

Confirmed: Ilhan Omar Married Her Brother and May Have Committed the 'Worst Crime Spree in Congressional History'

✖ By Greg Holt

The Ilhan Omar saga just keeps getting better and better. While Ilhan accuses Trump of every evil under the sun, The Daily Mail is confirming that Ilhan DID marry her brother.

([True Conservative Pundit](#)) You just can't make this stuff up. Omar demanded in the past that President Trump release his taxes, while Omar kept her own hidden. Now why would she do that? [Because Omar committed tax fraud](#), not once, but multiple times. She also accepted [illegal payments](#) from institutions she spoke at that she as part of her congressional duties helped to oversee.

Ilhan is [reportedly being investigated](#) for immigration fraud, marriage fraud, and attempting to defraud a higher learning institution according to David Steinberg.

It is also reported that Omar made illegal payments to [political consultant Tim Mynett, who she cheated on her husband with](#), and who (Mynett) happened to be married at the time.

[Omar was even arrested in 2013 for trespassing](#), and in her “mug” shot she is smirking. Typical Leftist, Omar regardless of actions believes she will get away with it, and so far she has done just that.

Ilhan also has racked up “SIX campaign finance violations.”

So we have a felon serving as a Congresswoman. How’s that again???

Adding to all this, Ilhan Omar without even blinking an eye married her own brother.

According to The Daily Mail, it is now no longer a rumor; the paper is in fact confirming that Omar DID marry her brother. Why? So he could go to school in Minneapolis.

From [The Daily Mail](#):

- Ilhan Omar told friends years ago that the man who went on to become her second husband was in fact her brother, DailyMail.com can confirm
- Abdihakim Osman is the first person to go on record to speak of how Omar said she wanted to get her brother papers so he could stay in the United States
- It has long been rumored that Omar and Ahmed Elmi are siblings, but because of a lack of paperwork in war-torn Somalia, proof has never been uncovered
- Osman said: ‘She said she needed to get papers for her

brother to go to school. We all thought she was just getting papers to allow him to stay in this country'

How about this gem – Ilhan Omar, may not even be her *real name!*

From [The Gateway Pundit](#):

According documents and sources previously reported by investigative journalist David Steinberg, Congresswoman [Ilhan Omar married her own brother](#) in order to defraud US immigration.

In fact, [evidence is mounting](#) that Ilhan Omar isn't even her real name!

Omar is a real gem, and as I previously wrote, "[Ilhan Omar and the 'The Squad' are Dangerous Enemies of America and Need to be Removed from Office.](#)" Ilhan is also a strong supporter of Islam and Sharia Law – Islam and Sharia Law are most definitely NOT American. Omar is also anti-Israel, as well as being a strong Leftist.

No, Ilhan Omar definitely does NOT have America's best interests in mind, she has her OWN interests in mind, and that of Islam; Islam I want to remind my readers seeks to dominate the world, to control it, not assimilate. Don't forget that.

One last thing, Omar the lover and defender of America: [Omar has no problem whatsoever condemning President Trump every chance she gets, yet she cannot or will not condemn Al-Qaeda.](#)

Let THAT one sink in.

Ilhan Omar is a criminal, and criminals belong in *jail*, not in Congress.
