

Fifty-Five Years of Mainstream Media Lies

Recently Rush Limbaugh was talking about the latest lies by the NYTs against Justice Kavanaugh, and people were calling in asking what to do. I know Limbaugh knows about the 1964 Supreme Court case, NYTs v. Sullivan because he's spoken about it before; yet he never mentioned it.

Ukraine Set Up: Three Very Important Questions

The media feeding frenzy for each one of these phony scandals keeps growing like bad weeds. If we thought the prostitute media – an extension of the Democratic/Communist Party USA – was bad for the Russia collusion hoax, then get Kavanaugh, this latest manufactured set up has those whores running lies 24/7.

Agonizing Death of American Citizenship

Judges do nothing to sustain the laws already on the books: US Code 8, Section 1324, makes it a crime to employ, house or transport an illegal alien living within the USA. Fines:

\$2,000.00 per illegal hired and up to 5 years in prison. The American Civil Liberties Union thwarts our laws at every juncture. They must be the most Un-American organization operating in the United States.

World Tax-Genuflecting to Plants and Impeachment

Final Word Dept: Please be kind to animals. Sign petitions the moment you hear of someone mistreating God's creatures. And join me in contacting your representatives to make it a law that anyone who hurts an animal or is cruel to an animal, is to be charged with a felony, with jail time mandatory.

Basket of Deplorables

Our hope going forward is walking in obedience to the commands of Jesus Christ. We must begin by acknowledging the reality of sin. There are many, many things we must change. We won't be able to see the narrow path's beginning through the swirling cultural chaos that currently engulfs us until we start loving one another.

The Political Landscape In America

The pastors have allowed the strength of the Gospel to be diluted by ignoring the humanism that has crept into society. In all towns leading up to and after our fight for independence, businesses would close down on Sunday and most people would attend church.

Do Not Grow Weary

Weariness has become epidemic in America. The mental and physical exhaustion being suffered is evident on the faces of a great number of people nearly every day.

Lies, Damned Lies and 9/11

Unfortunately, the true perpetrators of 9/11 are still at large. Hint: one of them claimed to be a Christian, but was always making the Devil's sign with his hand. If you still don't know who they are, you are either disinformed, a fool, a die-hard member of the Repucratic Party, or a globalist anti-American traitor.

Do Democrat Loyalists Really Know Their Party?

Do you find yourself scratching your head wondering why your intelligent, moral, and Christian relatives and friends continue to support the Democratic party despite its amoral, anti-Christian and anti-American agenda?

Media Smear of Trump Over Ukraine Revelations Turns Into Massive Joe Biden Corruption and Money Funneling

The scandal story began as an intelligence community “whistleblower” claimed that Trump made pledges to the Ukrainian leader that were not appropriate.

An Historical Case For Christian Influence In

American Education

The Bible plainly states “when the wicked reign, the people mourn, but when the righteous rule the city rejoices.” That is why it is easy to understand why America was on a constant uptick during her founding, formative and for many decades after.

Are AI Robot Priests The Future?

First we’ve got a sales pitch for robot priests, their theology grounded on Artificial Intelligence, a euphemism for Artificial Stupidly. To illustrate just how much thought has gone into this, check out this headline. “Robot priests more acceptable to Protestants than Catholics, says professor.”

I Have Come To The realization That Absolute Right And Wrong No Longer Exist

Sadly, like so many others my age, I have come to the realization that the idea of absolute right and wrong no longer exist. Truth has become an opinion.

Devolving America Into Disparate, Un-American Immigrants Who Are Antagonistic

As you can see, Brenda Walker walks the walk and sees what she sees in California, which might be deemed our latest third world country with its 11,000 homeless. But that's combined with 60,000 homeless in Los Angeles, 6,000 homeless in Seattle and 10,000 homeless in my city of Denver, Colorado.

156 Eyewitness Accounts Were Omitted From The Mainstream Media's Narrative Concerning September 11, 2001

Just today, while taking my son to the dentist, I scrolled through my media feed and I started to notice post after post with first responders and firefighters telling us of their accounts as to what was happening inside of the Twin Towers on the lower floors after explosions took place on the upper floors.

Demographics Will Eventually Destroy Our Founding-Father's Republic

Now add to the unavoidable effects of changing population demographics, the move towards world government and the impacts of the massive funding for the alleged crisis of climate change and other ill conceived, insanely expensive socialist programs.

Kavanaugh and the Crime of Bearing False Witness

It's now been over a week since The New York Times correctly retracted its slanderous libel against Supreme Court Justice Brett Kavanaugh. It turns out the "new allegation" isn't supported by the victim, a fact many believed was purposely left omitted from their the story.

The Groveling Jewish Lefties

But will the leftist Jews of the world wake up and smell the coffee? Realize that the people they're fighting for loathe

them? Reclaim their own glorious heritage and start to fight on behalf of their DNA brethren?

Iran Allegedly Attacked Saudi Arabia – According to This Idiot, the U.S. is Completely at Fault

I am in no way endorsing war with Iran, and hopefully cooler heads will prevail. A war with Iran is not a winning strategy. The entire Middle East is one huge ticking time bomb – one wrong move and World War Three could be instantly upon us, and the majority of the people in the U.S. do not understand this or are simply ignoring reality.

Will Justice Be Served Or Will AG Barr Protect The Deep State

On Thursday, September 19th, Lou Dobbs took several minutes at the end of his program to excoriate AG Barr for spending time in Congress promoting anti-gun legislation. It was a magnificent monologue regarding our 2nd Amendment rights and AG Barr's lack of priorities.

Sex Crimes and Illegal Aliens: Border Patrol, U.S. Army Corps of Engineers Complete Wall System in San Diego

Tucson Sector agents apprehended three men after they illegally crossed the border into the United States through a mountainous area outside Nogales. Records checks revealed one of the men, Juan Francisco Espinosa-Burgos, to be wanted for rape in Oregon City, Oregon. He is also wanted in Mexico for homicide.

Devolving America Into Disparate, Un-American Immigrants

In Minneapolis, Minnesota, 55 percent of the Somali immigrants preferred Sharia Law over American law. In fact, they de facto practice it. Problem: Sharia Law runs counter to U.S. Constitutional Law. No women's rights, animal rights, no free speech, no free choice of dress, no choice of religion, etc.

Found Difficult

Christianity is weak at the top right now because our leadership is too worldly. It spends far too much time being at peace with the world. The Church is a peculiar institution. It is a Holy Priesthood. It is set apart to God.

Democrats' and Medias' Evil Mission to Divide Americans

My deceived relative confirms that we must remain diligent in our efforts to educate misinformed Americans. Folks, I could go on and on with examples of Democrats' and fake news medias' evil mission to keep Americans divided, in fear and at war with each other.

Is There Anything The Democrats Won't Ban?, Part 2

They want to ban all fossil fuels, airplanes, cars, internal combustion engines, oil drilling, fracking and most everything else that makes our world function. And as usual, they don't think these 'plans' through to evaluate the consequences of

their ideas. Keep these things in mind when you vote in 2020.

Is Justice Waiting for Jurisdiction?

He explains that our “justice” system is running under different rules than we understand. He further explains that each court “transaction” facilitates more bond and money movement. If you think it’s difficult for the average American citizen to obtain justice or fair trials, it’s because the court system has been redesigned for brokering deals for the banking system.

Stories of Unspeakable Evil, Holocaust and Eternal Hope

I witnessed how the battle between good and evil is continuing taking place and how eugenics, euthanasia, and abortion, which are all trade marks of evil and are symbolic of ethnic cleansing are increasingly being promoted quite openly.

Hell Yes, We're Going to Take Your Freedom

People, mostly politicians offer promises of hope and visions of a utopian future. False hope mostly, but collectively we Americans are proven slow learners. It's false hope because it's always proven fallacious, but usually after Americans bought it hook, line and sinker.

POW MIA Recognition Day: They Should Never Be Forgotten

By Act of Congress in 1979, the third Friday of September, while not a national holiday, is observed annually as "POW-MIA RECOGNITION DAY." Its purpose is to remember and honor all those who suffered as prisoners of war, and all those many thousands who were and are still missing in action.

The Bible Was Once Used As A Blessing Toward American

Education

The Biblical book of Proverbs tells us that “the fear of the Lord is the beginning of knowledge” (1:7). The American Founders certainly understood this truth, and from the beginning stressed the relationship between a sound education based upon biblical absolutes and the future of this nation.

America's Toughest Sheriff Joe Arpaio Running Again in Arizona

Arpaio is no stranger to federal law enforcement having served as a federal police official with agencies such as the Drug Enforcement Administration (DEA), therefore he's no stranger to Beltway political culture, McRae noted.

The Sin of Silence

Webster's 1828 dictionary defines sin: “To depart voluntarily from the path of DUTY prescribed by God to man; to violate the divine law in any particular, by actual transgression or by the neglect or non-observance of its injunctions; to violate any known rule of DUTY.”

Cancer: Coming to You, a Family Member, or a Friend

I saw chemical-spewing airplanes spraying poisons across thousands of acres of crops. I saw tractors spraying poisons upon endless fields of the foods we eat. I saw signs on corn fields showing the Genetically Modified Organism filled with artificial DNA at the hands of blind, stupid and greedy crop scientists—from Monsanto and Bayer.

Dumbed-Down Kids for Leftist Folly

Despite the climate cult having been caught lying and cheating, fudging figures, suppressing some data while overstating others, times without number, they refuse to leave the stage, clinging to the biggest scam in history for all they're worth.

How Long are Americans Going

to Allow the Corrupt Media and Government to Set the Narratives?

As I have long observed, the collusion between corrupt media and corrupt government in this country has continued to set the narrative for far too long. It is a history lesson that needs to be learned in the present.

Small Efforts Can't Stop Congressional Gridlock Or The Deep State

One of the best strategies for winning is exploiting the enemy's weaknesses. It cannot be stressed enough that "big government" has many weaknesses. They are cumbersome, indecisive, inefficient and slow to move. Government is also a big target.

Presidential Candidates Playing Make-Believe

As I watch the unfolding of un-American Political parties where we are actually considering Atheist, anti-Christian,

sexually perverted, Muslim, and even Socialist candidates in America, I can't help but think that this is the result of man's sinful desire to make up his own rights.

Anti-American Congresswoman Rashida Tlaib Says America Needs a 'Revolution'

As for Rashida Tlaib and her Squad cohorts, they need to focus on what is good for America, not for themselves. President Trump has done more good for this nation than these fools have even thought of doing.

William Pelham Barr, Patriot Or Traitor

AG Barr appears to be someone who would protect the Deep State, not the law, and the Barr family history of Marxism is more than troubling. The move from extreme leftism to rightwing conservatism resembles the liberal establishment takeover of the old right Republican Constitutionalists by Trotskyite Irving Kristol

The 9-11 Event, The President, And The Militia

Getting to the bottom of the 9-11 Event will require extensive, exhaustive, and relentless execution of those "Laws". The Constitution imposes on the President the duty to "take Care that the Laws be faithfully executed".

All Aboard Trump Train 2020

This confirmed the importance of my Trump Train 2020 song, spreading the truth about our courageous president. God turned the negative circumstance of not being able to find local singers supportive of Trump into an opportunity for true patriots to lend their voices for the good of our country.

Assimilation or Disintegration of America: A Sobering Look at Our Country's Uncertain Future

As I traveled throughout 40 states of America this summer, and over 20 of her major cities, the American people lack any clue as to the rapid transformation of this country into a polyglot of cultures...

Is There Anything The Democrats Won't Ban?, Part 1

The policies that the democrat/socialists tout have always failed and when implemented they have destroyed the nation in the process. That is our future with democrat/socialist 'leadership'.

Keep The City

The forces working overtime for the destruction of western civilization are full of glee. Their master, old Beelzebub himself, is laughing all the way to the bank. Not the bank that is full of worthless dollar bills. The eternal bank that is measured by the souls of men.

The Corporation: A Peculiar Institution

Nevertheless, even perfunctory analyses of the way corporations operate and how they affect society show that corporations should be banned for the same reason slavery was banned. Actually, corporations have become nothing but a

modern, more efficient form of slavery.

Not A Near Death Experience But A Death Experience

A favorite preacher, Robert Jeffress, is seen on TBN (Trinity Broadcasting Network) each week. This supporter watches him regularly. However, last Sunday he totally missed the pulpit with his sermon on, So-called NEAR death experiences. In this, with all due respect, Rev. Jeffress is dead wrong

The Cure For Confused Male/Female Relationships

While claiming they only want tolerance, the real agenda of LGBTQ activists is to demonize heterosexuality and throw people in jail who publicly disapprove of the LGBTQ lifestyle.

Rep. Nunes to Comey: Our

Referral Puts You In Danger of FISA Conspiracy Prosecution

That's the big thing that we need. We need real charges brought. And I think a lot of people are frustrated because they feel like Comey leaked classified information. But the question is would a panel of jurors in Washington, D.C., [convict]?" he asked rhetorically.

The Leftist Mission Of Destruction Must Fail

At one time, San Francisco was one of the seven most beautiful cities on earth. Visiting that onetime shining city on a hill as a young lad with my family was a most treasured affair. Although it was during the month of August, the weather was perfectly comfortable and pleasant.

Public/Private Partnerships: Redistributing Our Wealth By

The Billions

It is one thing to spell this out. At least it gives you a foundation for what Public/Private Partnerships are. But until you are exposed to an actual project (or rather the 'conceived' project), you cannot fathom the intricacies of deceit, collusion, and theft of taxpayer money with which these entities are swindling us, the people.

What Else Have They Lied About?

I'm not sure with whom this phrase originated with but it is on full display in America today. Our government is a collection of thieves. They have robbed every vestige of Truth from the American people and have smiled while doing it.

Democrats' Christian-Bashing

The publicly stated position of the Democrat Party is that Christians—meaning most of you—are the bad guys who've made America a racist, sexist hell-hole. They are against you, boys and girls. Most of them insist there's no such thing as boys and girls.

Taxing America To Death: 545 Responsible For This Mess

One hundred senators, 435 congressmen, one president, and nine (Unelected) Supreme Court justices – 545 human beings out of 238 million (325.7 presently)- are directly, legally, morally and individually responsible for the domestic problems that plague this country.

Democrats, Lay Off My Hamburger And My Guns

God knows how any clear-thinking American can accept or believe in this insane, anti-American “bilge” being spewed by the Democrat presidential candidates, or the Democrat party itself. If that is what America has become, you might just as well condemn the U. S. Constitution to the nearest bathroom for toilet paper.

Are Students Really

Withholding Conservative Religious Views in College?

I realize there is a tremendous amount of pressure on you 30% of students who will speak your values, but do not lose heart. Our Founders did it, and by God's grace so will you.

With Good Roots America Can Return To Greatness

From the beginning, it was quite evident that the United States was destined for greatness. The many unique ideas espoused and argued about by the Founding Fathers would then culminate in a shot for liberty heard around the world.

AG William Barr, CIA Asset And Deep State Impresario

The Rule of Law, apparently doesn't apply to members of the Deep State. Attorneys Joe diGenova and Victoria Toensing repeatedly tell Fox News that AG William Barr is cleaning up the intelligence community. Barr has been at the job for seven months, and as of yet, no one has been charged.

Dan Rather – Still the Same Clueless Mudslinging Leftist He Always Was

All one needs to do to see all this in action is to turn on the news, look around on the Internet and social media, and listen to the Democratic candidates for president who all promise outlandish and impossible items as they vie for the Democratic nomination

Autism—Still Looking For Answers In All The Wrong Places

The increased incidence of autism has been attributed by legions of parents and a number of professionals to the mercury-containing preservative thimerosal, used to prevent bacterial or fungal contamination in the vaccines babies and children routinely receive.

Men: Ignore Warning Signs & You Could End Up Dead

I am of the personal opinion the destruction of America's moral fabric came from the 'free love' revolution, Roe v Wade and then no-fault divorce. While divorce should always be the last remedy, there most certainly are situations where it is the only course of action to save lives if domestic abuse is in the equation.

Anger (Hate), Gossip and Frustration: Forgive Them Anyhow

I once knew a friend who carried grudges against those who wronged him. He piled them into a potato sack that he slung over his shoulder everyday when he traveled to work. When I saw him for lunch one day, he carried on with new additions to his "potato sack full of grudges."

Made Foolish by Funny Money

The closing half of this Proverb asserts that fools, "delight in airing their own opinions." Even news is mere opinion in America today. It doesn't pretend to be objective. Everyone

knows that FoxNews merely aspires to be the right wing to CNN's Left. They are both part of the same dodo bird, boldly asserting their opinions at the expense of truth.

How Media Is Helping Rewrite American History, Part 2

We are seeing schools wanting to eliminate any references to the Founders because they were slave owners. Schools are teaching that America was founded on slavery, a lie from the pit of hell. At the height of slavery, there were only four million slaves in America[2] and only around 6% of American citizens owned slaves.

What is truth? What is freedom? What is choice?

The problem is, today's media has become a weapon often used to misinform us. No group of people is more in love with their power over the minds of people than newspapers, radio, and television. Some realize they are trying to replace God

The Greatest Enemy of Freedom in America Is Big Tech

Our civilization has now reached the point technologically where a public-private distinction is increasingly meaningless. We are moving towards a Big Tech driven economic culture in which everyone will be expected, as a condition of running a business or just living a normal life, to be connected to online platforms all the time.

God Given Talent Got Any? and One Size Fits All

God didn't allow those atrocities. Just as he did not allow Himself to be removed from our public schools – taken away from our children when they're most vulnerable. Just as he did not allow us to kill more than 60 million unborn children. People who did not know God are responsible for these acts.

No Ordinary Moments: Your Epic Life

Struggling author and single mom J.K. Rowling lived off welfare when she began writing the first "Harry Potter" book. She now commands the title of the richest working woman in the

United Kingdom.

Federal Judge Tells Democrats 'No' on Lawsuit for Trump's Tax Returns

Maybe it's time for the IRS to do an audit of all the Democrats in the House, their spouses, their children, their business associates, their parents, and their brothers and sisters. That way, when the IRS is finished, they will have lots of IRS evaluations to assess. Not that they'll be able to do anything about them.

Read the Commerce Clause in the Light Cast by the Other Parts of Our Constitution

So Madison warns that we better stick with the original understanding; and not interpret the clause to mean that the federal government has the same broad power over interstate commerce that it has over commerce with the foreign Nations and with the Indian Tribes.

VAPING-The Ultimate Bait & Switch Scheme

The trendiest trend today, which is witnessed amongst hip young people, is a stupid recreation called, Vaping. It is actually the same thing as smoking but it is a longer type of cigarette. Instead of it being a cigarette, it is a metal tube, that one sucks the end of, taking in the chemicals-with-a-kick, that goes into the lungs

In Portland, Oregon, where the mayor orders the cops to stand down whenever Antifa thugs feel like rioting, fans of the Portland Timbers soccer team are making the soccer league increasingly uneasy over their mix of politics and sports.

Trouble Is Coming – Perilous Ties Are Upon This Nation

I used to love watching the old westerns on TV. That was long before political correctness had taken root in America. In

fact, that was so long ago that there was actually a thing called right and wrong.

The Best Way to Enslave the People is to Disarm Them First

Alexander Hamilton stated the reason for the Second Amendment: “The best we can hope for concerning the people at large is that they be properly armed,” adding later, “If the representatives of the people betray their constituents, there is then no recourse left but in the exertion of that original right of self-defense which is paramount to all positive forms of government.”

Customer Service Has Gone To Hell In America

At great risk to themselves, the young people of Hong Kong are crying out for freedom in massive protests throughout the city. Why aren't our young Americans crying out for freedom? Just the opposite is true. They're crying out for socialism and “free” stuff. That's what three generations of Progressive brainwashing has done.

What Does Separation of Church and State Mean?

Our founders, in the Declaration of Independence, referred to God as the Supreme Judge of the universe because His jurisdiction supersedes every act of civil government.

Criminal Illegal Alien Murders Californian In Sanctuary Santa Clara County

ICE officials sent not one but six separate “detainer” requests to Santa Clara County, when Arevalo-Carranza was about to be released from its custody, asking that he be detained long enough for federal immigration officials to take him into custody for removal proceedings. Each one of the requests was ignored because of Santa Clara County’s sanctuary policies.

Under Assault: God, Family,

Country – The Pillars Of Our Nation And Culture

When young people do not know their history or the origins of their country they are easily influenced. They learn from biased texts and too often from biased ideologues impersonating teachers. On the back of not knowing our true history in the context of it's time, they are susceptible to ideas of Socialism, Communism, Atheism, and eliminating the Electoral College.

Since When Did Patriotism Become Un-American?

Here is what the Democrats will not speak of: many of these illegals are here sucking up resources that could and should be going to American citizens – like health care, food stamps, and schooling. Many illegals are drug dealers; murderers, gang members, rapists, and many carry dangerous diseases.

The Destruction Of The American Medical Industry

Those who wish to permanently change America into a third world socialist country are now working to destroy the very

President who stands against it. We must support him, even when we disagree with something he does. Our lives literally depend upon doing just that.

The High Cost of Cheap Tomatoes

Basically, each illegal alien is costing the American public about \$20-25,000 a year. Do you think you could use an extra \$20,000 a year? Our Veterans? Our students? Our roads? Or do you prefer cheap tomatoes!

Ignore Islam At Our Peril

There is no shortage of Islamic materials on the market for anyone curious enough to seek the truth for himself. I personally have written hundreds of articles about Islam and the threat it poses to our Constitution. The painstaking task of educating the American public about this threat has not stopped Islam's advancement in America. I am puzzled as to why no one takes this threat seriously?

Who's to Blame for Evisceration of the Second Amendment?

The level of ignorance by politicians regarding the Second Amendment is killing this country in ways people can't imagine. Oh, sure, many of those dogs, particularly in the Democratic/Communist Party USA know their stand on the Second Amendment is nothing short of tyranny. They don't give a damn. Their agenda is and always has been total disarmament of We the People.

Envisioning Religious Freedom

It isn't going to work. The League doesn't get it. But a rising number of people in the world do. The Left has overplayed it's hand. It's only a matter of time now. The days are numbered for institutions like the League. Jesus Christ will not be mocked. And paganism will not prevail.

How The Media Is Helping Rewrite The American History

It's bad enough that our schools don't teach our history but when what they teach is outright lies that's another thing

altogether. Add to that the government funding and encouraging the lies then we need to wake up! Our country, way of life, culture, and future depend on it.
