

Christmas Gift to the World: Courageous Doctors and Scientists Who've Risked It All

Authored by Devvy Kidd not AI

December 9, 2024

Hard to believe Christmas is only 16 days away. Billions of Christians around the world will celebrate the birth of our Lord and Savior, Jesus Christ.

Gift giving has long been a staple of celebrating Christmas. Unfortunately, over the years we've seen some pretty awful videos of people actually fighting each other at some big chain store to get the best bargains for big-screen TV's to watch propaganda or nonsense. Somewhere Jesus got lost in Aisle 5.

The rotten, corrupt WHO decided COVID-19 to be a pandemic on March 11, 2020. That global money machine announced a "public health emergency of international concern" on Jan. 30, 2020 and kept up their lying and deceitful narratives and recommendations to basically shut down the world; end date was May 5, 2023.

On May 29, 2020, then President Trump announced US withdrawal from the WHO. Why in hell it wouldn't become effective until July 6, 2021, is beyond me. Notice the date. Career

criminal, Joe Biden had stolen the election and within hours on his first day he ordered the U.S. to rejoin that corrupt, immoral organization.

What happened should never have happened and I'm talking about those deadly mRNA experimental gene therapy injections sold to the American people and around the world as a vaccine to "save lives" and prevent getting COVID. Yes, they are experimental and have killed untold millions since first rolled out in late Dec. 2020.

People are dying all over America from the vaccine. That is a fact and I have provided a gazillion credible source coverage over the years; these are new: [Insurance companies are NOT paying – saying those who took the vax knew it was experimental](#), Dec. 1, 2024. (The hell they knew. The prostitute media created a panic of epic proportions; Pfizer, Moderna, J & J and others assured everyone it was a safe vaccine. It can take 4-18 months to destroy your natural immune system; some might not develop autoimmune diseases for **3-5 years** depending on their health status.)

[Renowned Virologist Warns 'Vaccinated People' Face Looming Wave of Death & Disease](#), Dec. 1, 2024.

Yes, as predicted by scientists and doctors in developed countries, those experimental injections have caused massive destruction to people's bodies. As warned by doctors and scientists around the world (who knows the exact number) millions have developed autoimmune diseases (80 for which there is no known cure) destroying their lives.

At the beginning, President Trump relied on former VP, Mike Pence, to head up the "Corona virus emergency". Pence brought in Dr. Death Anthony Fauci who lied through his teeth and the rest is history. Say what you want about Trump and those injections but put yourself in his shoes at the time when people were fighting over rolls of toilet paper. Panic rolled

across this country.

Trump didn't invent the mRNA experimental gene therapy injection passed off as a vaccine. If you can remember the press conferences early on, Trump truly was horrified about what was going on and was assured a 'warp speed' vaccine was going to save lives. That's what he was told by experts like Dr. Death Fauci. [Taxpayers spent millions on security, chauffeur for Fauci as private citizen](#), Nov. 30, 2024 (\$15 million)

Trump is a businessman, not a scientist or doctor. It took a while but I believe Trump came to the realization he'd been lied to by both Fauci and the scarf lady, Dr. Deborah Birx. See: [James Woods' Responds as Dr. Birx Reveals Her Treachery](#), May 10, 2024

Almost from day one, highly trained scientists and doctors warned: Do not take those injections. Prof. Dolores Cahill spoke out in January 2021, barely a month after the first roll-out (all of this is covered in the large number of columns I've written about this fraud). A world-renowned Immunologist & Molecular Biologist. All of her video interviews have been and still are censored by You Tube for "false and misleading information."

[Professor Dolores J. Cahill, PhD.](#) – Immunologist & Molecular Biologist.

"Prof. Dr Dolores Cahill is a world-wide renowned expert in high-throughput proteomics technology development and automation, high content protein arrays and their biomedical applications, including in biomarker discovery and diagnostics.

"Prof. Cahill pioneered this research area at the Max-Planck-Institute of Molecular Genetics In Berlin and holds several international patents in this field with research, biomedicine and diagnostic applications." (The long list of her

accomplishments, knowledge and experience at link above.)

Then more and more courageous doctors and scientists in dozens of countries who still believe in “do no harm” come forward with case history of those who took the injections which are bioweapons, not vaccines. Like Dr. Peter McCullough and a hundred others who had the courage to speak the truth using science, not some “fact checkers” employed by the prostitute media who were/are not doctors or scientists. So many have had their medical licenses revoked for no other reason than \$\$\$ and politics.

It’s been nearly **5 YEARS** since the insanity and madness overtook this country. Despite all the data proving number of deaths and disabling those injected, the U.S government is still running ads to get your COVID-19 shot – protect yourself and family! It just absolutely sickens me.

Many of them before the COVID-19 injections who’ve lost their licenses have gone on to open clinics and continue to educate the American people about the danger of those injections and provide supplements to help stop/slow down the internal destruction of a human body. The same has happened to the most experienced and qualified biologists, microbiologists and doctors in other countries in Europe. **All these courageous doctors, independent media journalists, truth tellers on platforms like Rumble, scientists and even some members of various parliaments across the oceans have given us the gift of truth at great expense and harm to their ability to feed their families.** Thank you. The truth and the American people are the only ones who can stop this.

Let me start with this: [TX Attorney General Ken Paxton Launches Investigation into Gain-of-Function Research and Misrepresentations by Covid-19 Vaccine Manufacturers](#), May 1, 2023. “Paxton is also investigating whether the companies misrepresented the efficacy of their Covid-19 vaccines and the likelihood of transmitting Covid-19 after taking the vaccines

in violation of the Texas Deceptive Trade Practices Act. The investigation will also look into the potential manipulation of vaccine trial data. This investigation concerns potentially fraudulent activity that falls outside the scope of legal immunity granted to manufacturers of the Covid-19 vaccine. It will also review the companies' controversial practice of reporting the metric of "relative risk reduction" instead of "absolute risk reduction" when publicly discussing the efficacy of their vaccines.

"In recent years, certain pharmaceutical companies have had record-breaking financial success, driven in part by sales made from products related to the Covid-19 pandemic. This vested interest in the success of these Covid-19 products, combined with reports about the alarming side effects of vaccines, demands aggressive investigation." Because of the outrageous attempt to impeach Ken Paxton last year, I'm not certain of the status of that case, then came the elections, a couple of serious surgeries for me. But I will follow up soon.

Unless and until those responsible are indicted, tried, convicted and sent to prison for their crimes, tyrannical governors, state health "experts", colleges & universities and employers will continue demanding Americans take those deadly injections. Not a monetary fine for a corporation, but CEO's get hard prison time. It takes boots on the ground.

Pfizer, Moderna, Johnson & Johnson and others sold those experimental gene therapy injections as vaccines. They are NOT. Mislabeling is a criminal offense. Hospitals, clinics

and doctors all used the PCR test to allegedly detect SARS-CoV-2. **Fraud. The PCR test is a manufacturing technique that doesn't test for any virus.**

In 2009, DOJ went after Pfizer:

[Justice Department Announces Largest Health Care Fraud Settlement in Its History](#), Feb. 2, 2009 – Pfizer to Pay \$2.3 Billion for Fraudulent Marketing

WASHINGTON – “American pharmaceutical giant Pfizer Inc. and its subsidiary Pharmacia & Upjohn Company Inc. (hereinafter together “Pfizer”) have agreed to pay \$2.3 billion, the largest health care fraud settlement in the history of the Department of Justice, to resolve criminal and civil liability arising from the illegal promotion of certain pharmaceutical products, the Justice Department announced today.” Rest at link.

Is Pfizer, guilty of hiding critical clinical trial data and much more? [Judicial Bombshell: Federal Judge Forces FDA to Release Over a Million Pages of Pfizer's COVID-19 Trial Documents They Wanted to Keep Hidden for 75 Years](#), Dec. 6, 2024 – “The United States District Court for the Northern District of Texas ruled against the Food and Drug Administration (FDA) in a high-profile case brought by the Public Health and Medical Professionals for Transparency (PHMPT).

“The decision mandates the FDA to release the Emergency Use Authorization (EUA) file for the Pfizer-BioNTech COVID-19 vaccine no later than June 30, 2025.”

Both of them have deceived the American people by calling their product a vaccine. Both of them in their SEC (Security & Exchange Commission) filings clearly state: “The FDA considers our product gene therapy.” Gene Therapy is used to treat diseases like cancer.

The ones who continue to ignore the truth by scientists and doctors world-wide are District Attorneys, Attorney Generals, Governors, state “health” safety agencies and the list goes on; let’s not leave out the prostitute media who have been censoring the truth from day one. I sent a package to Attorney General Paxton which contains all of the information on the [front page of my web site](#) at the top.

Unless and until those responsible for this monstrous crime against the American people are indicted and prosecuted, deaths and people’s lives ruined will continue.

“McCullough’s remarks are not just a theory or prediction; we are already witnessing millions of deaths as a result of the 2021 [vaccine](#) rollout, with many people dying from heart attacks, strokes, and turbo cancers.

“I have never seen something so [injurious](#) to the human body,” McCullough said. *“It invades the brain. It invades the heart. It causes brain and heart damage,”* he added.

“Not only will the mass deaths overwhelm hospitals, but the ripple effect will destroy the economy and thus cause social chaos.

“McCullough continued: *“It invades the bone marrow. It stimulates antibodies to actually attack our own platelets and other cells in our body.”*

“It causes blood clotting and damage to blood vessels like we’ve never seen. Like we’ve never seen.” Data from the University of Pittsburgh suggests it causes cancer,” Dr. McCullough said.

“Since when do we have a protein that actually injures the brain, injures the heart, the bone marrow, the immune system, causes blood clotting and potentially causes cancer in a

single protein?" he asked. "It's a weapon," he said. According to strict military criteria, it's a bioweapon."

“Kelly told her guest, writer David Zweig, that she was glad her children hadn’t been vaccinated amid the heavy pressure to do so during the pandemic. “I thank God I didn’t stick them with that vaccine,” she said. “I’m sorry I did to myself... I regret getting the vaccine.”

“But there is another, more critical reason for her change of heart. After being vaccinated and boosted and then having COVID, Kelly began suffering from an autoimmune issue, she said.

“And then, for the first time, I tested positive for an autoimmune issue at my annual physical,” she told Zweig. “And I went to the best rheumatologist in New York, and I asked her, ‘Do you think this could have to do with the fact that I got the damn booster and then got COVID within three weeks?’ And she said yes. Yes. I wasn’t the only one she’d seen that with.”

[Also see here](#) that overwhelming shows not only are the masks useless, they're dangerous.

I will be updating the front page of my web site soon...I hope. What will be posted besides the articles and videos above will be more science proving those experimental injections have killed incredible numbers of humans and/or destroyed their lives from developing turbo cancers, myocarditis and other deadly side effects that were known all along. I will put together one final package to our State Attorney General Ken Paxton with the above and more. Gen. Paxton: Convene a grand jury and go after those responsible for so many deaths with more to come.

I say more to come because many people who got the injection(s) 2-3 years ago say they're fine. I pray it remains that way for them because we're entering year 4 when the massive 'get the vaccine' was shoved down America's throat. Over the years I've watched Sen. Ron Johnson's round table with those who've become disabled. Read heart breaking web sites devoted to those who've developed autoimmune diseases, their lives ruined. I know our country is facing a long over haul but the pharmaceutical corporations and DoD must be held accountable.

Come January after everyone is sworn into office, that's when the American people must demand their governors stop distribution of any COVID-19 injections. Period. Parents who've gotten their child one of them to get into this school year need to go after the school districts.

There's no going back at this point in time. The truth is overwhelming and indictments and convictions along with permanent prison time for intentional homicide for the CEO's as well as those in DoD who knowingly distributed a deadly poison while lying through their teeth.

I'm going to close this out with these – a MUST interview
