

Congress: End Judicial Warfare. Federal Judges are not gods

"The Constitution... meant that its coordinate branches should be checks on each other. But the opinion which gives to the judges the right to decide what laws are constitutional and what not, not only for themselves in their own sphere of action but for the Legislature and Executive also in their spheres, would make the Judiciary a despotic branch." –Thomas Jefferson to Abigail Adams, 1804. ME 11:51

It's not 'March Madness' in sports, it's "judicial madness" that has hit this country like a Cat 5 hurricane. It's the same old playbook shoved down our throats the first time Donald Trump was lawfully and fairly elected president. The shadow government "got him" in 2020 through in-your-face election fraud and cheating.

This time around, it's now a lawfare feast by judges who believe they are gods. Law firms getting paid big bucks to bring these lawsuits doing their part in attempting to destroy once and for all our freedom and liberties *setting America up for a totalitarian Hell*. Their cheerleaders and advocates are so brainwashed, they've become idiots; robots chanting the same pre-recorded messages.

"Among the latter, under pretence of governing they have

divided their nations into two classes, wolves and sheep.”
–Thomas Jefferson, Letter to Edward Carrington, January 16, 1787

The number of lunatics and maniacs continues to grow as junkyard dogs in the prostitute media[1][2][3] vomit up lies on a daily basis. Useful idiots that are now finding out Trump’s DOJ isn’t going to turn a blind eye; several have been arrested for vandalism at Telsa dealerships as well as individual vehicles. Besides jail time, they should each be fined \$1,000 to be given to local food charities AND pay for ALL damages and I don’t care if it takes them 50 years. Payback is a bitch as they say.

“No sooner has one Party discovered or invented an Amelioration of the Condition of Man or the order of Society, than the opposite Party belies it, misconstrues it, misrepresents it, ridicules it, insults it, and persecutes it.” –John Adams, Letter to Thomas Jefferson, July 9, 1813.

The miscreants and America haters who belong to the Democrat/Communist Party USA have been busy “forum shopping” to find just the right judge to “get Trump” by issuing TRO’s (Temporary Restraining Order) to stop, as an example, deporting 238 murderers, rapists, thieves and gang members: The Tren de Aragua gang designated as a terrorist organization.

One of the high-profile cases regarding removing the scum of the earth from our country to keep our citizens safe is being “presided” over by Judge James Boasberg appointed by the illegitimate former president, Hussein Obama, who stole two elections through fraud and cheating. Boasberg is a real piece of work, let me tell you.

[His Lordship Boasberg](#): “A showdown between Boasberg and the Trump DOJ played out in court this week after the judge issued an [order](#) forcing planes en route to Central and South America

carrying dangerous Venezuelan aliens to turn around and come back to the US.

“On Sunday, the Trump DOJ provided an [update](#) to Boasberg’s order and said the criminal aliens were outside of US territory when the order came down. The DOJ argued that the Judge has zero jurisdiction over international airspace.”

Those empty-headed citizens out there cheering on his “order” are all in favor of keeping ILLEGAL aliens in this country who murder, rape and belong to one of the most vicious gangs from South America and Mexico. Oh, those poor “migrants”. Of course, we have a whole plethora of lunatics in Congress who are also in favor of keeping such scum out on the streets in OUR country.

Boasberg is dirty and a disgrace to the robe he wears and his oath of office:

[Protecting Terrorists Is Just The Latest Of Judge Boasberg’s Partisan Activism](#), March 17, 2025 – “Boasberg was appointed to a seven-year term on the Foreign Intelligence Surveillance Act (FISA) court in Feb. 2014.

“Between August 2016-June 2017, four FISA [applications](#) were requested and approved, launching the Russia collusion hoax that attacked Trump for years. Former FBI attorney Kevin Clinesmith later pleaded guilty to lying on one of the FISA applications, a serious violation that carries a maximum five years in prison. As “luck” would have it, Boasberg was also the judge in Clinesmith’s case, and he served no prison time.

“Boasberg has handled dozens of Jan. 6 cases and has sent many Trump supporters who were at the Capitol that day to prison, a harsh outcome compared to his Tren De Aragua gang ruling.” Rest at link and worth the time to read.

“To consider the judges as the ultimate arbiters of all constitutional questions [is] a very dangerous doctrine

indeed, and one which would place us under the despotism of an oligarchy. Our judges are as honest as other men and not more so. They have with others the same passions for party, for power, and the privilege of their corps. Their maxim is boni iudicis est ampliare jurisdictionem [good justice is broad jurisdiction], and their power the more dangerous as they are in office for life and not responsible, as the other functionaries are, to the elective control.

"The Constitution has erected no such single tribunal, knowing that to whatever hands confided, with the corruptions of time and party, its members would become despots. It has more wisely made all the departments co-equal and co-sovereign within themselves." –Thomas Jefferson to William C. Jarvis, 1820. ME 15:277

Of course, another turncoat robe, Chief Justice John Roberts, decided to puff up his chest and go after Trump[4] last week. Before you send email, yes, I've been aware for at least a decade of articles in "mainstream" publications regarding Roberts' and his wife adopting two children **from Ireland** and an alleged cover up: the adoption was illegal. The word blackmail comes to mind. [DRUDGE REPORT XXXXX THU AUG 04, 2005](#) – "Both children were **adopted from Latin America.**" Which is it?

Here's what the brilliant Thomas Jefferson had to say about judges and justices:

"In denying the right [the Supreme Court usurps] of exclusively explaining the Constitution, I go further than [others] do, if I understand rightly [this] quotation from the Federalist of an opinion that 'the judiciary is the last resort in relation to the other departments of the government, but not in relation to the rights of the parties to the compact under which the judiciary is derived.'

"If this opinion be sound, then indeed is our Constitution a

*complete felo de se [act of suicide]. For intending to establish three departments, coordinate and independent, that they might check and balance one another, it has given, according to this opinion, to one of them alone the right to prescribe rules for the government of the others, and to that one, too, which is unelected by and independent of the nation. For experience has already shown that the impeachment it has provided is not even a scare-crow... **The Constitution on this hypothesis is a mere thing of wax in the hands of the judiciary, which they may twist and shape into any form they please.*** –Thomas Jefferson to Spencer Roane, 1819. ME 15:212 (Emphasis mine)

He also wrote: *“This member of the Government was at first considered as the most harmless and helpless of all its organs. But it has proved that the power of declaring what the law is, ad libitum, by sapping and mining slyly and without alarm the foundations of the Constitution, can do what open force would not dare to attempt.”* –Thomas Jefferson to Edward Livingston, 1825. ME 16:114

Many articles, columns and op-ed's have been flooding the Internet on Boasberg, his “order” and disgraceful shenanigans. I am going to quote from one of the most brilliant legal minds in this country who has NEVER received the respect or recognition he so richly deserves after a lifetime of dedication to real law and the Constitution just like deceased former Supreme Court Justice Antonin Scalia.

This is from Dr. Edwin Vieira's book, *How to Dethrone the Imperial Judiciary*, pg 285: Removal of Judges for Lack of “good behaviour” or by “Impeachment...and Conviction.”:

“1..a. Removal from the bench *sine die* of every judge who demonstrates such incapacities as inability properly to construe the Constitution, or instability in construction over time, or infatuation with “the living Constitution” is the only sound means to deal with the problem so grossly evidenced

in *Lawrence*. Whatever the explanation for their transgressions, judicial malefactors must be compelled to desist.

“But, invoking “judicial supremacy”, they will resist any attempts to control, direct, correct, or even influence their behavior. Therefore, the weapon of “judicial supremacy” must be stricken from their hands *tout court*, and their ability to perpetrate further harm totally curtailed, by removing them from office.* *No man, no problem*.”

“As discussed below, Congress enjoys plenary power to remove judges of the General Government from office for their demonstrated lack of “good Behaviour.” Or for their commission of “Treason, Bribery, or other high Crimes and Misdemeanors, or both. “Senators and Representatives”...shall be bound by Oath or Affirmation, to support th[e] Constitution” and in this particular as in all others – especially so to correct judges’ misconstructions of the Constitution, Congress’s toleration of which amounts, not to “support” of perversion, deconstruction, or destruction. And “[w]hatever functions Congress are, by the Constitution, authorized to perform they are, when the public good requires it, bound to perform.” The same, of course, is true for the President where the Constitution presumes that he will cooperate with Congress in these matters.” End.

* Just like the “standing” weapon cowardly judges use all the time while the sissies in Congress have gone along with denying important cases because of their damn politics. If you’re going to drain the sewer of bad judges, do it now while Congress is GOP controlled with a GOP president and stop our ROTTEN federal judiciary from destroying the lives of the American people.

[How to Dethrone the Imperial Judiciary](#) “In this brilliant, accessible, and documented work, Dr. Edwin Vieira offers us the best researched and clearest overview to date of the power

of the people to control a runaway judiciary.

"It is time to put the Judiciary back in its proper place. Dr. Edwin Vieira, a Trustee of The Conservative Caucus Foundation (TCCF) and a brilliant legal scholar, has comprehensively addressed these and other issues in this study commissioned by the TCCF (Constitutional and Statutory Remedies for Judicial Usurpation and Tyranny). As I am sure you will agree after reading this important work, Dr. Vieira has made an historically significant contribution to the public policy debates of the twenty-first century." – Howard Phillips, President, TCCF

Buy a copy and send to your GOP House member and Senator with a letter signed by you and as many people as you can. Tell them to start cleaning up our judiciary. Impeach rogue, partisan judges Republican or DemonRAT. The Forward in Edwin's book alone is a superb explanation regarding the courts and the Constitution. Edwin's book was published in 2004 and here we are eleven YEARS down the road with too many federal judges and a number of maggots on the U.S. Supreme Court telling WE THE PEOPLE, DOJ and the President of these united States of America to go suck eggs.

So what if howling shrews like empty-headed AOC, Elizabeth Warren and all the rest of the Marxist worshipers' scream, yell and jump up and down. Silence is acceptance. We can be silent no more and without violence.

But, “identify” as a whatever, LBGQTRZYXFG, and **the sweat off your back pays** for biological females to have their breasts removed, tubal ligation, a new penis; biological men can get a new set of jugs and vagina. The cost of hormone treatments alone must be huge.

[“Here’s How Much the Pentagon Has Spent So Far to Treat Transgender Troops](#), June 18, 2021 (The Pentagon has failed 9 audits so you can bet the numbers to 2025 are huge.) “The Pentagon has spent \$15 million in the past five years to treat 1,892 transgender troops, including \$11.5 million for psychotherapy and \$3.1 million for surgeries, according to Defense Department data provided to Military.com...

“According to the Defense Health Agency, the surgeries were performed in military health facilities and included removal of breasts or testicles, hysterectomies and labiaplasty – creation of or reshaping the flesh around a vagina.” **Doesn’t matter how horribly they mutilate their bodies, there are only 2 sexes, male and female, not 5, 10 or 67 “genders”.**

[Transgenders Mentally Ill & Should Be Treated With Compassion](#). This is what the media and prostitute politicians don’t want the general public to know – especially about the high percentages of those poor souls who commit suicide. These are the victims:

READ: [Individuals who regret ‘sex change’ operations](#): “You are not alone. Up to 20% have regrets about their “sex change.” Sex change procedures are not effective, say researchers. Ten to 15 years after surgical reassignment, the suicide rate is 20 times that of comparable peers. Regret is NOT rare. See the evidence.” One of the feature articles: ‘Gender-Affirming Care Is Dangerous. I Know Because I Helped Pioneer It.’”

“Hegseth said the judge ‘can report to Fort Benning at 0600 to instruct our Army Rangers on how to execute High Value Target Raids’. In her ruling, the judge said [Trump’s order](#) contains language that is “unabashedly demeaning,” adding that the policy “stigmatizes transgender persons as inherently unfit.” (Born in 1974 (age 50–51) in Montevideo, Uruguay, [judge Ana Reyes](#) is a lesbian and must recuse herself from that case. Another Biden DEI choice.)

“Hegseth responded to the ruling on the social media platform X...Reyes said in her decision that the executive order likely poses constitutional rights violations.” **Wrong.** There is no draft; signing up is voluntary and DoD can and does reject applicants all the time.” Rest at link above.

Donald Trump is the President and the Republican Party had better go out and rent a bucket of guts because this round (along with J.D. Vance) Trump isn't going to put up with a bunch of wishy-washy cowards worried only about getting reelected or what the media whores print.

Not all Democrat appointed/nominated judges are bad as there are many GOP judges who should have been kicked off the bench years ago; some are now deceased. The two alleged "conservative" justices that should go on the U.S. Supreme Court are John Roberts and Amy Coney Barrett.

It's up to us to tell Congress to quit playing politics and worrying about their next fund raiser – we are FED UP with these rogue judges and want them gone.

The [U.S. House Judiciary](#) Committee Chairman (all talk), Jim Jordan [R]. Forget the ranking member [D] Jamie Raskin who is one of the most dishonest cockroaches ever to serve in Congress next to Adam Schiff.

The [U.S. Senate Judiciary Committee](#) Chairman is headed up by 91-year-old Chuck Grassley [R]. The DemonRAT Ranking Minority is another stinking Marxist, 80-year-old Dick Durbin.

Both chambers have done nothing for decades to clean up rogue judges and We the People are now suffering. If we do nothing, nothing will get done.

"Power is the great evil with which we are contending. We have divided power between three branches of government and erected checks and balances to prevent abuse of power. However, where is the check on the power of the judiciary? If we fail to check the power of the judiciary, I predict that we will eventually live under judicial tyranny." –Patrick Henry
