No one told them that dollars and cents were the real reason. No one mentioned to them, as they marched away, that their going and their dying would mean huge war profits. No one told these American soldiers that they might be shot down by bullets made by their own brothers here. No one told them that the ships on which they were going to cross might be torpedoed by submarines built with United State patents. They were just told it was to be a "glorious adventure". -Smedley Butler

Friends, first off, I want you to consider that we have been warned time and time again concerning the military-industrial complex (Psalm 94:20).

Secondly, I want you to consider that we have been told the truth of the matter when it comes to war by the generals themselves, and what they are all about (Luke 12:2; Hebrews 4:13).

How many times do the people in this country need to be lied to by the same sorts of corrupt politicians who are profiting from the wars that they create (John 8:44)?

We also know what these criminals who are creating the wars think of our military men, such as [war criminal Henry Kissinger, when he said, "Military men are dumb, stupid animals to be used as pawns for foreign policy."](#)

This may help you understand the very reason that the United States has been at war 93% of its existence. This, is in the hopes of policing and dominating the world at the expense of the blood of America's children (Amos 4:10).

Yet, these are the same sorts of warmongers that want to send your children to war? Consider your history, Americans, and learn from it for your, your family's, and your neighbors' sakes (Jeremiah 6:16).

One thing Americans should ask themselves is from where are these warmongers extracting their authority, if not from the people whom they are to serve (Psalm 94:20)?

Conclusion: If the politicians want a war, then send them. This will ensure the end of what they mean to advocate for at your expense.
