

How the States Can Suppress Illegal Immigration

In addition, it would not be amiss for “the people” to make crystal clear that public officials’ failure, neglect, or refusal to act immediately and effectively to obviate these “grievances” in exact accordance with the proposals for “redress” presented by the citizenry will constitute further “grievances”, leading inexorably to “redress” in the form of those officials’ removals from office—to be followed in due course by appropriate punishments for their derelictions of duty.

The Bill of Rights and the States

When I sat down and read the Constitution for the first time, I was struck by two things. First, how much I had not been taught in school. Second, how much of what I had been taught was absolutely wrong. This idea that the Bill of Rights did not apply to the states until 1868 and the ratification of the Fourteenth Amendment is one of those things we’re taught that’s absolutely false.

Activities In the Last Days

The Body of Christ in America, with obedience to the Holy Spirit, is going to clean up this spiritual mess we have allowed and tolerated in this nation or God is going to judge us and our punishment will be swift and very painful as no other in this world. We have allowed Satan to steal our “paradise” just like he did with Adam and Eve and God will not hold us guiltless! “Silence in the face of evil is itself evil; not to speak is to speak; not to act is to act.” (Pastor Dietrick Bonhoffer, Germany 1933).

The Left Is Energizing Their Base

What we do, as Christians, makes a difference, whether we want to accept that responsibility or not. Perhaps more importantly, what we fail to do, as Christians, has a profound impact in the nation and world we live in – and the nation and world our children and grandchildren will inherit from our watch.

The Entire Democrat Party is

Built on Lies

The made-for-TV con-job masquerading as a party convention may be the final straw that breaks the back of the Democratic Party for the next hundred years. For at least the past seventy-years, the party has been built upon two failing ideas that have left the party painted into a corner they may not be able to escape in the 2024 elections.

The Digital Minefield of Nigerian Scams

In the digital age, scams have evolved from simple deceptions to sophisticated operations, often targeting vulnerable individuals and communities across the globe. These scams, particularly those originating from specific regions like Nigeria, have become notorious for their effectiveness in deceiving people out of their hard-earned money.

An Open Letter to Mr. Donald J. Trump

This messaging strategy should go further than just implanting in voters' minds the fear of what could happen if a lifelong, bona fide DEI appointee and cultural Marxist gets into the White House. It would be, as I said last week, presidency-by-

committee. By a committee of committed cultural Marxists!

The Door To Your Emotions

“Every emotion that is turned on by the outside makes you into a beast, subject to the control and the mood of the outside, with less and less control within your own self. “

Get In On the Joy!

And across the water, Britain's new Labour government (that's "Off-the-Wall Far Left Crazy" in American English) has threatened a government crackdown on "harmful beliefs". They've vowed to go all-out, no quarter asked or given, against "extremism." If your beliefs ain't right, the cops will bite.

Your Invitation to a Great Life

In recent weeks, my son Trevor quit his well-paying pharmacy tech job in Denver, Colorado for a "room and board" position in a quiet village in the Austrian Alps. He sickened of his role in filling drug prescriptions for people addicted to poor

health, synthetic solutions and no personal accountability for their own wellness.

Is God Protecting Trump?

Our media are concerned about the hurt feelings of Kamala Harris. She doesn't like the "personal attacks" on her intelligence. Even the "conservative" channels focus on this, suggesting that President Trump take a different tack. This is a man targeted by "personal attacks" that included an attempted assassination and yet he is the one who has supposedly gone too far by questioning the intelligence of the Democratic nominee.

When the Government Creates Agencies to Harass and Stalk it's People

Today, Americans have become so ignorant of their purposes and foundations that they believe the federal government is the head and the state is the tail. In other words, Americans are watching the tail wag the dog. They have it backward (Psalm 94:20; Isaiah 59). For the record, the states created the federal government.

The Coming Calamity of the Cackling Candidate

I will not be surprised if, at the Democrat National Convention in Chicago, Walz is waltzed out of the picture—perhaps by an unfortunate health emergency—and Kalamity with him, all orchestrated by the real brains behind the circus we've been looking at for the past four years.

Glaring Secret Service Incompetence Or An Inside Job?

Assange had been given information that Samsung TVs were able to listen in to private conversations in homes when the TV was allegedly off. CIA agents then listened to recordings. Vault 7: CIA Hacking Tools Revealed was published by Wikileaks on March 7, 2017. Not a good thing for the CIA. Years back, a gal at our church whose son worked for Samsung told her this was true.

Detective Michelle Horridge is a Beacon of Hope

Stories of compassion and courage serve as a much-needed balm in a world often marked by headlines of tragedy and division. Such a narrative unfolds in the heart of Flower Mound, Texas, where Detective Michelle Horridge has emerged as an extraordinary champion for mental health and community well-being.

Is a Political Earthquake Coming for the Democrats in October?

Watching Ho Harris lie through her teeth and doesn't have a single original thought in her empty head is akin to seeing a proctologist. In a fair election the dirty traitors behind the curtain know damn well Trump would win by a major landslide.

Our Government is a Reflection of YOU

Baseball used to be the national pastime in the USA. But that's back when a single income was enough to raise a family.

It's back before online pornography, and kids who have been raised in their bedrooms playing video games with their doped up virtual friends, desensitized by killing, rioting and looting for points of no value whatsoever.

Your Inner Life Elevates Your Outer Life

It's crazy out there in America today. My own State of Colorado's unelected supreme court justices just took candidate Donald Trump off the ballot. They are SO political that they will do anything to stop him. They haven't read the U.S. Constitution because what they did is unconstitutional.

'Cornerstone' One Mega Church Waking Up and Hopefully Many More!!!

Now for the church in Texas that is waking up. The name of the church is CORNERSTONE CHURCH in San Antonio, Texas. The pastors are John Hagee and his son Matt Hagee. The church address is P. O. Box 1400, San Antonio, Texas 78295, Email: jhm.org and their phone number is 1-800-854-9899 The church is on You Tube Sunday at 8:30 am CST.

We Can't Do It Without You

Wisconsin Christian News is now in its 25th year of publication. Prior to starting the newspaper, I owned and operated a photography studio in my hometown, which I started from scratch. We built up a great business there, with over 300 regular clients.

Heed the Urgent Warning

Out of His love for sinners separated from God and headed toward a catastrophic judgment day worse than a nuclear holocaust, Jesus did not send angels to rescue us. He came Himself to pay in full our sin debt by dying on the cross and rising from the dead. Jesus urgently bids us to heed His warning and flee the wrath of God to come by trusting in Him (1 Thessalonians 1:10; Revelation 19:11-21).

What Would a Kamala's and Tampon Tim's Presidency Look Like?...

Many of us, back in the day – for me it was the early 1990s –

underestimated the cultural power the hard left had even then. This power is based on emotion, not reason. It is also based on the Platonist idea that some are most fit to rule others.

America's Invasion from Within

With global IT outages, stock market crashes, open borders, attacks on Jews worldwide, and assassination plots against President Trump unfolding on a regular basis, many people know instinctively that something very bad is happening to America and the world. But retired Army Lieutenant Colonel Ralph Siegrist is warning that the worst is yet to come

Florida's New Red Majority Comes From Its Citizen Activists

Tallahassee should be thanking their lucky stars for these people, not prosecuting and persecuting them. Certainly, DeGov and his RPOF should NOT be taking credit for something that has benefited Florida, and the cause of freedom – ESPECIALLY when it was done by the very people the RPOF is trying to remove from having a voice in their state.

Driving a Parked Car

Most of what passes as Christianity today is nothing more than self-help therapy masquerading as Bible preaching. Maga Churches are the worst. The larger the crowd, the softer the message. Soft preaching draws a crowd while hard preaching thins out the crowd.

Luxury, Foppery or Truth

Our constitutionally federated Republic is facing difficult days. It seems there is a lack of faith in government and the very people involved in representing us, as their so-called constituencies. This is understandable.

Creating Solitude for Your Spiritual Bliss

The point of solitude means to be luxuriously immersed in the quiet moments of your own choices. You become fully aware of being alive without being ushered into the scurry of daily living.

Kamala Harris' Connection to the Largest Elections Tech Firm

In 2014, Smartmatic's CEO, Antonio Mugica and British Lord Mark Malloch-Brown announced the launching of the SGO Corporation Limited, a holding company based in London whose primary asset is the election technology and voting machine manufacturer. Malloch-Brown became the chairman of the board of directors of SGO since its foundation.

We Need More Personal Attacks

Fox News is the milquetoast network, sometimes offering good conservative news items but coupled with its own misguided opinions from various anchors and paid commentators about how President Trump should be conducting his campaign. Their latest advice: avoid the "personal attacks" and campaign on the "issues."

'A Campaign of Joy'???

Meanwhile, the Cackle Queen has held no press conferences, sat

for no interviews, and labored to give the impression that there's really nothing that she has to do to win this. Instead, what we get is a ton of media drivel about her "campaign of joy."

When a Faithful Witness is Found Within the Ranks of the Un-Godly – The Lord is Glorified!

In a world full of treachery (unfaithfulness in covenant to God) and betrayal to the God who gave so much (John 3:16), how few there are who understand how to bear their cross that the Lord may be truly glorified (1 Corinthians 2:8; Romans 1:16; 2 Timothy 4:16-17).

Forcing A Flower

"It is lust for power, greed, selfishness, and impatience that will destroy all of you. We must change our approach to one another. We must discover the true meaning of grace and love."

Never-Ending Assassination Plots Against Trump

I repeat my request to President Trump: He should pause his campaign and deliver a national address to the American people explaining that not only is his life in danger but that the American system of government is being subverted by powerful domestic and global forces that want to install Kamala Harris in the White House.

January 6th Over Charging

What can we conclude from this decision? First and foremost, that everyone deserves due process, regardless of how despicable we may think them to be. Remember, no matter how badly you may want someone to pay for their actions, there's probably someone out there who feels the same way about you.

Democrat Voters Want a Communist America

Progressives are full blown Marxists. Oh, they might huff and puff and say that's not true but well-crafted Soviet style brain washing indoctrination methods were slowly inculcated using America's schools even before I was born. By the time impressionable (and sometimes rebellious) young Americans got

out of high school or colleges, they believe America is a democracy which it is not.

The Journey Back: I Choose Me

A writer-alcoholic Dina Kucera said, "I felt empty and sad for years, and for a long, long time, alcohol worked. I'd drink, and all the sadness would go away. Not only did the sadness go away, but I was fantastic. I was beautiful, funny and I could do math. But at some point, the booze stopped working. Every time I drank, I could feel pieces of me leaving."

The Iranian Assassination Campaign Against Trump and America

As a more than 40-year veteran observer of the American political scene, I have never seen anything like this presidential campaign, where one political party, the Democrats, have eliminated their own candidate from the race and tried to kill the opposition candidate. But this is the situation America finds itself in.

What is Wrong With America?

The second restrainer we have lost in America is the home. God's definition of the home is the place where dad, mom, and the children – called the family – live and function together. A home is a place of love, a place of instruction, and a place of discipline. Great families make a nation great. America once had a great family structure. When the family structure is destroyed in a nation, then that nation quickly falls into disarray and decay.

That's What Christians Do Now

God's "Church" is meant to be a restraining force against evil, darkness and wickedness in this world. God gives His Holy Spirit and the very power of God that raised Christ from the dead lives within those who are truly, soundly saved. I have to wonder how many are truly, soundly saved in our American churches today – and how many think they are, because they've been deceived by cowardly false teachers...

Who Do Elected Officials You Voted For Actually Represent?

Change the debate, openly oppose anti-freedom policies, expose non-governmental (NGO) carpetbaggers hiding in the shadows dictating policy, force elected officials to be personally

accountable for their actions. This is how we will drain the swamp – with dedicated activists that understand who the mosquitos are and stand ready at a moment's notice to take action with a big can of Raid!

Collapsing Oregon Absurdities

The media likes to tell us that the Harris team has it all wrapped up. But this too is puffery. Unfortunately, the majority party here in Oregon always falls for fake media news and think the same way. But they are all struggling against reality; they can't defeat truth.

Of Childless Cat Ladies and Healthy Civilizations

Think of the almost-20 percent increase in the cost of living during the era of Biden-Harris. Or think of the disaster on the Southern border, in which Harris had a direct hand whether again through malfeasance or simple incompetence. Now she's the Democrat Party's presidential candidate.

Communism, Jews, and the Fate of Israel and America

Rather than attend Israeli Prime Minister Benjamin Netanyahu's address to Congress, Kamala Harris went to a black college sorority event. Then, after Jewish Pennsylvania Governor Josh Shapiro was passed over for the vice-presidential pick, CNN's Van Jones, a leftist himself, admitted, "You also have anti-Semitism that has gotten marbled into this party."

The Media Still Turn Tricks for The Democrat Party

Once hired, these wannabe journalists are thrilled to be on their way until they learn that their bosses don't give a damn about anything they think, believe, want to convey to a hungry public. For most media employees, it soon becomes clear that they are expected—indeed, mandated—to reflect and convey the belief systems of their employers.

Administrative Law Goes to Court

The beauty of our system, especially the due process protections, is that everyone gets them. Rich or poor, popular

or not, the Constitution protects all of our rights. If we allow them to be trampled because of tradition, we lose more than just the right to a trial by jury, we lose the most basic protections of justice.

‘Educators’ Ban... the Bible

Local “educators” and the state teachers’ union in Oklahoma have vowed to defy a move by the state superintendent of schools to install Bibles in every classroom, grades 5-12, to help children study “the core values and historical context of our country”.

Life: Your Highest Performance of Function

He shows you how to identify your strengths, focus on your dreams and manifest your highest function and performance. Yes, other writers give you similar ideas on maximizing your life—and, they might resonate more with you.

Scary Fairy Tales Have Replaced Sound Science; It's Time for an Accounting

When the Globalists realized that a New Ice Age wasn't going to fly, that it was too obvious that we weren't going to be wiped out by glaciers, even in the long-distant future, they knew they would have to come up with a somewhat-believable bogeyman.

It Is Time For A Niemolleresque Redux

The enemies of God will not stop at Israel, and that includes American enemies and even some Americans who claim Christ. The United Kingdom is within the Islamic grasp. America could be in the grip of foreign control soon. Some say it already is. If we do not stand up for the Jews today, who will there be to stand when they come for us?

The RNC's New Homosexual & Abortion Platform?

At the Republican National Convention this last week, the platform decided to usurp God's Law and do its best to lower

the Law that condemns both sodomy and abortion (Amos 2:4). The two abominable sins that dare and assure the justice of God. Read Amos 4:11.

It's Mid-2024: You Have Entered The Twilight Zone

Did Biden's handlers, and perhaps their handlers, see that he'd fallen behind Trump in all the polls in swing states? Did they decide to pull the plug on their figurehead in the hopes that they could replace him with someone who wouldn't lose the upcoming election in a landslide?

Trump Must Challenge Harris Eligibility

The insanity rapidly destroying the USA has gone on long enough and if it's not properly addressed in the 2024 election cycle, this country will never be of, by, or for, legal U.S. Citizens ever again.

Mandela's Communist White Hatred Flourishes on American Soil With the Influx of Third World Aliens

In 1962 Bible reading and prayer were eliminated from government schools. The 10 commandments were removed in 1980, but they're back in Louisiana and similar bills are proposed in several other states. Racism is being used by Congressional democrats to divide and conquer our country for Marxism.

Why Countries and Some Cities Ban or Restrict 5G

"On July 14, the FCC voted to unleash 5G in the United States, approving sweeping Spectrum Frontiers rules to make spectrum bands above 24 GHz available for 5G. Even though serious health risks are associated with the proliferation of cell phone technology, the attitude of the FCC seems to be 'full speed ahead and damn the torpedoes.'

Welcome To Your Worst

Nightmare: Transparency

I woke up to find out the nightmare had become reality. The Progressives, Socialists and Marxists that have purposefully infected and now permeate throughout The US gov'mint, and I include the highly mischievous RINO's who collaborate seamlessly with them. They have preached and PREACHED about how "They" are going to make their behaviors and policies transparent! It is my firm conviction that "They" have finally achieved their lofty goal.

Diagonally Parked in a Parallel Universe: Confusion to Clarity

Understand that you live with the exact creative energy of the universe as every human that ever lived on this planet. That "universal vibration, frequency and pulsation" charges through your body 24/7. Engage that living energy into your thought processes. Think, grow and act on your own behalf.

If I'd Known Then What I Know Now

And the official nation-wide hospital protocol – and the ONLY

drug allowed for use in American hospitals for COVID – was Remdesivir. I didn't learn of this until two years after Bob died, when multiple doctors and scientists came out and blew the whistle on it. Remdesivir, they said, was actually a bio-weapon. It had been tested in Africa, but so many people died during the tests, that testing was halted.

America, Pastors, and Churches Living the Lies of the Ages

America is no longer a Republic!!!! We have been captured and are being ruled by the New World Order demonic occult Marxists elites. In reality, we are being ruled by the Kingdom of Satan and not by the Kingdom of God!!! These Marxists elites have been in a spiritual war against this nation since our founding.

God's Love in Christ Brings Us Together

This gospel message destroys systems of partiality and division and brings unity under God to all who embrace it (Galatians 3:26-28). In the end, for those redeemed by Christ, there will be a grand family reunion and celebration in heaven.

The Mullahs and The Nukes

Yet, if the mullahs get their hands on the bomb, they will make use of it in numerous ways. They will use it for blackmail, they will use it in small packages through untraceable proxies, and they might even launch it with their missiles in a homicide-suicide fashion, which is their trademark.

The Times They Are Changing

Renaming, re-defining, re-imagining is how the left succeeds. So we can look for a re-imagined Kamala who will now be for peace and freedom. To Kamala peace is war and freedom means you can say anything you want that agrees with the regime. We must be on to their lies and expose them as soon as we hear the lie. She lied about Joe's condition for 3 years. She lied about the border.

When Useful Idiots Are No Longer...

Kamala, in charge of the border, has been the kind of failure that is in blindingly bright focus around the world. The flood

of drugs is on her padded shoulders. She babbles and giggles at the most inappropriate times. Her “word salads” are served up wherever she opens her mouth; too much fiber in the national diet has caused much cramping and nausea.

The Left’s Apparent Coup D’état Against Trump, Version 2.0

Kimberly did finally resign—only when pushed hard— after what The Hill called her “disastrous appearance before Congress,” only to leave us with another stonewaller, Acting Director Ronald Rowe. At least we did get the satisfaction of watching several Senators rake him over the coals.

The American Church has Developed Laryngitis

Jesus was not a Roman. He was a Jew. The religious leaders took him to Pilate because only Pilate could sentence HIM to death. The Jewish leaders were mad because Christ was usurping THEIR power by declaring Himself KING of the Jews. He challenged THEIR authority.

‘ Let ‘ Em Eat Bugs! ’

Bill Gates and his playmates at the United Nations (let the error stand) have recently ramped up their campaign to get The Common People to eat insects. It'll Save The Planet—see? And it's Sustainable! Science says so! And Science is always right—at least, for as long as scientists can tell which way the wind blows.

Live Happily Ever After—Day to Day

Stress may be the greatest cause of countless diseases afflicting millions of Americans. Heart attacks, anxiety, suicides, obesity and other afflictions find their origins in some kind of stressful situation manifesting in countless numbers of people.

Trumpomania in Pennsylvania

During this chaos and controversy, much of it stemming from the attack on Trump's life and continuing threats, Trump has found a winning issue that will attract millions of people and many new voters – an alternative monetary system that bypasses

the Federal Reserve through crypto currencies based on new technology, such as Bitcoin.

Lost, Bought or Stolen in Oregon

So, I encourage you, rather than being disheartened by the current dismal state of affairs, let us draw courage and resolve like our forebears who overcame their conflicts. We too can be victorious and change the course of our government. It has fallen to us to be the generation that turns Oregon and America back to its foundational first principles.

The Only Family I Knew... Bradlee Meets The Cast From “Little House on the Prairie”

The Lord used Micheal Landon, aka “Pa,” to convey to me what the family unit is all about (Psalm 68:6). Not only that but also what a father is to be to his children. I bet these actors and actresses all have heard this a million times over. The fact is, the Lord used him to be a “Pa” unto me, no doubt.

The Authoritarian Tyranny of the DMV

My driver license expires on September 12, 2024. So, this morning I got up at 5 a.m. and dressed and drove to the Department of Motor Vehicles. I had received a notice in the mail that if I wanted a "Real ID," I had to bring my Social Security card, my birth certificate, proof of residence, i.e. the deed to my home, electric bill, etc., my voter's card and my driver's license.

Chevron is Dead! Long Live Loper!

I do have a concern. Now that the courts are expected to infer what Congress meant when it was silent or ambiguous, we have a similar problem, just with another branch of government. What is to keep the courts from "interpreting" the law to mean something exactly the opposite of what Congress wrote? After all, that is exactly what they did in Chevron in the first place.

Speaker Johnson's Phony Task

Force

President Trump was almost murdered after a coordinated effort to jail and bankrupt him, which is still ongoing, and when that stalled, they tried to kill him. Johnson's response is to ask House Democrat Leader Hakim Jeffries to join a bipartisan effort to get to the bottom of the incident, when the Democrats' attacks on Trump as a dictator and Hitler inspired the attack.

Trump Will Release Remaining JFK Assassination Files – What About 9/11?

There are many tentacles to this international cabal of bankers and billionaires. It's not just the CFR or Trilateral Commission, but – and I thank a deep-diver researcher, Robert, for providing me with some of them, despite the amount of research I have been doing the past 31 years.

How Do we Make the World a Better Place: Gossip–The

Devil's Radio

Gossip may be called "The devil's radio" for lack of a better metaphor. You've heard, "The devil is in the details...the devil made me do it." We somehow use the "devil" to sidestep our own culpability. Aristotle, Socrates and Kant realized that the "devil" in all of human foibles remains our own choices.

Nine Congressmen Want Trump Dead

A vast majority of Americans REGARDLESS OF RACE, CREED, PARTY AFFILIATION OR MEDIA-LABELLED "PREFERENCE" were shocked and horrified at the attempt on Donald Trump's life. Many have switched their support to him for the upcoming election. Many had already abandoned the Left. The upcoming election will show that in spades, as they say, if we are allowed to get there.

It's Now Decision Time in Our Nation

Our Founding Fathers valued freedom and liberty. Freedom is not the right to do what you wish to do – it is the capacity to do what you ought to do without someone pointing a gun at your head and making you do it or making a law to prevent you

from doing it.

Well, That Was Fast

In my message from last week, titled “So Predictable,” I predicted that although Joe Biden repeatedly vowed, he would never drop out of the presidential race, that he definitely would, eventually. And almost immediately after my message was published or broadcast by all the media outlets that carry it, he did. I knew it was coming, but I didn’t expect it to happen as quickly as it did.

You Must Know Your Enemy – Most Don’t

Your enemy is the Parasitic Super-Rich Ruling Class (PSRRC), consisting of wealthy families and individuals. They rule the world through their control of corporations, media, Congress and bureaucrats in the administrative state. The PSRRC is also supported by the judiciary who think they are the law, and do not honor their Oath to the Constitution.

Are Women Destroying the USA?

Before I explain, let me just say that I love women, real women. I'm married to one and I'm the father of another, brother of two and brother-in-law to three more, and they are all amazing human beings, real women. They are smart, loving, caring and tolerant people, and ferocious protectors of those they love, especially children.

Two Shooters, One Location

Like many others, I've considered a number of possibilities of a second shooter, primarily because Crooks seems the unlikeliest of assassins, and because the Dems and Deep State allies long to be rid of Trump.

We May Never Know What Really Happened on July 13, 2024

How much do you know about the assassination attempt against Donald Trump the weekend before last? Including anything gleaned from my piece, or sent out by online "influencers." Was there a second shooter? Did Secret Service simply screw up, or was there major malfeasance (i.e., was this an attempted Deep State hit)? Given that Thomas Crooks, 20, was a Gen Z digital native, where's his digital footprint? Are we really supposed to believe he didn't have one?

Natural Born Citizen Clause Still Ignored

Yet, on any given day, the people could decide the time has come for them to enforce the Charters of Freedom. On that day, the people will have begun the process of reclaiming their country and their future...but not until. If you want your country back, you'll have to take your Oval Office back first!

Towering Insincerity

I think the thing that turns people off in politics is the towering insincerity of it all. It's always the honeyed tongue with the dagger poised to punctuate the praise with a damned good stabbing.

You Always Command Choice in Your Life

Many people drag the past back into the present. Others make excuses for poor choices. Still others wave personal responsibility onto circumstances. Others abandon themselves in favor of the modus operandi of their "shadow" side.

Blood On Their Hands

The article, "It's Biden's Fault," is the best analysis I have seen about the fact that Joe Biden (and Kamala Harris) bear responsibility for the attempted assassination of their political opponent, President Trump. These are basic facts about the chain of command.

Truth Has no Role for Dictators – All Opposition Must be Eliminated

It is up to us to get everyone we know to vote. Recognize that they lie all the time. Charlie Kirk said this and I agree. "Every time you hear 'democracy' replace it with 'our regime.'" If you do you will understand their actions. Trevor Loudon, author of "The Enemies Within" and his new series "House Un-American" is my guest on this week's podcast. Join us as we explore the world as it will be under communism.

Were America's Founding Forefathers Occultists?

Oh, how the revisionists of the day would have us all believe that our forefathers were a bunch of Satanists and occultists who were used to establish this country. Read Matthew 7:16-20. I am here today to tell you that nothing could be further from the truth.

Islam Is a Trojan Horse

Europe will be Muslim in a dozen years," promises the Islamic Republic of Iran's Supreme Guide (dictator), who is racing full-speed ahead to make as many bombs as possible with long-range missiles capable of delivering their payload anywhere in the world.

Presidential Immunity

The court's disregard of the Constitution goes far beyond Donald Trump and his January 6th actions. Consider that attacks against pro-lifers advocates, parents, traditional Roman Catholics, and so many more by the Biden Administration's so-called Department of Justice.

Housing For Invading Troops?

We cannot really know if this housing will be filled with foreign troops soon, or if it is just a nauseating display of “federal middle finger to the taxpayer”. The next 3.5 months are not going to be dull. Keep your head up and your eyes open.

How “Undemocratic” of Democrats

After years spent painting themselves into this fatal corner, with the democrat party on the brink of extinction, party leaders work around the clock to terminate 14,465,519 2024 DNC primary voters and pick their own puppet candidates for President and Vice President at the upcoming convention.

The Boot of J6 Tyranny Crushed Veterans in 1932

Underneath it all, a silent evil was growing and we’ve come to see our people change. Proper attire is gone, profanity has become common, respect for elders has been extinguished and

revolutions in psychiatry, popular culture and jurisprudence have removed nearly all sense of immoral and illegal from the notion of perversion.

So Predictable What Americans Want

I didn't watch the presidential debate in June. I knew it was just another act in this macabre theater play that the government and media wants us to believe is real. By now, I would hope that most Americans understand that nothing they show us is real. Unfortunately, that's not the case. Most still believe what they're told by the mainstream press, and what is put forth by politicians, political parties, special interest groups and social media.

Salvaging Our Plastic Oceans

I personally watched the oceans turn from perfection to a rolling garbage pile ebbing and throbbing with the tides as humanity tossed plastic in millions of forms, glass, tires, chemicals, nets, nylon, canvas and worse into the oceans of the world.

How the Deep State Arranged the Hit on Trump

In this case, as we saw in the Hunter Biden laptop coverup, there are honest people in the bureaucracy, such as those IRS whistleblowers. We must hear from the insiders, not the paid stooges running the Secret Service and the FBI. As for the Trump campaign, bring in a private security service as soon as possible to protect him.

A Time for Truth and Warning to the American People

As I am finishing this article, I just heard about the attempted assassination of former President Trump. This looks like God intervened and saved his life. Surely someone close to him will present the gospel to former President Trump!! A lot of questions need to be answered and as in times past, they will slow walk this and we may never know the real motive behind this shooting.

Receiving the Gifts But Rejecting the Giver

This did not mean Dawkins had abandoned his beliefs in

atheism, Darwinian evolution, or his view that Biblical creationism was “pernicious nonsense,” for he considered his position as a cultural Christian to be distinct from being a believing Christian.

Dangerous Delusion of Biden and World Leaders of Transition to ‘Just Electricity’

The elephant in the room that no one wants to discuss is that crude oil is the foundation of our materialistic society as it is the basis of all products and fuels demanded by the 8 billion on this planet, of which only one billion existed less than 200 years ago.

A Rallying Call and Trump is Targeted

Donald Trump remains undeterred by this attempt on his life, standing as a beacon of hope and resilience. His commitment to saving this nation from the clutches of the deep state and fulfilling his vision of greatness is stronger than ever. This incident, far from weakening his resolve, has only solidified his determination to fight for the American people and restore

the country to its former glory.

Requiem Mass for the Masses

The vast majority of the masses are barely making it and our children's standard of living – something that has always been a point of pride with Americans – is demonstrably lower than that of their parents for perhaps the first time in history. It's time for the people to get something in return for all those taxes. Consider it a “piece dividend” to get a decent piece of the pie.

Cowering Christianity

Tough times are coming. But tough times produce tough people. Maybe a little bit of persecution will be good for Christianity. But we must face up to the reality that we are entering into a time of FIGHT or FLIGHT. How the church responds to the difficult times will determine the outcome. The tide is beginning to turn in America.

Fight for Accountability

Holding state level agencies accountable will be a major priority at the Secretary of States office. Conducting

comprehensive reviews is essential to ensure that agencies and executive offices are operating efficiently, delivering services effectively, and adhering to the statutory limits set by the legislature.

Oracle Of The Soul: Discovering Gems of Understanding

I'm reminded of the ancient king who held court each day. He beckoned the local sage for words of wisdom. Each day for a year, the sage brought the king an overly ripe piece of fruit along with a witty statement. When the sage left, the king tossed the fruit into a hole in a pillar where it fell to the basement, untouched.

The Plot to Kill Trump Goes to the Top

John Roberts of Fox News appears to be getting sick and tired of Secret Service stonewalling on the matter of its multiple "security failures" in the attempted assassination of President Trump. On Wednesday, he noted that the federal agency has not held a public briefing on what happened and he said the response is "approaching the level of scandal."

2024 Elections and the Tytler Cycle

I have written numerous times now that the 2024 U.S. Elections will represent a final opportunity for the American people to turn our country away from evil and bondage before the clock runs out on our Constitutional Representative Republic. It will be one of two things when the smoke clears and the dust settles this fall, and the American people will decide. It will be reformed, or it will be gone!

The Silly Season

We local journalists kind of enjoyed the Silly Season. You could have a lot of fun trying to grind a news story out of those non-events. It was a challenge—and a welcome change from sitting in on rancorous town council meetings that went on till midnight.

Shot Heard 'Round the World: Donald Trump miraculously

**survives
attempt**

assassination

Yet Trump's rousing "Fight! Fight! Fight" message to the crowd was not only an inspiring battle cry—coming at such a moment, it was also a poignant one. This was a beloved President and Commander-in-Chief, essentially saying to the MAGA millions: "Even if they take me down, keep fighting! Fight for your country! Fight for liberty! Fight for your families! Fight so good triumphs against evil! Fight!"

**We've Just Gone to the Next
Level**

One version of the inside job theory requires that Crooks have previous contact with the FBI, which, twenty years ago, gained an underground reputation for pulling unhappy or unstable individuals into its clutches, presenting them with illegal activities often involving explosives, effectively entrapping them and then arresting them, as "evidence" of the "terrorist threat" (foreign or domestic).

Big Tech, Facebook, (META)

Don't Want Americans to See that there Are Over 1,000 Other Presidential Candidates

Last week, I put in social media circulation how the people are being played by the powers that are tolerated when it comes to the two options given to them concerning the presidency of the United States (Ephesians 4:14).

The Deep State's Next Assassination Attempt

If Trump is correct that God saved his life, and it sure looks that way, he understands there is something else at work in America. This is not secular politics. This is something more sinister. As such, his enemies won't stop at one attempt. I believe, based on my research, other assassination plots are already underway.

What's Next?

I think we're being given the bread and circuses version of the latest ploy of the NWO, to distract us with the glittery, shiny object of an abysmally failed Biden performance of the most RIDICULOUS debate I have ever had the great misfortune to

suffer through, while the more venomous snake slithers into the room and opens its mouth to devour, once and for all, the Republic of the United States.

Assassination Attempt

After living through President Kennedy's assassination, President Reagan's attempted assassination, the murder of Robert F. Kennedy and Martin Luther King, Jr., the attempt on Trump's life looks like so many others from the past. An inside job.

Sheriff Slupe: YOU investigate Attempted Assassination of Donald Trump

Trump is a private citizen. An attempt was made on his life. An innocent attendee leaving behind a wife and daughter, was killed. Two other innocent Americans were critically injured. Sheriff Slupe is the ultimate law enforcement official in his county. A sheriff can request assistance from outside agencies like State Police, FBI, ATF, but he is top dog in his county and those felony crimes were committed in his county.

Donald Trump's America

No President in the history of the United States has achieved as much in his first three years in his first term in office as President Donald Trump. Meanwhile, no President in the history of America has been subjected to such incessant vile and unjustified attacks as President Trump.

Ominous Signs In a Godless Nation

Satan, the dragon, the serpent, is raging. Meanwhile, our pastors are silent, like dumb dogs, and rarely, if ever, train their people for the any type of significant kingdom work. But God gave us His Word. We must use it to educate, train, prepare and equip ourselves and one another for this work and work as hard as we can, while we still can.

Who Builds the Church?

These similarities between the days of Noah and Lot and the present day indicate that humanity is moving away from God's divine order and that judgment may be imminent. Disrespect for marriage, rejection of God's Word, widespread violence, corruption, pervasive illicit sexual behavior, blasphemy, and organized satanic activities are all reminiscent of rebellion to the ways of God.

The Tangled Web Of Deceit and the Chances of a Two State Solution

When an entire population is brainwashed by lies concerning the Jews, is it any wonder that missteps by Palestinian leaders receive such vitriolic responses? The fact is that Barghouti and other leaders of supposed Palestinian advocacy organizations must toe a very well drawn-out line of constant hatred toward Israel and the Jews.

The Consequences of Lying (to Yourself, to Others, to a Country)

Choose rationally, basing your choices on facts to the best you can ascertain them, and you'll at least survive. Maybe even thrive. Choose irrationally, basing your choices on fantasy, propaganda or lies, you'll pay a possibly very steep price.

Was the 4th July 2024 – The UK's Independence Day?

I'm not quite sure why former UK Prime Minister, Rishi Sunak decided to hold the General Election on the 4th July this year. He must have surely known that his party, the so-called Conservatives, didn't stand for liberation, and they certainly didn't stand any chance this time around of winning. Everyone knew that after their 14 years of continual oppression, betrayal and lies, winning the General Election wasn't even an option.

The American Dream, Home Ownership – an Opportunity for Government Control?

Does your family live in a home located in a single-family neighborhood of your choosing? A place where your kids are safe to play in the yard, you can enjoy the sun in your own lounge chair, the grill is ready to be fired up for dinner, and your neighbors wave hello? Best of all, are you counting on the equity value growing with each mortgage payment, preparing for your financial future? Well, get ready to lose it
