

Dissecting America: Our suicide by endless immigration

“Immigration is a form of war in which the violence is delayed.” ~ Martin Van Creveld

But it's coming as surely as the dawn!

Today in America, in excess of 1.2 million legal immigrants land on our shores annually. Another 400,000 to 700,000 depending on estimates by the U.S. Border Patrol violate our borders annually.

Within 30 years, their numbers will exceed 100,000,000 (million) added people to the USA to top 438 million people from our current overload of 322 million. Yet, the Main Stream Media utilizes trickery, obfuscation and outright ignoring of the most profound consequences facing the United States of America.

“Mass migration from the developing world (euphemism for the third world that isn't developing at all) to Europe cannot be stopped, it argues, so it should be taken out of the hands of the illegal people-trafficking industry, legalized and facilitated, in order to “harness the positive effects of people movement.” Quote from German papers

The report seeks to “replace the illusion of control with the concept of flow management.” In reality, Europe faces Africa's desperate hordes that multiple beyond feeding, water or sustaining.

Nothing can cover up the rapes, cultural conflict, violence, shoplifting, and bombings like Brussels, Paris and Charlie Hebdo. Nothing can stop the loss of the rule of law or loss of

civil society by Muslim immigrants that only understand their kind of society: total mayhem through violence.

A failure of vision

One paper said, "The desire to regularize, and thus sanction, irregular immigration is founded on four assumptions. First, that mass immigration is a normal part of human life; second, that it cannot be controlled; third, that almost all immigration is beneficial to the host society; and fourth, that immigration is a right not a privilege and that the host society has no right to choose who can live amongst it."

Do the leaders of Europe possess the right to commit their countries to sociological, linguistic and religious suicide? Good grief: Germany, the size of New Mexico, houses 82 million people. Does anyone think they can keep adding millions from Africa? Can they survive it? Answer: not a chance as a snowball in hell.

Those leaders fail to understand the bottom line: it's not working. We face the same stupidities in America. One particular immigrant groups stands behind and advocates Islamic Sharia Law as the final answer to our country's future. Muslims think like this:

"Islam isn't in America to be equal to any faith, but to become dominant. The Qur'an should be the highest authority in America, and Islam the only accepted religion on Earth." Omar Ahmed, director of Council on American Islamic Relations.

The active promotion of mass immigration solves nothing. On the contrary, by fuelling the brain drain from the third world to the developed world, it increases the former's dependency on the latter. It intensifies a world of flux, divided families, splintered communities, cultural alienation and ethnic resentments.

In America, we haven't seen anything yet! Ferguson, Missouri

or San Bernardino, California or the Boston Marathon—merely harbingers of bigger and greater terror events. Hillary wants another 75,000 Syrian terrorists injected into communities across our country. Muslim Obama loves ‘seeding’ our country with his Islamic terror groups under the guise of ‘refugees’.

The illusions of immigration

At no time in the history of the world has immigration been allowed on the scale seen today. It can only end poorly and harshly for receiver nations and immigrants combined.

Thomas Chittum wrote a book: Civil War II—The Coming Breakup of America. He describes exactly what’s happening to Europe and the United States. The book sickened me because I see it manifesting and growing in the USA by each new violent event.

We’re taking in over 1.5 million legal and illegal immigrants annually. But Hillary wants to bring in more. My own intellectually challenged U.S. Senator Michael Bennet attempted to give mass amnesty and jumped legal immigration to 2,000,000 (million) annually in his insane bill S.B. 744 in 2013.

Immigration, especially of an ‘invasive’ sort, found resistance by wars as people sacrificed their lives to defend their way of life. Arabs conquered their way across North Africa; Moghuls invaded India; Romans, Vikings and Normans invaded Britain, killing or driving away those who stood in the way of their migration.

People from China and Korea moved to Japan, taking land from the indigenous Ainu.

Over a 200-year period, 55 million Europeans migrated to North America and Australia to commit genocide against the Native Americans and aborigines of Australia.

But even unaided by war and genocide, what is currently

happening stands as abnormal. A hundred years ago, most people in the west rarely moved even to the next village; now whole villages from Bangladesh relocate to northern England. Over 100,000 Somalian bush people relocated to Minneapolis, Minnesota. It's now called "Somaliland."

And Americans don't visit for fear of the lives! Minneapolis, New York, Miami, Los Angeles and Detroit devolved into foreign countries within the USA.

As I write this, and as I have written for 30 years, we remain on course to add 100 million more immigrants within 30 years. Do you think your kids will survive the sociological chaos, linguistic mayhem or the cultural-religious conflict headed toward America?

Then, take action to stop it!

If you don't want a Paris, France or San Bernardino event in your community, it's time to call for a total "Immigration Shutdown Now."

Call your senators and House rep: 1 202 224 3121. Demand a stop to all immigration and stop to any Syrian immigration.

Definition of slogan: "Immigration Shutdown Now means the American people want a total shutdown on all legal and illegal immigration. That means we want all illegal immigration stopped by arresting, prosecuting and jailing employers of illegal aliens. We deport all illegal aliens by taking their jobs away and as we catch them. We want English mandated as our national language. We demand a cessation of Muslim immigration in order to protect our culture, language and way of life. We can't save the world but we can destroy our civilization. We demand a stable population that allows everyone to live, work and thrive into the 21st century. Especially our children." FHW

That's why you need to take action. Send this series to

everyone in your network. Educate them. Urge them to take action by joining these websites to become faxers of prewritten letters and phone callers. We must force Congress into an "Immigration Shutdown Now!
