

Democrat Party Equals Totalitarian Dictatorship, Part 1

Abraham Lincoln stated that the government of the United States is controlled by We the People. Ronald Reagan stated that government is the car and We the People are the drivers and We decide where the car goes and how fast and what route. Democrats hate our Constitution because it does not allow them to do what they want to do. Most of the time they simply ignore our rights and hope the courts do not throw the law out. It has come to light recently that the corrupt FBI has been trying to use medical centers to strip Americans of their 2nd Amendment rights. *The Washington Examiner [reported](#) new information Tuesday from a Gun Owners of America (GOA) Freedom of Information Act (FOIA) request showing the FBI “coordinated secretly with hospitals and medical centers to strip U.S. citizens of their rights to own, buy, or even use firearms.”*

This news comes just months after a GOA FOIA revealed information about a form used by the FBI in an effort to secure forfeiture of Second Amendment rights.

On September 7, 2022, Breitbart News [noted](#) Ammoland.com [warned](#) of the FBI effort in 2019, after GOA discovered the “NICS Indices Self-Submission Form” in December 2019. The form gave Americans the opportunity to “voluntarily” give up their Second Amendment rights, allowing

no means by which the forfeited rights could be resecured.

GOA responded to Ammoland's warning by filing the FOIA and the Daily Caller subsequently [observed](#) that the FOIA request showed the FBI actually took the form to the homes of some Americans, presenting those Americans with the option of giving up their Second Amendment rights:

The forms were presented by the FBI to people at their homes and in other undisclosed locations, according to bureau documents unearthed through the Freedom of Information Act by the firearm rights group GOA...At least 15 people between 2016 and 2019 signed the secret forms, which ask signatories to declare themselves as either a "danger" to themselves or others or lacking "mental capacity adequately to contract or manage" their lives.[1]

It has become quite apparent over the last half century that the Democrats want the American populace unarmed. I began to notice their drive to do this right after the JFK assassination in 1963. I was only thirteen but thought their approach was to deny the 2nd Amendment rights to the entire nation. I thought that was completely unconstitutional even though I lived in a home that believed all guns, handguns, hunting guns, and simply all guns should only be in the hands of law enforcement. I was a student of history even back then and knew that didn't work out well for the Jews in Germany or the citizens of Cuba and anywhere else the government decided that the citizens should not own guns.

Just a couple of days ago FOX news aired some of the 41,000 hours of video from January 6th and for the first time in over two years we are able to see what really happened that day and it turns out that Democrats, Nancy Pelosi in particular, set up the Trump supporters to make it look like there was an 'insurrection'. In reality, there was but it was perpetrated by the Democrats, not the Trump supporters. Tucker Carlson

aired some of the damning videos proving the accusations made by Pelosi were 100% wrong and that she framed the people that are in jail and have been for over two years. RINOs like McConnell, Romney, Thune, Ernst, Tillis, and others decried the showing of the tapes. ***Senate Minority Leader Mitch McConnell (R-KY), among other RINOs, lashed out at Fox News anchor Tucker Carlson for accurately describing the mostly peaceful protest at the U.S. Capitol on January 6, 2021, as "mostly peaceful."***

Here [we go](#):

Minority Leader Mitch McConnell and other Senate Republicans lashed out at conservative Fox News host Tucker Carlson on Tuesday after he characterized the deadly Jan. 6 attack on the Capitol as "mostly peaceful chaos."

A handful of other Senate Republicans on Tuesday pushed back against Carlson's claim that Jan. 6 was "peaceful chaos," with Sen. Thom Tillis of North Carolina blasting the remarks as "bulls**t."

"I think it's bulls**t," Tillis told reporters in the Capitol.[2]

I mean really, how dare anyone expose the truth in Washington, D.C.! These are actions of a banana republic or a dictatorship. The worst part is the MSM is in lockstep with the Democrats. Perpetuating the lies the Democrat hierarchy wants to be told. As we can see by the response to these tapes exploding the lies of the January 6th Commission both parties are involved in what I believe to be the real insurrection on that day. Lincoln warned us in 1838: ***"At what point then is the approach of danger to be expected? I answer. If it ever reach us it must spring up amongst us; it cannot come from abroad. If destruction be our lot we must ourselves be its author and finisher. As a nation of freemen we must live through all time or die by suicide."***[3]

Democrats have no regard for our laws and too many Republicans don't care. Look at Hillary Clinton. She was subpoenaed for 33,000 emails and then deleted them, smashed her phones, 'bleach bit' her hard drives, and used an unsecured server for her emails as Secretary of State and is still breathing free air. Nobody has knocked her door down at 5:30 in the morning and confiscated all her electronic devices, and paid for the Russian dossier which is aiding the foreign influence of an election. This is just scraping the surface of her illegal and unconstitutional actions but Trump is the one Congress goes after, again. Nancy Pelosi has been involved in insider trading for decades but that has been completely ignored, unlike Martha Stuart's so-called insider trading which got her a five-month sentence behind bars. Pelosi, however, had a net worth in 2008 of approximately \$30 million, By 2021 she was worth \$171 million. You do not do that on \$224,000 a year.

Dictatorships do things like this. They don't believe that individuals should have any rights. They shouldn't be able to tell the 'elites' what to do. Our constitution gives us that right and unless we demand that government adheres to the Constitution they will do whatever they can get away with. This administration is getting away with way too much. If we don't stand up we will give our kids a nation where they can not stand up. I won't sit back and let that happen.
