

Constitutional Militia & the Out-of-Control Rioting

“Suppose you were an idiot, and suppose you were a member of Congress; but I repeat myself.” –Mark Twain

“The powers of the sword are in the hands of the yeomanry of America from sixteen to sixty. The militia of these free commonwealths, entitled and accustomed to their arms, when compared with any possible army, must be tremendous and irresistible. Who are the militia? Are they not ourselves? Is it feared, then, that we shall turn our arms each man against his own bosom. Congress has no power to disarm the militia. Tench Coxe [1]

That most certainly would apply to not only most of CON-gress but also “blue” states (which should be called Red States since they’re all embracing and promoting Marxism) but members of state legislatures, mayors and city councils. (Watch: [Cultural Marxism: The corruption of America](#))

My column last week, [ANTIFA Are Communists Who Claim to Oppose Fascism](#), focused on the in-your-face insurrection and attempt to overthrow our government (a constitutional republic, not a democracy) and the support given by ‘blue’ state Comrade governors, mayors and ignorant, foolish “community leaders who wouldn’t know their arse from their elbow.

The First Amendment says (in part) “... right of the people

peaceably to assemble, and to petition the government for a redress of grievances.”

What we’ve seen over the past six or so years can hardly be described as peaceful assembly: ANTIFA and the now train wreck *cash cow*, Black Lies Matter. But, in the eyes of this “law enforcement” big shot:

They’re disrupting ICE raids, they riot, and assault people with whom they disagree at rallies. It’s insane. Ellison tried to peddle the current Democrat talking point that Antifa is so nebulous that it doesn’t exist. No one

knows that, he claimed. There's one problem: he posted a photo of himself holding an Antifa handbook:" Rest at link with photo.

They are a wounded animal and will use any means necessary to get back on top to overturn all the good Trump has or might do during his last term.

Now the Second Amendment: "A well regulated Militia, being necessary to the security of a free State, the right of the people to keep and bear Arms, shall not be infringed." You're free to go deer or duck hunting but that's *not* what the second half of the Second Amendment is all about, historically –*it intentionally gives teeth to the first 13 words...* In this time of our history, the constitutional militia **isn't to overthrow our government** but to help supplement National Guard units, first responders and local law enforcement because the big move is on to destroy us and it's not just ANTIFA.

[WATCH: AG Pam Bondi, FBI Director Kash Patel, DHS Secretary Kristi Noem Vow to Take Down "Terrorist Group" Antifa – "They are an Organized, Systemic, International Criminal Enterprise"](#), Oct. 11, 2025 (Looks like a war zone and they plan to come to YOUR city, make no mistake about that. The National Guard is not the 'well regulated militia" and there aren't enough National Guard in this country to put down the on-going violence and agenda of dirty traitors calling themselves ANTIFA and the dullards who riot with them. Those supplying truckloads of dirty money to support the agenda of a

world government agenda are NOT going to simply go home and watch some liar on the propaganda machine (TV).

WHEN are the 80+ MILLION gun owners in this country going to learn *what the Second Amendment means, who has authority* and why warriors like Patrick Henry fought like a true patriot to get the Bill of Rights? The Second Amendment was at the top of the list. Many great organizations, GOA and throughout the states know but the majority don't. Hello, NRA? (Yes, while I appreciate hearing from my fellow Americans, I know all about the "Dick Act" ([read in full here.](#))

Governors, AG's and state legislators MUST learn what the Second Amendment means and Dr. Edwin Vieira's series explains it in minute detail: [Are You Doing Your Constitutional Duty for Homeland Security?](#) Part 1, May 6, 2005: "Yet when and where, in all the strident propaganda and agitation, hubble-bubble, hoopla, and orchestrated paranoia about the need for "homeland security" to defend America against "terrorism", has anyone in political prominence pointed this out? Or suggested that "homeland security" be based on it? Or proposed a comprehensive revitalization of "the Militia of the several States" as the central focus, or at least a very important part, of "homeland security"? Why, instead, is "homeland security" being used as a cover-story to rationalize the construction of a centralized national police state, for which the Constitution provides no justification whatsoever, but disallows in every particular?

"Why have all the worldly wise and powerful, the self-styled "best and brightest", in Washington, D.C., as well as in State capitals throughout the country, ignored the point that stands out on the face of the Constitution with as much prominence and character as Karl Malden's nose? Can they not read the Constitution? If they can read it, can they not understand it? If they can understand it, can they not speak out? "Or is their silence the very best evidence that Americans could have of the need to revitalize "the Militia of the several

States”?” Then read parts 2 & 3. NO ONE in this country knows this issue better than Dr. Edwin Vieira. Instead, it’s constant lawsuits over gun control. What a waste of time and money.

“This IS an invasion. The 1,500 U.S. military sent by brain gone, Biden, are for paper pushing, NOT enforcement. Our republic, not just Texas is in imminent danger.

Texas Statutes, Greg:

[GOVERNMENT CODE](#)

TITLE 4. EXECUTIVE BRANCH, SUBTITLE C. STATE MILITARY FORCES AND VETERANS, CHAPTER 431. **STATE MILITIA**, SUBCHAPTER A. GENERAL PROVISIONS

Sec. 431.071. MILITARY DUTY. (a) The reserve militia is not subject to active military duty, except that the governor may

call into service the portion of the reserve militia needed for the period required in case of war, insurrection, **invasion or prevention of invasion, suppression of riot, tumult, or breach of peace or to aid civil officers to execute law or serve process.**

“(b) The governor may assign members of the reserve militia who are called into service to existing organizations of the state military forces or organize them as circumstances require. Acts 1987, 70th Leg., ch. 147, Sec. 1, eff. Sept. 1, 1987.

“Gov. Abbott is putting Band Aids on a patient hemorrhaging to death on the operating table. He must ‘call into service’ our State Reserve Militia and believe me, there are plenty of well-trained, well-armed retired military and law enforcement who will be happy to serve. Who want to get on the border right away to assist the National Guard and DPS.

“Texas Republicans working to keep border open – our legislature. GOP screwing us, again. [Here is a must watch interview with Lara Logan, 10 minutes](#). For those unfamiliar with Lara, she is a very good investigative journalist.

[Lara Logan, Texas Republican Politicians Working Against Border Security](#), May 8, 2023

“Logan notes that Texas republican politicians are actively working to keep the border open with migration flows controlled but not stopped. As CTH has long documented, illegal mass immigration is a policy that both wings of the UniParty support.

“Logan reports that Texas republicans, the Bush wing of the professional republican apparatus that controls Texas politics, recently blocked a state border security effort in order to keep the immigration flow in place. This is a remarkable interview with details to support the baseline as discussed.”

So where is this so-called reserve militia, Gov. Abbott? Oh, that's right. We don't have one.

Now that President Trump has rightly designated ANTIFA as a domestic terrorist organization, that is not going to stop the violence from spreading. Winter is coming with cold and snow around the country. A time for the America haters and useful fools to plan their next attack on our cities and towns. However, don't EVER underestimate the shadow government because they are not going down without a fight. Mark my words.

This is a very dangerous time for our republic and critically important to *spend the time getting the facts regarding 'homeland security', the history, who is in charge and lawful application.* Yeah, time consuming but you and if you have a family are in danger. There are good sheriffs in this country and then there's those who should be thrown out of office for ignoring the law. All of this is up to We the People so please help your friends and state legislators or governor if you happen to know them – get educated on their duty and responsibility to protect the people of their state against invasion and/or insurrection.

[How the States Can Suppress Illegal Immigration](#), Sept. 3, 2021, Dr. Edwin Veira: “Although subject to various constitutional limitations on her autonomy, each of the several States today remains “a free State” empowered in principle to guarantee—and, one would hope, capable in practice of providing for—her own “security” through “[a] well regulated Militia” predicated upon “the right of the people to keep and bear Arms”, as the Second Amendment attests. In particular, the “security” of each State’s own borders being an (if not *the*) essential component of “the security of a free State”, as “free State[s]” the States are entitled and may insist upon the right to preserve, protect, and maintain the existence and efficacy their own borders—and, insofar as some of their borders coincide with the borders of the United

States, to preserve, protect, and maintain the existence and efficacy of those borders, too. Indeed, the States are not only *entitled*, but also are *required* to do so. For no State can stop being “a free State” within the federal system without repudiating not only the Constitution but also the Declaration of Independence.

“And such a dereliction of duty on the part of a State’s public officials would justify recourse to (in the Declaration’s words) “the Right of the People to alter or to abolish [the existing government], and to institute new Government, laying its foundation on such principles and organizing its powers in such form, as to them shall seem most likely to affect their Safety and Happiness”.

“After all, it is the absolute duty of public officials within each State to enforce the laws which maintain her physical, legal, political, economic, and social integrity—the laws relating to her borders being first and foremost among them. True enough, rogue officeholders forfeits their legitimacy whenever they fail, neglect, or refuse to enforce those laws. But, at least for a while, a country can muddle through, although burdened with a governmental apparatus populated by fools, knaves, poseurs, and kindred political riffraff. By definition, however, no country can exist at all without enforceable borders. Is it worse to be ground under the heel of “absolute Despotism” in one’s own country, yet with some chance (no matter how slim) that some day “the People” might finally exercise what the Declaration described as “their right, * * * their duty, to throw off such Government”, or to have one’s country destroyed entirely and irretrievably?” Rest at link.

Ah, let’s not forget the “judges” who have their head in rectal darkness: [Appeals court rules National Guard troops in Illinois can remain federalized but blocks deployment](#), Oct 11, 2025 (Seventh Circuit Court of Appeals.)

And here we are today with local law enforcement out-numbered – even with a couple hundred National Guard – while these anti-American groups and their ignorant and foolish groupies out to kill us and turn cities and towns into hell holes get treated like heroes. Sane Americans like me do NOT want a civil war so it's got to be your governor and state legislatures working with ICE and DHS for now but the duty of OUR homeland security is us.
