

15 Predictions for 2025

What we can be sure of: human nature will be the same this year as it was last year. People will still try to get as much as they can, with the least possible effort. Most will continue to coast through life. They will still respond to incentives or “nudges,” except for that small minority that figures out the incentive structure encircling them and ignores, escapes, or thwarts it. Such people might actually develop free minds.

Federal Government has No Legal Right to Function as a Criminal Enterprise

In a few words, President Trump has the constitutional power to reinstate the Republic in all its glory without the help of Congress or anyone else. But President Trump has not indicated that he will do it. His present plans will not drain swamp or avoid a catastrophic economic decline. More on this in the next article.

Recycling for Sustainable

Electricity is the Key for Future Generations

By harnessing the power of waste, or utilizing new innovative technologies, we can focus on continuous and reliable electricity through recycling tires and plastic waste to help reduce our reliance on coal and natural gas, reduce the landfill footprint, protect the environment, and create a cleaner, healthier world for generations to come.

Denzel Washington, Hollywood's Liberal, Named In Sexual Pedophile Ring

In conclusion, these actors, who just think that they are playing a part along with these politicians who think that they are above the law (Isaiah 14:12), are quickly finding out otherwise. How are the people in this country going to hold them accountable for making a prey of their children (Luke 17:2)?

The Unmitigated Gaul,

Incompetence and Corruption of Joe Biden

If we Americans continue to vote people like Schumer, Pelosi, AOC, Rashida Talaib (Muslim), Ilhan Omar (Muslim), Brandon Johnson, Gavin Newsom, Hickenlooper, Bennet, Polis, Biden, et al., we Americans are putting a noose around our necks, while they pull the drop cord that lets us die a miserable death.

MAGA Blowhard Bannon Sabotages the Trump Agenda?

In the second Trump term, Musk will deserve special protection, since he is a key figure in what Trump promises to be a “Golden Age” for America. But he won’t be able to accomplish anything for America unless a few Republicans in the House under the influence of MAGA blowhard Stephen K. Bannon stop sabotaging Trump’s choice for Speaker of the House.

Either You Own Property, or You Are Property

That was done in 1969. Most people today think that we, who have been telling them about the global “elite” plan, have

made it all up. Yes, it was made up, but not by us – it was made up by them to wrest control of the entire world and control all of us.

Resolve to Know the Truth

The New Year is upon us. Many have made resolutions that they will fail at and toss aside in about 10 minutes from now. I made a resolution too, but I doubt I will fail at it. I'm going to think differently and not succumb to the world's ignorant, destructive, perverse ways.

New Year

As we prepare to celebrate another orbit around the sun and look forward to a new year, let's remember the lessons of our past year and use them to make next year better. Let's not make the perfect the enemy of the good. By which I mean, don't be put off by the fact you cannot fix everything, just fix something.

The Moral Achilles Heel for

MAGA

Our local pastor gave a Christmas Eve sermon on why the birth of Christ was God's D-Day invasion in a spiritual sense of the Roman Empire. It was an interesting analogy. The influence of Christ lives on but America's reputation as a Christian nation does not.

Ms. Candace-Pretty Little Virulent Racist

Pretty brainy Black girls who were born into the right era came of age during the Obama regime. But sometimes those pretty brainy Black girls realized that if they wanted to get noticed, they could never join the poor-me, I'm-a-victim, racist mantra of Obama's Democrat Party.

“Anchor babies” are NOT Automatically U.S. Citizens – Part 1

Members of the Democrat/Communist Party USA, voters and elected officials, all have their panties in a wad about separating illegal minor alien children from the parent(s). Their biased attorneys all try to use the Fourteenth Amendment

as proof that an illegal mother who gives birth on U.S. soil, that baby is automatically a U.S. citizen. Wrong.

Tying This Year Up In A Bow: 2024

Without a doubt, 2024 brought America some big HIGHS and some horribly sad LOWS. Good things happened most of the time and some really BAD things happened that shake-up your faith in humanity. Let's examine a few of them.

Blessings

I just think that, looking back over this crazy incredible year, perhaps the Lord has shown us that He wants our help, too, to turn our ship of state away from the rocks of evil, so that our course may be corrected, everywhere, with peace and a plan, instead of violence and bloodshed. So many of you have helped already. I am constantly in awe of your efforts, everywhere in every field. Thank you.

A Rude Awakening is Headed Our Way

We are paying for the mental and moral destruction of our seed. I have been warning parents for years now and sex education gets worse every year. I see no evidence that most parents really care. Nothing has been done by parents. Like other evil in America, we tolerate it. It has been proven what a nation tolerates, seldom do they ever change it!!! Of course, the churches are silent.

The Coming Wave of Anti-Corporate Terrorism

Let's hope the FBI isn't fooled by this. Mangione isn't alone. He is just one member of a network of environmental rights extremists, other eco-socialists, and anti-technology activists. Their tactics in the past have included bombings and arson attacks but the assassination of UnitedHealthcare CEO Brian Thompson suggests a new and ominous turn of events, coinciding with President Trump's return to the White House.

Oregon State Office Swapping

As the your newly elected state Senator for District 28, I predict, we will see more problems arise because of a failed

mindset that places too much faith in government. I've been involved at the capitol long enough to know that political players tell stories.

Three Existential Threats to the West at the End of 2024, Part 4

This is a deadlier threat than man-made climate change, even assuming that's real and not another hoax perpetuated in the name of The Science. We'd go from global warming based on computer models and hockey sticks to a sustained multiyear winter in the real, physical world: a veritable ice age that would reduce the small fraction of the human race that survived to hunter-gatherer status, if even that.

Holidays: State and Federal

So if these holidays were originally set aside for special religious observance, shouldn't we take this opportunity to restore them to that high cause? Why not start with Christmas? I'm not saying we have to give up our traditions, but wouldn't this be a good time to remember the purpose of the holiday?

Foreign Agents in America

On Page 25 of Volume 2 of my Conspiracy series, I wrote how my mother's nurse in the Covid ward of the hospital was from Wuhan said, "The Chinese Ministry of Health assigns me where to go." In the same city as the hospital, at the rehab facility, mother's physical therapist said he was from Siberia.

Someone Is Always Singing Somewhere in the World

Back into the sunshine of the day, we remounted the bikes for our journey through the enchanting countryside of Tuscany. I thanked Gary for his friendship. I thanked the children for their voices. I thanked my lucky stars to bear witness to the beauty humanity offers in music, spiritual quest, and architectural beauty.

The Moral Degeneracy of the Catholic Pope

It's bad enough that President Trump will have to deal with wars and rumors of wars and the "enemies within," such as the intelligence agencies. Now he will have to take on the global agenda of the pope.

Christmas: Did The Apostles Memorialize His Birth, Or His Death?

People make much of the birth of Christ, but did you know that in the Bible, we find no record that the New Testament Church ever celebrated Christmas? Don't get me wrong, I don't think it's wrong to celebrate the birth of Christ. However, when it comes to a memorial, the New Testament Church didn't have a monument to remember the birth of Christ.

Three Existential Threats to Civilization at the End of 2024, Part 3

A week or so ago Doug Casey's daily International Man newsletter featured Nick Giambruno's account of the dangers of public indebtedness based on a history of how debt cripples civilizations. Many of Giambruno's observations dovetail nicely with Peter Turchin's.

The “Christmas Thing”

It's Christmas, with all the joy and frenzy and shopping, and food, and family gatherings, and it's the Celebration of our Savior's birth, a giant birthday party. Can you say Hallelujah! I love Christmas...I simply love it!

It's A Wonderful Life With Jimmy Stewart and Donna Reed: But How And Why?

So, this Christmas, wherever you are in your life, whatever your age, whatever your family, and whomever your friends—take stock of your blessings. Please know that your friends depend on you for laughter, fellowship, listening ear, love and heart. Many times, they cannot express it, but each person they touch, or you touch, makes a difference in all our lives.

His Birth, His Death. His Resurrection

As Washington knelt in the snow during the winter of Valley Forge (1777-1778), most likely feeling such despair as to overwhelm the average man, he put his faith in God and his sword to freedom. We ask for God's blessings, for strength to

fight for what's right and to keep our troops safe as we work to bring them home.

My Christmas Message – A Time for Truth – Insanity

It looked for a while like America was waking up to spiritual things. But most Christians still refuse to face reality. While darkness is overtaking our nation and our enemies are gathering all around us, there is no sense of urgency in our churches. Christians today are doing the same thing that caused our nation to be over taken by this evil

Birth of the Antimesiah (Antichrist); June 2022?

Some may be disturbed that someone would speculate and post “innocent” baby pictures of who the Antimesiah (Antichrist) may be. After all, it can be emotionally reasoned that all babies are innocent. Yet we are called to watch for the signs, and this child may very well one day assume the role of the Antimesiah (Antichrist).

The Light of the Gospel Dispels the Darkness of Marxism

Jesus Christ, the giver and sustainer of life, freely grants reconciliation with God and eternal life to all who trust in Him. He is the unquenchable light that dissolves and blots out our sins and continues to shine through His Church to scatter the darkness of satanic philosophies like Marxism that cause enslavement, destruction, and death.

American Policy Center Promises Support for Anti-UN Legislation

DeWeese pledged that APC would work to create a steady flow of pressure to Congress to pass the DEFUND Act by gathering thousands more petitions in support of the bill; provide leadership and training of local activists to organize local "Exit UN" rallies; and even create a telephone call-in to Congress to keep their office phones ringing.

They Want to Kill Elon Musk

Having failed to kill President Trump, they next target Elon Musk, probably the smartest man in the world and the key to America remaining a military and economic superpower in the world. He is a leading force in the new technologies, especially AI, cryptocurrencies, and space exploration, which promise what Trump calls a “Golden Age.”

Trump Expected to Annihilate California's 'Green Mandates' – the Most Radical in the World

At the expense of its residents, who are now paying the highest costs for electricity and fuels in the nation, California's Governor Newsom remains oblivious to the other 8 billion on this planet that are dependent on the products and fuels from oil, the same oil for which there is no known replacement.

Yep... Still the Smartest Guy

in the Room

Why these questions? Because of the great number of people he has appointed to high positions in his upcoming administration who have longtime leftist connections, have themselves played for the other team, and have eye-raising suspicions about their backgrounds or associations.

Three Existential Threats to Civilization at the End of 2024, Part 2

Bottom line running through this discussion and its predecessor: economic inequality beyond what may be expected from Pareto distributions, combined with the sense that those in the Big Club have cheated to get where they are, is fundamentally destabilizing. As recent events may have shown, it eventually provokes violence against elites.

Sanctuary Cities: A Growing Nightmare for American Citizens, Part 2

What is the answer to Sanctuary Cities? We must demand our Senators and House Reps to outlaw them, once and for all.

Those leaders of those cities need to be thrown into jail to get the point across. They can start with my Denver Mayor Johnston. He's willing to go to jail to protect our 45,000 illegals in the State of Colorado.

Stop the 'Green Hallucinationists' Plan to Close all 200 Coal Power Plants

Hope is on the horizon. The landmark US Supreme Court Chevron case has taken much of the teeth out of overzealous federal bureaucrats. US Senator Steve Daines of Montana has proposed legislation to keep coal mines operational.

Everything is About Trust

We the People – our storm and drug-trafficking victims, which were directly created by government malfeasance. How about those cast into middle-class working poverty by the hideous economy they have wrought? What of the millions who have been murdered by Big Pharma and the AMA, in their incessant lust for money?

Standing Alone With Christ!

He has seen the feigned and phony (under false pretenses, counterfeits, the emotional drama, and the hypocritical betrayals within and without), and now he stands tried and true to His Lord in the fires of afflictions (1 Peter 4:1) and is now at peace with Christ. He's complete with Christ, and with Him alone (Colossians 2:10).

Three Existential Threats to Civilization at the End of 2024, Part 1

Three dangerous conditions afflict our civilization. They are: (1) massive and worsening economic inequality, (2) massive and worsening state indebtedness, and (3) the threat of nuclear war.

The Loss of the Western Soul

There are three spiritual bonds that feed the soul and satisfy the spiritual needs of Western man. The more these bonds are strengthened, the more at ease people become personally and

the world around them. Indeed, these provide the foundations for both happiness and success in life.

Corrupted Census

For my entire adult life, I've only answered a handful of questions on the census. My name, my address, and the number of people who live in my house. This went from a decennial nuisance to a regular infringement on my rights. Contrary to what it says on the Census envelopes, not only is your response not required by any legitimate law, but their repeated searches for information is the violation of the law.

What Are Sanctuary Cities REALLY Costing American Citizens?

I want to scream or cry as I research what our idiot "Sanctuary City" mayors and governors are doing to us. It's a fact that Joe Biden, Kamala Harris, New York Governor Kathy Hochul, and Mayor Nick Adams directly are responsible for killing Laken Riley by an illegal Jose' Ibarra whom they set free after he was arrested in their jurisdiction.

Winning the War, Battle-by-Battle

Our kid's, grandkid's and great grandkid's entire future hangs in the balance of our actions! Never accept failure. Never leave the winning up to others. True Americans are not "wait and see" Americans. We are not victims of circumstances. In this great country of amazing patriots, we create our own circumstances! We don't leave our future to mere chance...

Absolute Real Biblical Christianity

Paris Reidhead said in a sermon, "Paul warned us in Colossians 2:8 not to be taken captive by philosophy and empty deception but today our subtle philosophy and deception is religious humanism. You can define religious humanism as a philosophical statement that declares, "The end of all things is the happiness of man."

I Hope Trump Can Survive the Resistance?

Chuck Mason's comment in the American Thinker is a wise one: "The majority of the country did not shift to the right; the

Left still has a solid competitive base. If you disagree, ask the 48.5 percent of Americans who thought four more years of the Biden administration on steroids was good for the country.”

250,000 Military in 150 Countries are at Risk of Dying for Profits

How can you say that our military dead were not killed defending our country? They in fact died thinking they were defending America, and this is what they were told. This was a damned lie. This fact in no way demeans their sacrifice and heroism or our appreciation of their service.

The Rise of the Cult of Individualism

By concentrating solely on satisfying personal egos to the detriment of a wholesome, well-ordered and smoothly working society, they push the belief that individualism should be held as the highest and most noble virtue, a worldview that can be detrimental to the natural human tendency to form cohesive groups.

Trump Understands that America is Vulnerable

Americans are optimistic that President Trump can solve the nation's domestic and foreign policy problems. But some of his critical nominations and actions indicate he is extremely worried about what lies ahead and wants to at least temporarily appease those who can do America harm.

Federal Tort Claims Procedure

One of the reasons I like answering questions is they prompt me to look at things I hadn't thought about before. Take for example the recent request I had to review the Federal Tort Claims Procedure. While I review lawsuits regularly here, I'd never taken the time to look at this particular legislation.

White Guilt and the Demise of Western Civilization

At this point, hopefully, Donald J. Trump stops the invasion, kicks out the invaders, and restores America to law and order. Because if he doesn't, some historian will scratch his or her

head and beg the question, "Why did America allow itself to be invaded, destroyed and tossed onto the rock pile of history?"

Sayonara Obama, and Don't Let The Door. . .

When it became obvious that Dementia Joe was not going to be re-elected, Obama and his minions replaced him with Biden's goofy DEI VP whom they were sure they could control. No open primary, no "democratic" election of the DEMOCRAT candidate. No, my friends, they needed someone in the Oval Office that Obama could control...hence Kamala.

True "Birthright" Citizenship

This issue may become a front-burner issue in 2025 as incoming President Donald J. Trump has publicly stated that he intends to do away with "birthright citizenship" due to the misuse of the 14th Amendment to grant legal citizenship to "illegal aliens," just because they made it across our border "illegally" to have a child, accurately referred to for decades as "anchor babies."

The Return of Communist Terrorism and the New Targets

A new FBI director like Kash Patel, the nominee of President Trump, can refocus the attention of the Bureau on the real and present threats to America and leave law-abiding citizens alone. Patel served as the Deputy Director of National Intelligence, Chief of Staff for the Department of Defense, and National Security Advisor to House Permanent Select Committee on Intelligence.

Don't Expect The Lord To Do For You What He Has Commanded You To Do

What would you think of a person who claimed to be a man of God who sought office to represent the people in upholding the Law against the lawless? Once he gets elected, his constituents are then invited to his prayer meeting at the Capitol only to ask the Lord to do for them what this man has been put in office to do.

Change the Debate and Take

Back Liberty Locally

Most Americans tend to think of private property simply as a home – the place where the family resides, stores their belongings, and finds shelter and safety from the elements. It's where you live. It's yours because you pay the mortgage and the taxes. Most people don't give property ownership much more thought than that.

Four Tough Years – and Rumor of DeSantis as Possible Sec. of Defense

To the relief of most of the world, Donald Trump was elected to a second term in the White House. He has won. The job he won would terrify any one of us if we had to do it. He will be doing battle every minute of every day. – for his very life as well as for ours. He will be attempting to turn around this mess we've been living through. The Obama-Biden gang has wounded us, and has plans for more.

Christmas Gift to the World: Courageous Doctors and

Scientists Who've Risked It All

Then more and more courageous doctors and scientists in dozens of countries who still believe in "do no harm" come forward with case history of those who took the injections which are bioweapons, not vaccines. Like Dr. Peter McCullough and a hundred others who had the courage to speak the truth using science, not some "fact checkers" employed by the prostitute media who were/are not doctors or scientists.

Dichotomies, Woke-ism, Transgenders, Insanities of All Kinds

What does all this confusion, chaos, dichotomies, transgenders, woke-ism, Muslims chanting "Death to America", killings, massive drug use, Sanctuary Cities, \$36 trillion national debt, mass and endless immigration out of the third world, infrastructure crumbling, killing a CEO walking on a city street--all boil down to?

Socialized Medicine is the

Motive of the Assassin

There is an ulterior motive behind the cowardly campaign that involves the killing of a health care CEO. Don't be fooled by the media attempt to make the assassin into a folk hero. He is an assassin cut from the same mold as those who tried to kill President Trump.

When God Laughs

Some may wonder why actors who experienced the horrors of World War II, were taken from or fled their homes, and lost family members in Nazi death camps would be involved in such a show. Perhaps they understood that a merry heart, laughter, can be like medicine to the body and soul (Proverbs 17:22) and bring some healing to the traumas they experienced.

How Long do We Hold on to What God is Now Rejecting?

We have been given power to thread on scorpions (a type of demons) and to pull down demonic strongholds. If we walk in the Spirit and in truth, it will set us free to live and do the greater works of Jesus. But we must be ready, on the alert, and let no one mislead us. Guard your heart and take up your cross by dying to your flesh so His Spirit can prevail in our life.

Illegals, Come One and All, We'll Give you Thousand\$ to Kill and Rape

It has been almost 10 years since 5-times deported illegal immigrant Juan Francisco Lopez-Sanchez murdered Kate Steinle in San Francisco. The country was outraged. Today, we are inviting this behavior – on a scale that is unfathomable.

Conservative Sex Scandals and Conduct Unbecoming?

“In 2004 Hegseth married Meredith Schwarz; the couple divorced in 2009. The following year he wed Samantha Deering, and they later had three children. In 2017 Pete Hegseth had a child with Jennifer Rauchet, who also worked at Fox News. Later that year he and Deering divorced, and Hegseth married Rauchet in 2019. At the time he also became stepfather to Rauchet’s three children from a previous marriage.”

Pearl Harbor Attack Dec. 7, 1941: Survivor S. J. Hemker Remembered

Hemker had four sons. All four, like their father, are veterans who served in the Vietnam war. Hemker had no biological daughter. But, in his declining years, he had for more than fifteen years lived in his own room in the home of a loving “daughter-in-fact” if not of biology, Sue McConnell, and her husband.

Going Bananas

The US emerged from WWII as the top banana. Entering the war late, undamaged by the fighting and bombing domestically, except for the sacrificial lambs left to be liquidated at Pearl Harbor in the false flag firestorm meant to fire up the public for war, FDR could use the war as a means to get out out of the Great Depression by manufacturing whatever wherewithal our allies needed.

Federalist and Antifederalist #1

I don't believe a serious study of the Constitution can be

made without looking at the public debates over the document. After the Constitutional Convention sent the proposed constitution to the states for ratification, a great debate was had over its pros and cons. Supporters of the document as proposed, Alexander Hamilton, John Jay, and James Madison, published essays in New York State newspapers under the pseudonym Publius.

Communists on the March as Trump's Picks Self-Destruct

As if wars in Europe and the Middle East were not bad enough, the communists have just conquered South Korea. If you blinked, you didn't notice it. The communists won without firing a shot. In fact, anti-communist President Yoon's declaration of martial law, designed to save South Korea from the communists, was quickly reversed by the enemies within

Drain the Swamp 2025

The mission 2025 is to "drain the swamp." Trump is going to need the help and backing of all 76,779,944 American voters who just chose him to lead this mission. Now is not the time to rest or wait to see what happens next. Now is the time to stand all day every day with everyone committed to achieving this mission.

See, I Told You So!

Millions of dollars made...millions of people dead. This is critical for you to understand. People died WITH covid...not FROM it. The treatment killed the patients. Again...it was all FAKE...the man-made virus and the man-invented response to it. Here are some lowlight admissions from the fraudulent, Christ rejecting American government. You can find these within the report.

Joe Biden: Liar in Chief, Scam Artist, Outright Dementia Victim

Those 15 million plus illegals and their birthrates are going to cost America greater consequences in the coming years. In fact, all immigration will drive us toward adding 100 million more people, net gain, by 2050, that cannot be sustained. We face a "Faustian Bargain" with a "Hobson's Choice" ending. The drugs will cost tens of thousands of kids their lives in the coming years.

Does This Sound Like Israel?

Conclusion: Long ago, Benjamin Franklin warned us to not to give ear when the government tells you who the bad guys are, and this goes for the good, as well (Isaiah 5:20). Why? Because if we are not careful, the corrupt will have you hating those who are being oppressed and will have you loving those who are doing the oppressing.

Communists Threaten South Korea From Within

If you want to see what it might take to save America from communism, look to South Korea, where a brave conservative president has just declared martial law and has ordered patriotic soldiers to identify and detain the enemies within. South Korea faces Communist North Korea, backed by Russia and China...

Prosperity not Potholes

And, while my last electoral effort didn't pan out as hoped, I look forward to staying engaged with other freedom advocates and individuals who recognize the beauty of our constitutionally federated republican form of government.

Enhancing Career Readiness with Transferable Skills in Higher Education

It is crucial to shift away from generic soft skills workshops and toward a more nuanced understanding of transferable skills as discipline-specific competencies. Career readiness is not merely about acquiring abstract abilities; it is about understanding how those abilities manifest in specific fields and how they can be honed to meet industry demands.

The Indoctrinated Brain – What’s Been Done & How

Over the past couple of decades, we’ve seen a nation toss common sense, self-determination and individuality to little more than recipients of carefully planned dumbing down and sheep-like compliance. Collectivism – embrace the deadly poison promoted by Karl Marx.

Tulsi Gabbard-gate Now a Full-Blown Scandal

President Trump called former intelligence analyst Edward Snowden a “traitor” and a “spy” who should be executed. Lt. General Michael T. Flynn, his former national security adviser, had declared in congressional testimony that Snowden’s disclosures did “grave damage to the Department of Defense and go far beyond the act of a so-called whistle blower.”

Things That Need Fixing in 2025

What about the fact that our war-making machine, The Pentagon, with an \$833 billion annual budget has failed the last seven audits, and that billions, if not trillions of dollars have been squandered-siphoned-ripped-off by the Military Industrial Complex corporate heads?

Don't Waste Time on Religious People

Jesus set the example for us as He did not waste His time on religious people who had their own way to heaven worked out.

We are now living in the time of the great falling away. "Let no man deceive you by any means: for that day (the coming of our Lord Jesus Christ) shall not come except there came a falling away first." (2 Thessalonians 2:3)

Observations on the 2024 Election

In conclusion, the Constitutional Alliance has taken the position for almost two decades, there must be an exemption from mandatory biometric enrollment for those who choose not to be in a global system that will at some point be able to identify people and control the ability of people to buy, sell, travel, and work. Such a system is nearly complete.

Congressmen Who Vote For Unconstitutional Laws Are Traitors!

Congress continues to operate as a CRIMINAL ENTERPRISE by ignoring the Constitution and financing invaders, which is also Constitutional Treason. Congress continues to fund countless unconstitutional departments and functions of the federal government to centralize power and impoverish the people.

Donald Trump's Resilience Amidst Deep-State Targeting

While media perception continues to attempt to deeply divide, Trump's narrative of resilience continues to resonate with his supporters, reflecting a broader struggle for power and representation in American politics.

The Experts, Science, Medicine—All Amazing, All Fallible

For thousands of years, going back to the Bible, women have wept and grieved and pleaded to God over their miscarriages. Indeed, it took all these millennia for modern-day pharmaceutical companies to develop solutions to this ongoing nightmare. In the 1940s, they were happy to offer doctors the ability to...

Exploring To The Edge Of The

Map

During this Thanksgiving week, let's take a rest from the grief and tribulations of the world. Let's plan on exploring to somewhere new, somewhere else, somewhere to the edge of the map. Someone once said, "The best road is the one that leads to the horizon." Some pedal for emotional peace.

Why the "Red Wave" Never Crested in 2022

He has also toured the country holding townhall meetings to support the Dems. At these events, he was looking to recruit more influencers who are well-known personalities in the areas of beauty, fitness, lifestyle models, and even comedians to reach young people online and urge them to vote for leftists.

Another Russia-gate Scandal for Trump

As Senator Kyl indicated, Snowden has been embraced by some on the right because he poses as an enemy of the same "Deep State" targeting Trump but he is today living in Russia, after having traveled through Chinese Hong Kong.

Giving Thanks

On October 3, 1789, George Washington issued his Thanksgiving proclamation, designating for “the People of the United States a day of public thanks-giving” to be held on “Thursday the 26th day of November,” 1789, marking the first national celebration of a holiday that has become commonplace in today’s households.

I’m Grateful Today

I don’t want this to be a cheesy Thanksgiving-is-a-good-thing commentary, but, rather a genuine moment of reflection on how blessed we all are and don’t even realize it. The focus of soooo much of what we discuss deals with the negative...things that are wrong with our lives...that I hope to change your focus a bit. After all it IS THANKSgiving Day.

Is America Worth Saving?

We are beginning to see the FURY of the Left, as they realize that President Trump means BUSINESS. He is not fooling around. He intends to fulfill as many campaign promises as possible!

Turkey, Cobbler, And Gobbling

I always do turkey for our small church group's thanksgiving the Saturday or Sunday before thanksgiving. Potato, yams, parsnips, carrots??? ... The Pressure cooker is your friend! I get a five pound bag of medium spuds. Cutting spuds & parsnips in half lengthwise, then carefully stacking the pot a little more than half full with the soft/flat sides up, with a couple inches of water.

God Hated Esau But Loved Jacob – How So?

God loving Jacob and hating Esau has nothing to do with the human emotions of love and hate. It has everything to do with God choosing one man and his descendants and rejecting another man and his descendants.

Disastrous Choices Are

Sabotaging Trump's Victory – Part 3

At this point in the transition of power, I am appalled at many of Trump's choices for his second term. Yet, the conservative pundits and talking heads are lauding Trump's choices from Tulsi Gabbard and Kristi Noem to Mike Waltz and Pam Bondi. Telling the truth at this point would put a damper on the massive victory.

When is a Gun a Gun?

In the case *Garland v. VanDerStok*, the issue seems to come down not just to what the definition of a firearm is, but who gets to decide. What seemed to be forgotten in the oral arguments is the fact that an 'arm' by any other name, is still protected by the Second Amendment.

4B Movement: Latest Radical Feminist Caper Illustrates the Clash of Worldviews

It's often said that we live in a lonely society. While the digitization of everything and everyone is doubtless a factor, radical feminism preceded the Internet and social media.

Equity feminism stressed equal pay for women for equal work and equal experience, something all of us who consider ourselves fair minded supported.

Live Life in Radical Amazement

During this season, when Christmas arrives, my church offers six candle- light services. It's an incredible sight to sit in the back when 1,500 people raise their candles to wish humankind peace, abundance and good will toward all. We wish the best for our loved ones who have passed. We wish our best to all faiths, all paths to God, and all spiritual energy toward the world.

Soros-Funded Agent Installed at Treasury Department

After telling us for years that Soros-funded prosecutors were a threat to our system of justice in America, Fox News is now touting the nomination of a Soros-funded financial operative, Scott Bessent, as Secretary of the Treasury, where he can do enormous damage by destabilizing the U.S. financial system.

Is The Federal Death Administration (FDA) at it Again?

Thanksgiving is in four days. From all I've read, yes, some dog foods are turkey but not the same as you might be cooking: no spices, onions, etc. You might wish to look up feeding your furr baby turkey on Thanksgiving – especially not giving them turkey bones. While families across the nation give thanks for blessings, please pray for our fellow Americans who are suffering.

Slave of The Illusion

As you pick up the surface behavior, you also take on the more secret evil and its purpose. In turn, the conflict you feel inside makes the psychopath seem more attractive and compels you to look up to him even more—to the end that he will glorify you again.

Appalachia Needs Help – This Is Real

Meanwhile, the mud that now covers everything is highly toxic, contaminated with “forever chemicals” that have been stirred

into the mix from chemical plants and factories that were destroyed. Some have called it “East Palestine, Ohio “times” a thousand.” Cadaver dogs, and horses used to reach those trapped in the mountains are dying from the poisonous mud.

The Heart and the Way We Think

So, most of the Body of Christ in America has totally missed God’s purpose for the Kingdom. Life for the modern man in the East and West needs something to give total meaning to an otherwise fragmented life. He knows everything about life except how to live it!!!! But American religion offered the American way of life instead of God’s way of life – the Kingdom of God.

Deep State Wins First Victory Over Trump

With the character assassination of Matt Gaetz and his replacement by lightweight candidate Pam Bondi, MAGA’s only hope is that President Trump will himself take control of the Justice Department and order charges against former President Barack Hussein Obama and former presidential candidate Hillary Clinton for their roles in the Russia-gate scam.

Why We Need Freedom Pods NOW!

This election showed us very important information – that America is, for the most part, conservative, that Americans want the government our forefathers fought for and so diligently and wisely put together for us. Trump won both the electoral vote and the popular vote, something not done since George Bush in 2004.

Unverifiable Elections are Uncertifiable

The 2024 election victory isn't the finish line, it's the starting line of a New American Revolution to reinstate Constitutional government in D.C. and in every state and city across the country. No political leader has the power to accomplish this alone. But over 76-million Americans do, if they only will!

Who Will Vet the Vettors?

Without doubt, globalist-aligned dissemblers will seek to burrow into his Cabinet and beyond, pretending to be MAGA supporters. And since we can't see into the human heart,

rigorous vetting is the best tool we have to keep such quislings from gaining a foothold in Trump's administration. Remember, this may be our last chance. We can ill afford mistakes.

Why the Deep State is Afraid of Matt Gaetz

I urge everyone to watch the video of Gaetz grilling the FBI director. Then watch the video of Gaetz grilling Attorney General Garland. Gaetz understands the problem and the solution. He can get the job done.

Kamala: If Elected, I Wouldn't do Anything Differently

Thus, for Kamala Harris to pretend that she deserves anything more than disdain from Laken Riley's family, and residents from all the cities and towns like Springfield, Ohio, and all the military families who lost loved ones—Kamala should examine herself, find incredible incompetence and escape back to Jamaica or India.

It is Impossible for Trump to Drain the Swamp Unless He Obeys the Constitution!

Let me also state that it will be impossible for Trump to drain the swamp or avoid devaluation and a great depression unless he follows the Constitution in all respects. I will support President Trump as long as he takes this unique and rare opportunity (first time in history) to return to a Constitutional government and economic stability.

San Francisco v. EPA – Oral Arguments

How California handles its water quality is their business. Placing a federal agency in the middle does nothing but add more bureaucracy to an already bureaucratic nightmare. Maybe that's why the framers limited Congress to only making laws necessary and proper for executing the powers vested by the Constitution in the government of the United States.

The Wrath Of God Abides Upon The Children Of Disobedience

The music industry and the movie industry put up their fallen stars to promote lyrics and immoral agendas that promote murder, fornication, drug, and alcohol use. The people then emulate that to which they have affixed their eyes and ears, and then cannot understand why they are reaping a curse upon themselves and their country (Matthew 6:23).

How to Make AI Intelligent and Save America \$2 Trillion

Making AI intelligent and saving America \$2 trillion requires using the scientific method to reject climate fiction and to reject the false idea that consensus determines scientific truth. Consensus determines opinion, not truth.

Let Me Count the Ways Liberals

China's President Xi Jinping congratulated Donald Trump on his U.S. presidential win and urged both nations to find the "right way to get along," as looming U.S. tariffs threatened to return, as they did years ago.

Food Industrial Complex: Poisoning and Polluting Our Food Supply

The average cow and chicken are fed or injected with nine chemicals to make them fatter, grow faster and also withstand the chemical assaults on their bodies. If Americans witnessed a Montford cattle yard, and how horrible those animals live, they would puke. If they saw the inhumanity to chickens, pigs or turkeys, they would vomit emotionally and physically.

Detransitioned Teens: Regret for the Rest of Their Lives

Another horrible crime against humanity. Parents should find out exactly what their child's school teaches or promotes this butchery – mostly in secrecy so parents don't find out. Keep them away from social media (Tik Tok, etc) and the poison plastered all over about how wonderful it is to have your penis removed and a new vagina!

Mr. President, Who On Earth is Vetting Your MAGA Appointees? Part 2

Nesheiwat served on the World Economic Forum's Global Advisory Council on low-carbon energy transformation as well as an international affairs fellow with the Council on Foreign Relations. Nesheiwat is a visiting professor at the Naval Post Graduate School on Energy Security and has lectured at Stanford University and the University of California San Diego.

Something God Cannot Do

In the same statement made by Jesus of being the only way to God, He promises to prepare a place in His Father's house for all who trust in Him and come again to take them home to be with Him forever (John 14:1-3), where there will be fullness of joy and peace, and a permanent refuge from the father of lies, the devil, and all who practice his ways (Revelation 22:13-15).

God Gave America a Second

Chance, Don't Blow-it

Lastly, I do believe the next few months, and possibly years, will be times of violence, because the devil never sleeps, nor do his demons. Brush up on your spiritual warfare skills, because we're now entering a time like no other. Watch, pray and take action.

America Received A Second Chance

We failed to become that nation because we would not keep God's commandments. We have never turned to God; we have always turned away from God. But God loves His people and is still waiting for us to come to repentance. 2 Peter 3:9. How long will God wait until His wrath comes?

Be A Living Monument

Now, if others are similarly drifting through life, and similarly take up with the same newfangled foreign philosophy, that should give you the impetus to fight the newfound folly going on. These fools are fooled by the foolish notion that they are acting out their own "truths," free from the forces of history.

Trump's Victory, the "Educated," and the "Un- Educated"

Many American conservatives, he said, didn't vote for Trump because they thought he was a savior. They voted for Trump they despise his most visible enemy: the organized left. They see leftists as both dishonest and power-hungry, and think you'd have to be blind to miss it.

America, If We Can Keep It

President Trump spoke directly to the American people. He did not divide. He didn't care who they were, what jobs they had, what color, what ethnicity, what gender. To him they are Americans who have come together to Make America Great Again. Surprisingly the people feel the same.
