

# Classified Documents Leak: To What End?

Warning: A graphic photo in this column.

When the news broke last week about a 21-year-old National Guard member allegedly leaking classified documents – not just leaking but posting to something called a chat app for months, I was flabbergasted. Something didn't smell right. How could such a thing happen?

When I went to work for DoD in Northern California, I had a secret security clearance. When I went to work at Peterson AFB, Air Force Space Command NORAD (after I became a federal whistleblower and was transferred to contracting) a serious background investigation was done to elevate my clearance. One of my contracts was inside Cheyenne Mountain (Colorado Springs, CO) and a few at another Air Base which required I had a Retina scan in order to get on the base every visit as some of the R & D for Reagan's "Star Wars" Initiative was housed there. I do know a bit about security clearances.

[Leaker of classified US intelligence works on military base, posted the documents on Discord: report](#), April 13, 2023 – “The person behind a major leak of secret U.S. intelligence documents is reportedly a man in his 20s who worked on a military base and shared the classified information on [the chat app Discord](#).”

“The details were revealed in an explosive new report from the Washington Post on Wednesday. The outlet reportedly spoke to a fellow member of the chat group the leaker ran on Discord. The Post’s teenage source claimed he knew the leaker’s real name and where he lived but said he would not help authorities locate him.

“The source told the Post that the leaker ran a Discord group called “Thug Shaker Central,” and identified himself only as “OG.” Interesting piece.

[Who is Jack Teixeira, the Air National Guardsman behind leaked classified documents?](#), April 13, 2023: “Investigators have taken an Air National Guardsman into custody in the case of leaked classified documents that shed light on the war in Ukraine and rattled the U.S. government.

“Jack Teixeira, a 21-year-old member of the 102nd Intelligence Wing of the Massachusetts Air National Guard, is the leader of a small online gaming chat group where several classified documents have been leaked over the last few months. His identity was confirmed by Attorney General Merrick Garland on Thursday.

“Teixeira joined the Air National Guard in September 2019 and was most recently stationed at Otis Air National Guard Base as a “Cyber Transport Systems Journeyman.” He held the highest-level security clearance granted by the government to review top secret information, according to an internal Department of Defense email reviewed by Fox News.”

I was astonished when I read that. Culling through dozens of articles I thought how does a 21-yearold gamer who apparently suffers from boredom get the highest-level security clearance issued by the U.S. government? My late husband did two tours in Germany, was in Vietnam and when he was assigned to the Pentagon, he had to wait while a new deep background investigation was finished simply because he was elevated to

top-secret clearance and that was after more than a decade of honorable service.

Act surprised: Seems like the prostitute media knew more about this than our domestic “intelligence” agencies. And, of course, the buck stops at the desk of the president except in this case, we have not had a legitimate president since Jan. 20, 2021. Career criminal, liar and cheater, Joe Biden is simply an empty suit used by his abusive wife and their handlers.

From all accounts, Teizeira, is not a Russian spy, not working for Ukraine or anyone else *but he is in boiling water*. During his first court appearance charged under the Espionage Act he made no plea.

The author of this piece is spot on: Top secret security clearances have been given out like candy on Halloween. Not so when I worked for DoD, believe me. Squeaky clean or go apply someplace else. I can guarantee you Hussein Obama could never get even a low-level security clearance nor could America haters, U.S. House reps. Ilhan Omar, Rashida Tlaib and Ayanna Pressley for starters.

Larry Johnson is one of the best deep dive investigators online. A former analyst at the CIA he then moved to the Department of State’s Office of Counterterrorism. Johnson left all that behind in 1993 and went into the private sector and owns his own business.

“Until I saw the document labeled, CIA Operations Center Intelligence Update, I was inclined to believe that the leaked documents were the work of a frustrated whistleblower. But I have changed my mind. This looks like a controlled, directed leak by individuals who manipulated the 21-year-old National Guard troop member into taking certain documents and posting them on a public server.

“The CIA Operations Center Intelligence Update is a document produced by analysts in the Operations Center to be delivered to the regular CIA analysts. When I worked in the Ops Center I was responsible for monitoring traffic from Latin American posts and flagging items that the analysts in the Latin American Division need to know. I would write up summary paragraphs just like the ones in the documents leaked online.

“This was an internal CIA document. It was not broadcast to the other intelligence agencies. In my 23 years working with U.S. military commands around the world, I never saw a copy of this type of report circulating among those with the highest clearances. Never. **How did a 21-year-old kid get his hands on at least two of these?**

“The classified documents now in the public domain are focused primarily on Russia and Ukraine. The CIA Ops Center docs now floating around the Internet are only partial copies. For example, there are three pages, all classified Top Secret, from an eight-page document. **If you’re a goofy 21-year-old gamer simply intent on impressing your young proteges, why not take all eight pages?** My guess is that the other five pages contained no intelligence information on Ukraine or Russia.”

**READ** the entire article because he presents why he thinks “it’s too good to be true” and timing. And, I’ll throw in my

two cents. First, the shadow government knows full well Biden is mentally gone, just like Senator Diane Feinstein (age 89) who has suffered from Alzheimer's for years; Democrats now calling for her to resign. It's a given cackling, incompetent buffoon, Kamala Ho Harris, is a 25-car train wreck.

The shadow government knows no matter how much medications are being given to Biden, it's becoming apparent to most people his mental capacity is deteriorating by the day. The prostitute media (referred to by some as the Mockingbird media as they all use the same talking points on the nightly disinformation channels) has been subtly dropping hints Biden is cognitively impaired and "his" foreign policy isn't doing well on the world stage.

We are the joke of the world. Just take a look at Biden over in Ireland last week while cameras from around the world captured the truth: That man should be in full time assisted living in the Alzheimer's wing with a good supply of ice cream. [Joe Biden Gets Lost After Lying to the Irish People About Being a Professor at UPenn](#) (VIDEO). At one point his crack head son, Hunter, had to guide him along saying, "This way dad."

This has become a serious problem for those who control events in the District of Criminals even though they orchestrated Biden's fake win for the presidency. Cornered because next in line after Ho Harris is a Republican, Speaker of the U.S. House, Kevin McCarthy and the House currently holds a majority.

Next up the raping of the American people to fund a war that is NOT our war. I'm so very sorry for all who've already died, been injured and are suffering over in Russia and Ukraine. **It didn't have to be that way.** Not to mention the HUNDREDS OF BILLIONS of dollars sent to Zelensky doesn't exist. Its new debt borrowed from the FED with the interest slapped on our backs. [Treasury Secretary Yellen: 'Our Support](#)

## [for Ukraine Will Be Lasting and Is Unconditional'](#)

Ukraine is known to be one of the most corrupt countries on the planet and only got worse with the new penis waving president, Zelensky. All of this is being exposed through independent media. Eye-openers to the American people who are now (except fools who believe anything vomited by the prostitute media and Republicans who never met a war they didn't love) saying no more of our money to feed corruption.

[TRADING WITH THE ENEMY](#) – “Zelensky’s been buying discount diesel from the Russians,” one knowledgeable American intelligence official told me. “And who’s paying for the gas and oil? We are. Putin and his oligarchs are making millions” on it.

“Many government ministries in Kiev have been literally “competing,” I was told, to set up front companies for export contracts for weapons and ammunition with private arms dealers around the world, all of which provide kickbacks. Many of those companies are in Poland and Czechia, but others are thought to exist in the Persian Gulf and Israel. “I wouldn’t be surprised to learn that there are others in places like the Cayman Islands and Panama, and there are lots of Americans involved,” an American expert on international trade told me. “

[Zelensky: “US Will Have to Send Sons and Daughters to War”](#), March 2, 2023. (Just like the other nine disasters the U.S. has stuck its nose into and failed, i.e., Afghanistan back in control of savage thugs called the Taliban under oppressive Sharia Law.)

[Body of U.S. Soldier Dragged Through City](#), Oct. 4, 1993 – “Somalis dragged the body of an American soldier through the streets of Mogadishu Monday and danced around the wreckage of U.S. helicopters and armored personnel carriers destroyed in a firefight.”

All of this is just the tip of the iceberg. The unlawful "Biden Administration" is one GIANT catastrophe everywhere. Ukraine is not winning the war against Russia despite what the prostitute media upchucks. Innocent men, women and children on both sides continue to suffer while Zelensky refuses to even negotiate.

Again, do read the column below by Johnson. Someone who was involved with highly classified operations who gives a very valuable lesson and insight about the problem with this latest scandal. **A five-star article:**
