

Democrat Lunatics & Maniacs Want Violence

Since Donald Trump was legally and honestly elected last November, brainwashed lunatics, insane maniacs in this country whether they be ignorant, empty headed female hosts on the propaganda box (TV both “mainstream and cable...The View top of the list), college students, and their America hating professors and the Democrat/Communist Party USA have been in meltdown the likes I’ve never seen in my adult life and I’ve been in the trenches full time for 31 years.

Hysteria by females running to get tubal ligations so they can’t have children because Donald Trump won the presidency, both the popular vote and electoral college! Trump is Hitler and he’s going to take away a woman’s reproductive rights when those pathetic brainwashed females don’t even know what they’re talking about.

The Democrat/Communist Party USA must be destroyed once and for all; leave that “party” if you truly love this country, freedom and liberty. Not to promote the Republican Party because if you honestly reflect back decades, when they held the majority in Congress with a GOP president, all they did was keep funding fraud, waste and kick the can down the road while ignorant Americans began the predictable destruction screaming to protect “our democracy”.

“When the people find that they can vote themselves money, that will herald the end of the **republic**.” Benjamin Franklin. When a majority of the country votes solely for what a political party promises, mob rule (democracy) will destroy the very freedom and liberties given to us by rivers of blood.

“The experience of all former ages had shown that of all human governments, democracy was the most unstable, fluctuating and short-lived.” John Quincy Adams. “Democracies have been found incompatible with personal security or the rights of property; and in general, been as short in their lives as they have been violent in their death.” James Madison. “Remember, democracy never lasts long. It soon wastes, exhausts, and murders itself. There never was a democracy yet that did not commit suicide.” John Adams

That’s where this country has been headed for decades and the Soviet-style propaganda being drummed into people’s brain and students in public schools (the younger the better) has birthed insane lunatics running governments from city councils, mayors, governors, state legislatures, Congress and the White House. **From “woke” to out and out idiocy, what we’ve seen and been shoved down our throats is almost beyond words.** What’s been done to America’s children at the sewers they call public schools is obscene.

I could fill 50 pages of this insanity promoted by raving loons – elected by either vote fraud or by voters whose heads are planted in rectal darkness. Jeri Lynn Ball wrote about this kind of brainwashing, the planned destruction of America's moral compass and a responsible, self-determined, self-reliant people.

MASTERS OF SEDUCTION – Beguiling Americans Into Slavery and Self-destruction. Jeri wrote her book in **2000**. Hussein Obama usurped the office of president by cheating twice and began, in his words, "the transformation of America" picking up where Clinton left off. Anyone who doesn't believe Hussein Obama is a die-hard Marxist is in complete denial. Jeri's book is out of print altho' one can acquire a copy from rare book stores. However, she wrote [a 20- page preview of her book](#):

"In order to create their New World Order, Communists must destroy America's fundamental ideas. Why? Because a nation whose citizens are governed and sustained by the economic freedom, is difficult to transform. Principled individualists think for themselves and are independent and self-reliant. They have integrity and self-respect. They're loyal to their families, their leaders, and to their nation. A nation which upholds and defends principled individualism and laissez-faire capitalism has a high ethical standard. Its citizens will fight to defend their principles, their freedom and their unalienable individual rights.

"Today, most Americans are embracing the communitarian moral code, and this country is now in a process of disintegration, making it vulnerable to a takeover. Communists have sought to

degrade the nation and to produce the maximum chaos. Communist psychological warfare has wreaked havoc in the lives and families of virtually all Americans. Human casualties—the drug addicts, criminals, alcoholics, suicides, neurotics, psychotics, the ignorant and the illiterate—number in the tens of millions. In his book, *The Index of Leading Cultural Indicators*:

"American Society At the End of the Twentieth Century, William J. Bennett writes, "[S]ince 1960...we have seen a 467 percent increase in violent crime; a 463 percent increase in the numbers of state and federal prisoners; a 461 percent increase in out-of-wedlock births...more than a doubling in the teenage suicide rate...and a drop of almost 60 percent on SAT scores." The rate of divorce has "more than doubled." The number of adults in prison now totals 2 million. Research studies show that drinking, drugs, and casual sex have become national vices.

"Since 1992, when Clinton and Gore began their bombardment of communitarian propaganda, teenage drinking and drug use has soared. Illegal drug use is now not only an urban problem; the use of alcohol, cocaine, crack, inhalants, marijuana, methamphetamines and other hard drugs has reached epidemic proportions in small towns and rural areas. Tens of millions of Americans are suffering from mental disorders, such as anxiety, panic attacks, depression, phobias, obsessive-compulsive disorders, eating disorders, manic depressive psychoses, and schizophrenia. Countless others are marked by aimless lack of purpose. The Clinton-Gore Administration and its Communist allies are successfully achieving the ideological and psychological convergence of the United States and Communist Russia.

"America is becoming a replica of Russia: sick, brutal, deviant, vulgar and violent, yet slavish and submissive toward governmental authority. Communitarian ideals block or cripple individual growth and development. They destroy independence,

self-reliance, courage, and creativeness—and produce profound feelings of helplessness, worthlessness, and instability. They breed hatred, fear, ignorance, cowardice, indolence, dependency, and conformity. Every society which embraces the communitarian way of life is reduced to unspeakable poverty, and the people endure tyranny, slavery, and misery.”

America today. Drugs destroying families, the mentally ill roaming the streets when they should be in a state hospital. A dirty, filthy culture where web sites make young females tons of money by selling their skin while insecure males, losers, shell out big bux to see them show their nipples. Everyone wants to get rich as an “influencer” on some web site while politicians and unelected bureau-RATS continue to destroy the lives and livelihoods of hard-working Americans from our precious fishing families, ranchers and farmers to industrial and what little is left of manufacturing. Keep the people distracted and addicted.

And the hate factor that’s been saturating the stupid tube (TV) along with daily helpings of everything is racist continues to bring riots and death threats to those who strive to bring provable facts to Americans or because they support “Nazi” Donald Trump with “Nazi” Elon Musk coming in second.

Well, Donald Trump didn’t just fairly win the election, **he took the popular vote** and the Democrat/Communist Party USA and their useful fools all crapped their pants. Americans have had enough and this has to stop. Conservatives are being targeted with violence and make no mistake who’s behind the dirty money funding this kind of grossly unacceptable violence.

[DOJ and FBI Must Act NOW! VIOLENT LEFT Is Trying To Kill Conservatives and Their Family Members By Having Their Homes SWATTEd: “They wanted the police to kill my father”](#), March 13, 2025 – “This morning, on “X,” Nick Sorter, who has over 900K followers on X, shared a chilling explanation of how his sister and his father could have both been killed last night during fake police reports that led to both of their homes being “swatted” by the police. “Swatting” happens when someone reports a made-up crime at a specific address. The police respond to the caller’s false crime with SWAT teams or Special Weapons and Tactics, placing the individuals inside the home in grave danger.

“When an individual or an individual’s family is “swatted,” it opens the door for an innocent person to be seriously harmed or even killed by law enforcement who have no reason to believe the caller has manufactured the crime.”

“FBI Director Kash Patel has broken his silence regarding the swatting incidents targeting major conservative figures across the country. As The Gateway Pundit [reported](#), several conservative figures including Nick Sorter, Gunther Eagleman, and Shawn [Farash](#) have been swatted over the last couple of days.

“Catturd and Gunther’s brother Mike were also swatted this morning. This is the fourth time Catturd has been a victim of this left-wing terrorism. This comes after Infowars journalist Jamie White was brutally murdered in Austin earlier this week while another journalist from the organization got swatted [twice](#).” You can read Patel’s warning at the link.

Twice after my husband passed away in Feb. 2016, I received death threats which I passed on to the FBI in San Antonio, TX. I get them here and there but those two were serious. One was a video on You Tube with some male holding an AK-47 and announced it's time for Devvy Kidd to die. He didn't like my honest reporting about Muslims and the fact that Islam is a political party masquerading as a religion and *the danger of allowing them into this country.*

The second was a Google map of my backyard (I sold that house in 2018) showing my three dogs. Another Google image in the same email: One of my Jeep Cherokees was in the driveway; John had one and so did I. The text said the next time you turn on your Jeep Cherokee will be your last day on this earth. I never give out my home address and in fact, our City Council has excused me from announcing it whenever I get my five minutes to speak for my safety.

Of course, the FBI – even though it was my case – would not give me any information. The video disappeared within a few days; I don't know if they bothered to try and track down the gutless coward who made the other threat.

I'm not alone. If you're not part of the liars, thieves and insane infesting Congress, state houses and even local "politics" promoting the insanity we've been living with for the past 20 years or so, you might be a target.

If you're a whistleblower exposing the diabolical plans to destroy this country, you might end up dead just like Seth Rich in Washington, DC. Coppers have remained steadfast it was just a robbery gone bad and I'm the Queen of England.

[REPORT: Seth Rich Attended Party with Numerous DC IT Workers the Night He Was Murdered](#), July 28, 2017. God rest his soul and I'm so sorry for his parents and now Jamie White. Someone or someone's knows about both of those murders. Bank money on it. Man up and contact U.S. Congressman James Comer or

Congressman Andy Biggs. Two honorable men.

That old hag, U.S. Rep. Maxine Waters, is a hateful witch. Bear with me on this: *Dark Alliance: The CIA, the Contras, and the Crack Cocaine Explosion* by Gary Webb. Amazon: "In August 1996, Pulitzer Prize-winning journalist Gary Webb stunned the world with a series of articles in the San Jose Mercury News reporting the results of his year-long investigation into the roots of the crack cocaine epidemic in America, specifically in Los Angeles. The series, titled "Dark Alliance," revealed that for the better part of a decade, a Bay Area drug ring sold tons of cocaine to Los Angeles street gangs and funneled millions in drug profits to the CIA-backed Nicaraguan Contras.

"Gary Webb pushed his investigation even further in his book, *Dark Alliance: The CIA, The Contras, and the Crack Cocaine Explosion*. Drawing from then newly declassified documents, undercover DEA audio and videotapes that had never been publicly released, federal court testimony, and interviews, Webb demonstrates how our government knowingly allowed massive amounts of drugs and money to change hands at the expense of our communities.

"Webb's original article spurred an immediate outcry. Within days of publication, both of California's senators made formal requests for investigations of the U.S. government's relationship with the cocaine ring. As a result, public demonstrations erupted in L.A., Washington D.C., and New York. Then-chief of the CIA, John Deutch, made an unprecedented attempt at crisis control by going to South Central L.A. to hold a public forum. **Representative Maxine Waters later said in George magazine, "I was shocked by the level of corruption and deceit and the way the intelligence agencies have knowledge of big-time drug dealing."**

"The allegations in Webb's story blazed over the Internet and the Mercury News' website on the series was deluged with

hits—over a million in one day. A Columbia Journalism Review cover story called it “the most talked-about piece of journalism in 1996 and arguably the most famous—some would say infamous—set of articles of the decade.”

Mad Max had her panties in a twist over Webb’s investigative work. She was outraged!!! but then sold out her constituents and went back to business as usual except Gary Webb then allegedly committed suicide. I was shocked at the time. One other book well worth the time to read (maybe your library carries it):

The Big White Lie: The CIA and The Cocaine/Crack Epidemic by Michael Levine, a 25-year veteran of the DEA – Amazon: “Drugs are unarguably a scourge on U.S. Society, with incalculable direct and indirect costs in drug-related crime, deaths, and injury. Levine hopes that his book will open readers’ eyes to the U.S. governments’ questionable actions in its unsuccessful “war on drugs” and the fact that, while the U.S. government taxes Americans billions of dollars for stopping drugs, it is, at the same time, flooding its own shores with them.”

[Top Democrat Attack Dog Maxine Waters Lashes Out at Trump, Doubles Down on Violent Rhetoric \(VIDEO\)](#), March 13, 2025 – “The Democrats’ top attack dog Maxine Waters, 86, said President Trump is working toward a civil war. “I believe [Trump] expects violence. I believe he expects confrontation. I believe he’s working toward a civil war!” Rep. Maxine Waters shouted.”

[Go listen to this](#) – the hatred and in-your-face threats to a GOP U.S. Senator: “Holy Shlit. Senator Thom Tillis (R) released disturbing voice messages left by unhinged lunatics

making death threats toward him. So much for “love and tolerance”. More useful idiots who should be taken seriously because they’re too stupid to understand they’re just being used as pawns in a deadly game.

The bottom line is the evil forces, domestic terrorists behind the curtain *are itching for conservatives and constitutionalists to do what they are doing*. Another set-up like Jan. 6th. And, I believe they’re recruiting the brainwashed, ignorant and useful fools to carry out their plans. Jeri Lynn Ball was 100% on point when she wrote her Masters of Seduction book 25 years ago on using Soviet-style propaganda to create “the new man” (or woman”).

Lunatics and maniacs – besides the leeches that have crossed the border the past four years right along with deadly gang members, terrorists, murderers and rapists – are out of control in this country. They are in elected and appointed offices and boards. We must continue to resist and say no, we’re not going to take it anymore.

Not violently but through activism which I cover all the time in my columns along with groups and organizations **that have been highly successful**. Yes, it requires sacrificing your time and becoming part of the rebuilding of our nation under the U.S. Constitution and our state reps and senators under state constitutions.

I pray Kash Patel goes after all of them and that includes mayors, sheriffs who refuse to cooperate with ICE, governors and members of state legislatures or Congress who promote violence and refuse to uphold their oath of office. Arrest them, throw their asses in jail and charge those who are causing violence. No exceptions because as the cockroaches in the Democrat/Communist Party USA in Congress love to chant: No one is above the law.

And God bless Tom Homan for his amazing work in stopping the

flooding of our border by human garbage from dozens and dozens of countries. I know our Border Patrol agents who believe in upholding the law appreciate his support, leadership and courage. Homan doesn't back down to the scum in the MSM or DemonRat members of Congress.

[A Congresswoman with Dementia Stopped Coming to Work. A reporter was sent to the facility. “We fully expected them to just basically escort him out,” Putnam said. “But no, they sent a representative out and they acknowledged it...”

“When the publication was unable to reach the Fort Worth Republican for a story, Putnam said, “I checked roll call, and I saw that she hadn’t cast a vote since early July.”

“What followed, according to Putnam, was basic journalistic shoe-leather. He dispatched a reporter to Granger’s district office and found the place all but abandoned – something confirmed by a call to the property manager. “I started making some calls personally to some of the folks that I know in the area,” he said. “And sure enough, we were tipped off about where she was.”

My late mother had dementia. This should not be allowed to happen. Granger served in Congress [R-TX] for a quarter century but was in an assisted living facility since July 2024 and no one in her party, her office in DC or the Speaker of the House bothered to let her constituents know?
