

# **The 6 Myths Keeping Americans Locked Into Crime and Violence!**

For decades, politicians and community leaders have perpetuated myths as the cycle of drug abuse, child abuse, crime, gangs, and violence continue from one generation to the next. These myths include the following

## **Holocaust Survivor Warns of Another World War**

But Steigmann emphasized that a “land for peace” formula for appeasing the Islamists to somehow assure Israel’s sovereignty and survival makes absolutely no sense. “For the Arabs, appeasement is weakness,” he said. That position would rule out the Kamala Harris “two-state solution,” allowing an Islamic state next to Israel in the Middle East on a permanent basis.

---

## **Exposing the Corrupt Destroyers – By Name**

Having been “in the trenches” full time for now over 31 years, I’ve read and watched more bogus “legal” claims/theories,

outlandish conspiracy theories that turn out to be not true (and many, many that have been solidly proven over the past few years) and Soviet-style propaganda pumped out daily by politicians, pimps in the Mockingbird media and dishonest hustlers out to make a buck.

---

## **An Americans First Platform**

Both candidates have their policy priorities posted on their campaign websites, the [TRUMP PLATFORM HERE](#) and the [HARRIS PLATFORM HERE](#). Every voter should take the time to carefully look at the posted platforms of the two candidates before attempting to cast an intelligent vote. Fully informed voters make the best voters.

## **Extinguishing the Sovereignty of Your Own Country: Kamala**

If Kamala Harris reaches the White House, the majority of Americans who voted her into our most sacred office will find that they were the dumbest, utterly stupidest, and brainwashed people on the planet.

---

# **A Religious House Built on Sand**

America has most of her church houses built not on Christ but sand. Neither did Christ build our churches but aggressive false pastors are building our churches, using any method of man available to get numbers. The Bible calls this selfish ambition and says where you have selfish ambition this wisdom is not from above but is earthly, natural, and demonic

## **Will the Gog Magog Quakes Destroy Much of the Temple Mount?**

When you look closely at today's "Western Wall," you can clearly see that the top fifth of that wall is of recent construction, likely about 500 years ago by Suleiman the Magnificent. Below this is the wall built of ancient ashlar; stone blocks put in place hundreds of years before the Christian era.

---

## **Day of Reckoning**

People are about at the end of what they're going to tolerate. They've paid their dues, followed the rules, and made every

effort to keep the peace. While being constitutional citizens of America, they have endured unconstitutional and unprincipled acts and offenses against them on an ever increasing in quantity and quality scale.

---

## **Constitutionality of OSHA**

Which is why it is so important that We the People read and study the Constitution. Not only so we are prepared to defend and assert our rights from the abusive powers of the bureaucrats, but so we can hire representatives at the state, federal, and yes, even local level, to help us protect ourselves and our rights.

---

## **Kamala, Biden & Zelensky to Start a War With Russia Before Election?**

A New York Times story about how Zelensky is demanding missiles and permissions to strike “deep Into Russia” indicates where we are heading. If a Biden/Harris decision to allow these missile strikes happens before election day, a war between the United States and Russia could break out in a matter of weeks and the November 5 election could be cancelled.

---

# **What City Planners ‘That sold Their Soul’ Are Really Planning and How to Challenge It**

In nearly every community of the nation the policy called Sustainable is the catch-all term for local planning programs, from water and energy controls to building codes and traffic planning. The term “sustainable” was first used in the 1987 report called “Our Common Future,” issued by the United Nations Commission on Environment and Development (UNCED).

---

## **The War on White Christian Men**

The battle in America, and the world, is between two seeds. The term “Seed” represents offspring. Despite what you may have been taught in your church not all people are children of God. In fact, Jesus pointed that out “You are of your father the devil, and the lusts of your father you will do.”

---

# **'I'm Me, He's Him'**

It seems a shame for Kacklin' Kamala and Tampon Tim to waste their talents on governing this country. I mean, the poor old USA can run off the road and into a ditch without them. It won't need much of a push.

---

## **What Are Kamala and Biden Doing to Destroy Our Country?**

It's almost beyond comprehension that the Harris-Biden administration has betrayed the American people on a level of criminal intent beyond understanding. They have violated Article IV, Section 4 of the U.S. Constitution everyday for the past 3 1/2 years. They have violated our U.S. Code 8, Section 1324.

---

## **Is Zelensky a Russian Agent?**

I always considered myself to be an astute judge of character, able to spot communist agents working in an undercover capacity to influence domestic and world events. I thought Vladimir Putin never gave up his communist beliefs, drummed into him before he joined the KGB. I still think he's the major villain in the Russia/Ukraine war. But now I am convinced that Ukraine President Zelensky is also a villain. He may be worse than that. He may be a Russian agent.

---

# **If You Are Confused, Remember, The Lord Is Not The Author**

Because the people have failed to adhere to the warning signs that the Lord has faithfully given (Psalm 19:11), the people are now somehow confused, though He is not the author of confusion (1 Corinthians 14:33).

---

## **The Rise of Islam**

Life exists through balance: Body and soul, good and evil, and life and death. This holds even to the lesser foundations of our lives and how we spend our time. The seemingly trivial ripples we create each day eventually build into a wave of mankind. When a new entity is formed, various forces work to end it.

---

## **Assassination, an Extreme Form of Censorship**

Gilliam responded on Facebook: “The Marxist game of rhetoric proves the wanting motivation of the democrat party, while the

repeating fatal funnels created by the secret service repeatedly leave wide open avenues of approach for assassins. These actions are consistent with willful and intentional negligence for the purpose of creating an opening for attackers.

## **“Open America Up To Everyone in the World” Said The Haitian Illegal Migrant**

The spokesman for the 15,000 Haitians who have invaded Springfield, Ohio, population 58,000, via the Biden-Harris illegal alien invasion policy/presidency, said, “America should be an open country for everybody in the world.”

---

## **Our Election Process Is a Mess by Design**

Following the proven steal in 2020 denying Donald Trump a second term in office, the only (rather impolite) label I can attach to all of them (including ABC, CBS, NBC) is that they're whores paid enormous sums of money to outright lie and they do it with a straight, serious face.

---

# **We Have to Repent for Supporting and Tolerating Evil**

I can't even begin to explain the pain and suffering that will come upon this nation if we don't get out of our comfort zones and resist this evil overtaking our nation. We have been given so much by God but we have been so disobedient to God and America is close to His limits with us!!!! Right now, our nation looks more like hell and the domain of darkness than heaven.

---

## **Do People Ever Consider Their Spiritual Eternal Destiny?**

Many who consider themselves "spiritual" will revere "ancient" books of wisdom of all kinds, yet despise and dismiss the most ancient of Books, the most reliable of Books, the most sacred and Holy of Books, with the most truth of any Book ever written. Open God's Word. Study it. It's the history of the world, it's the future of all life, and it contains the key to the Kingdom of God.

---

# **Believe in the Lord, He Will Never Lie to You**

The global elites will continue to gaslight the world into believing that “two plus two equals five” in their efforts to achieve totalitarian control over society, but their power to enslave and destroy is diminished when people together realize that “the emperor has no clothes” and stand up locally against their false crises and solutions.

---

# **The Sacred Treasure of a (Real) Christian Man**

Back in 2020, when it was perilous to be a free thinker in the world and want personal sovereignty over your own body, multitudes of companies and businesses were mandating their employees allow the USGov and the Pharmakei Industry to inject American citizens with an untested, unproven, and undisclosed foreign substance into their bodies.

---

# **Using Education to Gain Acceptance of Anti-American**

# Values

I know it started long before I began following the Common Core epidemic, but it was there in spades in Obama's first term. It was the bookmark I found in the children's section of the gift shop that was "The Pledge of Allegiance to the Earth" replacing our national pride in one country under God with Mother Earth.

---

## Get Ready for World War III

In other words, the Republican favors traditional marriage between a man and a woman. He wants kids to have a mommy and a daddy. This is now the radical position. Hence, Catholic churches are being burned down in America and statues of the Virgin Mary are being beheaded. Traditional Catholic teaching is an obstacle to their New Age New World Order.

---

## The Myth of the Military Style Assault Weapon

Are there weapons too dangerous for the people to use? If there are, then they are too dangerous for people in government to use as well. In fact, the very aspects of the AR-15 and the other arms listed as "assault weapons" are exactly why our right to own and carry them are protected by the Second Amendment.

# It's Not About Ducks and Cats in Springfield OH

I went to Springfield, Ohio last week. Me and a couple dozen of my friends made the trip to pray over the city. We, like most of you, had heard the hype about the eating of ducks and cats. Too be honest, in today's America anything is possible. So, we went to see firsthand.

# They're Still Getting Away With It

We also had to learn reading, arithmetic, general science, basic geography—gee! Not much time left over for Gender Studies, Critical Race Theory, or Marxism Really Does Work (We Should At Least Try It!) studies. “How do you know you really are a girl? Have you at least thought about your gender?” No, we had no time for anything like that.

# Silent Assertion: The

# **Shabbiest of All Lies**

None of the mainstream media will educate the American people as to the consequences of Biden-Harris dumping 15 to 21 million illegal migrants into the guts of America within four years, and possibly another 21 million if Harris wins the White House. If you think Springfield, Ohio represents a growing nightmare, just wait until your city becomes yet another Springfield, Ohio!

---

## **Destroying Strong Men – Another Step in Taking Control**

Back then I related it to ‘The old sciences, the old words and meanings, the old assumptions, expectations, and the old virtues and religions...’ as we saw it play out in the takeover of our education system. But we cannot ignore our Old Ideas and Customs that include our nation’s heritage, its founding, and our reverence for our Declaration of Independence and Constitution.

---

**20,000      Illegal      Haitians**

# Overwhelm Ohio Town

I have asked myself for over 20 years why does the American church sends missionaries to foreign countries to preach what they call the Gospel overseas (Galatians 1:8), and at the same time, they fail to preach the Gospel to the people here. After all, the greatest mission field in America is the schools that are completely being overlooked.

---

## **It Doesn't Need to Be Rewritten, It Needs to Be Reread**

It is up to us, to both diligently read and study the Constitution of the United States. I know it sounds daunting, but I can tell you from personal experience, it's not nearly as hard as you've been led to believe. Only after we have a grasp of the fundamental and paramount law can we judge if other laws are complaint with it, if our states should abide by them, and if our representatives are fulfilling their oath to support it.

---

## **Eliminate the Machines,**

# **Return to Paper Ballots**

However, in the Texas Senate race of 1948, Lyndon Baines Johnson had his people change paper ballot votes from 7s to 9s in his favor and claimed victory over the beloved former Texas Governor, Coke Stevenson. Texas Ranger, Frank Hamer, proved the fraud and took it all the way to the Supreme Court. Democrat Justice Hugo Black never looked at the proof and gave the election to LBJ.

---

# **Is Ancient Stoic Philosophy Relevant to 2020s America?**

Some will want to know: is Stoicism compatible with Christianity? Devotees of each considered themselves to be competitors during the first few centuries AD. To my mind Keith Humphrey, in his just-published *Stoicism and Christianity* (2024), lays out a credible account of the overlap between the two, which is greater than their differences.

---

# **The Ten Commandments Are Not Requests**

Ohio residents in small town erupt over havoc caused by massive influx of 20,000 of Haitians. 'I want out of this

town. I am sorry. Please give me a reason to stay,' a citizen who is considering leaving Springfield said." Nov. 9, 2024.  
Short video: "Haitians are in the park grabbing ducks, cutting the heads off, and eating them"

---

## **Church Burnings in America**

I had the opportunity of once interviewing the late Vatican insider Malachi Martin, who wrote penetrating books about the Catholic Church entitled *The Jesuits* and *The Keys of This Blood*. He believed that Mikhail Gorbachev, who presided over the "restructuring" of the old Soviet Union, never gave up on Marxism-Leninism but adopted the viewpoint of the Italian communist Antonio Gramsci that a worldwide communist state could only be achieved gradually.

---

## **America's Growing Nightmare: The Future of Our Country Hidden In Plain Sight**

For anyone who reads this commentary and thinks we've got to save the world's poor and homeless, please understand that I have traveled across six continents on a bicycle to "see" what I am talking about. As the third world adds 83 million more desperate people, net gain, annually, we can't save them. But we can, and at this time, we ARE killing our country by following this insane immigration path.

---

# **Just 51 Days to STOP THE STEAL**

If you made it to the end of this piece, you can never again ask what you can do to help save this country, because I just told you what all of us can do. You can never again claim that there's nothing you can do, because there's plenty you can do. You can not continue to blame anyone else for what doesn't get done, if you're not going to do it yourself.

---

## **Man-Made Religious System By the Traditions of Men**

What we have in this nation, in these modern times, is a religious denomination and mega church system that is designed and operated by man, and for man and his pleasures and the gates of hell have overtaken this church religious system and also this nation. On the other hand, in Matthew 16:13-16, Jesus said He will build His ekklesia (assembly) and the gates of Hades will not prevail against it.

---

# A Disastrous Debate?

He's said he has no plans for another debate. Maybe that's just as well. I have friends who believe he's nevertheless still going to win, if only because the Bidenista economy has been a disaster for ordinary people. Many of Trump's supporters out in the hinterlands, friends argue to me, have basically gone silent.

---

## Can Trump Save His Campaign?

On the eve of the presidential debate, I received an email from Trump supporter Laura Loomer declaring that getting Christians out to vote for Trump in November is the key to victory. If this is the case, then why is Trump trying to appeal to Democratic Party voters on issues like abortion and drug legalization?

---

## The USDA Wants the Control of Your Land, Air, Water – Action Needed

Propaganda is the game of the communist DNC. This is how the communists gain power. Lazy citizens who don't pay attention to anything other than free stuff from the government vote for more free stuff. Equity just means we will be all be equal in

poverty as the communist government will regulate, tax and steal everything we own.

---

## **Equality v. Equity**

Throughout most of my life, I have been a firm fighter for equality, freedom, liberty, true justice, national sovereignty and security, peace and tranquility. Millions of Americans think they stand for these same things and many do. But today, millions do not stand for these things at all and fundamentally, it is what divides our nation in every election.

---

## **Legal Firearm Possession as Probable Cause**

Then imagine, after providing your drivers license, you're pulled out of your car, searched, handcuffed, and "stuffed" into the back of the police cruiser while the officer searches your vehicle from stem to stern, even though you've done nothing wrong.

---

# **America's Growing Nightmare: Suppose You Were An Idiot**

This list of idiots can only be stopped at the ballot box in November. If you don't stop the number one idiot, Kamala Harris, you will be amazed at all the misfortune, crime, homeless illegals, collapsing schools, collapsing welfare systems, chaos and Muslim events coming to the USA in 2025.

---

## **"Our Democracy"**

The town—any town—has a local school district governed by a local board of education. As the years go by, the townspeople grow more and more discontented with their schools and find that they object to what's being taught, who's teaching it, how much it costs, and the batty "school officials" running the show.

---

## **Trump Makes Bid for Dirty Drug Money**

Having lived through the Reagan years, I was pleasantly surprised to find that my 18-year-old waitress at a local restaurant had also seen the new Reagan movie and found it "educational." She had not been around during that period to experience and witness a president who believed in total

victory over communism.

---

## **The Real Way to End Poverty And It's Not by Government**

The reason the United States has led the world in wealth, standard of living, and abundance is that every resident of the United States has had the ability and the opportunity to invest and produce their own capital and build personal wealth. Why is that possible? And why has most of the rest of the world failed, and continues to fail, at such an attempt?

---

## **How Controlled is Your Food Supply? And Who Controls Your Mainstream Media Intake?**

While the corporations expand, the little business options are becoming rare as the days go forward, and without a doubt, this is a concerted effort to make sure that you get in your food supply what the corporations want to feed you (Isaiah 28:18).

---

# **Secret Service: Incompetence or Nefarious Intent?**

Listening to both these forums is of the utmost importance for Americans to be knowledgeable as to how President Obama and his minions, Valerie Jarrett, John Brennan, James Clapper and Eric Holder succeeded in “fundamentally transforming” America. Not only was the intelligence community weaponized against Americans, but the entire federal government and much of the judiciary has been changed.

# **Trump Projected to Lose to Harris?**

In retrospect, it looks like Florida Governor Ron DeSantis would have been a better choice for Republicans, as he

demonstrated in his work as governor that he would stand by conservative principles. An economic conservative, he was strongly pro-life and opposed the legalization of marijuana in his state.

---

## **The Bull, the Cape and the Matador**

The next day the cape will find something new to blast with their click bait headlines and articles and columns filled with provable lies. Then the next day is another cape which is a partisan pretend-fight over protecting social security and Medicare and who has the best plan to save it. Or, a cape that says the Republicans care more about national security than the Democrats.

---

## **Why are Kids Killing Kids?**

Of course, every time another school mass shooting takes place, Marxists rush to blame the inanimate object, the weapon used to commit the crime. Never mind the fact that the inanimate object is entirely incapable of harming anyone on its own, or that decades of crime statistics here and around the world prove two very important facts...

---

# **The Growing Nightmare for America: Loss of Culture and Way of Life**

How will the fabric of our culture withstand such God-awful numbers and such horrendously incompatible cultures, languages, and world views? What if Laken Riley, a University of Georgia nursing student out for a run, were your child? That Venezuelan illegal thug raped her, brutally murdered her, and destroyed her body.

---

## **Marxist Progressive Ideology Has Been Established in America**

Yes, we just read it which means we need to obey the Word of God rather than analyze it, speculate on it or ignore it!!! This should wake us up but our pulpits remain silent and the churchgoers love it so in doing nothing!! I hope to God we hear what the Spirit of God is saying to us and the judgment that is coming if we continue to ignore Him!

---

# America's Abundance Has Led to Apathy

America is still the last haven of hope where humanity can flourish. The world owes a great deal to America for inspiration and practical accomplishment. Americans have helped every other nation in the world. America's enemies decry her greatness, yet they want to be in America and to be American.

---

# Catholic Church, Heresy and Galileo

The city of Pisa in central Italy, well known worldwide for its leaning tower, is the birthplace of the famed astronomer, physicist, and engineer Galileo Galilei (1564-1642). He has been called the father of observational astronomy, a division of astronomy more concerned with recording data about the observable universe than with explaining astronomical objects and phenomena based on analytical models.

---

# Are Oregon's Measures Gimmicks Or Schemes

Remember, our constitutions are supposed to define the narrow

pathway for government actors. The Bill of Rights for example, tells us what government cannot do. The notion was that the people shall remain free while the government will be bound with constitutional shackles to protect our freedom.

---

## **Where is the Kamala's Joy?**

How do you lose 300,000 children? You hire incompetent people that are more focused on their DEI hire, than the job they must do. Not to worry, we are told Kamala will fix the border. Do you really expect her to fix the mess she created?

---

## **The “Election Industrial Complex”**

From fake voter guides to fake endorsements to funding from developers who stand to profit from their elections, the RPOF has decided that RINO/Globalists must be in place to lead efforts for development, future medical mandates, choices for our children, and all the rest. Their higher-ups in the world Globalist community use them to get to you. State by State.

---

# **The Compassion Cartel Getting Rich on Poverty**

The statistics on global poverty are staggering. According to the United Nations Millennium Project, there are currently 1.2 billion people living in poverty. Fifty thousand deaths per day occur worldwide as a result of poverty. Every year more than ten million children die of hunger and preventable diseases.

---

# **Trump's Big Move Into Eugenics?**

Eugenics is associated with the Nazis and other totalitarian movements and is an effort to "improve" the human condition through "science" and genetic manipulation. The Nazis wanted to create a master race.

# **America's Growing Nightmare: Changing America for the Worst Possible Future**

I don't know how many people read my columns, but every American needs to read this series. You need to forward it to your mayors, city councils, governors, House member, U.S.

senators and friends. There is no way we're going to maintain our civil society if we continue on this course.

---

## **Why Kamala Harris Should Not Be President**

As Vice President she failed on the economy, with inflation reaching a 40-year high and grocery prices rising over 21%. As Vice President she also failed as Border Czar, allowing over 10 million people to enter the U.S. illegally. And lastly as Vice President she crippled domestic gas and oil producing, driving up gas prices up over 30%.

---

## **Can a Christian Vote Pro-Abortion?**

I am sure you are aware that the Republican Party has taken the pro-life plank out of their party platform. It comes as no surprise to me. As a guy who has spent countless hours on the streets defending the pre-born children this change in policy came as no surprise to me.

---

# **GOP Must Take the House & Senate**

Those threats MacArthur spoke about from within are directly dictated by the global masters who orchestrate wars and who are draining the lifeblood of America. The threat to the Union is both foreign and domestic. Right now, the threat is another stolen election.

---

## **Americans: There Are Provisions In The U.S. Constitution To Impeach & Prosecute Corrupt Politicians**

When perusing our founding documents, namely the Declaration of Independence, I find that  $\frac{3}{4}$  of this document is what our forefathers did not tolerate when it came to the corrupt. What an example they have left to their posterity (Hebrews 13:7).

---

## **The Diabolical “Save Act”**

# **Puts Americans in Chains**

Due to resistance, several deadlines for implementation have come and gone. Most states have refused to allocate state tax dollars to mandate this dangerous and unnecessary federal ID card that has an estimated implementation cost of \$23 billion. There is now a new deadline promoted by the globalists in our federal and state governments, of May 7, 2025.

---

## **The Woke Mind Virus**

How far we've fallen here in America. This isn't the nation I grew up in anymore. Those infected with the "woke mind virus" will call this "progress." It's not. Today, we have a nation of lawlessness and insanity, the by-products of men and women being lovers of themselves, and haters of God.

---

## **America's Growing Nightmare: You Can't Believe It Until You See It**

Part 1: You can't believe it until you see it. When you see it, you can't believe it. I've traveled through third world countries. I've been sickened at what I saw. I am now sickened at what I've seen in America's cities. After a summer of 18,000 miles, 30 states, 20 major cities, West coast to East

coast, Florida to Michigan, I learned a few things about the “State of America.”

## **Protecting the Elderly from Scams Through Mental Health Awareness**

Protecting the elderly from scams is a collective responsibility that requires awareness, proactive measures, and support. Mental health awareness is vital to this effort, as it directly influences older people’s vulnerability to scams. By staying vigilant, educating our loved ones, and seeking professional help, we can safeguard older people from the growing threat of scams.

---

## **Judgment is Here and More to Come**

Christians today show no spiritual interest in resisting this evil that has overtaken our nation and have reduced Christianity to going to a building on Sunday Morning to have their ears tickled and made to feel good in their sins. I am in a group called the Salt and Light Brigade with Coach Dave Daubenmire and he has a daily podcast called [coachdavelive.com](http://coachdavelive.com) and this group is heavily engaged in this culture and spiritual war raging in this nation.

---

# **Is Trump Destroying Reagan's Legacy?**

In 1933, when his wife became pregnant, Chambers said that he and his wife immediately knew that, as faithful communists, their immediate option was abortion. But his wife came over, took his hands, and burst into tears, saying, "We couldn't do that awful thing to a little baby, not to a little baby." It was the instinct of a mother.

# **Regretfully, DEI Isn't as Useless as Tits on a Boar Hog**

Raunchy title, do you think? It's got nothing on DEI – Diversity, Equity, and Inclusion. At least those appendages on the boar hog affect nothing; the dedicated Marxists – useful idiots for the globalists and Deep State – are using DEI to destroy the greatest culture that graced God's Earth.

---

# **Should Rahimi Be the Poster**

# Child For the Second Amendment?

Federal limitations on gun possession have been a sticking point among the Second Amendment community for decades. I know several groups and law firms that have been looking for the perfect case to challenge these laws. Instead, Zackey Rahimi got his case to the Supreme Court first.

---

## The Assassins of the FBI

In the video game, Assassin's Creed, the gamer can play the role of a legendary samurai and a shinobi assassin in feudal Japan. In real life, President Trump's alleged would-be assassin in current-day America was facilitated in his mission by the FBI and then, after he was terminated, the FBI sanitized the crime scene, burned his body, and has failed to tell us what was in his encrypted overseas accounts.

---

## Illusion of Being Right: High Level Fear Wearing A Mask

We humans make judgments on just about everything that comes into our eyesight. We judge ourselves when we look into the mirror in the morning. We judge our friends by the cars they drive. We judge strangers by the clothes they wear. We judge

incessantly beyond the borders of our minds.

---

## **The Hellish Nightmare of DMV Bureaucracy**

I sent my Congressman, Tim Burchett, the original article on this nightmare debacle, and he was kind enough to call me at home. I told him the whole story and asked him if he couldn't please do something to make life less difficult in attaining the desired ID.

---

## **Why Don't ALL Americans Want Honest Elections?**

I don't know about you, but I would like to return to the good old days of paper ballots and same-day in-person voting, with some non-government accounting business actually doing the counting. Sadly, our "government" has become too political to trust either side and I sure as hell don't want the FBI investigating anybody or anything!

---

# **Sinking Into Tyranny**

To me it looks like our Western civilization sinking into tyranny. Violence in the streets, as our namby-pamby leadership tries in vain to appease Muslims with a screw loose; the government reveling in unlawful censorship; and a trip to the cop shop for anyone who has a beef with a public employee—is this what passes for the Free World, nowadays?

---

## **Here We Go Again... Denying What The Lord Confirms! The Gifts Are Still In Operation!**

Well, lo and behold this week, Paul Washer came out and talked of how the gifts of tongues are no longer in operation. What is it that this named preacher (Though I respect a lot of things he does say) does not understand? The Lord has NOT changed (Malachi 3:6; Hebrews 13:8).

---

## **Fools Are Promoting a New Constitutional Convention**

I would guess that not one of the politicians promoting a Constitutional Convention (Con-Con) has actually studied the document or the history of how it came about. All of them

should take the Hillsdale College course on our Constitution. If they had, they certainly would be more cautious of opening another convention.

---

## **I Will Be A Watchdog – Not a Lapdog**

I am running for the office of Oregon's Secretary of State because our state is at a crossroads. My wife, Diane, and I have had the privilege of living in Klamath County for over 3 decades. As we celebrate 44 years of marriage, our roots in Oregon run deep, with our children building their lives and families here in the Pacific Northwest, as well.

---

## **How the States Can Suppress Illegal Immigration**

In addition, it would not be amiss for “the people” to make crystal clear that public officials’ failure, neglect, or refusal to act immediately and effectively to obviate these “grievances” in exact accordance with the proposals for “redress” presented by the citizenry will constitute further “grievances”, leading inexorably to “redress” in the form of those officials’ removals from office—to be followed in due course by appropriate punishments for their derelictions of duty.

---

# The Bill of Rights and the States

When I sat down and read the Constitution for the first time, I was struck by two things. First, how much I had not been taught in school. Second, how much of what I had been taught was absolutely wrong. This idea that the Bill of Rights did not apply to the states until 1868 and the ratification of the Fourteenth Amendment is one of those things we're taught that's absolutely false.

---

## Activities In the Last Days

The Body of Christ in America, with obedience to the Holy Spirit, is going to clean up this spiritual mess we have allowed and tolerated in this nation or God is going to judge us and our punishment will be swift and very painful as no other in this world. We have allowed Satan to steal our "paradise" just like he did with Adam and Eve and God will not hold us guiltless! "Silence in the face of evil is itself evil; not to speak is to speak; not to act is to act." (Pastor Dietrick Bonhoeffer, Germany 1933).

---

# **The Left Is Energizing Their Base**

What we do, as Christians, makes a difference, whether we want to accept that responsibility or not. Perhaps more importantly, what we fail to do, as Christians, has a profound impact in the nation and world we live in – and the nation and world our children and grandchildren will inherit from our watch.

# **The Entire Democrat Party is Built on Lies**

The made-for-TV con-job masquerading as a party convention may be the final straw that breaks the back of the Democratic Party for the next hundred years. For at least the past seventy-years, the party has been built upon two failing ideas that have left the party painted into a corner they may not be able to escape in the 2024 elections.

# **The Digital Minefield of Nigerian Scams**

In the digital age, scams have evolved from simple deceptions to sophisticated operations, often targeting vulnerable

individuals and communities across the globe. These scams, particularly those originating from specific regions like Nigeria, have become notorious for their effectiveness in deceiving people out of their hard-earned money.

## **An Open Letter to Mr. Donald J. Trump**

This messaging strategy should go further than just implanting in voters' minds the fear of what could happen if a lifelong, bona fide DEI appointee and cultural Marxist gets into the White House. It would be, as I said last week, presidency-by-committee. By a committee of committed cultural Marxists!

## **The Door To Your Emotions**

“Every emotion that is turned on by the outside makes you into a beast, subject to the control and the mood of the outside, with less and less control within your own self. “

## **Get In On the Joy!**

And across the water, Britain's new Labour government (that's “Off-the-Wall Far Left Crazy” in American English) has

threatened a government crackdown on “harmful beliefs”. They’ve vowed to go all-out, no quarter asked or given, against “extremism.” If your beliefs ain’t right, the cops will bite.

## **Your Invitation to a Great Life**

In recent weeks, my son Trevor quit his well-paying pharmacy tech job in Denver, Colorado for a “room and board” position in a quiet village in the Austrian Alps. He sickened of his role in filling drug prescriptions for people addicted to poor health, synthetic solutions and no personal accountability for their own wellness.

---

## **Is God Protecting Trump?**

Our media are concerned about the hurt feelings of Kamala Harris. She doesn’t like the “personal attacks” on her intelligence. Even the “conservative” channels focus on this, suggesting that President Trump take a different tack. This is a man targeted by “personal attacks” that included an attempted assassination and yet he is the one who has supposedly gone too far by questioning the intelligence of the Democratic nominee.

# **When the Government Creates Agencies to Harass and Stalk it's People**

Today, Americans have become so ignorant of their purposes and foundations that they believe the federal government is the head and the state is the tail. In other words, Americans are watching the tail wag the dog. They have it backward (Psalm 94:20; Isaiah 59). For the record, the states created the federal government.

# **The Coming Calamity of the Cackling Candidate**

I will not be surprised if, at the Democrat National Convention in Chicago, Walz is waltzed out of the picture—perhaps by an unfortunate health emergency—and Kalamity with him, all orchestrated by the real brains behind the circus we've been looking at for the past four years.

# **Glaring Secret Service Incompetence Or An Inside Job?**

Assange had been given information that Samsung TVs were able to listen in to private conversations in homes when the TV was allegedly off. CIA agents then listened to recordings. Vault 7: CIA Hacking Tools Revealed was published by Wikileaks on March 7, 2017. Not a good thing for the CIA. Years back, a gal at our church whose son worked for Samsung told her this was true.

# **Detective Michelle Horridge is a Beacon of Hope**

Stories of compassion and courage serve as a much-needed balm in a world often marked by headlines of tragedy and division. Such a narrative unfolds in the heart of Flower Mound, Texas, where Detective Michelle Horridge has emerged as an extraordinary champion for mental health and community well-being.

# **Is a Political Earthquake**

# Coming for the Democrats in October?

Watching Ho Harris lie through her teeth and doesn't have a single original thought in her empty head is akin to seeing a proctologist. In a fair election the dirty traitors behind the curtain know damn well Trump would win by a major landslide.

## Our Government is a Reflection of YOU

Baseball used to be the national pastime in the USA. But that's back when a single income was enough to raise a family. It's back before online pornography, and kids who have been raised in their bedrooms playing video games with their doped up virtual friends, desensitized by killing, rioting and looting for points of no value whatsoever.

## Your Inner Life Elevates Your Outer Life

It's crazy out there in America today. My own State of Colorado's unelected supreme court justices just took candidate Donald Trump off the ballot. They are SO political

that they will do anything to stop him. They haven't read the U.S. Constitution because what they did is unconstitutional.

## **We Can't Do It Without You**

Wisconsin Christian News is now in it's 25th year of publication. Prior to starting the newspaper, I owned and operated a photography studio in my hometown, which I started from scratch. We built up a great business there, with over 300 regular clients.

# Heed the Urgent Warning

Out of His love for sinners separated from God and headed toward a catastrophic judgment day worse than a nuclear holocaust, Jesus did not send angels to rescue us. He came Himself to pay in full our sin debt by dying on the cross and rising from the dead. Jesus urgently bids us to heed His warning and flee the wrath of God to come by trusting in Him (1 Thessalonians 1:10; Revelation 19:11-21).

## What Would a Kamala's and Tampon Tim's Presidency Look Like?...

Many of us, back in the day – for me it was the early 1990s – underestimated the cultural power the hard left had even then. This power is based on emotion, not reason. It is also based on the Platonist idea that some are most fit to rule others.

## America's Invasion from Within

With global IT outages, stock market crashes, open borders, attacks on Jews worldwide, and assassination plots against President Trump unfolding on a regular basis, many people know

instinctively that something very bad is happening to America and the world. But retired Army Lieutenant Colonel Ralph Siegrist is warning that the worst is yet to come

## **Florida's New Red Majority Comes From Its Citizen Activists**

Tallahassee should be thanking their lucky stars for these people, not prosecuting and persecuting them. Certainly, DeGov and his RPOF should NOT be taking credit for something that has benefited Florida, and the cause of freedom – ESPECIALLY when it was done by the very people the RPOF is trying to remove from having a voice in their state.

## **Driving a Parked Car**

Most of what passes as Christianity today is nothing more than self-help therapy masquerading as Bible preaching. Maga Churches are the worst. The larger the crowd, the softer the message. Soft preaching draws a crowd while hard preaching thins out the crowd.

# **Luxury, Foppery or Truth**

Our constitutionally federated Republic is facing difficult days. It seems there is a lack of faith in government and the very people involved in representing us, as their so-called constituencies. This is understandable.

## **Creating Solitude for Your Spiritual Bliss**

The point of solitude means to be luxuriously immersed in the quiet moments of your own choices. You become fully aware of being alive without being ushered into the scurry of daily living.

## **Kamala Harris' Connection to the Largest Elections Tech Firm**

In 2014, Smartmatic's CEO, Antonio Mugica and British Lord Mark Malloch-Brown announced the launching of the SGO Corporation Limited, a holding company based in London whose primary asset is the election technology and voting machine manufacturer. Malloch-Brown became the chairman of the board of directors of SGO since its foundation.

# **We Need More Personal Attacks**

Fox News is the milquetoast network, sometimes offering good conservative news items but coupled with its own misguided opinions from various anchors and paid commentators about how President Trump should be conducting his campaign. Their latest advice: avoid the “personal attacks” and campaign on the “issues.”

## **‘A Campaign of Joy’???**

Meanwhile, the Cackle Queen has held no press conferences, sat for no interviews, and labored to give the impression that there’s really nothing that she has to do to win this. Instead, what we get is a ton of media drivel about her “campaign of joy.”

**When a Faithful Witness is  
Found Within the Ranks of the  
Un-Godly – The Lord is**

# **Glorified!**

In a world full of treachery (unfaithfulness in covenant to God) and betrayal to the God who gave so much (John 3:16), how few there are who understand how to bear their cross that the Lord may be truly glorified (1 Corinthians 2:8; Romans 1:16; 2 Timothy 4:16-17).

## **Forcing A Flower**

“It is lust for power, greed, selfishness, and impatience that will destroy all of you. We must change our approach to one another. We must discover the true meaning of grace and love.”

## **Never-Ending Assassination Plots Against Trump**

I repeat my request to President Trump: He should pause his campaign and deliver a national address to the American people explaining that not only is his life in danger but that the American system of government is being subverted by powerful domestic and global forces that want to install Kamala Harris in the White House.

# January 6th Over Charging

What can we conclude from this decision? First and foremost, that everyone deserves due process, regardless of how despicable we may think them to be. Remember, no matter how badly you may want someone to pay for their actions, there's probably someone out there who feels the same way about you.

## Democrat Voters Want a Communist America

Progressives are full blown Marxists. Oh, they might huff and puff and say that's not true but well-crafted Soviet style brain washing indoctrination methods were slowly inculcated using America's schools even before I was born. By the time impressionable (and sometimes rebellious) young Americans got out of high school or colleges, they believe America is a democracy which it is not.
