Ronald Reagan stated: "Freedom is never more than one generation away from extinction. We didn't pass it to our children in the bloodstream. It must be fought for, protected, and handed on for them to do the same, or one day we will spend our sunset years telling our children and our children's children what it was once like in the United States where men were free." It is our time to act.

When we were condemned to destruction, God showed us mercy on

## Teachers Caught Making Dirty Movies In Their Classroom

Yo, Congress! We have teachers making dirty movies in their classroom, and the FBI intimidating parents, and \$5-a-gallon gasoline—and you had freakin’ well better do something about it! Don’t let our House of Representatives be just a house of cards.

# **Our Constitution, Rule of Law and GOD are Supreme**

The former chairman of the Federal Reserve said in a speech that they caused the great Depression. This means that if you had hard working relatives in this country around 1913 they should have left you some money if not for the Federal Reserve. Of course the great depression was a big benefit to the Establishment who took advantage of the people.

# **Facebook Proves Once Again That They Are Subversive To American Law & Government**

Last week, subversive Facebook paid special attention to my social media platform page, as they have over the last 10 years and decided to pull a post highlighting American law against those who are guilty of the act of treason (Luke 22:48).

# **No Red Wave? What's Next?**

Trump, in the meantime, is not helping himself any, with his verbal assaults on DeSantis, especially as the two seem to agree on most essentials. For a while I thought this was being orchestrated by corporate media, but now I am not so sure. Trump comes across as a bully with labels like "Ron DeSanctimonious," which serve no one's interests including his.

## **On the Eve of Destruction, Part 1**

Today, we are under enormous pressures to replace our political, educational, and religious (social) structures that were set up to protect the individual, to educate our children with the necessary knowledge, and give them the ability to understand and contribute to the continuation of our way of a life of liberty.

## **America Votes for Obama's Brand of Marxism**

In Pennsylvania, the brain-damaged Democrat Fetterman (endorsed by Oprah) beat the Muslim doctor (a creation of Oprah) accused of quackery but backed by Donald J. Trump and

Sean Hannity. Nothing more needs to be said about America's descent into oblivion and catastrophe, otherwise known as communism.

## **“Biden Inflation” Misses the Real Target**

Putting all the blame for the nightmare inflation we are experiencing on the walking corpse in the WH was a very effective political tool during this mid-term selection/election. In no way am I defending the life-long crook and usurper president, Joe Biden.

## **Our Enormous, Insane, Crippling National Debt: \$31 Trillion**

What's the worst part of all this nightmare? From what this journalist can tell...it's only going to get worse. And, since our own leaders fail us at every juncture, there's nothing we citizens can do about it. And, from the elections last week, we voted most of the same idiots that have done nothing to secure our borders...back into office.

# **The Rainbow Is The Miracle Sign of God That He Wants Us To See**

Satan is trying to lock mankind into his 666 system of darkness. The true light of heaven is Jesus Christ. His light will be put into everyone he resurrects or transfers to his kingdom. The deep mystery of God is that once that light gets put into those that are linked to heaven, they will never be able to die.

# **America Has Lost Its Moral Compass**

In trying to evaluate the 2022 Midterm Elections there is only one conclusion that a sane person can come to. America has lost its moral compass. We, conservatives, anticipated a red wave. It never manifested. If the church had come out in mass and voted biblical values most Democrats would be out of office today.

# Keep the Bigger Picture in Mind

What we see now will not and cannot last. The suffering, pain, disappointments, and tragedies we face are all temporary. Keep the bigger picture in mind. The Kingdom of the Lord Jesus Christ is forever. Let us invite as many as we can into that eternal reality, where it will be good and stay good.

## On the Eve of Destruction

Today, we are under enormous pressures to replace our political, educational, and religious (social) structures that were set up to protect the individual, to educate our children with the necessary knowledge, and give them the ability to understand and contribute to the continuation of our way of a life of liberty.

## No Denial, Just Proof

We are finding proof of already established fraud, all over the place, in action for 2022. Proof which cannot be denied. Forget the “deniers” thing; forget 2020. Take a look at what is going on, right now.

# **Gout Patient Experiences Complete Relief With MSM Mineral Formula**

The biggest problem with the modern medical world is that virtually nothing is ever done to investigate mineral deficiencies that are linked to a wide range of health problems. It's easier to sell prescriptions to relieve symptoms, but don't fix underlying problems. Gout is a very serious condition.

## **A True American Seer**

We live in an eternal present. We cannot modify the past and only guess about the future. Nevertheless, since immemorial times, humans have tried to predict what will happen. The ancient Greek were very interested in the future.

## **Veterans Day 2022—Will We “Keep Faith” To Veterans?**

On Veterans Day 2022, may God bless all the veterans who have served in defense of our freedom in all the wars. And may the

country whose freedom they preserved honor them on Veterans Day and on every day. They kept the faith with us; and, as expressed in the haunting words of “Flanders Field,” we must not “break faith” with them.

---

## **The Marxist General in the American Civil War**

We can expect more of this kind of propaganda in the months ahead, as we anticipate the 2024 presidential race. The MAGA movement needs to understand how communists overthrow non-communist majorities and make democracies into dictatorships.

---

## **Now What?**

Just 24 hours before I sat down to write this, the Internet was buzzing with predictions and prognostications, all of them foretelling a Great Red Wave, a red tsunami, that would sweep the Evil Party out of office and save the country from their insane and wicked policies.

---

# **You Really Expected A Red Wave?**

Thanks to the failure of the Republican Party to do anything about the 2018 and 2020 voter fraud, the “Red Wave” most pundits forecast was not forthcoming. Those of us who look at reality, and tell the truth to the people, knew it was highly unlikely the Stalinist Democrats would relinquish their control. And yes, it was fine to pray, but one also needs to work to stop the criminal theft. Name me one Republican who has done anything to stop the gigantic fraud in America’s elections.

## **A Few Post-Election Thoughts: Our Tumultuous Future**

You gotta’ ask, how much worse does the crime have to become? How many millions more refugees do we have to import before our society breaks down? How many more drug overdose deaths will it take to close our borders? How much more in debt do we have to fall before our entire system fails? When are we going to solve our problems rather than import more of them?

# **Prepperism, Part 4. “The Alpha Strategy”**

We all have to buy food for as long as we live – and lots of it. Food is an alternative store of value whose purchase in these days of supermarkets and the internet is often casually overlooked. Concern for its provision should be a mainstay in considering a rainy day.

## **This Isn't Government, It's A Death Cult**

I have to say that when this information was first brought up that my response to it was that it is nothing short of a provocation to war by attacking the life of the innocent and usurping parental rights.

## **The Premeditated Murder of the American Family**

The enemies of America thought long and hard about how to destroy this fledgling experiment. It was clear to them that America's strength was a function of three phenomena...
