Islam is a belief in blood. It lives and thrives on blood. It can be an animal, an enemy, or even its own blood. ## Keep Artificial Intelligence (AI) Out of America's Schools

Just like those experimental COVID-19 “vaccines” that turned out not to be vaccines but experimental bioweapons, AI has real problems in so many areas and in my opinion cannot be trusted. I know it's being used for stock market predictions, real estate and other areas of commerce, but to put it in schools is just asking for failure.

## Politicians Legitimize Islam

I have been asked to run for the US Congress and try to save our republic against the encroachment of Islamic ideology. America desperately could use a national security expert in the US Congress. ## Not So Strange Feeling So Estranged Over Strange Situation

The incredibly weird current political condition is most frustrating to us who have already been long flustered, but it is understandable in a wacky woke sort of way. Perplexed

## Clueless People = Complicit People

If our young American soldiers could do it – against all odds – on the beaches of Normandy in WWII, 79 years ago, we can still do it today. The deck was stacked against us then, as it is now. ## **Truth is Hate to Those Who Hate the Truth**

"We must obey God rather than men. The God of our fathers raised up Jesus, whom you had put to death by hanging Him on a cross. He is the one whom God exalted to His right hand as a Prince and a Savior, to grant repentance to Israel, and forgiveness of sins. And we are witnesses of these things; and so is the Holy Spirit, whom God has given to those who obey Him." (Acts 5:29-32)

# **America's Way of Life Threatened, Part 2**

We have unelected officials setting standards that are completely unattainable at a cost that is prohibitive for results that are not worth the cost. The EPA has set a demand for all power plants to have carbon capture system to fight the non-existent climate change hoax. The main problem is these capture systems are so expensive that most power plants can not afford them.

## **Optics, Visions and Dreams**

Let me finish with this: when I was about 16 years old, I had a series of dreams for about two weeks in a row. The dreams were not all exactly alike, but all were similar. The one consistent element of those dreams were the sight of Chinese tanks rolling down the main street of the small town I grew up in. Maybe those were just dreams. Maybe they meant nothing.

## **Will America Survive the Threat of Islam?**

When our leaders, for instance, call Islam a great religion, they are appeasing, if not lying outright. We the people, elect our leaders and we hold them accountable to be honorable. When they are using their voice to call Islam a great religion, the most deadly threat to everything we cherish, not only do they legitimize Islamofascism, but also they infuse the rest of us with a false belief.

## **To Vote for a President Who Can't Prove His Independence from "The Establishment" is Voting for Civil War!**

The information in this paper is as correct and truthful as I could make it. But it will have been a waste of time if readers don't use it to hold any candidate's feet to the fire. Please forward to your friends. Our survival as a nation depends on this understanding, and taking the appropriate actions.

# **DeGovernor DeSantis DeCides to Break Another Promise**

That is very admirable, IF those priorities are the same as those of the people. With praise from George Soros, who called the new POTUS candidate, “ruthless, shrewd and ambitious”, along with DeSantis’s actions to date, I fear that those priorities may not be the same as ours.

# **The Durham Report – Justice Delayed**

In short, we can expect nothing to really change, at least not under this administration. Unless and until we have a chief executive that will uphold the rule of law, not only against their political opponents but upon those in their administration, we will continue to see not only justice delayed, but justice denied.

## **‘I Now Pronounce You...’ What?**

At first I was sure it was another one of those “man bites dog” stories that annually tide the nooze media over the summer. CNN makes a big deal of it, focusing in on four women who have married... themselves. CNN calls it “a symbolic expression of self-love.”

## **Texas AG Ken Paxton Take-Down – Why Now?**

Dade Phelan is a registered Republican whose been sleeping with the Democrats for years. We finally got rid of Phelan’s predecessor, another rotten RINO. In Phelan’s first term he appointed 13 Democrats as committee chairs. To say grassroots Republicans were incensed is putting it mildly.

You can install the EMP shield or as in my case since I'm purchasing a unit for my home (my SUV is always in the garage,

Why do we see our government demand to take total control of every part of our life? They want subjects, not a sovereign people. That's why the Democrat Party has linked itself with the United Nations and the World Economic Forum. This is also why they want our guns. Armed people will not voluntarily get into the cattle cars.
