

# Consolidation of Power, the Great Reset Goal, Part 4 – the Eye of the Serpent

By Kelleigh Nelson

*In short, the “house of world order” will have to be built from the bottom up rather than from the top down. It will look like a great “booming, buzzing confusion,” to use William James’ famous description of reality, but an end run around national sovereignty, eroding it piece by piece, will accomplish much more than the old-fashioned frontal assault. –Richard Gardner in an article in Foreign Affairs Magazine in 1974 titled [The Hard Road To World Order](#).*

*The aim of totalitarian education has never been to instill convictions but to destroy the capacity to form any. –Hannah Arendt – Holocaust survivor, author of The Origins of Totalitarianism*

*For your benefit, learn from our tragedy. It is not a written law that the next victims must be Jews. It can also be other people. –Simon Wiesenthal*

Under fascism, the state, through official cartels, controlled all aspects of manufacturing, commerce, finance, and agriculture. Planning boards set product lines, production levels, prices, wages, working conditions, and the size of firms. Licensing was ubiquitous; no economic activity could be undertaken without government permission. Levels of

consumption were dictated by the state, and “excess” incomes had to be surrendered as taxes or “loans.”

The original fascist project, in Italy and Germany, was the merger of state and business.

The Fourth Industrial Revolution is the reincarnation of the Third Reich. Klaus Schwab’s Fourth Reich is globally active and has instituted the exact same controls.

The World Economic Forum (WEF) is being used to protect and advance the interests of the wealthy elite members, all of whom represent big business. [Here is the list](#) of those who attended the 2020 Davos forum. Do a search of the document for “USA,” and you’ll find 695 attendees. Many names are familiar, Bill and Melinda Gates Foundation, Citicorp, UPS, Bloomberg, Voice of America, Wall Street Journal, CFR’s Foreign Affairs, New England Journal of Medicine, LEGO Foundation, Yahoo Finance, Business Insider, Wired Magazine, BuzzFeed, TIME, United Nations, UNICEF, Ford Foundation, University of Texas, National Institutes of Health, Rockefeller Foundation, PayPal, Facebook, Google Cloud/USA, CBS, NBC, Maria Bartiromo for Fox News and Chamber of Commerce to name just a few.

Klaus is the spider who has penetrated and controls the entire global web of governments, corporations and politicians. As mentioned previously, the same players are active in the “Great Reset,” i.e., United Nations, Ford and Rockefeller Foundations and media.

He has promoted his ideology of “stakeholder” capitalism where businesses are brought into closer cooperation with the government. They control together without approval, without any public voice. There is no form of a representative government or rule by the people.

“Society is no longer regarded as a living community, but as a business. Schwab has redefined humans, not as citizens or

free individuals or members of communities, but as secondary participants in a massive commercial enterprise,” writes Billy Crone.

### **This Time Around We’re All Jews**

In [Part Four](#) of [Never Again is Now Global](#), the threat is not far off and Vera Sharav warns us, that this time around we’re all Jews.

Dr. Zelenko tells the history... “Rockefellers were one of the richest families in history. They monopolized oil; Standard Oil is theirs. They are huge proponents of eugenics. It started with the funding of Margaret Sanger’s initiatives. She is the founder of [Birth Control Review](#). She was a huge advocate for forced sterilization, abortions and prophylactic measures and later she founded Planned Parenthood.

“Rockefeller was the number one financier of eugenics research in Nazi Germany as well as in America. In 1910, (this is slightly unrelated but will show a pattern of behavior), Rockefeller sent an army of propagandists to every single medical school in the country. Their objective was to bribe the administration of every medical school to affect the thought patterns and prescription patterns of new doctors, away from traditional methods that had thousands of years of collective experience, to only Big Pharma products.

“At that time, all Big Pharma products were petroleum based and Standard Oil had the monopoly for petroleum. When it

became obvious that petroleum-based pharmaceuticals were causing cancer, Rockefeller founded the American Cancer Society. They covered this up and that was a little phenomenon. Rockefeller was the majority owner of I.G. Farben and I.G. Farben made Zyklon B gas for the Nazi gas chambers. Rockefeller also owns the company that makes RU-486, the morning after abortion pill.”

RU-486 was developed in 1980 by French pharmaceutical company [Roussel-Uclaf](#) which is a subsidiary of Hoechst AG (it was acquired by Hoechst in 1997), the company that made the gas used to execute Jews, Gypsies, Slavs, dissident prisoners and physically disabled. Roussel-Uclaf is one of several predecessor companies of today’s Sanofi Pharmaceuticals.

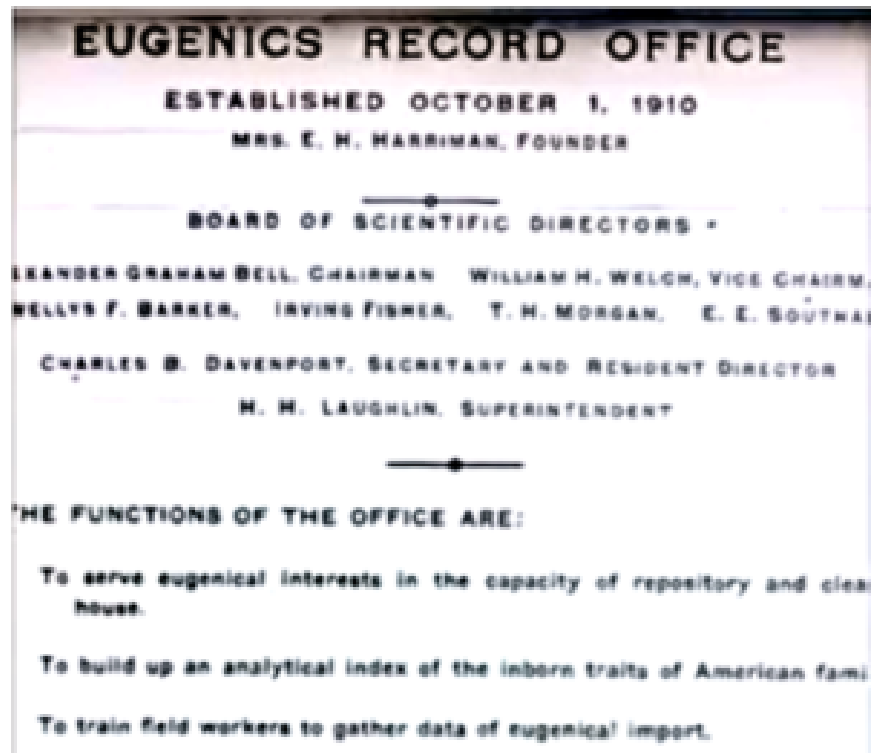

(Sanofi was mentioned as a favorite company by Dr. Robert Malone’s wife, Dr. Jill Glasspool Malone, in her LinkedIn page before it was removed. Robert Malone had worked for Sanofi. [Here](#) is the four-minute video of her LinkedIn page.) (See Sanofi, page 31 in [The Horrible History of Big Pharma](#)).

In 1994, Roussel-Uclaf donated U.S. patent rights for RU-486 to the [Population Council, Inc.](#), funded by Bill and Melinda Gates Foundation. It is a non-profit founded by eugenicists interested in controlling the population.

Dr. Zelenko continues, “If you notice, everything that family, every initiative of that family, has a theme of annihilation of human beings. The reason that I still pick on this one family is that we still have the Rockefeller Foundation and

the still their crazy research and the accessories to this genocide record is [Dr. Rick Bright](#), who sabotaged President Trump's order to make Hydroxychloroquine available to every American through the national stockpile of medicine. He literally sabotaged them and was fired for

insubordination. He now works as the Director of the Rockefeller Foundation.

"There is a theme. This family and many families like them are demonic. They view the rest of us as an expendable resource and useless eaters. Elon Musk, a year ago, debuted his humanoid robots, and during that presentation, he said the following, 'These robots will replace 90% of the human workforce. Therefore, we need universal basic income.' So let me tell you what that is. The universal basic income list is extermination. In their mindset, compared to the [Georgia Guide Stones](#), one of their principles is that human population should be no more than 500 million. That's a reduction of 90% because the rest of us are just carbon emitters and have no intrinsic value. And if we don't serve a purpose, then we should be liquidated. I mean literally liquidated, turned into fuel or whatever. This is what they envision, what they want and what they say.

"We grew up in an America where it can't happen here, but it's happening right in front of our eyes and our people are too complacent to do anything about it. Our children are being

exposed to these non-binary blue haired Peter Pans and are being told that's normal. Do whatever you want, but stay the hell away from my kids. Do not impose your perversions that most people don't agree with, on others. What has happened is we've normalized debauchery, we've normalized perversion. That was done by design, and that's a very effective way to demoralize a society. When a society is demoralized, it's too stupid to recognize what's being done to them."

## **Compliance**

Andrew Barr, who represents [Jews for Justice](#), tells us we are in danger again, but this time, everyone is a Jew. Andrew writes, "No one living in Nazi Germany in the 1930s knew that the Holocaust was going to happen. No one knew that millions of Jews were going to be exterminated. What people did know was that their civil liberties had been taken away from them under the guise of an emergency, and that a whole class of society had been excluded from public life under the guise of fighting a 'virus'."

Just as Jews were vilified in the media as a threat to the health of the German nation, the unvaccinated were vilified as causing the illness.

The compliance was phenomenal. Americans complied with the lockdown, with masks, with social distancing and finally with the toxic injections. Few asked questions, the majority simply complied, like sheep to slaughter. Fear ruled and depopulation prevailed.

Vera Sharav is right. There are seven and a half billion of us and perhaps 500 to 2,000 oligarchs. Yet, we don't rise up, we don't take our country and our civil liberties back. Too many are complacent. With digital currency on the horizon and digital identities promoted by the WEF, we had better stand up now or personal slavery under totalitarianism is just around the corner. With digital currency, you can be separated from

your money, even credit cards with the flick of a switch.

We were guinea pigs, again. Only this time, all of humanity were the subjects. The planners of this bioweapon injection tested the people of the world to see which lots of the toxic jabs killed quickly and which took too much time. They needed to know which combinations to have in the shots to determine the effects. Our own FDA sealed what Pfizer disclosed about the injections. This is why they wanted to keep the documents hidden from the American people for 75 years.

Pfizer knew their "vaccine" was killing people.

This was globally planned and all of it parallels Nazi Germany.

Hermann Goering, Commander of the Luftwaffe, President of the Reichstag, Prime Minister of [Prussia](#) and [Hitler's](#) designated successor was asked at the Nuremburg trials how they were so successful with Josef Goebbels' propaganda.

Goering answered, "The trick was to make the German people afraid. The Nazi Propaganda Minister, Dr. Josef Goebbels, said the Jewish are a kind of sickness.

“It is a pandemic of the unvaccinated,” roared the media.

## **Microchips**

Klaus Schwab’s dystopian fascist nightmare is never ending. He intends for billions of people to be connected by mobile devices with unprecedented processing power, storage capabilities and knowledge access. Artificial Intelligence, robotics, autonomous vehicles, 3D printing, nanotechnology, biotechnology, energy storage, quantum computing, and scores more advances into their transhuman developments.

“People need to get used to the idea of being microchipped,” Schwab tells us. And the earth’s animals will be as well. Schwab is the designer of the Great Reset. He intends for chips to be installed in homes, clothes, accessories, cities, transport, energy networks and all data platforms. And all of it will be connected to the internet.

Oh yes, there’s money in this...markets will know the desires and the needs and there will be a driving force behind massive flows of products and services. This Fourth Industrial Revolution, aka The Fourth Reich, of the unelected ruling elite will be [rolled out via 5G](#). Rosa Koiré knew about this.

Click on any initiative in this [5G future outlook](#).

Schwab states, “The tools of the Fourth Industrial Revolution enable new forms of surveillance and other means of control that run counter to healthy, open societies.”

How lovely!

He describes how these new technologies, “Can intrude into the private space of our minds reading our thoughts and influencing our behavior.”

Then he tells us, “Public crime is likely to decrease due to the convergence of sensors, cameras, AI and facial recognition software.” As if privacy invasion is a good thing.

(Years ago, I rebelled and left a bank when they asked for my thumb print.)

Klaus has actually admitted that when they put these chips in our brains, they'll be used to read our minds. Harari stated as much in one of his speeches where he said you could smile and clap your hands, but they would know what you really thought and send you off to the gulag.

In 2017, Schwab interviewed Sergey Brin at the WEF. Brin is one of the co-founders of Google along with Larry Page, who are helping to create the AI system needed to run the backend of Klaus' antichrist system that will micromanage the entire planet.

He predicted, "As capabilities in this area improve, the temptation for law enforcement agencies and courts to use these techniques to determine the likelihood of criminal activity, assess guilt or even possibly retrieve memories directly from people's brains will increase."

Remember the movie, [Minority Report](#)?

China's "social credit system" will look like child's play compared to what the global head of WEF has planned for us. At the center of his new global order is the man who dreams of an end to natural healthy human life and community. His plans redefine what it means to be human from both a biological and social standpoint. In his book, [Shaping the Future of the Fourth Industrial Revolution](#), he states, "The Fourth Industrial Revolution technologies will not stop at becoming part of the physical world around us, they will become part of us. Indeed, some of us already feel that our smartphones have become an extension of ourselves."

His book is devoted to the theme of altering the human being. He believes and tells us that these new technologies will become part of us, mixing digital and analog life that will redefine our very natures. The new technologies will operate

within our own biology and change how we interface with the world.

This man's demonic desires to rule and reign as a god over humanity while knowing our every thought and deed in real time, is prophesied in Deuteronomy, Daniel and Revelation as well as other books of the Old and New Testaments.

The plans of the WEF include "active implantable microchips, smart tattoos, biological computing and custom-designed organisms."

Schwab reports that sensors, memory switches and circuits can be encoded in common human gut bacteria and that "Smart Dust," full computers with antennas, each much smaller than a grain of sand can now organize themselves inside the body and help communicate thoughts, normally expressed verbally, through built-in smartphones and potentially unexpressed thoughts or moods by reading brain waves and other signals.

He says, "The day is coming when cows are engineered to produce in its milk a blood clotting element, which hemophiliacs lack, and pigs will grow organs suitable for human transplantation."

Mixing [humans and animals](#) has long been the rage.

Genetic editing via eugenics will continue.

We are told by these global elites that those of us who remain as humans are likely to become a sub-species. "They will effectively, be the chimpanzees of the future."

In Schwab's book, [The Fourth Industrial Revolution](#), he states, "We are at the threshold of a radical systemic change that requires human beings to adapt continuously, as a result, we may witness an increasing degree of polarization in the world, marked by those who embrace change versus those who resist it."

This dystopian vision via artificial intelligence, surveillance, control and exponential profit is outlined in his annual World Economic Forum meetings in Davos, Switzerland.

Schwab has courted heads of state, leading business executives, and the elite of academic and scientific circles into the Davos fold for over five decades.

Everything this man is doing is counter to our Judeo-Christian faiths, our culture, our God given freedoms and our humanity. He is an "in the flesh" demonic entity, the eye of the serpent.

Elohim will not be mocked.

Proverbs 30:5 Every word of God is pure: He is a shield unto them that put their trust in Him.
