

Chicago protesters: ignorant, useful fools

Before I get into the ugliness which took place in Chicago and other cities, there were two more presidential primary caucuses on Saturday, March 12th. According to the Wyoming Secretary of State, as of this month, there are 139,955 registered Republicans in that state. Turnout for their county caucuses was beyond pathetic:

Cruz (644 votes): 66.3%, 9 delegates
Rubio (189 votes): 19.5%, 1 delegate
Trump (70 votes): 7.2%, 1 delegate
Kasich (0 votes): 0%, 0 delegates
Uncommitted (68 votes): 7%, 1 delegate

A grand total of 971 out of almost 140,000 registered Republicans on a Saturday bothered to participate in the process to elect a new president of these united States of America.

According to the Washington, DC Board of Elections there are 330,571 registered Democratic/Communist Party USA voters, 27,228 registered Republican voters and a whopping 72,406 No Party. Turnout there was as pathetic as Wyoming:

Marco Rubio 1,059
John Kasich 1,009
Donald Trump 391
Ted Cruz 351

Out of 27,228 registered Republicans a grand total of 2,839 bothered to participate in the process to elect a new president.

As for the protesters who caused Donald Trump to cancel a scheduled event, March 11, 2016, at a large 'diverse' state

university, we know many outside the event were supporters of socialist, Bernie Sanders, who should not be in this race at all. Sanders has been working feverishly in the Outlaw Congress for the past 25 years to overthrow our legal form of government and turn America into a socialist nightmare. Furthermore, He is NOT a member of the Democratic/Communist Party USA so why is he allowed to run on the Democrat party ticket?

Protesters outside the venue chanted the worn out 'Trump is a racist' because of his stand on stopping illegals from sneaking into our country bankrupting county and state resources.

Protesters outside the venue held up all kinds of signs like Dump Trump, Trump is Hate, Vote 4 Trump You Get Jumped, Your Hate is Killing People and other bull fed to them by organizations funded by another seditionist, George Soros. I've watched endless clips of what happened. One I caught was a reporter who ask five different protesters why there were there and not one of them could come up with a single reason other than to shrug their shoulders or come up with this classic: I don't want to tell you. Such brilliance!

Inside the Madhouse: Firsthand Account of Chicago Shutdown from Trump Supporter (Truly sickening and dangerous. As with other protests by Trump haters, they seem unable to get by without flipping the bird and using the F word. Sad to have such a limited vocabulary, but then what can one expect from public schools?) Not to be left out of the pool of nitwits, Marxist Bill de Blasio, Mayor of NYC sent out a tweet thing: Trump is a racist.

On the organized side, we know thugs from BlackLivesMatter were there as well as Moveon.org. Experienced agitators who are quite adept at the herding technique. As with illegals out in the open in places like Arizona at the state capitol, protesters over the weekend were flying the Communist flag.

Trump spoke in Ohio at an airport on Saturday, March 12th. A 22-year old useful fool apparently wanted to kill Trump by jumping the low barrier around Trump. Secret Service immediately took him down and away. Besides being a supporter of Bernie Sanders and his toxic message, there is allegedly ties to ISIS. Thomas Dimassimo is no stranger to that type of behavior. One can see pictures of him stomping on the American flag at other college campuses on the Internet.

Here in America thugs egged on by the criminal impostor in the White House, former Attorney General Eric Holder and phony civil rights pimps like Al Sharpton we now have dangerous individuals who want to assassinate a presidential candidate. Mrs. Trump and his children must have felt such fear watching in real time. THAT is how deep the division has become in this country since Barry Obama usurped the office of president. His useful idiot supporters will sputter and claim it isn't so, but it's as true as the sky is blue.

Then came Kansas City. I was watching it live on FOX. What a sickening spectacle. The first twenty minutes Trump attempted to get on with his speech, but was constantly interrupted by hoodlums who managed to get in the door. That batch of ignorant, useful fools were thrown out, but a new one kept popping up someplace in the massive audience.

Voters Slam Ted Cruz, Marco Rubio for Blaming Chicago Rally Shutdown on Donald Trump

If anyone thinks this planned coordinated attack on Donald Trump each time he appears somewhere is going away, they would be wrong. The victim hood industry owned by the Democratic/Communist Party USA is as threatened as the dirty traitors called the Republican establishment elites who have worked hand in hand with Demorats in the Outlaw Congress to destroy this country. That is what Americans are finally waking up to and what is driving the movement launched by Trump.

Unfortunately, tens of millions of black Americans as well as Mexican, South American and others who were either born in this country or legally became citizens don't understand: the Democratic/Communist Party USA wants you to stay poor. They want you to stay dependent on mother government so you will keep voting their incumbents in the Outlaw Congress back into office. They do not want you to be successful despite all the braying by lying pieces of crap like Hillary Clinton. That's what all those minorities at the Trump events just don't understand because they've been through the government's indoctrination centers they call public schools, they read sewer web sites like the Huffington Post and watch propaganda on the book tube on CNN and MSNBC.

A small percentage have awakened and switched to vote Republican. Hopefully they will pass on the message of freedom and liberty to their friends and family. Hopefully they will listen and start rejecting the global agenda of the impostor in the White House and dirty dogs in Congress who care nothing about them. They only lust for power and money.

Those protesters are also victims of the finest Soviet-style propaganda brainwashing as one can see outside the old Kremlin. They are ignorant useful fools of the tyrants working to bring America to her knees. Remember those 45 goals of the Communist Party International? These are germane to what happened over the weekend:

- Capture one or both of the political parties in the United States.
- Get control of the schools. Use them as transmission belts for socialism and current Communist propaganda. Soften the curriculum. Get control of teachers' associations. Put the party line in textbooks.
- Gain control of all student newspapers.
- Use student riots to foment public protests against programs or organizations which are under Communist attack.
- Infiltrate the press. Get control of book-review

assignments, editorial writing, policy making positions.

– Gain control of key positions in radio, TV, and motion pictures.

Successful on every count in this country under the banner of 'liberal' or 'progressive liberal'. America's children for the past 40 years have been indoctrinated and brainwashed in those toxic institutions they call public schools and on college campuses across this country. What we saw over this past weekend is the successful implementation by the evil doers.

If any of them had an ounce of intelligence they would listen to what Donald Trump has been saying since last June which Trump alluded to while waiting for disrespectful protesters to be removed:

Many of these protesters are unhappy – especially black Americans who were going to hit the jackpot under racist, Barry Soetoro (Obama) – because they can't find work, because wages are stagnant and can't keep up with inflation. I feel confident in saying none of them understand the disabilities of our monetary system so they can't process the problem with the dollar. They are so dumbed down from public schools and so brainwashed by the boob tube, Hollywood mouthpieces and corrupt politicians they simply cannot see how they've been led down the path to their own destruction.

Trump has promised to stop the complete destruction of our most important job bases, manufacturing, industrial and agriculture, from destructive trade treaties like NAFTA and bring jobs home to America. Trump has never said those jobs would not go to black or Mexican or Asian Americans. He stands before you with the promise to stop the bleeding of jobs and bring jobs back to America for ALL Americans.

Trump's stand on illegal immigration is not only about national security but making jobs available to ALL Americans stolen by illegal aliens by closing the southern border and, I pray, getting the Outlaw Congress to reintroduce Dirty Harry Reid's strong anti-illegals bill which I wrote about in August 2014 which the current incumbents in Congress have done NOTHING. If Congress would pass Dirty Harry's old bill and President Trump signs it into law we will see millions and millions of liars, cheats and thieves, illegal aliens, immediately self-deport. Take money to the bank on that. Tragically, Americans continue to vote to reelect almost all incumbents so far.

'I want to vote so Donald Trump won't win': Illegals Applying for Citizenship to Vote Against Trump – We are going to see vote fraud in Ohio and Florida tomorrow night along with illegals voting in every state. If Kasich takes Ohio, Trump needs to audit the vote throughout the state. Not just walk

away like wimp, Mittens Romney did.

Donald Trump also believes we should stop all legal immigration for two years. No. We need to shut down legal immigration for at least five years. We have 92 MILLION Americans from all walks of life, skin color and political persuasions out of work. They're out of work because both Democrats and Republicans have sold the American worker out to foreign interests. Massive of abuse of high tech visas has kept college graduates and very experienced IT types on unemployment and food stamps. It's out and out BS that the Silicon Valley and other hubs of high tech employees can't find qualified workers. They want CHEAP workers while Americans go without.

- Illinois company to force tech workers to train foreign replacements (Taking a page out of Disney's playbook)

We need to shut down legal immigration for at least five years to clean out the illegals which includes background checks on ones suspected of being connected to ISIS and other terrorist groups, and round up traitorous Muslims in this country and get laws passed to protect we the people against any implementation of Sharia Law. America needs a minimum of give years to clean up and reset. There's nothing in the U.S. Constitution that says we have to flood this country with immigrants – especially when they bring nothing to the table. OUR citizens have the job skills to fill jobs in this country. Now we have to bring them home to America.

Because NWVs gets so many new readers, I once again strongly encourage you to read an excerpt from Jerri Lynn Ball's book, Masters of Seduction. It's 25 pages, but explains exactly how the American people are being brainwashed to accept slavery instead of freedom. While it was written in 2000, nothing has changed in the psychological war against we the people, just

the players. It is imperative Americans understand how they've been manipulated and how to break away from contributing to the total destruction of our constitutional republic. Share with family friends and anyone else who is concerned about what's happening. Read it.

WATCH free on line – Cultural Marxism – The Corruption of America. This is the full length DVD that, like Masters of Seduction, will give Americans not only the truth but ammunition to counter the propaganda being fed to our fellow Americans on a daily basis. That video should be given a showing at every church in this country – especially in black communities as well other ethnic categories. They need the truth. I am not your enemy because my skin is a different color. Your enemy is the forces at work in this country destroying all that America has ever stood for that was great.

As you watch that superb video, keep in mind these communist goals at mentioned earlier in this column; my comments are in parenthesis:

- Continue discrediting American culture by degrading all forms of artistic expression. An American Communist cell was told to “eliminate all good sculpture from parks and buildings, substitute shapeless, awkward and meaningless forms.” (We see this all over America unconstitutionally paid for by we the people.)
- Control art critics and directors of art museums. “Our plan is to promote ugliness, repulsive, meaningless art.”
- Eliminate all laws governing obscenity by calling them “censorship” and a violation of free speech and free press. (The introduction of porn in print and movies as well as ‘sex education’ in America’s classrooms.)
- Break down cultural standards of morality by promoting pornography and obscenity in books, magazines, motion pictures, radio, and TV.
- Present homosexuality, degeneracy and promiscuity as

“normal, natural, healthy.”

- Infiltrate the churches and replace revealed religion with “social” religion. Discredit the Bible and emphasize the need for intellectual maturity which does not need a “religious crutch.”
- Eliminate prayer or any phase of religious expression in the schools on the ground that it violates the principle of “separation of church and state.”

- Discredit the American Constitution by calling it inadequate, old-fashioned, out of step with modern needs, a hindrance to cooperation between nations on a worldwide basis.
- Discredit the American Founding Fathers. Present them as selfish aristocrats who had no concern for the “common man.” (How many times have we heard Demorats in the Outlaw Congress refer to our Founding Fathers as old white men who repressed blacks?)

- Belittle all forms of American culture and discourage the teaching of American history on the ground that it was only a minor part of the “big picture.” Give more emphasis to Russian history since the Communists took over.
- Support any socialist movement to give centralized control over any part of the culture—education, social agencies, welfare programs, mental health clinics, etc.
- Discredit the family as an institution. Encourage promiscuity and easy divorce.
- Emphasize the need to raise children away from the negative influence of parents. Attribute prejudices, mental blocks and retarding of children to suppressive influence of parents.
- Create the impression that violence and insurrection are legitimate aspects of the American tradition; that students and special-interest groups should rise up and use [“]united force[“] to solve economic, political or social problems. (Exactly what we saw in Kansas City and Chicago. Useful fools chanting the old commie standards of income equality, racism and those nasty Republicans.)

We know Ohio and Florida are two of the worst states when it comes to vote fraud. Believe me when I tell you we will see the same thing we've seen in presidential elections since 2000. Here's one example already: You Won't Believe What They Did to the Ohio Ballot to Stop Trum

There's no question John Kerry won Ohio in 2004 denying George Bush, Jr., a win and not enough electoral college votes to win the general election. Witness To A Crime: A Citizens' Audit of an American Election. While Comrade Kerry would have been another disaster, electronic vote fraud put Bush, Jr., in the White House. If anyone thinks it can't happen with Donald Trump they had better think again. Rigged elections and oblivious voters

The machine hasn't been able to stop Trump so far, but as someone who has been on the vote fraud issues since 1993, I'm telling you it's their ace in the hole.

[Just a short note about 9/11 and Smart Electric Meeters. The cost of America's undeclared "war" (invasion) in Afghanistan has now reached \$1 trillion borrowed dollars – massive debt heaped on us all based on what happened on 9/11. Regular readers of my column know I continue to press for the truth about the events of 9/11. Military grade nanothermite is not a conspiracy theory. It was found and tested from the rubble at the twin towers. A new, powerful film has been released: The Anatomy of a Great Deception. Just released: New Expanded Global Edition. For full disclosure I receive no compensation, but I want you to get a copy (or a few) and share it with others or give a copy as a present. I've purchased half a dozen copies and given them to individuals I believe seek the truth. It's very powerful simply because it's one 'ordinary' man's story who ask a simple question that led him to a not so simple journey. There is factual information in this film that many have never heard about but everyone should. Just a suggestion, order more than one and give one to a friend. Also, must see video on the dangers of Smart Meeters on your

home, titled: Take Back Your Power.]
