

Dear President Trump

Dear President Trump

Please stop playing games with the treasonous corrupt people in our country, whether they are members of congress, activists on the courts, employees in the Intel "deep state," foreign invaders, drug-runner, cartels, pedophiles, criminal sanctuary governors and mayors, or stupid college kids marching in our streets on behalf of our known enemies, or socialism and communism.

We are sick and tired of foolhardy headlines like this...

[Federal judges anonymously criticize Supreme Court for overturning decisions with emergency rulings](#)

Please learn this response...

"Only one person in the entire country was elected by the people to run the Executive Branch and every Executive Branch Agency, me, the President of the United States. The U.S. Constitution did not create a government run by unelected partisan political activists on the courts. As long as I sit in the Oval Office, I will be running the Executive Branch, not you. I am under no moral, ethical, or legal obligation to adhere to the unconstitutional and illegal orders from any activist court working for the Democrat Party or Global Elites. If you think anything I'm doing is unconstitutional, you're welcome to try to impeach me again. Otherwise, stay in your own lane, keep your oaths to uphold and defend the

Constitution, protect the American people from government corruption and foreign invasion, and enforce the laws adopted by Congress. Do your job or resign."

Good day!
