

“Come Out of Her (The Apostate Churches) My People”

By Rob Pue

March 26, 2023

I shouldn't be, but I'm still amazed at the number of professing Christians who have never heard some of the things I'll share with you today. Honestly, they have no clue and if Christians are so ignorant of the most important issues of the day, imagine how uninformed the "average Joe" on the street is.

Despite the fact that this information is readily available through alternative media sources, let's face it: most Americans will still scoff and say these things are all "conspiracy theories" put out by "right wing crazies." But it's odd, how all the "disinformation," "false claims," and "conspiracy theories" – (which were aggressively banned and censored from public view) – that we warned you about three years ago have turned out to be absolutely true, even though those who perpetrated those crimes against humanity will never confess. And why would they? They are children of their father, the devil, the father of lies and when they speak, they speak their native language... all they're able to do is lie.

Perhaps ignorance is bliss, but it's also deadly. Hosea said, *"My people are destroyed for lack of knowledge."* The trouble these days is that if it's not on Facebook, Instagram or TikTok, most Americans will never hear about it. According to the most recent numbers, the lying, complicit mainstream media

– which is really the propaganda arm of the American Communist party – is now trusted by only 25% of the people overall.

But I digress. Let me digress just a bit more. As I prepare this message, it's a beautiful day outside. The sky is blue, without a cloud or chemtrail in sight; it's relatively warm out and the snow is melting. Today is the first day of Spring, and the wildlife in my neighborhood is taking advantage of the beautiful day to do what wildlife does. Some folks have already seen their first robin of the year, which in Wisconsin means at least three more snowstorms before it really feels like Spring. But in a matter of weeks, the trees will bud, the lawns will be green, the flowers will burst forth with new life and God's creation – including me – will rejoice in the warm sunshine. God's created order will continue in nature.

But in the dark recesses where the evil ones live and work, nefarious plans will continue to be drawn up, pushed forward and carried out. In case you're one of those unaware, there is such a thing as "good" and "evil," and the evil ones never sleep. The enemy of our souls, Satan, hates mankind, because we're created in the very image of Almighty God, and by our freewill, we have the ability to choose eternal life through the sacrificial death, burial and resurrection of our Lord and Savior, Jesus Christ. The enemy, his demons and the humans they control don't have that option. They know their eternal damnation is inevitable. And so, this spiritual battle continues.

While it may appear the demons are winning, Psalm 2 tells us that *"He who sitteth in the heavens shall laugh. The Lord shall have them in derision."* As Christ-followers, we know how this is all going to eventually turn out and so do the demoniacs now ruling the earth. This spiritual battle has been raging since the time of Creation but now the devil is raging against God's image-bearers like we've never seen in our lifetimes. He's especially targeting the innocent children,

because if he can corrupt the hearts and minds of the most innocent and precious among us, he can exponentially increase the size of his hellish army, willing and eager to do his will.

Understand that Satan relishes the fact that he can take advantage of all those who are ignorant of his devices. And today we live in a time when even professing Christians are ignorant of Satan's devices. They may attend church every week, but they've never been truly saved; they've never been disciplined; they've never been trained for the work of the ministry. And sadly, in America today, most who still go to church go only to feel better about themselves, to get a pat on the back, or for the emotional "high" from the programmed musical entertainment.

Sadly, today's pastors have become mere hirelings, who care nothing about the sheep they're supposed to be teaching, disciplining, leading and protecting. The House of God has "open borders" now – all are welcome, including the unrepentant, the unsaved and the unGodly. The people may honor God with their lips, but their hearts are far from Him. It's not supposed to be that way. The Church is supposed to be God's house, where His disciples assemble themselves together for prayer, worship and study. Through this prayer, worship and study, believers are equipped for the work of the ministry. Then, they're supposed to go out and make new disciples.

Only then are these new disciples to become a part of the Church. But today's "Church Of the Open Borders" invites all manner of unrepentant, unregenerated, unrenewed sinners and as long as they just attend, that's good enough for the so-called "pastors." But you see, in doing it this way, not only are they allowing prideful sinners to defile the house of God, they're also depending on the money these prideful sinners fill the collection plates with, so therefore, they must never say anything to offend them. (Wasn't Jesus called the "rock of offense in 1st Peter?")

And so they're allowing the unrepentant, unsaved sinners to dictate what is spoken of from the pulpit. In many cases today the pastors themselves are unrepentant, unsaved sinners. Perhaps some pastors would like to preach the whole counsel of God. Perhaps some would actually like to talk about the wiles of the devil and the wickedness that has descended upon this nation and the world, what's obviously coming and sound the warning as watchmen on the wall. But they can't. Because now, it's the "bottom line" that counts. Sadly, the Holy Spirit has departed from most of those places, the people are lost and wandering without a shepherd and have become easy prey for the devil.

How easily the demoniacs gained worldwide compliance with the COVID planned-demic. How easily the people became the devil's prey. Never forget what they did to us. They forced us to lock down. Small, Mom & Pop stores were forced to close – many forever, while the big box stores were allowed to remain open and make record profits. We were forced to wear masks or be labeled as "hateful" and "selfish." We were not allowed to visit our elderly loved ones, many of whom died alone; after which we were not allowed to gather for their funerals. No weddings either. No gatherings of any kind.

Some churches held services in their parking lots, with people obediently parking their cars six feet apart, windows rolled up, listening to the sermons on the radio. Those people were arrested. Others were arrested for not wearing masks in public parks or while walking alone on deserted beaches or woodland trails. Hospitals deliberately killed patients using the deadly Remdesivir, because each so-called "COVID" death meant big, BIG bucks for the hospitals. Then people lost their jobs if they refused to accept the mandated "death jabs." Now, just as we told you then, millions of fully-jabbed people are "dying suddenly."

So now we're supposed to believe there's a new thing called "Sudden Adult Death Syndrome." How stupid do they think we

are? Never mind. They know. Most people will never bother to investigate or research or read or study anything. They'll just comply. Understand this: COVID was a "beta test" on our submission, which most people failed. So now, the evil ones are ready to rush for total world domination, and our complete and total enslavement.

In 1979, Bob Dylan wrote a song based on Revelation 3, titled "When You Gonna Wake Up?" It was relevant then. Now it seems almost prophetic. Here are some of the lyrics: "Counterfeit philosophies have polluted all of your thoughts." (Today we have the LGBTQP+ steamroller and the "transgender" grooming of our children; not to mention true Christians being persecuted while statues of Baphomet are set up in public squares). The song goes on: "Karl Marx has got you by the throat and Henry Kissinger's got you tied up into knots." (I've spoken before about the Communist takeover of the world, with a special emphasis on America through our schools, universities, churches, and every other institution).

More from Bob: "You got innocent men in jail, your insane asylums are filled." (Let us never forget the J6 Gulags, nor the madness that reigns in the homeless encampments in all our American cities). Then he sings, "You got unrighteous doctors, dealing drugs that'll never kill your ills." (Big Pharma, the jabs, deadly – but very profitable – new "hospital protocols," new and improved pandemics, coming soon, brought to you by Pfizer, among others).

And another verse of the song says, "Adulterers in churches and pornography in the schools. You got gangsters in power and lawbreakers making rules." (I think that's self-explanatory).

Then the question is asked, "When you gonna wake up, and strengthen the things that remain?" In Revelation 3, the risen Christ urged the church at Sardis, *"Be watchful and strengthen the things which remain, that are ready to die."*

Then Jesus said, *"He that overcometh, the same shall be clothed in white raiment; and I will not blot out his name out of the book of life, but I will confess his name before My Father, and before His angels."*

This has always been a very urgent warning down through the ages, but it's especially applicable today. And how do we overcome? By the blood of the Lamb, the word of our testimony and loving not our own lives, even unto death. Perilous times are not just coming, friends, they're here. Pestilence is not just coming to this earth – it's being invented by wicked people, to instill fear and bring death and/or absolute submission.

Undoubtedly, you've heard of Klaus Schwab, the leader of the World Economic Forum. Probably the world's "creepiest" guy since Anthony Fauci. He's plainly stated that by 2030, we will own nothing, and we will be happy. How will that happen? How could that ever happen in a country like the USA? Have you been paying attention? Do you understand that the Communists and Politicians – better known as the Democrats and Republicans – have utterly and completely bankrupted our country?

Are you familiar with Biden's executive order #14067? Biden signed this a year ago and it's designed to purposely make the US dollar obsolete. It makes government surveillance of all US citizens legal. It gives the government total control over all bank accounts and purchases, the ability to silence all dissent and turn your money supply on and off at will. It allows them to punish you for buying the wrong things, making contributions to the wrong organizations – such as Christian ministries, or making unacceptable comments on social media. The new digital dollar will track your every move and record every purchase you make. This isn't just "online banking." This is total enslavement of every American.

How will you make your mortgage payments when they turn off

your digital dollars for daring to dissent? How will you travel when you can no longer buy gas or own a car? How will you eat? You won't even be able to afford a Bill Gates Cricket Burger when this system is implemented. And it's not *if* this will happen. Biden signed the order a year ago. Now our banks are collapsing. Imagine that. So, it's just a matter of when, and my guess is, sometime this year, or next year at the latest.

Now is the time for us to be setting up alternative systems for food, shelter and clothing. God will protect His own, but we must do our part and prepare. Revelation 18: 4, *"...Come out of her, My people, that ye be not partakers of her sins, and that ye receive not of her plagues."* Read the rest of Revelation 18 and see if you don't clearly see modern America in that Scripture. Now is not the time to start thinking about this. Now's the time we need to actually move into action, because the enemy never sleeps. Unfortunately, too many professing Christians will remain apathetic and asleep, fat and happy and mindlessly entertained, even as our country burns. It's time to "come out," and "be ye separate" from this world. It's time for some serious personal repentance – and time for some serious sanctification.
