

How We Lost Our Constitution

The more I study the Bible, the more I see our apathy today in this nation, the more I see the deception that has been fostered upon us, the more I see this nation being influenced by evil, the less influence of the Body of Christ and the flat out refusal of the Body of Christ to get involved in this spiritual war between good and evil raging in our nation for its soul, the more I investigate the reality that has been going on in this nation for years, I believe we are in bigger trouble than we realize.

God Makes a Beautiful Tapestry of Your Life

God has provided His own remedy through the love, mercy, and grace He has given to us in Jesus Christ. As with the prophet Jonah and the apostle Paul, He can turn around even the worst of our transgressions and cause them to work together for good and make out of your life a beautiful tapestry of His glorious love, grace, and salvation.

Revival **& Reverence,**

Returning To God

But according to this study, American churches have lost 82% of their attendees since 1970. Of course, they've tried many things to retain their congregations, but today, the vast majority of people are just not going to church anymore. Those that are, are often disappointed in their church or with their pastor...for numerous reasons.

Are You Tired of Losing under Trump?

Regarding Ukraine, a country fighting for survival against Putin's Russia, Victor Rud of the Ukrainian-American Bar Association notes that Trump demonstrated bad negotiating tactics by proposing a "peace deal" that gives up in advance two of the best cards he had. He gave Putin 20 percent of Ukrainian territory and pledged no NATO membership for Ukraine.

Dissecting TRUE Birthright Citizenship

If we continue to allow the "experts" to undermine our Charters of Freedom by simply manipulating words and phrases, and falsely interpreting imaginary text, we will lose

everything the Founders tried to protect and preserve for all posterity, under the Laws of Nature and Nature's God, the true source of all Natural Birthrights!

Trump's Great Respite from Tyranny Precedes Civil War II and Financial Armageddon

No one of either party can question the fantastic start of President Trump's return to power. He is following his promises by the numbers. I think a majority of the people believed that if Trump was not in office that we would soon be in a civil war, followed by financial Armageddon. It is my strong belief, supported by many experts, that ...short of a miracle...President Trump has only given us a brief respite.

Modern Masses of Moroseness and Mediocrity

We are now arriving at a desultory state of empty desolation where the individual will be totally indifferent to the look of his surroundings and the fate of his city. In these edifices nothing is celebrated because nothing is worthy of being celebrated. That is a marker of our cultural decay and coming collapse.

Conservation Easements: The Land Grab That Must Be Stopped

I have been engaged in this battle for more than 40 years. I have held the hands and shared the tears of a lot of Americans who were victims of these and other oppressive government policies and determined NGO groups. A property owner who wants to conserve his land should not be punished by the very program he sought to help him protect it.

Energy Literacy-Understanding Crude Oils Vital Role

We have more than 50,000 merchant ships, more than 20,000 commercial aircraft and more than 50,000 military aircraft that use the fuels manufactured from crude oil. The fuels to move the heavy-weight and long-range needs of jets moving people and products, and the merchant ships for global trade flows, and the military and space programs, are also dependent on what can be manufactured from crude oil.

Make America Healthy Again: Your Personal Journey Back to Health

Finally, you might choose the “easy way” out of being fat like Ozempic, or Sono Bello, or all the weight watcher organizations that guarantee you a fabulous body. If you examine most of them, they do not speak about exercise. And again, most of the foods they ship to you are processed in a box, package or plastic envelope.

Christians Are AWOL in the Current Crisis

President Trump is far from a dictator. In 2020, when the election was stolen from him through mail-in voting shenanigans, he could have invoked limited martial law to allow the U.S. Military to oversee a new free and fair federal election. That was the option when legislators, courts and the Congress did not follow the Constitution and gave control over elections to unelected courts in the various states. Instead, he vacated the office.

Jesus, The CORNERSTONE! But Do You Understand?

Since ancient times, builders have used cornerstones in their construction projects. A cornerstone was the principal stone, usually placed at the corner of an edifice, to guide the workers in their course. The cornerstone was usually one of the largest, most solid, and most carefully constructed of anything in the edifice.

More News You Missed

The how and why of it are still being determined, but unvaccinated persons can “catch” maladies from the vaccinated. This condition is called “shedding,” a phenomenon that seems most common with mRNA vaccines that are actually a form of gene modifiers.

Birthrights are NOT from Government

Rights from Birth are inherited from your natural birth parentage, according to the Laws of Nature and Nature’s God, your natural birth Father. Just as you are born with the natural right of inheritance to all of your Father’s earthly goods, all Natural Birthrights are inherited as well. They are

you “heritage” passed from generation to generation.

The Tulsi Gabbard Cover-Up is Unraveling

The Constitution says there shall be no required religious test for public office in America (Article VI, Section 3), a section usually interpreted as designed to prevent one Christian denomination from gaining state power over another. But Gabbard’s involvement in a radical off-shoot from a foreign-based religion is something else entirely.

The DOGE Tsunami – Crooks and the Greedy Scramble

The second legitimate election win for President Trump has been a hyper speed effort to clean up the mess left from Marxist usurper “president” Hussein Obama, Joe Biden and rotten, corrupt members of the Democrat/Communist Party USA. The shadow government’s liars, crooks, thieves and the greedy have been crapping their pants for weeks.

U.S. AID: Flushing Trillions of Your Tax Dollars Down a Rathole

Since 1961, when President John F. Kennedy created this organization, the U.S. Agency for International Development now stands for mega-fraud, unfathomable corruption, and horrific waste of American taxpayer dollars into the billions, even trillions over the past seven decades. Their \$40 billion annual budget doesn't see the light of an audit or any accountability at any level.

The Most Shocking Scandal of All!

In recent months, concerns about the transparency and accountability of U.S. foreign aid programs have intensified. Among the latest revelations is that the Biden administration has allocated an astounding \$5 billion to "unnamed foreign sources," without providing precise details on the destination of these funds.

A Time For Truth About

Freedom

One reason we are losing our freedom is debt. In the last fifty years we have gone from the early-American stress on hard work, savings, thrift and delayed gratification to turning Americans into a nation of perpetual debtors. The United States has shifted from producing to consuming, with American citizens and our government consuming more than they earn or take in and promising to spend still more.

Cautiously Optimistic

For now, there's much work to be done, and we can't just sit back and leave it up to Trump to "fix it all." Those of us who claim the name of Christ must take this opportunity to "build back better," and by that, I mean courageously and boldly working to bring individual people, couples and families back to God and His perfect plan for mankind.

The Slow Sabotage Inures You to the Death by a Thousand Cuts

Tragedies, crime, accidents and misfortunes are the meat of the mainstream media's daily doses of deranged drivel and devilish doings to keep "We the People" glued to screens in

such a way as to screen out things that really matter, including normal interactions between people. The vast majority of reported incidents – however exotic and intriguing – don't lead to economic catastrophe or such things that directly impact people's lives.

Make the Monroe Doctrine Great Again

It's interesting to talk about an American takeover of Gaza. But the terrorists must be defeated there by Israel, not America. We have a Gaza of our own in the Western hemisphere. Closer to home, what we desperately need is the liberation of Communist Cuba. That would really send a message to the "international community." It's time to think about how this can and should be done.

The President and the False Apostate Prophetess

A couple of weeks ago, on Jan. 21, 2025, the "Right Reverend Bishop" Mariann Budde spoke at the National Prayer Service at the Washington National Cathedral and used her pulpit as an opportunity to guilt trip and shame President Donald J. Trump from doing the job that We The People overwhelmingly elected him to do.

Continuing Threat of Animal Rights Fraud: A Personal Note to Ted Nugent

People are waking up, but they need direction. You, Ted, are famous. I'm just a writer. But both of us need to do what we can to wake more of the people today – they are ready. They just need to hear from someone they trust. I ask that you remember your words to me and help me get this back in high gear.

Maga Ranks Have Been Rankled by the Work Visa (H-1B) Controversy

Still, it is also very necessary for Americans to realize that, especially with our younger citizens, productivity and excellence have been abandoned in their ongoing concern for “social justice” and especially “equity,” a concept that means not an equality of opportunity, but of result, something that seriously handicaps the more intelligent and hard working.

The Persecution of Innocent American Christians

My wife and I attended the J6 rally in DC. Millions of us did. Several of my friends were hunted down and locked up. One of those was my Pastor/friend Bill Dunfee who served 4 months in prison for his part in the “insurrection.” He was sentenced to 36 months. He was not given a fair trial. He never violated any law. He never threatened nor harmed anyone.

Make America Healthy Again: That’s A Tall Order

We’re going to cover “how and what” to eat. How to detox your body from heavy metals and chemicals. How to make sure you avoid all the “crap” food, sugars, dyes, poisons, deadly synthetic sugars, best stores for your health, and how you can force your schools into healthy breakfast and lunch programs. Your dollars will drive this new “Make America Healthy Again” crusade.

Making America Mexico Again?

The only way to ever Make America Great Again is to rid our nation of all who hate our country and stand opposed to our

Foundations of Freedom, Liberty and Justice, established in our Charters of Freedom. Those who refuse to assimilate into American culture, principles and values, can no longer be welcome in our home!

Planet Earth's Natural Resources are Limited to its 8 Billion Residents

Instead of demonizing the energy sources for the products and fuels that built the world we know as home, we should seek balanced solutions that preserve the benefits of modernity while addressing genuine environmental concerns. A world without fossil fuels might look idyllic in the abstract, but in practice, it would resemble a dystopian world that is harsh, impoverished, and unrecognizably bleak.

Is Franklin Graham Straight up Lying to the People?

For far too long, the American people have been listening to these ecumenical (Helping to create a one-world religion) controlled operatives (Propped up gatekeepers). Yes, I am speaking of both Billy and his creepy son Franklin Graham, who preach an unscriptural message of God's love while advocating what the Lord condemns (Isaiah 8:20; Matthew 22:37).

Paying for Police Damage

Imagine the police have to enter your home, and in doing so, they damage your property. Who pays for those damages? Your insurance? The police? That was the controversy brought to the District Court. Before we dig into that though, let's look at the background.

Making U.S. Elections Legitimate Again

Essentially, the term “stolen” is used to assert that the results of the election were manipulated to deliver a prescribed outcome, one which does not represent the true will of American voters. Someone with the power and access to do it, used certain techniques to make certain that a particular candidate or set of candidates would emerge from the process victors.

What If?

In fact, Mr. Trump had sent a threatening ultimatum to Hamas, letting them know that the consequences of their failure to comply with the deal that his envoy—lawyer and business mega-

mogul Steve Witkoff—worked out, would be the following: “There will be ALL HELL TO PAY in the Middle East, and for those in charge who perpetrated these atrocities against Humanity.”

President Trump and Social Security

We constantly hear the word ‘entitlement’ when it comes to social security benefits. SS is not an entitlement it is a tax. A very important difference. It’s also not insurance. You must apply for an SSN; it is not automatically forced upon you. When you retire you receive benefits based on your past life time work history. SS is a Ponzi scheme.

Tulsi, Tucker, Trump, and Traitors

As Tulsi Gabbard’s background as a “former” Democrat socialist Bernie supporter, New Ager, and Never-Trumper comes into public view, I am hearing from MAGA people who still have no idea how and why she was nominated her as Director of National Intelligence (DNI), with supervision over 18 intelligence agencies and a direct line to Trump.

Make America Healthy Again: Choose, Long Healthy Life or Slow Death

What I've discovered during my time on this planet: most Americans don't worry or care about their health until they lose it. The majority of Americans fail to exercise regularly. What does that mean? It means you need to spend 60 minutes of aerobic exercise five to six days a week.

Conviction and Repentance

Something horrible is happening in our churches and only the people can put a stop to it. We are attempting to grow churches but we are neglecting the Word of God and not following the pattern for Christianity that God has ordained in His Word. Today, our lying pastors are leading us into futility.

Was It Darkest Before the

Dawn?

I'd like to think the nightmare of the past four years is over, but I have a feeling it's not going to be that easy. Case in point, the nest of snakes at the ceremony, made up of pure corruption and evil, embodied in the former presidents, as well as the DC swamp creatures that appear to be impossible to remove.

Good News for All Peoples

Christians must not be drawn away by individuals or groups that would twist God's word to promote ethnic division and hostility but remember that these barriers are broken down through the gospel. The words of God's love and forgiveness in Jesus Christ apply to all who trust in Him, or they are meaningless.

Trump's Gabbard Pick is a Spy Scandal in the Making

Analyst Trevor Loudon believes a communist-inspired "influence operation" has targeted Trump's inner circle, making another Russia-gate scandal entirely possible, even probable. In an interview on my Rumble TV show, Trevor suggested that, if she gets the job, the scandal will be timed to blow up right before the next midterm elections, giving Democrats a major

opportunity to derail Trump's agenda.

Post Inaugural Observations From the UK and a Journey through Middle Earth

From news reports, both mainstream and alternative; to media personalities, friendships, and family relationships, they have all undergone a litmus test of being very confusing and troubling seasons of who to trust and mis-trust, in a rapid and on-going succession through different world events which has exposed the deepest corruption imaginable.

February 3rd is “National Four Chaplains Day” – Why?

But a question is raised on this Four Chaplains Day, Feb. 3, 2025: Do Americans of this era, in government, in the media, in the public schools as teachers or administrators, still believe in those truths? Will Americans express that belief by honoring the Four Chaplains as once the American nation did?

Trump's Inauguration 2.0: Returning America to Sanity

For millions of Americans, he's our kind of conqueror, our "man in the arena" who fights for We the People against They the Globalists. The boldest, bravest, most remarkably heroic President of our lifetime: Donald J. Trump, our fearless Commander in Chief! We can breathe a collective sigh of relief: sanity is about to return to America.

What I'm About, Where I'm Going ... 2025 Edition

Nor have I decided quite how I will present it to the world – or even if I'm the right person to do it and ought instead to hand off my idea to someone more extroverted and talented at marketing than I am. I'm not exactly sitting on the millions of dollars that would be very useful in getting the word out about such an endeavor.

America's Turncoat Courts

Corruption in our courts by unwise and careless judges and

lawyers has overtaken our lawful constitutional system. The system has been hijacked and morphed into something sinister. These treasonous 'insiders' are ignoring our foundational principles, rules, laws, due process, and unalienable rights. American Citizens are shown bias and contempt by elected officials if they try defend their rights.

Will Soros State DA's Now Attack Freed J6'ers?!?

It is up to US to save our nation. WE must be aware; enemies are still everywhere. The judiciary is our weakest link to real freedom, thanks to decades of Soros-funded DA's and judges infesting the nation.

The Laws of Nature and Nature's God

If you think your Rights come from the Bill of Rights, you're still wrong. That document is a list of subjects which the Federal government is strictly prohibited from ever touching. Again, the document provided you with no Rights. The document only prohibits government from having any right or authority over those matters, because those matters involve your "Natural Rights" as a free people.

Make America Healthy Again: Our Road Back To National Health, Part 1

Last week, a 495 pound Detroit, Michigan woman made national news because her Lyft driver could not carry her because he said his car couldn't take the weight and his tires wouldn't survive. She brought a lawsuit against him this week.

RFK Jr., Science, and the Golden Age

The Associated Press is still a major source of lies and disinformation, with a recent front-page scare story referring to RFK Jr., Trump's nominee for Secretary of Health and Human Services (HHS) as an "anti-vaccine activist." The article falsely called RFK Jr. "one of the most prominent anti-vaccine activists in the world."

Stolen Valor, Tarnishing The

Sacrifice

Then I found myself, in the natural (1 Corinthians 2:14), looking to America's veterans, which are those who have fought, bled, and died in sacrificing themselves for the freedoms we all enjoy today (1 John 15:13). In the process, I found the parallel between our genuine (war-torn) veterans and those that falsely claim to be veterans who are guilty of "stolen valor."

Damning Evidence on Ms. Tulsi – Cults, Communism, Corruption

Former Representative Tulsi Gabbard (D-HI), nominated for Director of National Intelligence (DNI), has a history with this country's most influential Marxist group, the Democratic Socialists of America (DSA). She began moving to the left long ago and in 2017 and was a paid-up member of the openly socialist Bernie Sanders Congressional Progressive Caucus. Here is their list of members.

Librarians vs The People's

Representatives

More disturbing is the fact that a District Court judge either cannot read plain English or doesn't care about their oath of office. Which brings me to the next question: If the court got the question of standing so badly wrong, is the State of Arkansas required to abide by the order? Sure, Arkansas can appeal the judges decision to the Circuit Court, and that might be the safer answer, but is it the most just answer?

The Dawn of a New Golden Age Under President Trump

As President Donald Trump steps into his second term, he calls for a renaissance in America and proclaims the beginning of a "Golden Age." This bold vision marks a significant shift in the nation's political and economic landscape, promising revitalization, prosperity, and renewed national pride.

Errors in Trump "Birthright" Order

Chief executives seldom have the time or opportunity to write or even read every policy document they sign, instead, relying upon alleged "experts" to take care of the details in a manner consistent with the stated goals of the executive, especially

when involving legal documents establishing the legal foundations for the action.

Secretary Rubio

First – and a BIG ISSUE for me, – last year, Marco Rubio voted in favor of the Police State legislation, the FISA 702 renewal, which permitted the FBI to attack private citizens in their homes for federally imagined offenses. That bill was then carried forward by the renewal of a Dept. of Defense (DOD) directive, 5240.01, which expands the use of lethal force against US citizens

The Balderdash Charade In American Politics: The Biden Factor

For the past four years, January 20, 2021 to January 20, 2025, the American people have been lied to, cheated out of their taxpayer dollars, swindled out of their citizenship and roundly besieged with lies from Joe Biden, Jill Biden, Chuck Schumer, Nancy Pelosi, Maxine Waters, Ilhan Omar, Rashida Talaib, AOC, Mayorkas, Austen, NBC, CBS, ABC, NPR and just about every liberal-leaning newspaper in the country.

“Anchor babies” and Ignorant Judges, Part 3

It wasn't just the ACLU, political whores, “non-profit” agenda driven organizations and “churches”. The biggest profiteers have been NGO's (Non-Governmental Organizations). Like the rest of the above, they're part of the mob who deliberately ignore federal LAW to aid, abet and harbor ILLEGAL aliens for big money.

A Time for Truth – War Footing

The corporate Body of Christ in America is still refusing to face reality and take responsibility for our actions. This is the message I am getting from God every day concerning the Body of Christ in America. We need to face our spiritual reality. Evil is overcoming our nation on our watch with church goes on every corner. What God is looking for is some responsible Christians.

Either You're Serious, Or You're Not

Even more heartbreaking for these parents is when their children don't even allow them to see or have a relationship with their precious grandchildren. Perhaps you can't relate to this because it sounds so very dysfunctional. Make no mistake: it is very dysfunctional, and not at all healthy, yet it's becoming more and more common every day.

Watch your Wallet in Democrat Controlled Oregon

I'd like to express my heart-felt "Welcome" to the Trump administration because I believe that Trump and his no-nonsense team will bring much-needed common-sense solutions that work to Make America Great and Healthy Again.

More News You Missed, Musings, Uncommon Commentary and More

Within the government documents that relate to these supposed enemies of the state, members of the military and the police are specifically warned not to have anything to do with the

castigated groups. This listing has been making the rounds of the Internet for years now, but has not elicited the necessary outrage, resistance and rejection that should have been found amongst the citizenry.

Idaho's Legislature

To oppose this pay raise, in my opinion, shows a blindness to the greater problem, which is the dominance of the Administrative State. How do legislators push back against a dominate Administrative State with so little fuel in the fuel tank; with no ammo in the ammo box; and with worn out troops who scramble everyday to do a full-time job on part-time pay? Idaho legislators need more resources to fulfill their constitutional responsibilities.

America Needs to Reestablish Its World-Leading Manifestation of Nuclear Generated Electricity

Now, America seems to be fading into the wallpaper of greed and propaganda. It slinks to massive subsidies to support ancient power generated from breezes and sunshine, like wind and solar. America needs to reestablish its world-leading manifestation of this technology through our secret weapon

called free enterprise.

Leftist Narratives Have Collapsed!

Left wing Democrats – in government, in “legacy” media, in corporations – did everything in their power to try to stop Trump’s return to the Oval Office! They pursued four criminal cases and a civil case against him. They defamed him. They tried to invoke the Insurrection Clause in the Sixteenth Amendment to keep him off state ballots. They threw an enormous sum of money into his opponent’s war chest.

The 14th Amendment vs. Real Birthrights

Regardless of any other priorities or personal pet agendas today, if we, Trump, fails to correct everything exposed in this piece, no one will be able to save the Constitutional Republic from total collapse via British Common Law undermining even our most basic foundational Rights, no one!

As a Disabled 90-Year-Old Legally-Blind Veteran, I had an Epiphany at the VA

I welcome comments from my readers. I write my articles to be informative and to give the readers something to pass on to their elected officials. Most elected officials have demonstrated their contempt for you and the Constitution; their only interest is power and blood money. Let them know with this article how we feel about them.

Biden's FAKE Pardons

Yet another attempt by leaders of today's undemocratic party to con the American people with a "fake" action for mere publicity, that enjoys no force of law whatsoever. Legally and constitutionally speaking, there is no such thing as a "preemptive pardon."

What You Didn't Know About Biden's Engineered Invasion of America

If the American people knew what Joe Biden did to this country with his engineered invasion of America, every citizen,

whether liberal, independent or conservative, would be screaming for his head on a platter. In four years, the enormous damage he did to all 50 states, and to all 340 million American citizens, will go down in the history books as the biggest betrayal of public trust, EVER!

The Deep State Still has Trump in the Crosshairs

To a user of X who asked, “Why [do] they want to kill Donald Trump?” Elon Musk had responded, “And no one is even trying to assassinate Biden/Kamala.” It’s much more sinister than Musk indicated. The issue is whether elements of the Biden/Harris administration were somehow involved in trying to kill Trump and whether they have been covering up the details of their failed attempts.

If Christ Is Your King, Why Are You Allowing The Wicked To Rule?

The wicked advocate sodomy, homosexual ‘marriage’ (Never in the history of mankind has there been any such thing!), and now, they have even devised what they call ‘transgenderism’. All this your Lord calls an abomination. Again, the God that you claim to be submitted to condemns this. So, why is it

happening?

Life Is Precious in All Stages

Through the proclamation of the gospel message, those who take hold and embrace it will come to value human life as God does and seek to protect it in all its stages. As more people believe in Jesus Christ, the giver of eternal life to all who trust in Him, the church will fulfill its role of being salt and light in the world (Matthew 5:13-16), and society will turn around from its path to destruction.

Rats Are Running From Looming Traps

In the waning days of the horror that was the 2020 Coup, it's quite possible that the death of Edgar Welch was the most recent sign that they are desperately trying to cover their filthy tracks. With the inauguration of an administration through which many turds will be dug up, it is quite possible that this young man's death at the hands of the "law" was more last-minute clean-up by the Luciferian Left.

The Financial Rise and Moral Decline of Fox News

While I am hopeful that MAGA can play a role in turning America around morally, I am doubtful because of President Trump's decision to back away from his culturally conservative positions on issues like abortion that he proclaimed in 2016. He once believed in the right to life from conception to death. Now he says it's a state's rights issue.

"I Am Sorry"

A few nights ago, Joe Biden gave his farewell speech to the nation. In it, he whined about America being taken over by rich oligarchs. He blamed "red states" for making mistakes with their economies. He gave a litany of his accomplishments from his teleprompter. His ashen face, his frail body and his dementia-plagued mind did not shine through to the dozen or so Americans watching the broadcast.

Once Again, Having No Faith in the Smartest Guy in the Room

Do you think they studiously avoided discussion of the ongoing

and escalating war not between but among Israel and Hamas, Hezbollah, Iran, Syria, Yemen, and Iraqi groups, and what to do about this existential threat to the tiny Jewish state?

A Constitutional Representative Republic

Sadly, there are whole generations in the USA who have zero connection to the foundations of freedom, liberty, and justice for all. Thanks to anti-American federal control over education in the USA, especially the college campuses, resulting in generational mass indoctrination instead of education, America is nearing a point in history when society itself will destroy those foundations for all posterity, by “democratic” process.

Living Between Two Opinions

The American Culture Church is being challenged in the same way the Prophet Elijah confronted the nation of Israel, “How long will you halt between two opinions?” Will we continue to support and live out these modern-day church structures and practices driven by the traditions of men or will we finally submit to the simple Ekklesia pattern Christ has given to His followers? Jesus said, “I will build my Ekklesia.”

No King But King Jesus

As I write this, Donald Trump is set to take office in less than a week. That's one job I definitely wouldn't want. Never, in the history of our nation, have we seen so much disaster, on so many levels and in every sector of society. I can't think of any incoming president in history that ever faced what Trump is facing going into this.

Medical Censorship

I also think, since the power to regulate medical care is not delegated to the United States, any department or agency thereof should be prohibited from influencing their standard by criminal statute. It is not enough to simply say a department or agency cannot influence board standards, but there must be punishment for those who do.

Trump's Solution to Border Problems?

Just thought I'd toss this out for thought. Whatever happens with this issue, I am SO glad we have elected a businessman who loves the Constitution instead of a dirty politician who

will do anything and everything to destroy it.

Globalists Never Go Away, They Just Go Underground

America is getting a second chance. We still must understand no matter how much exposure communists get, they will never go away unless...We recognize it is up to We the People to take back our power. Donald Trump made a lot of campaign promises but he can't fix America on his own. It will take all of us to expose the corruption that the communist DNC will deny at all costs.

President Trump Must Keep a Clear Vision as the Globalists Use Subversive Tactics

President Trump begins his new administration with promises of significant changes. His supporters are supercharged by his massive election victory that called for decisive action to cut the size and cost of government, eliminate corruption, and reduce the power of federal agencies. Above all, Trump's supporters believe we are on a course to restore the Republic of our Founders.

The Tyranny of the Minority

Evil men are nothing new, the history books are filled with the names of wicked men who pillaged their way through society. But never, until recently, have these wicked, vile men and women been exalted.

In Both California and Florida, Citizens Lose Rights At The Hand of State Government

This law was already on the books when the fires hit. It was passed in 2024. Then, the fires took care of much of the rest. Those victims of their own government may find that developers are constructing multi-family residences where once there were beautiful homes . This may or may not be found to be unconstitutional but the bill seems to have become law nonetheless.

The Utter Malarkey, Balderdash, Nonsense and Stupidities from the Swamp in D.C.

Is it possible that “common sense” could return to America? Answer: it’s doubtful. Heck, over 50 percent of our youth cannot name the first president of our country. Most never heard of Ben Franklin, Thomas Jefferson and/or Abigail Adams or Eleanor Roosevelt. Why do you think? George Patton said it, “Politicians are the lowest form of life on earth.”

A Wolf in Soros Clothing in Trump’s Cabinet

If Republican Senators don’t raise these matters, the hearing will be dominated by Senator Elizabeth Warren, a far-left Soros-supported member of the Finance Committee once praised by Soros himself as “the most qualified to be president.” Back in 2011, Soros even hosted a fundraiser for Warren and other Democrats.

Congressional Communists Take Center Stage

As we near Inauguration Day for President-elect Donald J. Trump and witness the congressional circus in the U.S. Senate confirmation hearings for the President's selected cabinet members, keep in mind who and what you are watching as democrats launch their first efforts to obstruct the incoming administration.

Those Who Refused To Take Heed To The Warnings Are Now Somehow The Victims?

I have to say that I am not trying to be insensitive, but how is it that this information was overlooked by these people? Did they not do their own due diligence on such an important decision such as this? Did they think that government and Big Pharma were looking out for them? Or were they deceived into thinking that what they were doing was best?

What's Wrong with the Crucial

Communism Teaching Act

Again, I whole heartedly support the inclusion of civics in our educational systems. I simply wish Congress would educate itself about its legal powers beforehand. How can members of Congress claim to pull the spec out of the eye of our education system while a gigantic beam is wedged in theirs?

California Government's Role In The Destruction Is Becoming Clear

Whether this would make you cheer or cry, is up to your own experiences with that beautiful state and its people. All I can really say is that theirs is a truly heartbreaking story about why is imperative that we stay involved in every step of our governance -from that in our Statehouses to our own back yards. If we don't demand a seat at the table, we're really not in the game, except to be used.

"Anchor babies" are NOT Automatically U.S. Citizens –

Part 2

So called 'anchor babies' has been a tool of illegal alien females for decades to get their child U.S. citizenship when in fact, a child born of someone who smuggles themselves into OUR country, someone who was not invited into OUR country, has no right to U.S. citizenship.

D.E.I, Woke, Green New Deal: Like A Social Hydrogen Bomb Dropped on America

In a recent podcast, a man I highly respect, Victor Davis Hanson, said, "D.E.I., Woke, and the Green New Deal are like a social hydrogen bomb hitting America. These new terms being practiced are de-civilizing California into a third world country. If other states follow California, they will end up in the same boat."

Understanding Sexuality: Prince Charming

Occasionally, a woman comes along who seems to have been left out of Eve's secret, who is relatively guileless, and yet manages to attract a man by the sheer beauty of her body.

Starry-eyed and romantic, she sees her own ego need as a large white canvas on which her man will paint a stunningly beautiful picture, warm and rich in exquisite detail.

The Ultimate Pardon

Injustice has always been a part of life in this world, ever since the fall of man in the Garden, but in this nation, never so blatant and wicked as the injustice we've lived through these past four years. But God has seen it all, and He is not pleased. Those who have done evil in our land and have not repented will face His wrath – if not in this life, then surely in the next. Have no doubt.

God's Laws and Commandments That Restrains us

A nation can't get much worse off when their pastors and Christians sat idly by and refuse to resist the evil invading their land when God has given them the victory of the cross, the Name of Jesus, the authority of Jesus, the Word of God, the power of God, and the mighty weapons of God.

15 Questions That Will Put an end to the 'Climate Scare' Once-and-For-All

Politicians in wealthier countries are pursuing the most expensive ways to generate intermittent electricity. Energy poverty is among the most crippling but least talked-about crises of the 21st century. We should not take electricity, products, and fuel for granted. Wealthy countries may be able to bear expensive electricity and fuels, but not by those that can least afford living in "energy poverty."

The Death of Communism in California

Such a committee wouldn't have to start from scratch. The report, "Un-American Activities in California," was published in 1970 by a California Senate Fact-finding Subcommittee and devotes almost 300 pages to analyzing the growth of communism and other Marxist groups in the state and how they organized protests on campuses and then manipulated the electoral process to achieve power.

We are Funding our Own Demise: \$40 – \$70 Million a Week to Al-Queda

Gosh! The Governor of Florida pompously declared that HE would investigate the Routh assassination attempt that occurred in his state; Remember? Seems like his crack team of investigators might have at least found THIS, if the media could... Guess he got busy fighting America First Republicans in Florida. Just a little Sunshine-state aside.

United States v. Skrmetti – Oral Arguments

The transgender agenda has been moving fast the last few years. That said, several states have moved to slow their progress, especially among our young people. One state, Tennessee, is being sued by the federal government. Oral arguments were heard by the Supreme Court in November.

The Sickness That Infects CNN

I have a soft spot in my heart for CNN. When Pat Buchanan was in the Reagan White House serving as communications director, I filled in for him numerous times on the CNN “Crossfire”

show, presenting the conservative opinion in response to the liberal opinion offered by figures like Tom Braden or Michael Kinsley. That balanced program went down the drain and CNN became an organ of the Democratic Party.

Please Help Our Innocent Friends in Jail

President Trump will be sworn in as President in less the two weeks and many of our friends are currently languishing as political prisoners as victims of a “government sponsored fake insurrection” on Jan. 6th, 2021. We must go to bat to see them released

Can America Save The Rest Of The World's Masses?

Every person reading this column, especially if you have kids, you need share it until every American citizen reads it. We must educate our population to what's coming, and then, we must take action to STOP mass immigration and change course like the Titanic should have, toward a sustainable civilization.

The 2025 Global Collapse of Woke-ism

Our Founding three documents stand as the Charters of Freedom. But the foundations of freedom and liberty are Faith, Family, and Country first. They always have been, and they always will be. It isn't just Trump voters celebrating the Trump victory, but freedom-loving citizens all over the globe.

Those Who Refused to Take Heed to Warnings are Now Somehow the Victims?

It begs me to ask the question: How is it that now that these people have become the victims (though they are the victims of the lies and crimes committed by Big Pharma and the corrupt governments worldwide) when they refused to take heed to the warnings? How do you help people who refuse to help themselves?

Trump Can Save the Republic and the Economy, While

Draining the Swamp Without Legislation

Except for the Federal Reserve Bank, all of these departments are powers retained by the states and usurped by the federal government. The Federal Reserve Bank is non-constitutional and privately-owned. Trump can eliminate it with a stroke of his pen, without Congress. Congress could not and will not terminate these departments because their Swamp paymasters would not allow it.

New Year, New Hope, New Awareness

On New Year's eve Dec. 31, 2024, a massive lightening bolt struck the Capitol Dome in Washington DC, as the old year moved on to the new, and the old regime is pretending to leave.

Jimmy Carter's Life and the Death of America

They tell us that Jimmy Carter was a great ex-president, a description designed to camouflage his disastrous four years as president. We must know the truth as America moves forward.

We must not celebrate his one and only presidential term. Instead, we must remember why Ronald Reagan defeated him.

The Politicization of Healthcare 2

A social media meme (lower left corner of pic), obviously meant as a joke, featuring rockstar Keith Richards and fitness guru Richard Simmons went viral after the death of Richard Simmons on July 13, 2024, at the age of 76, questioning if healthy eating and exercise matters as it pertains to lifespan longevity.

The Tragic Perils of Alcohol Consumption Manifesting in America

On the perils of drinking besides cancer, 42,000 people die on our highways annually. An average of 13,000 die from being drunk while driving and/or kill others. Another 4,000 die from “texting” while driving, plus 362,000 injuries and wrecked cars. The costs grow astronomically.

Bird flu: Another Gain-of-Function Disaster?

Now, it's the bird flu that's been making headlines (until the massacre in New Orleans) with MILLIONS of chickens and turkeys killed, severely damaging making a living for our family-owned farmers and ranchers who feed us.

You're Not "Giving Up" Anything

In my younger days, I couldn't imagine living in the year 2025. It sounded so futuristic. Still does. But here we all are...and still without the flying cars that Popular Mechanics promised were just around the corner back in 1969. In elementary school, our teacher once gave us an assignment to draw a picture of what the year 2000 would look like.

From Hostility to Reconciliation

Anyone who trusts in Jesus alone (not Jesus plus something or someone else) receives as a gift from God forgiveness in place of condemnation, peace in place of hostility, and reconciliation in place of separation. In Christ, you become

more than a friend with God. You become His beloved child forever (John 1:12-13; Romans 8:14-17; Galatians 3:26; 1 John 3:1). Hallelujah!

God's Purpose Written in a Book

Every person created by God has a purpose. Your purpose is recorded by God in a book in heaven. There are many books in heaven and one of the main books, however, is what can be called the books of destiny or purpose. "Your eyes saw my substance, being yet uniformed."

Pride and Hero Worship

Men, in their pride, elect all kinds of saints, gods, champions and heroes, then identify with them and share in their glories and experiences. Such leaders are really vicious tempters, and encourage the weakness of the masses for the power they get from them.

Give Us A King

Here is a simple, true historical fact to all who desire truth. America's true founders first gathered on her shores in 1620. They were called Pilgrims and Puritans. They too were escaping from a king and "religious" system that hated them. They all were set up much as ancient Israel. They never formed legislators to pass man's laws to harass and control the people.

15 Predictions for 2025

What we can be sure of: human nature will be the same this year as it was last year. People will still try to get as much as they can, with the least possible effort. Most will continue to coast through life. They will still respond to incentives or "nudges," except for that small minority that figures out the incentive structure encircling them and ignores, escapes, or thwarts it. Such people might actually develop free minds.

Federal Government has No Legal Right to Function as a

Criminal Enterprise

In a few words, President Trump has the constitutional power to reinstate the Republic in all its glory without the help of Congress or anyone else. But President Trump has not indicated that he will do it. His present plans will not drain swamp or avoid a catastrophic economic decline. More on this in the next article.

Recycling for Sustainable Electricity is the Key for Future Generations

By harnessing the power of waste, or utilizing new innovative technologies, we can focus on continuous and reliable electricity through recycling tires and plastic waste to help reduce our reliance on coal and natural gas, reduce the landfill footprint, protect the environment, and create a cleaner, healthier world for generations to come.

**Denzel Washington,
Hollywood's Liberal, Named In**

Sexual Pedophile Ring

In conclusion, these actors, who just think that they are playing a part along with these politicians who think that they are above the law (Isaiah 14:12), are quickly finding out otherwise. How are the people in this country going to hold them accountable for making a prey of their children (Luke 17:2)?

The Unmitigated Gaul, Incompetence and Corruption of Joe Biden

If we Americans continue to vote people like Schumer, Pelosi, AOC, Rashida Talaib (Muslim), Ilhan Omar (Muslim), Brandon Johnson, Gavin Newsom, Hickenlooper, Bennet, Polis, Biden, et al., we Americans are putting a noose around our necks, while they pull the drop cord that lets us die a miserable death.
