

Woman Fears for Her Life After Seeing Trump Yard Signs

How far we have fallen as a nation, academia doesn't turn out intelligent well-rounded highly qualified individuals anymore, no instead our indoctrination centers turn out people so brainwashed in Leftist dogma that they can see a simple yard sign and be terrified for their life.

When Will Democrats Finally Get Tired Of Voting Democrat?

One party (Republicans) believes in the founding principles of America and individual freedom and tries to be true to those principles, albeit haltingly. Unfortunately, the other party (Democrats) is doing every thing in its power to tear down those principles of freedom and gain perpetual political power. It is that simple.

Communism's Promotion and Collusion in America's Race Wars

The entire smear job on America has been in the works for a century. Editorial writers, columnists, news commentators and analysts go overboard to destroy America via press, radio and television. They give top coverage to racial incidents, fomented by leftists. The black race is the sacrificial lamb

of the widespread racial hatred the left is creating.

The CIA Has Never Worked for the American People, Part 3

Initially, the CIA was structurally divided into four different directorates: Intelligence, Support, Administration, and Plans, each one headed by a Deputy Director. Eventually the Directorate of Administration disappeared, and the Directorate of Science and technology was created.

Are Attorney General Barr and FBI chief ordering criminal operations against Democratic supported anarchists?

The “Trump Effect” Is the Republicans’ Only Hope

If Gardner and the RINOS win, it’s because Trump will pull them across the finish line after they decided to vote for Trump nominee Amy Coney Barrett to the Supreme Court. The “Trump Effect” is their only hope.

America: Why Do You Enrich Our Enemies?

Slowly however, those who control the big monopolies have been using their technology against the American people. For years and years, the ‘Gods of the Universe’ aka tech giants have been on a non-stop crusade to censor web sites whose content is conservative or constitutionally focused. The independent media is a real threat to them and their agenda.

The Coming Break Up of America, Part 1

America faces the most critical juncture in its 244-year history. This entire BLM and Antifa anarchy must be stopped,

or they will continue to be emboldened while our law enforcement and elected officials enable them to continue burning, looting and killing cops. Indolent Americans sit on their Lazy Boy recliners wielding a remote while their country fractures before their eyes.

Judge Barrett Is the Answer to Ginsburg's Legacy of Death

Perhaps in the afterlife, Ginsburg will be held accountable for the pain and suffering she inflicted on the innocent unborn. In the meantime, the Court needs a Christian judge willing to be guided by moral values. The choice is clear.

The Real Ruth Bader Ginsberg

I am sure that RBG was involved in some very important and beneficial decisions, but advocating pedophilia and homosexuality are not part of them. Any time anyone takes a position that solidly opposes the principles of God, especially for one that is in a position of authority, it can become a stumbling block for the nation they are representing. Ask Sodom and Gomorrah.

Whosoever Shall Save His Life Will Lose It

Folks, things are worse than you think. Right now. It may not be at your front door – yet. But the sand is quickly running out of the hourglass. There's more I could share with you, but my research is not yet complete. Suffice to say, it's worse – much worse – than you think. We have been softened up over decades by Communist and Leftist indoctrination in our public schools and colleges.

Harmful Effects of Wearing a Mask

Summing it up, I believe people are getting sick and dying just like they always have. I am confident that there has been a psyop of gargantuan size with an endgame of decreased freedom, destroying the economy, going to a cashless society, and getting rid of the nonproductive and the elderly.

It is Time to Decommission Our Governors

Thomas Jefferson made this defining statement, "Who will govern the governors? There is only one force in the nation

that can be depended upon to keep the government pure and the governors honest, and that is the people themselves.

Force Required To Save Families From Murdering Marxists

When I was a young man, the people I knew were God fearing, hard working, law abiding, and ready, willing and able, to defend themselves and their family. These characteristics are in short supply today. Many of our young men and women are spoiled, lazy, cowardly, naïve wimps, living with parents.

Should the Nation Mourn Ginsburg?

The New York Times headline, “As Nation Mourns Ginsburg, Trump Vows Nomination,” has two distortions. First, while many people are sorry to see her passing, the expression of deep sorrow is not something pro-life people would feel about someone whose rulings denied the humanity of the unborn.

The CIA Has Never Worked for the American People, Part 2

Historically, the U.S. never had an official permanent civilian central intelligence agency. The functions of intelligence and espionage were carried out by the State Department, the different branches of the armed forces, particularly the Navy, and the FBI.

If President Trump Is Not Reelected Forget About It

I was recently in our nation's capital, Washington, D.C. The occasion was a coming together of patriots and Christian prayer warriors. We all wanted to both see first hand what the looney mayor Bowser had been allowing on the streets of our national capital.

Eight Ways to Help Trump Win the Election

The 2020 Presidential Election is forty days away. President Donald Trump has the most powerful forces of our society arrayed against him. The overlapping forces of the Mainstream Media, the Democrats, the Deep State and traitorous

Republicans are out to defeat Trump.

The 2020 Election, Liberalism, Joe Biden, Domestic Terrorists, and the USSA

The Democrats have accomplished nothing of lasting value because they are fully and completely invested in destroying President Trump and then removing him from office. There was the Russian collusion narrative built on bought and paid for shady information via the Democrats – more specifically bought and paid for by the DNC and Hillary Clinton.

The Ideology of Playing God

We may also wonder why we stand for such abuse, why we let them get away with it. Well, ordinary people are often at a disadvantage when dealing with fanatics. Evil is usually permitted to run wild for a time before we pluck up the courage to smack it down. Which we will have an opportunity to do, this November.

Why Are Democrats Promoting Violence and Supporting BLM and Antifa?

We face a drastic if not sobering choice in the coming election. If Biden succeeds to the White House, we face open borders without restraints. We face violence supported by liberal leaders in major cities such as Detroit, Minneapolis, NYC, Los Angeles, Seattle, Portland and many others. We face dismantling of law and order in our country.

Australian Report Discloses the Economic Destruction of the Global Warming Fraud

Australia is, in many ways, a country like the United States; and both were used as places to settle convicts. When the US Revolution stopped Great Britain's transport of convicted prisoners here, they deported them to Australia. The Commonwealth (federal government) of Australia was established on January 1, 1901, after approval of a draft constitution by Australian voters.

Would You Be a Slave In Your Own Land?

In every war there is a winner and a loser. If Conservatives can't or won't fight for what is right and to preserve freedom, then Conservatives are hopeless losers. We're not talking about the politician Conservatives. They're no help at all. We're talking about the Conservative masses.

Another Federal Judge Rules That Coronavirus Shut Downs Are Unconstitutional

The Big Lie Regarding the California Fires

I have so much sympathy for those that have lost their homes and loved ones. Also for the firefighters that are risking their lives for others. It makes me sad when I tell people about it and they have an I don't care attitude.

Make Unborn Babies Great Again

People are motivated. For Christians, the yard signs and banners, "Jesus is Pro-Life," and "Unborn Lives Matter," are increasingly popular. Another popular slogan, borrowed from one of the president's signature lines, is, "Make Unborn Babies Great Again."

Trump's Promise to "Fill That Seat" Excites Conservatives

McCarthy wagered "that a determined Republican effort to replace Ginsburg in the coming weeks would increase the chance that Biden defeats Trump, and that Democrats take the Senate while holding the House. If that happens, Democrats will repeal the filibuster, add four to six seats to the Supreme Court, and pack it with liberal ideologues. Whatever benefit will have been achieved by confirming a Trump nominee will be overwhelmed."

Dialogues With the Devil

Ruth Bader Ginsburg was one of Lucifer's most prominent influencers with her defending abortion, sexual deviants and presiding over the "marriage" of same sex deviants. How can I say such a thing? I just did because it is truth.

What's The Worst That Can Happen With A Biden Presidency?

If he (Biden) wins, it wouldn't be a "Biden Administration" but it would be a "Harris Administration" because Joe Biden

may not live out four more years. Most expect him to be incapacitated in office while being totally incompetent to serve as president of the United States.

Rosh HaShanah and the Days of Awe Lead to the Time of Judgment

The Israelites were protected in the land of Goshen in the midst of the judgments of Egypt. Egypt was the world power at the time, and had found itself the defendant in Heaven's court. The judgments were levied and all of Egypt's gods and witchcraft and wealth could not stay the hand of judgment against her.

What To Expect When Trump Wins, Part 2

Trump has warned about it and Attorney General Barr has warned about it. Biden has 600 lawyers that have filed over 150 suits to allow mail-in ballots and to challenge the results if Biden loses. This election has to be so decisive in Trump's favor that any fight to overturn it will be futile at best.

Men's Hearts Failing Them for Fear

But the forced compliance and fake pandemic were only the beginning of woes regarding the planned destruction of America. Then came the riots, as the Leftists activated their own private army of anarchists with Black Lives Matter, ANTIFA and others. The name "George Soros" comes up again and again every time such plans are implemented.

Ancient Chinese Philosopher's Word For Today

BLM is a Communist gang founded by Patrisse Cullors, which is funded in great part by the traitor billionaire American Citizen, George Soros, who gained his first fortune by showing the Nazis where his fellow Jews stored their valuables, which included classic works of art. Soros received a huge commission for each treasure he revealed to the Nazis.

The CIA Has Never Worked for

the American People

In 1947, CFR secret agents infiltrated into the U.S. government pushed the creation of the National Security Act, which created the National Security Council and the Central Intelligence Agency, allegedly as a tool to manage the military, intelligence, and foreign policy areas of the U.S. government.

A Falling Away, Part 3

How ironic that Covid-19 came from China, and in 500 BC, the Chinese strategist Sun-Tsu declared: "The highest art of war is not to fight on a battlefield, but to subvert the enemy by destroying all the moral values in your enemy's country."

During These Times of Crisis, Hold on to the Constitution

Now is the time to, as our founders did, stand against the tyranny surrounding us. But, as we do this, we must remember to appeal to the divine providence our founders did. God is the maker and giver of laws, and if we try to solve these issues without Him, we may not see the same success.

Obama is the Power Behind the Biden Teleprompter

President Trump was accused of going too slow on a coronavirus response. Now he's accused of going too fast. "Danger of rushing vaccine" screams the headline over the political gossip publication Axios, designed for elites in the Big Tech industry who don't read too much but want to know what to say and who to censor. Meanwhile, the liberals in the media are in ecstasy over Barack Hussein' Obama's new book

Conversation With a Foreign Cabbie

We'd come to another stoplight, and he looked over me as if to ask, Are you that much of a dolt? "Of course it was made," he said. "If not there, then in your country and brought to China and released in Wuhan. I don't know that, but COVID provides a cover for everything they're doing. The disease isn't that big of a deal. A bad flu."

Insurrection – or Just a Peaceful Protest?

At no time in 240-years of American history, has our nation and way of life faced such a massive threat and although this threat is funded from all over the world, the enemy is operating from within the halls of our own government, the college lecture halls, mass and social media giants, and countless left-wing 501 and 527 groups.

Political Leftists And Parasites It's hard To Tell the Difference

The Founding Fathers understood and asserted that the United States would fail if it lost its Christian foundation. It is now up to Patriotic Christian believers to stand up and battle to reaffirm and reclaim our Christian influenced educational heritage with the same passion and commitment of the Founders.

Mail-In Voting? A “Political Question” Which Only State

Legislatures and Congress May Decide

It has become obvious that one of the purposes of the COVID-19 scam is to bring about unrestricted mail-in voting in the toss-up and Red States so that the upcoming presidential election can be stolen by the Left for the senile Joe Biden and his constitutionally ineligible running mate, Kamila Harris.

Banned by United Airlines

I will not be flying anymore. I have had enough of it. America used to be free. Now America is fearful. Tyranny has become normal. It will only get worse. Where will you draw the line? Airplanes today, automobiles tomorrow. The “Land of the free and the home of the brave” is perishing.

Scaring Ourselves Silly

I saw a rather bizarre sight the other day. Children were coming out of St. Francis’ school, across the street: all of them wearing face masks. Instead of laughing and talking as they always do, they were completely silent. And to pay their deep respects to Social Distancing, they walked with their arms outstretched in front of them, as if they were wearing blindfolds.

Tucker Carlson Interviews Frosty Wooldridge on America's Immigration Crisis, Part 2

Antifascism Groups Becoming Huge threat to U.S., Claim Intelligence Experts

As time goes on, police officers across the country are being scolded and denigrated by politicians, mostly left-wing officeholders. After major police organizations and unions endorsed a second term for President Trump, the Democrats became more emboldened and actually refused police protection to American citizens.

When We Had a CIA That Worked for America

Obama's director of the CIA was John Brennan, who voted for the Communist Party (CPUSA) ticket when he was in college but was hired by the CIA anyway and quickly rose through the ranks. He is implicated in the Deep State effort to destroy the Trump presidency.

You Caused It. You're Guilty. Shut Up and Comply

Of all the emotions that control human behavior, guilt, fear and anger are the most destructive. Guilt can make us change our behavior for the good or bad. Fear can stop us in our tracks. Anger can make us act in an uncontrollable manner, where reason, logic and common sense are absent. Government has mastered the use of guilt, fear and subterfuge to manipulate and control the people.

BLM and ANTIFA: Death to America

Here is the disturbing question, what if this violent domestic group known as Antifa offers perfect cover for jihad and secretly works with the Islamic organizations as an arm of violent jihad? On numerous occasions, Antifa has openly threatened to massacre American patriots and even President Trump.

Karl Marx, The Satanic Prophet of Darkness

In democrat-controlled cities, today's subversives are not only destroying and defacing businesses, but they're attacking synagogues, churches and religious statues, but mosques have not been targeted. Hamas-linked CAIR and other subversive groups have been issuing pious statements of support for the “demonstrators,” without a word of condemnation for the

violent riots.

We Have All Tested Positive For Cov-Idiocy

As I said before, the data is clear that wearing a mask depletes the oxygen to the brain and these young children are being forced to where these hideous masks by their parents and public school systems. I think it is child abuse, don't you? In the video you will see what your Government has in store for our children and grandchildren.

Democrats' Destroy-Trump Efforts Almost Comical

No doubt, these frantic, Democrats will keep up the anti-Trump drumbeat until Election Day on November 3rd—fabricating explosive headlines, leveling damning accusations, and working overtime to rig the election. But this effort will earn them a Z for zero success. That is because I suspect that most Democrats are not that dumb

Another Black Robed Tyrant Strikes – Again

The same Congress that will rob you to pay for programs for illegal aliens, and in fact, want to give illegals a free pass, further denigrating the meaning of citizenship and allowing criminals, rapists and terrorists to remain illegally in our country has been rewarded. The same members of Congress (both parties) are being returned to seats of power

Why You Should Cast a Vote Against the Media

They are worried that Trump voters are standing with the president and swing voters perceive that the mentally frail Joe Biden is not up to the job and that he will be a puppet of radical socialists who will undermine the economic recovery.

Tucker Carlson Interviews Frosty Wooldridge on America's Immigration Crisis

If we don't stop all immigration, not only can we NOT save them, we won't be able to save ourselves. We will face unsolvable problems with irreversible consequences.

What To Expect When Trump Wins

George Soros also funds the Open Society Foundation which is a major supporter of blm and has been since 2015. Soros uses the Open Society Foundation to do a lot of his dirty work. He has transferred the bulk of his fortune, \$18 billion, to that foundation.[4] I would think that this would be classified as treason by funding sedition but Trump may address this in his second term.

Rage and Vain Things

Mere frogs in the pot as the water temperature rose, and we, as the church, enjoyed the warm, comfortable bath water, until we found ourselves boiled. It's our own fault, my friends. We let this happen. We did not fix God's Word in our OWN hearts and minds; we certainly didn't tie them as symbols on our hands or bind them on our foreheads.

Restoring American Greatness

Means Abolishing the CIA and FBI

Ignoring the nearly 200,000 deaths from the China virus, Conrad Black wrote, "Trump Has Had a Historically Great First Term," for a website called "American Greatness." This treatment of President Trump's first term comes from someone pardoned by Trump for financial fraud.

Republicans Can Still Win

When all else fails, remember that Democrats seem to have a unique ability to snatch defeat from the jaws of victory. Biden currently seems unable to give intelligent answers to spontaneous questions unless the answers have been provided for him on a teleprompter or unless he has memorized them in advance.

Insurrection Underway, Bloody Civil War to Follow

Democrat Communist shock troops known as Black Lives Matter, Antifa, et al, have started an insurrection by burning, looting, killing and destroying our cities. Their objective is clear, to make life miserable for Americans so they will accept a Chinese Communist Type Dictatorship rather than

freedom under our Constitution.

Are People Losing Their Professional License Celebrating Freedom?

This is why it is so incredibly crucial to remember our Capitalist founding based on the Ultimate Word of God. When we stray from our biblical founding, tyranny begins to reside, people become restless, and the nation falls. That is why it is our duty to fight against this tyrannical injustice.

In Remembrance of 9/11

We the People must re-evaluate and amend all that has been fed to us for years by crafty politicians and the leftist mainstream media. America is not safe and it is only going to get worse. Islam's invasion is currently in progress just under your nose via subversion. Unfortunately, many Americans are not even aware of it.

Our Constitution Provides Two Separate and Independent Methods for the Federal Government to “Call Forth the Militia” to Suppress Insurrections

We would be wise to celebrate the President’s constitutional and statutory authority to protect us from the death and destruction being brought about – with the connivance of State & local officials – by the Marxist revolutionaries. When State and local governments refuse to protect their people from such death and destruction, the President has a clear power to intervene.

The Truth About Marx and Satan

Nevertheless, we have an abundance of strong and faithful believers in God and in freedom and liberty. Our Judeo-Christian foundation is one that encompasses the old and new testaments of the Word. It is really up to all of us who love America to fight against the fiery darts of the evil one and yes, to take our stand against the evil which permeates from communist doctrine.

President Trump's Self-Inflicted Wound Could be Fatal

The death toll from the virus, after all, is approaching 200,000 in the U.S. alone, and Trump understands better than most that China bears criminal responsibility for releasing the disease on America and the world. This attack, which is continuing, is worse than 9/11.

American Traitors

How much more of this are we Americans going to take? What would our forefathers have done? Trusting and electing evil men to do good has not worked. Voting for RINO Republican's has not worked. We've been betrayed.

The Psychology of Belief

The “October Surprise” Confrontation with Russia

Will America Survive Another 100 Million Immigrants: Running Out of Oil Guaranteed!

Today, China adds 27 million new cars, net gain, to their highways annually as they race, like the Kentucky Derby, to surpass the United States. In his book, Kunstler said that by 2030, China with 1.4 billion people, will be burning 98 million barrels of oil on its own, annually.

Resistance and Rebellion in the UK – Where are the Men?

With voices being silenced from singing in church together with mandatory mask wearing for church goers, the conformity and the absence of any enthusiasm or bravery towards this oppression from most churches, whilst in the same are as there are open restaurants, café's and pubs, unfortunately denotes a certain weakness which is not inspiring.

The Truth is Out There

Most are so blind that they refuse to even look when you place clear facts, figures and evidence right in front of their noses. It's frustrating to me, because it seems that SO MANY now CHOOSE to believe the lies. The result is the chaos and havoc, fear and submission, blind compliance and obedience to things that are more and more wicked and evil every day.

Righteous Obedience

You have to decide for yourself who you will obey! The sooner you make the decision, that no matter what the cost, you are going to obey God, the easier it will be! Remember Romans 6:16. Your soul depends on it!

The Evil Will Increase

Please understand that I support 100% a person's right to PEACEFULLY PROTEST. It is part of our Constitution but when that protest turns from peaceful to violence with the burning of buildings and looting and even murder, then that protest has stepped over the line and should be stopped at all costs.

The Curious Connection Between America's Foreign Wars and the Enemies Within

If the media will peddle a phony dossier based on Russian sources about Trump, there is nothing they won't say or do. They don't care about our troops, or the fact that they have been sacrificed by the Bush-Clinton-Obama-Biden Administrations in wars in Iraq, Serbia, Syria, and Libya. What the media care about is destroying Trump.

The Communist Led War On America's Police

It is apparent, even to the most naïve or gullible, that there is a war against our police officers. This is nothing new; it's been going on for many years. However, what we are now witnessing is the Marxist war against American society by first destroying those who protect us. This has been a Communist objective for over a hundred years.

War is the Big Issue of the Campaign

As Senator Paul said, "President Trump is the first president in a generation to seek to end war rather than start one. He intends to end the war in Afghanistan. He is bringing our men and women home. Madison once wrote, 'No nation can preserve its freedom in the midst of continuous warfare.' I'm proud to finally see a president who agrees with that."

Created Crisis: They Have Lost The Coronavirus Narrative

Bradlee Dean

Now Yale University Is Attempting To Manipulate People Into Taking The Vaccinations

“You never let a good crisis go to waste. And what do I mean by that; it’s an opportunity to do things you think you could not do before.” –Rahm Emanuel

For anyone that is paying attention to the perpetuated fear and fraud that is being pushed on the American people by special interest groups operating through corrupt politicians in American government today, you can see clearly that they have lost the narrative no matter how hard they push their propaganda through the “useful idiots” found in the mainstream media (Luke 22:48).

It took a little bit for the people to begin to put the pieces

together in exposing this preplanned agenda (Isaiah 28:18).
