

# Do Democrat Loyalists Really Know Their Party?

Lloyd Marcus

Do you find yourself scratching your head wondering why your intelligent, moral, and Christian relatives and friends continue to support the Democratic party despite its amoral, anti-Christian and anti-American agenda? A part of the problem is for decades Republicans and Conservatives have brought an olive branch to a gun fight, allowing progressives free reign to demonize Republicans and Conservatives in the minds of many Americans. Trump is a rare Republican who understands the viciousness of our enemies-within and is fighting back appropriately.

No matter how hard I try to educate relatives and friends about the benefits of conservatism and voting Republican, some persist in viewing me as an Uncle Tom black man betraying his people. Stenciled on their brains is the lie that Conservatives and Republicans are selfish, rich and racist white men who abuse and exploit everyone. Thank God [for the #WalkAway Campaign](#) and [Blexit movement](#) which are youths, white and black, who have finally seen the light and are exiting the Democratic party with its decades of lies and broken promises.

Still, there are Democrat walking brain-dead zombies who reject the truth that their party has been hijacked by hate-filled anti-Christian and anti-American progressives. The

Bible speaks of unfortunate souls who prefer to embrace a lie rather than the truth. We must pray for them.

However, there are Democrat loyalists who simply do not realize what their “working man’s” party has become. For example: A lifelong Democrat senior relative is excited about voting for Joe Biden for president.

This relative has no idea that Biden and his fellow Democrat presidential contenders demonically [seek to legalize murdering babies](#) after the child is born. In their perverted definition of women rights, [Democrats say a woman has the right to murder her healthy born baby](#). I pray for the right time to tell my senior relative the truth about Biden and her beloved Democratic party.

Progressives are extremely good at keeping their extreme assaults on our culture off evening news broadcasts and front page of the New York Times. Consequently, few Democrat voters know their party supports [LGBTQ ideology being taught in schools beginning in pre-k](#). The LGBTQ curriculum in public schools mandates that students read, “I Am Jazz” about a boy whose insane parents [began his sex change at 3 years old](#). The Pope and pediatricians say [teaching transgender ideology is child abuse](#). Hellbent on making the perverted sexual behavior of less than 3% of the population mainstream, Democrats seek to make it illegal to counsel anyone [troubled by their same sex attraction](#).

I doubt that average Joe, Democrat voter, knows his presidential candidates welcome the invasion of illegals while promising them free healthcare, along with numerous other benefits unavailable to Joe and [his fellow American citizens](#). Do loyal Democrat voters know Democrat sanctuary cities [protect illegals who rape and murder Americans](#)?

San Francisco is a Democrat controlled sanctuary city. A Democrat relative’s eyes almost popped out of her head as I

told her about the poop maps distributed in San Francisco to help tourists avoid the piles of human excrement left by vagrants defecating on the streets. <http://bit.ly/2m0Qjpy> She knew nothing about the swiftly expanding massive tent cities, rat infestation and resurgence of old diseases due to filth. She had no idea that rather than reversing their policies which are destroying the once beautiful city by the bay, Democrats are tripling down on their insane policies.

As I stated, progressives are masters at hiding their war on all thing wholesome and good. I chatted with a Christian pastor at his church's picnic. He never heard of the Equality Act which Democrats have already successfully passed in the house.

The pastor said in response to SCOTUS redefining marriage, his church wrote in their by-laws that they will not perform homosexual weddings nor rent their facilities for homosexual weddings. I explained to the pastor that the deceptively titled, Equality Act, will force his church to abandon their biblical convictions; making it illegal not to [surrender to every demand of LBGTQ](#) anti-Christian terrorists. A member said about 40% of that church's congregation is Democrat. I doubt those Democrats are aware of their party's war on their religious liberty.

How many blue collar Democrat voters know their party's [Green New Deal will kill jobs](#) and destroy Trump's booming economy? Within the next 12 years, their insane Green New Deal includes eliminating 99% of cars; [eliminating air travel; banning affordable energy; banning meat](#); gutting and rebuilding every building in America and numerous other outrageous environmental wacko demands.

A gentleman probably in his 90s was in front of me in the checkout line at the dollar store. The pleasant gentleman struck up a conversation with me about the weather. He said

the unusual humidity is the result of us not taking care of the environment. He said the Arctic icebergs are melting.

I thought, "Why bother trying to educate him. He is probably an old guy, stuck in his ways." And yet, I felt guilty for not sharing the truth with the misinformed senior.

As we exited the store, I succinctly said, "Sir, we cannot control the weather. Everything you are hearing in the news about us destroying the environment is a political attempt for government to take more control of our lives." To my surprise, he replied, "I think you're right."

This is what we all must do folks. We must begin speaking up rather than assuming we have lost the battle for the hearts and minds of our fellow Americans. My wife said because she does not possess expert knowledge of every issue, she is reluctant to speak-out when someone parrots Democrat and fake news media lies. I encouraged her to confidently share what she does know about an issue. Remember, God uses ordinary people. Your little becomes much when you place it in the Master's Hand. Spread truth and trust God to reap positive results.
