brilliantly in turning half a generation into a pack of Red Guards.

God Laughs in Flowers

The night before, we slept in the pines along the road on the Lewis & Clark Trail in Montana. We left the main highway on a dirt road that looked very little traveled. Gorgeous scenery everywhere we looked! The night sky featured millions of stars, a full moon, and meteors slashing across the ink-black of space.

The Role of the Presidency

Rather than a king, like so many people seem to treat him, we see that the President is supposed to be a servant to the states. Executing the laws and powers of the United States, working with the representatives of the states in Congress to make treaties and appoint officers, and accepting foreign dignitaries is all done in service to the union of states. Does that sound like the most powerful man in the world?

Modern Day Hirelings In Contrast To That Of The Disciples Of Martyrdom

Today's hirelings (John 10:12) have been set up as a judgment upon the people that have put them in their positions, tickling their ears. They are preaching a message in stark contrast to "Repent for the kingdom of Heaven is at hand" (Matthew 3:2), thus, making a people to war against the Living God (Micah 3:5).

The Overwhelming Evil of the Global Slave Market

The latest Jim Caviezel movie, Sound of Freedom, is absolutely riveting. Everyone should see it. Brilliantly done. Stay thru the credits as Jim then speaks to the audience. He tells us, once you know it is happening, you must work to stop the evil. Jim asks the audience, “Can we love God’s children more than we fear evil?”

The Sound of Freedom and Islam’s Approval of Pedophilia and Rape

The 2021 Global Estimates indicate a total of 6.3 million people are in situations of forced commercial sexual exploitation on any given day. This number includes 1.7 million children in commercial sexual exploitation, about a quarter of the total. Gender is a critical determining factor – nearly four out of every five of those trapped in forced commercial exploitation are girls or women.

Evil in the White House

The Roman Catholic Church had a role – and still has a major

role – in facilitating the foreign invasion of the U.S. Indeed, in the face of declining membership, new immigrants arriving in the United States, including many Catholics from Latin America, provide new members and priests. Catholic Charities is among the NGO's which facilitate the migration of illegal aliens into the interior of the country.

Critical Theory: Bringing Forth the Revolution

Critical Theory is a linguistic structure of destruction. It has created a vocabulary around victimhood and redefined the rules of life. The problem is when unreality has a collision with reality, reality always wins. Equality can be labeled freedom, but the people in Cuba are still slaves – they have equal wages, fair housing, free healthcare, etc., but they are slaves, with travel outside their borders restricted.

Central Bank Digital Currency Fight Heats Up

Central Bank Digital Currency (CBDC) remains a hot topic as the push for CBDC is accelerating. I'm speculating way more than half the adult population in America have zero knowledge of what CBDC is other than "bank business". Or, they've heard it's a new, wonderful way to instantly make your transactions. Hooray! With CBDC one doesn't even need a

bank!

What Dream Has Your Name on It?

As a veteran touring rider, and also a day rider—when I travel on my bike, I may stop at an overlook, sit by a river...or simply rest on a patch of grass. I may lay on my back in the grass and look up to the clouds skidding across the sky. They make me dream!

What Qualifies Islam as a Religion?

Warning to free men and women: remain a spectator at your peril. It is imperative that you take a stand and do your part in denouncing the fraud of Islam and do all you can to prevent the Islamic fire from devouring our civilized democratic system.

Alternative Energy Is Not The Answer, Part 3

This is how liberals set the basis for control. Create the problem, then claim to have a solution to the problem. More proof as to why democrats should never be allowed to be in charge of anything. This is the path they want us on. Our votes must reverse this trend.

Declaration of Independence; Massachusetts Bay Colony year 1636

Yes I have this massive 2 volume history of Massachusetts Bay colony in my library... My primary interest was that both my mothers Crocker and fathers Brackett families were 1630s settlers. My Mothers ancestor is actually briefly mentioned in the record! Reading on that era, I came across this Declaration of independence and codification of laws declared by the inhabitants.

A Patriot's View of Root

Causes of Tyranny and How to Defeat Them

There are only a few root causes for the replacement of our Constitutional Republic by an Unlawful Criminal Enterprise comprising most of the three branches of federal government, which has no legal standing whatsoever.

Authoritarian, Totalitarian, Tyrannical, Dictator – What's the Difference?

We are allowing America to be dismantled before our eyes. Are we to do nothing? In the name of the greater good we have allowed the Authoritarian, Totalitarian, Tyrannical, Dictator, Globalists ... It doesn't matter what we call them, they are all the same... to abuse us and put America into deep debt which will take years to correct.

Farmland Lost is Farmland Lost Forever

Small, independent farmers are facing extinction. Their replacement will be powerful corporations that will no longer cater to consumers. Instead consumers will have to accept what

the big corporations decide to provide – fake meat and all. Americans must stand up to save and protect farmland because American Farmland lost, is America lost forever.

Freedom of Speech in Colorado

Freedom of speech has been under attack in this country, and Colorado has been a big part of it. First, Jack Phillips of Masterpiece Cakeshop has spent ten years trying to defend his right to not be compelled to create custom cakes with messages which violate his beliefs.

The Silly Season

A group in Oregon wants to set up segregated hiking trails in the state forests so that Cherished Minority hikers won't have to face the risk of running into "prejudiced" people while shambling around in the deep woods.

Bicycling Through the Avenue of the Giants

For every bicycle touring rider that pedals the magnificent wonders of the West Coast, perhaps the most stunning, if not

peaceful moment occurs when you enter into the Prairie Creek Redwoods...and later, into the magnificent "Avenue of the Giants" of Northern California on Route 101.

Why Did This True Story "Sound of Freedom" Hit Every Obstacle In The Making & Releasing?

Furthermore, no one is supporting the sodomite agenda more than the government that so many of you tolerate (Leviticus 18:22). This runs against our laws in every state of our union. They are rightly called "crimes against nature."

Was it Payoffs or Cowardice by Union Leaders Who Didn't Use Tariffs to Protect Workers?

If I were a younger man, I would work for a union because that is the future solution to many of today's problems. I would organize it down to the last member. There would be constant interaction with members, and recruiting would be objective

number one. We would have a modern office specializing in public relations.

Unveiling the Machinations of Karl Rove, the Bushes, and Their Vicious Pursuit of Power

In the annals of American politics, Karl Rove and the Bush family stand out as symbols of ruthlessness and a relentless pursuit of power. These figures, particularly Karl Rove, have employed cunning tactics and maneuverings that have left a trail of destruction in their wake.

While Evils are Sufferable

For the last two years I have been showing you how much our current government in Washington, D.C. is acting exactly as King George III did back in the 18th century. While King George's actions led the colonies to declare independence, the states have not shown themselves as willing to defend their rights and those of their citizens now. Why is that?

Do We Want to Stop Judicial Tyranny?

The herds of useful fools on what is called the left, but in reality, are disciples of Marxist ideology, continue screeching about the U.S. Supreme Court whenever those nine robes issue an opinion on a case they don't like. Stack the court! they bellow.

America's Marijuana Army

It is entertaining to watch Republicans getting facetime by sniffing around the Hunter Biden scandal. But even if Hunter is finally sent to prison, which is unlikely, the Democrats continue to expand their ranks of voters with endless handouts, including promises of cheap dope.

An Amazing Discovery While Pedaling Into Kanab, Utah

On a bicycle tour, you run into every kind of surprise under the sun. You might meet an old high school classmate. You could discover a lost dog and take her under your wing. A tourist stops you to take a picture of you standing alongside of him.

Closer to God Through Prayer & Works

We live in troubled times. Things have changed. Satan, his demons and his minions among humanity have fundamentally transformed our world into a hideous thing that our forefathers wouldn't recognize. Troubled times, indeed. Perilous times have come.

A Simple Gift

The problem was not with him, you see, it was that I was not mature enough to receive such kindness without becoming beholden to the giver. Such dependency is amplified by terrible insecurities, fears and a sense of worthlessness established in childhood.

Alternative Energy Is Not The Answer, Part 2

Back in the '60s a guy developed a car that ran on hydrogen, water. Just a few days before he was going to release his findings he was killed and the government removed his test

vehicle and all of his notes. Something happened to Tesla. Who's trying to keep what from the public?

The True King Will Depose All Usurpers

The first book published in this series, and likely the best known, was *The Lion, the Witch and the Wardrobe* (1950). It tells the story of four English sibling children, Peter, Susan, Edmund, and Lucy Pevensie, who are magically transported to Narnia via a wardrobe in a large country house where they were staying during the Blitz of 1940.

The Left's Scorched-Earth War Against Sacred Sexuality

Those messages were given the weight of professorial documentation in the 1940s and '50s, starting with Alfred C. Kinsey and Wardell B. Pomeroy. They co-authored the books *Sexual Behavior in the Human Male* and *Sexual Behavior in the Human Female*. Their books have had an enormous impact on sex education professionals, to such a degree that we can accurately state..

Probabilities and Brutal Reality, Based upon Experience and History

Illegal invaders who speak no English, have no skills or education and bring only diseases, crimes, and dependence, represent a dangerous element to our society. Citizens already resent them for their superior claim on scarce resources and government largess. I can imagine blood in the streets when invaders are fighting citizens over almost non-existent food supplies. Can't you?

DeGovernor Shows His True Colors; Not My Kind of Guy

When you think of Ron DeSantis, think of him as the governor who has gone missing in action from his elected office, deceives his people and supports the vile actions of the Coup. If you like that kind of stuff, you're free to vote for him. I don't and won't.

The Worm is Turning

But here is where the rubber meets the road. Will the American "church" rise to the occasion? Will Christians see

the opportunity to “restore righteousness” as an expected standard in our nation? This could be the American church’s finest hour.

America: There Will Be Blood

Islam is a belief in blood. It lives and thrives on blood. It can be an animal, an enemy, or even its own blood. Unless our government sees the handwriting on the wall and deals with it accordingly, before very long, America will have to turn its deed over to the new Muslim invaders or rebel and fight block by block, city by city. That’s when There Will Be Blood.

So What’s With the Movies?

In our area most of the movie houses are no more. They were palaces, once upon a time. My grandmother took me to the RKO Theater in New Brunswick, and the magnificence of the place just blew my mind.

Bikes in Bloom Across America

How about everyone reading this column all across America create a “Bikes in Bloom” in your own cities, towns and hamlets? I already introduced the idea to my Golden, Colorado

city council. I presented photographic examples on an overhead projector like you see attached to this column. They loved it.

Supreme Court Ends Affirmative Action – Where We Go From Here

When I learned last Thursday that the U.S. Supreme Court had ruled 6–3 against affirmative action programs in higher education based on two suits, one at Harvard and the other at the University of North Carolina, I honestly didn't know what to think.

Income Taxes Replaced Tariffs to Screw the People and Destroy Millions for Profits

Our real enemy is the Parasitic Super-Rich Ruling Class (PSRRC), using fake government functions and authority to suck the blood from Americans! Their dirty work is carried out by the 'woke' corporations and bribed officials in both parties in all three branches of government.

What Price Liberty? A Family Answers the Call

Almost one hundred years after Garrett landed on American soil, his descendent joined others in a great struggle to overthrow the oppressive rule of the King of Great Britain. The growing DeWeese family found themselves heavily involved as some served in the militias, while others served in the Continental army and navy.

Pulpits Promoting Critical Theory Destroy Hope

In future articles we will investigate more about Critical Theory and how it has been normalized in our culture. We will also explore more about the linguistic revolution we are all experiencing, no matter where we reside in the world. During times of change, there is great opportunity for Truth to be heard.

July 4, 1776 and 2023—America

Then and Now

Indeed, on this Independence Day, July 4, 2023, we Americans must search our souls and answer the question: Are we Americans willing to fight, to sacrifice, and to give our lives if necessary, in defense of American freedom now, as the Americans of the Founding Fathers generation did then, on July 4, 1776?

The Supreme Court Won't Save Us

On July 4, in Philadelphia, communists are planning a rally, "America Is Nothing To Celebrate." The sponsor, a Maoist group by the name of the Revolutionary Communist Party (RCP), is in the middle of a \$100,000.00 fundraising drive and reports that about three-quarters of that amount has come in so far. The fundraising is conducted through YouTube videos.

Independence Day & the Second Amendment

Have you had enough of this fight that should never even be an issue? Are you ready for a sensible, cold revolution by getting boots on the ground at your state capitols? Haven't you sent enough money to gun groups to fight for the Second

Amendment and look where we are?

Stealth Camping: The Good, The Bad, and The Ugly

One evening on the Lewis & Clark Trail in eastern Washington State, we ran into twilight without finding a reasonable spit of land to camp. Fences, pastures and cows pretty much wouldn't let up. At one point, it was either find camp or ride in the dark. I hate riding in the dark.

Alternative Energy Is Not The Answer, Part 1

I do not know if you have been paying attention to the conversations about what alternative energy as of late but it is kind of scary. These supposedly educated people have yet to figure out that our alternative sources, solar and wind is simply not enough to reliably replace fossil fuels. One thing you must keep in mind is the fact that fossil fuels are stored energy wind and solar are not.

Praise God With Reverence and Awe

Things have changed rapidly over the past couple of years and those who serve as watchmen have been sounding the warning to “repent!” “Seek God.” “Choose who you will serve and if it be God, then get serious about your service to Him and the commission He’s called you to.” But few have listened.

Stargates: Portals of the Nephilim & Seraphim

Perhaps that is why Babylon was recently rebuilt? One notable ancient portal site is where the Europeans built the large Hadron Collider in Cern Switzerland. These insane deluded people are hoping to reopen this ancient portal despite its dangers. Some biblical notes on ancient portals Isaiah 13 and Rev 9 under the river Euphrates.

One Health, Another Tool in the Cancel Culture Arsenal to Control Your Health

“One Health is a collaborative, multisectoral, and transdisciplinary approach—working at the local, regional,

national, and global levels—with the goal of achieving optimal health outcomes recognizing the interconnection between people, animals, plants, and their shared environment.”

Islamic Subversion in America

I believe the jihadist ideology in the 21st century represents a far greater threat to Western democracies than the communist ideology expressed in the 20th century. The link between the two ideologies is that both are totalitarian and subversive.

Wheat Among Tares

This means try as the darkness may, it cannot achieve the takeover of the earth. It can only take what it is given. [And let's be clear about this, it accomplishes this through deceit. Yes, people yield to the darkness because they are blind, ignorant and/or deceived. But we are children of the Light, and we merely have to resist the darkness and it has to flee.] (James 4:7)

The Role of Congress

The members of Congress are the employees of the people, and it's about time we remind both the Congressmen and the people

of that fact. As the representative branch of government, it's the duty of Congress to represent the people and the states, not just their donors or advocacy groups.

Another Obama Poised to Replace Biden

President Trump spoke at a meeting of the National Rifle Association and stated that marijuana could be a root cause of much of the gun violence in the United States and that genetically engineered or high potency marijuana could be a cause of psychotic breaks.

If You Value Love and Freedom, Then Reject the Totalitarian Oligarchs

Isn't it safe to assume that YOU think love for others is a Good Thing? Most of us would say YES! Then the next logical step is to reject totalitarian oligarchs of every stripe. Reject the lies and power plays of Xi Jinping, Vladimir Putin, and Kim Jong Un. Reject the dictatorial mandates of Klaus Schwab, Bill Gates, George Soros, and any globalist who wants you to own nothing . . .

Fatal Folly

In 1856-57 there arose a prophetess among the Xhosa nation of South Africa. She told them that if they slaughtered all their cattle and burned all their crops, the gods would run the European settlers out of Africa.

Embrace the Hate

Yes, my friends. Hate can be a good thing. In fact, America would be a better place if the American Church started to hate some things. I'm coming out of the closet today. I AM A PROUD HATER. I hate what God hates...not carnal hatred...PERFECT HATRED. Hatred should motivate us to fight.

Our Life Journey Must Include Grief and a Broken Heart

On a long bicycle ride, you feel that joy once you reach the top of a mountain pass. From the grind up Independence Pass at 12,100 feet...to the road leveling off, and then gravity propels you downhill, oh, what a feeling of sheer pleasure! Or, ride along a rushing whitewater river...where the water imbues your cells with energy, joy and happiness.

Artificial Intelligence and Scripture Prophecy

Artificial intelligence is intelligence—perceiving, synthesizing, and inferring information—demonstrated by machines, as opposed to intelligence displayed by humans or animals. Example tasks in which this is done include speech recognition, computer vision, translation between (natural) languages, as well as other mappings of inputs.

Catching the Killers and Criminals

Meanwhile, the U.S. Embassy in the Vatican is flying the “gay pride” flag, and the Vatican itself is going gay, issuing a document welcoming “LGBTQ+ persons” into the Roman Catholic Church. “Who am I to judge” is the famous statement of Pope Francis.

The Lord Fought For David

Too, But He Still Had To Show Up On The Battlefield!

As the country is literally going to hell just as the Lord promised to a disobedient people (Psalm 9:17), they are trying to figure out if they are to do the works. I'm here to tell you that faith without works did not establish the church or this country.

UFOS in Cuba?

The strange object continued to hover in the sky above the city for the whole day. The next day it had disappeared. Nobody had an explanation for what they had seen. No information about the incident was reported in the press.

Saving Our Country From Dystopian Oligarchs, Part 6 – America's Endgame

I love my country. I love the very idea of America. But our government has betrayed her people. If we don't fight back now while we still can, when food and water become scarce, our once civil society will turn uglier than Antifa and BLM riots. People who were once courteous and respectful will

want what others have. Be prepared.

Social Engineering: How You Are Being Deceived and Manipulated

There must be no “child left behind” or person left out of the “net” of the process. The change in thinking has to be total, and everyone must accept it without question. Those who know history, logic, or Liberty are no longer needed or wanted. They are either marginalized or eliminated from places of influence and power.

Keep Artificial Intelligence (AI) Out of America's Schools

Just like those experimental COVID-19 “vaccines” that turned out not to be vaccines but experimental bioweapons, AI has real problems in so many areas and in my opinion cannot be trusted. I know it's being used for stock market predictions, real estate and other areas of commerce, but to put it in schools is just asking for failure.

The Berthoud Pass Lesson of Life

For the next six weeks, I'll be on the road from the Midwest to the West Coast. I will be researching the homeless nightmares in Chicago, Detroit, Seattle, San Francisco and Los Angeles. Possibly in St. Louis and Atlanta! I'm going to take pictures of the homeless camps by the thousands. I am going to report on our overwhelmed national parks. . .

Our Lord or LGBTQ+?

As we are increasingly pressured by institutions of society to bow and worship the LGBTQ+ religion, it will be tempting to compromise our faith in God and His word and go along with this satanic agenda. It is becoming a common occurrence that those who express any kind of disagreement or opposition to this religion face various kinds of sanctions, including violence.

The Root Of the Fruit

Even in small towns, but in larger cities, companies are closing their doors because of unbridled shoplifting, which is now allowed by law enforcement. And "Thou shalt not lie?" Everything we hear from the government, mainstream media, Big Pharma and the industrial medical complex is a lie. "Bearing

false witness?" Look at the double standards between those innocent individuals rotting in the J6 Gulags and the Biden crime family.

What Happened To America's Education?, Part 3

There was a time when this trash was kept from mainstream but today it seems as if anything goes. A Christian school teacher is suing because she was fired because she refused to use the child preferred pronouns. You have to ask what will the child do when they actually miss a day.

Politicians Legitimize Islam

I have been asked to run for the US Congress and try to save our republic against the encroachment of Islamic ideology. America desperately could use a national security expert in the US Congress. As for me, I leave it up to the people to decide. In this business, you need name recognition and considerable funds.

Not So Strange Feeling So Estranged Over Strange Situation

The incredibly weird current political condition is most frustrating to us who have already been long flustered, but it is understandable in a wacky woke sort of way. Perplexed conservatives and actual Republicans who take delight in pointing out the many weaknesses, blunders, stumbles and mumblings of our faux President are, sadly, misreading the situation.

Independence Day and the Protection of Posterity

Independence Day. It is on this day that we celebrate the bold declaration whereby Americans before us, relying on their belief that their right to life, liberty and property were gifts of God, resolved before him to sacrifice their lives and fortunes for the benefit of their loved ones and for generations to come.

EMP Weather Attack Can

Destroy Your Home & Vehicle

This doesn't mean a person should go crazy thinking any minute now, but rather be prepared for the worst. Have a plan. Those \$500.00+ fancy phones won't be of much use to save your bacon as they say. And you can't eat them. Be sure to share this information with family and friends.

Living Under Communism

Meanwhile, the United Nations General Assembly is planning a summit in September 22-23, 2024, to unveil an "action-oriented" Pact for the Future that will include changes to the "global tax architecture." A global tax is America's future...

Why are Woke Corporations Not Acting to Benefit the People, or this Republic?

Corporate money is used to bribe every member of government in both parties from all three branches of government that are required for total control. These criminals are protected by a two-tier criminal justice system (why do you think they call it that??), and there can be no justice or remedy allowed for dissenters to access. You know this is true: there is NO JUSTICE!

How I Became a Nooze Reporter

I don't know what they're teaching in journalism school these days. You see a headline that provokes your curiosity—"Woman Carried Off by Pet Gorilla," say. But when you read the story, you find no abduction and no trace of a gorilla.

Unless You Think There Is An Award For Being Stupid: There Are Only Two Sexes

In the end, you can practice whatever you like in your own life. Just don't shove it down normal peoples' throats or their kids. The reality remains, there are only two sexes, XY males and XX females. The rest are all pretending or living an illusion. That reality will prevail when all the political stupidities are brought to reality.

Follow the Yellow Brick Road

The judgement of God has brought us to the point where "educated" Americans have rejected the Truth. The danger is that we have created a people who will not only believe

something...but will believe ANYTHING.

Influencing Us From Their Graves

We sat back today and even before the 80s and could have stopped this demonic invasion in our nation in its tracks if we would have only taken a stand against this evil!!! But pastors and church members wanted to be left alone because the churches were growing and they wanted no controversy of any kind to interfere with that growth. Now God's storm and judgment is upon us . . .

The Story of the Liberty Gene

The Muslims' surrender of liberty is not merely a personal choice. The Muslims, having abandoned their most precious rights, are out to make all non-Muslims do so by hook or crook. It is said that misery loves company. And the type of misery that Islam has visited on the Muslims and the Islamic lands is a rapidly spreading plague that must be resisted by all who cherish their God-given Liberty.

Abominable Hireling Mocks God, Lightning Strikes & Burns Down His Building

Like the tyrants that remain in their sin, they want to continuously push for what the Lord clearly condemns (Leviticus 18:22). Sadly, they end up learning the hard way (Luke 16:24).

Consolidation of Power, the Great Reset Goal, Part 5 – the Triune Antichrist, WEF, UN and the WHO

The individuals supporting the World Economic Forum (WEF), are godless. They are thoroughly depraved, given over to evil until the conscience is seared. Psalm 1:6 tells us, “For the Lord knoweth the way of the righteous: but the way of the ungodly shall perish.”

A

Transhumanist

Transformation and An Extermination

Whether the goal is extermination or enslavement – or a combination thereof – or whether we will be dealing with an AI or other man-technology merger presently being promoted or whether twisted atheist billionaires or extra-terrestrials are running the show, it really doesn't matter. This fast emerging "sin"-ario and those pushing it must be stopped now or mankind will die both individually and as a species.

Enforcing the Requirement to Organize Act

Will Congress ever learn not to exceed its mandate and infringe on the rights of the American people? Not until We the People start firing those who keep doing so, and hire better representation for ourselves. Until then I suggest you both educate yourselves and your state representatives about the limitation of the powers of Congress, and their responsibility. . .

Artificial

Intelligence: Lawsuits Already Underway

Everyone is a-buzz over AI which actually has been in use for a long time, but is just coming to the attention of the American people with a whole lot of articles on the Internet. Few can really understand it and that includes members of Congress. Well, perhaps a few, but the shouting and yelling for Congress to regulate AI continues to grow.

Massive Immigration Just Doesn't Work

What's it going to be like when immigrants' numbers overwhelm all of us, all of our communities and all of our lives? What do you think will happen when our \$31 trillion in national debt crashes around our ears? Who will save us? What country can we flee toward?

The Invisible Forces Behind the Shadow Government

Well, I was stumped and unprepared. I knew that if I proceeded to make an issue of this that I could count on only four or five backers due to the prevailing ignorance

throughout the congregation of what the issue was about. So, we just disbanded the organization. This was a case of an old deacon, who was sure he was doing the right thing, but rather, through his ignorance, he was a satellite for Satan.

We Need More Courageous Godly Men With A Backbone

If our nation and world is going to see any salvation, it's only going to come by the hearts of men repenting of their worldliness and seeking the higher things – the things of God and the Holy Spirit. Turn aside from all the silly, vain, useless enticements of this world, and pursue God. He's your father, and He will lovingly embrace you when you seek Him

What Happened To America's Education?, Part 2

In a photo shared by Libs of TikTok, there appears to be a drag queen (center) being featured at an elementary school, this being a common ploy these days to slowly introduce children to sexually inappropriate behavior.

The City Gates Are Always Open

Rivaling the European feudal lords of the Middle Ages, Panem's rulers used their armies of "peacekeepers" to maintain tight control over the people of the districts. Severe restrictions, mass surveillance, public executions and whippings were a common way of life. Communication between districts was forbidden, and no one was allowed to leave the boundaries of their district unless granted permission.

WHO, Global tracking NOW and Daniel 12:11&12 revealed?

That agreed, however, a long time ago I noticed that the CONTEXT of the words in Daniel 12:11-12 CAN mean that there are 1290 days between mid trib when the sacrifices are stopped and later when the abomination is set up on the 9th of Av. Every day in Jewish history the really bad things have happened on that day.

USA: Age of Propaganda, Disinformation and Fascism

Fascism, one learns, is an authoritarian government composed

of a single political party with government in league with huge, capitalistic, nominally private business concerns. The government and the mega-businesses each wash each other's backs. The people can still own property and form business concerns for profit.

Celebrating Black Marxist Lesbianism on Monday “Juneteenth”

Juneteenth, a day to recognize black freedom, will be celebrated this year by the two black Marxist lesbians who started Black Lives Matter (BLM). With fatherless families disproportionately affecting black communities, black Marxist lesbianism hardly seems like an acceptable alternative.

Texas Attorney General Paxton's Sham Impeachment

In the impeachment trial of Ken Paxton, upholding the principles of fairness, justice, and due process is of utmost importance. Senators can ensure a fair and just outcome by approaching the proceedings with an open mind, thoroughly evaluating the allegations, and adhering to procedural processes.

A House Divided: We Will Not Play Your Game

Our nation has become horribly divided from mass immigration by those who care nothing for OUR history, traditions and culture. We see large portions of our population where no English is spoken and where there is no respect for our laws. Come squat in America but never become a real American – and don't forget my welfare check.

World Economic Forum Marxists Want to Rewrite the Bible

Meanwhile, amazon.com completely shut down a customer's "smart home" because a delivery man, while grooving on the tunes with his headphones on, **thought he heard some kind of Racist remark from the automated robot doorbell. He reported it to amazon, and amazon responded by locking the poor sucker out of his home for a week.

In Every Book of the Bible,

Jesus is Found...

Most recently, I saw a short video highlighting Christ in every book of the Bible. This one I could not pass by in sharing with others. So, in turn, please do the same.

Blatant Choices to Dismantle Law and Order in American Society

This week, U.S. Marine Corps veteran Daniel Penny, faced an indictment for his chokehold on a mentally ill subway rider, Jordan Neely, in NYC who was terrorizing other passengers. Mr. Penny stepped into the fray because other riders were afraid for their lives. Unfortunately for Penny, the mentally ill kid was black, and he died, which immediately gave Penny national notoriety.

The Really, Really Big Guy Behind the 'Big Guy'

With the back and forth over Trump versus Biden, we have lost sight of the really "Big Guy," the former president who was implicated in the Hillary email scandal and was running the Russia hoax. His name: our first openly Marxist president,

Barack Hussein Obama.

Scaring the Myth Right Out of You

Think about it. Almost everything you read/hear in mainstream and social media, in schoolbooks, even in “juried” scientific and medical papers is a lie. Wrap your head around that – you don’t need a virtual reality machine; your brain has been programmed to be one. And all this was put into overdrive once the first Intergovernmental Panel on Climate Change (IPCC) was released.

Oregon Senate President Wagner’s Unlawful, Uncompromising, Unconstitutional Actions

Rob Wagner has completely ignored legitimate complaints that Democrats are violating Oregon’s Constitution by simultaneously holding two lucrative government positions (Article II, section 10) and in violation of Oregon’s Constitutional separation of power (Article III, section 1).

Consolidation of Power, the Great Reset Goal, Part 4 – the Eye of the Serpent

Under fascism, the state, through official cartels, controlled all aspects of manufacturing, commerce, finance, and agriculture. Planning boards set product lines, production levels, prices, wages, working conditions, and the size of firms. Licensing was ubiquitous; no economic activity could be undertaken without government permission.

In Terrible Times, An Urgent Call for Calm!

It's true: lawfare against Donald Trump has gone to the federal level. Last Friday the 37-count felony indictment in the Mar-a-Lago classified documents situation was unsealed. He will appear in a Miami federal courtroom at 3 pm on Tuesday. He stands accused of mishandling classified documents and then obstructing efforts by federal officials to obtain them.

As the World Awakens: We Will Not Comply

No doubt in my mind little Napoleon, Merrick Garland, is drowning in joy over this latest persecution of Trump.

Garland is a loser. He wanted to be an Associate Supreme Court Justice but was rejected by the Senate; nominated by another illegitimate usurper who brought Hell to this country, Hussein Obama.

We're in a Heck of a Mess with Our Multicultural Society: Race Supremacy

Former teacher, and elected to the Maryland city council, African-American Kristen Mink last week said, "White people should be few, and with good reason, on the speaker lineup. Healing and unity have for so long meant disregarding the harms done to black, indigenous, and people of color for the comfort of white people."

'Our Reasonable Service is

Not Comfort'

Today's message may not be very popular. But it is time to call things like they are. First, a disclaimer, what I am about to say does not apply to EVERY pastor and EVERY church. But I believe any thinking person must agree that it most certainly DOES APPLY to MOST. Yes, the VAST MAJORITY, ... of pastors and churches... and professing Christians.

What Happened To America's Education?, Part 1

How can a public school allow these kinds of results? How are any of these kids going to even try to get into college? I firmly believe that the cost of a college education today is rarely worth it. Why spend \$100,000 – \$150,000 on an education that teaches nothing? Parents have begun to take back school boards, as they should, so their children will have a chance at a decent education.

Clueless People = Complicit People

If our young American soldiers could do it – against all odds – on the beaches of Normandy in WWII, 79 years ago, we can still do it today. The deck was stacked against us then, as it

is now. We were supposed to lose then, just like we are, today. But, we are proud Americans who love our freedom above all else, and we CAN win this, perhaps against all odds, again.

San Francisco Is Destroyed! To be Followed by New York, Chicago, Etc.

We should finance the federal government with tariffs that would generate good middle-class jobs (as in the past) and eliminate need for income tax. If we retained the income tax, we should give it to the states to compensate them for performing the state functions unlawfully and unconstitutionally usurped by the federal government.

Convention of States

I've written before about the Convention of States movement, but this is a topic I'm frequently asked about. I know plenty of people both for and against such a convention, and I've written about their concerns as well. However, I've been asked to write not about the movement, but about the convention itself.

The Living Hell of Gay Pride

Biden was quick to act and named Dr. Demetre Daskalakis as the new homosexual National Monkeypox Response deputy coordinator. Peter LaBarbera's WorldNetDaily story explores allegations that he is associated with Satanic-themed Pentagram images and tattoos and sadomasochistic sexual practices.

D-Day, 1944: Did We Fight and Die For This?

The past cries out: "We fought for this?" Think Hitler would've liked having the power to spy on people in their homes? He lost the war. We're in danger of losing our liberty. We didn't need the German army to take it from us. Our own government will do the job.

Non-Participation of Citizens in a Constitutional Republic: Being Bought Out

Because the incredible reach of NewsWithViews, all the journalists at this news service website enjoy readers from

around the world. Oftentimes, when we write compelling or frightening or inspirational columns, readers respond. Some feel angry. Others feel sadness. Still others praise or malign each of us who write our opinions.

Bradlee Confronts Target Store Manager & Their LGBTQ+ Agenda

Everything about this criminal agenda is an abomination against both God and man and must not be put up with, but rather exposed for what it is (Ephesians 5:11).

The U.S. Is Losing the World War

But the world was not saved. The communists attempted a complete takeover of Europe. They failed but they did take China and launched an invasion of South Korea. Later, they invaded South Vietnam and won. In the meantime, they took Cuba, positioning nuclear weapons for a first strike attack on the United States.

Consolidation of Power: the Great Reset Goal, Part 3 – the Essence of Evil

The Nazis claimed their class of German Aryans were the superhumans and Jews, Slavs, Gypsies, handicapped people, etc. were the subhuman and were meant to be vaporized. It didn't work out as the Nazis desired, but the concept didn't go away, it just went dormant for a few decades and now it's resurfaced.

D-Day: June 6, 1944

Hitler was convinced – and had convinced most of the western world – that his Fortress Europe could turn back and defeat any attempt to invade occupied Europe by sea. So confident were the NAZI socialists, that their top generals were elsewhere—including Erwin Rommel, the “Desert Fox,” Hitler's best fighting general who had gained fame in the Africa campaign.

**Abolish and Eliminate
Unconstitutional Federal**

Cabinets & Agencies

I sincerely hope Americans come to understand what just happened with the “debt ceiling” bill signed by the fake president, China Joe Biden, on June 3, 2023. Most won't or can't even process the information. What's underway will make 2008 look like prosperity.
