

Christian Resistance in This Dark Hour

Over the last month, I have heard from so many whose jobs are threatened if they do not get the covid shot. I have written countless religious exemption letters for people. I told you from the very beginning – if you comply with the masks you will be made to comply with the “vaccine” – and look where we are?

On March 29th of this year, U.S. News and World Report published a news story entitled “Biden Administration working on vaccine passport Initiative.”

The story begins: “The Biden administration and *private companies* are working to develop a standard for a “vaccine passport” that could be used as the country tries to reopen in the coming months. The effort has gained steam following President Biden’s pledge that the nation will begin to return to normal this summer and with a growing number of companies saying they will require proof of vaccination before reopening for business, the *Washington Post* reported.”

Notice it says “The Biden administration and *private companies* are working together.” Notice it says “a growing number of *companies* are saying they will require proof of vaccination.”

It is now unfolding before your eyes.

On August 3, 2021, New York City Mayor Bill de Blasio announced New York City **will impose vaccine passports on indoor establishments, including restaurants, gyms, and performances.**

On August 11th, the tyrant Governor Pritzker and the Illinois Department of Public Health announced they are now implementing vaccine passports – statewide. And they are using the private sector to justify it and to get it done. They are not going to physically hold you down and *force* you to get the covid shot – rather they will use the private sector to *convince* you to get the covid shot.

This is the civil government and businessmen working together to enslave us – to remove our liberties – liberties men fought, bled and died for us to have. When you look at the Old Testament prophets of Scripture, they often addressed both the businessmen and government officials as they were often in cahoots together to push evil in the land.

You will not work; you will not travel; you will not be able to shop; you will be a leper in the culture. And as we warned – all the masking and other nonsense was just prep for your compliance. Understand, the more you go along to get along so you can return to “normal” – the more you help them accomplish their tyranny – the more you aid and abet their evil.

So what do we do?

We must offer Christian resistance. Christian resistance involves and demands three things: 1. Repentance, 2. Fighting, and 3. Building. And I do not mean these in that particular order – all three happen intermixed and ongoing.

Repentance is paramount. We are going nowhere without repentance. Repentance has to do with God governing our lives. The level to which we repent – will determine the level to which God’s kingdom is built in our lives.

Bringing men to repentance is part of God's good work in bringing His just judgment. We must repent – and we must call the men of this nation to repentance. We must repent of any sin that besets us. Holiness matters. We must repent of love for wealth and ease. And, we must repent of inaction.

The *inaction* of Christians has been huge in my lifetime. Their *indifference* to civil government matters has been astounding. It would have been easier to have gone to the government meetings and the public hearings and spoken (an ounce of prevention is worth a pound of cure), but because most didn't – look where we are at now.

We should have used the means in our system of government  that were pillared by men who fought, bled, and died for us to possess. But instead we squandered it in phony spirituality.

And who do we have to blame for this? The churchmen. The pulpits. All my life – the vast majority of churchmen have belittled involvement in civil government matters as a “*distraction*.” They have mocked it as “*mere moralizing*.” And now we see the consequences of when Christian men abandon civil government matters – wicked men come in and fill the void and make their worldview law, policy, and court opinion – and as you can see it is not good.

God's judgment is upon our nation. He has unleashed the tyrants. And how just is God's judgment! For nearly 50 years Americans and American Christians sat by while the helpless preborn were murdered – while their bodies are attacked – and now He is using the tyrants to attack our bodies. We didn't defend their bodies – so now our bodies are being assaulted by the state.

To learn about the other two parts of Christian resistance – fighting and building – you will have to follow the directions below and listen to my sermon.
