

# **DANGER: Article V Convention Legislation filed in Congress: They Want a New Constitution**

If Congress calls an Article V convention, you can be sure that a new Constitution will be imposed on us. The convention of 1787 was called “for the sole and express purpose of revising the Articles of Confederation”. But the convention proposed a new Constitution which had a new mode of ratification and which created a new form of government.

## **How to Lose Winnable Elections**

In terms of our current predicament, a key plank of the Communist Manifesto was “Centralization of credit in the hands of the state, by means of a national bank with State capital and an exclusive monopoly.” That means, for our purposes, the Federal Reserve, now exposed as a failure by The Economist and other mouthpieces of the establishment.

Over 60 years ago, in the infancy of television, from 1955 to 1960, a wealthy benefactor gave away \$1,000.000.00 to lucky recipients. During the program, the benefactor tracked their lives, their choices, and their outcomes.

# **The Kind of Imbeciles Who Rule the World**

Spain's Minister of Equality (good night, nurse!) raised a few eyebrows recently when she declared that "children have the right to know that they can love and have sexual relations with anyone they want". This ought to give you an idea of the kind of people who are governing the world's nations, these days.

# **Government That Doesn't Comply With the Constitution is Illegitimate**

To the best of my ability, I have been very careful to be certain that everything I say in this article is truthful and verifiable in accordance with the law. If the FBI should come

for me, it will be just another bogus example of the politicized FBI acting under "Color of Law" with no lawful jurisdiction or authority.

## **The Revelation of the Method**

## Kellyanne Conway, Koch's Trojan Horse

So many of us wrote to President Trump while he was in the White House, and more than once! I know of no one who received a response. Perhaps Kellyanne and Mike, or their fellow Koch members, made sure important messages were never delivered. We'll probably never know.

## COVID Experimental Injections: Criminal Prosecutions Must Happen Now

Push back from around the world is starting to turn the tide as there's just too much data and FACTUAL scientific evidence those COVID experimental injections are killing massive

## **War On Western Culture: Why?**

Many of us, whether we live in the United States or one of many other countries around the world, have heard of the board game called Monopoly or have enjoyed playing it with family and friends. This is a game I have played and enjoyed since my years in college.

## Democrats Pushing For Right To Lie, Cheat and Steal, Part 1

First, I want to say that anything that George Soros supports is NOT good for America. Second, I need to emphasize that we cannot set back and watch. We must become engaged in elections. Run for office, support someone who supports the Constitution, hold elected officials' feet to the fire, and know what your elected official is doing.

---

## Biden Lied and People Died

Too many people are still getting sick and dying. We should not move on from this devastating disease. China and its collaborators must still be held accountable for this crime against humanity. Our only advantage in this struggle is the American-based technology that the communists desperately want

to steal.

## **Help Wanted, “Candidate Must Carry a Firearm and be Willing to Use Deadly Force”**

Globalist believe that humans are nothing more than animals and should be corralled into cities where they will be easier to control. They do not care about the damage they do to the people, because the people are the enemy.

# **The Death of Queen Elizabeth II**

The last two and a half years should have revealed to everyone how we are disrespected and hated. Children and Adults died completely alone. Dedicated nurses were threatened and persecuted with the loss of a job for not being vaccinated. # **The Cult of Kalergi: The Planned Replacement of the European Peoples**

The great majority of Europe's elites, both Christian and secular, are committed to Coudenhove-Kalergi's goal of replacing European man. It will be left to populists and right-wingers like Victor Orban of Hungary, Marine LePen of France and hopefully many more patriots that will arise to save White Europeans and Christians from the invasion and extermination that has been planned and enabled by the elites and is already well underway.

# **My Message to the Traitors – I Will Not Comply**

## **Governed by People Who Hate Us**

Who to blame? Well, of course the Democrat Party itself, big-time. And public schools and colleges and teachers' unions. Hollywood. Our Free & Independent In-the-Bag-for Democrats nooze media. They've all worked very hard to drag us to this point.

## **War On Western Culture: Why Continue Along Our Current Path?**

Joe Biden said, "We want an unrelenting stream of immigration. Non-stop. Non-stop. Folks like me who were Caucasian, of European descent, for the first time, we'll be an absolute

## **What Are Christians Supposed to DO?**

No one can earn or work their way into Heaven. Salvation is by grace alone...through faith alone...in Christ alone. But works are evidence of belief. The idea of WORKS has gotten a bad rap in the church. Works are the evidence of the living out of the Christian Faith.

# Department of Homeland Security Demonizes Americans Again!

Friends, those who were originally accused for the Twin Towers coming down could have never dreamed of what it is that the American government has done to its own people to date (Leviticus 26:15-16). Therefore, America will never be destroyed from the outside. If we falter and lose our freedoms it will be because we destroyed ourselves (Numbers 32:23).

## The Animating Contest of Freedom

Are you willing to suit up for Freedom? Are you willing to risk it all in this noble cause? Are you willing to be called an “extremist” and do the revolutionary thing of defending Freedom? We don’t need a majority, but we need an active and vigilant core that appeals to Heaven, refuses to submit to slavery, and values dangerous Liberty more than tyrannical security.

# The Laws of Nature and of Nature's God

Natural Rights are different than Civil Rights. In the USA, Civil Rights have been established by government via Civil Rights Acts, a legislative process. Civil Rights are guarantees of equal social opportunities and equal protection under the law, regardless of race, religion, or other personal characteristics.

## America on the Precipice

We also discussed the influence of Harry Hay, a Communist Party member who started the modern gay rights movement in America. He divorced his wife, after contracting a venereal disease, became a "radical fairy" with an interest in the occult, and marched for the cause of adults having sex with children.

## The Feasts of God

The false pastors and religious in America are in darkness, deceived, and blind because they cannot see the evil overtaking this nation. So they tolerate evil and refuse to resist it. # **FACTS: Experimental COVID Injections and SADS**

# **War On Western Culture: Will**

# **We Survive What's Coming?**

The harsh reality we face: if we keep allowing endless refugee immigration into America, at some point, whether it's in Detroit or Minneapolis where a virulent religion prevails, we'll hear something like what's happening in Sweden...an imam will proclaim, "Michigan is America's first Islamic State and Sharia Law dominates...long live Allah."

## **America's Fight With Corruption, Part 3**

Most of the corruption I've brought forth has been from the Democrat Party simply because they are the most corrupt political entity in America today but the corruption is not limited to them. The Republicans have shown that they believe that we need to do what they say on several occasions as well.

## **The Death of Personal Privacy**

I have some questions about those cameras. For instance, who's watching? Are these cameras monitored by someone? Are they recording video footage, taking still photographs, or what? I tried doing some research to find out, but found no answers to these questions.

---

## **Living In Darkness**

In closing this article, let me bring one more fact to your mind. And that fact is that no matter how close you walk with Christ, you are still in the world! You will have trouble and tribulations as all men do! But by remaining “faithful” to God and His Word, we can overcome this world’s heartaches and trials!

## **Should Conservatives Be Paying Homage to Queen Elizabeth’s Memory?**

My answer would be a qualified Yes. My answer acknowledges that she wasn’t perfect, nor was the Royal Family free of assorted question marks. Be this as it may, Queen Elizabeth’s life seemed to reflect something that is rapidly disappearing: class. Not in the economic sense.

## **The Zombie Apocalypse**

## **Pow MIA Recognition Day: They Should Never Be Forgotten**

On National POW-MIA Recognition Day, we Americans, all of us, have the opportunity to remember and honor all of the POWs and all the MIAs, by participating in one of the many observances, or, if not able to do so, to pause in our busy lives to honor and remember them and to stand with their families...

# **WOMEN: The #1 Cause of Death in the USA**

In an effort to figure out why our government and media are so concerned with lawful and responsible gun ownership, I decided to study the leading causes of death in the USA. With all of the focus on disarming the law-abiding citizens of the USA, I expected to see that gun violence by law-abiding citizens was a leading cause of death in the USA.

## **If Republicans Support Climate Truth**

## **2022 Election: A Battle of Two Factions**

Only women can convince other women to change, specifically, the 42% of women who voted for Life and Liberty in 2020. I suggest that every female voter in that 42% group get very busy convincing women in the 57% death cult group, to change,

and really fast. There isn't much time left.

---

## **Walking Away from Liberty**

The Biden regime has launched a purge of President Donald Trump's associates and political supporters. It's not just former government officials now at risk. This week Mike Lindell, CEO of My Pillow, attempting to buy a meal at Hardee's, suddenly found himself surrounded and blocked by three carloads of armed FBI goons.

## **War On Western Culture: Losing America's Identity**

Do you think we're going to survive this invasion of cultures and languages? Will our youth survive the endless drug invasion? Will we survive our mass functional illiteracy? Why don't the goofballs in Washington DC not see what's happening? Why are they allowing, and in fact, applauding Joe Biden's total disregard for our country's borders?

When a government agent stands at your door asking to come in, do you know what your rights are? What would you do if that agent tries to enter your house illegally? ## **For Muslims and Non-Muslims, Islam Is the Ultimate Tyranny**

The primary reason is simple. It is valid to criticize anyone and anything because every person has the sacred, inviolable rights of free speech, freedom of thought, freedom of

religion, and many other rights that stem from those central concepts. If anyone says that you cannot criticize a person or a topic, then you must vigorously correct that person, for that way lies totalitarianism.

## **A Model Case Against Multiculturalism**

## **Republicans Aren't Going to**

# **Save America, It's Up to Us**

Biden continued, "Let me speak as plainly as I can to the nation about the threats we face, about the power we have in our own hands to meet these threats. Donald Trump and the MAGA Republicans represent an extremism that threatens the very foundations of our republic."

---

## **NIST Continues to Protect 9/11 Lies**

America was attacked twenty-one years ago today, thousands of innocent human beings died and the cover-up began immediately. Those who still believe the "official" narrative of what happened are those who not only have done no research, but are too afraid of the truth to acknowledge what their own eyes saw.

---

## **Why MAGA Americans are Indeed Dangerous**

Let's be honest here, people who can't even tell if they are male or female and don't believe in guns, are picking a fight they can't survive. We don't want this for them, but they will bring it upon themselves.

# War On Western Culture: Losing Western Identity

If I were in power in America? I would create video instructional programs in schools that show every student what he or she faces if he or she chooses crime of any kind. We're talking hard time in a cell and what it's like in a prison yard. Let each student know what they face if they choose crime.

---

## Fight, Contend, and Do Battle

For those who are still asleep, decades ago war was declared on Christianity, our Constitution, Christians and the citizens of this nation. It is a war that Christians in America have not shown up for. When apostasy rises, when false teachers emerge, and when the truth of God is attacked, it is time to fight and contend for the faith.

## Grace by the Numbers

Flash cards are cards containing information on both sides that are intended to be used as aids in memorization. The Lord Jesus, Creator of all things, made the numbers we all use.

Like flash cards, they can act as illustrations of God's grace – His love for humanity and the redemption He provides for all who trust in Him.

## **America's Fight With Corruption, Part 2**

Do you ever think things will get so repressive in America that a group of high school students will be forbidden from singing the national anthem at the Lincoln Memorial? Well, that has already happened. Do you think that areas of our nation will ever become so anti-American that they will forbid students from riding to school with an American flag on their bikes? Well, that has already happened.

## **Intelligence and the 9/11/2001 Events**

So, if after Biden's clear and to the point threatening speech –which actually means that the so-called "semi-fascists" will eventually lose all citizen's rights, particularly their right to vote– you still think that just by electing members of the Repucratic Party approved by the Permanent Regime you will solve America's problems, you are a very gullible person ... or worse!

---

# **What is the “Supreme Law of this Land” Today?**

But if the Constitution and Bill of Rights are still the Supreme Law of this Land, then we need only enforce it. Contrary to common modern false beliefs, we never did have any Rights beyond those we are willing to fight and die for. Our Founding documents tell us what our Rights are, but it is up to us to enforce them.

---

# **Enough of the Democrat Death Cult**

To those who have not voted in years, if you care about this country and the future for your children and grandchildren, now is the time to rejoin the fight for freedom, liberty, decency, and justice. May God Bless this country and lead us out of the darkness that democrats have led this country into!

# **The Role of the Federal**

# Judiciary

I hope by now you have seen the jaw-dropping arrogance of the little talked about words of Associate Justice Kagan. While experience tells me she is not likely to pay any price for her bad behavior, much less the oath she took to support the Constitution of the United States, I can only hope that the American people will take this lesson to heart.

---

# Symbols of Idiocy

Now that's a symbol, isn't it? We don't generate enough electricity to run our electric cars. But that's no problem—you just get out and push them. And if you never recharge your electric car, you'll never have to rely on that boo-hiss fossil fuel that has to be used to provide the electricity.

# War On Western Culture: Crushing The Modern World

As reported by the media, Memphis' murders reached over 352 in 2021. Even more tragic, if the two had reversed skin colors, Memphis would still be in flames as of this writing. But because she was white, the legal process will move forward without BLM rampaging throughout the city.

---

# Fractured Bedrock, Part 2

Thomas Jefferson, the freedom-loving republican, was the man who quickly repealed these unjust laws when he became President. America's uniquely libertarian approach to free speech has emerged from a long struggle to hear all voices and achieve civil rights and racial equality which exist in statute in America today.

## **And These Are The Ones Driving The Narrative – No Wonder Why Americans Are Confused**

What's worse is that the American people are divided over that which is not even true. Then again, the first casualty in every war is the truth. Therefore, if truth is the first causality of the war, then what must become of the war if the truth takes its rightful place? We will have peace (Isaiah 51:4).

---

# **Is the Establishment Trying to Goad Trumpists in De Facto Civil War?**

We are, indeed, in a battle for “the soul of America.” I call it the narrative war, and whether it will explode from being a war primarily of words into something much hotter, remains to be seen. I think the Bidenistas may be trying to provoke acts of violence, acts that can and will be used against anyone who takes the bait.

## **Our 45th President Lacked the Ability to Discern**

Then why were the majority of people in President Trump’s administration from the Deep State? Only a handful were truly Constitutional Conservatives. Americans know who they were, General Michael T. ## America's Fight With Corruption, Part 1

Abraham Lincoln has been attributed with saying "America will never be destroyed from the outside. If we lose our freedoms, it will be because we have destroyed ourselves from within." Whether he said it or not is irrelevant. It is a fact.

## Stop Being a Victim

So young people, maybe you won't listen to your parents. But maybe – just maybe – you'll listen to me, a stranger. Now, I have no doubt that what I'm about to say is going to make you very angry. You'll be tempted to reject outright all the information I'm going to share with you. I hope you don't do that.

## **Boomer Bashing and Other Stupid Trends in America**

Every generation has learned things unique to its generation. Every generation has skills and principles of value as well as liabilities and failures. We have so much to learn from each other. ## **In Defense of Love and Freedom**

Tonight, I speak in defense of love and freedom. One might think that they need no defense, but tragically, love and freedom are continually under attack. If human beings fail to defend them both, they will lose them both, for they are inseparably intertwined.

# **ERIC – the Epicenter of Voter Fraud**

ERIC is a membership organization ostensibly created for voter roll maintenance. In reality, it is a massive data-gathering operation which adds bogus “voters” to the system of every member state. ## First They Stole the Word, then They Stole the Rainbow

Now the last time I checked, the homosexual community represented about 1.2% of the population. This figure I still question, but let's say there are about 4 million homosexuals in this country and you want to increase your power base for social and political influence. Notice in the above explanation for LBGTQIA+ is the "and allies".
