

# Danger: Gulen charter schools and the Fethullah Gulen movement Pt. 3

## Replacing Erdogan with Fethullah Gulen

*“God hath given you one face, and you make yourself another.”* –Shakespeare

So the CIA plan is to once again decide who should be at the head of a country. Not the people of Turkey, but American businessmen, politicians and the CIA. Dump Erdogan and put someone they can control like Gülen in his place. In March 2016, Mort Abramowitz and Eric Edelman, the CIA-Gladio Zionist operatives, both former U.S. ambassadors to Turkey are the co-chairs of the Bipartisan Policy Center’s (BPC) Turkey Initiative called for Turkey’s President Erdogan to either resign or reform.

Seriously I ask you America, are you really happy all these decisions are being made for our citizenry through the United Nations and other foreign countries when it is we, the American people” that are expected to pay for their lies and manipulations?

But then “What difference does it make?” [Hillary Clinton](#), herself personally and her foundations have taken Gülen and other funds from the Mid-East and South East Asia, but she has admitted to America that WE, the U.S. created and have funded Al Qaeda as a terrorist organization in the heyday of the Soviet-Afghan war.

“What she doesn’t mention is that at no time in the course of the last 35 years has the US ceased to support and finance Al Qaeda as a means to destabilizing sovereign countries. It was ‘a pretty good idea’, says Hillary, and it remains a good idea

today:

“Amplly documented, the ISIS and Al Nusrah Mujahideen are recruited by NATO and the Turkish High command, with the support of Saudi Arabia, Qatar and Israel”. “‘Let’s remember here, the people we are fighting today we began funding them twenty plus years ago”.

It has come to the point that Americans must admit to themselves that the Global War on Terror (GWOT) is being led by the U.S. and they aren’t trying as hard to hide the fact these days. And the Global war is not directed against Al Qaeda – we are using them as foot soldiers for our agenda. Replace and change where WE want the changes to be regardless of who it hurts.

The [UN Office for Disarmament Affairs](#) (UNODA) is an Office of the United Nations Secretariat established in January 1998 as the Department for Disarmament Affairs. Its goal is to promote nuclear disarmament, weapons of mass destruction, chemical and biological weapons, along with conventional weapons, especially landmines and small arms. will tell you this department does not exist. Never trust Snopes![Snopes](#)

In 1959 Fethullah Gülen gave his first speech in a Mosque near the border of Greece and Bulgaria stating “Islam needed to undergo a process of renewal and that Communism was the core evil of humanity”. From this, how could anyone have predicted that several decades later, Fethullah Gülen would stand at the helm of a powerful movement with several million followers with the full support of and operating in the United States?

Gülen and his followers are opportunistic and they know how to manipulate to their benefit. In the ‘80’s Gülen positioned himself against communism to gain the support of the US/CIA. He has now managed to align himself with the Jewish community with his “love and peace” act Institutions and since he never takes risks but rather determines the direction of his moves

by the wind, and then his followers will do anything to succeed.

According to the United States government a law abiding American citizen who buys survival food, a returning veteran from Iraq and Americans who criticize the government are considered "domestic terrorists" by our elected government, current president and NWO progressives. I consider the current inner workings of our government, especially the CIA and know-it-all- neocon's to be "home grown terrorists."

But yet our government will play "Russian roulette" with our lives with the very people who wish us dead. Muslims can tell you until the moon turns blue that Islam is a "religion of peace", but their "bible" – the Qur'an, paints an entirely different picture.

Make no mistake, Gülen is a radical Islamist who hides secret and sinister agendas with his supposedly moderate message. If an individual wants to be a serious follower of Gülen, he or she must obey absolutely the ideology and the practices of the community, and if anyone has a different opinion, especially one contrary to Gülen's, then he or she is considered to have betrayed the Movement and consequently is not welcomed in the community. That is a great deal of power for one man.

Do you understand what different words and phrases of Islam mean? Islamophobia is a charge against Christians and it means you have offended them and should be put to death. Justice to a Muslim means Sharia and Sharia means if you don't believe you are against Mohammad and his teaching and you are to die. Jihad is a "war" against the "infidels" and you are an infidel according to Mohammad.

As far back as 1997, both **Mort Abramowitz** and **Eric Edelman** have been attached to Fethullah Gülen and their military memorandum as they were involved in coup scenarios to push then Prime Minister Necmettin Erbakan of the Welfare

Party to resign and end his coalition government.

A [Washington Post piece](#) in 2014 by both of these men and Blaise Misztal, who is the director of National Security at the BPC, asked for regime change in Turkey and called on U.S. President Barack Obama's administration to overthrow the Turkish government.

Then we have Michael Rubin, a former Pentagon official and committed neocon, who came out this past March stating his sympathy for a coup in Turkey. Originally published on the American Enterprise Institutes (AEI) website, Rubin openly encouraged the Turkish military to carry out an intervention, stating that the U.S. government would work with the new regime if that happened.

So here is another neocon that helped the regime change Iraq and destroyed that country; backed the Kurds while he started the partitioning of Iraq; tried to change the regime in Iran for decades and backed the neo-Nazis in Ukraine.

Reminding the readers, I revealed in my posting "[CIA Supporting the Islamic Indoctrination of Our Children](#)" that in January, 2016 a declassified US intelligence report from the Pentagon was released revealing Western support for Syria's rebels and it also revealed an aided and abetted rise of the 'Islamic State'. The report included high-level confirmation that the US-led strategy in Syria contributed directly to the rise of the Islamic State (IS).

The document showed that in coordination with the Gulf states and Turkey, the West **intentionally sponsored** violent Islamist groups to destabilize Assad, and that these "supporting powers" desired the emergence of a "Salafist Principality" in Syria to "isolate the Syrian regime." It appears they intend to do the same in Turkey! Americans have had absolutely no say in any of these actions because we aren't even supposed to know about them.

According to this report, this “beyond staggering” plot by the CIA to overthrow the current government of Turkey, replace Erdogan with Gülen while at the same time utilizing Islamic State terrorists as “leverage” was first started in 2008 by the US military-intelligence establishment supported think tank American Enterprise Institute (AEI) whose board members are a “who’s who” of American military connected individuals, including former US Vice President Dick Cheney, and whose research papers advocated the United States creating what they call a “moderate Muslim” majority in the Middle East to battle Islamic extremists and whose target nation for this action was Turkey.

Aiding the CIA in this effort, this report continues, is the Turkish Imam Fethullah Gülen who came to the United States in 1999, gaining a “permanent visa” with help from former CIA officials which includes Graham Fuller.

Yet the FBI and other agencies have labeled Gülen “a radical Islamist”. Gülen was intentionally presented to America as a “peace loving Muslim” for him to be able to garner support in the right places including the America’s parents of his schools and politicians. Graham Fuller did a good job portraying this picture of Gülen.

In 2008, over the strong objections of the FBI, US State Department and Department of Homeland Security, Gülen managed to get a special Green Card and US permanent residency status. This was all done with the intervention of Morton Abramowitz and Graham E. Fuller. According to former FBI Turkish translator and whistleblower, Sibel Edmonds, “Abramowitz, a known neocon, Israel lobbyist, CIA and State Department Operative, and Project on the New American Century signatory, has been one of Fethullah Gulen’s main handlers and backers.”

The report also supports the information that the FBI strongly resisted granting permanent residency status to Gülen and, according to secret US leaked cables parts of the American

government have long believed that Gülen “is a ‘radical Islamist’ whose moderate message cloaks a mere sinister and radical agenda.” It was Graham Fuller’s job to make sure Gülen’s portrayal to the American public was that he was a “peace loving man”.

It was after CIA Fuller got Gülen into the United States, President Erdogan established in Turkey the Justice and Development Party (AKP) in 2001 as the “moderate Muslim” platform desired by the AEI to effect change throughout the entire Middle East using part of Gülen’s massive wealth estimated between \$22-50 billion.

In his 1999 speech Gülen is heard calling on his supporters to **“work patiently and to creep silently into the institutions in order to seize power in the state”**. Does this sound like “peace” to you?

The timing of Gülen’s arrival in the US is interesting as he was actually “defecting” from Turkey since Turkish prosecutors had demanded a ten-year sentence for Gülen for having “founded an organization that sought to destroy the secular apparatus of state and establish a [theocratic state](#)“. Gülen has not left the United States since. America certainly is not the only country waking up. Other countries are taking a very serious look at the workings behind the Gülen schools, the turn-out of students and just how that money is flowing in and out of the Gülen workings.

It is to be understood the actual “patriotic” worth of the CIA’s actions depend upon who sits at the helm (Obama) and the director of the CIA always is a reflection of the POTUS. Hence we have John Brennan who you should recall refused to release 28 pages of the 911 Report because HE claimed it contained inaccurate information”. Well, couldn’t they release the pages and mark what the CIA claimed was inaccurate?

Who is John O. Brennan? Most certainly a globalist, supporter

of the Obama agenda and a man who has worked for the CIA in enough positions for the past 25 years to write a book. Brennan withdrew his name from consideration for Director of the CIA in the first Obama administration over concerns about his support for transferring terror suspects to countries where they may be tortured while serving under President George W. Bush. Instead, Obama appointed Brennan Deputy National Security Advisor for Homeland Security and Counterterrorism AND Assistant to the President, a new position which did not require Senate confirmation.

Placing Brennan in the position of Dir. of the CIA, has put one of Obama's closet and most powerful aides in charge of an agency that has been transformed by more than a decade of secret wars. Working for Obama Brennan has:

- *Overseen the escalation of drone strikes in Pakistan in 2010.*
- *Was the principal architect of the administration's secret counterterrorism operations in Yemen.*
- *Became a prominent public spokesman for the administration, appearing on television after foiled terrorist plots and giving speeches about the legality and morality of targeted killing.*
- *Brennan denied his use of brutal interrogation methods and ended up with the prize job for Obama.*
- *After Brennan was sworn into his office not on a Bible but on a copy of the Constitution rumors came out he had converted to [Muslim](#) while stationed in Riyadh, Saudi Arabia. Liberal leaning Snopes claims the rumor is not true. (This would explain his very close relationship with Obama).*
- *The [Beauty of Islam](#) according to John Brennan of which is what Obama learned as a child in Jakarta.*
- *Spoke forcefully for closing the prison at Guantánamo Bay, Cuba, and colleagues say he has argued for greater openness and clearer rules for targeted killing.*
- *His reporting of the supposed raid to kill Osama bin Laden was proved to be inaccurate.*

After leaving government service in 2005, Brennan became CEO

of The Analysis Corporation, a security consulting business, and served as chairman of the Intelligence and National Security Alliance, an association of intelligence professionals.

Secretary of State Hillary Clinton helped in the establishment of the Turkish Gülen Charter Schools and the Gülen Movement in the US with a brokered deal to split the revenue from the sale of the oil captured in Iraq by ISIS Radical Islamic Terrorists, a deal between Prime Minister Erdogan's and Gülen's factions in Turkey. The captured oil was subsequently driven to the Turkish border in oil truck caravans to be sold by Prime Minister Erdogan's son. For using her good offices to help Gülen, Clinton was paid an estimated \$1 million – half to the Clinton Family Foundation and half to campaign coffers.

***“You must move in the arteries of the system without anyone noticing your existence until you reach all the power centers ... until the conditions are ripe, they [the followers] must continue like this. If they do something prematurely, the world will crush our heads, and Muslims will suffer everywhere, like in the tragedies in Algeria, like in 1982 in Syria ... like in the yearly disasters and tragedies in Egypt.***

***The time is not yet right. You must wait for the time when you are complete and conditions are ripe, until we can shoulder the entire world and carry it ... You must wait until such time as you have gotten all the state power, until you have brought to your side all the power of the constitutional institutions in Turkey ... Until that time, any step taken would be too early—like breaking an egg without waiting the full forty days for it to hatch. It would be like killing the chick inside. The work to be done is in confronting the world. Now, I have expressed my feelings and thoughts to you all—in confidence ... trusting your loyalty and secrecy. I know that when you leave here—just as you discard your empty juice boxes, you must***

*discard the thoughts and the feelings that I expressed here.” –Fethullah Gülen*

So America, Who Do We Have Running America's Government? Where are the elected, supposedly Conservative Republicans who currently hold the majority of the seats in Congress? Nowhere to be found unless there is money to be handed out or a free trip to be taken! [[LINK](#)]
