

# Deport Illegals or Social Security and Welfare will be Bankrupt

There is no doubt that ignorant and apathetic Democrats voted for the traitors and criminals currently in public office. These voters are really stupid Communists, and don't know it. Who else would vote for their own destruction? The illegal invaders are especially harmful to minorities, who traditionally and inexplicably vote Democratic.

Democrats were the leading traitors in Congress, supporting illegals with little opposition from Republicans except for those who are MAGA People. Every person in Congress except for MAGA people should be "primaried" and also charged with Treason as specified in the Constitution, if found guilty of this specific offense. The illegal invasion is the greatest crime ever committed against the American people, and unless reversed will destroy the country and the people in it (Example is Europe!).

The Communist Biden Administration was nothing but a huge wrecking ball; every initiative was designed to destroy the country and enslave the people under Communism. It is a miracle that Trump is well on the way to reversing all of the other negative efforts to destroy America. God bless Trump and the Republic.

The corrupt Communists and their complicit judges are doing everything to stop Trump from deporting the illegal invaders. But the Constitution tells us in simple English how to overcome all judicial double talk and Treason. We don't need any damn lawyer or judge to tell us; we can read one sentence.

Article I, Section 9, Clause 2: "The Privilege of the Writ of Habeas Corpus shall not be suspended, unless in Cases of Rebellion or Invasion the public Safety may require it."

The Constitution gives the solution in one sentence. If the writ of Habeas Corpus is suspended for illegals, there is no legal way to stop deportation. The crooked judges and their wealthy Communist benefactors can go straight to hell.

Now let me give you the simple proof that if illegal Invaders remain, your Social Security, Medicare, Medicaid, Food Stamps, Housing Assistance, Welfare and all Benefits will cease.

Remember government income is 5 trillion but they spend 7 trillion and owe 36 trillion. Interest on debt is 20% of income and the Military is another 20%. Government is on shaky ground with many unfunded liabilities and a depreciating dollar. Now let's look at specifics.

There are 71.6 million people on Social Security, add 21 million illegals or 29%, and the result is obvious.

There are 81 million on Medicaid, add 21 million illegals and the program is broken. Communist California alone spent 12 Billion on health care for Illegals. The result is that they are broke, and citizens had to wait in line for 6 hours to get emergency care.

We have 41 million people on food stamps, then add 21 million illegals and nobody gets anything.

Remember Communism only works until it runs out of other people's money. Now it just happens that I and a lot of

workers resent paying taxes to support communists in the cities and blue states. Things are so tight that we might raise hell over just paying for existing social programs, much less for illegals.

But there is one more little bitty factoid: most of the money in these programs is federal money and some day it will be cut off because it is unconstitutional!

Congress, except for MAGA people, is the most corrupt and traitorous group in the world. In the last 80 years Congress has, without a Declaration of War, killed 105,000 of our military, millions of innocent civilians and destroyed entire countries. Congress is drenched in the blood of innocents for no reason except for money.

We have another major perceived problem; and it is the mostly Black Communists in the inner Cities who have been taught that they are deserving of special treatment at the expense of others, resulting in discrimination of other races.

The Blacks were first enslaved by Democrats in the Southern states and they have continued that bondage by various devices to this day. I am referring to poor education and propaganda leading the Blacks to think that Democrats support them when the opposite is true. The millions of illegal invaders will have a disproportionate negative effect on blacks.

Many people have the impression that the Communist anti-family dictate is in full bloom in the inner cities, that young males don't work or marry, they just fornicate and steal. Half of their babies are aborted and the rest are supported by the Communist government. I am not saying this is true, only that many people believe it is true.

Prior to the Civil Rights Act of 1964 Blacks were religious and had stronger families than others; they were extreme anti-Communists. The following programs gave them a sense of entitlement justifying discrimination against other races.

1. Civil Rights Act of 1964.
2. Affirmative Action.
3. Diversity, Equity, Inclusion (DEI).
4. Reparations for people who have never been slaves to be paid by people who never owned slaves.

DEI was a continuation of Affirmative Action. Recently , the Secret Service, Air Traffic Controllers, Pilots and many other occupations were crippled or made dangerous because they could only hire women and minorities.

The illegal invaders and functionally illiterate Communists in our inner cities are the result of Communist (Democrat) politicians, media and educational institutions. I believe that many Blacks are learning that Communists were never their benefactors. Inadequate education and bringing in illegals to reduce wages and take their jobs should be enough proof.

Illegal Invaders must be deported as quickly as possible. We can't support them or suffer the economic and social costs if they remain.

As is my wont, I have covered a very important and complex subject in almost an outline format to increase understanding. If you agree with what I have written it is your duty to forward this to your politicians.

May God Bless You and The Republic
