

# Democide: When A Government Kills Without Remorse – Remember Germany...

By Bradlee Dean

“Democide is the murder of any person or people by their government, including genocide, politicide, and mass murder.”

It has been rightly said that every country deserves the government that it has in place (Galatians 6:7). How true!

What is sad to say is that in America, “We the People” are the government and because we have failed to be that government, we are now in a position where an alliance of corrupt politicians, acting in a foreign manner to American government, have taken up that vacant position (2 Corinthians 11:14-15).

We have watched this said government create unconstitutional wars at the expense of innocent blood, and this on both sides of a war.

Their objective is to establish a military presence in 148 countries. This is foreign to the US Constitution (Isaiah 5:20)!

[The American empire 737 military bases in 148 countries there are 196 countries did you know?](#)

This is the same government that creates crisis after crisis (Ephesians 4:14).

This latest plandemic consisted of a “virus”. In the end, it was at the expense of over 300,000 lives in America alone.

This is the same government that has blood on its hands in the literal shedding of the blood of over 70 million innocent babies (Equivalent to the population in 18 states), both inside and outside of the womb (Exodus 20:13; Proverbs 6:17). I remind you that the Lord will NOT pardon the shedding of innocent blood (2 Kings 24:4).

Now, they want your guns (1 Samuel 13:22). Does anyone know the history of governments that disarm their own constituents?

This said government has a long history of killing, stealing, and destroying (John 10:10). Friends, they are now criminally coming for your guns. Are you getting the picture? I hope so.

Some might say, “Bradlee, how is this our fault?” I answer with, the people are the government, and the representatives only do what they are delegated by the people to do. When they go beyond their constitutional authority and act out in assuming authorities that were never delegated to them, it is the people that are to impeach them (Article II, Section 4) and then prosecute them for their crimes (Article I, Section 3, Clause 7 U.S. Constitution).

If the people fail in this obligation, they will then fall to those with which they have failed to lawfully bring to justice. This is where we are at today in America.
