Have you heard to the new scheme by the corporate elite to own and control us?

The SEC is going to end the public comment period on January 2, 2024 to allow Natural Asset Companies (NACs) to be on the stock exchange. Read this very important article and [join us on Wed. Dec 20](#) at 1-347-857-4364.

12 Years ago, we started a group called the Agenders – dedicated to educating and ending UN Agenda 21. Their goal has never changed following Marx and Islam they believe PRIVATE PROPERTY OWNERSHIP MUST END. Over the years the same Agenda has been presented under new names. The Agenda is a total lie. The goal is to depopulate the planet and own and control all private property as well as all means of production and distribution of all human activity. Read their own words:

Maurice Strong former UN Secretary General –Oil Billionaire –stated: *“Land, because of its unique nature and the crucial role it plays in human settlements, cannot be treated as an ordinary asset, controlled by individuals and subject to the pressures and inefficiencies of the market. Private land ownership is also a principal instrument of accumulation and concentration of wealth and therefore contributes to social injustice; if unchecked, it may become a major obstacle in the*

planning and implementation of development schemes. Social justice, urban renewal and development, the provision of decent dwellings and healthy conditions for the people can only be achieved if land is used in the interests of society as a whole."

David Rockefeller, formed Trilateral Commission with one goal

- [The Rockefellers' goal was a transformation of the world's economy, culture and governments into a new world order](#) – with the Rockefellers' and their select cronies at the helm
- Much of the new world order's plans are based on crisis management, and the idea that a great crisis will occur that will lead to the great transition, where globalists will swoop in to save the day, transforming society into the promised paradise – which actually takes away sovereignty and private property.

This unfinished Rockefeller agenda became Agenda 21/2030 calling for A New World Order. First aim was depopulation using Climate Change.

[David Rockefeller's Dream: Global Governance through Climate Change](#)

This article is a great explanation of the Agenda and the treachery and deceit these people have for the population. It is a must read. " Agenda 21 Chapter 5 almost lets the cat out of the bag, blaming the growth of world population for "placing increasingly severe stress on our planet." Chapter 7 calls for an end to private property, claiming that "social justice ... can only be achieved if land is used in the interests of society-as-a-whole."

Maurice Strong who worked with Rockefeller mentored Klaus Schwab, Chairman of the World Economic Forum of "you will own nothing and be happy" fame. Schwab was a student of Globalists, David Rockefeller, and Henry Kissinger. To speed

up depopulation, Kissinger wrote the secret 1974, U.S. National Security Study Memorandum 200, which called for abortion on demand, widespread birth control, and sterilization to stem global fertility rates and "overpopulation."

They must cripple the west and any freedom the people have. They can not have America as an example for other countries to want. They must get all government agencies using the same lies. Computer models not facts are use to prove their lies. Globalists are always on the attack. They never stop. The attack now is the American economy. America must be forced into debt, fossil fuel America's power must be demonized and shut down. Unreliable electricity that can be controlled by your smart meter is their answer. Corporations now run by nonsense regulations and incompetent Affirmative Action graduates focus on DIE and ESG not on making a quality product. Stakeholder capitalism forces the corporation to consider "public welfare before individual gain."

Sustainability programs for "climate change" will do nothing except shift wealth to the wealthy putting others out of business as they can not comply. Schwab signed an agreement with the UN in 2019 to expedite the Agenda.

The middle class will be decimated. They will be unable to meet the expensive demands. They will be watched, surveilled, monitored constantly. Wrong words, actions of them and their families will cause fines and lack of mobility or services. We will be issued social credits in order to make any purchase. We will not be able to leave our 15 minute city without permission. This is not a joke. globalists are serious. Once CBDC and disarmament are in place say goodbye to freedom and liberty.

The true goals of Agenda 21/2030, in 1991, Maurice Strong wrote in a [report](#) for the UN's Conference on Environment and Development: "Current lifestyles and consumption patterns of the affluent middle class – high meat intake, use of fossil

fuels, home and workplace air-conditioning and suburban housing – *are not sustainable.*” He forgot to say, for you that is, I will still enjoy what I choose. Notice he said MiddleClass not UpperClass. Remember Obama told an African Town Hall that they can’t have Air Conditioning, car or big house, he meant it.

Their newest scheme to destroy America and put Americans in bondage is called Natural Asset Company (NAC). The Wall Street elite solicited the unelected SEC to form a new corporation that can solicit invertors (worldwide) to buy American land and natural resources. The goal is to leave the land undeveloped so that they can offset carbon credits and save the planet. BS. Remember, they will have, you won’t.

Karen Bracken’s Truth Bomb has a great description

THE THREAT OF ESG (Envrionment-Social-Governance) – this is VERY important information. ESG is bad enough but have you heard of Natural Asset Companies. NACs are a new form of ESGs which to me were just a new form of the old B Corporations? NACs will hold the rights to “ecosystem services,” or the benefits people receive from nature, such as food, pollination, tourism, or clean water; such global benefits are valued at an estimated \$125 trillion annually. They all use the climate change hoax but the real reason for these schemes is to make money and steal our freedom and liberty. As soon as people catch on to their devious unconstitutional schemes they change the name. With some states backing away from ESGs in rolls NACs (which have been around for a couple of years now). They are all wrapped together for total fascism in America. Learn about ESG, NAC and Benefit Corporations (B Corp) – It is now very obvious why Gates is buying up farm land...MONEY. The SEC is going to close he comment period on January 2, 2024 to allow NACs to be on the stock exchange. PLEASE call your US Rep and US Senators and demand they vote NO on allowing NACs to trade on the stock exchange. PLEASE call your US Rep and US

Senators and demand they vote NO on allowing NACs to trade on the stock exchange. I created a power point about 10 years ago on Benefit Corporations. But all 3 are doing the same thing but just in different arenas. At the end of the day they will own and control everything. 42 min. VIDEO
