

An Audience of One

Special courts were established by 1934 to penalize anyone who refused to perform the Nazi salute. The penalties varied from fines or intimidation to incarceration in detention camps. Knowing this, Landmesser still refused to do the salute even with the peer pressure of everyone around him doing it and in the presence of Hitler himself.

The Day Will Be Both Great and Terrible

Following repentance comes a lifetime of sanctification. And understand that you were saved to serve. To minister. To witness. You need to be more eager to lay down your life for the sake of Christ, if that should be required of you, than you are to simply spend your time on earth in comfort, luxury and ease while you await your heavenly “reward.” Because you may not get the “reward” you’re expecting.

The Resurrection of Jesus and the Victory of Eternal Love

Those gifts produced a faith and a love, renewed every Easter for the last two thousand years, that have transformed the world. In spite of the flaws of many individuals who struggled

to live up to the transcendent love of God and Jesus, the victory of the eternal love of the resurrection has never been lost.

Cinco de Mayo – Know Your History

So don't be surprised with a nation recently over run with 15 million illegals from south of the border that we see an effort to make May 5th, an ostensibly anti U.S. Chicano Movement, turned from national party time into a federal holiday. Is it still okay to Remember the Alamo? At least we still have Columbus Day.

This is An Easy Way to Do Your Duty to Send Your Orders to Congress

It is usually difficult for the average person to find the time to collect the information required and format it to give his or her orders to their elected representatives. I have attempted to do the work for you in a simple format that allows you to add or subtract items as you desire. See the suggestions below. Then all you do is mail or email to your elected members of Congress.

Automatic License Plate Readers

There will always be tension between our desires for privacy and safety. We're all for privacy, until we find that an invasion of said privacy could have stopped some terrible event. But are we willing to trade our privacy for safety? As Benjamin Franklin said: "They who would give up an essential liberty for temporary security, deserve neither liberty or security."

Islam's Dark Cloud Spreading Over Europe

As the continent faces these challenges, the international community must observe closely. The decline of democracy in Europe will not only change the global balance of power but also serve as a cautionary tale for nations worldwide. The time to act is now, before the ideals of liberty and self-governance are lost to history.

How To Destroy America: Long Drawn-Out Decline

Today, we see guys pretending to be girls. They're giving psychologists headaches trying to figure out what kind of mental illness to categorize them. We've got "gays" parading around like crazy people wearing absurd outfits and performing sickening acts of decadence. Morality, children, ethics and rational behavior be damned! Anyone want them in uniform defending our country?

Net Zero Policymakers Remain Oblivious That Electricity Came AFTER Oil!

Today, "Net Zero" policymakers setting "green" policies are oblivious to the reality that so-called "renewables", ONLY generate electricity but CANNOT make anything. In addition, everything that NEEDS Electricity, like iPhone and computers, are made with petrochemicals manufactured from crude oil, coal, or natural gas.

Was Your Favorite Preacher

Crucified For You? Then Why The Division & Contention?

When you look at Godly men such as John Calvin (Calvinism-Presbyterians), John Wesley (Wesleyans), John Smyth (Baptists), Martin Luther (Lutherans), etc. do you think that within themselves that these men wanted a denomination that would take up their names? Absolutely not!

MoveOn...NO!

Americans have become accustomed to “going-along to get-along,” but there are some things that we just can’t move-on from without confronting the issue and fixing what was broken. In a nation focused on precedence rather than the rule of law, we cannot allow bad precedence to stand.

Trump Versus the Big Banksters

Antony Sutton’s 1974 book, Wall Street and the Bolshevik Revolution, documents a link between U.S. banking interests and the Bolshevik cause, the subsequent rise of Communist China, and the invasions of South Korea and South Vietnam, resulting in 100 million dead. In addition, tens of thousands of American military personnel died attempting to stop the

advance of international communism.

The Latest SCOTUS Gun Rights Infringement

I don't know which of the three branches of government does the most to infringe on your rights. Take, for example, the recent Supreme Court decision in the case *Bondi v. Vanderstok*, where Mr. Vanderstok challenged the recent regulation from the Bureau of Alcohol, Tobacco, Firearms, and Explosives redefining weapons parts kits as firearms. It seems the Supreme Court has a hard time reading either the law or the Constitution.

New Government? What About Bill Binney?

A new dawn seemed to open up for America when Donald Trump was announced reelected by tens and tens of millions of Americans last November. Who knows the exact count because there were voting problems both human and likely machines. Not enough this time around to stop the overwhelming support for Trump. But, hey, let's try a couple of assassination attempts to get rid of him!

If You Could Destroy America: How Would You Do It?

Over 20 years ago in 2003, Colorado Governor Richard D. Lamm gave a speech in Washington, DC on how to destroy America. He titled the speech, "The Eight Ways to Destroy America." I sat in the crowd, dumbfounded at his brilliant/sobering points on how to take down our country. At the end, no one applauded because they were pretty stunned

Is the World About to Destroy Itself?

The masses become more corrupt, perverse, confused. They are ever more robotized, subject to insidious forces that lead them. They worship shrewd, cunning leaders who parade them straight into the calamity just around the bend.

God's Lifeboat Is More Than Half Empty

This month marks another anniversary of the sinking of the Titanic. For generations, this tragic story has captivated

hearts and minds. The loss of the Titanic left a shaken world in disbelief and made people stop and think. I, personally, became deeply intrigued by the Titanic from the moment I learned of the story as a young child.

More of Hell Moving Into America

Every day, every minute, every second, something is telling me to quit, to back off, chill out, ease up – things will get better. Even now God is shaking everything that can be shaken. No things will not get better until Christians change their thinking and get back to obedience to our LORD Jesus Christ. In America, with all our freedoms, Christians do just about anything we please.

Texas Under Siege: The Stealth Islamic Takeover We Can't Ignore

We can't allow Texas to become a testing ground for Sharia. Our leaders – Abbott, Paxton, and every red-blooded lawmaker – must combat this stealth invasion with every tool available to them. Investigations are a starting point, but we need action: shut down these projects, enforce our laws, and send a message that Texas will never bend the knee.

Rudyard Kipling and the Power Elite

The Power Elite's plan to take over the world about 200 years ago used a dialectical process. America was a young independent Republic (not a Democracy). The antithesis of America would be Communism, so they created Karl Marx's Manifesto. The synthesis would be a World Socialist Government, but before that could happen, each nation would first have to become Socialist, and that is what the word Nazi means (National Socialist Worker's Party).

South Africa Needs all the Products and Transportation fuels that Renewables CANNOT provide

Oil, coal, and gas are foundation to the global economy, contributing to thousands of products—estimated at over 6,000—that underpin modern living standards. These fossil fuels drive economic activity by providing energy and raw materials for industries, transportation, and manufacturing, while their derivatives permeate everyday life, from plastics to medicines.

How a Conservation Easement Ruined the Owner of a 4th-Generation Farm

Anne Hohenstein's family settled on the Hudson River south of Albany, NY, four generations (~100 years) ago. Anne's grandmother and Anne's infant daughter are buried in the small family graveyard on the property, near an old farmhouse and barn, where Hohenstein and her family kept horses and goats.

Texas AG Ken Paxton Running For US Senate to Unseat Treasonous Texas RINO

Your career is a testament to honor, courage, and an unshakable commitment to the Lone Star State. It takes guts to confront our enemies—whether they're radical leftists or spineless so-called "allies" within our own ranks. You've repeatedly proven that you'll fight for what's right, no matter who comes at you. We've seen this alongside Senator Ted Cruz and President Trump, both battered by the Deep State for daring to defy the swamp.

Infiltration, Not Invasion

Would it be safe to say that we are seeing the manifestation of evil like no time in recorded history? Are we foolish enough to believe that this is simply a POLITICAL battle? Do we not understand that this is a SPIRITUAL manifestation of the Bible into the natural world? The heart of man is the target, and individual souls are the prize.

Raging Against Old Age: Tripping Into the Vicinity of Getting Old

Instead of raging against all the bad news in April of 2025, how about each of us contemplating our own struggles while living in America, especially us baby boomers. We've lived through some pretty amazing moments since WWII. I don't have to name them because you all know them from living through them.

Karl Marx Was a Global Free Trader

Marx declared his support for free trade while giving a lecture on England's corn laws, a set of tariffs and

restrictions on the import and export of grain in Great Britain. Marx explained that “The system of free trade is destructive. It dissolves the old nationality and drives towards extreme antagonism between the bourgeoisie and the proletariat. In a word the system of free trade hastens social revolution.”

Saving Democracy?

Aside from the constitutional fact that the United States isn't actually a pure “democracy,” but rather a Constitutional Representative Republic, which guarantees every citizen and member state “a republican form of government” in Article IV – Section 4 of the U.S. Constitution, today's constitutional illiterates claim to be “saving democracy” when in fact, they are the greatest threat to democracy in the USA.

Enemy of Freedom are Taking Over Western Governments Globally

However, what are you being told by the media that 94% of you say that you don't believe? You are being told that they are contributing to society, that they are the victims of corrupt government regimes, genocides, war, etc. In some cases, this may be true. Yet, let me propose statistically who I am addressing here.

Imagine DeSantis as POTUS!

Those fake voter guides, lying about which candidates were supported by Trump last year, also carried DeGov's image. Was he part of that, or was that just one more thing he "didn't know"? Those candidates were, shall we say, amenable to development, and, by Tally reckoning, needed to be in power.

Whose Safety Matters More?

I have a lot of concerns regarding this case. Yes, Mr. Robinson was in the act of committing a crime by being a felon in possession of a firearm, but no one other than Mr. Robinson knew that until after he was frisked. Yes, the stop was legal, since the officer observed the occupants driving without their seatbelts on.

Democrats Brace for Martial Law

Over the course of my career, I have covered literally dozens of demonstrations on the left, from anti-nuclear protests featuring Jane Fonda to openly communist conferences sponsored by the Workers World Party (from which I was ejected), and

have never witnessed such a hunger for death and destruction.

Who is Looking at Your Federal Income Tax Return?

Operation overload – the key word being overload created by DOGE which has birthed a very telling panic, not just among current and former members of CON-gress, but private sector NGO's (Non-governmental organizations) and religious denominations getting their cut of the gift.

Hear O Israel—How do I hate thee?

If it weren't so serious, and deadly, it would be almost comical, considering that the massive, heavily armed, immensely populated, and hugely influential empires that tried to annihilate the Jews—the Babylonians, Greeks, Romans, Byzantines, Assyrians, et al.—have been extinct for centuries, while the teeny, tiny world of Judaism flourishes to this day.

Why Do Democrats Want Trump, Thus America To Fail?

Have you looked out across the American political landscape for the past three months? If you remember, President Trump won the popular vote, the electoral vote, the Senate and House. Such victories gave him a mandate to correct multiple problems with America's finances, political standing and resurgence in the world.

Pardon Graciously Given

Kim Dae-jung (1924-2009), a South Korean activist, politician, and statesman, lived through very tumultuous times in his country's history. Several times in his life he faced certain death, but he believed God was always with him and that He graciously preserved his life for a special purpose.

Trump 2.0: Causes for Great Concern!, Part 1

The most likely culprit is Michael Waltz, Trump's national security advisor, who initially insinuated Goldberg might have hacked his way into the chat somehow, which is nonsense. Goldberg wouldn't have known about it. Then it became an accident. Taken as a whole, this security breach makes all

involved look like mental lightweights. And hypocrites if they ever again bring up Hillary Clinton's emails.

Beware the Taxman

Bottom line: if the average American citizen handled their money the way our federal government does, they'd be in prison. But it's even worse than that. Imagine if the average American citizen handled someone else's money the way our federal government handles our money. They'd be behind bars the rest of their lives. They'd never again see the light of day. But again: "Rules for thee, but not for me."

Trump is Obeying Only Parts of the Constitution, Guaranteeing Armageddon and Dystopia!

It is impossible to return to a Constitutional government with prosperity if you don't adhere to the Constitution, ALL OF IT. Income Taxes also make a Constitutional Government impossible.

The Magnaforce of Trump's DC is Blowing Minds

Since God and the American people have managed to get Donald Trump back to the White House, truly incredible political dirt has surfaced. Since the 2020 Coup delayed his second term, President Trump spent those four years assessing what real progress was needed in our nation, and how to make it happen.

Trump's Tariffs are Putting America First After Decades of Exploitation

The truth is, Trump's tariffs involve more than just economics—they concern our sovereignty. We've allowed unelected bureaucrats and foreign powers to dictate our destiny for too long. Now, we have a president who prioritizes America and recognizes that a strong nation begins with a robust economy.

The Evil Forces of Control Have NOT Given Up. They Have

a Plan

Americans who are today fighting for the goal to reestablish our freedoms, and who are cheering the incredible steps President Trump is taking to limit the massive federal intrusion in our lives – please hear this warning. The forces of control never give up. We keep hearing the news media and Republican leadership report that these forces are finished, that they have no plan! No leadership. That is absolutely untrue. They never quit.

Trump 2.0: Causes for Great Concern!, Part 2

Consider Social Security. Around 73 million Americans receive social security benefits. The average payout is around \$1,800/mo. The agency handles around 9.5 million new claims per year. Under DOGE direction it has now cut thousands of jobs, conducted a restructuring which will make it harder to apply for benefits.

The Communists Are Stealing Your Medical Records

Our leaders and their “intelligence agencies” have finally recognized that the China virus came out of China, from a

Chinese military lab. We spend tens of billions on this kind of “intelligence” when common sense costs nothing. We need DOGE to clean house in the “Intelligence Community.”

George Foreman 1949-2025; Final Message From the Boxer, Christian Minister, and Entrepreneur

It is written that even the elect will be deceived, if possible. It has become abundantly clear, for anyone with eyes to see, that Western medicine is in the sick-making business for profit. They make no money off of a healthy population. Furthermore, there are the wicked ruling elites who wish to depopulate the world. There are rumors that they are already scheduling the next plandemic for 2030.

The “New” New York

When you import people in large numbers, you also import their cultures and ways of thinking and doing, matters that, frequently, are different than and frequently contrary to our own. We need to face the fact that freedom, the rule of law, domestic tranquility, and high levels of civic functioning that characterize Western nations are great achievements and not accidents of history!

The Great American Taxation Rip-Off Of Your Money

Let's face it, today we KNOW that the Deep State bureaucracy in Washington DC has been lying, cheating, screwing and stealing American taxpayers blind. Over the past 50 years, you have been paying into the U.S. AID slush fund for the benefit of every rat, scoundrel and politician in that Swamp called our U.S. Congress.

Put This Love Of Old Up Against Those Who Talk Much Of Love Today

Love seems to be the popular message of many of these 1960s hippie hirelings occupying the pulpits in America today (John 10:12). What's worse is that they know nothing of the love of God (Psalm 78:9). After all, holding God's love that has been shed abroad in our hearts by the Holy Ghost (Romans 5:5), who has been given unto us, hates what He hates and loves what He loves (Psalm 97:10; Romans 12:9).

Duty to Violate Your Rights

That is why I urge you to contact your state representatives and urge them to rescind these “duty to inform” laws. In this country, we are not only to be assumed innocent until proven guilty, but we have the right to both be secure from unreasonable searches and to not be forced to witness against ourselves.

Government “Will Be The Death Of Us Yet”

My grandmother spoke those words, in the 1950’s. The image above is of a desk plaque I rescued from her office after her death. I have it, today, on mine. I treasure it, above most all else I own, as it links me to those gone before, in heart and mind.

Big Tech’s Invisible Hand: How Google and Meta Manipulate Our Elections

This isn’t about silencing Big Tech; it’s about leveling the playing field. They’ve had their turn rigging the system; now it’s time to take it back. The stakes couldn’t be higher.

Every election they manipulate is a step toward a future where our votes don't count, and our voices are mere echoes in their machine. We've seen the agenda, felt the betrayal, and understand what's at risk.

FBI Must Probe the Communist-Muslim Alliance

If the Justice Department truly wants to hold Hamas supporters accountable, as it announced when it created a Joint Task Force to seek justice for the victims of the October 7, 2023, terrorist attack in Israel, it can begin by investigating the network planning the April 5 March on Washington, just blocks from the FBI building.

Biotech and Big Pharma Dodge a Bullet With FDA Nominee

Children's Health Defense was the first organization in the nation to stand with fired New York City workers who refused the Covid jabs on religious principles and stated that natural immunity is valid. Drs. Makary and Bhattacharya also supported them. Hopefully, they will stand for freedom when the next "exceptionally dangerous" H5N1 "gain-of-function" bird flu pandemic is hyped and Big Pharma enters the scene with their fowl play.

Don't Fall for the Flat Tax Scheme

"For forty years the tax and spend Democrats ruled Washington, DC, looting the people's treasury for social programs that are clearly outside their authority under the Constitution. LBJ's great society jump started this insanity and sadly, my parent's generation bought into their chains of dependency and have passed this mess to my generation. Their addiction was fed by Congress and the state legislatures for votes.

Devolving California Into A Third World Nightmare

At the same time, I witnessed the decline from "extraordinary" to what it has become today: a growing third world trash heap of something around four to five million illegal third world refugees who have created an entirely "different" California. Added to that, an estimated 250,000 homeless Americans as well as illegal refugees.

March 31: Cesar Chavez Day: Honoring an American Hero

The story has been told now in many articles, books, documentaries, and a relatively recent movie of how Cesar Chavez, while working as an organizer in Los Angeles, became convinced a union for farmworkers had to be created if working conditions were to be improved. He quit his job. He and Helen loaded up their old station wagon with the kids and a mimeograph machine, and headed to Delano.

The Heart and the Way we Think

Jesus would establish His Kingdom with those who are born from above and endued with power from on high who would expand His Kingdom by making disciples of Christ. The coming of the Kingdom of God would be whatever area of society and culture that are invaded by His disciples doing His will on earth as it is done in heaven would cause that part of society and culture to be conformed to God's will – the rule of God.

Darwin, Freud and Marx:

Pitiful Little Triune gods of Militant Paganism

The French Revolution 1789/1800 resulted from the deliberate abandonment of Jesus and the Christian foundation of the rule of law, so that the most violent person could rise to power. This resulted in the infamous Terror, a couple of years where everyone representing the former government and the rule of law had their heads cut off.

Revival & Reverence, Returning To God

But according to this study, American churches have lost 82% of their attendees since 1970. Of course, they've tried many things to retain their congregations, but today, the vast majority of people are just not going to church anymore. Those that are, are often disappointed in their church or with their pastor...for numerous reasons.

Is Liberalism Dead (In All Forms)?, Part 4

Classical liberalism and homo economicus may have been "out" in most of academia, but they didn't disappear. Their

defenders – in economics, business, or their small corner of the intellectual world – doubled down. Sadly, they did so without considering factors, none of them political-economic in nature, that got secularized classical liberalism into trouble. Instead, they invented neoliberalism, elevated utility-maximization and monetization to the status of divine principles, and told us There Is No Alternative.

Signalgate Update

Democrat President Andrew Jackson addressed this quite well in *Worcester v. Georgia*, 31 U.S. (6 Pet.) 515 (1832) when he reportedly responded to then Chief Justice Marshall, “John Marshall has made his decision, now let him enforce it.”

Income Tax is the Root of All Evil, Making a Constitutional Republic Impossible

I am writing on this subject again in greater detail, because we can never prosper in freedom while we are governed by the existing Criminal Enterprise, using income taxes against us. God bless President Trump for doing more than any other president to drain the swamp.

America Hating Rogue Black Robed Activist Judges Think They Outrank the President

Activist judges aren't the guardians of justice; they are usurpers in robes, intoxicated by their authority. They have transformed courts into super-legislatures, bypassing both presidents and voters. The Right cannot remain passive while these petty tyrants dismantle our republic.

March 29: National Welcome Home Vietnam Veterans Day

While more than nine million Americans served when the country called them to defend the nation of South Vietnam from aggression by Communist North Vietnam led by Ho Chi Minh, anti-war demonstrations involved many thousands who condemned not only the war, but those who were sent to fight it.

Oregon's Wildfire Mapping Has

Everything to Do With Property Rights

When Global warming became unprovable, the name was replaced with Climate Change but the plan remained the same –to deconstruct the world. In 2022, the Rockefeller Foundation announced that it would make the fight against climate change central to all of its work. At the same time, Governor Kate Brown took significant executive action to address the climate crisis, and Oregon adopted a revised Climate Protection Program in November 2024.

Trump Aides Stage Cyber Attacks on Themselves

After a great start, the Trump Administration has run into its first major scandal. Somebody in the Trump Administration gave an anti-Trump “journalist” access to sensitive information about a military operation. The “leak” gave the anti-Trump operatives in the media and the Democratic Party the opportunity to portray the new administration as incompetent lightweights.

Standards, Critical Thinking, Reason and Common Sense

In Sam Jone's new book, *Five Steps to Kill a Nation*, he forcefully argues that a republic cannot stand without a citizenry of moral and virtuous people guiding the cultural mores and checking the public servants when they stray from the principles upon which these United States were formed. These citizens must have a common and objective ethical standard on which to base their shared lives and prosperity.

For God's Sake, Tell Folks the Truth!

I suppose it is dangerous to write about this topic...seeing how the idea of "judging" is no longer kosher in American Christianity. In fact, "Judge not", a partial statement taken out of context by many American Christians, is the modern command of those practicing modern soft American Evangelical Christianity.

Heterosexual Discrimination

Ibriam Kendi is often quoted as saying "The only remedy to past discrimination is present discrimination." Is that true? Above the main entrance to the Supreme Court is a promise

chiseled into the marble façade: “equal justice under law”. How can we have equal justice under law if one side is always discriminating against another?

The Only REAL Surprise From the Assassination Papers

One thing we know for certain: The Deep State has NOT changed its deadly plans. They still want us to shut up and sit down. They still want us to “own nothing and be happy”. Our Constitutional government gets in their way, and they will do anything and everything to win.

All Eyes On The Illegals! Media Diverts Attention From Treasonous Governors & Mayors Who Allured Them In

Today, Americans are being driven to their television sets by spin doctors to watch the illegals that have invaded their land. What is being highlighted by the networks are the crimes being committed: murdering American police officers, rape, drug and child trafficking, carjackings, targeting malls in cities throughout the country, and the list of crimes goes on (Deuteronomy 4:6).

Democrats Unelected Dictators

This is about much more than Donald Trump. Most of the so-called “resisters” have no clue what they are resisting or why. They have no clue that the only people they can enslave are themselves, not their perceived political opponents. Most would not be in our streets today if they were not being organized, financed and mobilized by the same people who stacked the federal courts to undermine the Constitution.

Nuclear Generated Electricity Saves an Electricity-Starved World

All of us should be environmentalists at heart. Our daily purchases and actions should contribute to the preservation of clean air and water on the planet. Yet, we also care about our quality of life and our peaceful existence on this planet. So, we make compromises. One such compromise would be to ensure that any replacement for electricity production would be better than what we abandoned.

Big Pharma Wins, Dr. Dave Weldon Withdrawn From CDC Confirmation

According to Statnews.com, "Seventy-two senators and 302 members of the House of Representatives cashed a check from the pharmaceutical industry ahead of the 2020 election representing more than two-thirds of Congress, according to a new STAT analysis of records for the full election cycle.

The Skinny on Skinnier Food Packages

If shortages were to develop in home appliances, for example, people could adjust to the situation, but that is usually not the case with food. If the long prognosticated economic disaster should actually occur, food riots could break out, and famine could occur for the first time in the living memory of most residents of the First World. So the downsizing of the size of Gatorade bottles could mean much more than meets the eye.

What Does IQ Have To Do With

America's Future?

What is the most important factor for a First World country to maintain its freedoms, its excellence and its success?
Answer: a solidly educated citizenry that “wants” to learn and grow. It needs youth to excel in schools in the STEM subjects. An intelligent and educated citizenry remains the ONLY way to maintain a First World country.

Congress: End Judicial Warfare. Federal Judges are not gods

It's not 'March Madness' in sports, it's “judicial madness” that has hit this country like a Cat 5 hurricane. It's the same old playbook shoved down our throats the first time Donald Trump was lawfully and fairly elected president. The shadow government “got him” in 2020 through in-your-face election fraud and cheating.

Good Time For Truth

Moses spent 40 years in the wilderness getting prepared to be used by God. In the fullness of time, God commissioned Moses to deliver the Hebrew children from Pharaoh in Egypt. Moses asked, “Whom shall I say sent me?” God answered, “Tell them I

AM sent you.” (Ex 3:13-14) Why did God call Himself I AM? Perhaps I AM was an invitation to get to know God more than it meant to describe His identity.

Don't Let Your Weak Flesh Stop You

Worship of, and reverence for God is something all Christ-followers have in their hearts, something we certainly want to make a priority, but often times, life just gets in the way, unless we are intentional about our spiritual commitment. The spirit is willing, but the flesh is weak, and today, both the spirit and flesh easily grow weary.

Progressive Marxism, Tammany Hall, Saul Alinsky, and DEI – The Creation of True Systemic Racism

The Marxist Democrat Party has nothing to lose at this point. Their favorability rating is the lowest it has been in over thirty years. Americans are disgusted and fed-up with racial, identity, diversity, and gender politics. The Founding Fathers intent for America must be realized once again. Continuing to assert tribal rights to quotas or reparations based on

previous wrongs is itself racist.

Eighty Years of Unconstitutional Wars Required Income Tax & Corrupt Congress

A majority of Congress is complicit, corrupt, well-bribed and swimming in the blood of millions of dead innocents and 105,000 of our military. No group in history is more contemptible than a majority of the blood-sucking Congress that have no ethics, morals, honor or redeeming qualities whatsoever.

The Deep State Wears Black Robes

They say “elections have consequences,” except when President Trump tries to implement conservative policies. The federal courts are full of Obama and Biden judges and the Supreme Court is led by a “Republican,” John Roberts, who teamed up with a Trump nominee, Amy Coney Barrett, and both sided with the three liberals to dictate continued foreign aid boondoggle spending to the tune of \$2 billion.

Free Speech vs Abortion

Yes, the Supreme Court has failed to “provide clarity” in regard to their previous decision, but the fault is not all theirs. After all, the judges in the District and Circuit courts took oaths to support and defend the Constitution of the United States, not the opinions of other judges. If either of those courts in this case had bothered to look beyond precedent, they may have seen the Fourteenth Amendment violation.

Supreme Court Rules Utah Doesn't Have a Right to Its Own Land

For well over 80 years our government has used methods that are not compatible with free state operations – and it has accelerated over the last 10 years, weakening the states abilities to deal with the 10th Amendment.

Keith Self is the Texas Titan

Who Smacked Down the Woke Mob

Self's stance isn't about hate; it's about standing firm. In a Congress where too many yield to political correctness demands, he's a rare figure who chooses to face criticism rather than pretend to be polite. The woke mob can shout as much as they want—Self's not budging, and neither are the millions who see through the emperor's new clothes. He's a Texas titan

Ruled by the Unelected Bureaucrats

After losing all power in the Executive and Legislative branches of government and achieving the lowest approval ratings for the party in history, currently at only 27%, they have turned to the usurpation of Executive Branch authority via the only unelected branch of government, the courts.

Is The Democrat Party The Enemy Within?

The Democrat party is not simply irrelevant. Rather, it is America's greatest adversary, driven by globalist priorities and divisive policies – a decaying shell scheming to undermine the nation that Donald Trump revived. From the Rio Grande to

the Rust Belt, patriots see the truth: This is a radical mob set on tearing apart our borders, our jobs, and our freedoms.

Trump's Fight Against Corruption Must Come Home to Florida

While our President is in Washington DC literally risking his life to remove the corruption from our federal government, HIS party in HIS home state is seemingly as corrupt as anything he is finding in the nation. They are a danger to every Floridian.

The Dichotomies of Insanities Gripping the United States

How do you get your mind, emotions and arms around the insanities gripping America? Every day in the news, you hear or read about peoples' madness occurring in our cities that baffles your mind, cripples your sense of ethics and destroys your understanding of common sense.

Inside the Bloodthirsty Anti-Trump Resistance

It was at a recent local anti-Trump “resistance” rally that I took actual photographs of lunatics carrying posters and signs threatening the assassination of President Trump and a “guillotine” for Elon Musk. “Assassination is the highest form of public service” one sign said.

Common Law v. Constitutional Law

The open call for all Americans to be “forever vigilant” in defense of our own Natural Rights, was intended to prevent the very real “constitutional crisis” we witness daily today. Until we have legitimate constitutional courts again, absent the use of British Common Law, we have no peaceful means to restore our Constitutional Republic.

Long-Awaited Sons Of Liberty 2nd Amendment Documentary Is Now Finished

Over the last 3-4 months, we have been working on a Second Amendment documentary with James Gillette that highlights

constitutionally who we are and what our God-given rights entail (Hosea 4:6).

We all Have Choices to Make

Every executive order addresses reducing the budget is adding real growth through lowering energy costs. It drives the left crazy because they are finally being EXPOSED. As we are discovering, it takes an algorithm to find the corruption and money laundering. Elon is working with a group of extremely intelligent people and they have the algorithms.

Is Liberalism Dead? (In All Forms), Part 3

Modern art, modern literature, modern philosophy, modern music, all reflect to some extent a degree of dissatisfaction with industrial civilization and our anonymity within it. Some (especially the young) cast about for something more, had little trouble finding it, and this made the system as a whole vulnerable to infiltration by alien ideologies. That makes probing such ideologies essential to answering: is liberalism dead?

My Own Personal Trip Through the Devolution of Medicine

Our new Secretary of Health and Human Services will have his hands full trying to straighten out the disaster of America's healthcare. The decline started in 1984 when Dr. Anthony Fauci was appointed as director of the National Institute of Allergy and Infectious Diseases. RFK Jr. only has four years to fix 40 years of destruction. Pray for him and pray he succeeds.

Democrat Lunatics & Maniacs Want Violence

Since Donald Trump was legally and honestly elected last November, brainwashed lunatics, insane maniacs in this country whether they be ignorant, empty headed female hosts on the propaganda box (TV both "mainstream and cable...The View top of the list), college students, and their America hating professors and the Democrat/Communist Party USA have been in meltdown the likes I've never seen in my adult life and I've been in the trenches full time for 31 years.

Discovering The Meaning Of Life: What Is It?

The one thing that our third president, Thomas Jefferson wrote, "Life, liberty and the pursuit of happiness", continues to ring true in my mind for all of my lifetime. I am thankful for the luck and the privilege of being a citizen of the United States of America. That "luck" afforded me a life of personal choices and opportunities in whatever path I chose to live this amazing journey that all Americans may choose.

Wholesale Treason on the Move

Most of the time, the people engaged in these activities lack even a basic understanding of the terms they toss around. They have been Pavlov trained to simply use these labels to silence the voices of anyone who holds a difference of opinion, no matter the subject matter. Usually, the people engaged in this activity themselves are guilty of the very things they accuse others of.

A New City Made for You

The Lord Jesus has made a new city for you. It does not have the foundation of a digital city or "smart city," the false and shifting sand of "man-made climate change," which leads to destruction. Its foundation is the Rock, Jesus Christ (Matthew

7:24-27). Have a place in it. Trust in Him today!

Don't Let Your Weak Flesh Stop You

This is a once-in-a-lifetime opportunity, and that door of opportunity is open to you now...but now you must decide what you really want and need in your life. More of the same? Or something infinitely more deep and substantial? April 4 & 5 is coming up quickly. You owe it to yourself, your loved ones and God to commit to one weekend. Your spirit is willing. Don't let your weak flesh stop you.

A Good Time for the Truth

How about unity? Jesus prayed for unity in John 17. If you only gave the answer from the Word of God on any issue, there will be no division. Remember, we have no opinion or private interpretation in a kingdom with a Sovereign God. His Word is law and unchangeable. There would be no division about the rapture. The word rapture itself is not mentioned in the Bible.

Where Are Hillary-Trained Socialists Countrywide And Why Should We Care?

On the day of Donald Trump's first inauguration in 2017, Hillary Clinton used some of her former staffers and started a nationwide organization to train young socialists to run for positions in state politics, to take those "down ballot races". To spread communism at the "ground level". THAT is why we must care.

Terminate Income Tax and all Unconstitutional Expenditures!

As is my wont to increase readership and understanding, this article covers only a small part of the issues facing us, but they are the most important. Dangerous possibilities do exist from criminal invaders and Communist gangs, so don't forget to have emergency food, an AR 15 or 12 gauge and plenty of ammunition!

Democrats Showcase a Masterclass in Self- Destruction on Trump's Triumphant Night

Let's be honest: this party has been on life support for years, and the other night they pulled the plug on themselves. They had a chance to pretend at least to maintain some dignity, to sit there and endure like adults while Trump outlined a vision that, whether or not you agree, clearly resonates with the country. Instead, they opted for chaos

Bogus Myths Created to Promote Renewables

Net Zero, only in the wealthy countries that can subsidize renewables, is ineffective in achieving its primary goal and can never stop the weather changing. The impact of Net Zero policies is devastating for the economy and high productivity, electricity, all the more than 6,000 products made from oil derivatives, and the aviation, gasoline, and diesel fuels for our intensive industries in particular.

Hang Onto Your Seats! The Curtain is Being Pulled Back Everywhere

Now, Trump and DOGE must get rid of this reinvented government and put us back to a Constitutional Republic. That is the only correction that will put America back where it belongs – with individual freedom and property rights. Unless they do, we do not stand a chance.

America Needs To Take a 10 Year Pause On All Immigration

Let's look at the realities throughout America's civilization. A 747 jet plane limits its passenger number to exactly 416. Not one more person will be allowed onto that plane. A restaurant shows a limit of 110 people because that's its maximum seating. A pool limits its swimmers to 80 to make sure its lifeguards can safely watch them.

The New America First Generation

They say necessity is the mother of invention, and in that light, desperation might be called the father of shifting

political winds. While the extreme left democrat party spent the past 80-years trying to turn our constitutional republic into a pure socialist democracy, destroying everything in its path, a new generation of pro-America young people was emerging.

Either You Are Saved From Your Sins, Or You Are Still Living In Your Sins

For example, look at a man in an Alcoholics Anonymous meeting. He is taught to sit in a circle with a room filled with others dealing with the same issue, say his name, call himself an alcoholic, and at the same time, believes that he is in the right place to get healthy. Ridiculous. By the way, how many have ever heard that alcoholism is a disease?

Mr. President, Byron Donalds is a Dangerous Choice for Florida Governor

The grassroots leaders of Florida's 19th District, call Wilcoxson, "Byron's thug." Unfortunately, many people believe that Byron Donalds is a strong conservative, but the facts tell a different story. Before anyone backs Byron, they need

to do their homework, and that includes President Donald Trump.

Jawdrop After Jawdrop

Donald Trump kept his cool and good humor when most of us would not have managed that, despite the all out war waged against him for the last decade, by those he faced from the podium. Yes, it has been a decade since he descended that famous escalator and they began to fire on him, but Trump has only gained in strength and valor. A little divine intervention has seen to that.

Trump's Triumphant Vision as America's Renewal Shines in Historic Address

This was more than just a speech; it was a thunderous declaration of American greatness and a fiery testament to Trump's undeniable leadership. With unwavering resolve, he proclaimed, "America is back," unveiling a bold and brilliant vision that ignited cheers from patriots nationwide.

Canada's Descent into Globalism and Communism

Perhaps it is time for America to act. Trump's proposal to make Canada the 51st state makes sense from the point of view of exploiting its natural resources for the benefit of Americans, a strategy that would also benefit Canadian citizens and safeguard their country in the process.

Trying To Figure Out Transgenderism, Identity, Gender And Reality

As to transgenders, the fact remains: a DNA biological male can "identify" as a female all "he/she" wants, but his XY chromosomes will NEVER be changed into XX chromosomes. "His" or "her" mind may choose another gender, but his body will never switch genders no matter how many drugs he/she/it injects or consumes.

Good Help Is Hard To Find and DEI Insanity

Delving deeper into this company, I learned that they're deeply committed to their DEI programs. Diversity, Equity and

Inclusion...but clearly their workers don't know and don't care what they're doing. My experience with DEI was frustrating. In other occupations it can be deadly. I wouldn't want to fly an airline with a DEI-hire pilot. Or trust a surgery to a DEI-hire doctor.

A Good Time for Truth

Christianity is about an intimate relationship with a living person – Jesus Christ. We must get to know this Living Deity who knew us before we were formed in the womb (Isaiah 44:2) and who has inscribed us on the palms of His hands (Isaiah 49:16). “My people are fools; they do not know me...”

Solutions not Therapy Sessions

In 2021, Oregon's Democrat majority passed Senate Bill 762, with a handful of bipartisan supporters, as a comprehensive wildfire management bill, also known as the Fire Maps bill. This bill was introduced to forestall future outcry that might erupt as details about negligence swirled in the news following the devastating Paradise, CA wildfire.

Coup in 1913- Income Taxes Replaced Tariffs, Destroying the Constitution

The 1913 Coup resulted in the government being funded by income taxes rather than by tariffs/excise taxes, which had funded the government since the founding. At the same time we also got the unconstitutional Privately-Owned Federal Reserve Bank and Tax-Free Foundations, which were an essential part of the Coup to enslave us.

Nothing Liberal About Them

Over the years, the “liberal” party in the United States, the Democrat Party, has evolved from a pro-American, anti-war, pro-peace, blue collar taxpayer party, into a full-blown anti-American extreme left lunatic party that champions everything wrong in the world, and works around the clock to undermine and destroy our Constitutional Republican form of self-governance.

Gold: Its 6000-year Record And Uses

Help them all you can. Work to vote out every piece of anti-

American scum in every county and state in 2026 and beyond. We need a margin in Congress of real Americans, instead of those working for their own bank accounts to the detriment of our freedom. Pay attention to what is happening in each state, listen to what they say vs. what they have done.

Small Modular Reactors will Benefit Developing Economies

When we consider the needs of developing economies, we have no choice but to consider that access to electricity is a crucial cornerstone to alleviating poverty, promoting economic growth and improving living standards. It is an essential social and economic indicator. The link between electricity and GDP per capita is one of the strongest correlations in the social sciences.
