

Communist ANTIFA Promotes Extreme Violence

I've made my life's mission to destroy the United States. I hate this country and I hate all of the people in it. –George Soros, Newsweek 1979

In short, the Communists everywhere support every revolutionary movement against the existing social and political order of things. They openly declare that their ends can be attained only by the forcible overthrow of all existing social conditions. –Friedrich Engels The Communist Manifesto

Who Are Antifa?

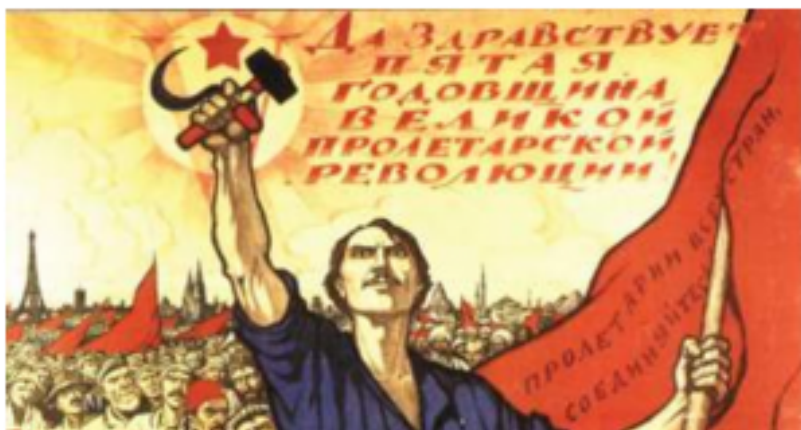

Antifa stands for Anti-Fascist. The concept came from Communist Leon Trotsky, who used small bands of militants to intimidate opposition. Trotsky used these people before the Bolshevik Revolution to shout down his opponents. It has been used in Europe in the 80s and 90s as well. It is now being used in America.

They are a [Soros-backed](#), [violent domestic terrorist group](#) who attacked peaceful protesters in [Berkeley](#) and [Charlottesville](#). CNN [loves them](#). And the Department of Homeland Security has officially called Antifa, "[Domestic Terrorist Violence](#)."

And let me ask this one big question...if they are so bloody happy with their cause and so righteous, then why the hell are they hiding their faces? Take those damned handkerchiefs off your faces and let's see who the hell you really are...a bunch of loser brainwashed fools who have been propagandized by the commie left and are destroying the very freedoms that allow you to do what you're doing. Can you say violent idiots?

These groups are not about opposing real Nazis, their definition of fascism is basically the American free-enterprise system. So, when they say they're anti-Fascist, they're really saying they are fully anti-American, anti-American nationalism, anti-free enterprise, and anti-Constitution, and this is why they've gone into overdrive since the election of President Trump. Their real goal is the destruction of the America system and the destruction of all American freedoms. They are totalitarian communists, and that's why in certain cities they work very closely with the Democratic party.

Antifa believes that anyone who stands up against any form of Communism is fascist, and these people believe in government control of everything. It comes originally from Stalin, Lenin, Trotsky. Antifa are the black shirts, just as the Nazis were the brown shirts, they are the thugs that the mainstream leftwing parties don't want to be seen doing, but fully endorse.

The

Raised Fist of Antifa – Communism

Baltimore, Ferguson, Treyvon Martin and the clenched fist from teens to infamous agitators, all prominently displayed the clenched-fist salute. Antifa, BlackLivesMatter (BLM), Hands Up, Don't Shoot, the Black Panther Party, Black Lawyers for Justice, etc. ad nauseam, all use the clenched fist of communism. The Communist Hammer and Sickle symbol represents them.

Black protesters with their clenched fists raised in the air were photographed and displayed on the cover of *Revolution*, the official newspaper of the Revolutionary Communist Party. Elaborating about the many "great things that are happening" in the Communist Party USA, party chairman [John Bachtell told Gawker.com](#) in an interview, posted on August 15, 2015, "Black Lives Matter has played an important role." And we've seen those clenched fists by NFL players as well.

At War with Freedom

Antifa is at war with our government. They claim to fight fascism, but they are probably the most fascist organism in the United States. They want to be in control, they want to overturn the election of our President, and they promise to do it with violence. They believe that true conservative Constitutionalists need to be stopped by any means necessary.

Antifa members are not freedom fighters pushing for less government, they're brainwashed communists who are trying to kill people. Their targets include anyone who loves America, loves the Constitution, and loves President Trump.

Corporate America is hell-bent on seeing our Republic transformed into a socialist oligarchy, run by massively wealthy oligarchs like Soros. And this is why the protesting NFL Players Association (NFLPA), the Ford Foundation, the Kellogg Foundation, the Services Employees International Union (SEIU), and various other organizations have been discovered [funneling money to George Soros and other far-left](#)

[fundraisers](#) who promote these violent communist groups.

The Black Bloc

Trevor Loudon tells that Antifa is a reincarnation of the anti-Iraq war radicals of 2003, who rampaged through San Francisco's financial district destroying property. Then they morphed into the Occupy Wall street movement in 2011. With every change they have become more violent and destructive. They resurfaced as Antifa after America elected Donald J. Trump and are even more savage in assaulting all those who oppose them.

Numerous reports have surfaced that police are not intervening in incidents of violence. The media is refusing to report what these groups are doing and condemning the destruction and barbarity. Almost all extreme violence has occurred in cities where Democratic control has reined in police intervention.

Antifa in Europe

Yes, Antifa has been active in Europe a lot longer than in America...as mentioned, their increase in America started with the election of our President, who this radical leftist group

despises. But Europe, Germany, France, England and other nations have had radicals attacking those who espouse any conservative ideology for a long time. They will break into homes, smash everything in sight and actually kill people or harm their children.

In America, Antifa is [gearing up for insurrection](#), and the primary target may be America's already beleaguered police force. They believe police are oppressors. [Link](#)

This is no laughing matter folks, it is dangerous and their desire is to destroy any free enterprise society, and that includes our history. They come from the anarchist movement, they are anti-authoritarian, and today they have morphed into totalitarian communists. They are so stupid and so brainwashed, and should they succeed, these fools don't realize that their desired society would not allow them to demonstrate or march, much less even exist.

The

Weather Underground

Leaders of the radical American student group the Weathermen, (left to right) Jim Mellen, Peter Clapp, John Jacobs, Bill Ayers, and Terry Robbins, march in 1969 at the van of a group of demonstrators during the 'Days of Rage' actions organized by the Weathermen to protest the trial of the [Chicago Seven](#) and "to bring the war home." (David Fenton, Getty Images)

Remember them? Maybe not, but they were the communists of the

day. The Chicago Seven were charged by the federal government with conspiracy, inciting to riot, and other charges related to anti-Vietnam War and countercultural protests that took place in Chicago, Illinois on the occasion of the [1968 Democratic National Convention](#). I remember it well because I was there.

Wanted pictures of Bill Ayers, Bernardine Dohrn and a dozen others were hung prominently in every post office in the United States. Ayers was the leader of the domestic terrorist group in the 60s and 70s. He said, "Kill all the rich people, bring the revolution home. Kill your parents." And, he participated in the bombings of New York City Police Headquarters in 1970, the Capitol building in 1971, and the Pentagon in 1972. Ayers told Larry Grathwold, an FBI informant in Weather Underground, that "fellow Weather Underground member and future wife Bernadine Dohrn set the bomb that killed San Francisco Park Police Sergeant Brian McDonnell in 1970."

Communists Ayers and his wife Bernardine Dohrn were not opposed to the war, only to a U.S. victory. Of course, Ayers never served time and ended up brainwashing young minds at the University of Chicago. [Link](#) He now claims he's a communist with a little "c" whatever that means.

These Soros backed communist groups, especially Antifa are now the new domestic terrorists out to destroy America and her Constitution. The domestic terrorists of the 60s and 70s are now tied to the Democratic party in some of the highest levels, the Congress, Wall Street, universities and colleges, and their communist ideologies are funded by those with a great deal of money.

Antifa's Goals

Like [Cloward Piven](#), Antifa wishes to create enough chaos and bloodshed in the streets, and make people lose faith in their

government, chaos is the number one use of the Marxists. The media is complicit because they call conservatives Nazis, and Republicans are of course bigots and anti-Semites, white nationalists, white supremacists, with no basis in fact. The snowflakes on college campuses can't bear to hear something opposite of what their communist and anti-Semitic teachers and media are spoon feeding them on a daily basis.

Free speech is anathema to them. They will shout down anyone with an opposing viewpoint, never listening, never learning, never opening their minds to truth... propaganda and brainwashing have succeeded well.

Yes, they want to kill us, they want all conservatives who voted for Trump ... dead.

Antifa Infiltrated

Steven Crowder of PJ Media infiltrated Antifa, and what he found out will make your blood run cold. The following eleven minute video shows the reality of Antifa and the crimes they wish to commit.

The investigation was launched ahead of a [speaking engagement by Daily Wire Editor-in-Chief Ben Shapiro at the University of Utah](#) in Salt Lake City. [[Link](#)]

Crowder said his team has been "infiltrating this organization for a long time." Jared, who infiltrated, filmed several members of Antifa and pressed them for information on what they were planning ahead of Shapiro's speech.

They admitted that they were considering using various weapons against those who opposed them, including an "assault weapon," a "sawed-off shotgun," and a "regular rifle."

That's the moment in the video that they handed Jared an ice pick and directed him to the nearest military supply store to buy a "[Ka-Bar](#)," which is a large combat knife.

Throughout the video, many of the group's "tactics" are revealed. One of the group members even boasts about the arsenal of weapons he has in his vehicle, "in case the s**t hits the fan."

The most horrifying part of the entire video was the fact that news media would not take the footage despite police being there to corroborate the validity of the content. All-in-all, it appears Antifa is getting protection from the silence of the MSM, not to mention the endorsements.

Crowder concludes the narrated video by zeroing in on the media and their lack of response to their filmed footage. According to Crowder, not one outlet was interested in the tape, a tape that proved what Antifa was planning.

Conclusion

Antifa is an insurgent domestic terrorist organization working against the Constitution. They plan violent destruction of more historic statues on Columbus Day and riot throughout the country. [Link](#)

One must remember that after the Nazis destroyed Antifa and the Communist party in the 40s, it didn't matter to the Antifa folks. Why? Because 55% of the former brown shirt ranks were former communists or socialists. According to [Trevor Loudon](#), they called them "beefsteak" Nazis, brown on the outside and red on the inside.

Many of the leftwing Antifa militants simply switched sides to the Nazis because they have the same exact plan. The goals were the same, and if they couldn't beat them, they joined them.

American citizens need to be vigilant, and learn the [ways to defeat them](#).
